The candidates of this county of all parties are to be recommended for the clean campaign conducted. It is to be hoped that the usual eleventh hour mudslinging will be tabooed this year. Twin Falls county is too small for men to live together afterward in a campaign that besmirches characters and causes life long enmity. There is not an office in the county worth the cost when it is gained by pulling down the other fellow.

There is one office at least in the number to which the voters will elect a man from the candidates which should be carefully filled. It is in the office of auditor and recorder. To this office a man is elected for four years instead of two and has duties devolving upon him requiring exactness and thoroughness. It is in fact the most important office in the county inasmuch as it carries the final bookkeeping for the various offices and for the business transactions of even the smallest taxpayer. Every mistake made is costly and the aggregate business carried on is greater than any other establishment in the county. Too much care cannot be taken to pick a man who is accurate and trustworthy. The candidate for this office on the Republican ticket is C. G. Sieglin and by actual test has proven his competency for the office having been deputy for three years under auditor West and a number of years prior to coming to this county employed as an deputy in Ada county in the same office. For two years Mr. Sieglin was employed in the office under its present auditor. At present he is doing all of the clerical work of the sheriff's office and making good. Mr. Sieglin is a man of ability and integrity and will be able to fill the office with credit to himself and to the county. The Republican voters should get behind Mr. Sieglin with a solid vote this election. He deserves it from the standpoint of efficiency and service.

The gauge of a man's fitness for office cannot always be measured unless services rendered speak of a picture record. In this respect the man on the job has immense advantage in that his ability can be figured and his fitness measured by his accomplishments. For these reasons P. O. Herriman, Republican candidate for sheriff and the present deputy, has considerable edge over his opponents in seeking the support of the voters of this county. Mr. Herriman by reason of four years' service under Sheriff Vanauden, has become acquainted with the majority of the residents of the county. He is highly respected and well liked by all in a position which often makes enemies. He has proved

in many cases that he is incorruptible in the performance of his duty and is well known for courageous performance of his duties under all circumstances. During the past four years under circumstances that have made law enforcement difficult he has proven his worth and value to the taxpayers. He has had continual work on the job and knows the entire workings of the sheriff's office. It is worth much to the taxpayers to know that a man trained for any office can be secured to carry on the work and that a new man need not be broken in the expense of the county. It is a business proposition. In many ways expenses of the sheriff's office, while usually chargeable to the sheriff are really the outcome of the demands of a big county in service papers, summoning jurors and witnesses for the courts—and executing demands made by individuals to whom the expenses of the office of the sheriff cuts no figure. The actual expense of the office for salaries and supplies are a very small factor. Mr. Herriman has shown that he is not afraid of hard work and can be counted on to cut down every possible expense which is directly attributable to enforcement of law and order. He can be counted on to count the costs at every turn and unless absolutely necessary save the taxpayer.

## A BITTER DEFEAT ANALYZED

Observer of Buhi-Twin Falls Game Points Out Mistakes.

The high school football team was beaten after a hard fought game at Buhi last Saturday afternoon. The score was 21 to 7. The first question naturally arises in one's mind is "How Did Happen?" Very briefly the work of Buhi was administrative discipline. The Buhi boys follow their coach as if he were their master. His dictates are followed, out to the letter in every instance. The team work together with the calm assurance shown in the Buhi game are evidence which prove the coach has "iron hand" high hand, not only in the physical training of his team but high moral influences on the habits of the boys during the season.

The Twin Falls team showed distinct effort. The fact that one or the other, for one reason or another, had not practiced with the squad until a few days before the game was very apparent. They were not only soft but showed lack of familiarity with the plays. This condition was a big factor in the loss. The Buhi boys were marked by a keen observer, was the nervousness shown at critical moments, this fact being strongly indicative of dissipation. Dissipation and relatives represent a team which never in this world's history, seems to go on. The Twin Falls still had fighting chance for the champion ship, but this defeat should be a spur in our sides and three weeks from this Saturday meet Buhi once more and return with the shield instead of the cup.

For Twin Falls-Potter played the best ball around game. His coolness when things were against him was a strong point in his favor. Elliott and Fowberry were always in the eye of the crowd with their steady playing. Twin Falls could have kept the pace that was set in the third quarter they would have probably won but something failed.

Buhi made her score almost entirely on long end runs. With the mass interference so well handled, our boys were impeded in getting it up. For Buhi, outside of the running, the two half backs wore the stars.

Referee, Minnab, Twin Falls, Judge Hinesman, Mr. Wagner, Iuhl.

Nest Saturday at Abbot, our boys will tussle with the huskies of the city. This is not a lenient game but one that the boys look forward to every year.

## NEW PRESIDENT OF MEXICO

Villereal to Head Mexican Government

NATIONAL CONVENTION AT AGUAS CALIENTES REACH AGREEMENT

General Villa Claims He Is Satisfied

With Choice of President, Washington Government Satisfaction.

WASHINGTON, Oct. 14.—The national convention at Aguas Calientes reached a point where the choice of president was to be decided, according to official telegrams to the American government, as well as measures received by agents here of General Villa.

Frank S. Thomas, who has been his admirer here for Villa, gave out the following message, which was received by him from Villa headquarters at Churz, Tlaxco, today:

"Convention will meet at 3 p. m. when it is expected Carranza's resignation will be received and promptly accepted. Villareal, chairman of the convention, will be presented as a candidate for provisional president and will be most satisfactory to all facets."

While the Constitutionalists agency has not been able to reach an agreement, it was indicated that General Villareal was regarded with favor by the Carranzista faction.

Mr. Thomas expressed the opinion that Carranza's resignation probably had already been accepted tonight and that Villareal has been chosen, but the definite advice on this point,

Work Planned for Poor of City During Winter.

A meeting of the Associated Charities for the poor of the city was held on October 4th. There were present a large number interested in such a society and the following officers were elected: Mr. H. W. Williams, pres.; and Mrs. J. H. Seaver, secretary. It was voted that these three, together with other officers elected from the town should be the board of directors.

The four chosen were Mrs. M. Kennedy Packard, Mr. Blue, Mrs. E. J. Outrander and Mr. J. W. Remond.

The board of directors later appointed a director, visitors to be appointed and reported that there was need of help in their part of town. These ladies are Mrs. Roeder, Mrs. Graham, Mrs. Nance, Mrs. H. A. Baker, Mrs. Harry Allen, Mrs. P. H. Smith, Mrs. W. M. Peairs and Mrs. C. A. McFarland.

First year—the Associated Charities recorded and distributed garments, fruit and vegetables and the sum of \$96.10. Out of this money Christmas gifts were sent to sixty-one children and several Christmas dinners were given. The total amount received was \$100.00. The money was used to purchase new pairs of shoes and even

eye-glasses for a child were among the expenditures.

Agreeing to help the work of the association, it was voted to have any money contribution with Mr. Williams at the hotel Perrine, while those having provisions or clothing to give away telephone or see Mr. Hickling at the Modell Shoe-store.
