## TOWNSEND UNIT PICKS JOHNSTON TO ENTER RACE

Twin Falls Mayor Named to  
Run for Congress; White,  
Defenbach Endorsed

### GIVEN PENSION BACKING

State's Clubs Will Formally  
Enter Trio in Election If  
They Miss Nomination

BOISE, June 25 (UP)—Idaho  
Townsend board members—who  
intend to run candidates as a  
third party in the August 21 pri-  
mary.

The names of three men who will  
carry their banner into the con-  
gressional and senatorial fight.  
Byron Defenbach, former Rep-  
ublican state treasurer, will be  
candidate for the United States  
senate seat now held by veteran  
William E. Borah.

Congressman Compton I. White,  
of Clarkfork, was endorsed for  
renomination in the first congres-  
sional district. White is a Demo-  
crat.

Johnston Chosen  
Duncan McEl, Johnston, mayor of  
Twin Falls and a Democrat, will  
be the Townsend's candidate for  
congress from the second congres-  
sional district.

E. C. Davis, state leader of  
Townsend clubs, said the three  
men would run on their regular  
party tickets in the August 21 pri-  
mary. If they do not win their  
nominations, they will run on the  
third party or Townsend ticket in  
the final election.

Complying with state election  
laws, Townsends will meet in  
Boise on the night of the primary  
and swear out certificates of nom-  
ination, entering their party in the  
final election, Davis said.

## JAPANESE GIRL SOUGHT IN PLOT

Beautiful Mystery Woman Is  
Hunted After Indictment  
Of Two Men

LOS ANGELES, June 25 (UP)—  
A beautiful young Japanese girl  
was sought today by federal agents  
in connection with the indictment  
of two men on charges of selling  
naval secrets to foreign countries.

Search for the Japanese girl be-  
gan after a federal grand jury here  
reviewed spy charges against  
Henry Thomas Thompson, 28, for-  
mer navy aviator, and Toshio Mi-  
yazaki, a Japanese.

According to information re-  
leased by federal agents, the un-  
known Japanese girl was a com-  
panion of Thompson and had de-  
tailed knowledge on operations of  
an espionage ring.

Hailed in 1935  
The ring did not function after  
March 15, 1935, the day Thompson  
was arrested for illegally wearing  
a navy aviator's uniform. Thomp-  
son was indicted on espionage charges.

The alleged ring was reported  
to have been active in the Pacific  
waters in 1934. It apparently  
sought not only information on the  
navy but also on aircraft and  
gunnery secrets.

Reports from federal sources in  
Hawaii indicated the ring was  
paid salaries and given extra  
bonuses for choice bits of infor-  
mation.

Thompson has been held in jail  
since his conviction for the illegal  
wearing of a navy uniform.

## BORAH APPROVES

Defends New Dealers' Right to  
Outright Court

WASHINGTON, June 25 (UP)—  
Sen. William M. Borah became  
more of a political enigma today  
than ever when he vigorously de-  
fended the right of New Dealers to  
outright the supreme court and at  
the same time urged Republicans  
they may lose as many votes to  
the new United party as the Demo-  
crats.

"I think there has never been  
a time in the history of our coun-  
try when the court has been re-  
spected more," he said. "No in-  
dication of our country shall be above  
reputation and respect."

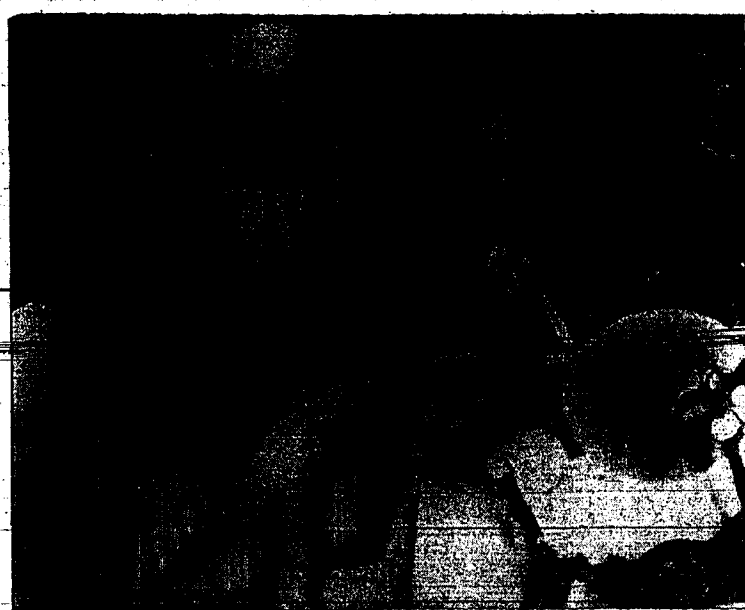

## Norris Will Take Stump For F. D. R.

WASHINGTON, June 25 (UP)—  
Sen. George Norris, Rep., Neb.,  
backed the Republican presidential  
candidate today, and urged the  
party to support the ticket.

Norris said the Republican ticket  
was the only one that would  
bring about a change in the  
administration.

## Democratic Leaders Blast at G. O. P. Attacks

Aiming Democratic guns at Republican criticism of the New Deal, National Chairman James A. Farley (left) and Senator Joe Robinson, Arkansas, who was elected permanent chairman of the national convention today, both fired vigorous blasts at the G. O. P. This Acme telephone photo shows the pair on the convention platform trying to gavel the delegates into order after wild cheers and singing of "Happy Days Are Here Again" interrupted proceedings.

## PLATFORM BUILDERS FINISH DRAFT MINUS PROPOSALS FOR AMENDMENT

### Bourbons Refrain From Move To Limit Courts

(Copyright, 1936, United Press)  
CONVENTION HALL, PHILADELPHIA, June 25 (UP)—The  
Democratic national convention moved swiftly today toward re-  
nomination of President Roosevelt and adoption of a platform per-  
mitting him to establish campaign policy regarding the supreme court.  
Mr. Roosevelt was understood to be trying to avoid a frontal  
attack on the judiciary. Keynote speaker have outlined the New  
Deal defense against the charge of unconstitutional methods.

Keynote Speaker Alben K. Barkley and Sen. Joseph T. Robinson,  
who was named permanent chair-  
man today, remained in their ad-  
dress within the limits of Mr.  
Roosevelt's "horse and buggy" dis-  
cussion of constitutional change  
after the national industrial re-  
covery act was outlawed by the  
supreme court.

Waiting Policy  
New Dealers are confident of  
election success next November  
and their strategy appears to be  
to wait an opportunity to re-  
shape the court by filling vacan-  
cies which may occur during the  
next four years. Mr. Roosevelt's  
attitude toward a constitutional  
change as expressed in his in-  
augural speech of March 4, 1933,  
and in the "horse and buggy"  
speech conference, does not com-  
mit the party to amendment of the  
constitution either to obtain fur-  
ther federal power or to curb  
the court's authority.

The President said in his in-  
augural speech that the constitu-  
tion was an instrument flexible  
to the needs of emergency. Upon  
that assumption he proposed  
emergency legislation, much of  
which now has been outlawed.

Up to People  
In the "horse and buggy" con-  
ference, Mr. Roosevelt said the  
court decision outlawing NRA  
relaxed the court under the ex-  
isting fundamental law.

Democratic orators so far have  
followed the Roosevelt pattern  
rather closely, Robinson stated

## Two-Thirds Rule Junking Voted By Committee With Action To Appear South

### CROP INSURANCE PLANK ASKED BY DROUGHT REGIONS

Platform Aid  
SEN. POPE BACKS PLAN

By C. L. SULZBERGER  
WASHINGTON, June 25 (UP)—  
Representatives of drought stricken  
farmers pressed a last minute  
drive today to force inclusion in  
the Democratic national platform  
of a plank containing proposals  
for crop insurance.

Federal government agencies  
studied the increasingly serious  
situation in the southwestern and  
north central states. Agriculture  
department officials said they be-  
lieved the program already in-  
cluded in the platform would  
satisfy the farm group, headed by  
the American Farm Bureau Fed-  
eration.

It was learned that the plan  
to the convention an outline  
of a suggestion which would set  
up a crop insurance plan to be  
operated under the existing struc-  
ture of the soil conservation pro-  
gram. It would require no ex-  
tra appropriation.

It was also learned that the  
plan would set up a new govern-  
ment agency to administer crop  
insurance.

## Change In Historic Regulation Upheld

CONVENTION WILL ACT  
ON DECISION TONIGHT

CONVENTION HALL, PHILADELPHIA, June 25 (UP)—  
The rules committee of the Democratic national convention  
today recommended two far-reaching changes in the traditional  
rules of the national convention.

After approving the junking of the 101-year-old rule requiring  
a two-thirds vote for presidential nominees, the committee  
recommended a change in delegate apportionment, designed to  
appease southern foes of the two-thirds rule.

The recommendations will be  
submitted for the approval of  
the convention at tonight's ses-  
sion.

The committee fully ap-  
proved substitution of majority  
rule for the two-thirds require-  
ment, instituted in 1832 by  
Andrew Jackson and main-  
tained ever since.

On the second point—that of  
delegate apportionment—the com-  
mittee called upon the Democratic  
national committee to study means  
of reducing the strength could  
reflect the party's voting strength  
in the various states.

Delegates now are apportioned  
upon strictly population basis.  
Southern opponents of majority  
rule fight against the change. In  
view of the apportionment recom-  
mendation they decided not to file  
a minority report nor to oppose  
the plan on the floor.

The southern committee had  
supported the two-thirds rule, be-  
lieving that it gave them a veto  
power over the party's presidential  
nomination.

The apportionment resolution  
was drafted by a sub-committee  
of the full committee. It called  
for 13 to 15 to be recomputed  
not voting to abolish. (The two-  
thirds requirement.)

The two-thirds recommendation  
and the apportionment suggestion  
were contained in a single report  
for presentation to the convention.  
The formal resolution was ap-  
proved by a dissenting commit-  
tee vote and Rep. Eugene E.  
Cox, Georgia, leader of the fight

## Oddities

**LANGUAGE**  
ATLANTIC CITY, N. J., June 25 (UP)—Delegates to the 27th annual convention of the International Union of Hotel, Restaurant and Bar Employees, which opened today, considered a resolution pledging approval of an international auxiliary language.

Whether that would be Esperanto, basic English or some other still to be developed, was not specified.

The resolution was presented by the Rotary club of Montclair, N. J., which declared that the great common problems confronting all nations today cannot be discussed in a common language because there is no one language acceptable to all nationalities. The development of an international auxiliary language is increasingly regarded as an economic necessity.

**SKELTON**  
MARYVILLE, Calif., June 25 (UP)—A new law for skeletons is being tried out here. One with a cigar in his jaws and a whiskey bottle at his side, seated on a demure automobile, is being used as a warning to drivers to drive at a dangerous curve on the Pacific highway.

**ONIONS**  
LONDON, Ont., June 25 (UP)—A London woman, charging her husband with non-support, told a magistrate here that all she had received from her errand spouse during the last month was "90 cents, a box of panache and some calico." "And he sent me the onions on Mother's day, too," she said.

**OPERATION**  
PHILADELPHIA, June 25 (UP)—Three-year-old Kate Rogers, of Portland, Ore., who traveled more than 500 days around the world to see a doctor, was successfully operated on today at Temple University hospital for removal of a tumor from her lung.

It required 55 days for the boy and his mother to make the 9,600 mile voyage from Australia for the operation which lasted seven minutes. The mother was removed to the hospital and the child was taken to the home of her mother.

**NORRIS WILL TAKE STUMP FOR F. D. R.**

Second Subsequent Check Given Encouragement to Growers; 1936 Crop 'Good'

With the large beet crop in the hands of growers, the beet growers' association today announced that it would make a second subsequent payment of 25 cents a ton on the beet crop.

The payment will bring the total to \$5.05 and the total payment to an additional payment of 25 cents a ton.

Initial average beet pay was \$4.40 a ton and the first subsequent payment in the spring was for 40 cents.

The company will distribute \$200,000 on to first, of which amount Idaho's share will be \$38,000, according to H. H. Tallman, Idaho Beet Growers' association manager.

The pool manager said today that there is no reason to be alarmed and that the crop is in splendid condition. He urged growers to irrigate if possible, which now are undergoing hoisting.

## Nampa Man Wounds Wife and Child Self

NAMPA, June 25 (UP)—Leroy A. Booth, 43-year-old local milkman, today shot and wounded his wife, Dottie Booth, 40, twice with a revolver and then committed suicide by shooting himself in the chest.

Mrs. Booth was in Mercy hospital in critical condition, suffering from a fractured skull and a broken neck. The child, 10-year-old Robert, was not hurt.

The police today are investigating the case. Booth was a well-known figure in the community and was a member of the local church.

## ROBINSON TAKES CHAIRMAN POST

Assumes Convention's Helm to Chart Way Through Rule Platform Fights

By LYLE C. WILSON (Copyright, 1936, United Press)

CONVENTION HALL, PHILADELPHIA, June 25 (UP)—Senator Joseph T. Robinson assumed the helm of the Democratic national convention today, steering it toward settlement of its two controversial issues—the 1920 platform and abolition of the two-thirds rule for choosing the nominee.

Robinson was unanimously acclaimed chairman after delayed submission of the credentials committee report.

Just before he took his post, the rules committee voted 35 to 13 to recommend to the convention substitution of majority rule for the ancient two-thirds requirement.

And from cloaked platform drafters issued word that agreement had been reached on the proposed monopoly plank and that compromise was reached on the labor plank.

The session was brief today, lasting only about 35 minutes, because of delay presentation of the credentials committee report.

## McCLUSKY CAMP OPENS AT BUHL

Twenty-One Girls, Aged 12-20, Are Enrolled at Memorial Health Center

BUHL, June 25 (Special) — Twenty-one girls, between the ages of 12 and 20 enrolled in the McCLUSKY memorial health camp Saturday and Sunday for a three weeks' encampment.

Mrs. Harriett Stevens, Twin Falls, is camp superintendent again this year; assisting Mrs. Stevens are Miss Blanche Parent, Buhl, Recreation Attendant; Miss Mary Reams, Twin Falls, dietitian. Several women from the WPA are assisting in the kitchen.

The camp girls were entertained Sunday by the three Buhl Camp Fire groups. They presented under the leadership of Mrs. G. Gordon Goldthwaite, Mrs. Cantrell and Mrs. Miller, a Father's day program on the side lawn in front of the willow trees. The Sunday school service was led Sunday morning by Rev. Gans of the Presbyterian church.

The recreation room at the girls' dormitory is being finished. It will be a fine place for the girls to spend their leisure hours.

The boys' dormitory back of the girls' dormitory and across the new swimming pool with concrete sides and a gravel bottom is also under construction.

Personnel of Camp

Girls enrolled are Betty Cooper, Nancy Merriman, Buhl; Amelia Kozman, Mabel Rosenbaum, Bonnylyn Runyon, Castleford; Vivian Hildreth, Gertrude McKinley, and Catherine Hildreth, Filter; Dorothy Reynolds, Richfield; Harriet Persinger, Kimberly; Florence Pyne, Hazelton; Edna Winger, Ruth J. Martin, Pocatello; June Daniels, Vera Molyneux, June Rozell, Betty Souberg, Julia Colan, Frances Hansen, Ann Nolan and Marian Dunn, Twin Falls.

## BURLEY

Miss Marjorie Jenkins will leave this week for Pocatello, where she will be employed by the Idaho writers' project, headed by Vardis Fisher.

Mrs. Martha Moon is visiting her son in Portland this week. She will also visit at the home of her two daughters, Mrs. Viola Row and Mrs. Marie Coon.

Mr. and Mrs. Holi Church left Sunday for Hailley. Mr. Church, chief of police, attended the annual peace officer's convention, and Mrs. Church visited friends.

An interesting wedding, William B. Gelling entering the home occupied by his wife, Mrs. Laura Gelling, pending the outcome of divorce proceedings filed against him, was granted in district court here Saturday by Judge T. Bailey Lee.

Marriage licenses were granted to Jack Wells and Marie McLean, and Karl Whitaker and Ruth Ivis, all of Burley. The ceremonies were performed by Judge Henry W. Tucker.

Ray Murrell, movie stunt boy, Hollywood, visited his aunt, Mrs. Edith Howard, this week. He was accompanied by Miss Dorothy Barden, parachute jumper, and his co-stellar, Elmer LaRue.

Word was received here by Mrs. Reid Judd that her husband was improving at a Salt Lake City hospital where he underwent an operation for appendicitis last week.

Lawrence Radloff made a trip to Salt Lake City this week. Mr. and Mrs. Charles Stewart, and small son, Scott, San Antonio, Tex., are visiting here with Mrs. Stewart's brother, H. C. Van Engelen and family. They left today.

Mr. and Mrs. Henry Van Engelen, parents of H. C. Van Engelen, have moved here from Twin Falls to spend the summer.

The vacancies left by the resignation of two Burley teachers, Miss Vera Bryant and Miss Olive Eddy, were announced filled by Phillip Hildreth and Miss Esther Buchanan, at a meeting of the school board this week.

Two new directors were elected Monday evening at the annual meeting of the Chamber of Commerce. They are William Hoyer and Lester McKean.

**Gooding Cavalry Is Winner of Trophy**

GOODING, June 25 (Special) — Gooding's 110th Cavalry, Troop A, returned Saturday with a gold-plated trophy for capturing first place in the encampment field day program.

The troop won first place in the mounted tug-of-war, mounted wrestling, agility race, three-legged race and child in saddle and bridling.

All ribbons and trophies won by the troop since 1934 are on display at the Gooding Leader office.

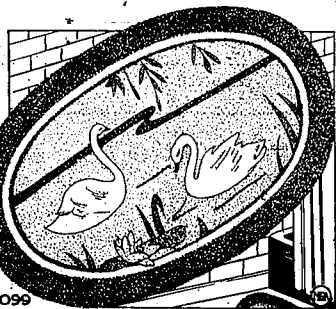

Glass may lose, through dirt, as much as 50 per cent of its efficiency within six months.

## CURBING PROJECT GETS UNDER WAY

Junior Chamber Program for WPA Employment Starts In Four Places

Work on the Junior Chamber of Commerce, sponsored city curbing project is under way today on four Twin Falls streets, with 25 WPA workers starting construction of concrete, according to an announcement by Paul Gilman, chairman of the program.

Approximately 5000 has been collected from the taxpayers along Third avenue east, Third avenue north, Fifth avenue east, and Walnut street, the streets selected for inaugural installation. Curb also will be constructed on Fourth avenue north, Fifth avenue north and Sixth avenue north. It was announced.

**Costs Low**

It is urged that all persons wishing to have curb placed on their property contact Mr. Gilman at once. Under the present set-up the cost is \$15 for a 50-foot lot, 20 cents per running foot of curbing. It costs per square foot of driveway about four inches thick.

**FAIRVIEW**

Mr. and Mrs. Hopt Ely and Mrs. Hafer have been visiting old friends in this community the past week. They returned to their home in Portland Friday.

Fairview Grange met Friday evening with a good attendance. After the business meeting the girls' drill team presented the fourth of the fourth degree.

Mr. and Mrs. Fred Jasper of Denver visited Wednesday evening at the A. H. Jagels home.

Mr. Pavie and son, Melford, of Caldwell, were over-night guests Monday at the Albert Kalorik home. They are returning to their home after a visit to Yellowstone park.

## LABORER SLAIN

SIDNEY, Mont., June 25 (AP)—  
Pedro Gonzalez, 35, Mexican la-  
borer, was shot to death early to-  
day while working in a sugar beet  
field three miles north of here.  
Sheriff's officers were searching  
for Pedro Gonzalez, 40, named as  
the killer by another Mexican la-  
borer who witnessed the shooting.

## NEW DEAL KEYNOTE SOUNDED BY BARKLEY

In a ringing keynote speech that lashed back at the Republicans for their denunciations of the Roosevelt administration and lauded accomplishments of the New Deal in the three years and four months of its existence, Senator Alben Barkley of Kentucky drew applause that rolled like thunder through Municipal auditorium in Philadelphia. Here the keynoter is shown on the convention platform.

## F. D. R. OUTLINES FIGHTING SPEECH

President Shuts Routine Aside  
To Concentrate on Drafting  
Acceptance Address  
WASHINGTON, June 25 (AP)—  
President Roosevelt shunted rou-  
tine duties aside today and con-  
centrated on the formidable task  
of drafting the acceptance speech  
through which he will appeal to  
the nation's voters for re-election.  
Little more than 48 hours re-  
main before Mr. Roosevelt will ap-  
pear before the Democratic na-  
tional convention in Philadelphia  
to fulfill party leaders' expecta-  
tions of a fighting speech which  
will enable Democrats to take the  
offensive in the coming campaign.  
Close advisers of the President

indicated the address would draw  
on "historical" parallels in an ef-  
fort to drive home arguments for  
a continuation of the New Deal  
for another four years.  
Mr. Roosevelt has armed himself  
with plenty of historical references  
both in books and documents to  
aid him in drawing up what is ex-  
pected to be not only an account-  
ing of his stewardship to date but  
also a forecast of future policy and  
program.

The President worked until  
nearly midnight last night on his  
speech. He took time out, how-  
ever, to listen to Sam-Joe T. Rob-  
inson's convention indictment of  
the administration foes. He also  
heard the voices of his sons as  
they commented on the display of  
enthusiasm at the convention ses-  
sion.

## HIT-RUN DRIVER INJURES CRIPPLE

CACHE JUNCTION, Utah, June  
25 (AP)—Police today sought a hit  
and run driver who struck James  
O'Dell, 68-year-old cripple of Land-  
caster, Penn., and left him to drag  
himself 900 feet on his back to  
reach aid.  
O'Dell told police he was walk-  
ing on crutches down the highway  
toward Logan when a car ap-  
peared suddenly, struck him and roared  
on its way.  
The aged man is receiving treat-  
ment at a Logan hospital for a  
fractured right leg, serious shock,  
bruises and an injured eye.  
O'Dell, a watchmaker, has no  
left leg. His only relative is Mrs.  
Augusta Mack of Saginaw, Mich.

## STRONK TO TAKE OFFICE JULY 1ST

Commission Received Today By  
Democratic Successor to  
Capt. McRoberts

Twin Falls' postoffice, com-  
mencing July 1, will be in charge  
of a Democratic postmaster for  
the first time in more than 12  
years. It was assured today with  
receipt by M. A. Stronk, promi-  
nent local man, of his commission  
authorizing him to succeed Capt.  
P. W. McRoberts on the first of  
next month.  
The date will also mark the end  
of the fiscal year and will permit  
of the transfer with a minimum  
of difficulty, it is stated.  
Mr. Stronk's nomination for the  
position was confirmed by the U.  
S. senate several weeks ago, but  
forwarding of his commission was  
delayed by the huge task in the  
postal department occasioned by  
distribution of the veterans ad-  
justment compensation bonds. His  
official papers arrived in the mail  
this forenoon.  
Stronk said he would be checked  
in the evening of June 30. There  
will be no other change in the  
personnel of the office. Among  
those continuing their service will  
be W. G. Thompson, assistant  
postmaster, who has held the post  
for 20 years, having been named  
to it by Mr. Stronk during his  
eight years of incumbency under  
the Wilson administration.

## CAREY

A Democratic club was orga-  
nized here recently with Buford  
Kirklind as president; Ted Davis,  
vice president, and Oscar Olsen,  
secretary-treasurer. Meetings will  
be held twice a month.  
Reports on the general confer-  
ence held recently in Salt Lake  
City were given at the L. D. S. Monday in the Carey Mercantile  
store. Phyllis Bennett, who has  
recently completed a course in  
beauty culture in Portland, will  
be in charge of the shop.  
Construction work has begun on  
the new George Thompson house.  
Mr. Thompson recently sold his  
home to Mr. and Mrs. Herle Cam-  
painted the new house on the Little  
Wood River dam project.

# ACE IDAHO AMATEURS TEE OFF ON QUALIFYING PLAY

## CRITCHELL GUNNING FOR FOURTH CROWN

Sam McGinnis, Twin Falls, Ranked As One Of Tournament Dark Horses

NAMPA, Idaho, June 25 (UP)—The Idaho state amateur golf championship opened here today over the tough Broadmoor course with approximately 76 men pursuing par in the qualifying round.

Playing conditions were perfect and the course was in top-notch shape. With the outstanding amateur from throughout southern Idaho and eastern Oregon entered, it was expected that the low qualifying score would be well under the course's par 72.

Match play begins tomorrow.

Critchell seeks 4th  
Three Critchell, Pocotello star and three-time winner of the state amateur title, led the list of entrants. Critchell, who is in his game, is gunning for his fourth title.

Pete Otteson, Emmett, runner-up to Critchell in 1935, was unable to compete in the tournament because of a broken wrist.

Critchell expected to get his low-Pocotello player—Ben Peterson, a former titleholder.

The first qualifying rounds will be completed by 7 p. m. Final rounds until late this evening.

16 in Top Bracket  
The 16 low qualifiers will form the championship flight and play for the amateur title and the State championship trophy. Remaining qualifiers will be bracketed in other flights. Today's final rounds will be completed by 7 p. m.

Final matches will be played Sunday over 36 holes.

Large golfing delegations were here from Twin Falls, Pocotello and Boise.

McGinnis "Dark Horse"  
The south coast delegations from Twin Falls, Boise and Rupert arrived early yesterday afternoon. Their practice rounds indicated that McGinnis may be a dark horse with a strong dark horse entry for the Idaho crown in the person of McGinnis.

McGinnis, a former champion at Spokane, Wash. and Butte, Mont.

Fred W. Von Biele, Boise, in charge of the tournament, predicted it would be the most successful in Idaho amateur golf history.

## YANKS, SOX FIRE HEAVY ARTILLERY

They're At It Again Today With Count Tied For Season; Boston Slips

By LESLIE AVERY  
NEW YORK, June 25 (UP)—The New York Yankees and Chicago White Sox unleashed their heavy artillery for another battle of home hits today.

When these two American clubs meet on the same diamond a slug-fest is virtually assured. And it seemed that the pitchers have very little to say or do about it. The boys just tee off and away.

In 10 games played this year each team has won five. Jointly they have hit 177 home runs, tied 103 runs, an average of more than 15 per game. And, the sixth-place Sox with 77 are only six runs off the leading Yankees.

Two homers in lining  
It was the Yankees' turn yesterday and they won their fourth pitcher for 24 hits to take the game 18 to 11. Joe Mingo pulled the assault with two homers in the opening and two doubles. Gehrig and Dickey also collected four each. The former two doubles were two singles; the latter three singles and a four-bagger. Powell also homered for New York while New York's pitcher, Dickey, hit two.

The second-place Boston Red Sox fell five and a half games behind the Yankees as they were beaten 7 to 6 by the Detroit Tigers.

Cleveland takes  
Cleveland's Indians went into a third place with the Washington, D. C. Senators by administering a thrashing to the Philadelphia Athletics, 10 to 3, and 14 to 2. Ray Averil pitched three batters and one in the eighth and two in the ninth.

Back to the home field  
Back to the home field went the Washington Senators as they were beaten 7 to 4 by the Detroit Tigers.

In the National League, the Pittsburgh Pirates and the New York Giants split a doubleheader. The Pirates won the first game, 10 to 3, and the Giants won the second, 10 to 1. The Pirates' pitcher, Dickey, hit two.

## CHAMP SEES MAX'S RIGHT TO TITLE FIGHT

So that's what exploded the Brown Bomber legend? Jimmy Braddock (left) world heavyweight champion, and Max Baer (right) who defeated him last night.

Braddock, who is in his game, is gunning for his fourth title.

Pete Otteson, Emmett, runner-up to Critchell in 1935, was unable to compete in the tournament because of a broken wrist.

## Gooding Plans Donkey Games

"Polcats" Battle "Tom Cats" And Tuesday

GOODING, June 25 (Special)—Basketball fans in this locality are anticipating the big donkey basketball game which is to be held Monday and Tuesday evenings, June 29 and 30, at the rodeo grounds under the auspices of the Gooding Boy Scouts.

Brown's famous basketball donkeys, imported for the occasion, are slated for plenty of hard riding against August Averett's "Pole Cats" tangle with Jack Rader's "Tom Cats." It is well placed around that there will be plenty of action on the part of the players, as Brown's donkeys don't always behave as well trained mules should.

The "Pole Cats" lineup includes the following names: Herb Williams, H. Bright, W. Crow, B. Holmbeck, C. Mendenhall, and E. Johnson.

## Sarazen Uses Borrowed Putter As Climax of Year-long Hunt

By HENRY McEMORE  
PHILADELPHIA, June 25 (UP)—Putting the sports shot here and there.

The reason for Gene Sarazen's use of a borrowed putter in the present British open championship dates back to our own national open of 1935.

On the final round at Oakmont, Pa., Sarazen, who had been using a borrowed putter since the start of the tournament, was forced to use a borrowed putter.

## SHARKEY RANKED AS 10-6 FAVORITE

Ex-Champ, 33, Picked to Edge Brubaker Because of 12 Years Experience

BOSTON, June 25 (UP)—Jack Sharkey, 33-year-old former world champion heavyweight boxer, was picked 10 to 6 betting favorite to defeat young Phil Brubaker of California in their 10-round bout at Fenway park tonight.

Sharkey's 12-year ring experience was expected to offset Brubaker's sensational record of 16 victories, including 14 knockouts, in 20 professional starts.

## CROP INSURANCE SURVEY STARTED

Federal Bureau Opens Studies Following Senator Pope's Pending Measure

WASHINGTON (Special)—The bureau of agricultural economics has, pursuant to the introduction of Senator Pope's bill, S. 4626, to create a federal crop insurance corporation, undertaken a study of the feasibility of a nationwide system of insurance on agricultural production.

Preliminary reports now being prepared seem remarkably favorable. Insurance experts state that out of every dollar paid as premium on commercial insurance approximately 60 per cent goes for overhead, that is, building, salaries, expenses, and dividends; 40 per cent is used in paying losses.

Probable Cost The computed probable cost of absolute insurance on three-fourths of the normal production of wheat would cost about one hundred per cent in the spring wheat areas of North Dakota. In western Kansas the cost would be about two hundred per cent.

It is estimated that in the other sections it would be much lower. As a matter of fact, complete insurance on wheat in the entire country for one-half to two-thirds of normal production in excess of normal expectations. The government could fully insure farmers against all hazards without ever charging a premium which would take and part of the normal yield.

Sloughs eat so slowly that they finish one meal only in time to begin on the next one.

## FINGERPRINTING'S AID POINTED OUT

Federal Bureau Thinks Crime  
Would Be Cut Drastically  
By Compulsory Use

By MARY KNIGHT  
WASHINGTON (U. I.)—Fingerprints were as compulsory as birth certificates there would be less crime in the United States and justice would be swifter, the bureau of investigation of the department of justice believes.

Officials admit, however, that the public will have to be educated to the idea before any federal fingerprint law can be passed.

"Law-abiding citizens are beginning to realize that fingerprinting may mean death to a criminal, but that it also may mean life as a free man or child," said an assistant to the director of the bureau.

A tourist losing his passport in a foreign country could more readily obtain a duplicate if his fingerprints were on file in Washington. Every police station has fingerprinting equipment, and this is one of the reasons for its use.

As soon as they are checked, fingerprints are on a new passport, and the holder is on his way.

**Other Advantages**  
This is not the only advantage of fingerprint registration for law-abiding citizens, it is pointed out. If there were sufficient fingerprints made at home and forwarded to headquarters, but it would be for the owner to file the fingerprints shortly after the birth certificates and thereby, in thousands of instances, prevent crime rather than detect it, officials argue.

Human beings, many of them at least, would think twice before committing a crime if they knew that their fingerprints were on file at headquarters, and that their conviction and punishment would be swift.

J. Edgar Hoover, director of the bureau of investigation, says:

**No Longer Skulking**  
"Long since the time has passed when criminals hid in dark alleys or skulked in dark basements. The day of the mask and the dark lantern is over. Crime has been driven to the open."

Crime often plays bridge with you. Crime dances with your sons and daughters. These parasites of the under-life are not simply poor boys and girls or moral invalids, as the super-sentimentalists would have you believe. They are marauders who murder for a headline, race crawling from their hideouts to gnaw the vitals of civilization. True, they are dressed as we are dressed; they live as we live and often far better, owing to the rich rewards of their profession. But their standards of life are those of pigs in a sty, their outlook that of vultures.

**Technique Developed**  
Fingerprints can be "lifted" from clothing, from cloth, from glass and silver, from wood, metal, leather or paper. Anywhere that a fingerprint is deposited, a certain type of "dust" can be sprinkled over the surface which will reveal it if it is there, no matter how faint it may seem.

In addition to the 12,610 fingerprints of men and women who are employed by the bureau of investigation as the most dangerous and deadly of the army of more than 1,000,000 persons whose fingerprints are clear and who are and will continue to be, in all likelihood, law-abiding citizens.

**Youth in Crime**  
Twenty per cent of 20th century crime is committed by persons not old enough to vote, statistics show. These minors should be home playing in their own backyards, but instead they are out stealing automobiles and committing nearly thousands of burglaries and larcenies, officials declare.

Among the arguments advanced for universal fingerprinting are: Fingerprints never lie and no two ever are alike.

There are nine classifications of prints that are foolproof, and into these will fit the imprints of the fingers of 1,849,185,353—all the people in the world.

Burnings will not change fingerprints. Scar tissue will show, and if the skin grows back again it will be exactly the same as before the injury.

## SHORTS FOR STENOGRS

That Yankers, N. Y., has on women wearing shorts is proving a boon to alert press agents, even if it does keep comfort-minded girls out of the modest suburb's environs. The employees of Charles Atlas, New York physical culturist, saw a chance to make short work of cumbersome skirts and won his permission to wear shorts at the office. The press agent heard of it, so you see Atlas dictates to short-skirted Ruth Laury. If the idea catches on in other offices, they'll have started a new fad.

## BUHL

The Buhl American Legion Auxiliary held its annual picnic Sunday in the Buhl city park.

The Home Culture club met at Schumann-Helmick Mrs. L. G. the home of Mrs. Clyde Smith on Friday afternoon.

Seven guests were present at the meeting of the Fairview Ken-

ington last week at the home of Mrs. Tom Twenty. Roll call was answered by "My Favorite Movie Actor and Actress," Mrs. Watson, presided over the program and Mrs. O. G. Brooks read an article on "Movie Star Stand-

ins." A contest on movie stars was won by Mrs. George Hudson and low by Mrs. Rudolph Peterson. The program was concluded with a picture puzzle of a movie star.

Losers in a contest between members of the Isanti club entertained the winners for the year at a picnic lunch Friday afternoon at the home of Mrs. E. G. Orr. Mrs. Harry Barry gave a piano solo and a very fine sketch of the life and work of Madame Schumann-Helmick.

Lacy supervised a stunt. This will be the last meeting of the club until September.

George Schleier, local contractor, has been tearing down the two frame buildings on Main street to make room for the new Willamson building near the Farmers' National bank building. The wooden structure was formerly occupied by Tinsy's Shop Room and Duncan's barber shop; the third store room being vacant.

Activities of the dressmaking industry in France were drastically curtailed by the decline of tourist trade in 1931.

Scientifically designed units, thorough insulation and automatic controls contribute to low cost operation.

## RUINS VIEWED AS OLD HOLY PLACE

Remains of Pueblo Habitat Is  
Believed Pilgrimage Spot  
1,000 Years Ago

CHICAGO (U. I.)—Excavations on the ruins of an ancient Pueblo village led Dr. Paul S. Martin, curator of anthropology at Field Museum of natural history to believe that the Mecca of the Holy Land had its counterpart a thousand years ago in southwestern Colorado.

"Lowry Ruin," shrouded in mystery for hundreds of years, was rebuilt six different times, Dr. Martin found, a phenomenon not encountered in studies of other southwestern prehistoric ruins.

"It indicated," he said, "that Lowry may have been a holy place to which pilgrimages were made."

**Giant Kivas Found**  
The underground kivas, chambers for religious ceremonies, is one of the largest ever discovered, he said.

It was deserted by its builders hundreds of years before the coming of the first white men, the archeologist found, the tribe, presumably migrating out of Colorado in the face of a stronger invasion.

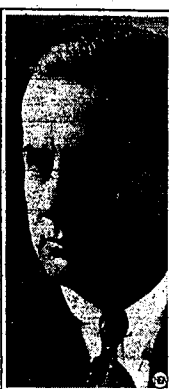

The people probably lived in the ruins of the Pueblo Indians found in Arizona and New Mexico, Dr. Martin believed. The invaders who drove them out probably were the stronger Navahos.

**Basin Site Retained**  
The great kiva, with certain structural modifications, was preserved through all the occupations of Lowry Pueblo.

Dr. Martin, who spent four summers examining the ruins, said he believed the population of Lowry and its surrounding area apparently was sparse at all times, not more than 50 or 60 persons living in the pueblo at any one time.

Three rings in timbers, such as roof beams, were used to compute dates.

## NAMES GARNER

At the Democratic national convention in Philadelphia, Gov. James V. Alfred of Texas, whose name has been mentioned as a possible nominee, is expected to be nominated.

John Twoby's is to keep ancient automobiles in respectable running order. The machines, dating back to the turn of the century, are rented to studios. So many of Twoby's cars were used in the making of "The Birth of a Nation" that two picture studios calling for 1900-10 models had to be postponed.

**Chinese "King"**  
Tom Gubbins is the white king of Chinatown. In one hour he can change a movie street set into a bit of old Shanghai. He has a standing order to supply Orientals for the Charlie Chan pictures—11 children and a Mrs. Chan.

Jim Spencer knows virtually every Hawaiian on the mainland and can round up native dance bands and hula file hula dancers in a hurry.

**Circus Gets Business**  
The Al G. Barnes circus, which winters 20 miles from Los Angeles, supplies most of the circus animals, players and circus paraphernalia for pictures and Charles Flores, Jack Doyle and Walter Cameron purvey trick horses and other livestock.

The World War still is one of the richest fields of drama available to pictures, and this means that 1914-18 inspired airplanes often are needed. Garland Lincoln, wartime American pilot, keeps an assortment of them, including real and imitation French Spads.

The Philatelic agency of the U. S. postoffice department was established in 1921, during which year its sales totaled \$50,000. In 1935, sales had mounted to \$2,000,000.

Refreshments were served by Mrs. and Mrs. Cunningham.

Invitations have been issued for the wedding of Wayne Hancock and Juanita Boner, July 5.

## SPECIALISTS AID SCREEN DEMANDS

They Cater to Studios' Needs  
On Everything from Ants  
To Airplanes

By GRADY JOHNSON  
HOLLYWOOD (U. I.)—A tree can't be cut down within 20 miles of Hollywood without Nick Malas popping up and asking: "Can I have it?"

Malas is just one of the many specialists who cater to the motion picture industry. He is a tree specialist who provides the shrubbery and trees for most of the pictures where such dressing is needed, in all the studios.

**Welded Assemblage**  
Ready cooked food, trick dogs, wigwags to fit elephants, skulls, cockroaches, sugar-bowl ants, Indians—with or without Harvard accents—lizards, lions, cobras and ring-tailed monkeys—all are supplied by private specialists.

FOR YOUNG "PARTY GIRL" PATTERN 9770

Very young "party girls" are as demure and feminine as their smart mothers these days—and don't we all wish we were "two to ten" when we see an adorable young frock like the delectable sketches today? The best dressed youngster at any party will be the one who wears this delectable, beauteous frock with its three sexy bows! They form a grand contrast in perky, girlish and girly. Little Sister will love the brief, full skirt with its smart, entire panel cut in one piece with the simple bodice. This captivating frock may be made to suit the young girl's taste by changing the color of the fabric.

Pattern 9770 may be ordered only in sizes 2, 4, 6, 8 and 10. Size 6 requires 1 1/2 yards 36-inch fabric.

Send FIFTEEN CENTS in coins or stamps (coin preferred) for PATTERN 9770. Write to: MARIAN & MARTIN PATTERNS, Dept. 10, Box 100, New York, N. Y.

Be sure to order your MARIAN & MARTIN PATTERNS with your name, address, and STYLE NUMBER.

# THEATERS

Unique Vaudeville Presented at Roxy

Today and Friday the Roxy is presenting a unique novelty vaudeville act, consisting of six charming members of the famous Sim family in an act of popular music, singing, tap and acrobatic dancing.

The act will appear once each afternoon and twice each evening. This is in addition to the regular screen show, "Two in Revolt," a new and different feature establishing a record of "firsts" in many ways.

The first feature produced with a dog here since the advent of talking pictures.

The first picture, talking or silent, to co-feature a dog, and a horse.

The first talking picture to be shown entirely on location. Its four interior scenes were made in buildings erected on the location.

The first animal story to be written by an animal expert, Earl Johnson, who is the owner and trainer of the dog star, Lightning.

# TRAFFIC GROWTH CAUSES PROBLEM

Need Arises for More Parking Space Freed by Lack Of Free Areas

Increased traffic in Twin Falls, coupled with the problem resulting from the conversion of several fire parking places into commercial parking spaces, has caused city authorities to ponder solutions.

Commissioner O. H. Coleman has asked City Attorney G. M. Paulson to make a report at next week's city council session on prospective changes in the city traffic regulations which would permit parking of vehicles closer to fire plugs than the present requirement of 20 feet, and to authorize a change in the parking methods on Second avenue south and west for at least one block on either side of Shoshone street.

At present the regulation calls for parking parallel with the curb. As the street is the same width as Main avenue it is proposed that angle parking be instituted.

**New Racks**  
Six new bicycle racks have been installed on the corners of the principal streets in Twin Falls, to provide spaces to accommodate the increasing popularity of the bicycle. The racks are of the type known as "H" racks, and are of the type known as "H" racks, and are of the type known as "H" racks.

On the occasion of the last painting the lines were put closer together and at an angle to accommodate a greater number of cars in each block.

On Saturday nights a traffic officer is now stationed regularly at the second street corner on Main avenue east and south to keep the growing amount of traffic at that point.

**HAPPY BAKERS MEET**  
NORTHVIEW, June 25 (Special)—Eight members and one guest, Dolores Scherrie, were present at the meeting of the Happy Bakers club Tuesday. Roll call was answered by giving the measurements in cooking terms. Marjorie Binkewitz, hostess, and Wilma Skinkewitz, demonstrated the making of short cake. Luncheon was served. Members planned a hike for this week and a meeting next week at the Skinner home. Mrs. Lela Parker is leader.

**CARS COLLIDE**  
GOODING, June 25 (Special)—Cars driven by J. K. Noda, Shoshone, and B. S. Bickens, Shoshone, collided four miles east of here Tuesday evening. Both cars were forced off the road and badly damaged, but none of the seven persons in them was injured.

THIS CURIOUS WORLD

By William Ferguson

Tsetse-flies, although little larger than a common house-fly, are the cause of tropical Africa's big bite by the big bugs. The inevitable death to horses, cattle and dogs; but the wild animals of the region are harmed no more by its bite than by the sting of a small gnat. The bite itself is not poisonous, but it conveys a parasite which causes the trouble.
