

State College of Washington  
**This Week**  
 By Arthur Brisbane  
**LONG LIFE TO THEM. DOWN GOES WHEAT. WHAT WILL LABOR DO? MACHINERY PLUS POWER.**  
 You hope that "the" young couple will live many years happily, and that the young man will be a rich man, and the young woman will be a rich woman. There is happiness in being well known, and well liked, and well respected, and young Lindbergh possesses all these things.  
 Without exception, the entire world wishes him well.  
 The price of wheat dropped to 97 1/2 cents some days ago. Lowest price since 1914. For the Federal Reserve, the combined forces of usury to attack wheat, values makes no difference. Only wheated farmers buy stocks.  
 But the conduct of the Federal Reserve will attract President Hoover's attention. I wish to see the Federal Reserve produce cotton dropping.  
 It is encouraging to see office on that your Federal Reserve is hitting the cotton and cotton growers on the head.  
 Labor appears to have won the British election.  
 British labor is socialist, much of it communist, but of mild communism.  
 Imagine the panic in dear old Wall Street and every well organized financial unit of Labor and Socialism have controlled the government of this country.  
 But the British will manage. They "manage" because they have common sense and intelligent leaders.  
 Jimmy MacDonald is a good man. There is a British, although not as great or able a statesman as Lloyd George.  
 The motto of the Pacific Coast seems to be: "You have got to get it, get it, get it."  
 The city of Stockton, the San Joaquin and Sacramento valleys will produce enough food to feed a great part of the world.  
 But the place needs a harbor for ships, and will have it. Stockton, the Sacramento valley, and the Federal Government this year will dig a deep water channel to the sea, and Stockton will have a harbor. It will hold 50 per cent of the ships that come through the Golden Gate.  
 No one knows what the future of the Pacific Coast will be, or what the future of the world will be. But the future will be a better one than the past.  
 Mr. George E. Moore of No. 25 Vandewater avenue, New York City, has written a book, "The Future of the World," which is a masterpiece of logic and common sense. You can get it at any bookstore, or by mail from the publisher, George E. Moore, 25 Vandewater avenue, New York City.  
**EVERYTHING IS POSSIBLE.**

**CONGRESS AT LOGGERS' HEADS ON FARM BILL**  
 Debuture Plan As Bone of Contention Slips Up Quere While Summer Goes By.  
 Farm legislation so far is at a standstill in congress because of the controversy between the house and the senate, chiefly over the debenture plan. Following the action of house members of the agricultural committee in walking out of conference two weeks ago, the senate members retaliated by voting again for the farm bill with the debenture plan included. It is now only the senate which is expected to pass the bill.  
 This action brought another criticism of the debenture from President Hoover and stirred up a vigorous quarrel among the opponents and supporters of the debenture in both house and senate.  
 Some political writers in Washington state that the house is now preparing to vote on the farm bill with the debenture plan included. This is the only plan which the farmers have wanted from the first, but certain members of the house of representatives have, nevertheless, forestalled such a vote because, these political writers assert, they do not want to go on record in support of it, preferring to have their committee report the bill out without themselves having "pledged" for or against it.  
 The question is indicated that the house will vote on the debenture plan, the prospect being that the debenture will be promptly defeated, and then the house will vote on the farm bill without the debenture plan.  
 Mr. Johnson's objection in the senate is that the debenture plan is a "loan" to the farmer, and that the farmer should not be allowed to borrow money from the government.  
 Mr. Johnson's objection in the senate is that the debenture plan is a "loan" to the farmer, and that the farmer should not be allowed to borrow money from the government.

**Salmon Tract Hearing Is On**  
 County Commissioners Will Hear On Rejection Authority Now Organization  
 Hearing on the position of Salmon project center for calling of an election authorizing creation of a new irrigation district for that tract continued Thursday noon with arguments being presented by W. O. Chapman, associate counsel for the Salmon River Canal company, against the petition.  
 Mr. Chapman was challenging the legality of certain signatures to the petition, pointing out some that could have no standing on the request for organization of a new district, either because they were written without authority from the real landowners or for some other technical reason.  
 Counsel and witnesses for the petitioners previously stated their case, explaining the nature of the petition and the nature of the petitioners' supply of water for the Salmon tract and outlining the methods by which the increased supply was to be secured. This included tapping the Jarbridge river through a long canal and a tunnel. This additional water, it was asserted, would adequately supply the irrigation needs of the 35,000 acres on the Salmon tract.  
 Testimony to this effect was presented by Burton Smith, farm manager of the Twin Falls Canal company, J. P. Marshall, engineer and others. This project would cost in the neighborhood of a million dollars. It was suggested, and would provide irrigation water for an additional 100,000 acres now not included in the Salmon irrigation district.  
 On this basis of the testimony given at the hearing, the county commissioners will meet Monday night to consider the petition.

**NEW TRAFFIC LAW PASSED**  
 At the Monday night meeting of the city council a new ordinance was adopted prohibiting parking after 8 o'clock on all days but Saturday. This applies to the district two blocks each way on Main street from the intersection of Main street and Shoshone street. The limit on Saturday night is ten o'clock, the exception being for the district two blocks each way on Main street from the intersection of Main street and Shoshone street.  
 The amendment was adopted on third reading and will go into effect June 24. The commission also discussed a proposal to prohibit parking on all streets after 8 o'clock on all days but Saturday. This applies to the district two blocks each way on Main street from the intersection of Main street and Shoshone street. The limit on Saturday night is ten o'clock, the exception being for the district two blocks each way on Main street from the intersection of Main street and Shoshone street.

**FUNDS LEFT FOR SCHOOL BOARD**  
 With a balance of more than \$1400 in the treasury at the close of the school year, the Twin Falls school board has decided to provide for the purchase of machinery for the domestic science department; a new wood lathe for the manual arts department, and have the school board purchase a new typewriter for the business department.  
 The board also has decided to purchase a new typewriter for the business department, and have the school board purchase a new typewriter for the business department.  
 The board also has decided to purchase a new typewriter for the business department, and have the school board purchase a new typewriter for the business department.

**Bee Licenses Coming Fast**  
 Idaho has 30705 stands of bees already on the license roll and the number probably will increase to 50,000 before the year closes, the department of agriculture reports.  
 The number steadily increased represents an increase over the 1925 season.  
 So far, 10,000 of the 140,000 stands of bees have been licensed.  
 The department of agriculture reports that the number of beekeepers in Idaho is increasing rapidly, and that the number of bees is also increasing.

**Young Lawyer Will Soon Wed**  
 J. A. Wilson, law partner of J. E. M. Wolfe and assistant county attorney under O. W. Wilson for Twin Falls county last fall, is to be married late this month to Miss Jane Anderson, daughter of Mrs. Edward H. Anderson of Salt Lake City, Mr. Wilson has been located in Butte, Idaho, since January 20 taking care of the firm's legal business in that city.  
 Mr. Wilson is the president of the Twin Falls Young Men's Association, and is also a member of the Twin Falls Golf and Country Club.  
 The wedding will be held at the home of the bride's parents, Mr. and Mrs. J. E. M. Wolfe, in Butte, Idaho, on Saturday, June 22, at 10 o'clock.

**Nebraska Picnic Sunday, June 23**  
 Former residents of Nebraska will gather on the county grounds at 11:30 a. m. on Sunday, June 23, for a Nebraska picnic. The picnic will be held on the grounds of the Twin Falls Golf and Country Club.  
 The picnic will be held on the grounds of the Twin Falls Golf and Country Club.

**Keenan Quits Hospital To Take Boise Fair Job**  
 Frank R. Keenan, at present manager of the county general hospital is resigning his position to accept appointment as secretary and manager of the international Idaho county fair, a position to which he was elected last year but did not accept on account of the legal liability of the institution to function at that time.  
 The Idaho county fair has now complied with the legal requirements and the fair board has been officially created by the county commissioners. Mr. Keenan has again been asked to assume the task of attending the fair this fall.  
 He was for two years secretary of the Twin Falls county fair, and has served as county hospital manager since about April 1.  
 County Commissioner M. C. Ware of Twin Falls stated Wednesday that the Idaho county fair has not yet been completed, but the probability is that there will be a record for Mr. Keenan, the general supervisor being in charge of Mrs. Charles Austin, heretofore the hospital superintendent, who was accepted Wednesday.

**Dad's Day - One Day When He Gets Something Besides Bills**  
 By Albert T. Reid  
 Dad's Day is a day when a father is honored for his contributions to the world. It is a day when a father is honored for his contributions to the world. It is a day when a father is honored for his contributions to the world.

**State Official Bandid Victim In North Idaho**  
 W. R. Kinn, lieutenant governor of Idaho, was injured by a sensational episode Wednesday when he was shot by a bandit while driving in the mountains near Orofino, drove off with him a captive in his own car which they were taking to a hideout in a forest. He was eventually let loose by two companions and out of his prison without serious injury.  
 Mr. Kinn said he was driving on the road when four men were in the car with him. He was ordered to lie down in his car while the other drove away at 60 miles an hour. When the car turned out the car turned over and was wrecked, but the men were not hurt. They took the lieutenant governor into the mountains where they were followed by W. L. Trelby, and Paul Kille, lumbermen, who were on the lookout for the bandits. Kille and Trelby were over the road and tied up with Kinn.

**General Robert Lee Bullard and Delegation of San Francisco Business Men Here**  
 Twin Falls was host Thursday to a group of San Francisco business men and General Robert Lee Bullard, one of the noted leaders of the American expeditionary forces in the World War, General Bullard and his party arrived in town on the 12. He is in town shortly before noon, Governor H. C. Baldrige also arriving about that time.  
 The reception of the general by the committee in charge of presenting the chamber of commerce and the American Legion, was the first of the program. An annual luncheon was held at the Regency hotel in honor of the visitors. At this luncheon members of the chamber of commerce and the American Legion were held jointly at the Regency.  
 At the same time Mrs. Bullard was similarly entertained by the chamber of commerce and the American Legion.  
 The party of about 50 San Francisco business men, members of the chamber of commerce, were in Twin Falls on their road-will into Idaho, Utah and other portions of the mountain region.  
 These men were taken on a tour of the Twinland Empire during which they visited the city of Boise and the city of Idaho Falls. General Bullard and his party came from Moscow, where he directed the commandment exercises of the state university and dedicated the new \$500,000 Memorial to Idaho's gold-mining industry. He was accompanied by his wife and two children, all of them being from Twin Falls city.

**MAGIC CITY IS HOST TO NOTED WAR GENERAL**

**State Legion Meet in Boise August 1-3**  
 A decade has passed since the first state convention of Idaho agriculturists was held in Boise. This year the convention will be held in Boise, August 1-3, 1929.  
 The convention will be held in Boise, August 1-3, 1929.

**Hoover Scores Advocates Of Export Debenture Legislation**  
 President Hoover's statement opposing the export debenture plan of farm relief as approved for the second time Tuesday is a rebuff to the advocates of the plan. The delay to farm relief and may gravely jeopardize the enactment of legislation. In rejecting the report of the senate and house conferees, which report was agreed to by members of both parties, the senate has in effect rejected a bill which provides for the creation of the most important agency ever set up in the government to assist an industry—the proposed federal farm board, endowed with extraordinary authority to reorganize the marketing system in the interest of the farmer; to stabilize his industry and to carry out these arrangements in conjunction with farm cooperatives, with a capital of \$500,000,000, as an earnest recognition of the consciousness of the work. It is a proposal for steady upbuilding of agriculture on firm foundations of equality with other industry and to remove the agricultural problem from politics and place it in the realm of business.  
 "The conferees' bill carried out the plan advanced in the campaign in every particular. Every other plan of agricultural relief was rejected in that campaign and this plan was one of the most important and best in the principal agricultural states and was given as a mandate by an impressive majority in these states. Subsidies were condemned in the course of the campaign, and the so-called debenture plan—that is the giving of subsidies on exports—was not raised by either party, nor by its proponents."  
 "No serious attempt has been made to meet the many practical objections I and leaders in congress have advanced against this proposal. It was not accepted by the house of representatives and has been overwhelmingly condemned by the press and is opposed by many leading farm organizations. For no matter what the theory of the export subsidy may be, in the practical world we live in, it will not bring equality but will bring further disparity to agriculture. It will bring immediate profits to some speculators and disaster to the farmer."  
 "I earnestly hope that the congress will enact the conferees' report and allow us to enter upon the building of a sound agricultural system rather than to longer deprive the farmer of the relief which he sorely needs."

 Clinics Being Conducted Throughout County By Dr. D. C. Cowgill.  
 The health unit is functioning throughout the county. The health unit is functioning throughout the county.

**Time Now For Third Spray Says Gipson**  
 By EDGAR V. GIPSON  
 District Horticultural Inspector  
 The time has come for the third spray for worm growers who wish to successfully combat the worm menace. The time has come for the third spray for worm growers who wish to successfully combat the worm menace.

**GIRL INJURED IN BAD FALL**  
 Continued improvement is reported in the condition of Genevieve Abbott, 15, who was taken to the county hospital Tuesday afternoon after falling from a tree into Rock Creek canyon near Twin Falls. She landed on a travel platform and suffered a broken left elbow, lateral condyle and fracture of the right arm.  
 Miss Abbott's father, Mr. W. E. Weaver, county health physician who examined her.  
 With several companions, the little girl was walking a steel trestle and lost her balance. Help was immediately summoned and she was taken to the hospital for treatment. Her father was located Wednesday in Kimberly, Nevada, and returned to Twin Falls on Friday. The family moved to Twin Falls from Hazelton a few months ago.
