POOL HALL-ROBBERED.

Entrance Gained Through Basement—Small Amount of Money Found.

Some time last Thursday night a knight of the jimmy broke into the Combination pool hall on Shoshone street. Entrance was gained by the way of the basement, the burglar removing the lock from the rear door.

The fellow was evidently hungry, for he helped himself to a good meal from the cafe. After satisfying the inner man the fellow tapped the cash register, but only found a couple of dollars in the till.

The robbery was not discovered until the place was opened for business Friday morning. No clue has been discovered up to the present time.

# OPENING OF HIGH SCHOOL

Miss Grace Shepherd to be present—Splendid Program Arranged.

The opening of the new high school building will occur on Friday, February 2nd. In the afternoon at two o'clock there will be held in the auditorium a general program as follows:

Musio—High School Orchestra.

Musio—High School Chorus.

The Cost of the Building and Equipment—Treasurer W. E. Dixon.

"The Purpose of the School Building"—President J. A. Waters.

Instrumental duet—Nellie Teasdale and Vesta Thomas.

2. From a Business Man's View Point—E. J. Ostrander, President of the Commercial Club.

Musio—Selected.

From an Agriculturalist's View Point—County Supt. T. W. Potter.

4. From a Churchman's View Point—Rev. J. H. Smith.

Wand Drill—Directed by Mrs. J. J. Matthews.

Miss Grace M. Shepherd, the state superintendent, will be present, unless the extra work caused by the special session of the legislature prevents.

In the evening the Schubert Symphony and Lady Quartette will give one of their superb entertainments.

The Lewiston Morning Tribune of January 23rd states that the school building is a small but appreciative audience at the Temple theater last night, each selection receiving a most emphatic encore.

In the rubric of the music loving people of Lewiston the attraction last night was the strongest musical organization ever brought to the city.

Manager Sumner highly complimented upon his splendid enterprise in securing such a company.

The second semester will begin January 29th. Beginning classes will be organized at the Black and Lincoln schools. It is expected to accommodate primary pupils at the high school at this time, there being no room available for that work.

Miss M. H. Hunt in room three will take the beginning classes at the Lincoln school. Miss Hunt in room three will take the beginning pupils at the Black and Lincoln schools.

Electric heat has recently been placed in the basement rooms at the high school, which will make the situation possible so that these rooms are entirely satisfactory for school now.

Miss Alma Bennett has been appointed to succeed Mrs. J. H. Smith, who has resigned.

THURSDAY, JAN. 25, 9:45 A. M.

"Basic Essentials in Making a Commercial Orchard"—Prof. J. F. Lintoo, Mountain Home.

"The Mandeville Apple Shaker and Grader"—B. F. Hurst, Boise.

"Fruit Pests of the West"—C. E. Binsell, Boise, Chief of 1911 National Apple Show, Spokane.

# HAY GOES EAST BY TRAIN LOADS

## Twin Falls Country Profits by Heavy Hay Crops.

J. T. McPherson TELLS OF PROSPERITY ON TRACT.

Is Very Optimistic in Regard to Fruit Growing in This Part of Idaho.

Loaded hay, grown and ripened in sunny, southern Idaho, is being shipped by trainloads to points in the middle west and southern states this winter to be used as late-winter feed for livestock and dairy herds of those sections, according to J. T. McPherson, the horticultural inspector, who returned yesterday from a four days business trip to Twin Falls.

"On the average of carloads of this baled hay, in the shape of wire-bonded bundles of alfalfa, are being shipped from the Twin Falls and Minidoka tracts every day," said Mr. McPherson.

"Although many of the settlers on these tracts are feeding cattle throughout the winter and in this way are using much of last year's hay crop, still the supply seems to be unlimited and doubt the shipments in amounts approximating an ordinary trainload, continues."

While the bulk of this hay is consigned to the eastern states and the middle west, where the livestock industry is prominent, it was surprised to note that many of the cars were sent to the southern portion of the United States. About 40 or 45 per cent is realized for the alfalfa when sold in this manner, I am told.

Mr. McPherson is optimistic over the progress of the Twin Falls tract along horticultural lines during the past year. Upon this tract he has accompanied deputy inspector over the entire district.

There are more than 20,000 acres of irrigated land in the Twin Falls and Minidoka tracts, said Mr. McPherson, and a majority of this area was set out during the past year. It is anticipated that this winter, 1912, these orchards will be bearing this year. Great advances in horticulture throughout the district, which is comprised of Blaine, Lincoln, and Blaine counties, were made last year, so extensive, in fact, that I do not expect to be able to do justice to the fact, in the number of acres in new plantings, to equal the 1911 mark," Statesman.

SWINE BREEDERS GIVE THANKS

J. M. Royston, President, Expresses the Appreciation of Association.

Payette, Ida., Jan. 11, 1912. J. M. Royston, Secretary, Twin Falls Commercial Club, Twin Falls.

Dear Mr. Spangler: We wish to take this opportunity of expressing to you and to the Twin Falls Commercial Club our sincere appreciation for the splendid arrangements for the swine convention in your city of Twin Falls on the first instant.

The city of Twin Falls may rightfully claim the honor of having been the city of the swine convention city and while you may not consider this recognition on the part of a new but growing organization of much moment, please rest assured that our appreciation is sincere, and small as we may be, we hope that this recognition on our part will be of some benefit to the city of Twin Falls.

Believe us to be,

Very sincerely yours,

J. M. ROYSTON, President.

GOOD SHOW AT ISIS.

An All Star Production at the Popular House all of the Week.

The management of the Isis theatre is to have one of the best programs for the entire week that has been in the city this winter. For Wednesday and Thursday nights, the manager has secured "Auld Lang Syne," a Scotch drama in two acts, suggested by the world wide poem and song by "Bob" Burns who voiced the hearts of the people of Scotland. These pictures are taken in the hills of Scotland. There will also be two other reels of splendid pictures. For Friday and Saturday nights, the manager has secured "Arrah-na-Pogue," in three reels of 1000 feet each. This is an Irish past drama adapted from Dougal's story. It is a story of a man who is a star company in the most picturesque parts of Ireland and promises to be the equal of the Galien Bawn, shown recently at that popular place.

# POWER OFFICERS VISIT THE CITY

## President Nunn of Beaver River Power Co. Here Saturday

Will Ask for Franchise to Plant at Malad Complete and Ready to Furnish Power—Developers 7,500 Horse Power.

Mr. L. Nunn, president of the Beaver River Power company, was in the city for a short time Saturday looking over the site of the proposed power plant. This was the first visit of Mr. Nunn to Twin Falls, and he was well pleased with the outlook. He was accompanied by H. R. Wulfsberg, legal representative of the company; C. N. Rakestraw, manager of the Mountain Home district; and E. P. Bacon, who looks after the commercial end of the business, for the company.

It will be remembered that Mr. Bacon was here last fall and asked for a franchise from the city council, but owing to the amount of other business the matter was not pressed. In a short talk with the Times reporter Mr. Bacon said that the matter would be taken up soon in regard to the plant, which is situated on the Malad river, is now complete, the first trial test of the first unit being made last Wednesday, and a good possibility of developing 7,500 horse power.

The company was given a sweeping victory over the Kuhn interests of the Great Shoshone and Twin Falls Power company by the state engineer, his opinion showing that the permit of the Kuhn company for a plant on the Malad river was valid and in full force.

The company has secured a franchise into Gooding and will at once commence building a line into that city. The company has a pole line completed to the city limits of Boise and are only waiting for the franchise to be granted, when they will be ready to furnish light for the Capital City.

WILL SERVE SUPPER.

# HIGH SCHOOL WINS

Boys and Girls Basketball Teams Take Jerome's Scalp.

Saturday evening, Jan. 20, saw the Twin Falls high school well started on its way toward the state championship in both girls and boys basketball. The games were held in the splendid new high school gymnasium, and considering the fact that this was their first school game, there was a fairly good attendance. It is believed, however, that the people will support the high school teams much better in the future, especially when they learn what good teams they are.

The girls' game was opened at 7:30, with Principal Huchell of Jerome high school, and Mrs. Mathys of Twin Falls as officials. The Jerome girls have a splendid team this year, and during the first half it looked as if they were going to win, but this did not last long, for our guards were much for the small Jerome forwards. Then toward the close of the first half our girls awoke and succeeded in making three points before its close. Score, Twin Falls 17, Jerome 13.

The boys' game was called immediately after the first half of the girls' game. Mr. Grover of Jerome, and Principal Janner of Twin Falls, acting as officials. This proved to be one of the fastest games ever witnessed in Twin Falls, and raises great hopes for the future. The Jerome team was smaller than the Twin Falls boys, but they were very fast on their feet. They excelled in making a field goal during the first few minutes of play, but for the rest of the first half were unable to make any headway against our guards. The Twin Falls boys succeeded in throwing three baskets during the first half, leaving the score 8-2 in their favor.

The second half was a much more one-sided than the first, owing to the fact that the Jerome team did not have the endurance of the Twin Falls team. The boys more rapidly rose until the end of the game. During the last half Jerome scored two points more, leaving the final score 12-10 in favor of the Twin Falls team.

During the last half Charles Gardner replaced Bailey at forward, and played a good game until the close. The play of the Twin Falls team was Glen Kirkpatrick, who scored a total of seventeen points during the game. He was a real find for the team and if Twin Falls can develop a forward to keep pace with him, there will be no doubt as to their being able to win the championship of the state.

There will be another game in Twin Falls high school gymnasium on Saturday evening, Jan. 21, when the State Normal at Albion, or with the Cassia State Academy of Oakley. There is a good chance for a win, and the game and everyone may come with the assurance that they will see a fast article in the way of basket ball.

The coaches of the Twin Falls teams are as follows:

Boys' Team—Foreman, Kirkpatrick, Gardner, and Perry; substitutes, C. Gardner, and C. Gardner.

Girls' Team—Foreman, Florence Constantine, and Perry; substitutes, Lucille Constantine, guards, Olga Hove and Mable Mickelton; substitute, Carmen Cox.

CUMMINS ENTERS RACE.

Iowa Makes Announcement Which is Approved by Delegation.

Washington, Jan. 20.—Senator Albert B. Cummins of Iowa, progressive Republican, announced today, his candidacy for the United States presidential nomination in a statement that says that if the Republicans of Iowa believe in him, and to argue before the Chicago convention he will accept their decision.

The entrance of Cummins complicated the situation. It is now only opposed by Cummins and La Follette while other progressives are urging Roosevelt to continue his connection with the Denver report that a working agreement of progressives has been formed, it started a riot of political speculation.

La Follette had nothing to say when told of Cummins' candidacy. His campaign manager, W. L. Houser, declared that he had no objection to the move, and that he would support Cummins.

Cummins called all the Iowa congressmen and senators together and read the statement of his candidacy, which they approved. Capital News.

# SPUD BREAKFAST AND A TALKFEST

## Baked Potatoes Boosted and Toasted by Experts.

BANQUET HELD IN MASONIC TEMPLE SATURDAY EVENING.

A Pleasant Evening Spent by Over One Hundred and Fifty Members of Club and Friends.

The Independent Order of Baked Potato Worshipers, an organization started last year by Secretary Robert W. Spangler of the Twin Falls Commercial club, held their second annual breakfast at the Masonic Temple, Saturday evening, January 20, over 150 members and their friends being present.

E. J. Ostrander presided over the meeting as master of ceremonies, assisted by Secretary Spangler. L. A. Snyder and A. C. Boone filled the chairs of exalted prize winners. Rev. W. S. Woodhull acted as chaplain, and C. C. Walker guarded the door and admitted only those with a satisfactory pass-word and a baked potato ticket.

The meeting was called to order at 8:30, the officers taking their respective stations at the banquet table. After conferring the bona fide of the order on the seated prize winners, the regular order of business as outlined in the ritual, was dispensed with and the principal function of the evening was pulled off. This was the gastronomic contest between the L. O. B. P. and the Hash Distributors. Under the rules of the contest there was to be no time limit, but was to be fought to a finish. The Hash Distributors taking the offense and the Potato Worshipers the defense.

During the interval between halves, while the over-confident Potato Worshipers were celebrating their intended victory with music by the quartet and wide-line speeches, Carl had his staff in the training quarters practicing signals and lecturing Slim to guard against any more serious outbreaks.

So, in the second half, they rushed on with a new play called the Baked Potato Push, and after a few minutes of hard fighting the defense weakened. They had not acquired themselves sufficiently with the 1912 rules governing the game, and were frequently penalized for foul tackling and unnecessary holding. Carl's force followed with the first attack, and after a few minutes the large stock of new goods, part of which have already arrived, the remainder being in transit from the express points and from Salt Lake City.

Mr. Stalker is an experienced clothier, having conducted a successful business in Twin Falls for several years, and he is anxious to get his full stock of the latest styles at all times.

Mr. Harvey is a member of the local club, and has been in the clothing business, and will endeavor to place the latest styles of the very best market affords, and states that when his company's full stock of goods arrives, he will have one of the very best gent's furnishing stores in this section of the state. ## BUHL NEWS.

Buhl, Ida., Jan. 16, 1912.  
Miss Linnie Milner of this city, who is visiting friends in Blackfoot, received an accident about two weeks ago, when she was out riding at that place. She turned her ankle and has since been confined to her bed. As soon as she is able she will return home.

Fred Aldrich, the blacksmith, left Sunday evening for Fremont, Neb., to visit his father and mother for a fortnight.

W. L. Squires returned Saturday from Hebron, Neb., where he has been spending the winter with his parents, Dr. and Mrs. Squires.

Messrs. F. E. and C. Blankman were called to Dodge Center, Minn., Monday evening by the death of their father at that place.

A large crowd of Buhliites attended the dances in Filser Saturday night.

Miss Lucile Nelson visited over Sunday in Twin Falls at the home of her brother, L. Straus.

Julius Straus of Filser, spent Sunday in this city at the home of his brother, L. Straus.

O. F. Calhoun and family of Blue Gulch, spent the first of the week in Buhl at the Hartwell home.

Mr. and Mrs. Adolph Johnson entertained at dinner Sunday, Mr. and Mrs. W. L. Maple, Miss Pauline and Carroll Maple, and Mr. and Mrs. W. R. Hatfield and children.

Mr. and Mrs. Perry King entertained a few of their friends Friday evening.

Mr. and Mrs. Tom Holmes entertained at Sunday dinner, Mr. and Mrs. A. Nihart, Dr. and Mrs. Chas. E. Wetherbee, Glenn F. Fritcher, and J. N. Ballard.

A number of the pioneer ladies of Buhl delightfully surprised Mrs. J. H. Schooner at her home this afternoon.

Gwyn Fletcher has purchased the Cammack bungalow on Eleventh avenue, into which he and Mrs. Fletcher will move as soon as the returns from the east, which will be some time this week.

Mr. and Mrs. M. Ripley will entertain the card club tomorrow evening.

Mr. and Mrs. L. Straus entertained a few of their friends Friday evening at the home of their third of leather wedding anniversary. Those present were Messrs. and Mrs. M. Ripley, J. H. Hammett, F. M. Ripley and Chas. E. Wetherbee.

A dainty lunch was served and the evening greatly enjoyed, Mr. and Mrs. Straus receiving several useful gifts.

Dr. and Mrs. H. C. Coleman delightfully entertained at progressive high five, Monday evening, Messrs. and Mrs. H. Norman, T. Holmes, C. B. Peck, W. W. Allred, B. M. Hays, G. L. Layne, Chas. E. Wetherbee and A. H. Nihart. A very delicious two-course luncheon was served by the hostess, and a very pleasant evening is reported.

The pupils of Mrs. Edith Ames of the M. E. Sunday school, held a play party at the Ames home Friday evening, which is reported to have been a very pleasant affair. One of the features of the evening was a double wedding, those taking part in which were: Bride Lillian Lindstrom, groom Pauline Mac, best man Amanda Lindstrom, bridesmaid Bessie Mounce, bride Nell McQuinn, groom Margaret Huffman, best man Lettie Whitson, bridesmaid Edna Wetherbee. The characters were costumed to suit the occasion, the wedding march being played by Miss Edith Ames, and the ceremony was pronounced by Edna Weaver, who acted as the minister. Various games and music were enjoyed, and a delicious three-course supper was served. All report a jolly evening.

The stockholders of the Buhl Creamery Co. met Monday afternoon in the I. O. O. F. hall and held their regular election of directors, those elected being W. R. Hatfield, M. D. Wood, E. C. Swanger, Jens Nicolayson and H. H. Payne. A motion, deserving of particular mention, was carried to the effect that the creamery will hereafter pay a two-cent premium on every pound of butter fat, put through the creamery by non-stockholders, the same to be paid in stock in the Buhl Creamery Co.

The "family circle," met with Mrs. H. H. Payne on Wednesday of last week with a good attendance. Mrs. Payne spent a very enjoyable afternoon and very dainty refreshments were served. The meeting adjourned to meet with Mrs. Orr and Miss Curtis on Wednesday, January 24th.

Mrs. E. W. Byrne and Mrs. Orr will entertain the Presbyterian Ladies Aid at the former's home on Eighth avenue, Friday afternoon.

Dr. J. T. Evans was in Buhl Monday looking after his patients.

The Minneapolis Steel Bridge Company, who were awarded the contract for constructing the Nihart bridge, are advertising this week for bids on hauling the material from Buhl to the bridge site.

## NEWS FROM FILER JOURNAL.

The Sunday school convention last Saturday and Sunday held at the M. E. church, was very largely attended and much interest shown.

Parsons & Co. have closed out their stock and have gone to Salt Lake. They still own the property on Main street, besides some other city property and therefore will not entirely lose their interest in Filer. They have made many friends here who will wish them well wherever they are.

Last Saturday night the dance was poorly attended on account of bad roads. And yet, six or seven couples of young folks from Buhl, made the drive and saved the day for the dance. Without their presence the first dance failure in over a year would have resulted. The Buhl folks seemed to enjoy themselves and were generous in their praise of the Filer orchestra.

Prof. Dooley had a little runaway on his return from Twin Falls last Saturday. In crossing the railroad track the wheels hit the rails quite square, and the horse broke the whiffletree bit the horses on the heels and off they went. They dragged the professor several rods before he was able to control them. He then returned to town, secured another team and arrived home a little late, a little bruised and sore, but not in the least fatigued.

## THE TWIN FALLS TIMES.

Wallace Niek, who played ball here last season and who has made Filer his home since, has a contract with the Victoria club to be Northwest league for next season. He will have his first game early in the season in California. He is a shortstop and will make good in any company, no matter how fast. He has lots of friends here who will wish him well.

One of the boys who were in the Easley McCreeley, also of Filer, will accompany him to the coast where he will play for the Victoria club, which is managed by Cleveland, by which club he was drafted last season.

Saturday night about 10 o'clock one set fire to a bale of hay just west of the Nihart-Chambers yard. Some one saw the blaze and yelled fire. Some one ran to the fire and got in his work. The roads were soft and muddy and the fire boys had a very nasty run. If the person who started the fire could have been caught the Nihart-Chambers yard something that he wouldn't have soon forgot. The alarm was sounded at that time when most of the boys were getting to sleep, but they hurried to their post of duty regardless of everything. Filer has reason to be proud of her fire brigades and their equipment, but needless and foolish alarms should never be turned in for various and numerous reasons.

Mr. H. Schmidt was transacting business in Twin Falls Wednesday.

A girl baby was born to Mr. and Mrs. Will Nelson Saturday morning last.

Mrs. Guthrie and daughter of Twin Falls, were visiting at the home of A. B. Wood the first of the week.

A farewell banquet was tendered Rube Farnsworth Monday night by a number of his friends at the Blackley cafe.

A. B. Goodson received word Sunday from Blackfoot, announcing the death of his mother. He left on the first train to be present at the funeral.

Mrs. Schildman accompanied her mother to King Hill last Friday where she goes to take a course of treatment under the care of Dr. Smith of that place.

P. W. Whitney, wife and daughter, returned Tuesday for a month's visit to friends in Missouri, Kansas and Arkansas. Mr. Whitney's mother returned with them and will make her future home.

Last Wednesday evening the Odd Fellows installed the following officers: Geo. F. Allen, W. G. Allen, V. G. D. Davis, Sec.; M. B. Harding, Treas. The lodge is doing lots of work and more than usual interest is being taken in the membership.

At an election of the stockholders of the Filer State Bank on the 10th inst., the following officers were elected: President, T. E. Moore; vice-president, E. E. Hank; cashier, Guy H. Shearer; Directors, T. F. Moore, E. E. Hank, Guy H. Shearer, W. S. McCracken, J. W. Weaver.

M. E. Finch and family have returned from Illinois, where they were visiting. They had thought to spend the winter back there, but after passing several weeks without seeing the sun, they became homesick for good old Idaho, and hence they are here.

They brought some friends with them, who will look the country over and perhaps become permanent citizens.

Ben. Rietter and family, who left here about a year ago for North Yakima, are on their way back. J. Gardner from the same point, will also come here and locate. Mrs. S. D. Taylor and children who have been visiting in that country for several weeks, will also be home with them.

The Twin Falls country (and especially the Filer end of it) is a pretty hard country to beat.

It is really a pleasure to leave town now since Tom Barnhart has been appointed assistant agent. Tom, being an old bachelor, cannot sleep late, and is up looking for something to do. Of course, the first thing he thinks of (naturally) is a fire, and he walks not only in the office, but also in the waiting room. If Tom never does anything else to win his way into the hearts of a traveling public, he will have accomplished this much at the little trouble that he undoubtedly and unthoughtfully did when he made the atmosphere warm around those who were taking the trains from Filer to points in other sections of the country. Thus we see that it is the things of life that sometimes prove the largest by those who little dream that their efforts to please are even appreciated. A home-going vote of thanks well now be in order.

# Now for a Quick, Final and Decisive Wind Up Of This January Clearance Sale.

Prices have now dropped to the bottom price limit. The one and only purpose of these final reductions is to make an absolute clean sweep of every remaining item of Winter Goods. And to make this dispersal thorough in every section of the store. We have carefully examined every individual lot of goods and where lots were large the price knife has cut another notch off the original price, so as to insure the sure and certain selling of the remainder of our Winter stocks. In our statement above we've told you of the methods we've used to force sales for these final days. You will find cold price comparison facts, prices that tell you in the very plainest language that this is a saving occasion which happens, at best, only once a year.

**Need we urge you to put aside other opportunities  
and make every effort to visit the store at once.**

**The Sale Positively Ends Saturday Evening, January 27th.**

#### THE NATIONAL CONVENTIONS.

In five months the dual campaign for the nomination of the Republican and Democratic candidates for the presidency will reach its climax. The Republican national convention is to be held in Chicago on June 18, the Democratic national convention in Baltimore on June 25. In the past delegates to the national convention have been selected at state conventions and at district conventions within the states. This year the same system will be followed generally, but not universally, for a new principle in making presidential nominations has begun to be introduced during the past four years. In twelve states the delegates to the national convention will be elected at district primaries by the direct vote of the members of each party. In five states the voters will elect, even chosen, through the actual naming of the presidential candidate, for in New Jersey, Wisconsin, North Dakota, Oregon and Nebraska, not only will the electors select their delegates directly, but they will be enabled to express with equal directness their choice for the presidential candidate of their party. The choice of the voters

of a state or territory will be only morally binding upon the delegates, but the experience in several states, notably Oregon and New Jersey, with the similar device for voting the popular choice for United States senator, shows that the moral bond is likely to be too strong to be broken. At the meetings of both the Republican and Democratic national committees attempts were made to have all the delegates to the national conventions selected at district primaries. But at both meetings the purpose was defeated. Even if the decision of the national committees had been different, that action would have to be supplemented by legislation in each state involved. For it must be remembered that the value of any primary depends entirely upon its establishment by law. A voluntary primary is a primary without compulsion against either corruption or manipulation. The presidential primary in which the voter expresses his choice directly for the presidential candidate is based upon the belief that if the voter can intelligently choose between Mr. Taft and Mr. Bryan at the election he can equally intelligently choose between Mr. Taft and Mr. Hughes at the primary. There is, however, as yet no evidence to show that the presidential primary will not be accompanied by certain disadvantages, which might possibly outweigh its advantages. The experience of the states where it now exists may provide some interesting evidence on that question this year.—The Outlook.

#### SAVINGS BANK INSURANCE.

The Outlook has more than once described the method of providing insurance (and especially insurance for people of moderate means) through savings banks—a method now in operation in Massachusetts. The experimental features, and gains in strength and in extent. Very wisely, there has been no attempt to force the growth too rapidly. The third full year of the operation of the system has recently ended, and the results reported are encouraging. Thus the increase in the premium income for that year has been almost one-third over the premium income for the year before; the number of policyholders has increased by more than one-half, and the new policyholders carry about two millions of insurance. Among other interesting developments, it has been noted that what is generally considered the strongest teaching bank in western Massachusetts, namely, the Berkshire County Savings Bank of Pittsfield, has established an insurance department, and that the rate of dividends

policyholders is now equal to one-sixth of one year's premium; that the cost of insurance to policyholders in the plan is about forty per cent less than the amount they used to pay for industrial insurance under the rates of the industrial companies as they would be before the Savings Bank Insurance Law was passed, and is about twenty-five per cent cheaper than the present rates of the industrial companies. A pleasing incident was the presentation by Mayor Miller, of Pittsfield, who is also editor of the Pittsfield "Enterprise," of Christmas presents to twenty employees in the form of five-hundred-dollar savings bank insurance policies, with a promise that the premiums would be paid by Mayor Miller so long as the policyholders continued on the staff of the paper. Only three banks in Massachusetts now have insurance departments, but thirteen have become agencies for the three. One hundred and forty employees of labor have also established unpaid agencies in their factories and workshops for the benefit of their employees, and several large employers of labor contributed to the mutual benefit associations which protect the workman against sickness and death through savings bank insurance policies. It is hoped that some of the large city savings banks may now establish insurance departments, and the managers of the plan express their feeling that the movement is as yet in its infancy, and that it is sure to gain in public favor as it grows.—The Outlook.

#### HOW ABOUT IT JARLIDGE?

We have just learned directly the feelings of the Jarlidge citizens in regard to the cutting out of the Three Creek mail route, but it seems to be a poor move. Everybody that knows anything about a mountainous country, knows that deep snows fall at this season of the year, and in some places to a depth of from ten to fifty feet. We have been recently informed that the new South road between Charleston and Jarlidge cannot be traveled now, as the snow in numerous places is very deep, and if that is the case, the cutting out of the mail from the Idaho side is a bad move for the Jarlidge people.—Jarlidge-Park Star.

#### Spud Breakfast and a Talkfest.

(Continued from Page 1.)

carried through to the end. The unprofitable business was disposed of and the reports of the bank committee were taken up. The number of brother

who were reported sick and in distress was so great and their ailments consisting of nothing more serious than St. Chamberlain was discussed by the board of making the check of ready and the over-satisfaction of the digestive apparatus, that the committee were dismissed and the matter of cereals referred back to the good of the order.

Under this head there was a discussion of literature, art, music, oratory and travel.

Major Reed was to have talked on the subject "Love One Another," but he was unable to be present and Bishop Punnett was called on and consented to make a few remarks in his stead.

Professor Elliot gave several good reasons for living in Twin Falls, but this subject needs but little comment as we all know why we are living here and the professor knows a good thing when he sees it.

Commissioner Samuel J. Rich of the bureau of immigration was assigned the subject "Spreading the Gospel of the Great West," and he told of his trip on the governor's special train, which started from St. Paul and visited all the important Twin Falls regions of advertising the great northwest.

As one result of the trip, Mr. Rich brought with him a silver loving cup which he said was the best handkerchief or pointer at the St. Paul fair show. A prophesy of what Twin Falls would be in 1920 was given by M. J. Sweeley, and as prophesies do not always come true and he, being a lawyer, was under obligations to be truthful, he based his prophesy of the growth and upbuilding of this city during the next eight years on the progress that had been made during the past eight years. He said that if we would all be workers as well as boosters that there was no reason why Twin Falls should not be the largest and best city in Idaho in 1920 or before that time. Mr. Sweeley's talent along the line of art was shown by a map of Idaho that he had drawn, showing the location of the different educational institutions of Idaho. There was a large red spot on the map which he said was the best handkerchief or pointer at the St. Paul fair show.

A prophesy of what Twin Falls would be in 1920 was given by M. J. John E. Williams proved himself a most entertaining and he "loosened up" with a goodly number of five minutes which he told in a way that would suggest that John was acquainted with a lot of his work.

Chancellor Deane Thomas delivered an inimitable hexameter production on which he had a patent right. He has named it "The Birth of Twin Falls," and it is a masterpiece of his kind. Mr. Sweeley, in his prophesy, might well have added that when we start our school in 1920 we will hear Prof. Doolittle of the American Literature department announce to the class, "For Monday, we will take chapter XXIV of the Book of C. D. Thomas and his effect on this later literary life. Begin with page 25 and take to bottom of page 25." (Bring in a lot of his work.)

style that we are all familiar with and never tire of.

The subject of "Good Roads" in Southern Idaho was discussed by J. H. Hays, he can prove that his method is first class by showing the roads.

As the hour was getting late the master of ceremonies asked those of the faithful worshippers who had sufficient digestive ability to stay through the entire convocation to assist him in closing the Judge. A salute by Bishop's final light marked the ending of the most successful meeting of the I. O. B. P. W. and the members journeyed homeward to tell their wives that they had been "unavoidably detained."

From the reports received from those present this second annual breakfast was a decided success and the I. O. B. P. W. is destined to be a permanent institution and a help in building up the potato industry in the Twin Falls country. Who will be the next to fill the chair of exalted prince?

Much credit is due to the caterers for the excellent manner in which they handled their part of the program and thanks is due the Twin Falls Male Quartet who culminated the program at

different times during the evening by their renditions.

# QUIET JANUARY

January is usually supposed to be a quiet month in the Furniture Trade but we carry so many Side Lines that are necessary to the well equipped home that there is always something doing at our store.

An ironing board is a little thing and may be bought most anywhere but the very best ironing board that can be made, can be bought from an established furniture store for a rough and flimsy one.

There are many things that possibly you haven't thought of buying from us that we not only carry, but carry the best to be had.

Here are some of them:

Curtain Stretchers, Clothes Dryers, Towel Rollers, Coat and Hat Racks, Chair Seats, Drawer Pulls, Oak Pole, Kirsch Extension Rods, Rubber Weather Strip, Rubber Matting, Stair Rods, Stair Corners, Stair Pads, Stair Nosings, Screens, Waste Paper Baskets, Cuspidors, Gold and Silver Paint, Dustless Mops, Furniture Glue, Furniture Paint.

All these and many more are things that have helped bring January's business up to the standard. With the coming of spring we will have much to tell you about new goods. We hope to begin next week.

AS with an expensive, high-power racing automobile, so with groceries. The human machine needs the best fuel to get the greatest efficiency from it—just like the motor car.

GIVE the finest auto bad gasoline and you get poor speed—feed the best man alive on improper food and you see a human wreck. You owe it to yourself—for your health's sake, for your pocket's sake—to feed your stomach with the finest groceries—with good wholesome food. That is your YOUR fuel.

Buy groceries for their "fuel" value—get ours.

### MY TUNING

When I contract to tune your piano I purpose to actually put it in perfect tune or a nearly perfect as the instrument will permit, (this depends upon the grade of piano you have and the care it has received) and to make it stay a reasonable length of time. If it is found to be out of tune I will tune it as many more times as is necessary to put it in this condition.

When tuning a piano I remedy without extra charge such small disorders as squeaking pedals, sticking keys, etc. For repair work which requires new material or any considerable time I am compelled to justice to you and to myself, to charge an amount sufficient to permit of the work being done right.

Poorly or half done repair work, which could be done without extra charge and which might please you at the time might easily be in reality much more injurious than beneficial to your piano. It pays to get the best and the best cannot be had for nothing.

I intend that all my work shall be satisfactory. If for any reason it is not and cannot be made so, I will gladly refund your money.

# A ROCKY ROAD AHEAD FOR POOR PRINTING

Every bit of good printing done for your competitor makes the poor printing---or the ordinary printing---which you are "using up" because you have it, more certainly and inevitably harmful to your business.

For this is the day and the hour and the vogue of distinctive, GOOD printing. And it does, usually, cost somewhat more, of course ---in "first-cost." After that, it doesn't "cost" ---it "pays."

Mr. and Mrs. F. M. Ripley delightedly entertained the ladies of the White Club Wednesday evening.

The M. E. Ladies' Aid met on Thursday afternoon at the home of Mrs. Amos, the newly elected officers taking their chairs. The main feature of the afternoon was a social Kensington, which was greatly enjoyed by the thirty-five ladies in attendance. Before leaving for their homes, Mrs. Amos served the ladies with a very delicious luncheon, which all enjoyed very highly. This meeting was the most enjoyable meeting and had the largest attendance that the society has had for some time.

Mrs. Chas. H. McQuown and Mrs. M. Stangle were delightfully entertained on Wednesday at the Kanza Ranch.

Mr. and Mrs. W. J. Craner returned Wednesday from Oakley, where they were in attendance at the funeral of the latter's sister.

The Tuesday Literary club met this week at the home of Mrs. M. M. McKee, at which the largest attendance in several months. Steps were taken towards aiding the public school in the coming year, and after other business was completed, the members listened to a book review "At the Sight of the Jack O'Lantern" by Mrs. C. V. Rogers. Delicious refreshments were served by the hostess at the close of the meeting.

Andrew Rogerson of Three Creek, is feeding a band of lambs at the Jordan Ranch.

E. R. Sherman has shipped over 100 cases of hay the last two weeks.

Mrs. James Craig entertained about twenty-five young people on Monday evening in a very enjoyable affair.

Miss Hilda Olson slipped on an icy step at her home on Saturday, falling in such a way as to break two of her ribs.

Nearly 6,000 sheep are being fed in the vicinity of Chastell.

The young child of Mr. and Mrs. Edgar Stratton fell from his chair last Tuesday, breaking one of its arms.

The annual meeting of the school board was held Monday evening.

Mrs. E. W. Byrne and Miss Bertha Noel were delightfully entertained at dinner Wednesday by Mrs. Chas. D. Snyder.

Miss Kyda Chapman and Miss Edna Sprague, returned Saturday in Twin Falls with friends.

Excavation work was started the first of the week for a new brick store building, at the site of the Buhl Investment Co., on his lot on Broadway between the Kallias & Eastman buildings. The new building is to be 25x30 feet, one story with basement, and constructed in such a manner that it will be ready to start within a few days.

The Jarbidge Rich Camp.

A. N. Sprague, of Activity in Scores of Claiming Properties.

That Jarbidge will this year become one of the greatest gold mining camps in America incident upon a development sure to come, is the firm belief of A. N. Sprague, formerly of this city, later of Twin Falls, now of Jarbidge, where he is secretary of the Jarbidge Rich Camp.

Mr. Sprague believes that the Jarbidge camp is now at its peak, owing the rich Jarbidge group of six claims in that camp. Secretary Sprague is on route home from a business trip to Jarbidge, where he has been for a couple of days to shake hands with old pals. He says there are now about

Office over Farmers' and Merchants Bank.

1200 men in the camp, everybody is happy and prosperous, and with the opening of spring he anticipates one of the best years for the Jarbidge.

The Jarbidge company set aside a block of treasury stock for prospecting and development purposes, and has arranged to put a force of men at work at once to extend the present tunnel on a vein that assays high on the surface, and to develop of a second vein that runs through the ground and which gives excellent promise. At a distance of 55 feet the main vein is eleven feet wide and averages high clear across. The property is located in such a manner that 1000 feet of dikes can be attained by a 100-foot tunnel. A comfortable log cabin with three rooms, a blacksmith shop and other buildings have been erected. There is plenty of water for all purposes, available.

Mr. Sprague says 50 men are employed in Jarbidge's Success group, where are averaging \$40 per ton in being taken from a depth of 250 feet. The vein is eighteen feet wide.

Fifty men are employed on the Payroll, and Mr. Sprague believes the Jarbidge is a gold bullion every day.

Forty men are at work in the Bourne mine and mill on the North Star and \$500 in gold is being produced as regularly as clock work.

The Jarbidge camp as at present is about three miles wide and eight miles long, and Mr. Sprague believes the Jarbidge contains more of the yellow metal than any other territory of similar size in the United States.

To the east the main mineral zone, in what is known as the crater country, extends for 30 miles or more, and is exceptionally rich, particularly the Coeur d'Alene-Jarbidge, the Jarbidge Crater, the Alifurco and many others.

There is at present only about a foot or foot and a half of snow in the camp proper, while surrounding hills are covered to a depth of about six feet. Auto stages, however, run regularly from Twin Falls and the trip can be made in comfort in about five hours.

A New York syndicate recently purchased the Buckeye group at \$250,000 and are preparing to put in a mill at once—Pocatello Tribune.
