MAN IMMORTAL
Of course he is. Everything in nature—and upon this big wonderful world, proclaims the fact of thinking man. It is for us to see and do.

They are not a chemical atom in man's physical body that can be destroyed, save by the All-wise Being who created it. For that matter, nothing that is in or upon this earth can be annihilated save by its Creator.

Suppose I burn this sheet of paper, on which I am printing these thoughts; a few particles of ash will remain. But, have I destroyed any thing? Nothing—except the form of matter, and mere form is not substance.

I have simply dispersed a few atoms, which are clinging to each other, in conformity with fixed laws through which Man may operate, but never which he has no control.

It is absolutely the same when a charge of gunpowder is exploded—no single particle of matter is destroyed; it is merely a process of changing its original position and intimacy of the chemicals in a combination known as gunpowder.

So with man's body. It may cease to function and proceed to disintegration, when what we call death comes. But not one atom of the body is lost or destroyed. Each chemical element floats back into its original position where it may do service in some other body.

It is a sublime thought. These particles composing my body—land yours—are as old as earth itself. They are absolutely indestructible. When we are through with some other job, we will be there. The soul, the life, will there—there—but back to the spirit from which it came, as do other units of this body of ours?

Your Income Tax

GROSS AND NET INCOME.

The term "gross income" may be defined generally for profit and purposes as all gains, profits and incomes, with limited exceptions, derived from salaries, wages, commissions, fees, hauls, interest, professions, trades, interest, dividends, rents, salaries, losses in property, or profits and income from any source whatever.

"Net income" is the amount of income remaining after all necessary and statutory allowances authorized by law, if any, have been deducted from the gross income.

Among the allowable deductions from gross income are:

1. Ordinary and necessary expenses on interest bearing the year in carrying on a trade or business.
2. Interest paid during the year on indebtedness.
3. Taxes paid or accrued during the year.
4. Losses incurred in trade or business during the taxable year, if not compensated for by insurance or otherwise.
5. Losses incurred within the year in any transaction entered into for profit, though not compensated for by insurance or otherwise, to the extent of the extent to which such losses are not compensated for by insurance or otherwise.
6. Losses arising during the year from fires, storms, or other casualty, or for theft, if not compensated for by insurance or otherwise.
7. Debts or parts of debts ascertained to be worthless, and charged off during the year.
8. Reasonable allowances for depreciation and absence of property of any kind used in trade or business.
9. Contributions or gifts made by individuals during the year to religious, charitable, educational, literary or organizations of war veterans, or for fraternal societies operating under the lodge system, when used exclusively for religious, charitable, scientific, literary or educational purposes.

Hoover Sworn In as President
by Judge Taft

Incumbent Ceremony Proceeds in Spite of Heavy Rain; Coldness Return to Northhampton.

In his inaugural speech as the first president of the United States, Monday, Herbert Hoover declared that the most urgent of dangers from which our people's government must be safe-guarded is disobedience to law, and that it is not only the duty of those who hold public office but of every citizen to help enforce it.

"Thousands of people stand in a heavy rain outside the Washington capitol building, and thousands of others are waiting for a glimpse of the new president. The inauguration ceremony is being broadcasted over the radio. The president-elect is seen from a distance. The ceremony is held in the presence of the highest dignitaries of the world. FARMERS ARE URGED TO CUT SPUD ACREAGE

Reduction of From 20 to 25 Per Cent Is Recommended—County Agents' Conforming.

Addressing the Idaho Falls chamber of commerce Monday, H. E. Shepherd of Jerome, president of the state chamber of commerce and chairman of the advisory committee of the Western Shippers' association, said that a reduction of from 20 to 25 per cent in potato acreage is necessary this year in order to stabilize the industry and insure profitable prices for this year's crop. He made overproduction for the marketing of profits on the spud crop in 1929.

:- DIVERSIFICATION :-

A ONE-CROP country never can enjoy real prosperity. We have the climate, the soil and the water supply essential to the production of any variety of crops, all of which have their place in systematic crop rotation. The most desirable cropping program is based upon a consideration of revenue, safety and continued soil fertility. Alfalfa, potatoes, sugar beets, and beans leave clean fertile land for the clovers, capable of producing maximum of wheat as a nurse-crop on land that has been prepared through DIVERSIFICATION and physically fit to produce the desired results—REVENUE. Speculative prices on the ever uncertain open market direct the conservative producer to the shelter of the guaranteed price crop on a reasonable portion of his land, hence the safety from over-production and consequent low prices so disastrous to farm and business prosperity. Reviewing the past and speculating on the future, Queen Alfalfa holds a place all her own.

POTATOES, average yield 150 sacks under ordinary conditions should net a return per acre of

\$60.00

With a \$1.00 market and an overhead of \$90.00 per acre where a holdover is necessary

The MONTANA WHITE BEAN on a 25 bushel average at a speculative price of 5c per pound yields a net return of

\$55.00

Plus bean straw, allowing \$20.00 per acre to cover the cost of seed, hand labor and threshing

With an average of 17 tons of SUGAR BEETS per acre, which has been obtained in Twin Falls County and can always be had in good years, a net return, including beet tops of

\$103.00

Is assured after deducting \$33.00 per acre of the contract price of all hand labor and seed

Alfalfa hay, bean straw, sugar beet tops, pulp and molasses fulfill the requirements of the most exacting feeders and dairymen. These by-products contribute most favorably to additional revenue with more frequent farm paydays and assure a continuation of that main essential—SOIL FERTILITY.

After carefully considering all of the elements governing farm revenue and effecting the prosperity of Twin Falls County we urge our friends and customers to adopt a safe systematic diversified crop program including a substantial acreage of Sugar Beets. Agricultural manufacturing industries are essential. Let us support the ones we have and thus be in a better position to interest capital in others. A cash crop, with a guaranteed price on beets on a favorable year should contribute materially to a healthy financial condition.

THE DESPERATE LOVER

By E. Phillips Oppenheim
ILLUSTRATED BY FRANK BURDIEU

WHAT HAPPENED BEFORE
Adrienne in the scene. There are some remarks of a Western character for love of Adrienne Cartuccio, who spurns him. He meets an Englishman, Lord St. Maurice, who falls in love with Adrienne on sight. Leonardo sees his sister Margharita, who tells him his love for Adrienne is hopeless. But he pleads with her to arrange an accidental meeting, to say farewell, between Adrienne and him.

You and Margharita, come of a race whose love and hatred are as much a part of their life as their blood. She gazed into his arms; and he went on, holding her. "Back I come at the peril of my life; content to die, if I were only at her feet. I found her cold and indifferent, blaming me even for my absence, desiring even for my exile. Not a word of pity to sweeten those weary days of agony, not a word of hope to repay me for all that I had risked to see her again. How I know the reason—another love had stolen away her heart. There was an Englishman visiting her daily at Palermo; and she told me calmly one day that she loved his wife, the life of her life, the last day of my life, the day of my release should see me avenged, and I would find them out in the remotest corners of the earth. I cried, that false woman and her English love, and I would find them out, and they should taste of my vengeance! To my trial I went, with that oath written in my heart. I carried it with me into my prison cell, and day by day and year by year, I repeated it to myself. I grew into my love, knew now it was his in my heart!

"Then as I stood there, Margharita, love shriveled up, and hate reigned in its place. The memory of that oath of our Order flashed into my mind. A curtain seemed raised before my eyes. I saw the long narrow room of our meeting place. I saw the dark, faithful faces of my comrades. I heard their firm voices—'Vengeance upon traitors, vengeance upon traitors!' She, too, this woman who had betrayed me, had worn our flowers upon her bosom against mine. I knew the reason—another love had stolen away her heart. I threw my sword into the sea, and I raised my clasped hands to the sky, and swore that, were it the last day of my life, the day of my release should see me avenged, and I would find them out in the remotest corners of the earth. I cried, that false woman and her English love, and I would find them out, and they should taste of my vengeance! To my trial I went, with that oath written in my heart. I carried it with me into my prison cell, and day by day and year by year, I repeated it to myself. I grew into my love, knew now it was his in my heart!

the White House is no more—worth than that, its very name has been dragged through the dust. One by one the old members fell away; its sacred name were forgotten. The story of its downward path will never be written. A few careless ignorants meet in a public house, night by night, to discuss the money I sent in beer and foul tobacco. That is the end of the Order of the White Hyacinth!"

Orpheum Will Have "Talkies"

A program of the latest "talkie" motion picture shows will start at the Orpheum theater in Twin Falls not later than March 25. According to plans being made by the manager, A. B. Anderson, and H. H. Hollister, secretary of the Twin Falls Amusement company, the latest recently visited New York where he studied all the latest devices in projecting "talkie" pictures, and returned to Twin

falls prepared to give local patrons the best available in that kind of picture, via the Cine- phone.

"The Tom, Caden" or "Shan- don" built successful picture after long runs in the bigger theaters of the country, will be played here first. The former is a two-reel dollar production and has all the up-to-date features depicting it in a graphic way. Edna Fisher's "Show Boat" has been a popular seller among the locals for several years and has had a two-year run in New York theaters.

Hostess Cakes

Now on Sale At All Grocery Stores in Twin Falls and Vicinity

We have made arrangements with Mr. Smith of the Royal Bakery to represent us in this territory and by this arrangement Hostess Cakes will be delivered fresh daily at all grocery stores.

By ALICE ADAMS PROCTOR
Madam: Quite frankly the aim of this advertisement is to induce you to try these Hostess Cakes.
These cakes are by no means an experiment—they are sold from coast to coast. Already their delicate flavor and freshness have won millions of women from the tedious drudgery of baking.
I urge you to order a supply from your grocer today, confident that a single bite will convince you far quicker than any boastful advertising claims that I might make.
You see I know the sunny, immaculate kitchens where these famous cakes are made. I know the talented pastry cooks who bake them.
I know, too, the ingredients that are used. Carefully selected eggs. Fresh, sweet shortening. Specially selected flour. Pure refined sugar.
Everyone of them has been heartily approved by the Good Housekeeping Institute.
Just this one word of warning. Be careful not to confuse these cakes with any ordinary brand you grocer may offer.
Genuine Hostess Cakes are always fresh. Demand them from your grocer by name. Always look carefully to see that you get them.

THE OLEO BUSINESS

Some of our dairymen may have read lately in the metropolitan press that Charles W. Holman, secretary of the National Cooperative Milk Producers Federation had appeared before the House Ways and Means Committee, demanding in addition to a general increase in the tariff on all dairy products, and ad valorem duty on vegetable oils of 45 percent, as well as a corresponding duty on all raw materials from which oils may be extracted. At the present time, there is a duty of 3 cents a pound on vegetable oils, but his does not apply to imports from the Philippine Islands, an insular possession of the United States, but which are physically, economically, industrially, racially and socially more foreign than any European country. Mr. Holman asks that the duty on vegetable oils from the Philippines be made the same as from foreign lands.

The practical bearing of this matter is that the copra and coconut oil from the Philippines now enters this country duty free. It is produced in the very cheapest way, without the slightest regard for sanitary conditions, by oriental labor slaving for a mere pittance of a few cents a day. Finally, after an intricate refining and manufacturing process, the product masquerades as the much advertised, lily white oleomargarine. In this form it enters into direct competition with pure cows' butter, the product of the American dairymen who must produce under the high standards and whose tax for county, state and nation amounts in many ways to over 50 per cent of their net incomes.

Now what part do our local dairymen play in this large program? Those who are members of the Jerome Cooperative Creamery need not be ashamed of their part, because their creamery is affiliated, through their cooperative sales organization, with the National Cooperative Milk Producers' Federation. They stand an assessment of 10 cents each year to support the National Federation and to pay Secretary Holman's salary. Dairymen who do not patronize the cooperative creamery, and who sell their butterfat to concerns which are engaged in the oleomargarine business might be said to find themselves in a somewhat inconsistent position if they profess strong antagonism to the oleo interests.

PREACHERS WORK HARD

Give a thought to your preacher. He is a hard working man.

During 1928, President Coolidge wrote 22 public speeches and messages to Congress.

These required much concentrated thought. The industry of the president was commented on everywhere. True, the feat was remarkable and the work it necessitated heavy indeed.

But give a thought to your preacher.

During 1928 he wrote 62 sermons.

Each time the congregation expected something new and true of him—something they hadn't heard before, enunciated eloquently, phrased interestingly.

This comparison in no way detracts from the importance of the messages delivered by Coolidge and our sincere admiration of the hard work and his courage in facing the arduous task of preparation for these messages of such world-wide importance.

We only make the comparison to picture to you vividly the giant task that is required of every preacher, poor and rich, obscure or famous, of every denomination, throughout the length and breadth of the land. These many bringers of light certainly deserve attention paid to what they have to say.

When Congressmen talk about the consumer they mean, of course, the hot air consumer.

Wolverine Shell Cordovan Horsehide

Think of tramping through rain, snow, and mud all day—next morning you slip on your shoes as if they were soft as the day you bought them. Think of wearing shoes that never rip or tear. And that wear long after ordinary work shoes are thrown away.

That's what you can now buy in Wolverines—due to a special kind of horsehide called Shell Cordovan Horsehide, tanned for wear, smooth by Wolverine. It is taken from the horse's hips and includes the shell which reinforces the outside hide. That's why Wolverines show no signs of wear for months and months. The seams are drawn into the surface so you can hardly feel them. And the acids of day soils, sweat feet, manure piles, or dairy floors don't eat the leather.

Try one pair of Wolverines and you'll always prefer them. We have all styles—at prices that are surprisingly reasonable. Come in today.

EDEN

Women's organizations of Eden have recently visited much interesting in discussing matters of civic interest pertaining to matters affecting and influencing the youth of the community.

At the last Civic club meeting at the home of Mrs. Frank Fulton in Eden it was disclosed that no less than four slot machines are operating illegally in Eden at the present time.

The Ladies' Aid of the Eden Presbyterian church at its meeting Thursday displayed the fact that three adds adorn our bill boards all over the first segregation, displaying young women handing out cigarettes. They feel that this display is detrimental to the youth of our community. Eden Grange went on record also, as opposed to tobacco advertisements and petitioned bill board owners on the First Segregation to keep these objectionable adds from display. A majority of the women and men of Eden are desirous of keeping the town clean for the sake of the young men and women who are growing up in this environment.

Mrs. J. H. Henry had charge of a program at Civic club Wednesday evening, the subject being "Better Homes."

The Ladies' Aid was pleasantly entertained by Mrs. Chas. Hoag and Mrs. Kohler at the home of the former Thursday. Luncheon was served following the business meeting.

W. W. Sandberg, fieldman for the Jerome Cooperative Creamery

drove down to Eden Thursday. The Grange meeting Saturday afternoon was not attended as well as usual, due, no doubt, to bad roads. Reports showed that the potato school held at the hall recently was quite successful and valuable. The date for the next picture show and forestry lecture was finally set for Thursday, March 14, and all are urged to attend. The entertainment is free to everybody. An oyster supper was served at the conclusion of the business meeting by Mrs. H. C. Bantel, Mrs. Ed. Bantel, and Mrs. J. C. Knatt. The grange meetings will be held in the evening, the first and third Friday night of each month, the next one being Friday evening, March 15. Prof. and Mrs. Earl Smith have moved into apartments at the Eden hotel; the house they have been living in having been sold to Mr. Patton.

Filer

Mrs. A. Duquesne disposed of her 20 acres just across the highway the west of Filer this week to John Schiffer, who has taken immediate possession. The consideration for this property was \$25,000. Mrs. Duquesne will be husband and son, Elmer, have the distinction of being the first family to build a shack here. The city of Filer now stands and has realized here ever since. Temporary Mrs. Duquesne will return to the T. D. Smith home but later plans to do considerable traveling and enjoy the rest she has earned. Carl Carter, 7 year old son of Mrs. Harvey Carter, pushed his coaster wagon directly in the path of a car going Nebraska Avenue Thursday and was dragged from near the Central service station more than 50 feet east. He received several cuts and bruises about the face but escaped without serious injury. The name of the car was not recalled. It was stopped at the office of Dr. Dwight and gave attention to the boys injuries until satisfied that they were not serious.

Members of the Filer Kiwanis club held up a little extra to face the concert after their regular day luncheon. The regular program consisted of only the usual song service and immediately after the members sang at the Filer Rural high school to be photographed by the Wildcat camera. George and his wife, Mrs. J. W. Lincoln, G. P. Duval and Walter Smith of Twin Falls, were present. The Kiwanis club held their night bridges club at her home Thursday afternoon. High scores were recorded by Mrs. J. H. Freeman and Mrs. W. L. Kleinsorge.

A number of Filer Masons met their regular monthly meeting Thursday evening to attend a Masonic dance.

Mrs. C. Thover, who has been a guest of her sister Mrs. W. M. Cannon since Wednesday, left Friday for her home at Burley.

Mrs. and Mrs. L. Lanestrom entertained Thursday evening luncheon and Mrs. Harold Lanestrom, who were recently married. Only immediate family were present. Mr. and Mrs. Lanestrom were the recipients of many beautiful gifts.

Mr. and Mrs. Fred Kaster are the parents of a son born Monday, March 4 at their home.

Mrs. W. P. Young submitted to a major operation Monday at the county hospital.

Mrs. and Mrs. J. T. Harshbarger are the parents of a son born Saturday, March 2.

Mr. and Mrs. C. E. Lancaster and Mr. and Mrs. F. E. Galt attended a dinner Saturday evening at the U. C. Hoffman home. The occasion was the twelfth wedding anniversary of Mr. and Mrs. Hoffman.

The Star Social club will have charge of a card party Wednesday evening following the regular O. E. S. meeting.

The "Red" Mastrons' club met Friday afternoon with Mrs. A. J. Shinn. Officers were elected as follows: President, Mrs. W. P. Galt; vice president, Mrs. F. E. Galt; secretary-treasurer, Mrs. W. L. Klappenberg. Refreshments were served.

Mrs. and Madames Nat Bowman, J. F. Gulick, E. S. La Hue, Charles Richter and Luther Pierce of Burley, Mrs. J. H. McMiller and Virginia LaHue enjoyed a hot lunch dinner Monday at the O. J. Childs home.
