

PLAIN TALK ON COUNTY FAIR

Matter of Exhibit This Year Commercial Club Topic.

GEORGE H. SMITH IS SPEAKER AT NOONDAY LUNCHEON.

Unity of Effort Needed Before Anything Can Be Accomplished Toward Fair.

George H. Smith, to whose credit can be placed the successful financing of Twin Falls greatest and best fair was the speaker at the Commercial Club luncheon Wednesday, on the topic of a fair this fall. Mr. Smith did not get enthusiastic over the proposition while contending against one could be pulled off without trouble under ordinary conditions. He is a very brief speech stated the reasons why a fair under present conditions was not advisable. Twin Falls was just as good today as it was in 1910 when the big fair went with a crash behind it. The solid strength of the business men of the city. It was not a question of the ability to get the products for the exhibition. The whole trouble according to Mr. Smith was the fact that the boosters living in the past were too prone to talk about past glorious campaigns and to let the future take care of itself. Twin Falls could get out with its boosting although and make the biggest and best fair that it has ever had. There are more boosters and more funds instead of some one going along to push things and the others lining up to carry out the work, each man is waiting for his fellow business man to start something. As the result of the talk considerable discussion started toward a fruit exhibit and fruit sale. The plan holding greatest favor to allow each exhibitor certain space for exhibit and also allow each to take orders for anything which was exhibited. The purpose being to get each fruit raiser interested in bringing a full exhibit of all his fruit.

WILL FINISH IN 60 DAYS.

Hopes To Run Trains To Hill City By June 1.

General Foreman Wendick of the Central Idaho is on the ground and states that he hopes to have trains running to Hill City by the first of June. He will do this with a crew of 150 track and bridge men, who will be on the job in a very short time. All the material including ties, rails and bridge material, and the tracklaying crew will make that point their headquarters. The construction train will run out from there with ties and rails, and the bridge crew will follow with the equipment they have. A little grading is still uncompleted at Hill City, but this will be handled long before the steel trains get there. A small amount of bridge steel will be transferred from Blaine, by team at once, so as not to delay the work of the construction crew. It is now seems certain that the Central Idaho will be in the hands of the operating department some time in June—Oakes, Prairie-Courier.

FIRST-CLASS CONTEST.

Carpenter to Match for Boy From Boise.

The ten-round boxing contest Tuesday evening at COULDALE hall between Jack Carpenter of Salt Lake and Dan O'Brien of Boise went to the limit of ten rounds and the referee gave the decision to the victor. The fight was well filled with lovers of the manly art and all seemed to be pleased with the contest. It was a challenge to the winner of the fight and it is more than likely that another fight will be pulled off in about two weeks.

CORN RAISING CONTEST.

Gem State Rural of Caldwell to Room Corn Raising.

With the idea of furthering the corn industry of southern Idaho and the contiguous farming country, the Gem State Rural and Live Stock Journal, Caldwell, Idaho, has announced a contest for the best acre of corn raised in this territory in the April number, while full details of the contest with several articles specially prepared on the growing of good corn will appear in the May number. The idea of the management of the contest with several articles specially prepared on the growing of good corn will appear in the May number. The idea of the management of the contest with several articles specially prepared on the growing of good corn will appear in the May number.

No conditions are stipulated regarding seed and fertilizer, it being intended that the contest be of educational value, and the completion of the contest the data will be carefully gathered and published in the Gem State Rural Journal in order that the results of others may be of benefit to a great number. For those that may care to raise more than an acre of corn, stipulated in the contest the Gem State Rural Journal has ascertained that the Caldwell Milling & Elevator Co., of Caldwell, Idaho, will buy all of the corn, the concern being an extensive manufacturer of corn meal. In fact under the present production of corn in this country, which the management of the Gem State Rural Journal believe to be highly favorable to the raising of good corn, this one concern is an excellent one to supply the corn belt states each year to supply the demand for corn meal.

MARCH WEATHER.

Month Colder and Drier Than Usual Figures That Tell the Story.

March was somewhat colder and drier than usual. The monthly statement of weather conditions that prevailed in the vicinity of Boise for the month of March shows that the normal amount of moisture fell during that month. The amount which the observatory at Boise, Idaho, had received only 1.26 inches. The total moisture in the ground since September is 10.60 inches while the normal for the period would have been only 8.00 inches. The temperature during the month averaged 40 degrees while it should have run up to 43 degrees. There were 10 clear days for the same length of time was 64 degrees while the minimum was 18 degrees. The highest point that the mercury has ever reached in March for the last 27 years was 76 degrees and the lowest 5 degrees.

It is expected that the committee will work harmoniously and that the bill will be passed. The measure is a compromise between the House and Senate versions. SEED HOUSE SENDS AGENT

Question of Planting Seed Beans Arousing Interest.

JEROME RICE CO'S REPRESENTATIVE EXPECTED SHORTLY.

Ranchers Asked to Meet O. W. Campbell Upon His Arrival and Discuss Proposals.

In the last issue of the Times was printed a proposition from the J. B. Rice Seed Company of Cambridge, N. Y., to furnish seed beans to the ranchers and to an expert superintendent culture of beans. If the latter would furnish land and agree to raise seed beans for the company. The question has been discussed by some of the ranchers who have talked with the secretary of the Commercial Club and they are awaiting the arrival of the Rice agent. A letter was received by Mr. Spangler from Mr. O. W. Campbell from Elgin, Idaho, representing the seed company, who will be here in a few days to see the ranchers who have agreed to take the matter up with the ranchers interested. Mr. Campbell's letter follows:

Elgin Idaho, April 1, 1912.

Dear Sir: I have your favor of the 30th inst. Sorry I am not able to come to Twin Falls at this time. I trust I will be on time as you know bean planting is about June 1. I appreciate your favor very much and will come at earliest date possible. Yours very truly,

O. W. CAMPBELL.

SALE FURNITURE SALE

It is a case of must Sell---not a dollars worth of Furniture held back or reserved---everything goes---cost and Value forgotten---prices cut no figure.

The Commercial Sensation of Twin Falls County. A Mighty Matchless Movement of Modern Furniture.

THE LYTLE YOUNG FURNITURE COMPANY, TWIN FALLS, IDAHO

Twin Falls' Greatest Furniture Dealers for the first time in their business career throw down the bars and place their fine stock at your disposal for 12 days only

BEGINNING MONDAY, APRIL 8, AT 8:30 A. M.

The Greatest Price Wrecking Catastrophe This City Has Ever Known.

The greatest values human beings have ever seen. We are slashing prices in our desperate efforts to turn this stock into cash. Every cent's worth of Furniture now on the block of sacrifice. Prices never were butchered as now. This sale will set the whole community aflame with excitement. Never before, probably never again such amazing, unbelievable reduction in prices. The entire store converted into a grand sensational bargain panorama. We have simply cut the life out of everything that bears a price. Sell! Sell! Sell! Comes the order from the Lytle-Young management.

Doors Open Promptly at 8:30 a. m. Sharp. Be on the Spot When They Open

Lytle-Young Furniture Co. for the past two years Twin Falls county's largest dealers in high-grade furniture of every description have decided to inaugurate the most daring, wonder-inspiring sacrifice of modern furniture ever attempted in the commercial history of the State of Idaho.

For the first and only time in their long and honorable business career in Twin Falls county, the Lytle-Young Furniture company finds themselves heavily overstocked. Truth is stronger than fiction, they must raise the cash. Owing to the general business depression, this season has fallen far short of our expectations. Therefore, we are compelled to slaughter our most magnificent stock and raise \$10,000 immediately. It would be utterly impossible for us to reduce our tremendous overstock and raise the amount of cash through the regular channels of trade. Hence this gigantic sale. We are going to do the battle of our lives. It will be a battle for the masses and not classes. Right in the heart of the Spring season when other merchants are making their profit, we have cast all profits to the four winds.

We fully realize that this is an immense undertaking to sell \$10,000.00 for spot cash in 12 days, and we want to say to you right here and now, man to man, that our word has always been our bond. We have put our word to the people that this will be an ultimate sale, conducted along the same honorable lines that have marked our previous career. And we intend to hold our promise sacred no matter how great the cost may be. Take into consideration the fact that our stock is the largest and one of the best selected and cleanest stocks of furniture to be found in the State of Idaho, and it will convey to you some idea of what this mighty sale means to the people of this county. We don't handle any trash and never did. Shoddy plunder has never found a place within the four walls of our establishment. Nothing but Standard Brands from America's leading and foremost makers. World renowned Brands that mean to merchandise what Elgin means to a watch and sterling means to silverware. We have built up a reputation second to none in Idaho. This reputation must be maintained. We are well aware that in the past the people of this county have been headwinded by the glittering advertisements of unscrupulous dealers, and the people have been disappointed so many times that it is almost impossible for a reliable concern to advertise a special sale and expect people to have any faith in the truth of their statements. Don't be mistaken; don't be misled. This sale positively has no kinship to the many week-end offerings which have been so much in evidence in the past.

The Lytle-Young Furniture Company's Glorious Slaughter Sale which positively commences Monday, April 8, is in a class by itself. This is the very largest Reduction Sale we have ever advertised in all our business career in Twin Falls, and our friends and customers are urged to use their good common sense and come and see the truth of our statements with their own eyes. Seeing is believing. We have actually placed our stock within the reach of every man and woman in this county. This is a premier effort in value giving without a parallel or counterpart in the annals of merchandising. A supreme master movement of underpriced furniture and original direct appeal to the commercial instincts of thinking people whom the saving of a dollar is equivalent to a dollar earned. Never again, in all your lives, perhaps, will you have such a golden opportunity to buy furniture at so trifling a cost. The chance of a life time now strikes you in the face. At the appointed hour the excited masses will be permitted to enter the bargain arena, there to feast their eyes upon the most marvelous array of modern furniture ever offered in this or any other state in the Union. We are going to raise the roof if necessary, to let the sun shine in. Our merchandise can be shown under God's sunlight. Large, plain figures show you the tremendous savings you can now make. Everything must be open and above board. No hidden marks. The large white tags with the blue pencil mark will enable the wall-eyed child to trade here with perfect safety. No two or three prices but every one will be treated alike, and absolutely one price to all will be the iron rule of this great sale. (The great sale which positively commences Monday, April 8, at 8:30 A. M. Below we quote a few of the big values that meet the demands of the Twentieth Century in an emergency like this. The following guarantee should convince the public beyond the shadow of a doubt that for once the people of Twin Falls county will at least have an opportunity to participate in a genuine bargain feast, the like of which mortal man has never seen since the day he was born.

OUR GUARANTEE

We guarantee every piece of merchandise sold, this advertisement to be the correct truth and we hereby bind ourselves to take back, exchange or refund the money for any merchandise purchased here during this sale proving unsatisfactory to the purchaser for any reason whatsoever if returned within 30 days in good condition. Signed, LITTLE YOUNG FURNITURE CO., Twin Falls, Idaho.

Sale positively opens Monday, April 8, at 8:30 a. m. for 12 days only. Stop everything for all least one day and attend to this sale. You can make money faster here than you can ever hope to earn it. Borrow the money, if you have it, and make it your business to come and visit the greatest slaughter sale of modern furniture since the world began.

FREE RAILROAD FARE: WE WILL REFUND YOUR RAILROAD FARE FOR THE ROUND TRIP FOR A DISTANCE OF 25 MILES OR LESS, IF YOU BUY \$25.00 WORTH OR MORE. GET RECEIPT FROM TICKET AGENT.

While you are reading this advertisement through town, say to yourself, will they really sell at their advertised. Right here we want to say that the prices are absolutely correct, we have read the proof. The prices are printed as instructed, and we are going to sell exactly as advertised.

Society Notes

A jolly party of people from the Spring Garden road took a hayrack ride to the home of Mr. and Mrs. Lee on last Sunday and spent a most enjoyable afternoon. The occasion was in the nature of a farewell party for the Lees who leave in a short time for their former home in New York. The hostess served tea and cake to the crowd which before leaving posed before several kodak artists which will serve as a memento of the occasion.

Mr. and Mrs. O. F. Fuller gave one of the most enjoyable parties of the season last Friday evening at their home one and a half miles southeast of the city on Spring Garden Road. The evening was spent in social conversation, recitations, music, games and contests. In the drawing contest Capt. Wood proved himself to be a genuine "Clack Talker" with Mr. Arbuckle a close second as an artist. In guessing an jar-of-beans Will Snyder proved the most accurate and won first prize and Mrs. Arbuckle received consolation.

The guests were much pleased and interested in viewing Mr. Fuller's pen knife carving which certainly proved him a genius in that line of business. A dainty luncheon was served at the midnight hour consisting of sandwiches, salad, cake and coffee, after which each guest read a spunky little paragraph presented in a waltz shell.

The guests departed at a small hour in the morning, vowing the Fuller's first class entertainers. Those present were, Messrs. and Mesdames L. A. Snyder, J. H. Hensen, J. H. Hensen, C. B. Dill, J. H. Woods and Fred Wood, Misses Myrtle Arbuckle, Mildred Stirling, Thelma Dawson, Evelyn and Susan, Mrs. J. H. Hensen, Mr. and Mrs. Will Snyder, Don Hazen, Geo. Woods, Melvin Gibson and Robert Dawson.

Two very jolly April first parties occurred at the home of Mr. and Mrs.

C. W. Welton on Second Ave. West which for original ideas cleverly carried out and for the prime enjoyment of the guests were society events. In the afternoon Mrs. Welton was at home to a large number of ladies who spent the afternoon playing five hundred. The beautiful home was decorated with yellow daffodils which together with the green of the ferns and palms made a beautiful color scheme. When the time came for refreshments the guests had forgotten the date and were considerably mystified to find cotton in the rolls and candy, some munching perfectly good specimen for the first time only to receive a dummy at the second trial which they had to throw away. The ladies rolled into to have a rudo shock and have their faith shattered and their bump of caution increased. In the matter of the prizes the money was for All Fools day condition prevailed and the ladies receiving high scores were rewarded with the booby prize which was a rudo shock. The prize was walked away with handsome prize. Mrs. Epier received the first prize a cut glass vase and Mrs. Hazel the second prize a cut glass dish. Mrs. Dwight who had the high score received the booby prize. The hostess was assisted during the afternoon by Mrs. J. H. Hensen, Mrs. J. C. Costello, and Miss Lydia Boyd.

Monday evening Mr. and Mrs. Welton entertained a number of ladies and gentlemen at five hundred in which the same color scheme was followed and a few more victims added to those of the afternoon who tasted cotton. The prize winners for low scores were Mrs. J. H. Hensen, Mrs. C. A. Robinson, Mrs. C. H. Chapin and Mr. C. C. Bedford received only consolation prizes for their high score. During the evening Miss Snyder acted as pianist and Mrs. C. O. Longley as vocalist added greatly to the pleasure of the evening by several selections. The ladies assisting the hostess were Mrs. J. Ostrander, C. A. Robinson, Albert Pollock, and Mrs. R. A. Read.

THE TIMES' BIG CONTEST IS ON

Wonderful Offer Made to Increase Circulation.

MOST POPULAR LADY IN THREE COUNTIES IN QUESTION.

Five Passenger Ford Touring Car the Stake for Subscription Getters to the Times.

Formal announcement is made today of the Twin Falls Times' Grand Prize Contest, the most extraordinary offer ever made by a newspaper in Twin Falls. Prizes to the amount of \$10,000 will be awarded to ambitious and energetic ladies of Lincoln, Cassia and Twin Falls counties, by this paper.

The contest will eclipse anything of the kind ever held in southern Idaho. Just a word as to what it is, lest some might say just what it is one of the (something for nothing) ideas.

The object of the Times is to advertise itself, and to be introduced into new homes so that all may know it as the leading exponent of Idaho family papers printing all the news all the time.

By this way of advertising, ladies residing in three counties will be benefited to the extent of \$10,000 and the prizes are just what any lady would want and would not but for great efforts to secure.

First Grand Capital Prize. The Times has purchased of Don Lyman, the Ford Agent for this section a new 1912 Ford T. Five passenger touring car, fully equipped with top, windshield and Speedometer which cost at the factory \$450 and which sells delivered in Twin Falls for \$775 as its first prize. This is one of the best cars made by the Ford people and is particularly adapted for this country being extremely light with unlimited power. In fact the Ford touring car offered by the Times is worth the effort of any lady in three counties and will be delivered over to the winner just as it was received from the factory with not a scratch or speck on its handsome shiny surface. A large number of Ford cars have been used in and about this city and have been given perfect satisfaction. The Times' first prize will be a prize indeed and will give pleasure for many months to the energetic lady who hustles the most subscriptions.

Grand Prize Number Two. The second Grand Capital Prize in the Times' contest is a beautiful touring car valued at \$125.

This carriage has been purchased from C. O. Meigs, and may be seen on exhibition at his warehouse in Twin Falls. The buggy is equipped with high class top, mud guards, bicyclist shafts, and is one of the best grades of touring cars, and are beautiful specimens of watch architecture and can be seen at the jewelry store of W. R. Price.

All of the above prizes will be given away absolutely free by the management of the Twin Falls Times, to the ladies securing the largest number of votes in this grand prize contest.

How to Secure Votes. There are two ways of securing votes. There will be a vote coupon published in each issue of the Times beginning in this issue, and continuing until the close of the contest, good for 25 votes, and the much better and quicker way of securing votes is by securing subscriptions to the Twin Falls Times.

For instance, any one who pays for this paper one year in advance is given two thousand votes if a new subscriber, and one thousand votes if an old subscriber, and this he or she may give them to any lady they desire. The full schedule of votes will be found on another page of this paper.

Nomination. Coupon. In the announcement, on another page of this issue, will be found a nomination blank good for five thousand votes.

This coupon will count for five thousand votes only when properly filled out and brought or mailed to this office, and only one will count for any one candidate.

Votes will be given on all cash brought or sent in on subscriptions, whether the money is for payment in arrears or in advance, or whether old or new subscriptions, although a new subscription will count for a great deal more than an old subscription.

Enter Your Name Early. Enter your name, and your friends will do the rest for you. You may not know who are your real friends until you have entered a contest of this kind. Possibly you may think a friend who is not really a friend.

Encouragement. Enter her name by means of the nomination blank, which will give her five thousand votes.

WHAT LISTZ DID FOR MUSIC

His Compelling Personality, Genius and Inspiration Made Possible the Later Wagner.

But be introduced into the dusty academic atmosphere of musical Europe a strong, fresh breeze from the Hungarian plains. This wandering blade player, Hungarian-Austrian blood, a genuine cosmopolitan, taught music a new charm, the charm of the unexpected, of the improvised. The freedom of Beethoven in his later works and of Chopin in all his music became the principal factor in a style of music that must have the shape of an improvisation. In the Hungarian rhapsodies, the majority of which begin in a mosque and always terminate in a symphony, the genius of his system. His orchestral and vocal works, the two symphonies, the masses and oratorios and symphonies are full of dignity, poetic feeling, religious spirit, and a largeness of sentiment and manner. Yet the gay and gypsy voice lurk behind many a pious or pompous bar. Apart from his invention of a new form—or rather the condensation and revival of the principal factor in a style of music that must have the shape of an improvisation. The last Wagner question at long last presents any difficulties at all. It is a simple one, for men still living know that Wagner, to reach his musical apogee, to reach his goal, had to lean heavily on the musical genius of individual inspiration of Liszt. The later Wagner would have existed—was he now known—without first traversing the garden of Liszt. This is not a theory but a fact—From Franz Liszt to Richard Wagner, by James Huneker, in Scribner's.

Other friends will see her name and before long your friend will be in the lead—Dr. some-one this favor.

That every one can fully understand who is eligible to enter this contest it may be stated that there is no limit to the number of votes of married ladies entering this contest. In fact, there is great curiosity on the part of the management as to whether married or unmarried ladies are the most energetic.

This question will have to be decided by the readers of this paper. Publication of Names. The names of the candidates who will take an active part in this great voting contest will appear in this paper in the Tuesday issue, and every Tuesday issue thereafter until the close of the contest, with the number of votes for the lady for whom they have been polled, so that those who have taken an interest in contest will have a full idea as to how their favorite is progressing from week to week by the readers of this paper.

Candidates are not confined to securing votes in their own districts. Votes will be allowed off subscriptions secured anywhere in the wide world. Active voting will commence on the 15th of April, 1912, on Monday morning, April 1st, the first list of candidates being published Monday April 8th.

Start Out Early. It is not to early to let your friends know that you are going to be a candidate the moment the contest starts. It would not be a bad idea to get all the promises of subscriptions possible before the opening day.

See your friends, announce your candidacy among them, and fill out a nomination blank at once. The contest found on another page of this paper.

A good start will work wonders. If you are not eligible to enter yourself, enter the name of your wife, sister, mother, friend or sweetheart, as the case may be, in this contest. She may be the favorite.

See Page 4 For Ad. Full details of this great offer, giving the field to be covered, the district and the prize to be awarded in each district, appears on another page of this issue. THE TOPOGRAPHIC MAP

More Than Half a Million Sold Last Year.

On the topographic maps made by the United States Geological Survey the mountains, hills, valleys, and canyons—all the features that make up the varied surface of the areas mapped—are portrayed by means of contour lines. Each contour line represents a certain height above sea level—that is, it indicates a course or contour along which all points are at exactly the same altitude. As contours are continuous horizontal lines they wind smoothly about smooth surfaces, recedes into all receding angles or valleys and project into all angles around spurs or prominences. Thus a person following the path indicated by a contour line, say the 1000 foot contour, would go irregularly across hills and ravines but would always walk on the same level, namely, at an altitude of 1000 feet.

The contour lines on the maps are spaced to represent equal vertical intervals or differences in altitude. The vertical intervals between any two contours as represented on one map is the same, whether they lie along a cliff or on a gentle slope; but to attain a given height it is of course necessary to go farther on a gentle slope than on a steep slope, and therefore contours are far apart on gentle slopes and close together on steep ones. The spacing of the contour lines thus indicates the approximate grade of any slope.

A small contour interval is necessary to express the relief of a flat or gently undulating country; a steep or mountainous country, as a rule, is adequately represented on the same scale by the use of a larger interval. The smallest interval used on the atlas sheets of the Geological Survey is 5 feet for the regions like the Mississippi Delta, the Sacramento Valley, and the Dismal Swamps. For great mountain masses, like those in Colorado and the Sierra of California, the interval may be 100 or 200 feet, and for less rugged country contour intervals of 10, 20, 25 and 50 feet are used.

With a little practice in reading the contour lines the traveler finds the topographic maps of the Geological Survey most exact pictures of the country, enabling him to see at a glance the character of any particular area. That the maps are of popular utility is shown for instance, by the fact that the Bureau sells thousands of them to automobilists every month. Last year's sale of these maps amounted to more than half a million.

TO MARK SITE.

Rock Found Bearing Name of Clark with Date 1896.

Mr. M. D. Yeaman, of Irwin vicinity, over a week and a half ago, discovered the inscription, "Clark, 1896." It is of the opinion that the location of the now famous rock is of more importance than that of the other State Historical John Haley, of Boise.

Mr. Yeaman loaned the rock to the State Historical society, where it is now on display at Boise, and has attracted a great deal of attention and comment.

Mr. Haley is of the opinion that the rock was carved by Clark and probably given by him to some Indian, who left it where it was found by Mr. Yeaman's son. In writing on the matter Mr. Yeaman says:

Editor Idaho Register:
Dear Sir: I am the Register of the 12th inst. says that the Clark rock that was found on my ranch a few years ago is on exhibition with the State Historical society.

I just want to mention a few things connected with the location of the place where the stone was found. There was a pile of other rocks, many of which had been carried at least 250 yards and I think had been piled as a monument. But they had been blown down and somewhat scattered around. Some of the rock was covered up with soil and some lay on top of the ground. It looks to me that it had not been lost but lay on purpose. The ex-

not place where it was found is of peculiar location, as it is very near, or perhaps exactly on 111 degrees 50 minutes west longitude and is only about 60 rods from the base-line and at or near 43 degrees 30 minutes north latitude, and if the location is as I think it is in regard to latitude and longitude, then, perhaps some observations were taken there by some of the Clark party. Now, this is only one of my ideas, as another rock found by Dr. Samuel Cloninger was discovered about five miles northwest, and on the opposite side of the river, and has the same inscription, Clark, 1896. The location is about 45 miles up the south fork from the junction of Snake river. I located my ranch in the spring of 1896, when the river was there and how they came on the spot. Perhaps Mr. John Haley, is correct, and were it not for the peculiar location and other rocks there, I should surely accept his theory. Yours truly,
M. D. YEAMAN.

HAVE ACCEPTED PROPOSAL.

No Payment on Loans for Five Years.

The settlers on the Idaho Irrigation segregation, with the lone exception of those about Shoshone, have accepted the proposal of the company as outlined in the Herald a week ago, and no further payments will be due on the land till 1916. It is provided that the interest charges and the maintenance fee of 35 cents per acre shall be paid.

This clears up a situation which has hung fire for some time, and clears it up in a manner which will leave the settlers with the money to develop their lands.

It is not an agreement of settlement. Plain business men, however, have been applied to the situation, and that thing done which seems best for all concerned.

Deltrich and Richfield both joined with Gooding in the acceptance of the proposal, and Shoshone alone is left without an agreement. There is now expected in Gooding and community a general forward movement. Greater acreage will be planted; and
