The Republicans of this county urged to get out next Saturday, and express their preference of candidates for the presidency. If you want Taft go and give him your vote. If you are for Roosevelt or LaFollett go and help to send a delegation to Lewiston that will represent the majority of the Republican voters of this county. If you stay home and the delegation goes instructed for the other fellow you have only yourself to blame. The Republican county committee has done its duty in allowing the primary to be held in order to get your opinion. Get out and do your part. Express that opinion and help down the cry of the professional politician that the primary does not give the expression of the people.

The entire property of Illinois is reported to be \$2318,333,241. If that were divided among the people each one would get \$411.11. Where in ten years from now would that per capita be? It would undoubtedly undergo a great change. A few men would have \$500,000 of it, a few more \$100,000 of it; many more \$50,000, and so on until we get to the point where

reappears in the hands of the man who has been sober, diligent, frugal and wide awake.—Wendell Irrigationist.

Addison T. Smith seems to have a large number of the papers of Idaho lined up, running his smiling countenance and advertising him as the Congressional candidate from Twin Falls county. Mr. Smith has a perfect right to run for congressman or poundmaster, just as he chooses, but he certainly has no right to posture as a Twin Falls candidate. The Times believes that Mr. Smith would have difficulty in proving a residence within this state and more especially in this county which he has adopted for political purposes. Mr. Smith in the strict sense of the word is not a residence of this city or this tract. It is true that he did prove up on a Carey Act land, but such act does not in itself constitute citizenship in this state.

There were many men who moved to Twin Falls for thirty days to prove up and then left the state. It does not constitute a residence here. Mr. Smith has not in the past six years devoted more than three weeks time twice a year to this city or county and the balance of his time has been spent in Boise, Wallace and the east when Congress is in session. Another thing which is against Mr. Smith has been his constant association with Senator Heyburn, which fact he has advertised through the papers with pride. Senator Heyburn's type of statesmanship is not the kind that Idaho wants or needs and Mr. Smith under the tutelage of Senator Heyburn would be a dangerous man to send to congress to act on progressive legislation. It will be noticed that he has not said one word about his platform of principles but has harped upon his twenty years of experience as the private secretary of two Idaho Senators. It seems to the Times that there are a score or more of good men in this state who should be given support before Mr. Smith.

## ARE THEY LOOKING FOR TROUBLE?

The newspapers of Idaho which are supporting President Taft, must know from the polls which have been taken in this state and in almost every state in the union, that Roosevelt is the choice of a large proportion of republicans, if not the great majority of the rank and file of the party. In the face of this knowledge, they have stooped to the level of the scavenger in their attacks upon him. With one accord they are denouncing him as a liar, trickster, ingrate, tool of Morgan, socialist and anarchist. To read some of the abusive editorials one

the one-sided attack while the Taft supporters are assuming an attitude similar to that of the samurai before the primaries two years ago which resulted in democratic success. The Roosevelt followers are striving to have the matter settled without the bitterness which will preclude the possibility of their giving Mr. Taft efficient support should he be successful in the convention. But will they continue the present course if the other fellows burn the bridges behind them and then come back to demand to have for its end the defeat of Roosevelt at the polls in case he should be the choice of a majority of the party?

There are a great many vulnerable points in the Taft caucus, and if it is to be a fight to a finish, and if his followers would rather have a democrat in the presidential chair than the choice of the great massed, his armor will be penetrated and the game, as Mr. McKinley styles it, will be played to a finish.

Theodore Roosevelt is beloved of the common people of this country and all the millions of the lower regions cannot make them believe he is either unsafe or unpatriotic. They like him because he does things. He goes straight to the point and does not meander all around the country to get to the objective point. That he is practical instead of "judicial" is in his favor with them. The interests which have been ruling this country for a quarter of a century are not nearly so afraid of the man with a judicial temperament as they are of the aggressive leader who finds a direct way to get at their vitals. They had had no trouble in evading law, but they fear the man who will tell them of their cussedness and by direct appeals to the people arouse them to their dangers.

The Roosevelt men are for him because they believe he can lead the republican party to victory; and one half of the Taft men will tell you conditionally they do not think he can be elected if nominated and they are hurling abuse at the possible victor and demanding the renomination of the man they confess is weak with the voters. The true republican is the man who will labor at all times for party success, and those who are doing so in a patriotic and dignified manner may be compelled as a matter of self respect to rebuke those who are following a rule or rule policy. Change your tactics, gentlemen, while there is yet a chance for republican success.—Signal.

## ANNUAL SCHOOL MEETING AND ELECTION.

Notices hereby given that on Monday the 15th day of April, 1912, the Annual School Meeting and Election in and for all the school districts of Twin Falls County (extending the Independent Districts), will be held at the school houses of various districts. The meeting will be held for the purpose of selecting a Judge and Clerk of Election and to determine whether or not the question of a special tax shall be voted upon at the election; to fix the rate of special tax which must not exceed 15 mills on each dollar of taxable property in the district to devote upon the length of school term to be voted upon; to elect Trustees to fill vacancies; and to transact such other business pertaining to school interests as may come before the meetings. It is of the utmost importance that all freeholders and heads of families in each district attend these school meetings and show a genuine interest in the success and good management of their school.

very many men wouldn't have 15 cents. How can we account for this wonderful change? For various reasons. Some men are smarter than others, some more diligent, some more frugal, some more temperate. These facts can explain why this \$411 per capita has disappeared. While the circumstances, the environment, the violence most of the change can be referred to the man himself—his character, his habit, his disposition, his appetites—under the influence of which, if bad, that \$411 vanishes and

would think Anna Goldman and Herr Most were patriotic compared with him. On the other hand those who favor his nomination have refrained from attacking President Taft, but have outlined their arguments to the progressiveness of the ex-president and his popularity with the people which there is every reason to believe makes him the most available candidate. We have yet to note in a newspaper supporting Roosevelt the slightest abuse of the president.

Now the question is how long the Roosevelt supporters will stand for

The sleeper will run direct to Omaha and points beyond. Those who might wish to go to Denver can leave the sleeper at Cheyenne. It is understood that special sleepers will be run from Boise to Idaho Falls and to Salt Lake City by the Twin Falls special.

TO DIVIDE ONEDA COUNTY.

Enslaved Taxpayers Meet at Preston and Will Seek Own Government.

Preston, Idaho.—The spark of fire for county division for the East side of Oneda county was kindled to flames here last night when 800 taxpayers of the east side present, with a representation from all bona fide taxpayers, met in mass meeting at the Preston city hall.

This mass meeting was organized by the Preston club and many speakers were listened to with interest and when a vote was taken not one present expressed opposition.

This move has been thought of for some years, but until now has there been any action taken.

Has Necessary Valuation.

The east side has over \$4,000,000 valuation and all figures prove that the cost to the taxpayers is in excess of the cost to operate a county.

It was decided to divide the county into two parts, the west side to travel south, into the state of Utah and then back into Idaho to get to the present county seat.

This move will not meet with much opposition on the part of the rest of the county, for all realize the injustice of the east side to hold longer as a part of Oneda county. Nothing would be better for all concerned than the success of this undertaking on the part of east side Statesmen.

THE FAKE TUNER.

The man who is not capable of tuning a piano, but is possessed of plenty of bluffs. His unscrupulous often does a piano irreparable harm. His object is to get the money.

THE AVERAGE TUNER.

The man whose tuning is usually satisfactory. He seldom does a piano any harm and always leaves room for improvement. His object is to satisfy his customers and if you are a good judge of piano tuning you can probably get good work from the average tuner.

THE GOOD TUNER.

The tuner who is both capable and conscientious. He never pronounces a piano "tuned" until it is in the best possible condition. Very often this requires two or three tunings at intervals of a few weeks. I do the same kind of work for every one—the best.

## The Times' Big Contest Is On

(Continued from First Page.)

old or new subscriptions, although a new subscription will count for a great deal more than an old subscription.

Enter Your Name Early.

Enter your name and your friends will do the rest for you—you will never know who are your real friends until you have entered a contest of this kind. Possibly you may think of a friend who will want only a little encouragement. Enter her name by means of the nomination blank, which will give her five thousand votes.

Other friends will see her name and before long your friend will be in the lead. Do some one this favor. That every one can fully understand who is eligible to enter this contest, it may be stated that there is no limit, there is no objection to married ladies entering this contest; in fact, there is great curiosity on the part of the management as to whether married or unmarried ladies are the most energetic.

This question will have to be decided by the readers of this paper.

Publication of Names.

The names of the candidates who will take an active part in this great voting contest will appear in this paper in the Tuesday issue, and every Tuesday issue thereafter until the close of the contest, with the number of votes for the lady for whom they have been polled, and that those who have taken an interest in contest will have a full idea as to how their favorite is progressing from week to week.

The only way to secure votes is by subscribing to the Twin Falls Times, paying in advance, or in advance, by clipping the coupons from the papers.

Every Cent Must Represent a Subscription.

No employee or member of an employer's family can participate in this contest.

Candidates are not confined to securing votes in their own districts. Votes will be allowed on subscription secured anywhere in the wide world. Active voting will commence this \$100,000 contest on Monday morning, April 1st, the first list of candidates being published Monday April 8th.

Start Out Early.

As it is not too early to let your friends know that you are going to be a candidate the moment the contest starts, it would not be a bad idea to

get all the promises of subscriptions made before the opening day.

See your friends, announce your candidacy among them, and fill out a nomination blank at once. The contest will extend over a period of only a few short months.

A good start will work wonders. If you are not eligible to enter yourself, enter the name of your wife, sister, mother, friend or sweetheart, as the case may be, in this contest.

See Page 4 For Ad.

Full details of this great offer, giving the field to be covered, the districts and the prizes to be awarded to the successful candidate, are on another page of this issue. After having read this over, send the contest manager at The Times office, and if you do not fully understand the proposition, he will cheerfully give you all the details. If you are interested in the contest come in and get acquainted, anyway.

All inquiries addressed to the contest manager, The Times, will receive prompt attention. The next time you are down town drop into this department of the Times and let the manager explain to you how easy it is to win one of these valuable prizes.

## KIMBERTY NEWS

The annual thanksgiving meeting of the Women's Foreign Missionary Society of the Kimberty Methodist Church will be held Friday, March 23, beginning at 3 o'clock. ## DR. EVANS SAYS:

We have always tried to maintain our professional dignity. We have always made our diagnosis of a case, and then quoted a price, not for speculation, but our services in fitting up the patient with glasses. Our attention for one year. Under this plan we have been very successful, but now we have decided that for people who do not care for this service to sell them glasses as merchandise, and at corresponding prices. We will duplicate any that leave or spherical lenses for \$1.00 or a complete toric lens for \$2.00. The highly corrected toric lens costs 50c. more than the flat or periscope lens. We give only first quality lenses, good reliable mountings and a "square deal" always.
