ROSS SIGHTED ON COMEBACK TRAIL

Former Idaho Governor's Intentions Puzzle Political Spotters

By WALTER R. BOTTCHER
BOISE, Sept. 25 (AP)—The 1938 primary election is still about 11 months away, but Idaho's political spotters already are holding night sessions.

One of the choicest subjects of discussion is handsome 34-year-old D. Worth Clark—a nephew of Idaho's chief executive, Barzilla W. Clark.

Gossip long has had it that Congressman Clark, a Democrat and former assistant attorney general under Governor C. Ben Ross, plans to retire from the house of representatives to practice law.

A few weeks ago he admitted that that might be true.

When he flew later to McCall from Washington, D. C. to attend the Young Democratic state convention, political gossip had it that he had an eye on the senatorial seat now occupied by Senator "Smiling Jim" Pope, also a Democrat.

Spotters are Stumped

The general impression still is, however, that former Governor Ross has similar intentions, and the prognosticators admittedly can't reconcile Clark's rumored senatorial ambitions with their views of Ross' supposed course—because of the long and intricate political association of the two.

To make the puzzle a little clearer, experts in recent weeks have been current that Ross proposes to seek the Democratic nomination for governor in the past but foregoed three consecutive two-year terms before he elected in 1930 to run fully against William E. Borah, Republican dean of the senate.

The Republican politicians advanced today the name of former District Judge Hugh A. Baker of Boise as a possible candidate for the gubernatorial nomination.

The judge is one of Idaho's outstanding orators; he practices law at Rupert.

Others Mentioned

Others mentioned as potential leaders are Charles Taylor, a Grand leader at Grangeville, and Maurice Adams, a farmer at Idaho Falls.

R. H. Wells of Pocatello, prominent businessman, still is talked of as a possible contender.

Friends of C. A. Bortolin of Arco and Blackfoot, the Republican state chairman, also are being mentioned himself from consideration.

These are the most frequently mentioned.

Highway Audit

Up to September 1 accountants in charge of the state highway bureau audit for which the 1937 legislature appropriated \$23,000, had spent \$11,500, records at the office of State Auditor Harry G. Parsons disclosed.

There are 13 on the auditing staff, which is headed by James Munro, Boise certified public accountant, who received \$5,617.75 for his services between July 15 and Aug. 15.

The second largest remuneration went to H. F. MacFarland, consultant, who received \$218. Jerro W. Robinson got \$72 and the others ranged downward to \$85.50. The salary paid a stenographer, Bessie Clark.

Twin Falls District Home for More Than 50 Different Birds

Did you know that more than 50 kinds of birds make their homes on the Twin Falls tract? Local enthusiasts say they are steadily increasing in number, in variety as well as number, and their study is the fascinating hobby enjoyed by a surprising number of residents.

You can be merely a casual observer, watching them on walks through the park and along country roads, or in your own back yard, or you can go deeply into the study, learning families and technical names. Either way, once become interested in bird lore and you'll never stop learning, those who have tried it have found out.

Calendar Record

Most of them keep notebooks or some sort of record filing system, making a record of all the birds they have seen, when, and under what circumstances. That way they get a sort of calendar, and can tell you that it was in May that a large bird was observed on the Snake river which was thought to be a Caspian tern, scarlet-billed, black crested, and beautiful, or how far advanced the winter must be before waxwings appear.

Water, bushes with seeds, nuts, or berries, coniferous trees, high trees of any sort, and orchards attract birds particularly. Because of the abundance of fruit the area between Heyburn avenue and Handall's corner is a favored rendezvous of both the birds and the persons who study them, with Mary Alice park a close second in general popularity and leading considerably as far as water birds go.

Feathered creatures less alike than the brilliantly scarlet tanager and the somber blackbird seem hard to imagine, yet these two are members of the same family. The layman would never guess it, but bird enthusiasts accept the fact calmly.

Appearance is not always so deceiving, however. The hawk, for instance, forms a perfect view of the bird's entire body, ranging as they do from the big, coarse bill of the goshawk, which gives the family its name and is used for cracking seeds and nuts, to the fine, delicate curve of the brown creeper's beak, adapted to finding insects in the bark of trees. The latter's manner of feeding is distinctly different, as the bird always starts at the base of the tree, works its way up the trunk, and then flies down to begin at the base of another. The nuthatch, on the contrary, may climb down, and then fly up, the appearance of hanging upside down, as it literally

Chicago Mail for Hagerman Arrives After 25 Years

JAGERMAN, Sept. 25—A letter that was mailed on his way from Chicago to Hagerman nearly a quarter century ago was received there by Postmaster Arthur Dennis this week. The letter that looked its age contained a necktie advertisement and was addressed with son and ask to the cashier of the Hagerman State bank.

The long delayed piece of mail was received from the Chicago postoffice with the explanation that it had been found lodged in a chute on the seventh floor of the First National bank building; when the chute was recently being repaired and that it had been mailed in November, 1912. Mr. Dennis was asked to deliver the letter with explanations.

Charles Stringfellow was cashier of the Hagerman bank when it was mailed.

Chicago Mail for Hagerman Arrives After 25 Years

JAGERMAN, Sept. 25—A letter that was mailed on his way from Chicago to Hagerman nearly a quarter century ago was received there by Postmaster Arthur Dennis this week. The letter that looked its age contained a necktie advertisement and was addressed with son and ask to the cashier of the Hagerman State bank.

The long delayed piece of mail was received from the Chicago postoffice with the explanation that it had been found lodged in a chute on the seventh floor of the First National bank building; when the chute was recently being repaired and that it had been mailed in November, 1912. Mr. Dennis was asked to deliver the letter with explanations.

Charles Stringfellow was cashier of the Hagerman bank when it was mailed.

MAYRON ATTAINS SLENDER WHARFHOOD
by Anne Adams
Here's the "slim-around" queen of county-at-home frocks, and when it's as flattering a style as Pattern 1591, it's one that just a slender flares upon a too-plump figure. There's a bit of ease, pleasant stretch in cloth for you when you make up this dainty style, for even a "bestener" will find it simple to come easy to put on and slip in the bustle of time. Dainty, indeed, is the button-hole lustering and every busy housemaker will appreciate the ease with which this desirable frock of cotton is laundered. Grip tuffles, topstitching outline, unlined collar and neck.

Pattern 1591 is available in women's sizes 24, 26, 28, 30, 32, 34, 36, 38, 40, 42, 44, 46, 48, 50, 52, 54, 56, 58, 60, 62, 64, 66, 68, 70, 72, 74, 76, 78, 80, 82, 84, 86, 88, 90, 92, 94, 96, 98, 100. Illustrated step-by-step sewing instruction included.

General Sherman Figures in Application for WPA Funds

CHEYENNE, Wyo., Sept. 25 (AP)—The Federal Research told a western crowd here the story of a WPA application from the south which he said had amused him.

A southern community, the story went, applied for funds to build a school and library. The school money was granted because the community's school house was about to tumble down. The library was rejected because congress had restricted the funds to replenishing buildings destroyed or under reconstruction.

When an official of the community called on the President, Roosevelt said he explained how the law prevented his approving the library funds.

GOSSIP-FILLS FARLEY'S POST

Three Men Named Possible Choice for Postmaster General

WASHINGTON, Sept. 25 (AP)—Three names were quickly and readily to the tongues of political observers today as likely successors to that of James A. Farley on the floor of the postmaster general.

They were Edwin J. Flynn of New York, Frank C. Walker, now of New York but originally from Montana, and William W. Howe, the first assistant postmaster general, a South Dakotan.

Of course, Farley's name has not been officially removed yet. He has told friends several times in the last few years that he planned to resign, but has never set any definite time. On that point, he and President Roosevelt have never entered agreement. So he has stayed on.

To Automobile Field

His close friends expect him to resign within the near future to become president of the Pierce Arrow Motor Car company. He appears to have made up his mind, but, again, he has not set the definite time for quitting.

There has been no suggestion that he resign from the country in connection with the Democratic party.

Of the three topmost names in the speculation of his career, Job Flynn is the only one who has thus far had no official connection with the administration. He has been in the Democratic leader in the Bronx, to which post he went after representing that county in the state assembly and serving later as Mr. Roosevelt's close friend in 1932. They were closely associated during the 1932 presidential campaign and have been since. Flynn has been a frequent visitor to the White House.

In and Out

Of the others, Walker has been frequently in and out of the administration.

The president has picked him for several tough tasks in the past. He has been mentioned often in the guesses of who would fill Farley's shoes when the latter resigned.

Howe has served on the Democratic national committee since 1924. He was a lawyer in March, 28, before coming to Washington as second assistant postmaster general. The resignation of Joseph G. O'Malley became a possibility when O'Malley left the job of first assistant open, and Howe's moved into that office. He acted as acting head of the postoffice department during the time that Farley was away on leave of absence to direct Mr. Roosevelt's campaign for re-election.

Varied Attractions on Amusement Grounds

Amusicals are shown here as they were set up recently at Pendleton. The amusement organization is making its first trip to southern Idaho this year.

Heralded as the "most modern show of its kind ever to appear in Twin Falls," United American Shows will fill a week's engagement here under American Legion auspices, beginning Monday evening.

The amusement organization's rides and varied tented attractions are to be set up for the week at Harrison park.

In the palace of riding devices will be found eight big rides, featuring the Octopus, the "heaviest, most sensational and thrilling ride ever offered here." Then there is the portable dog-dog, a complete baggage car for its transportation. Also there are the time-honored merry-go-round, giant Ferris wheel, loop-the-loop, loop-o-plane and for the little folks, the baby and the merry-go-round.

Among tented attractions found on the midway abate with thousands of lights, are the big circus show-dog, Dr. Carr's wild animal exhibition, Paris after night, freak animal show, Tex Gilman's athletic stadium, and the show brain.

Free theatrical acts are to be presented daily including the Eureka troupe's world renowned high aerial act, "Rosedale" the first on a chair in the air, and LaBell Carnia, the human spinning top.

Appeal Delays HIX EXECUTION

Convicted Mountain Home Slayer Flights Death Sentence

MOUNTAIN HOME, Idaho, Sept. 25 (AP)—Filing of a writ of appeal to the Idaho supreme court automatically delayed today the execution of a death sentence pronounced October 22 of William Hix, convicted murderer.

Percy Hill of Mountain Home, attorney for the condemned slayer at Ranches, Frank Miller, filed the notice in court today.

Hix was convicted by a district court here after a four-day trial. He was sentenced by Judge Charles J. Mitchell of Boise to be hanged but his appeal automatically will delay execution.

Hix was charged with Miller's murder. The body of the rancher was found last May in a creek bed near his ranch home in desolate sage-clay country near Mayfield, Idaho.

The convicted 25-year-old prisoner escaped from the Idaho state prison farm, where he was serving a sentence for burglary, in December, but was recaptured at Price, Utah, last March.

Warnings Issued To Beet Growers

J. N. DeWey of Murtaugh, Twin Falls County Beet Growers association president, last evening issued a warning to all beet growers to observe carefully the federal government's regulations as to child labor in harvest of the beet crop.

President DeWey said that beet growers who violate child labor regulations will not be permitted to participate in the distribution of the government's benefit payments.

Rites at Rupert For Robert Baker

RUPERT, Sept. 25—Funeral services for Robert Baker, 22, son of former District Judge and Mrs. Hugh A. Baker of Rupert, who died following an automobile accident near Moscow Sunday night, were held in the Methodist church Friday at 10 a. m. Rev. George G. Robinson officiated.

Rupert male quartet; Harry Colwell, Frank Watson, Bill Henscheid and Lawrence Hahn sang "Near My God to Thee," accompanied by Mrs. Edna Sinclair, Mrs. Edith Thomas and Mrs. Edna Sinclair. The choir, accompanied by Mrs. Edna Sinclair, sang "One Sweetly Solemn Thought," accompanied by Mrs. Cattmull.

Active pall bearers were members of the Beta college fraternity, Beta Theta Phi. They were John Hahn, Twin Falls; Brooks, Landon, Fayette, Mirland Silver, Twin Falls; Noble Talmer, Kimberly; Stewart, Bellwood, Kimberly, and Jack Sakerstedt of Vetler, J.

Honorary pall bearers were Henry Cresson, Willard Shillington, Clyde Isenberg, Hugh Redford, Albert H. Lee, Dr. Fayre Kennedy, Redwood, a member of the Beta Theta Phi fraternity, and also of the law honorary fraternity.

He is graduated with the class of 1937.

He is survived by his parents, Mr. and Mrs. Hugh A. Baker, a sister, Martha Jane Baker, and a brother, Jack Baker.

Interment was in the Rupert cemetery.

SCHOOL REVENUE LAW INDEFINITE

State Planning Board Calls for Clarification of Lawmakers' Aim

BOISE, Sept. 25 (AP)—State Planning Board Chairman Wall Simons suggested today the amendment of two Idaho statutes affecting school revenue to more clearly define the legislative intent.

The state board of education, he said, is apprehensive because the respective laws state that these taxes should go to the public school fund. In the laws relating to the latter two items, the term "public school fund" is used.

Considerable difference of opinion exists as to whether the public school fund is a capital fund or only the income of this fund—and the income of the additional tax.

It is the public school income fund which is allocated after apportionment among the 1,200 school districts.

In actual practice these four sources of public school revenue have been apportioned by the state board of education among the common schools. This has been done on the theory that the legislature intended those revenues to be apportioned.

Calls for Amendment

"The legislation in respect to chain store licenses and mines proceeds seems to be susceptible of a different interpretation, and if the legislature actually intended this appropriation to be made, three

Cars Damaged in Two Smash-Ups

Two traffic accidents, both on the Kimberly road, were reported by Traffic Officer Earl Williams Saturday afternoon.

The first accident occurred when the car driven by Otto Kruger, 46, Kimberly, went into a combine somewhat, landing on its wheels on the opposite shoulder of the road. Both Kruger and his companion, Glen White, suffered but minor injuries.

Apparently a speedy application of brakes was made for the windshield, the traffic officer said.

A three-car tangle on the Kimberly road Saturday seriously damaged two cars but permitted passengers and drivers to escape without injury.

Investigation by Officer Williams disclosed a car driven by Max Darlington of Eba, Idaho, had turned out to avoid another car but permitted passengers and drivers to escape without injury.

Investigation by Officer Williams disclosed a car driven by Elwood Griffith of Bryant, South Dakota, which had slowed down to leave the highway and turn into a public driveway, collided with the oncoming car belonging to R. A. Armstrong, representative of the Twin Falls unit of the Oregon Fruit Produce company. Both cars were badly damaged.

Triple-Killer Likely to See Second Anniversary of Crime

BOISE, Sept. 25 (AP)—Triple-killer Douglas Van Vlack of Tacoma, Wash., stood a good chance today of seeing the second anniversary—November 25, 1937—of the crime for which he twice has been sentenced to die.

His attorneys have until October 12 to ask the Idaho supreme court for a rehearing of his case.

Then, under rules of the court, a remittitur—formal notification to the lower court that the supreme court has not seen fit to upset its judgment—must be sent to the district judge, T. Bailey Lee, at Twin Falls.

New Execution Date Then the district judge must order the state prison warden, Wm. H. Clegg, to deliver the prisoner to Twin Falls to be re-sentenced. An execution date not later than 30 days nor more than 60 days after his appearance in court—must be fixed.

Defense Attorney Robert A. Alshie said three recourses remain: 1. Another appeal to the United States supreme court. 2. A sanity hearing. 3. An application to Governor Harrell W. Clark for a reprieve until the pardon board meeting January 2, 1938.

It is too late now to lodge a notice with the state pardon board that a sentence will be requested at the meeting, Oct. 6, for a commutation of the death sentence to life imprisonment, attorneys pointed out.

A prisoner must give four weeks' public notice of such intentions. Van Vlack was confined at the state prison, 1936, of shooting to death his former wife, Mrs. Mildred Hook of the town of near Twin Falls, and two officers, who attempted to help him near the scene of the first with his kidnaped ex-wife through south Idaho in an automobile.

College Football Season Gets Under Way With Minimum of Upsets

Idaho Team Battles Way to 7-6 Victory In Closing Minutes

Gaining 20 Yards On Exchange of Passes, Moscow Gridmen Score With Passes and Accurate Place Kick

MOSCOW, Idaho, Sept. 25 (AP)—The University of Idaho provided the first upset of the season in the north west here this afternoon and defeated the favored Oregon State 7 to 6 in a last minute rally.

The Vandals "got the break" in the final three minutes of play when an exchange of punts gained them 20 yards to put them on the Oregon 34 yard line.

A completed pass and a line buck sent the fighting Idahoans to the Oregon 12, and another pass, Roise to Howard, tied the score. Roise's place kick, with but a minute and a half to go, was good.

Oregon State scored in the second period. Gray, Oregon's star halfback, passed twice to his running mate Eilers to put the ball on Idaho's five yard line and then went over for the touchdown. He missed a place kick try for point after the touchdown.

Idaho completed six punts out of 17 attempted and the Idahoans completed three out of 15. Stadium crowds from scrimmage and Oregon State 370.

Navy Scores 45-0 Victory

ANNAPOLIS, Md., Sept. 25 (AP)—The Navy football team opened its football season today by beating the 15,000 spectators an exhibition of power, which stopped William and Mary, 45 to 0.

The football match created by Iabasco and Harry J. Harvick, Navy's new head coach, rolled down the field twice in the first quarter to tally 14 points temporarily in the second period when the regular lineups were tested, but came back in the third to shove across four punts and touchdowns.

William and Mary added a seventh in the final quarter.

PROVO, Utah, Sept. 25 (AP)—Captaining on a fumble midway in the opening period, Brigham Young University Cougars moved out Colorado State Teachers College Bears 7 to 0 in perfect football weather today.

The early season play of both teams was marred by numerous fumbles and misplayed punts.

A 15-yard penalty and a fumble paved the way for the Cougars' lone touchdown. Cromer, teachers quarter, punted weakly from his own 42 yard line to BYU's 30.

On the first Cougar play, Teachers was penalized 15 yards for roughness.

Cromer intercepted a long Cougar pass intended for Capt. Wayne Sofke, but dropped the ball and Sofke recovered on Teachers' 13.

Three line plungers carried the ball to Teachers' 1 and Stringham plowed through center to score. Ken Sofke place kicked for the extra point.

Tomorrow.

The other survivor in the upper half of the draw was Jimmy Iloville of Chicago who outplayed with a 2 and 1 victory over Jimmy Blomson of Shawnee, Pa.

Byron Nelson of Reading, Pa., bested Ray Montgomery of Dayton, Ohio, two up, to move usual, Clarence Lacy of Great Neck, N. Y., who survived by outlasting Clarence Clark of Bloomfield Hills, N. J., 4 and 3.

Lighthouse Henry Cooper of Chicago crashed into the quarter-final by leading Leo Diegel of Philadelphia most of the way for a 2 and 1 victory.

Washington Huskies Conquer Iowa, 14-0

Captain Fritz Waskowitz Pitches Coast Champions to Opening Day Victory

SEATTLE, Sept. 25 (AP)—Shocking touchdowns with the precision their opponents might shake corn, the University of Washington Huskies triumphed 14 to 0 over the University of Iowa in the big inter-sectional opener witnessed by 24,000 fans in the Washington stadium today.

The fancy throwing right arm of Capt. Fritz Waskowitz started the defending champions of the Pacific coast conference on another conquering march at the expense of the Big Ten conference representative, opening the season under the new coach, Irl Tubbs.

On the second play of the second quarter Waskowitz whizzed a long hard one over the heads of the Hawkeyes and Halfback Jimmy Johnston hauled it down on the Iowa 15-yard line, shook off Bush Lamb, and romped away to a touchdown.

Johnston in the fourth quarter Waskowitz hurled one to Dick Johnson for 27 yards to reach the two yard line for another touchdown.

The Iowans, never in trouble when Washington was running with the ball, backed up Washington and Miller for another snare when the Huskies crossed them up.

Waskowitz started wide, as if to skirt end, then let up a heave to Tom Sheehra in the end-zone for another touchdown.

Santa Clara Downs Stanford; California Crushes Oregon, 30-7

Washington Huskies Turn Back Invading Iowans On Two Passes; Idaho and Gonzaga Surprise Opponents

NEW YORK, Sept. 25 (AP)—The 1937 football season broke into the sports pages today with a minimum of upsets. Most of the criticism started by wags and old stands and there wasn't much news in that.

Rewarding with the finest program of the day, Far Western fans saw Washington's Huskies, champions of the Pacific coast, turn back invading Iowa, 14-0, on two accurate passes by Fritz Waskowitz; California's highly touted Golden Bears

turned loose a powerful offensive to crush St. Mary's Goals, 30-7, and Santa Clara trip Stanford, 13-7, in a bruising battle in which all of the scoring came in the final quarter. Gonzaga and Idaho were the "victims" of a pair of mild surprises in the same sector. The former held Washington State to a scoreless draw while Idaho came from behind to nose out Oregon State, 7-6.

Who Major Battles Elsewhere the opening day's firing was marked by triumphs for Ohio State, Cornell, Texas and Vanderbilt in major tussles and some performances by these perennial national championship contenders, Minnesota and Pittsburgh.

A crowd of 68,000 saw Ohio State's Buckeyes whip invading Texas Christian, 14-0, as Columbus in business like fashion.

Penn State rallied for two touchdowns in the final quarter of a 26-19 decision. Texas sent Coach Dana Bible away to a flying start by wallowing Texas Tech, 25-15 while Vanderbilt's running game turned back Kentucky, 14-0.

Gophers Use 35 Players Pitt ran up a 30-0 count on Ohio Wesleyan as Dick Castano, a sophomore from Albany, N. Y., scored four touchdowns and paved for Minnesota used 55 players including Dana Andy Uram in a 59-7 victory over North Dakota State.

Southern Methodist trailed Denton, Teachers, 3-0, after three periods but came back with a pair of touchdowns in the fourth to win 14-3.

In the South, North Carolina was shocked by a 13-13 tie with South Carolina but the otherwise form was closely adhered to. Tulane had to work to gain a 7-0 decision over Georgia as Tennessee, Alabama, powers and Mississippi State

Minnesota's Mighty Eleven Piles up Huge Score Before 48,000 Fans

MINNEAPOLIS, Sept. 25 (AP)—Those Golden Gophers of Minnesota warmed up in spectacular style for their 1937 campaign today, crushing a same North Dakota State team 69 to 7 before 48,000 spectators.

They alternated power with deadly end sweeps and flashy aerial thrusts but conspicuously absent were the tricky laterals used so often in recent seasons until that Northwestern headcase that broke a 26-game Minnesota winning streak and stunned the football world.

Touchdown celebrities of the day were the first Andy Uram whose long runs inspired the high scoring program and Marty Christenson, Uram played only a few minutes but he contributed sparkling runs of 28, 25, 62, and 70. The last two were good for third quarter touchdowns.

It Looks Like a Tough Season, Comments Coach Crisler

By GREGORY HEWLETT PRINCETON, N. J., Sept. 24 (AP)—It's pessimism time in Tigertron as Football Coach Fritz Crisler prepares for his players for his sixth Princeton season with a whole gang of untested newcomers.

"It looks like a tough season," that's the way Crisler himself sums it up.

"All we've got to do is develop a complete line, including the outside line, a quarterback, and I don't know whether we can do it."

Crusler and others here are critical of "Scouts" but, their attitude seems to be that Princeton has rolled along in fine style since Crisler took over. His record is 23 wins, five ties and five defeats and they're ready to take the honors.

The reason for the dark outlook? That's simple. "I've letters from the coach, saying 'Captain' Charley Zoli, 220-pound tackle from Ann Arbor, is better than any I've seen in four years. He's a real find."

The only line-up letterman back behind in letters were at guard, but Crisler still is looking for new material. He may find what he wants among the sophomore wing or by sifting Alton Treha, sophomore, halfback from Irvington, N. J.

Twenty thousand spectators wondered if Coach Howard Jones' Trojans were really as powerful as they looked, as if the heavy backed punch of their veteran mentor, Alton Blazieff.

One thing was certain, Southern California's flashy offensive back that, alone brilliantly on both end and ahead.

"The" sparrows seldom are found in trees.

Don Budge Trims Baron Von Cramm

Californian Retains Southwest Tennis Title by Beating German

LOS ANGELES, Sept. 25 (AP)—Don Budge, Don Budge of California, retained his Pacific southwest tennis title today by achieving his fourth crucial victory of the season over Baron von Cramm of Germany.

It was a hard fought match but Budge managed to win in four sets, compared to their last two previous encounters, which saw five sets each.

Today's score was 2-6, 7-5, 6-4.

von Cramm had eight double faults to Budge's one, and this seemed to be the deciding factor in the match, as the German's came mostly at critical times.

Carroll Babcock, Los Angeles, and Dorothy Bundy, Santa Monica, Calif., and Dorothy Workman, Pasadena, today won their way to tomorrow's women's doubles final.

Babcock and Van Ryn disposed of Mrs. Dorothy Andre, Stamford, Conn., and Sylvia Henrich, France, 6-10, 6-3, 6-4.

Workman and Workman defeated Alice Marble, Los Angeles, and Anita Liansa, Chile, 6-4, 2-6, 6-4.

COMMITTEES FOR AIR SHOW NAMED

Idaho Pilots Association Pushes Plans For State Meet

Officials of the Idaho Pilots' association announced last evening the appointment of committees to work with committees delineated by the Burley Chamber of Commerce to promote the All-Idaho air meet which will be held at the fair grounds near October 23 and 24.

Committees to represent the association in its dealings with the department of commerce were also named. Representatives of the association accepted the invitation of the Burley Chamber of Commerce September 19 and have been pushing for weeks for the air meet in the history of Idaho as rapidly as they can.

Invitations have been extended to all private pilots in the state as well as to the army squadrons of bombers and pursuit ships headquarters at Salt Lake City.

Burley citizens have been working the past two weeks improving the air port and lengthening the east-west runway to accommodate the huge ships expected. A "pilot's lounge" will be a feature of the two nights of the program.

The following are the official committees:

Committees for rules and regulations: W. H. (Pete) Hill, chairman; Leon Marlyn, Filer, and Carroll Wylie, Twin Falls.

Poster distribution: Vic Kelley, Hazelton; Grant Kibben, Rusk; Mingo, Guy Riddle, Mr. Wylie.

Tickets committee: Frank Johnson, chairman; Craig Coleman, Elmer Vetter, Ritchie and Mingo.

Program committee: Mr. Hill, chairman; Joe Seaver and Lionel Dean.

Publicity: O. A. (Gus) Ketter.

BOHL TURNS TO LAKE FOR WATER

Council Authorizes Employment of Engineer to Investigate

BUHL, Sept. 25—Continuing search for a new source of municipal water supply, Buhl city council Tuesday voted to employ Harold William Merrill, Twin Falls civil engineer, to investigate and report on the possibility of pumping water to Buhl from Clear Lake.

In event of a favorable report by the engineer, councilmen may call an engineering firm specializing in waterworks systems, may be used to submit estimates of the cost of construction.

Councilmen also discussed at length the results of pumping water from a deep well adjoining the sewerage but took no action in this regard.

A letter addressed to the council by Buhl Chamber of Commerce urging employment of an engineer to report situation about operation also was read.

Discussion indicated a considerable volume of water has been pumped from a depth of 450 to 500 feet at the reservoir well.

Pumping operations which an engineer in charge said were only 15 to 20 per cent efficient, had delivered a volume of water approximately half enough to supply the city's peak requirements.

There was some talk to the effect that Twin Falls Canal company would drill a second well if the city were to install pumping equipment.

Council was advised a state car will arrive in Buhl Monday to spend heavy oil on Eleventh, Twelfth and thirteenth streets in connection with a continuing street oiling and curbing program.

American Falls Storage Gains

Irrigation season's heavy draft on water stored in Snake river reservoirs has been reduced so that a report issued by Lynn Graubill watermaster, Friday showed an increase for the first time since the irrigation season began, in the volume of water impounded in the American Falls reservoir.

The reservoir's contents were shown to be 405,239 acre feet Friday as against 401,640 acre feet the day before.

Twin Falls Canal company drew no storage water the past week. The reservoir's capacity is approximately 1,500,000 acre feet, filled last spring.
