

# DEMOCRATS REORGANIZE

## Jefferson Club Hold Big Rally.

## OFFICERS ELECTED FOR THE COMING CAMPAIGN.

Enthusiasm—Prodded—County, State and National Victories for the Party.

The Democrats of Twin Falls county began the first work of the approaching campaign when on Friday evening a large crowd gathered in the Union hall in this city and reorganized the Jefferson club. Enthusiasm and harmony were the principle features of a meeting in which the Republicans were assigned to defeat and the flag of Democracy hoisted over the county court house. The disciples of Jefferson were convinced that the time was ripe for the great victory and speeches using harmony were made on all sides.

The club which was started in the last campaign, elected officers for the coming campaign with the following well-known Democrats filling the positions:

President—W. H. Pike, Twin Falls. First Vice President—J. W. Tanner, Filer. Second Vice President—J. F. Danks, Twin Falls.

Secretary and Treasurer—J. E. Flinn, Twin Falls. The club passed a resolution asking the state central committee to call for a preference vote on choice of presidential candidate for the entire state. Sen. W. H. Hornbrook declared at this meeting that he would not be a candidate for state senator again.

A number of the county officeholders belonging to the club were called upon and stated that the work done in the county offices was meeting with approval.

The following committee was appointed on arrangements for the Bryan reception which will be held next Tuesday evening at the high school.

Tanner, G. V. Higgs, Thos. Dorey.

## BOOTLEGGERS PLEAD GUILTY.

Sam Lynch Given Fine and Jail Sentence—Al Peterson Says He is Guilty.

District court convened yesterday after a short recess with Judge C. H. Stockbridge on the bench. When the Stockbridge case was called, Al Peterson pleaded guilty to the conclusion that he was guilty and entered a plea of \$100 and he was confined in the county jail for a period of thirty days. When he was taken to jail it was noticed that he was broke with some kind of a rash. A physician was called, who pronounced it small pox, and he was forthwith taken to the next house in this city, who pleaded guilty to selling liquor contrary to law. Peterson was not yet in the county jail.

Saturday the officials of the sheriff's office armed with a search and seizure warrant raided the place where Barker and secured several barrels of beer with some other liquors, which they will hold in evidence.

Charles Weldon, the miner druggist, pleaded guilty this morning to selling liquor contrary to law and was fined \$250.00 and costs, which he paid.

## CHAMPIONSHIP GAME.

Blackfoot Girls vs. Twin Falls Girls for Championship of Eastern Idaho.

The people of Twin Falls will see one of the best basketball games next Friday evening, February 23, of the season. The game will be between the Blackfoot girls, champions of the northern division, and the girls of the Twin Falls high school, champions of the southern division. This game will decide which of the teams will be the undisputed champions of eastern Idaho. The game will be played in the high school gym and promises to be the best of the year. All lovers of basketball should not fail to see this game and remember the date, Friday evening, February 23, at the high school gym.

## WHAT ARE YOU GOING TO DO ABOUT IT?

That's easy; buy your groceries from Wiker. With a five dollar purchase of your goods, you get a sack of sugar for five dollars and sixty cents. Sugar advanced fifty cents last week. Swift's Winchester bacon, by the place, eight cents a pound. Good apples per box, one-fifty. Little sweet corn, twenty-five per case. Tomatoes ten cents per case.

## INSPECTOR IN TOWN.

M. W. Smith, Deputy Pure Food Inspector, Pays Visit to City.

Dr. M. W. Smith, deputy pure food and sanitary inspector under J. H. Wills, was in the city for a day of the week on an inspection tour.

While here Mr. Smith closed up two lodging houses for being unsanitary and not complying with the fire protection laws. He says that these houses were notified to make the changes several months ago but had failed to do so.

Some changes were ordered made in one of the public buildings of the city. In two buildings the back doors were found to swing inward and the proprietors were ordered to change the doors so they would swing outward.

A visit was also paid to the picture shows and everything was found in first-class shape but ventilation and the proprietors will do some things to remedy.

A noodle and chili parlor was also visited for being unsanitary and the proprietor could put the building in a sanitary condition. Yesterday the parlor was re-opened by W. Whittemore, who will see that the changes ordered by Mr. Smith in regard to the stores in the public buildings are made as fast as possible.

Mr. Smith also paid a visit to the several grocery stores of the city and he wishes to state that he found everything kept in first-class shape and no cleaner and up-to-date stores can be found in the state of Idaho than right here in Twin Falls. He also wishes to state that the clean-up of stores handled by the Twin Falls grocery men is above the average found in cities of this size.

He returned to his headquarters in Idaho Saturday evening well pleased with his inspection trip.

## TWENTY-NINE CARS OF STOCK.

A Train Load of Cattle and Sheep Shipped From Filer Yesterday.

Talk about your big advertisements for the Twin Falls tract, but the shipment of stock that went out of this station last night is only a foretaste of what is to happen in the future. As a feeding ground Filer has already attracted the attention of the big feeders and shippers and from this year on, there will be a steady stream of cars headed from here for the South.

Last Sunday L. Ormsby, one of the big sheepmen of Idaho, was in Filer looking over the different bands of cattle and sheep in the area. No better grade of sheep ever came his way over a band than this same Ormsby band, and when the latest band of lambs, which were fat and ready for market, were the fattest and best bunch that he had ever seen in Southern Idaho, he was not slow to make a judgment.

Among the shippers of cattle were Al Page with 250 head of fine fat steers, the McKinley estate with 200 head and perhaps others whose names we did not learn. Among the sheep shippers were A. L. Houghtaling, Norman Barker, Wm. Parlow and Frank Brown.

This string of stock, making a special train of twenty-nine cars, was made an imposing spectacle as it pulled out of the yards bound for the eastern markets. The Journal contains a full account of the train but failed to connect with a man with a camera. The train should have been decorated with streamers marking the country traversed that the stock was being shipped from Filer, where the best land in the Twin Falls tract is to be found. The Ladies Aid of the M. E. church will meet Thursday, February 15th, at the home of Mrs. A. D. Goodman.

The deal was consummated the first of the week, whereby Attorney A. M. C. Ware sold to John Roseworth, who until recently was engaged in the wholesale liquor business in Salt Lake all of the W. J. Tall property, which comprises the two-story brick building on Main street occupied by the Golden Rule, the frame building on Main occupied by the Mode Millinery and Dr. Chas. Wetherbee and the vacant lot at the corner of Ninth and Main.

On Saturday he purchased the entire Buhlwin estate from Chas. H. McQuinn, its trustee. Twenty thousand dollars changed hands on the several properties. The deal all being made through Mr. Roseworth's attorney, A. W. Ostrom, of this city.

In his investment Mr. Roseworth held in law and so much of the property of the properties, although it is said that he purchased at reasonable figures, but more especially the future of the city. In fact, most of the property he did not see until after the deals were closed. It is rumored that Mr. Roseworth is considering further investments in Buhl.

# RUGS, CURTAINS, DRAPERIES

Spring time is cleaning time, when the housewife over-hauls all the furnishings and the man lunches down town and sometime don't come home until early next morning for fear he will be asked to assist in the re-cleaning.

Nothing has more to do with the appearance of a room than its Rugs, and Draperies. The furniture may be elegant, the wall-decorations perfect, but if the rugs and draperies are not in harmony the whole effect is spoiled.

We have recently added to our stock some very choice patterns of Art Serima which, we offer at 15c. to 50c. per yard. These are new goods, direct from the factory, and we believe them unusual values at the prices asked.

We have also added largely to our line of lace curtains and have some very nifty things to show you in made up goods priced at \$3.00 to \$10.00 per pair.

When it comes to rugs we are very proud of our showing, which includes Anglo-Perdiana, Wiltons, Hartford Saxony, Axminsters, Hody Brussels, Tapestry Brussels, Kashmiris, Wool Fiber, Ingrain and Crex. All new up-to-date patterns.

We carry Velvet and Ingrain Carpeting in regular and stair patterns, also Crex, Fiber and Coco Matting.

### Better Optical Service

By Dr. Robt. A. Parrott, Optometrist. In every trade, profession or branch of work, there are found a few men, who from special fitness, or education, or both, are better prepared to serve you in their line than the multitude of others in the same field. Since optometry requires special ability in both professional and mechanical work, men that are fitted to do both equally well are scarce. Therefore you cannot be too particular about the selection of the man to whom you intrust your eyes. The professional work, the examining and measuring of your eye defects, must be skillfully and correctly done. The mechanical part, the making and adjustment of your glasses, is no less important.

Every phase of Optical work is thoroughly and intelligently done here. From the first step in the examination to the final adjusting of the frame or mounting not a single thing is overlooked or slighted. I do all the work myself, and having had such fine success with the most difficult, neglected eyes, I do not hesitate to say that I can give you perfect satisfaction.

A visit to my office will incur no obligation.

Mr. Van Bruggen has experienced in tobacco raising only in a small way and has met with great success, both this year and last and he is of the opinion that tobacco growing should be made profitable here. The samples on exhibition are exceptionally fine and the farmers who are interested are invited to go to the Commercial club and see them.

The Twin Falls Commercial club has asked the citizens of the tract to hold the American flag on all legal holidays, either on flag poles or on their houses. A large flag pole has been placed on the high school building and the Stars and Stripes will flutter in the breeze every day there and on the county court house. An immense flag pole has been raised by J. L. Daube on Seventh avenue North and another has been put up by J. A. Waters on Blinn street. In addition to its other duties, Every citizen is urged to fly the flag on Washington's birthdays.

Feared the Worst. A South Dakota railroad is noted for its exorbitant roadbed. A new brakeman was making his first run over the road at night and was standing in the center of the car, grimly clutching the tongs to keep erect. Suddenly the train struck a smooth place in the track, and slid along without a sound. Seizing his lantern, the brakeman ran for the door. "Jump for your lives!" he shouted. "She's off the track!" #### TIME REDUCED.

Residence of 10 Days Required in the  
Future.

In the future Carey act settlers will  
not be required to live on their entries  
in Carey act projects longer than 10  
days preceding the making of final  
proof. This is the important ruling  
that was adopted by the state land  
board yesterday when the rules that  
had been drafted came up for final  
consideration. The new rules will, it  
is believed by the members of the  
board and Commissioner H. P. Shaw-  
han, do away with the chaos of a great  
deal of complaint with respect to set-  
tlement on Carey act projects. Under  
the old rule 30 days' residence was re-  
quired prior to the making of final  
proof.

Residence may be made, however,  
under the board's ruling at any time  
within three years of the date the  
water is available. The manner of  
proving up in Carey act lands is  
provided for by the statute or one-six-  
teenth in one year from the date when  
notice of the company it is prepared to  
dollar water; one-eighth within two  
years and final proof within three  
years. Final proof may be made at  
any time the provisions of the law are  
complied with.

The rule adopted by the board with  
respect to contest proceedings, pro-  
vided for by the statute or one-six-  
teenth in one year from the date when  
notice of the company it is prepared to  
dollar water; one-eighth within two  
years and final proof within three  
years. Final proof may be made at  
any time the provisions of the law are  
complied with.

Contestants shall not be to the  
expense of appearing until after an  
order is filed by the contestee when  
a date will be set for hearing. If the  
contestee makes no answer it will go  
by default.

These two rules, among the most im-  
portant adopted, will greatly aid in the  
settling of Carey act land matters.

**Important New Rules.**  
The land board found the old rules  
antiquated so far as meeting present  
conditions are concerned, and from  
time to time has been forced to change  
them. The recent revision brings the  
rules up-to-date and complete, it is  
believed by members of the board and  
the commission. Some of the new  
requirements under Carey act projects  
are as follows:

Certified copy of the articles of in-  
corporation of the company of stockholders  
and their holdings as well as the copy  
of the by-laws, must be furnished to  
the board by providing companies.  
When a reclaiming company secures  
power from a power company, either  
the proposal or contract from such  
company, agreeing for 10 years and  
continuing for an additional 10 years  
perpetually, unless terminated by wa-  
ter power at a fixed maximum cost,  
must be filed with the board and terms  
of the contract shall be carefully ex-  
plained and all advertising matter in-  
volving settlers be submitted on the  
land. It shall not by its terms pre-  
vent a voluntary reduction in cost by  
virtue of any existing law or laws that  
may hereafter be enacted and it shall  
provide that hereafter in the case any  
company shall supply or offer to sup-  
ply power for pumping water, the charge  
for rental of the water right shall not  
exceeding said charge can be made.

Any reclaiming company shall not be  
entitled to a reduction in the purchase  
price on any contract to furnish water  
which has not been approved by the  
board.

**Must Protect Settlers.**  
The board will require satisfactory  
bond from construction companies for  
return to the entrymen with interest  
at 6 per cent on all payments made  
by them on account of water rights  
returned for entries approved in ad-  
vance of the availability of water.

Assignments of entries will not be  
approved until proof of cultivation and  
reclamation required by law has been  
filed and when so approved the assign-  
ment takes the place of the assignor as  
effectively as though he made the origi-  
nal entry and any and all require-  
ments the law shall be complied with  
as provided in the original entry. Fail-  
ure to submit proof of the compliance  
with such provisions will subject the  
entry to cancellation but the board  
will give notice before the entry is  
actually cancelled.

The residence requirement is 10 days  
immediately preceding the date of or-  
dering proof. It may be made at any  
time within three years from the date  
the water is available.

Contestants will not be put to the  
expense of appearing until after an  
answer is filed by the contestee when  
a date will be set for the hearing. If  
contestee makes no answer it will go  
by default.—Capital News.

Dr. Cary of Gooding Sentenced to \$500  
Fine and Three Months in Jail.

Gooding, Feb. 10.—There was a sud-  
den termination to the charge against  
Dr. Frank T. Cary today with his  
waiving preliminary hearing before  
Probate Judge Fuller and proceeding  
to the district court to enter a plea of  
guilty, whereupon Judge Walters, sit-  
ting in chambers, imposed a fine of  
\$500 and sentenced the offender to  
serve three months in the county jail.  
It was two weeks ago that Sheriff  
Zug, under search and seizure war-  
rant, issued at the instance of Mayor  
Jensen, captured about 10 gallons of  
whisky in the back rooms of Cary, who  
was charged with violation of the local  
option law in numerous cases.

Dr. Cary employed lawyers, and  
until today stoutly maintained his in-  
nocence. Outside this irregularity, Dr.  
Cary has been a successful and well-  
known physician. There is general regret  
at his fall by those who were active in his  
prosecution.

His is the third plea of guilty in  
local option violations in Lincoln  
county within the past month, in which  
cases the same as his were imposed.  
The other cases were those of Dr.  
Baugh of Richfield and Lew Walter, in  
his profession, of Jerome. Manuel  
Silva must pay a like fine and stay in  
jail five months for the same offense.  
Dr. Cary will enter upon his jail  
term on Monday, having been allowed  
until that time to arrange his business  
affairs in Gooding.—Statesman.

#### FILER NOTES.

Earl Walters is clerking at the Idaho  
State Capitol at Boise.

G. G. Patton was a Twin Falls visitor  
for the first of the week.

Mrs. M. G. Ripley of Twin Falls, is  
the guest of Filer friends.

The Progressive Needle Circle of  
Sucker Flit, will meet with Mrs.  
Weaver next Thursday afternoon.

S. S. Lambing was looking after busi-  
ness matters at Kimberly Monday.

C. C. Stevens is in charge of the  
Fruit bakery and confectionery business.

J. D. Fisher attended the horticultu-  
ral meeting at Twin Falls, Monday.  
Henry O. Brown returned last  
Thursday from his visit to Nobraaks  
and Iowa. He says he is back to stay  
and will soon be at something—al-  
though he hasn't decided just what it  
will be. Ray will also return in a  
short time.

the past week and is still very poorly.  
He attended a meeting of the Eastern  
Star last Friday evening and took cold  
on the way home which resulted in a  
return of old ailment to his lungs.  
He is improving some at this writing  
and his friends will rejoice when he  
fully recovers.

#### OBJECTED TO FUMIGATION.

Health Officer at Gooding Held for  
Trial.

Some weeks ago there was a small-  
pox scare at Gooding, a man afflicted  
with the disease having been found in  
a room of that place. The local  
health officer took charge and when he  
arrived with the apparatus for fumigat-  
ing the place a number of men re-  
fused to leave. So the health officer  
proceeded to fumigate occupants and  
all.

One of the men, Thomas Fay by  
name, took exception to this treatment  
and brought suit in the county court  
against the health officer.

Last Friday a score of witnesses  
were called to Shoshone at the hear-  
ing held before Probate Judge  
Fuller. The judge sustained the  
charge, holding Dr. Secrest, the Good-  
ing health officer, to the district court  
for trial in bail of \$500. Fay, the  
plaintiff, claims he was injured by the  
fumes of formaldehyde, the disinfectant  
used.—North Side News.

#### Heckepers Attention.

Deekepers will meet in Commercial  
club rooms Saturday, February 24th,

## HANSEN LOCALS.

Hansen, Ida. Feb. 19, 1912.  
The stork paid a visit to the home of Mr. and Mrs. L. C. Callan February 4, and left a fine baby girl. Proust papa wears a smile that won't come off.

The pupils of the Hansen school had Valentine boxes in the various rooms Wednesday, and even saw the proud possessor of several of Dan Cupid's misfires.

Joy Williams and family, who arrived in Twin Falls from Iowa one day last week, and who intend to make their home on the Salmon River tract, visited recently with Carl Cummings and his mother.

The social at the Excelsior school house Friday night was very well attended. All the seats were occupied and people were standing. The program was very good, and we are sure that everyone thoroughly enjoyed the lunch.

The Hansen Ladies Aid society will meet at the home of Mrs. W. A. Garrison next Thursday afternoon, February 22nd. Everyone is cordially invited to be present.

Larsen Brothers of Rock Creek have been hauling grain to the elevator here the past week.

Mrs. W. R. Eubanks left Saturday afternoon to visit with friends and relatives in Ruhl.

Thursday Mr. and Mrs. H. Lacourse and family moved their household goods to the Salmon River tract, where they intended to make their home for the next two years, having leased a three hundred-acre ranch from Hunter Swain. They will be greatly missed in this community, where they were pioneer residents, and the best wishes of a host of friends go with them for much happiness in their new home.

Several from here attended the poverty social given by the Royal Neighbors in Kimberly, Wednesday night. It is under stood that one team of stock in the mud when they were homeward bound, making it necessary for them to be pulled out. Everyone will appreciate that "ridiculous" mile of good roads in one day which we are promised.

Joe Dick of Iowa was a caller at Carl Cummings' last Friday. He has come to make his home on this tract.

Job Pringle of Ogden, Utah, was here in the interest of Eccles' new beet factory, Friday afternoon. With him was a Japanese contracting to do the field work, to be either paid by the acre, or on share. The first of the week a man will be in this vicinity looking over the acreage submerging, to see whether it is suitable for raising sugar beets.

Saturday morning G. L. Redhead and family intended to move their household goods to the Salmon River tract, where they have leased a four-hundred-acre ranch. But owing to the disagreeable weather they did not move until Sunday, spending Saturday night at the Vanderpool home. Mr. and Mrs. Redhead were among the first settlers in this locality, and we are sorry to see them leave, but trust that they will enjoy their new home, and make as many friends there as they are leaving here, who will welcome them "home" when they return in the future.

Paul Keith, H. M. Vanderpool and son Ray, each took a load of Redhead's household effects to their new ranch when they moved.

Notice to Automobile, Motor Cycle Owners and Drivers.

Notice is hereby given that the fee for registering Automobile, motor cycles, and drivers' licenses for 1912 are now due and payable. Each car took out a license number in 1911 is not obliged to take out a new license number, but is required under the city ordinance to be registered again for 1912. The fee for this registration is \$2.00.

In addition to the above all persons driving out of town must have a license which is \$1.00 for the year 1912.

These licenses must be paid to W. E. Nixon, City Treasurer, at the First National bank, on or before March 1st, as all drivers not having license or owning a car not registered at that time will be taken up under the ordinance.

After the above fees have been paid to the city treasurer, licenses will be issued and registrations will be made at my office on presentation of treasurer's receipt.

Mr. Jensen is baling hay this week.

## KIMBERLY-NEWS ITEMS.

Kimberly, Ida. Feb. 19, 1912.

Neppel Larson was a Kimberly business visitor Thursday.

Leo Ross drove out to his ranch at Rock Creek, Saturday.

Ed Tilly was at Twin Falls Saturday as a witness for Sam Strong in his contest case for desert land.

Bert Ritchie and Leo Ross were Twin Falls visitors Friday.

St. Valentine and his family were hard at work Wednesday at the school house. Miss White was in Mrs. Ritchie's room—teaching music.

Mrs. Ritchie was in Miss White's room teaching arithmetic, when in some way she was led as it by magic to tell the pupils plan a surprise dinner for the absent teacher. The little faries had worked their game well, because when Mrs. Ritchie returned to her room she was greeted with a loud "surprise."

After enjoying the announcement Mrs. Ritchie joyfully consented to her room to be greeted in the same manner. The Kimberly children do not believe in doing things by halves and you can imagine the feast they had.

There was something that the small boy or girl deems essential to a meal. It is needless to say that the teachers have enjoyed the kindly feeling shown by the pupils in this way. The surprise was a complete one and was enjoyed by both pupils and teachers alike.

The "Hard Times" musical given by the Royal Neighbors, was well attended by those in attendance. The special feature that was most enjoyable was the fact that a new party down with the high waist line, was not essential.

Mrs. Geo. Brainer and son Donald were the guests of Mr. and Mrs. Eubanks of Hansen, Friday.

A great many of the people about Kimberly are taking advantage of the beautiful weather here and their friends to sheep to Chicago, Thursday.

Mr. Elmer Reese made a business trip to Ogden this morning. He expects soon to ship over nineteen hundred sheep to Chicago.

Paul Scott was the victim of La Grippe last week, keeping him from school.

Miss Ruth Van Houten is on the sick list here.

The hens about Kimberly are doing so well that the price of eggs has dropped to twenty-five cents.

The young men are not interested in state music and it rather difficult to establish much land to the newcomers.

### EXPOSITION IN MINNEAPOLIS.

Products of Soil, Mines, Lakes, Rivers  
Forest and Factories to be Exhibited.

Seven states have again combined to hold a great exposition to show the products of their soil, mines, lakes, rivers, forests and factories after the harvests are over and the state and county fairs have made the collection of the finest products in the world available.

The Northwest Products exposition as it will be called, will be held in Minneapolis November 12 to 23. The Minnesota, North and South Dakota, Montana, Idaho, Washington and Oregon.

To make this exposition possible the business men of Minneapolis will erect a building of solid steel, brick and concrete with a great exhibition floor 250x125—its large—on Madison Square Garden, New York City.

At a cost of \$1,000,000 the Civic and Commerce Association of Minneapolis and the St. Paul Association of Commerce have bought space from the Northwest Development League for the seven states where their official exhibits will be installed. The Northwest Products exposition will be almost twice as large in extent as the "Land Show" held in St. Paul and it is the hope of the officers of the Northwest Development League that it will be a better exposition in every way, as they have almost ten full months to prepare for it whereas they had but little more than three months to organize the St. Paul show.

### STATE BLOWERS ARE SENTENCED

Lester Brothers Are Sent to Fort Leavenworth for the Kimberly Robbery.

Refusing to ask the court for an attorney or to get one themselves, George and Harry Lester, charged with the robbery of the Kimberly last year, pleaded guilty in the federal court yesterday morning, and were given four and two years respectively, in the penitentiary at Fort Leavenworth. In addition the court fined each of them \$100.

Addressing the court themselves, the brothers admitted that they had blown open the postoffice safe, and that they had taken from it the money and stamps that it contained. As George was the older of the two and seemed to have led the way for his younger brother, the court gave him the double penalty for the crime.

This clears the way now for the plea of Paul A. Jensen, the other alleged robber of the Kimberly office, which will be entered in court this morning. Thomas Burke, accused of the robbery of the office at Pico, has attracted considerable attention in the state, as one followed close on the heels of the other. The officers, who declare that they have followed both gangs all of the way from Salt Lake to the scene of their activities, soon had the men in jail that were afterwards indicted by the grand jury, which committed them to the state penitentiary. Fred Murray, Thomas Burke and Harry

Burton, who were charged with the robbery of the Pico office, have now all started pleas of not guilty. Eddie Gibson, one of those charged with the robbery of the Kimberly office, has pleaded not guilty, leaving Paul A. Jensen to enter his plea in the case. The two others and Jensen were brought from the Twin Falls county jail Wednesday morning by Russ Beemer, the deputy United States Marshal.

### SHOT WHILE RESISTING ARREST

Russell Allman of Carey, Shot Dead by Officer of the Law.

(Halley, Feb. 17.—) Russell Allman was shot dead at Pico by Constable Irvin E. Eldridge of Carey at about 9 o'clock Friday night, and the body was brought to this city today, where an inquest will be held Monday morning. This shooting was the climax of an incident that aroused the country around Carey and Pico to high pitch. Friday afternoon Allman, who was a young man of about 24 years, a native of North Carolina, was arrested by Constable Eldridge, charged with a statutory offense. At the time the young man offered no resistance. The officer took him to his home with him and gave him his supper, intending to place him in the county jail later, there to await his hearing.

Watching his chance, Allman gave the officer the slip and escaped. Constable Eldridge gave chase at once. He followed Allman to Pico, and there overtook him, but there the fugitive showed fight. He resisted arrest and continued to run after being ordered to stop. He also threatened violence if interfered with. Constable Eldridge again ordered the man to halt and surrender, and on a second refusal he fired. Allman dropped dead, the shot passing through his body.

Young Allman was a farm hand. He had been in this section about a year and a half, coming from the south. He had been working for M. F. Larsen on a farm near Carey, and the three nieces of Mr. Larsen, aged 15 to 17, were his victims, and would have been the complaining witnesses against him at his trial.

Addressing the court themselves, the brothers admitted that they had blown open the postoffice safe, and that they had taken from it the money and stamps that it contained. As George was the older of the two and seemed to have led the way for his younger brother, the court gave him the double penalty for the crime.

### THAT TAFT SENTIMENT.

How It Was Manufactured in Lincoln County.

Announcement was made in the Statesman, Wednesday morning in a faring head over a telegram from Shoshone, that the Republican County Central Committee of Lincoln County had passed strong resolutions favoring the re-nomination of President Taft. Knowing that such an action does not now, never did and probably never will represent the sentiment of the Republicans of Lincoln county, the Statesman investigated the matter at first hand.

Here are the facts:

A meeting of the Republican County Central Committee was duly called, to select a chairman in place of J. M. Pratt, chairman, who had moved from the county, and for such other business as might properly come before the meeting.

There are 19 precinct committeemen and the chairman and the secretary. Of these, there were present only A. L. McMahon, the secretary, and L. B. Adams of Turner and J. W. O'Connell of Deane—three in all. Gooding was represented by John Thomas, as a proxy for Walter Gooding, precinct committeeman, and Jerome by Jerry Martin, who was that day accepted as a delegate from that precinct. This made five members, of whom two were only by courtesy or by new appointment qualified to sit.

Thomas was made chairman. Martin presented a typewritten resolution endorsing Taft. It was finally seconded by O'Connell, who announced the sentiment of a representative body of Lincoln county Republicans, acting in their official capacity of guardians of the sentiment of the county and of Idaho.

The fanatical Taft Statesman, or its fanatical correspondent, put this up as the sentiment of a representative body of Lincoln county Republicans, acting in their official capacity of guardians of the sentiment of the county and of Idaho.

It would have been a fool thing to do, even if it had been a really strong, representative gathering of the party leaders. It was not unanimous as reported. To introduce such a resolution at such a meeting, with three only of the regular organization present, and in face of the sentiment which any man of sense absolutely knows prevails in Lincoln county, and in clear view of the proprietors, was actually gone to seed. It was the apotheosis of the prayer of the man who prayed: "Oh, Lord, we will not trouble Thee to deliver us from our enemies; we have been able to lick them so far; but Lord, deliver us from our fool friends."

Gentlemen, you'd better cut this rough stuff in Idaho. It leads to the political grave of better, bigger men than those who are handing out this brand of manufactured sentiment. The people of Lincoln county and of Idaho—the big rural vote and the working-man's vote—this makes or breaks political parties—is against it, frank and blue in the face, and into mental hysteria, trying to prove otherwise. It can be done. The Republican party tried it last year, and these came comic people said their way in an spectacular way. The people of Idaho want a fair chance to say whom they want—and that is Roosevelt. Try to deny them, and there is no use taking Republicanism to the state and the inevitable debt can teach its lesson. Yet, believing even this atrocious, the Recorder would not favor instructing for Roosevelt. But it is suicidal to misrepresent the wishes of the men with the votes.—Richfield Recorder.

### DYGERT- FELT.

Popular Young People Laid in Marriage Saturday Evening.

A wedding marked by quiet simplicity and impressiveness, occurred on Saturday evening, February 17, 1912 at 6 o'clock, at the home of Mr. and Mrs. W. H. Dygert on Blue Lakes boulevard, when their daughter, Miss Rose, was united in marriage to Mr. M. Earl Felt, Rev. John Gouley of the Presbyterian church, officiating. In the presence of only the immediate relatives, the bride and groom took their places, unattended, beneath a bower of ferns where the impressive rite ceremony was spoken. The rooms were very attractively decorated with ferns and large vases of pink and white roses. The bride wore a most becoming dress of marquisette with a Copenhagen blue, with a beautiful corage bouquet of pink roses. Following the ceremony and congratulations a sumptuous dinner was served, the predominating colors, pink and white, being used with very pretty effect in the adorning of the dining room and the table.

The bride has been a very popular and successful teacher in the Lincoln school in this city for the past two years and there and in her social life she has endeared herself to a host of friends because of her winsome personality.

The groom has resided in Twin Falls for sometime as a member of the firm of Atwood & Felt, which company he recently succeeded as sole owner and manager. He is a young man, possessing those sterling qualities which make for clean, successful manhood and stands high in the estimation of the community. Mr. and Mrs. Felt will be at home after March 15 in their residence on 6th Avenue East.

Miss Edith Dygert of Burley and John Dygert of Gooding, sister and brother of the bride, were in attendance at the wedding.

The Times joins with the many friends in extending sincere congratulations and good wishes.

### INDIFFERENCE IN POLITICS.

American People Are Much to Blame for Present Conditions.

The indifference of the American people to the political conditions of their country and state is responsible for that which is wrong in our country. The great majority of the people of this country are very much dissatisfied with present conditions and yet these same people who are discontented have never tried to interest themselves in the politics of their country and state. They have voted but have been supremely indifferent as to the kind of men they have helped to elect to office. The common people of England and France know more about what their parliaments are doing than our best informed men know about the doings of our congress and the legislature of the state. The press is partially responsible for this condition because they do not give the public the full facts, but the public does not de-

mand such news or they would get it. It is safe to say that not over twenty per cent of the subscribers of any paper read the editorial page of their paper. Two years ago the News went to a great deal of trouble in explaining to the voter the operations of the direct primary law and yet on the day of the primaries not even one-half of the voters who read the News took the trouble to go to the polls, and half of those who did vote claimed they had no knowledge whatever of the plan of voting at the primary. When asked if they had not seen the explanations in the News these men claimed they never even read the political articles in a newspaper. The Farmers' union is on record as favoring direct legislation. The News favors it, but we cannot help having our doubts about the successful operation of such a system of enacting laws when the voters prove so indifferent to public questions. Outside of one or two of the main offices in the state the average citizen pays no attention to the kind of men who are running for office. Four years ago the people elected a secretary of the state who publicly admitted that he was a grafter. Nearly every paper in the state gave the voters the facts in that instance and yet so strong was party fealty and so indifferent were the people that this man was elected by a very safe margin. A good many well-informed men and a large number of newspaper men fight all such legislation as direct primaries, initiative and referendum and other much-called-for reform measures. These men and newspapers are popularly believed to belong to the big interests and there may be some truth in that belief, yet there are men and editors who have watched the blind participation of the uninformed in government affairs and who do not hesitate to oppose these reform measures from honest convictions. If the people want more power they should use their present powers with a nice discrimination and better judgment; the other things will then come as a matter of course.—Troy News.

Tennis Sunday.

The reason why most attempts permanently to remove ingrowing nails fail is because they are not sufficiently radical, says a New Orleans physician in the Times-Democrat. The proper procedure is to anaesthetize the part with ether or some other general anaesthetic, then remove surgically, the entire side of the nail which tends to grow wrongly. The anaesthetic permits the surgeon to dissect out the entire section of the nail to its remotest attachments. One great difficulty about treating ingrowing nails is that the sufferer cannot be persuaded to wear a sufficient, roomy shoe to permit the new nail tissue to grow naturally. Thus do vanity and bigness contend.

A City in a Receiver's Hands.

The municipality of Tills has been allowed to resume business operations after being bankrupt four years. Tills' revenues from taxes was cut off because the property owners had counter claims for losses through robbery and brigandage which they said the city should have prevented. Eventually the city could not pay the city employees or the police their wages and the national government had to police and administer the town under a receiver.

The treasury has this week sanctioned the raising by the new municipality of a loan of fifteen million rubles wherewith to resume the normal working of local government.

The Mosquito Still Here.

Along in the early springtime—about the time when the frogs come out of the mud and tune up for the concert—we organize a mosquito-exterminating crusade here in Baltimore, and we proceed, hypothetically, to exterminate the pests with energy and enthusiasm. By August we have forgotten all about the mosquito warfare, and September always brings the swarms. The spring of the year is the right time to start the war on the mosquito, just as it is the proper time for inaugurating the fly-exterminating crusade. But in either case the warfare must be a matter of eternal vigilance.—Baltimore American.

A Tender Tidbit.

Indeed, my dear, you ought to give up this idea of becoming a missionary to convert the heathen. "I am sure I could get them to like me." "Oh, they'll like you, all right, as soon as they lay eyes on you, they'll see you are sweet enough to eat."
