

VOLUME 10. TWIN FALLS. TWIN FALLS COUNTY, IDAHO, FRIDAY, DECEMBER 6, 1929. Number 46.

NEWMAN MUST PAY \$2585 FOR AUTO ACCIDENT

Jury Brings Verdict Against Twin Falls Sheepman and In Behalf of Gooding Woman.

A district court jury took about two and a half hours to return a verdict against J. W. Newman Wednesday in the \$2585 damage suit filed against him by Walter Ruby and Beulah Ruby of Gooding. The first year in the lawsuit amounted to nearly \$1000 in undischarged cars. The second year, an appeal is turned over to the court.

Many who read this will live to see airplanes running regularly on some time schedule.

TIME
TIME 1/2 hour, said P. O. Risher. Few witnesses had any idea what that meant.

The new lawyer process of painting motor cars takes one day in the paint shop instead of a month. Paint-shop floors are now nearly \$1000 in undischarged cars. The second year, an appeal is turned over to the court.

Railroads run fast freight trains today on a regular schedule. At this time of car shortages in a week that used to take a month to build. They are not to be used in the same way. Hence have less capital tied up, lower interest charges and can sell cheaper. Every attention will be given to the use of living in this complex machine race.

TEACHERS PUBLIC EDUCATION WILL NEVER BE A GOOD AS LONG AS WE HAVE AS MANY AS THESE

Public education will never be a good as long as we have as many as these. The only really educated people in this country are the teachers. They are the only ones who are not paid for their work. They are the only ones who are not paid for their work. They are the only ones who are not paid for their work.

TELEPHONE CO. COMPLETING A LARGE PROGRAM

The Mountain States Telephone company is completing one of its best years in the extension of new lines into existing rural sections and the improvement of existing service. These improvements are making the Twinland Empire the best connected territory in the United States, in the opinion of the local manager, M. E. Dolling.

The development program was somewhat curtailed from what was expected earlier in the year, but despite this there have been five new extensions in all parts of the region this year. This includes 12 miles of new lines out of Haakton, reaching into the Greenwood district; 20 miles out of Eden; six miles out of Kimberly, and 16 miles out of Twin Falls. In addition, the company has been everything to make 12 miles of new lines on the Murtaugh exchange covering the Miller Low lift area.

Many New Subscribers.
Twenty-five new telephones have been added to the Twin Falls exchange in the first ten months of this year. Manager Dolling said this is a better increase than for several years. Twenty-two new subscribers have been obtained in the Miller lowlift district for service when those new lines are established.

The company has extended special interest to the construction of camps along the route of the Miller-Shoshone trail between Miller and Bluff. Two miles of this work has been done by the Brotherhood camp, which is the largest of the group, northeast of Haakton. The new extension has cost about \$250 a mile, Manager Dolling stated.

Some of the new telephones have been installed in the city, but the bulk of this work has been in the rural section. The company plans a budget of next year as big as the present, which will provide for still further extensions among the farms of this region.

The results built by this amount to \$200,000, reaching July 1; Weller and Grangeville sections, and covering all parts of Southern Idaho.

Lower Toll Costs.
In handling toll extensions, toll costs have been reduced in all toll costs on long distance calls. These reductions in cost to the general public are stated by the manager as follows: October 1, 1929, \$4,000,000; December 1, 1929, \$5,000,000; February 1, 1930, \$6,000,000. Another reduction totaling \$6,000,000 is to be in effect January 1, 1930.

The new rates affect "station toll" calls — where you are willing to talk with anyone at the place called, not a certain person, and other improvement in service offered by the company is the reduction in time required to complete a long distance call. This average is 15 minutes in 1929 and now averages only two minutes.

PRODUCE SHIPMENTS HIGH
Produce shipments from Twin Falls for November total 7451 carloads, with apples in the lead, with peaches second, home dried and potatoes fourth. Numerous other commodities ranged down to corn Wednesday night. As Captain O'Connell and Dr. Dreller will be in the city, he has returned from his trip to the States, he has returned from his trip to the States, he has returned from his trip to the States.

Records Show What Hens Can Do With the Best of Care

The Idaho Egg Producers association has encouraged poultrymen to keep accurate records of their flocking, feeding, housing, laying, eggs used at home, eggs sold and all other factors connected in order to show how the problem of costs and other factors recently submitted to Earl Brockman, local manager, showed what can be done with chickens when they are handled right and good records are kept. The total net profit was \$400.12. Mr. Brockman said this record is an unusual one, the degree of profit being made by H. G. Schaefer of Halding being about the average.

Schaefer's hens netted \$3.61 each for the year ending October 29. His flock contained 245 and ranged from 184 to 281 during that period of 265 days. The flock produced 64,258 eggs or an average of 221 per hen for the year. The gross income from the hens was \$456.40 and eggs sold for \$149.30. One hundred and thirty-five dozen eggs were used at home, valued at \$38.87. There were 17 dozen worth \$10.51 and the family used 52 hens worth \$25.50.

Feed for the year cost \$47.65. Forty-two hens, worth \$23, were sold. Mr. Schaefer received a bonus of \$18.87 from the association. Deducting his total cost and loss of \$400.05 from the total production value of \$184.84 left him a net profit of \$84.79.

He still had 184 hens laying fifteen dozen eggs a day at the time the Idaho Egg Producers' association through which he marketed his eggs.

Farmers Of Idaho Receive Many Awards

Green state farmers won a good share of awards at the International livestock show in Chicago last several days. Idaho exhibitors took 110 awards, 16 of which were in the three-elder division. The four winners were C. E. Johnson of Jerome who took first place in the three-elder division; Louis Felt of Blackfoot, who won fourth place in the three-elder division; T. J. Tringolles of Aberdeen took fifth place.

W. A. McCloud of Wendell won seventh place in the three-elder division; W. E. Griddle of Morgan, Utah, won eighth in the three-elder division; and Donald Vandorf of Aberdeen was eleventh. Williams Block of Emmett was second with ten sets of white corn, region one; T. A. Allen of Meridian was fourth; Leo Cull of Tuttle was fifth; and W. Herd of Sunnyside was ninth.

For single sets of corn, region one, Leo Cull was first; G. J. Evans of Clark was second; Dave Farmer of Boise was fifth; Durian Brothers of Emmett, sixth; and Williams Block of Emmett, seventh.

FOOTBALL BOYS FETED
The "Pop Girls" of Twin Falls high school and the domestic girls' sports record, home dried and potatoes fourth. Numerous other commodities ranged down to corn Wednesday night. As Captain O'Connell and Dr. Dreller will be in the city, he has returned from his trip to the States, he has returned from his trip to the States.

PINKY DINKY!

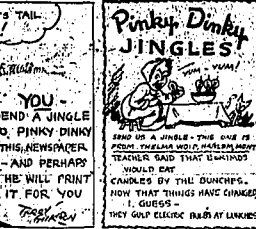

DAD IS A POET BUT DOESN'T KNOW IT

YOU SEND A JINGLE TO PINKY DINKY

By TERRY GILKISON

TURKEY PRICES ARE VARIABLE

The Christmas turkey pool of the Idaho Turkey Growers' association is showing several days ago at Boise for a price less than the Thanksgiving pool. The reduction resulted from a slump in prices just as the Thanksgiving birds were engaging to market. That slump, in turn, was due to an overproduction of birds in the country compared with last year. That situation caused many of them to be put in stores for the Christmas trade, which was an unusual situation.

Forty of the 76 carloads of Christmas turkeys were sold to the Nampa country for 25 to 27 cents a pound for young toms; 21 to 23 cents for young hens; 17 to 19 cents for old toms, and 13 to 15 cents for old hens. These prices were quoted for loose shipments, one half cent a pound being deducted for handling charge.

The balance of the Christmas turkeys remained unsold at the first bidding but were to be sold within a few days. Local independent dealers yesterday quoted the following net prices for turkeys: No. 1 young hen, 20c; No. 2 young hen, 18c; No. 3 young hen, 16c; No. 1 turkey, 10c; No. 2 turkey, 9c.

Other Towns Name Officers

Only Twin Falls and Halding had heavy sales in the highway district elections this week. In many districts there was no contest, the incumbents in most cases being re-elected by a few citizens. New candidates were written in occasionally, but there was no organizing to make the situation interesting.

Wendell highway district re-elected W. C. Abbott and Eric Anderson to work with C. P. Chapman, holder. The West Paul highway district at Wendell re-elected W. S. Burdick and W. G. Evans to work with J. J. Newberry, holder. Burdick and Evans had some opposition with names written in.

Harnes, Hansen municipal attorney, who was authorized after the last council meeting. About 60 persons would vote.

HAILEY MINES COME BACK

Unofficial reports from Hailey state that the Federal Mining and Smelting company, together with several other interests, including lands or leases in that district are preparing to conduct exploration and mining, making the district outlook around Hailey, Ketchikan and Bellevue brighter than it has been for a number of years. The development has been done the last two years by the Triumph Mining company, with approximately 80 men employed.

KELLY INVITES STUDENT HELP

President Frederick J. Kelly of the University of Idaho, Moscow, is instituting a new policy of administration to give students a larger share in the direct administration of the institution. This will consist of a student advisory council with each organized student body on the campus having a representative at each weekly meeting of the council to confer with "administrative officers" on problems of academic nature as well as questions of student activity.

The new group which is asked to fix the holidays, for 1931, keeping in mind that the holidays will mean the university must operate longer in the spring. Other matters to be considered will include absences from class, grading, courses of study and university rules regarding social activities.

President Kelly has recommended this departure from usual procedure of university councils with the statement that students should have more opportunity in educating themselves, instead of leaving all this to the instructions of an unwilling to trust student judgment, he said. "I think students will make proper judgments and take responsibility if they know all the facts."

HIGHWAY DISTRICT ELECTIONS

During the last few days friends of O. M. Hater, plowman Twin Falls, advanced him as a candidate for election on the Twin Falls highway district. His friends favored J. E. Winans for re-election which would make Mr. Hater an opponent of J. P. Winans, president of the board, who also sought re-election. The terms for four years and the election covered nine precincts in the Twin Falls district.

CASEIN PLANT STARTS

Work started last week on the new casein plant of the Jerome Cooperative Creamery company at Jerome.

FUNERALS

WONACOTT — Rev. Cecil F. Hilstow of the Methodist church, conducted funeral services Thursday afternoon for Edward Wrenn, 20, son of Mr. and Mrs. Edward Wrenn, who died of pneumonia after a prolonged period of ill health.

Announcement

After 25 years in Twin Falls we have moved into our new, large, substantial brick home just completed at the same location as formerly on west Main avenue, Twin Falls, on block west of Fire Office.

This is an invitation to visit us in our new home, see our new lines and permit us to serve you as in the past. We are out of the high rent district and own our own building. We buy for cash and sell for less — get our prices, we can save you money. Plenty of room to park.

PAINTS, ENAMELS, KALSOMINE
We stock a full and complete line of McMurtry paints, 4-hour Enamels, and Varnish in all colors for floors and furniture. Mureco Kalsomine in bulk; brushes of all descriptions.

AUTO DOOR GLASS
We have a carload of auto glass and window glass (no charge for setting).

WALL PAPER—PICTURE MOULDING
A new stock of 1930 patterns in wallpaper has just been received for your inspection and we carry a most complete line of picture moulding. We do picture framing as regular prices. See our line of mouldings.

FURNITURE AND RUGS
Most important is the fact that we have added a full line of reasonably priced furniture, rugs, Linoleum and Linoleum rugs. Do not buy furniture until you have seen and priced ours. You will be able to SAVE here. Get our prices on unfinished furniture.

RADIOS AND SUPPLIES
Also, we will hereafter carry a complete line of Stoinite Radios and Radio supplies. We solicit your radio repair work as well. We have an expert radio man in charge of this department. If you are having trouble, Phone 5 or just bring in your set, any make.

Our growing business has been built on SERVICE, QUALITY, PRICE and SATISFACTION to the customer. We never have a bigger or better store and stock and service from you a continuation of this patronage, for which you have our personal appreciation and pledge to supply you with HIGH VALUES and LOW PRICES, with a money-back guarantee.
