

CHANGE IN WELL-KNOWN COMPANY

Twin Falls Development Company Increases Capital.

NEW MEMBERS TAKEN INTO PIONEER REALTY COMPANY.

Capital Stock All Subscribed and Increase Sanctioned by Secretary of State.

Important changes have taken place in one of the pioneer realty firms of this city by which the capital stock was largely increased and the personnel of the company was changed. The Twin Falls Development company has been in business in this city for the past four years and has had a splendid reputation as a reputable firm. The recent change increases the capital stock from \$500 to \$5000 and places the following officers and directors in charge of the affairs of the company:

W. P. Guthrie, president; C. R. Wade, vice-president; N. C. Clark, secretary and treasurer; Jas. B. Hamby, field manager; John H. Wilson, W. A. Power and W. H. Craven, directors. Mr. Ed L. Arthur, retiring and selling his interest back to the company.

The company will do a general real estate business during a brokerage business in large stock and properties. The company will put in the field an experienced corps of salesmen, who will cover a large territory selling real estate and the various stocks and bonds that the company has to sell.

The Twin Falls Development company is not and will not be a speculative enterprise, as it will be content to act as the general corporation, transactions desirous of securing money for their several uses.

POWER COMPANY GETS BUSY

Men on Ground to Rush Enterprise But Refuse to Disturb Plans.

L. Hanchett of Salt Lake, a member of the Thousand Springs Power company, is a guest at the Owl house. He announces that the company intend to install a power plant at Thousand Springs at once with an initial unit of 6000 horsepower. Just what use the power is to be put to is a matter the company is not making public.

There has been a lot of talk about a power plant at Thousand Springs, said Mr. Hanchett. "Now, we do not propose to do any talking. We are going to put in the plant at once and do the talking afterward."

Asked if it was true that it was intended to convey the power to Salt Lake he replied that the matter the company was not talking about.

L. M. Cargio of Denver and John Jones of Salt Lake, representatives of the Hamilton Electric company, are conferring with Mr. Hanchett about the installation. Mr. Cargio is something of a pioneer in electrical work in this territory, having installed the Horseshoe Bend, the Barberton and other plants.—Statesman.

NEUMAN SELLING OUT.

Jeweler Will Close Out Business in This City.

H. R. Neuman, who since the first of June has had sole ownership of the jewelry portion of the business, has decided to retire from business and spend his time developing his ranch property about the tract. The sale of the business was made by Mr. Neuman, an experienced auctioneer, and everything in the store is offered for sale without reservation. Mr. Alton, who has had the watch department as sole owner, is uncertain of his future business moves.

MAY BUY FLUSHING MACHINE.

City Investigating Methods of Street Cleaning.

Street Commissioner Spencer left Tuesday night of this week for Salt Lake City in response to orders received from the city council. While in that city he will investigate a new street flushing machine which is being used there. The points for the new machine are that it will conserve water with a great deal of the labor which is now necessary to keep the streets free from dust or mud.

NATIONAL LECTURE COURSE.

To be held Under the Auspices of the Twin Falls Socialist Local.

Twin Falls, Idaho, Nov. 2, 1911. To the Editor of the Times:

Again we ask the kind indulgence of your column to bring to the attention of the public the very important matter of the National Lecture course for the Twin Falls, Idaho, at the National Lyceum Lecture course, the subject of which is the second of the Twin Falls dates, men and women, who are deep students of the science of government and will present the studies in such an elegant and refined simplicity that all can understand and appreciate the facts involved.

Now, to secure these five lectures, the Twin Falls Socialist local has about twenty-five members but has not enough to cover the cost of the course. These dollar tickets will secure each buyer one dollar's worth of books or papers mailed to their address. If the sale of literature, as herein stated, reach the sum total of \$300.00, the Twin Falls will be selected in the order of the National Lyceum.

We now ask of the Twin Falls citizens, if interest enough can be aroused to buy only a little literature on the part of each citizen, we will be more than assured the necessary amount for the speakers and the hall rent.

Another phase incident to this matter is that the county court house should be the place of holding, for all charges, debates and expounding of all matters pertaining to public welfare, and not only for the conduct of legal court questions. Let all enterprises of public educational tendencies and political parties have the use of the court house for the purpose of holding. That what it is there for is not to the idle nine-tenths of the time.

Today the masses of unemployed in this country as well as in France and other foreign lands are wandering from place to place for the purpose of getting work, and what for? Why, just to be allowed to secure for themselves and family the barest necessities of life, and then return to one of the highest forms of civilization.

It is the fact of the fact that the improved machinery of production and distribution of the necessities, comforts and luxuries of life has outdistanced the demands of the masses, the wants of the great majority of the wealth-producers go unmet.

Every purchaser of one dollar's worth of literature or papers will be entitled to attend the entire course of five lectures free of this first purchase the amount of \$300.00 sales.

It becomes the evident enticement of each additional dollar to be bought, and also the further sale of the literature.

The comrades of this movement are self-sacrificing and patriotic workers, who were mostly former Republicans and Democrats and have seen the error of these party principles carried out under the capitalist system of production.

It is the fact of the fact that the fibers of the ignorant or prejudiced opponents and those who bear assistance.

H. H. FREDHEIM, Secretary National Socialist Lyceum Committee, 213 Second Ave. North, Twin Falls, Idaho.

THANKSGIVING PROCLAMATION.

Gov. Hawley Calls Upon the People to Give Thanks November 30.

Governor Hawley Tuesday issued a proclamation designating the last day of November as Thanksgiving day, and urging the people of the state to properly observe the occasion. The proclamation is as follows:

"In accordance with a custom handed down from New-England's colonial days and now recognized as the firmly established unwritten law of both the United States and the state of Idaho, that appeals to the higher sentiments of mankind, I, James H. Hawley, governor of the state of Idaho, do proclaim and declare Thursday, November 30, 1911, a legal holiday and rest aside the same as Thanksgiving day.

"It behooves our people on that day to attend their accustomed houses of worship and return thanks unto Almighty God for the many blessings vouchsafed in a year of bounteous harvests and material advancement in every department of our life. We recognize in the midst of our everyday affairs the guiding hand of an all-wise Providence, and not only for material things, but for the many blessings which have been bestowed upon us, but there should be recognition of the great advance in the fields of science, invention and discovery giving to mankind a larger horizon and assuring a continued and marked advance for mankind throughout the ages that are coming.

"In the midst of our material and material progress, both materially and in the broader and higher sense, may be our own commonwealth and the great republic of which it is a component part.

"And not unthought to the occasion, but in full accord with its spirit, should our people join in social gatherings and make the day peculiarly and distinctly the great American festival, with its joyous and hearty expressions and aspirations of our people.

"It is wishes whereof I have heretofore set my hand and caused to be affixed the great seal of the state of Idaho.

Done at the capital, in Boise, Idaho, this 6th day of November, in the year of our Lord one thousand nine hundred and eleven, and of the Independence of the United States, the one hundredth and thirty-sixth.

JAMES H. HAWLEY, Governor.

By the governor: WILFORD L. GIFFORD, Secretary of State.

FREIGHTING NEW MACHINERY.

Thirty-six Horses Required to Transport Big Crasher.

It required thirty-six horses, a veritable caravan, to transport the mammoth new crusher for the Pavlak mill and food for the outfit on the trip between Twin Falls and Holliester this week. The outfit stopped in Holliester to feed Tuesday noon. The crusher was loaded in sections. One section, weighing eight tons, was loaded on a wagon drawn by 10 horses, driven by two men—the driver and an assistant, with a driver and an assistant, and then a six-horse team. It is expected to arrive in the slack region, keeping the trip to Jarbidge, about a hundred miles from Twin Falls, within a week's time.—Holliester Herald.

PUT ON THANKSGIVING SALE.

Idaho Department Store Offering Pre-Holiday Bargains.

Manager Sinclair and his sales force at the Idaho Department Store have been busy this week putting red tags upon all of the goods in the big store preparatory to throwing the store open Saturday for its annual Thanksgiving sale. Mr. Sinclair is promising some exceptional bargains on the public and Saturday should draw a large crowd in the city to take advantage of the offerings of seasonable goods.

IDAHO DAY AT LAND SHOW BRINGS LARGE CROWD.

Commissioner Rich Tells of Richness of the Gem State to Entertainers.

The fresh, cool atmosphere of an October morning filled a room in the Land show yesterday for Idaho day. The afternoon brought out an immense crowd, the main feature being the observance of Idaho day.

At 2 o'clock music was furnished by the Green concert band, followed by the Hawaiian quintet. Mr. Buckley introduced Mayor Dahman, who extended to the Idaho visitors the welcome to the city. President Rosewater extended the welcome of the Land show management. Responding to welcome State Commissioner Rich of Idaho said:

"Since the first big land show was successfully brought to a conclusion and the excellent and beneficial results according to the exhibitors developed and became known, the popularity and usefulness of the land show as an educational and advertising agency have greatly increased. Many of the large cities having a large rural population surrounding them are having land shows every year, and other are considering the feasibility of such an undertaking for the near future.

"The main reason for the success and popularity of the land show are simple and direct. They may be enumerated as follows:

WILL APPLY FOR COUNTY FRANCHISE

Twin Falls Artesian City Railroad Company Active.

FILE RIGHT OF WAY DEEDS WITH COUNTY AUDITOR FINCH.

Will Apply Monday for New County Franchise for Falls and Artesian City Route.

Since the incorporation papers were filed for the Twin Falls and Artesian City Railroad Company, the promoters of the company have been active in getting the preliminary work lined up preparatory to pushing the actual construction.

This week the deeds granted by the ranchers along the private right of way to the hop to the Shephouse with Auditor Finch and the county commissioners were notified that next Monday the company would apply for a new franchise instead of the old one that was held up pending the filing of satisfactory bonds.

The route of the new company is entirely different from that of the Twin Falls Electric line, except with regard to the hop to the Shephouse. It is fully expected that the Artesian City line will pay a good dividend within a short time from the commencement of operations, due to the rich field covered.

The directors of the company have been in consultation with engineers regarding the survey of the line and the cross sectioning.

PAY FRATERNAL VISIT.

Members of Modern Woodmen Camp Visit the Kimberly Camp.

A Jolly bunch of Modern Woodmen to the number of more than fifty, chartered a special train Tuesday evening and paid a fraternal visit to their neighbors of Kimberly. The degree loan of the home lodge and the officers were invited by the Kimberly camp to help initiate a class of seventeen into the mysteries of Woodcraft and the officers of the home lodge were invited to see that the work was done in proper shape.

The special left this city about 8:30 and the visitors were met at the depot by a committee, who escorted them to the hall. After lodge work was finished the visitors were invited to a banquet at the Kimberly camp. They could not be surprised in any city. The banquet was in charge of the Royal Neighbors who forgot nothing in doing their full share in entertaining the visitors. The special returned about three o'clock Wednesday morning with a fire but happy crowd loud in their praise for the hospitality of their neighbors of Kimberly.

MILL AT JARBIDGE RUNNING.

The Mill Has Sent Three Bars of Gold Bullion to Assay Office.

The Frutch mill at Jarbidge, a Salt Lake landing enterprise, was started again on Thursday after a short close-down for minor adjustments. The mill is now in full operation and is turning out a good amount of gold bullion to the local government assay office, and from now on a steady stream of the precious yellow bars can be expected, for there is an ample tonnage available, while the mill has demonstrated its ability to do the work of a veteran.—Salt Lake Tribune.

WILL ENTER NEW BUSINESS.

Messrs. Knight and Cruise Will Place Hogs at Homestead.

A. H. Knight, formerly of the Sampson-Knight Music company, and W. J. Cruise, formerly of the Robertson-Jank company, have decided to embark in new business. The gentlemen have purchased a tract of land near the town of Jarbidge, Idaho, on the Buhl-Nyssa cut-off, and will stock the same with thoroughbred swine.

Mr. Knight leaves for Homestead within a short time and Mr. Cruise will join him later.

REPUBLICANS MAKE GAINS

Foss Re-Elected in Massachusetts.

REPUBLICANS GAIN LEGISLATURE IN NEW YORK.

Samuel G. Parkes, Citizens' Candidate, Elected Mayor of Salt Lake—Spells Downfall of American Party.

Boston, Nov. 7.—On the face of complete canvassing of the state of Massachusetts, the Democrats won the state election today and kept Massachusetts in the party column by continuing Governor Foss in office for a second term. The returns gave Foss, Democrat, 210,622; Frothingham, Republican, 202,898. Foss plurality, 7734. Last year the same districts gave Foss, Democrat, 201,324; Draper, Republican, 167,437.

Providence, R. I., Nov. 7.—Returns for governor from 74 out of 184 districts in the state outside of Providence, gave Prothier, Republican, 15,627; Waterman, Democrat, 9,357. Same districts in 1910 gave Prothier 15,589; Waterman 10,906.

Trenton, N. J., Nov. 7.—Returns at midnight indicate that the Republicans will control both branches of the legislature next winter. The election is significant in the defeat of a number of men whose election was advocated by Governor Woodrow Wilson.

New York, Nov. 7.—Returns at midnight from throughout the state on the assembly election indicate that the complexion of that body will be as follows: Republican, 100; Democrat, 49; Socialists, 1.

This would mean a gain of 37 seats for the Republicans and give them a majority of 60.

Cincinnati, Nov. 7.—Although George B. Day seems to have been elected to local political arena to stop contention and President Taft openly approved the local Republican municipal ticket, Henry T. Hunt, Democrat, was elected mayor of Cincinnati, today was elected by a majority of about 5,000. Early returns also indicate that Hunt carried his entire ticket to victory with him.

Salt Lake, Nov. 7.—Under the standard of the Citizens' non-partisan ticket, Samuel G. Park, candidate for mayor, won a notable victory today over John S. Hiramshaw, incumbent, whose leadership in previous political struggles gained the city for the Americans.

At midnight only partial returns from the election districts had been reported, but the figures point unmistakably to the success of the entire citizens' ticket by a majority of 3,500.

New York, Nov. 7.—Tammany Hall's grip on New York city was shaken to-day by the election of a number of local officers were mainly at stake.

The Democrats successfully defeated their ancient stronghold on Manhattan and the Bronx, but by greatly reduced pluralities. Queens also stood by the Democrats, but the Republican party caucus made a clean sweep of Brooklyn and probably divided honors in the little borough of Richmond.

A year ago Manhattan and the Bronx gave Governor Dix a plurality of 63,360 and elected a Democratic success court justice by about 2,000. Today Robert L. Fowler, the Democratic candidate for surrogate, carried New York county with a plurality of about 17,000.

Louisville, Ky., Nov. 7.—At 8 o'clock tonight the Herald, supporter of the Republican state ticket, conceded defeat and announced the only thing in doubt was the Democratic majority.

Albuquerque, N. M., Nov. 7.—Democratic state committee claims election of McDonald for governor.

INJURED AT JARBIDGE.

A. M. McIntosh Seriously Injured by Explosion of a Stove.

A. M. McIntosh, a miner of Jarbidge, was severely injured at that place last Friday by the explosion of a stove. It seems that he had bought a second-hand stove and started a fire in it to warm some water to wash with. While washing, the stove exploded, blowing it in pieces. Some of the pieces striking McIntosh, tearing off one hand at the wrist and the fingers of the other hand were cut in a serious manner. Both of his legs were badly cut and bruised. While in a very serious condition it is said that he stands a good chance for recovery unless complications should set in.

ADVERTISING THAT PAID.

The Times' Circulation Brings Results to Stalker.

Last Friday Steiker & Company, through the Sweeney company, sales agents, published in the Times a two-page advertisement of their clothing outfit sale. The advertisement was run exclusively in the Times Saturday morning before the doors were opened for the first of the sale people had begun to gather and all through the day the store was thronged with buyers. It was the attractive offer of gains offered through the Times' columns. In this issue will be found further announcement from the Steiker company.

WILL ESTABLISH BRANCH.

Twin Falls Laundry to Open Branch in Burley.

The Troy Laundry and Dry Cleaning works have ordered the machinery and will establish a branch in Burley in the city of Burley. It is a growing business in that part of the county. Mr. Beckhold has not yet decided whether he will build or rent a building for the branch, but he is of the opinion that he will build a building hard to find a building suited for the purpose. It is thought satisfactory to have the laundry building just as soon as the machinery arrives and can be installed.

W. E. L. Crozier, a recent arrival in this city from St. Cloud, Minnesota, has purchased the Transfer business of Gustav Brothers and will run the transfer under his own name. Mr. Crozier brought several pieces of machinery with him from Minnesota and will endeavor to take prompt care of all transfer work in any part of the city.

In the Tuesday issue of the Times an article reprinted from the Jerome Times cast rather unfavorable reflection upon this city. The editor of the Jerome Times is rather a nosy man. He holds there and perhaps does not understand conditions as well as he may later. All of his article concerning this city shows a turbulent spirit without fully understanding the merits of the case. That Twin Falls was given credit for the North Side exhibit at Boise is another case of the check-ers coming home to roost, for when the North Side promoters wanted to sell that land, Twin Falls was used as the leverage and it worked. As much was made by the settlers and newspaper men of the North Side tract over that. When the water had to be turned out of the ditches for two seasons on the North Side and things were not going right, the Twin Falls tract which had not suffered, was hardlyly the confusion in the two tracts under the same name. It is about as broad as it is long and the North Side paper should not yell loudly over a mistake which worked both ways for them and for this tract. The city of Twin Falls is not attempting to wrest any glory from the neighbors across the river nor is it showing any jealousy over any merited honors given to the North Side tract. The exhibit at Boise was meritorious and it is a fact that this tract had no exhibit there, which fact the boosters here very much regret. As to the claim that the Twin Falls boosting spirit is dead there might be reason for the claim, seeing that this city let pass its annual county fair and let pass a chance to show even the North Side a good power on exhibition at Boise, but nevertheless the Twin Falls boosting spirit has not given place to envy of any other form of community parasites.

If the editorial writer of the Jerome Times will consult the historians and the well posted men of the North Side tract he will learn that during the whole time when the North Side was up against real adversity and when publicity of the lack of water would have injured that tract, that Twin Falls papers, one and all, refrained from giving them any undue kudos and that nothing but sympathy was expressed by the people of this city for their fellow settlers upon the North Side. It that is the selfish, grasping spirit which he complains about, then there would be large room for the Jerome editor catching some of that spirit, checking what is interpreted by fair-minded men as jealousy rather than righteous indignation over something which this tract could not prevent. If the writer on the Jerome Times desires to roast somebody and is just trying to cut him, let him turn his powerful batteries upon the real offenders, the Boise daily which failed to distinguish between two tracts. The Times apologizes to its readers upon the South Side Twin Falls tract for the above space taken from its usual boosting columns to instruct the new and fostered members of the North Side tract newspaper profession.

THE GOVERNMENT AND THE STEEL CORPORATION.
The so-called Steel Trust is the instigator of the great combination that have felt the heavy hand of the Government laid upon them. On Thursday of last week the Department of Justice filed in the Circuit Court at Trenton, New Jersey, a petition which will result in halting into court not only the United States Steel Corporation and its subsidiary companies, but also, eighteen individuals, including Mr. Morgan, Mr. Rockefeller, Mr. Carnegie, Mr. Gary, Mr. Perkins, Mr. Schwab, and Mr. Frick. The petition states at length the various actions by the Steel Corporation and its auxiliary companies on which is grounded the charge that they have violated the Sherman Anti-Trust Law. Among these actions is stated at length the process by which the United States Steel Corporation acquired the Tennessee Coal and Iron Company; and in this connection the petition of the Government refers to the railroads, the Messers, Gary and Frick alone, President Roosevelt, and says that the President was not fully advised as to the state of affairs, and therefore did not have the opportunity of knowing that the desire to stop the game (then at its height) was not the sole moving cause, and being moved to apply what was the only known remedy, stated that he did not feel it his duty to prevent the transaction. With reference to this it should be borne in mind that President Roosevelt's action in that matter—or rather non-action—has no bearing whatever upon the present procedure, as it was made clear at the time and has been emphasized often since, that President Roosevelt's non-interference was determined upon without any reference whatever to the motives of the men engaged in the transaction. The prohibition of the Steel Corporation and the other defendants in the present action takes the form of a petition for a decree that the combination is unlawful, for an injunction to prevent the defendants from carrying out the combination, for a decree dissolving the combination, and for such other relief as may be necessary and proper. When the United States Supreme Court ordered the dissolution of the Standard Oil and Tobacco combinations, that Court decided that not every combination that incidentally restrained trade was in

violation of the Anti-Trust Law, but that those combinations which by their action and their organizations were in a position to raise prices, reduce output, and deteriorate quality were in violation of the law; and that in this case as in other cases, if the inevitable effect of the combination was of this character, the inference was that such effect was intended by the Court, moreover, showed that in finding about this effect both the Standard Oil Company and the Tobacco Company used their power in illegal ways. In brief, therefore, there are three conclusions with regard to trusts that the Court has established, and that may be taken as standards by which the Steel Corporation may be judged: (1) The mere bigness of the Steel Corporation is not proof that it is illegal. (2) If the Steel Trust has shown that it possesses the power, and therefore must be presumed to have the intent, to control prices, reduce output, or deteriorate quality, it is illegal. (3) If in the course of its activities it has done illegal acts, it may be entitled to account for those acts. Apparently the question as to illegal acts as indicated in the third point is not raised, and the emphasis in this prosecution is all laid on the allegation that the combination is illegal by virtue of the power it may exercise. RICH TELLS OF IDAHO RICHES
(Continued from Page 1)

directly attributed to the fact that the people in the over-crowded sections of the country, in and contiguous to the large cities, have become imbued with the hope of the land westward and with the desire to find new and better opportunities. The land shows promise before the people in any comprehensive manner, the state of every section of the country, where such opportunities are existing and prevalent. On the other hand, the prosperity of the developed section is dependent upon its own growth. Every new settler adds to its wealth and production and therefore has reason for placing its advantages and opportunities for development before the people of the other sections as a thing of vital and vitally important. In this regard the land shows a truly another essential function.

Message of Idaho.

The state of Idaho has such a message to the people who attend the land shows with the intention of finding a new location and a fresh opportunity, its natural resources and possibilities for development hold out inviting hands to the prospective settler or investor and the proof of their worth is to be placed before his eyes. Idaho has been prominent as a mining, stock raising, timber and agricultural state, successively. The first development of Idaho was in the nature of mining and nearly every known ore value has been found in paying quantities somewhere in the state. Some of the great industrial districts have become a memory, but others keep their place as great producers and today Idaho is the leading and producing state in the country and 35 per cent of the lead mined in the United States comes from Idaho. Idaho's chief industry is devoted to mining and though developed to a magnificent extent still far from the maximum.

The great open range in the southern and central portions of the state have furnished pasturage the year round for millions of head of cattle. The clearing of the timber in the wooded sections will and is now gradually taking the place of this kind of range as the latter becomes suitable for agricultural purposes. These timber lands when cleared will afford a range for grazing not easily excelled in fertility and abundantly supplied with water for stock and irrigation.

Sleep on Farm Increase.

The number of sheep and cattle on the open range is steadily decreasing and increasing as steadily on the farm. There are about 3,000,000 sheep in the state, yielding close to 20,000,000 pounds of wool, valued at over \$2,000,000. The number of cattle in the state is estimated to be 2,500,000. The large scale farm offers an attractive opportunity for good pasturage for stock, which accounts to some extent to the increase of stock on the farms of the state. All of the best feeds can be grown cheaply and abundantly under irrigation and stock can be grown and fattened to better advantage in this way than on the range.

The range horse is giving place to pure-bred stock. Vast quantities of horses have been imported into the state, and a marked improvement in the character of Idaho horses is apparent. Horses produced in Idaho are remarkably free from bone disease and possess great stamina and vigor. The production of mules is of some importance and the best mules raised for market are for the farm.

The dairy cow is at home in Idaho, especially on irrigated land. Milk production is raised, with other important dairy feeds, in abundance. There are not nearly enough dairy cows in the state to produce all the butter for the local markets and rare opportunities for profit await the prospective dairymen. No better country anywhere to raise a good product and no better market than here in Idaho.

Similar conditions prevail in regard to poultry. Poultry thrives in Idaho where the climate is dry and mild, and are particularly free from disease. The egg production is large, considering the small number of birds, and is adequate to supply the demand. Eggs and chickens bring a high price on the market and the country raising is attractive and profitable.

Large Irrigation Section.

Idaho has an irrigated area of over 2,000,000 acres with about 13,000 miles of irrigation canals.

Though irrigation is so extensive in the state, the main agricultural crop which is grown almost entirely on non-irrigated land—the semi-humid sections of the state—are very well adapted to the production of alfalfa and grasses, with the exception of alfalfa and yield an fine a product as the irrigated land. A better profit can be made from the better priced irrigated lands by growing crops other than grains.

The principal wheat-growing sections are in Nez Perce, Latah, Idaho, Owyhee and Washington counties, though wheat is grown extensively throughout the state, there being only one county which produces none, being entirely devoted to mining. The average yield, per acre, for wheat is about 30 bushels. Wheat crops in Idaho are 60 bushels have been frequently recorded. The yield of wheat for 1914 was about 18,000,000 bushels. In the point of commercial importance alfalfa follows wheat, and is almost entirely an irrigated product. Alfalfa is the finest feed known for dairy cows to increase and maintain high milk production. It is a complete feed, and finely finished stock have been shipped out of the state for years and never been fed on anything else. Three cuttings are usual, with an average yield of five tons per acre.

Oats, barley, rye, clover and timothy are grown in abundance, clover following wheat and alfalfa in importance and alfalfa yields are high in those products. Corn is growing in different parts of the state, yielding an average of 50 bushels per acre. Beans, peas and potatoes are raised in great quantities, the yields are large and offer a handsome profit to the grower. Five sugar factories are in operation in the state, which handle the entire crop. The established prices paid for sugar is 15 cents. An average yield of 15 tons net. A farmer \$50 per acre above cost of production.

ROCK CREEK NEWS.

Rock Creek, Ida., Nov. 8, 1911.

Mr. Holt, horse returned from Boise Tuesday and reports a very pleasant trip.

Mr. W. H. Ashdown and her father H. L. Skidmore, were in from Twin Falls one day last week, looking after things on their farm.

Mr. and Mrs. Jack Horaback and children from Eukerton, California, were guests of Mrs. G. W. Osborne and Mrs. Ed Pomrose, last week.

Walter Hedgo went to Oakley after a bunch of beef. Oscar Iverson assisted him in driving them over.

Mrs. M. J. W. Thea of Albion, is spending this week with Mr. and Mrs. D. P. Albee.

Mrs. Rhea stopped over on her route home from Twin Falls, where she was a delegate to the District Federation of Women's clubs, representing the Four Leaf Clover club of Albion.

A large and jovial crowd attended the "Harvest Home Social" at Friday night Valley school house on Friday evening. The house was tastefully decorated with vegetables of the season, Jap and Irish lanterns. Several amusing contests were entered into and appropriate favors given. Miss McElyric and Walter Bruce were prize winners in the gun-drov' race, while Althea Maude Atkin and H. L. Denton won the pumpkin pies in the vegetable contest.

Fred and Corrie Waters, gentlemen of Three Creek, were over on business this week.

Dot Hardy, the Shoe-Sole foreigner, was in town Monday.

Miss Verma Doherty and Henry Larson attended the silver tea given in honor of Miss Chloe Strong at the home of Orson Strong, at Artesian City.

Mrs. J. E. Hays and children of Denver, Colo., came in Friday and visited Mr. and Mrs. John F. Hansen and other relatives.

Mrs. Henry Hansen returned Saturday from a pleasant visit at Jerome, where she spent Thanksgiving spent Saturday and Sunday in Twin Falls.

Harry H. Smith, left Monday for his old home in Iowa on a combined business and pleasure trip.

Mrs. A. D. Norton and Mr. and Mrs. James A. Walker have moved to Twin Falls for the winter and are now pleasantly domiciled in the Morgan Heap house.

Bernard Stricker left several days ago for Mackay, where he has purchased cattle that will be brought to the Stricker ranch and fed for the winter.

Benoy Wikam came down from Barley Saturday for a few days' rest at home.

James B. Rice and James Bros. brought in a fine bunch of steers. Four carloads will be shipped from Hanson today to Omaha.

Willie Haynes has gone over on the Nevada range to work for the Vineyard Land and Stock Co.

Leon Redhead made his regular call on friends here, Sunday.

Another man is reported to have drowned in the main canal. A fellow named Jesse Lynch, aged 15 years, was rowing down from Milner to Murlough in some unknown manner, the boat up side and suddenly drowned. The accident occurred on Friday evening but the body was not discovered until Tuesday morning. Relatives here were notified. The deceased lived at Milner.

Mother earth was covered with a thin white blanket this morning.

Mr. and Mrs. D. P. Albee and Mrs. M. J. W. Thea were guests for dinner at the Brose home, Sunday.

The Tactics of The Fakir

They May Catch the Unwary, But They Warn the Wise One Away

When a merchant advertises a closing-out sale, if it is only a pretence and he means to remain in business HE DECEIVES HIS CUSTOMERS

and cannot expect to retain their trade in the future. When a merchant advertises to sell at a loss and hires an outside sales agent with a corps of clerks, paying them from from 8 to 10 per cent. to conduct the sale, that commission is an absolute loss and is contrary to all business principles or what is more likely, the promise to sell at cost is not bonafide and

The Commission is Added to the Price of the Goods

Moreover, when a merchant employs an outside sales agent and clerks, to mark and sell his goods HE ADMITS INABILITY TO HANDLE HIS OWN BUSINESS and destroys confidence in both his prices and merchandise. Moreover, again, when an outside sales agent seriously attacks another merchant for advertising a sale at the same time

He Only Exposes his Personal Greed

for the commissions which are there reduced by the competing sale. Reputable firms in the large places do not employ sales agents, only in the "back woods" where the "country folk" can be imposed upon are the tactics practised. The merchants of Twin Falls have organized to keep out peddlars and fakirs. This law of their association should be enforced, not only for their own protection but for the

Safe-Guarding of the Public's Pocket Book

It applies in this case. We have been criticized through the newspapers for commencing a sale the same time as a competitor. We admit that our competition based upon low prices for good clothes has killed many another merchants so called sale. Last Saturday we began our Forced-Unloading Sale. We slaughtered the prices and although we have not promised to give our merchandise away. We have not been undersold yet. Every day our store has been crowded with buyers who had a chance to compare goods and prices, and they will verify our statements. IMITATION--We have been charged with imitating. This is a free land and there are no restrictions on sales. But what self respecting merchant would imitate a circus managed, artificial selling out sale. We are always prepared to fight fakirs with broad sides. Now we will carry the war into Africa. As Lincoln said, "You cannot fool all of the people all of the time." Our Gigantic Sale still continues and Waterlow Prices Prevail. Come in, good people of the Twin Falls' Country, and get into the game.

STRAUS & GLAUBER

IMPORTANT DEAL IS CONSUMATED

Georgé Darrow Sells Holdings to Nebraska Men.

FERGUSON FRUIT & LAND COMPANY LANDS BRING FORTUNE.

E. O. Spielberg and J. B. Helne purchase Stock in Blue Orchard Tract and Townsite.

Dr. T. Whitesworth, president of the Ferguson Fruit and Land Company, which controls about two thousand acres of orchard land and the new townsite of Castleford, in an interview given out to the Times stated that the recent deal made by Mr. Darrow was of much larger proportion than had been made public heretofore. Mr. Darrow, who had a third interest in the company, received \$125 per acre on 625 acres of the orchard two thousand, making his offering, price \$75, 125 dollars, which was paid to him by Messrs. E. O. Spielberg and J. B. Helne. Besides this Mr. Darrow received his proportion of the crop from the land, thus adding a large sum to the above figures. Mr. Darrow after six years of active business retired with a small fortune.

The Ferguson Fruit & Land Company is now controlled by four stockholders, Dr. and Mrs. T. Whitesworth, Messrs. Spielberg and Helne, who will constitute the board of directors. The company has been very successful in this field in interesting a large number of the wealthy ranchers in Nebraska in the project, and the orchard tracts which are set out are cared for by foremen by the company are setting readily.

The new townsite of Castleford which was platted for forty acres, is now being a lively growth due to the liberal policy of the promoters. A big general merchandise store of brick, recently erected, has been leased to Constant E. Noble, two building young business men of Utah. Besides this store, which is ready for business, the fixtures and stock and plate glass windows are already on the ground for the second big store, which will be operated by an eastern firm.

The position of the town and tract on the projected Utah-Nevada cutoff, assures the purchasers of the orchard tracts of railroad facilities by the time the orchards begin to bear.

Local and Personal

J. B. Skidmore and daughter, Mrs. W. R. Ashdown, spent several days of last week in the Rock Creek neighborhood, visiting with friends.

H. C. Mallison, a well known traveling man who makes his headquarters in Boise, was in the city Wednesday looking after business matters.

C. A. McMasters returned Sunday from Jarbidge, where he had been for some time, having, after his business interests in that flourishing camp.

Henry S. Bates of Chicago, stopped off here on his way to California, to spend a few days visiting with his sisters, Mrs. S. H. Bolton and Mrs. D. S. Massey.

L. P. Jones and family, departed Thursday morning for Boise, where they will reside for the next few months. They will return to Twin Falls in the winter.

H. J. Hill made a business trip to the west end of the tract Wednesday where he went to receive several carloads of potatoes from the farmers of that part of the tract.

Mrs. A. D. Norton and Mrs. James W. Walker have moved from their ranch on Rock Creek to the city, where they will spend the winter of 1912-1913.

Mrs. Henry Gerboth arrived in the city Saturday evening from her home in Spokane, Wash., and will visit for a month or six weeks with her parents, Mr. and Mrs. Frank Hager and her sister, Mrs. Leo Strauss.

According to the report of Superintendent Elliott of the city schools, the attendance has been at about one hundred mark and new pupils coming in each week. The students in the high school now number 205.

A report received at the Commercial club from Ed W. Smith of Hanson, says that on three acres he raised 226 sacks per acre of Carmen No. 2 potatoes which measured 47 bushels. Mr. Smith contributed liberally of his potatoes to the Idaho Potato Day at Chicago.

The Episcopal Guild will give an Xmas Bazaar at Broadway on an afternoon and evening of December 5th, beginning in the evening and continuing through the night, and continuing till the morning. Refreshments will be served. Admission free. Everyone come.

On Wednesday evening, Mrs. Elijah Frost was guest of honor at a party given by Mrs. E. W. Smith and Mrs. Frost at her home. Covers were laid for twelve at a beautifully appointed table. Following the dinner the rest of the evening was spent at the home of Mrs. L. T. Wright and Mr. W. S. Hill winning the prizes for high score.

The sale of the 14,000 acres of Carey Act land on the North Side, will take place in Jerome on Monday, December 17. Excursion rates have been made on the railroads from all points for that day. The sale is charged for the telephone company in the city. A big crowd for the occasion.

Miss Laura Stanton, who has been acting in the capacity of chief operator for the telephone company in the city since the line has been established, returned to this city Sunday having resigned her position in the local camp. After her absence for a short time she will go to Butte, Mont.

The Christian and Baptist churches are holding a series of special meetings. This week the services are being held in the Baptist church and next week the meetings will be held in the Methodist church. The meetings are being conducted by the pastors of the churches and good congregations are in attendance.

Mr. and Mrs. H. R. Grant entertained a number of their friends at their beautiful home on Blue Lakes boulevard Tuesday evening. The evening was spent with music and dancing, enjoyable time was had by those present. The hostess served a delicious luncheon to her guests at the close of the evening's entertainment.

A party composed of sixteen young people dressed in goblin fashion with sheets and pillow covers, met last Tuesday at the home of Mr. and Mrs. A. D. Stafford and from there went to the home of Mr. and Mrs. Wright for a pleasant time was spent with games and other amusements in keeping with the spirit of the evening.

P. D. Neer, one of the prosperous farmers and stock men of the Castleford country, was in the city last night on business. Mr. Neer informed the Times that he had just raised 20 head of limited Shropshire rams from Canada. The rams were bred from imported English rams and are said to be a first-class lot of sheep as ever brought to this part of Idaho.

H. C. Jackson had a narrow escape from serious injury last Friday evening when his team ran away. The team was standing in front of the Idaho Mercantile store, when the bridge came off one of the horses and the team started down Second street. Mr. Jackson was in the wagon all of this time and when he saw that the team was going to collide with a telephone pole jumper just in time. After colliding with the pole the team kept going with nothing but the front wheels of the wagon and were not stopped until they reached Fourth street.

The Twice-A-Week Times is making an exceptional offer to both new and old subscribers of a large wall map of Idaho. This map easily sells for \$1.00 and is right up-to-date having been made especially for the Times by one of the large map companies of the west. It contains full and correct census data of every town and city of Idaho. It shows the new counties created at the last legislative session. Forest reserves and all features of the ordinary map are combined with many new and valuable points added at the request of the Times. This map costs you nothing when you subscribe to the Times or when you pay your subscription in advance. Remember that you get two live papers each week for the price of weekly papers and get this valuable map. Only a limited number of the maps were secured and the offer will close January first or sooner if the supply is exhausted.

BY SWEENEY.
One Who Swallowed the Snare.
I am myself, personally, through my company, conducting a straight, bona fide selling out sale of the stock of O. A. Stalker & Co., Twin Falls, Idaho, consisting of men's clothing, furnishings, etc., one of the largest and finest stocks of its kind in the state. One that has stood supreme since Twin Falls has been in its infancy; one that the people have watched grow and prosper from a small store to one of the largest of its kind here, built up by business principals of good sound dealing, value giving and trustworthiness. The interested parties holding stock in the above firm have decided to dissolve and sell out, and in order to satisfy all and meet their demands, one and all, they found it absolutely necessary to engage the services of the Sweeney Co. to dispose of the stock, which company is considered among all large, prominent merchants, bankers, etc., throughout the country, to be one of the greatest trade producers that we have anywhere. So if under any circumstances, that you are in doubt about the selling out of the above firm, Mr. Sweeney has on deposit a certified check for one hundred dollars, or will pay out in good American money this amount, to any one who can prove that this is not a straight, bona fide selling out sale and dissolution of partners.

Send Us Your Thanksgiving Table Linen

Your table linen should look its best for the Thanksgiving dinner. It will--if you send it to us to be laundered.
We wash your table cloth and napkins white and clean--give them a peary white color, like new.
We iron them with a smooth, velvet-like finish that shows every thread in the pretty pattern, and gives them the same sheen and stiffness that they had when new.
Wrap up your linen and send it to us before Thanksgiving week.

State Board of Land Commissioners, Boise, Idaho. A sufficient contest affidavit having been filed in this office September 30, 1911, by Harry O. Anderson, of Twin Falls, Idaho, contestant against Carey Act Entry No. 808, made July 20, 1910, on the east one-half of the Northwest one-fourth of Section 14, Township 12 South, Range 17 East, Boise Meridian, by Arthur M. Burton, contestee, in which it is alleged that he has wholly failed to comply with the Carey Act and the Laws of the State of Idaho, and the Rules and Regulations of the State Board of Land Commissioners, in that said entry was made within the local limits of time, establish residence upon said land, and cultivate the required acreage; said parties are hereby notified to appear, respond and offer evidence touching said allegation at 10 o'clock A. M. on November 21st, 1911, before the Register of the State Board of Land Commissioners, in Boise, Idaho. If, after due diligence, personal service of this notice cannot be made, the Register is authorized to publish the same in a newspaper published within the county in which the lands in question are situated. Dated October 11, 1911. N. JENNESS, Register. (SEAL) Oct 20-27 Nov 3-10-17

STALKER & CO'S

SELLING OUT SALE

DISSOLUTION OF PARTNERSHIP

This Big Selling Out Sale is on with a plunge and has more force to it than any sale of any time since time began. 75 suits and 55 overcoats were sold Saturday, Nov. 4th, and so on proportionately ever day since; High-grade at low-grade prices. Mr. Imitator is now wondering Why; how is it, Overcoats, Suits, Furnishings, Etc., all go the Bargain route, competition is left behind, we're hard at it, Selling Out all other kinds of take off sales are non--de-plume, hash brown, German fried with sweable are left to the mercy of their own misery.

Bigger Grow The Bargains--Bigger Grow The Crowds

Ask the men? She's a hummer and each and every salesman is on his nettle. Hundreds of the satisfied kind; come back as the big sale is progressing. If it is a Stetson hat or a white collar, a suit of clothes or a pair of sox, don't forget the place, Stalker's (enough said) big blue front, where you find the crowd and the stocks at prices that makes Mr. Imitator snort with grief. Come on men, get in the game, we can save you money on everything you buy.

DISSOLUTION OF PARTNERS AND SELLING OUT

We haven't the time to quote prices. Hurry; Hurry; Hurry; take a look, don't be misled by imitators or take offs of the illerate kind; we're out for the business. Quality comes first. Price to be considered; its a chance of a lifetime to get fine, new clothing and furnishings at the prices we offer. Come, be on the ground and reap the benefit. You will find in the columns of this paper entitled, ONE WHO SWALLOWED THE SWORD---"read it." FIXTURES FOR SALE. ALL GOODS SOLD FOR CASH.
