THE NEWS OF THE PROPOSED BUILDING

on the Baugh corner will be welcome to the people of this city. No one will see the building or way with an ugly corner and enhance the appearance of the best section of the city, but it is also a sure indication of the steady advance in the prosperity of the whole city. In 1911 and 1912 rapid building in the business district gave the city the appearance of having reached the end of its boom with streets to twenty vacant store rooms about the city. However, today with some eight or nine store rooms added since that time, there is not a single vacant store building of any size on the principle business streets and avenues. This condition has come about quietly without any disturbance of the business circles. Where perhaps fifty business firms were struggling along a few months ago, there are now new buildings all along the business district three times that number and all are apparently making good. Twin Falls will probably never have another building boom and it is to be hoped that she will not, but there is abundant evidence that with the return to normal prosperity that the city is bound to grow and bound to be one of the best little cities in the Northwest.

There is considerable comment in the Boise papers regarding the removal of Ned Johnson as registrar of the state land board, and the probable appointment of W. L. Gifford.

former secretary of state, as his successor. The work heretofore performed by the registrar is now being done by Heber Q. Hale, who has been with the land department for a number of years, without additional compensation. There is a report from Boise that the land board is inclined to get along without a registrar. It is found that it can be done satisfactorily with the present force.

We are not on the inside of the land board's affairs and therefore know nothing of the causes which resulted in the dismissal of Mr. Johnson. If his work was not satisfactory it was of course, the duty of the board to remove him. But if he has been removed simply for the purpose of a little later giving Mr. Gifford the place, the board will certainly have made a big mistake. Not only do we have anything against Mr. Gifford, nor do we especially favor Mr. Johnson. It is found to be absolutely necessary to have a registrar in order that state's land business may be properly cared for, the board should endeavor to secure the services of some competent man to fill that office, and there are surely scores of deserving Republicans in the state who are capable of successfully discharging the duties of registrar.

Former President Taft is quoted as saying that the Progressives of 1912 may come back into the Republican party in 1916; but that they cannot bring their principles along with them. Mr. Taft's admirable personal qualities have served to give him an excellent place in the minds of many of his fellow-citizens, but we are not aware of these qualities or the fact that he was once our president permit Mr. Taft to pose as the sole judge of individual qualification for classification as a Republican. Further, we do not believe that any body of men now possess such power. The Republican party is not a social club. It has no committee on membership to whom intending Republicans must submit themselves. There are no blackballs for our party paraphernalia. Mr. Taft is in the Republican party, or act with in from time to time, from conviction; because Republican doctrine as contained in the Republican platform appeals to their reason; or because of qualifications of the attractive personality of Republican candidates. These are the only limitations upon membership in the Republican party—and they permit the widest latitude for individual opinion because there are many matters which may be of commanding importance to a state or to a group of states and which never find expression in a national platform. Moreover, platforms change with the times. There are certain cardinal Republican doctrines which are unalterable—such as a government by law rather than by men, a tariff for protection, a vigorous foreign policy, an efficient currency, like a party of growth and of advance. Like ours

adapts itself to the needs of the occasion. For example, the plank in the platform of 1908 relating to labor and injunctions—a plank by the way, for which Mr. Taft contended earnestly—could have found no place in the platform of 1860; because no occasion existed for it at the earlier date. Therefore, who can tell what will be the platform of 1917? A government by law rather than by men—most assuredly. A protective tariff? Yes. Efficient currency law? Certainly? A sterling expression on foreign relations? Without doubt. A just indictment of the present administration? Emphatically, yes. These will form the basis of Republican doctrine. Whoever subscribes to them will be a Republican. He may hold whatever other views he may choose. He may try to write these views into the platform. If they are sound views, he will succeed. But if he fails and if he still acts with the Republican party, he may hold to whatever opinions he pleases as to social justice, the initiative, the referendum, the recall, or any other fundamental of local government. So long as he votes the Republican ticket he will be a good enough Republican for us—and it will not lie with Mr. Taft, or with any other ex-president, or with any individual anywhere to say differently. The Republican party is the party of liberty—and that is why Mr. Taft can say what he pleases and why any other Republican may say what he pleases so long as he acts in harmony with the major doctrine of the Republican party—Welder Signal.

FALSE ECONOMY

In the early spring, the board of county commissioners called for bids for completing the grade at Shoshone falls, according to specifications laid down by the state highway commission. The low bid for this work was made by local men for \$6500. On the initiative of Commissioner Carlson in whose district work was to be done, this bid was turned down and the county announced that it would do the work and save money for the county.

The work was started and about one-third completed, when according to Mr. Carlson, the county ran out

of funds and the work stopped. At the same time, however, work was begun on the Myrtleburg grade, before any more funds could have been available. However, the result is that one-third of the Shoshone falls grade is in the condition while the rest is in a mighty bad shape, and has been all summer. Now comes the part which will interest the taxpayers. Nearly five thousand dollars has been spent this year on the grade to be exact, over \$4700. To start the remaining two-thirds will take at least four thousand dollars more. The result is that under the guiding hand of Commissioner Carlson the grade work if ever completed will cost the county two thousand dollars more than it would under contract.

The only thing that can be said for the plan adopted is that it provided employment for some of the Democratic householders. Of course, all taxpayers, Republicans and Democrats alike, believe in economy. The Times believes that the great majority of the taxpayers do not approve of the practice of taking county funds and spending the same extravagantly. The Times claims that in the past two or more years the county has not received full value for every dollar expended upon the county roads.

WHO IS A REPUBLICAN?

Former President Taft is quoted as saying that the Progressives of 1912 may come back into the Republican party in 1916; but that they cannot bring their principles along with them. Mr. Taft's admirable personal qualities have served to give him an excellent place in the minds of many of his fellow-citizens, but we are not aware of these qualities or the fact that he was once our president permit Mr. Taft to pose as the sole judge of individual qualification for classification as a Republican. Further, we do not believe that any body of men now possess such power. The Republican party is not a social club. It has no committee on membership to whom intending Republicans must submit themselves. There are no blackballs for our party paraphernalia. Mr. Taft is in the Republican party, or act with in from time to time, from conviction; because Republican doctrine as contained in the Republican platform appeals to their reason; or because of qualifications of the attractive personality of Republican candidates. These are the only limitations upon membership in the Republican party—and they permit the widest latitude for individual opinion because there are many matters which may be of commanding importance to a state or to a group of states and which never find expression in a national platform. Moreover, platforms change with the times. There are certain cardinal Republican doctrines which are unalterable—such as a government by law rather than by men, a tariff for protection, a vigorous foreign policy, an efficient currency, like a party of growth and of advance. Like ours

adapts itself to the needs of the occasion. For example, the plank in the platform of 1908 relating to labor and injunctions—a plank by the way, for which Mr. Taft contended earnestly—could have found no place in the platform of 1860; because no occasion existed for it at the earlier date. Therefore, who can tell what will be the platform of 1917? A government by law rather than by men—most assuredly. A protective tariff? Yes. Efficient currency law? Certainly? A sterling expression on foreign relations? Without doubt. A just indictment of the present administration? Emphatically, yes. These will form the basis of Republican doctrine. Whoever subscribes to them will be a Republican. He may hold whatever other views he may choose. He may try to write these views into the platform. If they are sound views, he will succeed. But if he fails and if he still acts with the Republican party, he may hold to whatever opinions he pleases as to social justice, the initiative, the referendum, the recall, or any other fundamental of local government. So long as he votes the Republican ticket he will be a good enough Republican for us—and it will not lie with Mr. Taft, or with any other ex-president, or with any individual anywhere to say differently. The Republican party is the party of liberty—and that is why Mr. Taft can say what he pleases and why any other Republican may say what he pleases so long as he acts in harmony with the major doctrine of the Republican party—Welder Signal.

A COMMUNICATION

There is no criticism with reference to the engineer doing the work for the county of Twin Falls, as far as his ability as an engineer is concerned. There is, however, a great deal of criticism offered and we all feel that it is justly offered with reference to the action of the county commissioners in going outside of the county to secure an engineer to do the county bridge work, when there are at least five engineers and surveyors that are perfectly capable of doing any of the work or all of the work that for the past year has gone to a non-resident contractor. This is especially so in the case of Twin Falls and about the city of Twin Falls. They are available at any and all times to do the county work. They would all do the work at the same or less cost to the county than is paid to the engineer who has to be brought in by transportation from Pocatello or Salt Lake, as the case may be. The more so in the case of an engineer who happens to reside in Twin Falls should not be counted against him by the commissioners of the county in which he resides. The engineer who is not in the case, as shown by the recent action of said Carlson in again retaining the services of a non-voter. This is a number of the highest taxpayers of the county that this article is being written. If the commissioners are so inclined, they will take the only means of showing it to the taxpayers and voters of

Knox Hats Likly Baggage

Mackinaws \$5.50 to \$12.50 Sweaters for Men and Boys In every possible style, color and material. They come in greys, browns, navy, maroon, dead grass, etc., in sizes from 26 to 46, and priced from \$1.25 to \$7.50

Stetson Hats Munsing Underwear Men's Suit Special at \$18.50

Snaps—That word means a lot in clothes—it means styles of the sort you you don't see everywhere. Styles and cut that is a bit ahead of date, styles in fabrics that only the best custom tailors show. So when you men see the snap, inherent in every suit we show and realize that you can get one for a little as \$18.50—we're sure you'll be in here to buy. Other Suits from \$12.50 to \$35.00

CROP INFORMATION CIRCULAR

Intense Crops do not Measure up to August 1st Estimate.

A wire from the office of markets, Washington, D. C., yesterday estimated 100,000 bushels for the entire country. This is a drop of 25,000,000 bushels from the August 1st estimate. This also includes all the early potatoes, such as is grown in Texas, Oklahoma, Hastings, Eastern Shore and the Carolinas, which stock is now nearly out of the way. The early crop being larger than last year we think we are justified in saying there are not 40,000,000 bushels of potatoes in the ground "then" were underground at this time last year. We confidently think that the government's figures will still have to be lowered for their October 1st report.

Yesterday's wire states an increase of 150,000 bushels in Idaho over last year, which everyone knows that there will be twice this much, short age over last year. The estimate gives Colorado 1,000,000 bushels over last year, while reliable information leads us to believe they will have little or no increase. The report shows California a little less, while Oregon's estimate is almost 2,000,000 above that of last year.

Now the point to which we wish to call attention is that who are probably informed that some of the speculation buyers are carrying the August estimate in their pockets, and by showing this to the growers, are causing them to be apprehensive of a worse market than last year; with a result that Idaho potatoes are now selling from 12 to 15 cents less than they were at this season last year. A year ago today we were readily selling at 82c Pocatello. Yesterday we were selling at 70c Pocatello and the market seems a little weaker to day.

Another factor to be considered is that the government's last report did not take into consideration the recent frost in Michigan, Wisconsin and Minnesota. Reports seem to indicate that the Wisconsin crop was damaged to the extent of 10 per cent, while the Minnesota crop is said to be damaged more by drought and late blight than even by the frost, but the reported estimate runs from 10 to 25 per cent. A long list of reports in the last issue of the Farmer would indicate that the Michigan crop has been damaged 50 per cent. These being our principal competitors in the Texas, Oklahoma, Kansas and Nebraska markets, and we are preparing to grade for the California markets, it leads us to wonder what attitude of mind is assumed by those growers who are now turning loose at 50c and less per cwt. loading stations.

We are circulating all the trade in the different points of the country to which Idaho potatoes are shipped. Informing them of the true crop conditions in this state in an endeavor to uphold prices. Why the farmers will turn their stock to people whose interest is to run down the price, is a problem we are not yet able to solve. Especially those who have already should get full and accurate market information from our state office of markets, and other sources before turning their potatoes at the present cash prices on track.

SOUTHERN IDAHO PRODUCERS' ASSOCIATION

S. J. DONALDSON, General Manager.

WASHINGTON LETTER

Washington, Sept. 21.—The Democrats have made a somewhat record of carelessness in the enactment of special pension bills, and will have to be held answerable for it.

This vigorous protest was uttered by a Grand Army veteran, who recently arrived early in Washington to attend the annual encampment next week.

A number of my comrades for whom special pension bills had been passed, did not receive their special pension because the Democrats had made errors in the wording of the special laws, and death came before the errors were corrected.

Examination of the special legislation by the Democrats furnishes a scathing indictment of shocking inefficiency.

Several an omnibus bill has been passed, since the Democrats came to power, that is not honored with

with mistakes which blocked the payment of pensions to old soldiers. These mistakes could have been avoided by the exercise of the simplest degree of ordinary care. In some instances when the bills were drafted the name of the soldier was mispelled or wrong initials given. In others the name was correct but an error was made in describing the company in which he served; and in other cases name and company were right, but the regiment of the soldier was wrong.

It is an error so fatal to the payment of the pension Congress had awarded, because the bill did not exactly correspond with the official records of the pension office. The pension commissioner was therefore unable to put the name of the soldier on the pension rolls.

When the pension officials discovered these errors they were reported to the Invalid Pension Committees of the House and Senate. Attempts were then made to correct the faulty laws by the passage of joint resolutions in which the mistakes were described and rectified. But their passage was delayed for weeks and months and even then some of the corrections were inaccurate.

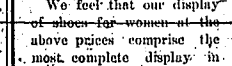

Now while to death was blinding the ranks of the old soldiers at a rate estimated above forty thousand a year with the result that a large percentage of the veterans in whose behalf the laws were enacted died without receiving the recognition which their government had declared was due to them.

In striking contrast to this Democratic record, the history of special pension legislation under Republican rule shows that errors of this sort rarely if ever occurred.

PATENT FOR NORTH SIDE

Construction Company Gives Security for Completion of Irrigation System.

Application for immediate patent to land under the Twin Falls North Side Irrigation project will be made by the state to the general land office of the United States, and the Twin Falls Irrigation Co., a Washington company will deposit with the state land department three hundred thousand dollars of its bonds to insure the completion of its system, as the result of a

"THE STORE OF VALUES"

meeting held Wednesday by the state land board.

D. C. MacWatters appeared before the board as representative of the company, and Senator Bremer a well known former banker and Henry H. Hall represented the settlers. If the state's application is granted, immediate patent and title will be given to the settlers. This it is believed, will result in "amputation" of credit and more stability on the project.

The action of the board was in part a reiteration of the resolution it passed September 4, 1914. That resolution required the Twin Falls North Side Land & Water company file with the land board, with a trust company approved by that board, three hundred thousand dollars worth of securities to guarantee the completion of all its irrigation system, except the Jackson lake storage reservoir.

The state engineer has estimated that it will cost one hundred and fifty-two thousand dollars to complete the project's distribution system. One hundred and fifty thousand dollars in bonds had previously been given by the company to guarantee that its system would be finished. Immediately after the board meeting Wednesday the company deposited the five hundred thousand dollars worth of securities required, so it now has on deposit four hundred and fifty thousand dollars worth of bonds.—Statesman.

ONE PIANO GIVEN FREE!

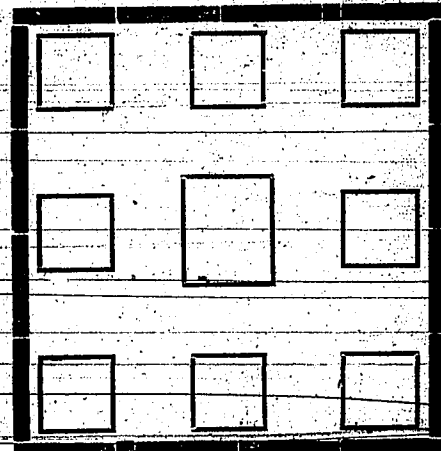

**\$350 Piano FREE! \$75 Violin FREE! \$50 Guitar FREE!
\$25 Mandolin FREE!** It does not cost you one cent to try

To celebrate the opening of our beautiful new Piano Salesroom at Twin Falls, and to relieve the congestion at manufacturers' wholesale quarters, caused by the European war, the Carstensen & Anson Company is going to give away the above articles, also many other valuable prizes. Read this carefully.

WHY WE DO THIS—Hundreds of families are coming West daily to make new homes. We want every one of these good people to know Carstensen & Anson Company, its fine pianos and its money-saving facilities to the buyer, just as the old families have for many years known them. We want to greatly increase our sales the coming year, and jointly with a number of America's leading piano makers we have set aside a large fund to bring this house to the attention of every home, old and new.

Can You Solve This Puzzle? Can You Solve It?

Take any number from 7 to 15 inclusive. Do not use any number more than twice. Place one number in each of the squares, so that when they are added perpendicularly or horizontally the total will make 30. For the nearest correct artistic answer we will give the following prizes in order of merit. All prize winners will be notified and all prizes must be called for within ten days from closing of contest. It is not wrong to use this paper. Only one person in a family can enter. All prizes in this great publicity event will be given absolutely free. The first, a beautiful \$350.00 piano; second, \$75 violin; third, \$50 guitar; fourth, \$25 mandolin. The next ten largest premiums, each a beautiful and valuable piece of jewelry, lady's or gent's, or a large art picture, and a \$150 credit. The next twenty largest premiums each a beautiful art picture, and a credit of \$150. The next twenty-five a scarf pin and a credit of \$100. The next twenty-five a scarf pin and a credit of \$75. The next twenty-five a scarf pin and a credit of \$50. And all other correct answers will receive a scarf pin and a credit of \$25. The above prizes will be given to the best and MOST ARTISTIC correct answers. Everyone sending in an answer will receive for his trouble a beautiful art picture, and a credit which can be used only on the purchase of a new player piano.

AND LOOK AT THESE PRICES
All New Pianos—Well-known Makes, \$200 Pianos, \$147, and \$200 Pianos, \$187, or \$250 Pianos, \$195.
All other grades equally low. We are forced to call some pianos used. The reason is for future protection of dealers who must obtain the regular prices. However, with a very few exceptions, none of them has ever been sold, and have only been in stock 6 months; some less than 3 months, now direct from the factory. The few that are used are in perfect condition and guaranteed the same as new ones.

BABY GRAND PIANOS NOW LESS THAN UPRIGHT PIANOS SELL FOR AT ANY OTHER TIME—ALMOST ANY MAKE YOU WANT. SEE THEM AT ONCE.

ALL NEW PLAYER PIANOS
Nearly Every Player Piano Has the World's Best Standard De Luxe Action.

\$600 Values, new	\$285	\$850 Values, new	\$625
\$750 Values, new	\$350	\$1000 Values, new	\$775

THE END HAS COME. Positively the highest priced Pianos manufactured now go at your price. This is not a case where profit is considered. Necessity knows no law. Prices are reduced to what is considered by some makers of pianos as low. Every Piano and in price, no matter what its advertised price may be.

LISTEN To Me! A Few Pianos, \$250, \$300 and \$350 Values Now \$98, \$118 and \$145. COME EARLY.

MUSIC ROLL
15 Cents Per Roll. Not a roll of music that is old and out of date—all the latest music.
FREE
10 to 100 rolls given with almost any Player Piano during this great sale.

We Don't Sing the Praises of Player Pianos That Have Failed to Keep Abreast in the March of Progress.

We Are Selling Modern, Metal Tubed, Five-Point Motor, Flexible Finger, Player Pianos, With Perfect Music Roll Tracking Device.

Free Music Rolls Included During the Great Sale Now in Progress.

Don't be misled by antiquated testimonials; a testimonial without data does not prove anything. A testimonial given many years ago for a cabinet piano cannot possibly apply to the modern piano player. A few years ago in the development stage of the wonderful player piano, a much advertised player, in spite of its many musical shortcomings, was, of course, the best to be had. But the world moves; the player piano has progressed faster even than the automobile has. The progress that was considered a high point of perfection a few years ago is now practically obsolete. The necessity of buttons, pointers, emphasis levers and other complicated and unnecessary attachments to player pianos has been overcome. The modern human touch, flexible finger, the most up-to-date device, the automatic guiding device, five-point motor, etc., are all to be found in this Player Piano, and the price is not \$1000, but in this sale these instruments will be only \$284, with \$30 additional for slightly fancier cases and \$50 more for the very fancy De Luxe player piano in sweeping art before it—That's the kind of a Player Piano we now sell.

The modern soloist music roll positively makes pianists of the very highest order of every member of the family.

THE STROHBER-PLAYER PIANO AND EVERETT BABY GRAND PLAYER PIANO
In tone quality and as upright or Baby Grand pianos, each instrument is a masterpiece of perfection. Exclusive and wonderful features, the flexible striking finger, the automatic guiding device, five-point motor, etc., are all to be found in this Player Piano, and the price is not \$1000, but in this sale these instruments will be only \$284, with \$30 additional for slightly fancier cases and \$50 more for the very fancy De Luxe player piano in sweeping art before it—That's the kind of a Player Piano we now sell.

PRICES THAT ARE ALMOST UNBELIEVABLE
Pianos depend upon it that this sale of player pianos is of much and intense importance. A musical instrument up-to-the-minute perfected player piano, usually priced to retail at \$600, is now offered for nearly half price, or \$384! A player model Player Piano is actually only \$340. This is the cash price, but for more additional music features will deliver for \$28 down (cash balance will make the 32d payment for you). And you only pay the \$8 a month, free music rolls included, nearly all new.

\$10 a month till \$420 is paid will buy a higher grade fancy Weber Player Piano, a brand new one, an instrument usually priced at \$650. We will give a bill of sale only when \$420 has been paid for this beauty, and include a most liberal supply of music rolls.

A Weber Pianola Piano, widely advertised at \$1,000 is now priced at \$495, payments \$9 a month, free music rolls included. Other Player Pianos, \$418, \$495, \$588, etc., like new.

A very little more will buy a Weber Pianola Piano, the very highest priced one, but payments are to be arranged at \$15 per month. Free music rolls, too. Superb Player Pianos De Luxe, the very finest yet constructed, and mechanically instruments that excel any \$1,150 piano to be had, possessing 5 points of superiority over the next best make. We are pricing one of these instruments at \$885, and a pianola style for \$645, payments \$15 a month, free music rolls included.

Space forbids detailed mention of all of the instruments in this sale, but suffice it to say that every player piano on the floor is marked at a very low price.

In a sale of this kind buyers come from everywhere and they get quick. There are no duplicates except in a few instances. For this reason we say come at once.

We know of only one way to do business quickly, and that is to cut prices. Unquestionably, uncompromising price reduction, and thus this occasion is unprecedented. Never have modern player pianos been obtained for so little money and never again will they be had at such extraordinary savings in price. Any of these instruments will be shipped subject to examination and free trial.

A. O. BARNES, AUTHORIZED FACTORY REPRESENTATIVE

AN URGENT PIANO SACRIFICE
Unusual Conditions Create Unusual Opportunities. The Best of Upright Pianos, the Very Best of Player Pianos and the Finest Baby Grands Included in This Ruthless Price Slaughter.

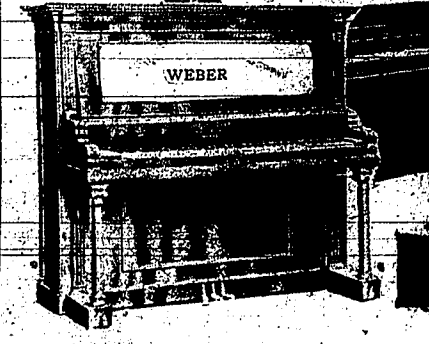

Everyone knows that export business has been practically at a standstill for several months. The world's largest piano manufacturers have accumulated a large number of finished pianos that must be sold immediately. The manufacturers have agreed to give all the discount and set the stock of pianos we have now on hand, with our agreement that for every two pianos sold by the manufacturers representative now in charge of this sale we will buy three more of their surplus pianos. European troubles have been the cause of the full of brand new pianos, nothing shipwreck, nothing second-hand, all regular high-quality stock, now being offered at cash and in many cases many pianos must be sold below cost. Best of all, we warrant pianos, \$200 value, \$250 and some \$300 values (now \$187. Many at \$147. A few of the better ones at \$188. The finest \$650 and \$800 pianos, \$433 and the plain cases, \$314 and \$318. Payment arranged to suit any customer's convenience—\$2 per month, \$6 per month or \$8 per month. Some for only \$1 per week. The latest and best metal-tube player pianos, with ten to one hundred rolls of music free, include at corresponding reductions. A payment of \$10 per month seems for only \$2 per week. Music makes home what it should be. There is no home in Twin Falls or vicinity worthy to be called a home that cannot now have a choice of these instruments.

NECESSITY KNOWS NO LAW. These finished pianos in large quantities have accumulated in the largest piano factories with well-founded faith in the future and breadth of perception that the best future will verify. Carstensen & Anson Co. has agreed to take the surplus stock of four leading manufacturers under this special agreement. After these manufacturers will assume all expense of disposing of every instrument in this establishment. The factories' representatives are now here. They do not care for profit. Their purpose is to have these pianos out of the way immediately and to ship surplus pianos from the eastern factories at once, hence this opportunity for most unusual price offerings which will never come again, because conditions which have combined to make this sacrifice necessary will never again re-occur.

NO PIANOS WILL BE SOLD TO DEALERS. There will be no pianos sold to dealers during this great sale of a very few days, except in the morning from 8 until 9 o'clock, and no pianos will be sold if intended for shipment by these dealers into other territory where these instruments are sold by merchants at the regular established retail prices.

ALL ATTEMPTED PRICE RESTRICTIONS BY SOME MANUFACTURERS WILL BE IGNORED. Every piano cut in price—no matter what its advertised price may be. Come at once.

CASH BUYERS TAKE NOTICE! We want your money and will make it an object. However, we are making terms never before heard of. Pay \$1 to \$2 per week. One to three years to pay for almost any piano, player piano or baby grand piano.

Always have remedies in the house for your children

The ladies of the Shamrock club spent a most delightful day with Mrs. McCoy living on the Salmon track.

Friday will be Twin Falls day at the Minnecassia fair at Burley, and the low excursion rates offered by the railroad will afford a most enjoyable trip.

SCORES PRIVATE SYSTEM

State Engineer of Oregon, T. W. Sims, Plans Trails to Engineers.

Stockton, Calif., Sept. 16.—How the settler generally gets the worst of it when state and federal governments are at odds, was illustrated by a privately promoted irrigation project under the Carey land act, which was described here tonight by Lewis Lewis, state engineer of Oregon, speaking at the international irrigation congress.

He said the state engineer has no authority to promote irrigation projects under the Carey land act, which was described here tonight by Lewis Lewis, state engineer of Oregon, speaking at the international irrigation congress.

Concerning divided control of private enterprises he said that promoters complain by saying that the Carey act as a rule had no money of their own, but proceeded to secure permission of state authorities to sell water rights in sections in which construction, and used the settlers' money for development.

By helping others we help ourselves. The Associated Charities are in need of a supply of clothing for children. Mothers, let us help each other by giving the old grown garments or anything we don't need in our own home where it can be made use of.

The Orpheans Oct. 7th

The "Orphean Musical Club" is composed of four men whose work is so thorough and versatile as to make them Lyceum favorites. Some of the features of their program are vocal quartets, horn quartets, solos on various instruments, vocal solos, songs illustrated with cartoon drawings and interpretative readings. Those attending this performance, will thoroughly enjoy and appreciate the musical work of the "Orphean Musical Club."

The Servant in the House Jan. or Feb.

This is the greatest attraction to be given during the season. This company will play here some time in January or February. Wm. Owen, who heads the company of seven people, is a celebrated actor, beginning his career at the age of eighteen. He was playing "Mephistopheles" for Louis Morrison in "Paradise" at the age of twenty-three. Since he was twenty-two he has appeared in nothing but leading roles. He has selected for this cast, players of well known ability, so you can be assured of a production that will surpass your expectations.

The Cavaliers Nov. 9th

The second number of the Lyceum course is the well known attraction called "The Cavaliers." "The Cavaliers" are composed of seven people, four men and three women. This will be an evening of song, as these seven artists render selections and complete scenes from grand opera, semi-classical and standard songs. The scores are old time favorites and sketches from light operas, giving them a great range for their effective choruses, sextettes, mixed and male quartets, trios, duets and solos. An opportunity for music lovers to spend a very enjoyable evening.

The Maurer Sisters March 27th

On March 27, four very well known musical sisters will be here. These sisters are known as "The Maurer Sisters' Orchestra." This year will make the 10th year these young women have been on the Lyceum platform. Some of the features of this program include cornet solos, with orchestral accompaniment; flute solos and violin solos with piano accompaniment and orchestral numbers. Violin, flute and cornet, whistling solos, cello solos, humorous readings, etc., make a musical evening by very talented people.

**A
Season of
Unusual
Attractions
LYCEUM
COURSE
OPENS
OCT.
7TH**

Dr. John Merritte Driver Dec. 7th

John Merritte Driver, will be remembered as he lectured here several years ago in the auditorium at the Biemel school. Dr. Driver was formerly pastor of the People's Church, McVickers Theatre, Chicago. He is a man of unusual power; his eloquence is magnetic. In appearance he is a most impressive man.

His wide range of lecture work makes him most attractive in every way. You'll find him very entertaining in every particular.

The Old Home Singers April 7th

"The Old Home Singers" are composed of five people, two men and three women. The costuming and staging carry one back to the days of long ago. The serious songs, the sentimental, the humorous, the songs nearly forgotten, all come back to give a variety of program seldom heard today. This will be an evening of quaint old songs and recollections, and music of long ago. There is no question but that the "Old Home Singers" will please and entertain you in every way.

Smith Damron Feb. 10th

Smith Damron, "The Potters Craftsmen," will be here. He is one of the most interesting characters on the public platform. As he delivers his famous lecture, "The Potter and the Clay," he moulds the clay on the platform in the presence of the audience. His preparation for the work involved many years spent in the study of pottery and making pottery. His lecture will prove to be very interesting and instructive.

Opie Read April 17th

The well known Opie Read will appear to give one of his noted lectures. His lectures always appeal and hold your interest, as there is no other person like Opie Read. He shines with a brilliancy all his own. He is always entertaining. In all his lectures he shows himself a wonderful delineator of character. He will be a most valuable addition to our Lyceum course. He will be remembered and enjoyed. He will be a most valuable addition to our Lyceum course. He will be a most valuable addition to our Lyceum course.

The Lyceum Course during the coming season will appeal to all, because of the varied attractions. At each performance you will have the opportunity of hearing artists who are noted in their respective lines. Heretofore it has been the custom to make an extra charge for the stellar attractions, such as "The Servant in the House" and "The Cavaliers." But this season we are admitted to the entire eight performances with your season ticket.

Most men like Fatimas— but maybe you won't

Fatimas please so many men that they outsell any other cigarette costing over 5c.

But it may happen that your taste won't fit Fatimas. That's nothing against you. Nor against Fatimas.

But if your taste does fit Fatimas, you can feel

TWO TESTS FOR ANY CIGARETTE

The taste of the cigarette is one of the things that you should look for in a cigarette. It may be the average taste of those more widely known cigarettes. The first test is to see if you like the taste of the cigarette. The second test is to see if you like the way the cigarette burns. If you like the taste and the way it burns, you will find that you are one of the many men who like Fatimas. If you do not like the taste or the way it burns, you will find that you are one of the few men who do not like Fatimas.

doubly grateful. For of this you can be sure—Fatimas are cool and friendly to the throat and tongue. And they will never leave you "feeling mean" as long as you smoke within the bounds of reason. These tests show you how to prove this:

Because Fatimas are cool and because they often have rightly earned the title, "The Sensible Cigarette."

It simply remains for you, to see if their taste suits you as well as it is suiting thousands of other men. Test Fatimas today.

You may find that their taste is exactly what you've been looking for in a cigarette.

Miss Barber, of Chicago, sister of Norman Barber, is a Flyer of the Mark Musher will act as clerk for the school board during the coming year.

Mr. Dan Connor was the guest of Filer friends Monday and Tuesday.

Dedication services at the Mormon church during the week ending Monday, Sept. 23, were made by Rev. J. B. Smith, pastor, of Prosper, Ill. will be in charge.

Miss Gertrude Walker left Sunday evening for Leslie where she will take a teacher's course in the normal at that place.

Miss H. Schildman and Miss Weaver left on Monday for Payette to return the latter part of the week with ten carloads of sheep.

Mr. Lambing was here from Pocatello in Friday looking after the sheep and meeting old friends. He looks natural in Filer, where he so long resided.

W. F. Orteroy and wife, of Bloomington, Ill., old friends of the Goodpastures and Barnds, dropped off for a few days visit on their way to the coast.

A Recent Photograph of the Little Star of "The Diamond from the Sky" the \$10,000-Prize Pictorial Novel Produced by Flying "A" Studio.

Elmer Crow, accompanied by his daughter, drove down from Boise in the 1918 Overland. They are on a visit with Mrs. S. C. Whitney, their daughter and sister, before the latter's departure for Chicago.

L. K. Cole and family, who own a farm southwest of Filer, who moved to Kingsley, Iowa, some years ago, have returned home to visit and will henceforth be contented to remain here.

They are welcomed back by many friends. They drove through the city on their way to the coast.

The birthday club was entertained recently by Mrs. B. Young. All members were present, except they being absent on account of sickness. The following were present: Messdames Spencer, Dr. Shan, Cedarholm, Smith, Bidwell, Mrs. Shinn, Miss Deary, Talard.

Lottie Pickford, a slender, dark haired, vivacious little niece of Ferdinand Pickford, the famous silent film star, with her laughing dark eyes, has been assigned one of the most difficult roles ever undertaken by a moving picture actress.

Director Jacques Jaccard, who for the Stanley, her role of the \$10,000 prize pictorial novel "The Diamond from the Sky," produced by the Flying "A" and distributed by the North American Film Corporation, not only is carrying the difficult lead to a successful conclusion, but is doing so with a young woman who has achieved success in many roles in filmland.

When E. S. Hutchinson, president of the Flying "A" and Jacques Jaccard, the celebrated director, met some time ago to select a cast for this great production, they spent many hours in a search for their ideal of a heroine. The names of no less than twenty young women, who had achieved success in many roles in filmland, were placed before them from which to select the one they deemed best suited for the lead.

The ladies of Filer and vicinity are giving a party for the benefit of the Filer Finding Society at Boise, to fill an extra car or far with fruit for the use of the children. These empty jars will be changed into nice filled ones and any thoughtfulness on the part of the house wives will be appreciated.

The opera house floor has been waxed and put in shape for the big Field Day dance. This evening's program will be held on the floor with some music for some time. The matter will be quite informal and all dance partners of the hall will be welcome to take part.

The idea being to dance the wax into gloss. The bigger your feet, the more you will enjoy it.

On last Saturday afternoon Mrs. Schillman informally entertained a few friends in honor of Mrs. Lucinda Schillman, who is leaving for Chicago.

One of Miss Pickford's greatest assets is a charming personality. Converse with her for five minutes and you will find her to be one of the most interesting and fascinating little creatures you ever had the pleasure of meeting.

Miss Pickford is gifted with an exceptionally clear, light, intelligent nature, obtained, no doubt, by her ever-increasing interest in subjects dealing with sociology and the temperate reader, Miss Pickford's learning is chiefly toward the books dealing with the more serious problems of life and state. Nevertheless, she enjoys as much as any young lady with red hair in her veins, an hour with the most popular of the most popular comedies.

A prolonged discussion was without result. Then the name of Miss Pickford was suggested and she was chosen to play the lead in "The Diamond from the Sky." The high standard fixed by Mr. Hutchinson may best be gleaned from the fact that she was chosen to play the lead in a contract submitted by Mr. Hutchinson, which she agreed to play the lead in collaboration with her husband, the actor.

Although younger by eighteen months than her sister Mary, the producers of "The Diamond from the Sky" found in the remarkable young lady whose personality, versatility and physique were particularly well adapted to the difficult role of Esther, the young woman who had been chosen to play the lead in "The Diamond from the Sky" was not only a beautiful girl in every sense of the word, but she was also a most interesting and fascinating little creature.

Miss Pickford is a devoted daughter and when the occasion permits, she is called upon to portray, and last, but by no means least, the natural self-around-ability with which she has come in the front rank of starlets being gifted.

Discussing Miss Pickford and the role for her simple, and she has a goodly portion of it for future use.

Those who have watched the personal formation of this form of conception of a heroine for this month's production, Director Jaccard recently summed up the situation as follows:

"In all my experience as a director young woman in "The Diamond from the Sky" are one in their declaration that she so naturally fitted into the scheme of a great moving picture play, she has covered the greatest part of a better selection could not have of the most successful story stories ever published. Be sure to read the great boost to be sure, coming from this paper. A new chapter as it descends from the world's shows you."

RILEY NEWS

(From the Filer Journal)

Fred Drake is clerking at Beem & Hammerquist's.

A. J. Daum left yesterday on his response to a telegram announcing the death of a brother.

Mrs. G. W. Hattig left Wednesday for a visit to her old home in Chicago and Kanakake. She will be absent a month or six weeks.

Mr. and Mrs. Cowling, of Twin Falls, accompanied by Mrs. Cowling's parents from the east, were guests of Mr. and Mrs. Shearer last Sunday.

Lots of people in town looking for houses, etc., these days. A new business firm may decide to locate here and are now seeking lots on which to erect suitable buildings for their business.

Mrs. J. C. McCreery arrived in Filer from Oakland, California, on a social and business visit. She reported the Filer people on the coast well and happy. She is a guest of Mrs. Trullitt while here.

At last meeting of the Odd Fellows, W. T. Higgenbotham was elected district deputy, and H. E. W. Fisher and Earl Walter delegates to the grand lodge to be held in Idaho Falls beginning in October.

The school board met in regular session last Monday night and wound up the year's business. The board then organized by electing F. C. Graves chairman, J. W. Tanner secretary and E. H. Haag, treasurer.

At home the force of men working on cement sidewalks this week. When all the walks are in that have been ordered in, they will have more miles of cement walks than any town here in the great west.

The agent for the Union Tea company will find a hard place in which to carry the banner. A few days ago while canvassing this section he put his team in the school barn and tied his horses on a long rope so they could reach the ditches as well as the trees. The marshal gathered him in. It cost him \$10 for his thoughtlessness.

The old "federal building," better known as the old post office building, owned by Leo Snellish, was moved out of its location Monday night to make room for a new one. The new building will be erected on the site by the Snyder Hardware company. The work of excavation will be started at once and the building pushed to completion.

Tobacco choppers are always welcome to any entertainment given in the hall, and if they are in the habit of spitting on the floor at their homes, may indulge in the dirty practice at the hall, but it is not to be done perfectly at home.

NOTICE OF APPLICATION FOR PARDON

NOTICE IS HEREBY GIVEN, that the undersigned, will apply to the Board of Pardons, at a meeting of said Board to be held at Boise City, Ada County, State of Idaho, on the 6th day of October, 1918, for a Pardon of the sentence heretofore imposed upon him.

Dated this 28th day of August, 1918.

VAN DEBELUER WORKMAN,
Aug. 31 Sept. 7-14-21 24

ARTESIAN CITY NEWS

Misses Carrie and Theresa Brown went to Oakley last Saturday where they will attend the Cassia State academy this winter.

Mrs. J. E. Strong and Miss Iva Witt of Hansen went to Oakley Saturday to visit relatives.

Mr. Roy Taylor was visiting friends in Twin Falls last week.

Mr. and Mrs. Albert Deeringer spent Sunday at the H. C. Randall home.

Mrs. J. E. Strong and Miss Iva Witt of Hansen went to Oakley Saturday to visit relatives.

Mr. and Mrs. Walter Boers and family have rented a place in Murtaugh and will move this week. Their friends wish them success in their new home, but are sorry to lose such a good neighbor.

Mr. Lou James made a business trip to Kimberly Sunday.

Mrs. Chas. Matthews went to Kimberly last Wednesday for business.

Mr. Orson Strong and son, Lawrence, and Lawrence Strong, went to Oakley Saturday. Lawrence will attend school there this winter.

Mr. and Mrs. Charles Randall went to Yost, Utah, Monday. Mrs. Randall will stay with her folks for a while.

Mr. Ed Mrs. J. E. Strong and family to help build Mr. Hall's new store in Murtaugh.

Mr. Roy Taylor returned home last Friday from a trip through the western part of Wyoming and the eastern part of Idaho. He says the roads are very muddy and the weather very unpleasant for traveling.

Mr. R. B. Randall returned home from Churchill Saturday, where he had been for a trip through the west.

School starts here Monday with Miss Anna Dalquist for teacher. All the pupils will be more comfortable this winter as many improvements have been added to the building, there is a new heating and ventilating plant, new coal house and many other things to add to the children's comfort.

NOTICE TO CONTRACTORS

Bids will be received up to 5 o'clock, October first, for approximately 250,000 cubic yards of canal work on the high line canal. Bids may be submitted on all or any part of the work, the canal excavation and lower embankment to be completed by December first, 1915, and the upper embankment by May first, 1916.

The work consists of cleaning the present canal, widening it in places, and strengthening the embankments. The preliminary estimate consists of about 30,000 cubic yards of earth excavation, 130,000 earth borrow, 20,000 loose rock, 10,000 cubic yards solid rock. Each bid to create consideration must be accompanied by a certified check for \$500.00 for each bid of work. Bids are to be sealed and the bidder, if successful will at once enter into a contract with the company to complete the same in accordance with the specifications and in the specified time.

There will also be approximately four hundred cubic yards of reinforced concrete, work, and some extensions on highway bridges. The company reserves the right to accept or reject any or all bids. TWIN FALLS CANAL COMPANY, P. O. Box 954, Twin Falls, Idaho. Sept. 21-24-23

Where we kill Building Cost
Is in our knowledge of average lengths required in a home. But it would surprise you if you know how much hand sawing the carpenter can save in knowing the percentage of long 16 foot stuff that goes into the average house as compared to 10 and 12 foot lengths. Never thought of that, did you? Well we're figuring on just that sort of stuff all the time in addition to studying the uses for which various kinds of lumber are best suited, and that's why we have so many satisfied customers.
Put us to the test next time you need lumber.

ORDER TO SHOW CAUSE WHY AN ORDER OF SALE OF REAL ESTATE SHOULD NOT BE MADE
In the Probate Court of the County of Twin Falls, State of Idaho.
In the matter of the estate of Clinton D. Ault, deceased.
It appearing to this court, by the petition this day presented, and filed by M. G. Ripley, the administrator of the estate of Clinton D. Ault, deceased, that it is necessary to sell the whole or some portion of the real estate of said decedent to pay the debts of said decedent and the expenses and charges of administration.
It is therefore ordered by this court that all persons interested in the estate of said decedent appear before the said Probate Court on the 22nd day of September, 1915, at the hour of 10 o'clock a. m. of said day, at the court room of said court, at the Court House in the city of Twin Falls, Twin Falls County, State of Idaho, to show cause why an order should not be made authorizing the administrator to sell so much of the said real estate as shall be necessary and that a copy of this order be published four successive weeks in the Twin Falls Times, a newspaper printed and published in said county.
Dated August 31st, 1915.
(Seal) J. M. SHANK, Judge of the Probate Court, Aug. 31 Sept. 7-14-21
ORDER TO SHOW CAUSE WHY ORDER OF SALE OF REAL ESTATE SHOULD NOT BE MADE
In the Probate Court of Twin Falls County, State of Idaho.
In the matter of the guardianship of Alfred A. Ault and John Carrol Ault, minors.
It appearing to this court, by the petition this day presented and filed by M. G. Ripley, the guardian of the estate of Alfred A. Ault and John Carrol Ault, that it is necessary to sell the whole or some portion of the real estate of said minors in order to pay off the mortgages, liens and taxes against said estate.
It is therefore ordered by this court that all persons interested in the estate of said minors appear before the Probate Court on the 22nd day of September, 1915, at the hour of two o'clock p. m. of said day, at the court room of said court, at the court house in the city of Twin Falls, County of Twin Falls, State of Idaho, to show cause why an order should not be made authorizing the guardian to sell so much of the said real estate as shall be necessary and that a copy of this order be published four successive weeks in the Twin Falls Times, a newspaper printed and published in said county.
Dated August 31st, 1915.
(Seal) J. M. SHANK, Judge of the Probate Court, Aug. 31 Sept. 7-14-21

Why Should Anybody Buy Any Other Underwear Than Athena?

Thought when we were selling the old style underwear that we had the best. We had the best at that time, but when Athena was invented with its sloped shoulders, its shaped body, full seat, small seams and many improvements we soon saw the difference and hurried to control its sale in Twin Falls, and it didn't cost any more either.

Athena Underwear for Women and Children.

These are the features that give Athena its comfort, its daintiness and its tailored fit.

Sloping Shoulders and Sleeves

Conforms to the shoulders without wrinkling under arms.

Perfect Shoulder-Slay

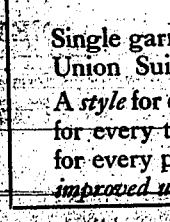

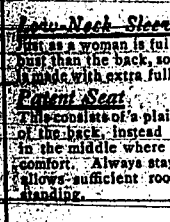

Keeps garment from stretching across the shoulder, and holds sleeve in place.

Curved Armhole

Brings arm seams to the natural curve of the shoulder and holds garment snugly and smoothly up under arm, doing away with unnecessary cloth.

Three-Cornered Gusset

As so shaped as to relieve the usual strain at the thigh. Insures greater comfort and longer wear.

Why Do You Wear Any Underwear?

For comfort only don't you? Then why not get comfort? You know the old style with its square shoulders, unfitted waist, heavy seams, was uncomfortable.

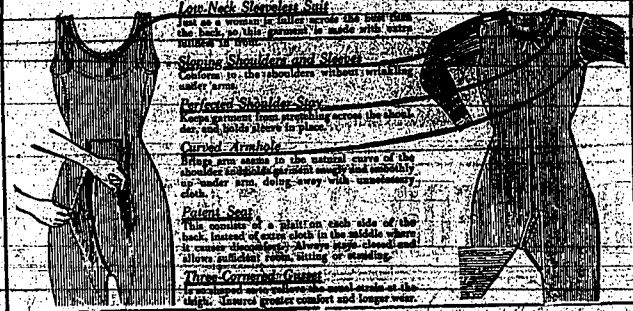

That's where Athena comes in with its beautiful, comfortable fit.

Gowns Fit Better Over

ATHENA Underwear

1. Not the fit of ordinary underwear but "glove fit"
2. Woven and tailored to really fit the figure—patented features of merit.
3. Athena garments are durable and have a dainty elegance—they are tailored to fit—therefore wear right.

Here are the features that give Athena its comfort, its daintiness and its tailored fit.

Low-Neck Sleeveless Suit
This garment is made with extra fabric to wear.

Perfect Shoulder and Sleeve
Conforms to the shoulders without wrinkling under arms.

Curved Armhole
Brings arm seams to the natural curve of the shoulder.

Three-Cornered Gusset
As so shaped as to relieve the usual strain at the thigh.

A 25-lb. Navajo Blanket Would Cover You in Bed

...but it wouldn't keep you as warm and comfortable as one of our 6-lb. bed blankets...because it wouldn't "cuddle"...IT WOULDN'T FIT. "Athena" underwear fits...it "cuddles"...Its comfortable...Costs no more. For sale only by
