

THE TWIN FALLS TIMES

VOL. XI. NO. 39. ELEVENTH YEAR. TWIN FALLS, TWIN FALLS COUNTY, IDAHO, TUESDAY, FEBRUARY 22, 1916. SUBSCRIPTION \$2.00 PER YEAR

SLAVS PLAN TO CUT OFF TURKS

Russians Pursuing Advantage Gained at Erzerum

BLACK SEA NAVAL FORCES GIVE CONSIDERABLE HELP.

Offensive by Czar's Forces Beyond Erzerum Believed to Be For Purpose of Surrounding Turkish Armies.

PEHROGAD.—The Russians are pressing the advantage gained at Erzerum. On the right along the Black sea coast, by the co-operation of the sea and land forces, they are driving the Turks from one position after another to the east of Trebizond and active operations against that important support are being made.

The last two days the Russians have occupied Wide (Wide) and passed forward 10 or 12 miles westward. The fleet has destroyed several shore batteries and by bombing in advance of the land forces and by destroying bridges over several streams in the path of retreating Turks, has rendered their retreat more difficult. The fleet has been working so close to the shore that the warships have been reached by rifle fire from the Turkish troops.

On the left flank after the occupation of Kofli, the Russians pushed on to Mush and Achlat, the latter on the north shore of Lake Van. From Kofli to Mush, 60 miles over mountain roads, they fought several battles and occupied Mush by skulking toward Diarbekir, the next objective of the Russians. Once in possession of Diarbekir, it is only a day's march to Bagdad railway, the last remaining communication into Syria.

The rapid Russian offensive beyond Erzerum, it is believed here, makes it probable that the retreat of the Turkish corps operating along the Turkish sea coast and of those troops which were active in the Mush district before the Russian occupation will be entirely cut off and that the main Turkish armies will be surrounded.

At this time the Russian army of the thirty-fourth division, the Tenth corps, which was ordered from Oltu to Erzerum before the fall of the Oltu, has been ordered to the front between this group of Turkish forces and the garrison at Erzerum has been entirely destroyed by the Russians, the thirty-fourth division, the Tenth corps, which was ordered from Oltu to Erzerum before the fall of the Oltu, has been ordered to the front between this group of Turkish forces and the garrison at Erzerum has been entirely destroyed by the Russians.

It is regarded as almost inevitable that the Turkish army of the thirty-fourth division, the Tenth corps, which was ordered from Oltu to Erzerum before the fall of the Oltu, has been ordered to the front between this group of Turkish forces and the garrison at Erzerum has been entirely destroyed by the Russians.

On the Turkish right flank, where the Turkish army of the thirty-fourth division, the Tenth corps, which was ordered from Oltu to Erzerum before the fall of the Oltu, has been ordered to the front between this group of Turkish forces and the garrison at Erzerum has been entirely destroyed by the Russians.

WATER BOARD MAKES

RULE FOR RENTERS

Water Will Be Rented to Those Leasing School Lands Only Until July 1, Unless They Buy.

The board of directors of the Twin Falls Canal company, at its meeting last week, decided to grant renters of the state school lands water leases terminable on July 1. If the tenant in the meantime has not decided according to law, has the land placed on the market and has purchased the same, he can secure a water contract, but if he does not, he will be required to rent for the water until July 1, will be accepted as maintenance fee for the entire year. In other words, if the tenant has not decided to purchase the land by July 1, will not have to pay any extra maintenance fee. Water will be shut off July 1 for those of all other school lands who have not secured a water contract by that date.

TWIN FALLS TEAM LOSES TO RUPERT

Local Boys Lose by Score of 39 to 37. Fast Game. From Start to Finish.

The most exciting game of basketball that has been played this season was witnessed in the high school gymnasium last Thursday night when the local high school team was defeated by the Rupert boys. Rupert had just returned from playing a series of games in the north, and had won all but one. They are widely considered one of the best teams in Idaho. The local boys were in fine condition and they displayed excellent form throughout the season. The final result was not far from both the teams were evenly matched.

The local boys seemed somewhat nervous during the first half, and could not get working well for some time. In the meantime the visitors were getting into the game, which they maintained to the end.

It was truly a case of Greek meet Greek. The team effort of the local boys was somewhat better than that of the opponents, and the trick of throwing from beneath the basket, which was used by the visitors, was now well imitated by the local boys.

There was considerable dispute during the whole game about some of the decisions rendered by the referee, who did not seem very familiar with the rules.

Every man on the floor played an excellent game, and the close score speaks well for the local boys. The final result was 39 to 37.

The line-up follows:
Twin Falls vs. Rupert
Lester vs. Diney
Ostrander vs. Diney
Bridges vs. Nelson
McCracken vs. Nelson

Before the boys played a very close game was witnessed between the two teams from Rupert and Twin Falls. The game was close and exciting and the winners were having children. The teams worked together well, and the forwards on each team threw good baskets.

Several girls were at a disadvantage in that they had to play with a free center, a thing they had never done before. Notwithstanding this, they were able to win the game.

PARENTS GENERALLY FAVOR NEW SCHOOL

Lack of Room Recognized—Hope Expressed That All Vote—Bonds Selling at High Price Now.

The necessity for more room in the public school seems to be attracting attention to the school election to be held Saturday in the high school building. The school board is now attempting for the voting of \$40,000 bonds for the purchase of a new site and the erection of a new school building. The school board is now attempting for the voting of \$40,000 bonds for the purchase of a new site and the erection of a new school building.

EVERYBODY INTERESTED IN

TWIN FALLS AND ITS FUTURE

"It sounds good to a Twin Falls man when they hear the kind of inquiries made about this city," said Attorney E. W. Wolfe Friday on the return from a trip to Mountain Home, where he was transacting legal business. "People everywhere are saying that Twin Falls must be a live place," continued the lawyer.

PAY-TWICE WEEK ALREADY SHOWING GOOD RESULTS IN LIQUIDATION

Pay-twice week is here and its effects are being felt. The liquidation of the Twin Falls Commercial club is well advanced, and it is believed that before the week is over the good beginning made will be carried still further to permanent results of widespread importance in the way of liquidation.

EMPTY PROFESSION GETS HARD RAPS

Dr. French E. Oliver Denounces Unsincere Christians

FOLLOWERS OF SAVIOR SHOULD CAST ASIDE SINS.

Evangelist Says That the Time is Here at Which a Test Will Be Made of Sincerity—Big Crowds.

Telling the people assembled in the gymnasium Sunday, morning, in substance that the time was approaching when the test of sincerity and sacrifice would be applied in Twin Falls to the professions of loyalty to Christ in time of pressure, assuring them that they could do much for Christ.

If they would take advantage of opportunities offered and illustrating at least some of his implications by describing what had been done in Muskogee, Kansas, and elsewhere, in the construction of Y. M. C. A. buildings, Dr. French E. Oliver preached with all church members to drop all compromises and live in every respect the lives which they professed.

Dr. Oliver for his text, the fourteenth chapter of Mark, laying special stress on the verses describing the young man who started to follow, the mob and the captain of the guard, when hands were laid upon him, throw off the garment with which he was clothed and flee. This, Jesus said, was the only way to escape.

He pointed out the example of the professing Christian who goes forth with nothing but a garment of poverty, and who, when he is called upon to follow, he is to throw off the garment with which he is clothed and flee.

He pointed out the example of the professing Christian who goes forth with nothing but a garment of poverty, and who, when he is called upon to follow, he is to throw off the garment with which he is clothed and flee.

BOISE PIANO HOUSE TO OPEN TWIN FALLS BRANCH

Eller's Decides That This Is Good Place to Locate—Many Lines of Music and Talking Machines Carried.

Realizing the fact that Twin Falls is due for a period of growth and prosperity beginning at once, and desiring to get in on the ground floor while the getting in is still good, Edgar Eller, manager of the Boise Piano House, has decided to establish a branch here.

The Twin Falls branch house will take the place of the one in the city. The Boise Piano House has decided to establish a branch here.

SHEEPMEN MEET

LAST SATURDAY

Will Organize on Saturday, March 11, at Commercial Club. Want Lower Freight Rates.

A number of sheepmen gathered at the office of Attorney C. L. DeLong Saturday for the purpose of discussing the matter of freight rates for lamb exports to Attorney Blaine of Salt Lake, representing the Oregon Short Line, who was sent to determine what the sheepmen desired to report to the head office. The sheepmen say that the present rates were levied without special consideration being given to the lamb exporters.

The representative of the board was not authorized to settle anything. A number of sheepmen gathered at the office of Attorney C. L. DeLong Saturday for the purpose of discussing the matter of freight rates for lamb exports to Attorney Blaine of Salt Lake, representing the Oregon Short Line, who was sent to determine what the sheepmen desired to report to the head office.

CARD REGULATION MADE IRON-CLAD

Monthly Licenses for Tables and Power of Revocation Provided.

TRUTHFULTY FOR ALL GAMES—POOL HALLS TO COME NEXT.

New Switches, Severs, Electrical and Plumbing Ordinances Go Over Meeting Tomorrow Night.

The ordinance governing the control of public card tables and requiring their owners to secure a monthly license granted at the option of the mayor and revocable at any time by the city council, was passed by the council at its regular session last night. This ordinance, which has been in the course of preparation for some time in order to cover the field carefully, was passed under suspension of rules.

The monthly license fee for each table is 25 cents and the fine for violation of the ordinance, \$100. A similar ordinance governing pool tables is also being prepared.

Under the new city law, the mayor may refuse a license to anyone whom he suspects are gambling at his place, and must not grant any to anyone convicted of a crime involving moral turpitude. The places where tables are allowed must be open to anyone desiring to inspect them at all times, and locked doors are not permitted. The proprietor must be willing to submit to official inspection at any time and to answer all official questions touching the conduct of his business will work for the license.

There were many matters of interest discussed by the council on which action was postponed until future meetings. Attorney C. M. Booth appeared in behalf of property owners who had petitioned the city council to have the city street widened across Shoshone street and made an eloquent plea for the same. He declared that he knew of no city which had not granted similar privilege and that the district in question was fitted principally by nature for warehouses and wholesale business.

An answer to a reported argument against the extension to the effect that it would injure the appearance of the city was also made. The council would be the case, as to refuse the extension would mean the building up of a "tin can" city instead of a "real" city.

(Continued on Page 8.)

PRACTICE SHOOT IS BEING HELD AT TRAPS

Twin Falls and Neighbor Towns Free to Join For Grand Tournament Here June 11, 12 and 13.

A preliminary practice shoot of the Twin Falls Rod and Gun club is being held today at the traps, being prepared by the club. The shoot will be held on June 11, 12 and 13, at which the most expert trap shooters of the northwest are expected.

The gun club was organized about 10 years ago and had a varied existence for eight years, until the spring of 1914 when it was reorganized. It is now a well established club and is believed that the Twin Falls reputation for fine shooting will not suffer in competition when the best teams in the northwest are here at the practice shoot.

THINKS, HOLIDAYS SHOULD BE OBSERVED

"I wish that the people here would award more attention to our national holidays," said a prominent citizen today. "Hark we have a national holiday in honor of the Father of the Country and beyond an occasional flag nobody is paying any more attention to it. Of course, this is a new community and people have not yet reached a point where they can operate in such matters, but I believe that there was a little more of the patriotic spirit shown."

The court house offices and post office are closed today but ordinary business is going on as before.

LOOKS OVER PROPERTY

Victor Johnson, of Newman's Grove, Wis., who has been in the city for some time, has just returned from a trip to Seattle, looking over his interests. He visited Mr. Carlson, while in the city.

LUMBER-UP, DUE TO WIDE PROSPERITY

Wholesale Manager of Boise-Payette Company Tells of Building Movement and Its Results.

"Prosperity, national wide in scope, has struck the lumber trade, and as a result the wholesale price has started up rapidly," said G. H. Sherman, of Boise, manager of the state wholesale trade for the Boise-Payette Lumber company to a Times representative yesterday, as he boarded the train for Buhl, after a visit in the yard here.

"People are prosperous and building all over the country," he continued, "and the sudden demand has spent the price up. There is plenty of money in the country and it is cheap, which is all along the line of the old free silver theory of plenty of money and high prices. You can see from this telegram which I received February 11, how things are going up."

Small mills which were doing little and had been losing money are getting up and doing well. The lumber trade is prosperous. To a certain extent, the demand has affected some lines, but generally speaking it is due to increased general prosperity. Among the classes affected by the demand is the best quality of white spruce, the supply of which is mostly taken up for the manufacture of aeroplanes.

This may bring about an increased price for fruit boxes. "It is not understood that I speak only of wholesale prices as I do not follow the details of retail price lists, though I know in a general way that the prices of lumber are going up."

He said that when the old stock is disposed of, the retail price must increase in the new stock in the price of which there has been so sharp an increase lately. My own opinion is that this has not been the end of the increase in wholesale lumber prices."

SPIRIT TO PLANT

PROGRESSING WELL

Lodge Force at Work on Grade—F. D. Johnson to Sign Labor Contracts Wednesday and Saturday.

Work on the spur to the sugar factory site has gone on rapidly during the last week. The work is being done by the force of men with nearly 100 head of horses and mules are busy on the grade. As soon as this is completed the steel will be laid and the work will progress rapidly.

ZEPPELIN BROUGHT DOWN BY FRENCH

Big Aerial Craft Comes to Grief and Most of Crew Thought Lost

GERMAN OFFENSIVE ON 4-MILE FRONT RESULTS IN REFUSE.

Presence of Allied Submarine in Bosporus Thwarts Constantinople into State of Consternation.

Another of Germany's big Zeppelin airships has come to grief and it is probable that some of it will be recovered, as it was developed in flames as it fell to the earth, a victim of an enemy shot fired from a French anti-aircraft gun.

The Paris official communication reports that the airship was southward bound from the region of St. Mesmeu when the French guns at Reims began shelling it. At last one of the enemy's airships was shot down in the vicinity of Brabant-Le-Roi.

The Germans near Ligny, to the south of the Somme river, have met with repulse at the hands of the French in an attack extending over about four and one-third miles. The offensive movement was preceded by a heavy bombardment and clouds of asphyxiating gas. When the German infantry endeavored to come out of their trenches for the attack, however, the barrier fire and the fire of the French riflemen stopped them every-

The Germans in Artois were prevented from occupying the crater of a mine by a strong counter offensive of the French. In Champagne, the first of the Argonne, and in the entire region of Verdun, there has been much artillery activity in which Paris claims considerable execution was accomplished by the French guns. The Germans report additional repulse of their offensive movement in the Argonne and also the putting down of an attempted offensive along the Lens-

Numerous fights in the air between German and French aviators have taken place. Paris reports that several of the German machines were brought down by the fire of the French army. Aeroplanes have been carried off by the German machine gunners. The German report additional repulse of their offensive movement in the Argonne and also the putting down of an attempted offensive along the Lens-

There has been little fighting in the eastern front since the capture of the Albanians fighting for the Austrians reported to have reached the Adriatic sea west of Kavray. This would indicate that the Austro-Hungarians and their allies have completely surrounded Durazzo.

Following the Russian are presently following the Turk who had been driven from Erzerum, and also are pushing their way northward from the capture of the German machine gunners. The purpose of establishing a base there for their warships and transports. Battles on Lake Van has been captured by the Russians.

A Turkish power station on the Ottoman front, east of the Euphrat canal has been blown up by a British airplane.

Again Constantinople has been thrown into a state of consternation over the presence of the British submarine in the Bosporus, according to an unofficial report. The submarine is said to have been loaded with munitions and one tug.

An extensive alarm submarine passed through the Dardanelles on Tuesday night. The submarine was loaded with munitions and one tug.

Bill for Drilling of the Unemployed

Congressman Stephens Introduces Measure to Train Men While Working Them on National Highway.

WASHINGTON.—Congressman W. D. Stephens of California, has introduced a measure authorizing the same general ideas of preparation not forth in a recent interview by Senator Harry Lane of Oregon, the plan involved in the construction by unemployed and others, of a national highway serving at once commercial and military purposes, 10,000 miles long, the employees to receive two hours military training every working day. The right of way to be acquired from the several states on conditions satisfactory to the president and is to be secured along a route outlined in section 2 of the bill as follows:

That the national defense highway shall commence at Los Angeles, California, and extend eastward by a practical route through the state of California, Arizona, New Mexico, Texas, Louisiana, Mississippi, Alabama, and Florida to Jacksonville, Florida, thence northward through Georgia, South Carolina, North Carolina, Virginia, District of Columbia, Maryland, Delaware, Pennsylvania, New Jersey, and New York, to New York City; thence northward through New England, New Hampshire, Maine, to Portland, Maine, commencing again at New York, New York, thence westward through New Jersey, New York, Pennsylvania, Ohio, Indiana, Illinois, to Chicago, Illinois; thence northward through Wisconsin and Minnesota, to Duluth and Minneapolis, Minnesota; thence westward through South Dakota, North Dakota, Montana, Idaho, and Washington, to Seattle, Washington; thence southward through Washington, Oregon, and California, via San Francisco and Los Angeles to San Diego, California.

DEMOCRATS WORK FOR THE STATE CONVENTION

Success of Local Republicans Arouses Greater Activity on the Part of Southern Idaho Interference.

The success of local republicans in bringing the republican state convention to Twin Falls has aroused the democrats of this city to greater activity than has heretofore been manifested, although work had previously been done. No stone will be left unturned to get the gathering. They believe that it is evident that the republican party in this part of Idaho a battleground, and if good for the republicans, why not for the democrats?

The Jefferson club committee on conventions, consisting of A. R. Hicks, S. H. Kayler and T. M. Robertson of this city, and H. C. Tyson of Pocatello, and C. J. Kallins of Burley, are backing Congressman Bowen in securing the convention for this city, feeling that it will prove good cause for the club banquet on Jefferson day, should they succeed in landing it.

RUMANIAN DECISION TO INTERVENE GROWS STRONGER.
LONDON.—"Dispatches from Bucharest state that the capture of Perserburg by the Rumanians is crystallizing the decision of Rumania to intervene at an early date," says the Rome correspondent of the Exchange Telegraph company.

Rumanian official circles in sympathy with the Entente, it is stated that in March there will be a concentration of Rumanian troops on the Bulgarian frontier for the purpose of permitting Rumania to transfer troops to the Bulgarian front. This transfer operation is in progress.

In the meantime the Allies are hastening the transportation to Salonika of the Serbian, Albanian and Montenegrin troops, which, along with the French and British troops will make possible an offensive movement simultaneously with the intervention of Rumania.

GENERAL ADVERTISING "SPEAR HEAD" FAMOUS FOR A GENERATION

The Chew That's Noted for its Luscious, Long-Lasting Flavor

MADE OF RIPE RED BURLEY

The only tobacco that perfectly retains the natural juice of the leaf is plug tobacco. Therefore, the only way for you to get the full-tasty enjoyment and wholesome benefit out of tobacco is to chew high-grade plug.

Spear Head plug is the mellowest, juiciest chew you ever tasted. Its luscious, long-lasting flavor distinguishes it from all other chewing tobaccos and makes it the most satisfying of chews.

Sum-ripened red Burley leaf—carefully selected for its full, perfect flavor, is pressed into plugs of Spear Head that make your mouth water just to see them.

Try Spear Head once and you'll never again be satisfied with any other chew. Get a 5c or 10c cut today. Your dealer has Spear Head.

TARGET PRACTICE OF GUARD IS DISCUSSED

Twin Falls and Buhl Companies Both Commended—Burley Plan of School Military Clubs Endorsed.

The Official Bulletin of the Idaho National Guard, issued last week, discussed among other things the matter of target practice and straight shooting. Company K, of Buhl, is given credit for making the best record, considering all the circumstances, of any company in the state. Companies D, F and I, also get high praise. The target practice of military clubs in the public schools is commended. This club was organized last week by Captain McElhenny of this city. The comments of the Bulletin on the matters referred to above, follow:

There is a rapidly growing sentiment throughout the country that we, as a people, should again take the place held by our forefathers as the best shooting nation in the world. Congress and commanders are lending their aid to the movement and it is very probable that legislation granting pay for qualification in marksmanship will result. It is possible that owing to the large amount of work before congress, that nothing will be done at this session. But with the movement for military preparedness, it is reasonable to expect some legislation of this nature in the near future, probably next year. It therefore behooves every member of the target practice some time and attention to target range work during the coming season.

While the results of the work during the last target season are gratifying, the record shows a marked increase over the record of 1914 or of any previous year, and will probably place as well toward the top among the national record recipients of the United States, yet there are some disappointing features connected with it. The most disappointing feature is the record of the three lowest companies in the number of men fired. Had these companies fired the average of the other companies in the regiment, our record would have been 324 men fired, which would have undoubtedly put us at or close to the top. The fact that Companies E, D and M were mustered in so late in the season and its effect on the record. Both companies made every effort to fire more men through, but were prevented by rain and other conditions. They deserve every credit for their determined efforts.

The record of Company K is, in our opinion, the best ever established by any company in the regiment. Mustered in on October 31, this company—built—largest range and fired 100 men through the course and made a figure of merit of 684, and ranked sixth in the regiment. We believe this establishes a record for a company in this regiment. The record throughout the entire national guard of the United States, and one that will probably stand for some time to come. The records of Companies D, F and I speak for themselves. Companies that qualify 70 or more men as marksmen or better are in a class by themselves in target work.

Companies D and I were but little below them and are entitled to perhaps even more credit than either of the first three companies, in that each fired every man. It was simply through lack of men that they failed to rank higher.

The most gratifying feature of the contest was the spirit of sportsmanship manifested by everybody. Some of the companies may have felt that they were rather heavily handicapped, yet no one in the contest complained. This being the first time that the scheme has been tried it was rather difficult to adjust the handicaps so "that" they would be equal to everybody. But, as it is said to the credit of the National Guard of Idaho, there was not a protest uttered. Everyone realized that the records of the contest are an encouragement and that it would work for the best interests of the regiment. This spirit will soon place us where we belong.

While the attendance figures showed a substantial increase over the previous year, the figures were not satisfactory in that the number of absentees was far above what it should have been. There was an average of approximately 14 men absent from each company and for this reason the regiment was criticized by the war department. The dates for the inspection of the different companies have been pushed back every year, but should know the date for the inspection of his company. Some of the eastern elements reported every member present last year. We are at least in the class with them in other matters, why not in this? Proper work on the part of the members who are the backbone of the companies will practically insure this.

A movement that is worthy of every encouragement has been started in Burley, Idaho. The school authorities have come to the conclusion that military training and marksmanship are of more importance to the youth of the community than any sports. It is high commendable that the application for membership in the National Rifle association, and target practice has already been made. An outdoor range has been obtained and, as soon as rifles are received and the weather permits, Saturdays will be devoted to range work.

As soon as conditions warrant, a cadet corps will be formed and drill work taken up.

AMERICA DOES NOT YET ACCEPT GERMAN POSITION

WASHINGTON.—All American diplomatic and consular officials abroad are notified in a circular communication from the state department that the position of the United States is that merchant ships have a right to carry despatch arrangements.

This move, which became known today, is the first formal announcement that the United States does not accept the German position that the legal status of the German submarine is that of a merchant ship without warning before February 23, as coming within international law.

COMPELS LAND OWNERS TO AID EDUCATION

Schools for Young Are Established by Carranza and Bills Paid by Proprietors.

EL PASO, Tex.—The Carranza government, according to Mexican Senate, direct, in the state of education is compelling large land owners throughout Mexico to pay the principal cost of educating the rural population of the country. These land owners, Senz stated, are required to provide school houses and pay the teachers. The government supplies text books and other requisites. Thousands of such schools, he said, have recently been established, and the American system of public education is thereby aided.

Senz, who is Juarez, on a visit to General Gabriel Garcia, the military commander, is developing the best facts government already had expended 2,000,000 pesos silver for primary grade text books alone. Ten other state directors of education, who met Mr. Senz recently in Mexico City, also spent 1,500,000 pesos for other school supplies.

"We are rapidly substituting the American system of education for the French method formerly in vogue in Mexico," said Mr. Senz. "Because of the proximity of the United States and Mexico and in order to promote better understanding between the two peoples, the new school programs call for three years instruction in English. Formerly French held that place in the school curricula. Now, however, instruction in French will be given only for six months in the college preparatory schools."

In his own state, Mr. Senz said, 2000 new schools had been established besides five normal training schools for teachers.

DANIELS SAYS WAR SHIPS IN BAD SHAPE

Asks Appropriation of Two and Three-quarters Millions for Immediate Repairs.

WASHINGTON.—A \$2,757,000 emergency appropriation for immediate necessary repairs of machinery in ten years, says Senator Daniel, and submarines and for the first time to equip battleships with anti-aircraft guns, was asked of congress today by Secretary Daniels.

"Many of our destroyers have reached an age where renewals of extensive portions of their machinery equipment is necessary," Secretary Daniels said. "The same is true of submarines, both classes of vessels making a big drain on this year's appropriation." The hulls of the battleships Georgia and Virginia, both of which have been in almost constant service for ten years, says Daniels, are in such a bad shape that they will have to be replaced. The hulls of the destroyers, which were withdrawn from active service, to have their boilers replaced. The hulls of the destroyers, which were withdrawn from active service, to have their boilers replaced. The hulls of the destroyers, which were withdrawn from active service, to have their boilers replaced.

The estimates were referred to the appropriations committee for inclusion in the urgent deficiency bill.

TRAIN SERVICE RESUMED ON THE "PIN" RAILROAD

WEISER, Idaho, served on the "Pin" road from Weiser to New Meadows is now established. The first passenger train from New Meadows to Weiser, under the direction of the railroad, left Weiser at 11:40 a. m. and arrived at New Meadows at 1:40 p. m. The track is cleared of snow and the entire Weiser river is now clear of ice. The flood situation at Weiser, as well as the water there, is going down the regular river channel. No more trouble from floods on this stream is expected.

CARRANZA TO FORM NATIONAL GUARD FORCE

WASHINGTON.—The Carranza army estimated at 100,000 men, is to be converted into a regular and uniformed national guard, patterned somewhat after the national guard of the United States. The Mexican embassy announced today that the plan is to be put into execution as soon as details can be worked out.

General Carranza and his party, the cabinet and advisers have left Guadalupe for Colima. Another dispatch announced that through Panaman service was resumed today between Eagle Pass, Tex., and Mexico City.

TWIN FALLS PEOPLE GET INSTANT ACTION

Those who have used it in Twin Falls are astonished at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler'ska, because it acts on BOTH lower and upper bowels. ONE SPOONFUL of Adler'ska relieves almost ANY CASE of constipation, sour stomach or gas. It removes such surprising food matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The Bedford-Phisher Drug Co. — Adv.

SALE AT GILBERT RANCH

The Gilbert ranch three miles west and a half mile north of the end of Shoshone street bridge, will be the scene of a public auction on Monday, March 6, at which there will be offered three head of horses, all kinds of needed farm tools, and a complete outfit of house and farm furniture. Fifty boxes of apples will also be placed on sale. Lucie Van-Ausden will be in charge. A. C. Robinson, Clerk.

LINCOLN CLUB NOT CALLED

President Scooley of the Lincoln club, stated to a Times representative today that there had been no meeting of the Lincoln club called as yet, and that committee had not yet been appointed, but added that both committees and date of meeting would be announced soon.

Also showing a complete display of Wash Fabrics in every possible weave and design and specially low prices—white and colored fabrics

The Largest and Most Complete Show of Gingham, Percale, Muslins and Staples Shown in Town

LIVE STOCK STILL REMAINING STEADY

Lamb's Heads Higher, Hogs Steady and Strong, Cattle Steady But Weaker, Wool Improving.

There has been no trading in the sheep division of mention since Monday, says the Portland Live Stock Reporter, Monday. There is a keen demand for all classes, especially yearlings and lambs. The severe weather of last month seems to have given the sheepmen quite a setback. A good many sheep that were about ready to turn on the market lost a good deal of fat on account of not being able to get enough feed. A fair example was shown Monday when nothing of choice quality was offered. A good bunch of lambs brought 9 cents, but strictly choice fat lambs would have gone over the 9-cent figure.

North Portland is the strongest sheep market on the coast today. Choice lambs are quoted \$8.50 to \$9.00; yearlings, \$7.75 to \$8.00, and ewes \$6.75 to \$7.00. Strictly fat lambs would undoubtedly go above today's quotations.

Today's hogs receipts were very

spotted as to quality. While there were some very good offerings, there was a noticeable number of light un-finished hogs that would go in the pig class. A good many of the carlots were of the "saucepot" variety, pigs, sheep and hogs mixed. It looked very much as if farmer Monday's toppling in the swine line that could get in on an advancing market.

No hogs have reached the high price of last Monday, \$9.00 being the top Tuesday and Wednesday.

Receipts have been fairly good for this time of the year, although they are still short of last year's February record.

Cattle receipts for the mid-week market have been heavier than for some time past. Receipts are largely confined to the short-fed and plain variety. Extra well finished steers are very scarce. No choice steers have been offered since Monday, when three loads of plain-fed crossed the scales at \$7.50. Trading is somewhat uneven, but good classes are selling on steady basis. Plain and rough steers ranging from 800 to 1000 pounds are being moved at prices ranging from \$2.25 to \$2.75. The market for beef steers is generally 15 to 25 cents lower. Pulp-fed sold Tuesday for \$7.25 or 25 cents more than the other classes have been quite liberal and prices are steady to weaker. Choice heavy cows are selling at \$6.00 to \$6.75; choice light cows, \$5.00 to \$5.75; common cows, \$3.00 to \$3.50. Bulls are in fair demand and prices are steady, \$3.50 to \$5.25.

Only a few head have been received and were moved at steady prices. Choice light calves are quoted at \$8.00, off grades, \$7.00 to \$7.50. The supply of stock and feeders is very small, only a few loads being moved on account of the several conditions existing against the feeder at present, especially the cost of feed. Three cars went to Washington feed lots the first of the week.

It is very common practice of some shippers to overestimate the quality of their cattle, hogs or sheep. They very often read something into the market report of sales that is not there.

If they have, say, 1200-pound steers they think their stock should sell for tops if top happen to weigh 1200 on the market. It should be remembered that there are common steers, fair steers, good steers and prime steers, and the man in the country who seldom comes in contact with the prime class, is inclined to over-value the animals he is feeding. There may be a dozen head have been on feed in one community, and one bunch is better than the others. This fact of superiority creates in the owner's mind the belief that he has market-toppers, when in fact his animals could be placed beside the prime offerings on the market he would see the difference. The man who accompanies his steers to market often has this difference strikingly set before him. Frequently, though, when he does not come to market he is painfully surprised when he finds quoted the sales of other animals, weights—the same prices superior to what he received.

Conditions in wool at Boston are steadily strengthening, according to Foresters. Foreign primary markets are near the end of the season and

DR. SULLIVAN SPEAKS TO RICHFIELD PEOPLE

Lecture on Hog Cholera Delivered at Meeting at Which Anti-Cholera Association is Formed.

A large and enthusiastic crowd of farmers gathered Tuesday afternoon and evening to listen to what was one of the most profitable and educational lectures ever given in Richfield, from the standpoint of the farmer, dealing with hog cholera, and how to prevent it and save your herds from this most fatal disease that the farmer has to contend with, says the Richfield Recorder.

Dr. W. A. Sullivan who has charge of the government hog cholera district, with headquarters at Twin Falls, and whose work has been the means of saving thousands of dollars, besides the good effect it has had in adjoining counties, spent the afternoon and evening addressing the farmers and assisting in perfecting an organization for the protection and fighting of the disease.

The Richfield Anti-Cholera association was formed with the following as officers: G. F. Gorow, president; W. S. Parkhurst, secretary, and Geo. Schwaner, treasurer.

Interest in being transferred to the local situation. The audience was amazed at the way manufacturers are taking hold of all grades of wool. They have been especially active during the last few weeks of the season, and with surprisingly few lots available, in view of the arrivals of 16,000,000 pounds of foreign for the week and 16,000,000 pounds since the beginning of the year. New Zealand advances give no promise of relief to American holders of wool in that colony—the amount still unsold and officially held up being estimated at 34,000 bales. Australia has declared the embargo on again, as far as crossbreds are concerned, and is expected to shut off shipments of merinos to this country in the near future. Contracting is still going on in the west, about 600,000 pounds being the amount estimated as secured to date. Values are steadily rising, and everything points to further advances. Mills are running to full capacity, and though they are well supplied with wool, stocks are not excessive in view of the tremendous consumption.

Range of Prices.

Choice grain and pulp-fed, \$7.50 to \$7.60

NINETY JARBIDGE BACHELORS TIRED OF LIFE OF SINGLE BLESSEDNESS

IT IS A LONG WAY from the jail, a road to Jarbridge, now, and as a consequence men who make their living by following the roundabout and ever-circuitous life of a miner in the famous Nevada camp have little time or opportunity to invade the bounds of the outer world in search of some one whom they can cherish and who will make their home life in this mountain town one of extreme happiness and contentment.

The old quotation concerning Mohammed and the camel may well apply in this case as the following letter, received from James F. O'Brien, one-time resident and prominent citizen of Jarbridge and one to whom the citizens of the storied mountain camp always look for guidance, will show.

"I am writing you regarding the Jarbridge Bachelors' club, a subsidiary of the Jarbridge Commercial club. This club was formed with the idea of ameliorating the single-blessedness condition of some 50 attractive bachelors in the beautiful, though isolated town of Jarbridge.

"Jarbridge, as you do not remember, is situated in the northeastern part of the sage brush state, in that deep valley in the Jarbridge mountains where, the clear waters of the beautiful Jarbridge river flows by. The town at present consists of the main business street, two attractive residential districts, one on the east bank of the river, and the other on the creek, where you have the clear water trickling by your cabin door with the grand, sheer cliffs of the Jarbridge rising to meet the deep azure of the clear Nevada skies. A short walk up the river and the beautiful pines and cottonwoods, on a sunny afternoon, will take one to the attractive little suburb of Pavalak.

"The members of our club are all eligible bachelors ranging in age from 20 to 55 years. They are all hard-working, sober, industrious individuals, desiring a proper mate and wishing to settle themselves for life, knowing that when a man has a better-half that he has more to fight for and live for.

"Any lone some maiden desiring to get in touch with any of these bachelors will please address the secretary, 'Bachelors' Club,' box 116, Jarbridge, Nev."

The above letter speaks for itself and from the description of the camp and its surroundings the bachelors of Jarbridge seem to be situated in one of the world's happy spots with everything to make them happy with the exception of a wife—Gazette.

HIGH SCHOOL DEBATE POSTPONED

Because the Pocatello team were not ready to proceed with their end of the triangle-debate on the government ownership of telegraph, which was to have been held Friday night, the debate has been postponed. The local team was to have come here. The date for the debate has been set tentatively for March 17, when it is assumed that the traditions of St. Patrick's day will make the orators properly pugnacious, but may be changed again. Both teams here are confident of victory.

Notwithstanding this, it is not assumed that continuous service is desired; still, subscribers are expected to notify us with reasonable promptness to stop if the paper is no longer desired.

Entered at the Twin Falls postoffice as second class matter as a twice-a-week publication, October 18, 1910.

THE HOSPITAL A PUBLIC BENEFACANCE.

Inasmuch as an article on the proposed Public Hospital in the last issue of the "Times," was changed by the mechanical exigencies, from the editorial into the news columns, a further reference to the matter is now made. This for the reason that the "Times" desires to be affirmatively and unequivocally aligned with every and all movements in this community that make for real progress and betterment.

And, in the opinion of the "Times," at least since the creation of our magnificent high school plant, nothing has been proposed of more practical value, as a community asset, than the construction and operation of a really first-class, up-to-date, hospital! Especially is this true under the proposed plan, which will make it not only serviceable for the county charges, but also for general necessities, under the auspices and active support of the local physicians—the latter feature paying the entire cost of maintenance.

If the possibilities of the proposed improvement ended with the feature last above set forth, a strong case in its favor would have been made. But, in fact, that is only the beginning. To anyone who knows the disabilities imposed upon the after-life of children by undetected and uncorrected dental conditions, defective vision and adenoids, not to mention the risks from diphtheria, scarlet fever and other undeveloped diseases, both contagious and otherwise, the possibility of bringing the pupils of our schools, en masse, under expert examination and care, can not fail to loom very largely! To do this very thing has become an accepted feature, in our most progressive towns and cities, of the duty of the present generation to a future one, in the conduct of public schools. Plenty of statistics are available to show, not only the crying need, but the immense advantage of such systematic care. But statistics are dry pabulum; and, in any case, the proposition is so well established in the minds of intelligent people as to make argument unnecessary. Anything worth while in this direction is absolutely impossible under existing circumstances; but the opportunity for all that could be desired will be made by the establishment of a public hospital under the proposed conditions.

The very important matter just referred to would depend in some measure upon the location of the hospital—contiguity to the school building, although not indispensable, being vastly desirable. The same is true with regard to another valuable possibility, barely touched upon in last week's article. Reference is had to the opportunity of giving to the young women in the upper classes of the high school some concrete and practical instruction in the most important needs and duties of their future lives—needs and duties the most imperative, but too often thrust upon absolute ignorance and incompetence! Why, indeed, should these future wives and mothers, others, along with grammar and arithmetic, plain cooking and plain sewing, as already provided in the school curriculum, learn something as to preparation of dietary foods, of care for the sick and most important of all, something regarding the exigencies of maternity? The question will answer itself—why, indeed?

As said before, nothing is too good for Twin Falls, and here can be found one of her very greatest possibilities, to the full realization of which nothing is now necessary but a united and favorable public sentiment, effectively expressed. To this end we bespeak the active good offices of the churches, the protective and benevolent societies, the Twentieth Century Club, and all other local organizations that may have pride in our past or hope for the future.

PREPAREDNESS, GOOD ROADS AND LABOR.

The wisdom of congress in deciding to provide for immediate preparedness by strengthening the historic military organizations of the country is demonstrated by the fact that the individual members of both houses are as prolific in plans for national defense as the military experts are. There is no doubt much wisdom in some of the plans and some wisdom in all of them, and if a commission of experts could be found which would not evolve into a debating society, it could probably work out a system embodying the good features of all of them. But if the threatened invasion pictured so realistically by novelists in the monthly magazines were to take place at all it would be all over before any such commission could make a report. A bill for outfitting preparedness with good roads building, an outline of which is published elsewhere in this issue of The Times, has been introduced by Congressman Stephens and endorsed by Senator Lane. It aims to solve three matters of grave importance at the same time; the unemployed problem, the preparedness problem, and the good roads problem. The solution of the first is perhaps of the greatest permanent importance. But assuming that the measure is a good one, it would take a long time to work out, and if it is satisfactory to the people of the several states, much additional time would have to be devoted to working out the engineering problems involved, after which the assembling of tools, machinery and the like would take still more time. The measure deserves careful consideration and, if feasible, favorable action, but while investigation and, if found advisable, preparations are going on, the present system of a national standing army supplemented by a well-defined militia should be maintained at the highest degree of efficiency.

In a letter to the press, Congressman Stephens asks the co-operation of the newspapers in boosting the plan, and requests that the auto clubs and good roads organizations take the matter up. The average editor is by reason of his position something of an expert on all sorts of problems, and is prepared to pass finally on the subject at hand, but it would perhaps be well to allow others to acquire a degree of mental and linguistic exercise "chewing the rag" over the plan before its definitive settlement by the press. Incidentally, the idea of passing it up to auto clubs and good roads organizations is a good one, and the Federation of Labor might probably devote some time to its consideration with profit.

DAVIS ATTACKED BY HOME PAPER.

State Senator D. W. Davis of American Falls, last week formally cast his hat into the ring as a candidate for the Republican gubernatorial nomination. His candidacy was at once made the object of a bitter arraignment by the American Falls Times, which asserts, in substance, that Mr. Davis has been the political dictator of Power county since its organization, controlling the selection of county officers, and that as a result of the policy inaugurated by those whom he has selected, the county's indebtedness is increasing so rapidly that unless a change is made shortly bankruptcy is inevitable. The conclusion drawn from the allegations of the American Falls paper is that a man who has proven incompetent in managing so small a political division as Power county, cuts a sorry figure as a possible supervisor of the affairs of a whole state.

The Times also charges that this candidate ran for the office which he now holds at the request of Senator Brady, who is said to be his business and political associate; and that his present candidacy is the result of a desire on the part of Senator Brady to get a stronger hold on the state government.

The charges are serious and should either be substantiated or in fairness to Mr. Davis, withdrawn.

WHOLE TRUTH SHOULD BE TOLD.

Color is given the charge that the International Harvester company did attempt to intimidate banks from loaning money to sheep growers of Yutan, by the refusal of an officer in the Continental and Commercial bank of Chicago, one of the banks said to have been disciplined, to show his books to the congressional committee which is investigating the subject, and also probing the charge that the harvester and other interested companies had "fanned up" a revolution in the Yutan district.

That Mexican and other Latin-American revolutions have been financed by American and other capitalists is a charge frequently made by respectable authorities who make their assertions so circumstantially that they deserve investigation, and the fullest publicity should be demanded. Under such circumstances a refusal to show books of importance, unless forced to do so, while not necessarily an evidence of guilt, is to say the least a suspicious circumstance. An investigation of the Harvester interests in Yutan at the same time would seem to be in order. The state game warden is charged with conducting the International News service, which he controls, in such way as to mislead under color of giving legitimate news. This charge is a serious one and should be made the subject of a rigid inquiry, to clear Harvester, if he is not guilty, and to warn the people if the charge should prove true.

THE GOVERNOR AND THE MILLION DOLLARS.

(Parma Herald)

When Governor Alexander told the people that if they would give the Democratic party control of state affairs it would mean the saving to them of a million dollars during his term of office, Republicans jeered and said he couldn't do it. The people didn't give him the vote, and he is now in control either in the legislature or the state house and now the Republicans are jeering because the governor in his minority capacity has been able to save to the people during the first year of his administration only the insignificant sum of \$230,000, a mere bagatelle. This small saving was done, of course, over the protest of the Republican majority in the state house. To this last statement there is one notable exception. We refer to the conduct of his department by State Treasurer John W. Eagleson.

Alexander told the people that the capital building could be maintained at half the expense of the former administration. Mr. Eagleson almost demonstrated that fact the past year, and will undoubtedly do it this year. Read Mr. Eagleson's report in another column and see what an honest, economical and efficient public servant he is. The state game warden's department has also made a splendid showing. Under the efficient work of Warden Jones and his able deputies, that department is in splendid condition, and a saving of nearly \$12,000 has been effected over the 1913 period.

NO INTERVENTION.

Indianapolis News

To move now (in Mexico) would be virtually to support the very men who were guilty of the murders as against that government which we are asking to punish them. And that ought not to be thought of till it is proved that Carranza is either unable or unwilling to meet our just demands. So, for the present there is nothing to do but give the Mexican government a chance to do it. It may be that it will show, as a result of its efforts to apprehend and punish the murderers, that it really is in control of the country. At my rate, there is the chance, and it is one that we can not, even in open view interest, disallow. Thus the case stands. And the more one thinks about it, the more must one be convinced that intervention just now would be a great mistake from every point of view.

\$13,533 AVAILABLE

FOR BOUNTY FUND

This Amount to Come in by March 1st to Pay Claims Then on File.

Since the announcement that the predatory animal fund has been exhausted there have been many inquiries concerning the matter of payment of claims and filling of the fund. The points are still coming in in large quantities and the claims are being filed in the order of their receipt. There is absolutely nothing in the fund at the present time left to pay claims, but there will be a small additional sum come in later and the claims will be paid in the order of their filing so long as the money is in the fund. In this regard the following is of interest, being received from Boise under date of Friday, Feb. 4.

"There will be \$13,533.45 available to pay predatory animal claims against the state about March 1st, but there are now 327 claims on file with the state veterinarian's department, which call for \$10,457.50 so there will be a balance of but \$2,705.95 in the fund when the claims are paid. When this amount is paid out the state will have distributed \$27,833.71 in a little over a year in predatory animal bounties. Yet there are many animals in the predatory class running wild in Idaho, say hunters who have been making an extraordinary good living the past few months bagging them. State Veterinarian Bodie has already issued notice to defectors in all parts of the state that the fund is exhausted, notifying them to so inform hunters but to accept their claims for filing with his department. Unless the stock and sheepmen of the state raise an additional fund, killing of predatory animals this year will be at a minimum.

Regarding the situation which confronts the state veterinarian's department and in response to a request for such a report the state veterinarian wrote the governor as follows:

"I have the honor to acknowledge the receipt of your letter of the 1st inst. requesting me to submit herewith the following report of the predatory animal fund:

"When the present predatory animal fund went into effect there was \$7,815.40 available for the destruction of predatory animals, to which was added \$40,000 as per section 1201, chapter 110, page 430 of the 1913 session laws.

"The 1916 taxes when collected will amount to \$10,018.31, making a total of \$22,833.71. Of this amount \$29,200.00 has been expended, leaving \$13,533.45, which will be available about the first of March.

"There is now on file in this office 327 claims, amounting to \$10,457.50, which when paid will leave a balance of \$2,705.95 in this fund.

"Very respectfully,
"H. G. DOGLE,
"State Veterinarian."

MARE ISLAND NAVY YARD

BILL PASSES THE SENATE

WASHINGTON.—The senate today passed the resolution making \$500,000 available for equipping the Mare Island and New York navy yards, and the bill introduced by 300 the entrance class at Annapolis naval academy. The measure passed the house Monday and now goes to President Wilson for his approval.

MONTANA ELK FOR

ROCK CREEK BASIN

Twenty-Five Animals to Arrive in a Few Days—Many Bob White Quail Also Arrive in Twin Falls.

Twenty-five elk will arrive in the city in a few days and will be turned loose in the Rock Creek basin under the general supervision of J. A. Walker, who will see that they find the proper amount of food and that the proper amount of protection is given them. The elk have been brought in by the state fish and game bureau of Idaho, the expense for bringing them being met by voluntary donations from the commercial clubs of Twin Falls, Burley and Oakley. Deputy Game Warden Geo. Fitzsimmons had charge of the work of collecting the necessary funds, about \$150, for the expense of bringing the animals. The elk were brought from Gardner, Montana, and are quite tame. Monday a dozen bob white quail were brought in at the request and expense of the Twin Falls gun club. About three dozen more will be brought.

conduct or permit the conducting, or permit the playing of any game of cards or any game in which playing cards are used, in any place of business, place of amusement, or in any room or place open to the public, within the limits of the said city of Twin Falls, in his, their or its possession or control, without first obtaining from the said city of Twin Falls a license therefor, signed by the mayor of said city, and granted under his direction.

Section 2. The license mentioned in section 1 shall be a monthly license and must be obtained on the first day of each month, provided that when said first day shall fall upon Sunday or a legal holiday, then it shall be obtained on the day following such holiday. When the mayor shall be absent from said city, or for any reason unable to act, the person, firm or corporation desiring such license shall file a written application for such license with the clerk of said city and pay the license fee hereinafter required and such matter shall be held in abeyance until the return of the mayor and until he is able to act, and during the time the mayor is absent or unable to act, there shall be written application is filed as aforesaid, such applicant shall not be charged with a violation of this ordinance, during the absence of the mayor to act, and shall not be so charged until the mayor has refused such license and written such refusal upon such application, and notified the applicant of his refusal.

Section 3. The applicant shall pay a license fee at the time of his application for such license, for each card table or other paraphernalia, per month, upon which may be conducted a continuous game of cards or game played by means of cards.

Section 4. Whenever the person making application for such license is a person convicted of a crime involving moral turpitude, or the reputation of such applicant in the said city of Twin Falls is such that the said mayor shall believe that the applicant will conduct, or permit the conducting of a gambling game or gambling games under such license, either openly or surreptitiously, he shall refuse to issue such license.

Section 5. Any person, firm or corporation, or any officer or agent of the same, or any person having the management or control of any business or place of amusement, or room or other place, who conducts, or who permits the conducting of, or who permits the playing of, any game of cards or any game in which playing cards are used, in any such place, without having a license so to do from the said city of Twin Falls, signed by the mayor of said city, and issued under his direction, shall be guilty of misdemeanor, and upon conviction thereof shall be fined in any sum not exceeding one hundred dollars.

Passed by the City Council this 21st day of February, 1916.

Approved by the Mayor the 21st day of February, 1916.

(SEAL) E. M. SWEETLEY, Mayor.

Attest: REESE M. WILLIAMS, City Clerk.

A repetition of your want ad is often wise when it's important to find the most desirable tenant.

TENSION INCREASES BETWEEN

GERMANY AND U. S.

Washington Hopes for Favorable Reply from Central Powers to Request for Assurances.

WASHINGTON.—Tension is increasing in the situation between the United States and the central powers as the request of the American government for a definite assurance regarding the conduct of submarine warfare.

There was no new developments Sunday, but in view of intimations of Teutonic diplomats and apparently slighted dispatches from Berlin, the situation is becoming more serious. It is possible that the official indication of the attitude of the Berlin foreign office, received Monday or Tuesday in confidential reports from Ambassador Gerard.

Officials still hope that the official advice will not conform with the indications in the press. Dispatches that the German government is unwilling to agree to modifying its declared intention to sink all armed merchant ships of the enemy ships without warning after February 22.

Court Von Bernstorff, German ambassador, who transmitted the views of the United States to his government late Thursday night, probably will have received a reply to his dispatch before the middle of the week. As the position of the United States was explained to the representative of Austria, Baron Zwettnek, only Saturday, Vienna will hardly be heard from for at least a week.

LEGAL PUBLICATION

ORDINANCE NO. 175.

An Ordinance Regulating the Manner of Conducting Certain Places of Business or of Amusement Where Card Games Are Played, and Regulating Such Places to Obtain a Monthly License for the Conducting of Such Games, and Providing for a License Fee Therefor, and for the Penalties for the Conducting or Operation or Playing of Such Games Without a License in the Places Aforesaid.

WHEREAS, There are being conducted certain places of business and amusement wherein gambling is being carried on by means of card games, and

WHEREAS, Such gambling games are being so conducted that it is impossible to obtain evidence thereof, sufficient to convict the parties thereof, and

WHEREAS, It is necessary to regulate such places of business and amusement where card games are played, in order that such gambling games may be eliminated, and to that end to grant the power to the mayor of said city to refuse to issue a license to any person, firm or corporation having a reputation of conducting or permitting such gambling games within their places of business or amusement:

NOW, THEREFORE, To carry out such purposes, it is hereby

ORDAINED by the Mayor and City Council of the said City of Twin Falls, as follows:

Section 1. It shall be unlawful for any person, firm or corporation to

The Careful man knows that Poverty is worse than sickness so he Banks his money.

He does his duty.

"Sickness is bad," but poverty and depending upon "charity" is worse. We can't always prevent sickness, but poverty is nearly always the result of extravagance and waste.

Most men can save part of their earnings from their work or their business without really denying themselves.

When sickness comes don't let it find you without money. Put money in the bank for self-protection.

OLIVERENSIA

"Natural (i. e. animal or sensuous) man is a civilized savage."

"The life of the Godless man or woman is an awful failure for two worlds."

"A crying child is like a good resolution; it should be carried out immediately."

"By their fruits ye shall know them! Did you ever hear of a man baming his boy Nero?"

"The difference between profanity and prayer is as great as between a rank poison and choice food."

"The Kaiser decorated the man who wrote the 'Hymn of Hate'; but the 'Hymn of Hate' spirit is from the Devil, not from God."

"The 'Universal' fatherhood of God and brotherhood of man is not found in the Bible; but is discounted by Christ's 'Ye are of your father, the Devil.'"

"Conquerors are not always heroes. The men who, like Napoleon, climb to power upon a ladder of skulls and dead men's bones will meet a well-earned doom."

"Tom Paine's 'Age of Reason' ridicules the Bible for saying 'one star differeth from another in glory.' Tom Paine evidently was no more competent as an astronomer than an oyster as a watch dog."

"Thomas Edison denies the existence of the human soul. Thomas Edison is a great inventor; but if he had never studied invention any more than he has theology, he never would have evolved a mouse-trap."

"I shall lecture to women only on next Saturday, at two p. m.; to men only next day (Sunday) at same hour. No man will object to his wife attending the woman's meeting unless he is afraid she may find out what sort of a rascal he is."

Local and Personal

A. E. Kloss spent Friday in Buhl.

H. L. Woodleg was in Filer Monday.

H. Raymond spent Sunday in this city.

Mrs. Bracken was up from Filer Friday.

Mrs. Crater of Filer was in the city Monday.

Mrs. Bacon of Buhl, was in this city Saturday.

Mrs. T. Parks was a passenger to Buhl Friday.

Mrs. R. J. Ebersole was up from Filer Saturday.

Dr. J. N. Davis of Kimberly, was in the city Friday.

Frank Johnson of Kimberly, was in the city Friday.

M. J. Morgan of Eden was here on business Saturday.

C. W. Hubbard was in the city from Rogerson Saturday.

Mrs. J. H. Boyle went to Buhl Saturday to visit friends.

Mrs. T. A. Lowe was up from Holter Friday and Saturday.

Attorney J. C. Rogers of Burley, transacted legal business here Friday.

Mr. and Mrs. A. A. Miller were in the city Sunday and Monday from Filer.

Miss Margaret Moore and Miss Pauline Aylworth, were up from Curry Saturday.

Mrs. Ed. Latrod and little daughter went to Buhl Monday to spend a few days with Mr. Latrod.

Joe Fitzsimmons returned Saturday from a trip to Oakley and other points along the line, looking for violators of the game laws.

W. H. Bevercomb of this city enjoyed a visit from his son and daughter-in-law, Mr. and Mrs. A. L. Bevercomb of Filer, and from his father, Charles Bevercomb of Iowa this week.

If You Need Optical Work

you need the best. No matter how many times you have been misfitted I can satisfy you.

I solicit the most difficult cases of refraction.

Dr. Robt. A. Parrott
Specialist in Fitting Glasses

T. C. Macaulay was to Buhl Saturday.

Judge J. J. Shank spent Sunday in Buhl.

C. E. Potter was up from Buhl Monday.

W. O. Brown was up from Eden Saturday.

Mrs. May Bradish was up from Buhl Friday.

H. G. Munyon was in the city from Filer Monday.

W. M. Mower was in the city Friday from Filer.

Miss Dollie Samels was a passenger to Filer Friday.

F. B. Wegener of Clover, spent Friday in this city.

Mrs. Aduequans of Filer was in this city Monday.

Mrs. M. L. Morgan of Buhl, spent Friday in the city.

Miss Edna Roberts was a passenger to Filer Saturday.

F. W. Waldemar was up from Buhl Friday and Saturday.

Mr. and Mrs. H. T. Williams were up from Filer Monday.

William Cunningham was up from Buhl Friday and Saturday.

Attorney A. M. Bowen went to Boise Friday night on legal business.

A. B. Kelly went to Buhl Saturday to spend Sunday with his family.

E. E. Wilkins of Kimberly, was a business visitor to this city Friday.

W. E. McMartin was in Twin Falls on business from Kimberly Saturday.

Mr. and Mrs. O. Sampson and W. G. Sampson were down from Hansen Friday.

Miss Katherine Cairncross went to Buhl Saturday, to spend Sunday with friends.

Mr. and Mrs. J. W. Greene of Rogerson, were in the city Friday and Saturday.

Mrs. Savage and daughter Evelyn, went to Buhl Saturday, to spend Sunday with friends.

Mr. and Mrs. E. B. Kendrick were in the city Sunday visiting the Musser family and attending the revival.

C. B. Flemming went to Filer Monday.

C. K. Costello spent Friday in this city.

Miss Lena Koch was up from Filer Friday.

Mrs. Stauffacher was up from Buhl Monday.

W. F. Edwards was down from Hansen Friday.

N. R. Barnes was over from Kimberly Friday.

Mrs. J. W. Tanner of Filer, was in the city Friday.

Mrs. T. D. Smith of Filer, spent Friday in this city.

Mrs. R. E. Anthis was up from Curry Saturday.

W. W. Powell of Hollister, spent Friday in the city.

J. L. Peters was in the city from Amsterdam Friday.

Commissioner T. E. Moore was up from Filer Saturday.

Mrs. C. H. Taylor of Filer, spent Saturday in the city.

Captain and Mrs. R. T. Harford, were up from Buhl Friday.

Grant King of Kimberly, was in Twin Falls on business Friday.

Misses Welsbrod and Crossland of Buhl, were in the city Saturday.

Medames Jacobs and J. W. Hardin, were over from Kimberly Friday.

Misses Mabel Driskell and Iva Slicker, were in the city from Filer Saturday.

J. L. Biggs was a passenger to Filer Saturday after spending the day in this city.

Mrs. W. A. Austin went to Filer Friday to visit Mrs. A. R. Jacobs, who is quite ill.

Mr. and Mrs. S. P. Atherton returned to Buhl Monday after attending the revival Sunday.

H. J. Lee, H. W. Tucker, C. A. Janne and Rome Adams were in the city from Oakley Saturday.

Rev. George DeStoop, of Montpelier, spent several days in this city last week, the guest of Rev. N. P. Hahn.

P. Morrow and M. Giger were in the city Friday on their way from Blackfoot to visit Hollister friends.

Mrs. E. H. Bartholf, accompanied by her son, came to this city Saturday to visit her daughter, Mrs. W. S. Harrison.

W. H. Bevercomb went to Buhl Monday to look after the Idaho Live Stock barn which he recently purchased.

The Woman's Guild of the Episcopal church will meet with Mrs. Frank at the rectory, Thursday afternoon at 2:30 o'clock.

Dr. Sullivan organized an anti-hog cholera club last week at Detroit, north of Shoshone. Eighty-three members joined the organization.

Those wishing to get in on the portion of Sudan grass, field peas and Dakota alfalfa seed allotted to Congressman Addison T. Smith, will have to get their application in to Washington before March 1.

Bart A. Beck, irrigation director of the United States government here, and R. R. Baird, his assistant, have tendered their resignations in order to accept positions in Canada for the Canadian Pacific. They will be located at Strathmore, Alberta, Don H. Bark, with whom Mr. Beck was formerly connected here in irrigation investigations, is in the employ of the Canadian Pacific at Strathmore, and Mr. Beck will be associated with him there.

FILER HAPPENINGS

(From The Filer Journal)

The ladies of the Filer Women's club held their annual dinner, with their husbands as honor guests, at the Masonic hall Monday evening. Covers were laid for ninety people and the menu served by Kilpatrick, Filer's popular caterer. During dinner the ladies orchestra favored the guests with choice selections. A very interesting program followed. Mrs. Dwight of Twin Falls sang several very beautiful songs. A very interesting feature with Filer audiences, rendered a reading from "The Bishop's Carriage," which was thoroughly enjoyed. Messrs. Schorer, Hapner, Jones and Anderson then favored the audience with a quartette. No commendation need be made of this number as Filer people always depend upon these popular singers when they want something good and are never disappointed. After the quartette Mrs. Olson followed after which, Vic Foss played a violin solo that was truly artistic.

The reception and dance given by the Masons and Eastern Stars last Friday evening was a great success. A person had to be there to really understand what we mean when we say that they had a good time. It was a night indeed for the old timers—men and women who have felt they should stay aside and let the younger generation have the floor, but who enjoyed a brief return to the pleasures of the old square dance, and the participants will not rest until another opportunity presents itself for a renewal. A caterer lunch was served during the evening in the lodge room adjoining the dance hall that everything contributed to the enjoyability of the occasion.

The North League and Young People's class of the Methodist church entertained the Maras League and young people of the town and vicinity at the church Monday evening, Feb. 14th. About one hundred responded to the invitations sent out. The church hall was decorated very elaborately with flowers and ribbons. The games, lunch and entire program for the evening carried out the suggestion of the day—Valentine. The social closing with a Valentine postoffice. The committee were rewarded for their work and effort by the assurance that the entire crowd had spent a most enjoyable evening.

N. A. Jackson of Twin Falls, informs us that he will open his new bakery on Yakima avenue on Sunday, Feb. 26. Mr. Jackson is remodeling the old Blakeley property south of the Filer hotel by installing a plate

FIVE PEOPLE KILLED IN NORTHERN PACIFIC WRECK

North Coast Limited Crashes Into Rear of Burlington Train 17 Miles West of Spokane.

SPOKANE, WASH.—Five persons were killed and three seriously injured Sunday near South Cheney, 17 miles west of Spokane, when Northern Pacific train No. 2, carrying the North Coast Limited, ran into the rear of Northern Pacific-Burlington train No. 42, telescoping an empty day coach that was being "dead-headed" east in train which was standing in front of the station. The accident happened in a dense fog.

All of the dead and injured either were asleep or dressing when the crash came. Two of persons had burials in the car but several had just gone into the dining car ahead and were not injured. The others escaped with minor bruises save Mrs. J. N. Atkins of Spokane, who is suffering from shock.

A special train from Spokane carried nurses and nurses and returned before noon with the victims, the three seriously injured being placed in a hospital.

Bulls' heads, eastbound, were being detoured as sections of S. P. & N. P. over the Spokane, Portland & Seattle railway between Pasco and Marquette, because of fog conditions on the Northern Pacific. The engineer of the Burlington train stopped at South Cheney for orders. C. G. Lude, a brakeman, says he immediately strated back to flag No. 2, which, according to the latest report the Burlington crew had, was one hour and twenty minutes behind the Burlington train at Pasco. When Lude had run a distance of between 50 and 100 feet—passengers estimate the distance at five or six car lengths—he says he saw the headlight of No. 2 beginning to glow through the fog. He lit a lantern and the engineer of the North Coast Limited, applying emergency brakes, could not quite stop his train in time to prevent the smashup.

HIGH SCHOOL NOTES

Time's Special Correspondence.

Dr. Oliver gave a very instructive talk to the assembly last Wednesday morning. He spoke on the subject of making the best of the opportunities which are presented to us, and did it in a very pleasing manner. Miss MacLaren sang two selections, one of which had been composed by Dr. Oliver.

An extra assembly was held during the fifth period last Thursday, and a program of musical numbers was rendered by the band.

The science club has held some very interesting meetings during the past month. The following numbers have been given: "Machinery of the New York Stock Exchange," Mr. Clark; "Development of the Automobile Engine," Russell Weaver. The Electrical Industry in Twin Falls," James Harvey.

A committee has been appointed by the Senior class to look up the matter of class stationery.

The Advance Cooking class entertained the members of the school board and the officers of the Commercial club at dinner last Monday evening. The menu follows:

Cream of Celery Soup—Waters
Tuna Croquettes
Cream of Asparagus in Timbales
Stuffed Potatoes
Parker House Rolls
Apricot Ice
Pineapple Salad
Cheese Carrots
Plain Pudding

Coffee Mints Cigars

Music was furnished by the school orchestra.

The following gentlemen were present: H. W. Wilson, G. E. Bryant, W. E. Nixon, D. F. Clark, D. F. Redman, C. H. Hemphman, James McMillan, L. M. Salada, C. E. Delaney, J. M. Maxwell, Samuel Hart, H. J. Pulling, Thomas Doversy, Harold Sims, R. A. Reed, L. T. Wright, W. H. Edridge and C. E. Dittus. The guests reported an excellent time.

The Agriculture club plan to give a program in the auditorium next Thursday evening.

The students of the German department met the other evening to organize the German language club. It has been affected and the name of the society is "Der Deutsche Verein." The purpose of the club is to promote interest in the study of the German language and to make the student familiar with German customs and conversation. The following officers were elected: President, Heinrich Gausel; Vice president, Helen Roberts; secretary, Mary Pringle; treasurer, Helen Strobeck.

The debate has been postponed until March 17th.

FILER MAN INSANE ON HELICOPTER SENT TO BLACKFOOT

Frederic A. George of Filer, was taken into custody there Saturday by Sheriff F. M. Kendall and Deputy T. D. Conner on complaint of the people of Blackfoot. He was adjudged insane Monday by Judge J. Shank, who ordered him sent to Blackfoot. George was suffering from religious mania and had been in the hospital for some time. He had been in numerous places on which to build temples. He came to Filer in September and worked at odd jobs. He was a very intelligent and a native of Iowa. He is a powerful man, weighing about 200 pounds. He was not inclined to be violent, but he was very irrational that the people thought he should be sent up for treatment at least.

FILES TWO SUITS

The Consolidated Wagon & Machine company Friday filed two suits in the district court: one against Thomas Jaycock & Co. for \$534.84 and costs, and the other against Louis Wagner for \$431.36.

80 acres good land and easily irrigated. 5-room house, stable, cistern and orchard. \$115.00 per acre. Good terms.

THREE OF A KIND

Any kind of a horse will be well shod if we do the shoeing right. We have the shoeing done on the trotter because we have the skill, the experience and the knowledge of horses and their boots. We are on special watch for instances of interfering, overreaching, lameness and pain. With all that, we don't charge any more than some careless, even injurious, work.

FRED MAHNKEN

Pioneer horseshoer and general blacksmith. Opposite Farmer's Corral.

PUBLIC NOTICE OF SCHOOL BOND ELECTION. IN INDEPENDENT SCHOOL DISTRICT NO. 1, OF TWIN FALLS COUNTY, IDAHO.

Public notice is hereby given, according to law, and the requisite action of the board of trustees of Independent School District No. 1, of Twin Falls County, Idaho, that a special school bond election of said district will be held at High School building in said district on Saturday, the 26th day of February, A. D. 1916, between the hours of one o'clock P. M. and five o'clock P. M., at which election there will be submitted to the qualified electors within and from Idaho who are resident freeholders or householders of the district the following question for their vote and determination thereat:

QUESTION SUBMITTED.
Shall the board of trustees of Independent School District No. 1, of Twin Falls County, Idaho, be authorized to issue the negotiable coupon bonds of the district in the amount of \$40,000, bearing interest at the rate of five (5) per centum, and for the purpose of providing for the purchase of school furniture, apparatus and fixtures?

Who said qualified electors, voting as electors, shall vote upon said question by secret ballot whereon shall be written or printed the question above submitted, and said ballot shall contain the words, "Bonds, Yes," or the words, "Bonds, No." The qualified electors desiring to vote in favor of said bond issue shall vote by ballot containing the words, "Bonds, Yes"; and the qualified electors desiring to vote against said bond issue shall vote by ballot containing the words, "Bonds, No."

The polls for the reception of the ballots, upon said question will, on said day and date and at the place aforesaid, be opened at the hour of one o'clock P. M. and will remain open until the hour of five o'clock P. M. of the same day, when they shall be closed.

H. W. WILSON,
Chairman Board of School Trustees,
(School District No. 1).

Attest: G. E. BRYANT, Clerk.

NOTICE FOR PUBLICATION.
Notice is hereby given that I, Roy Malony, plead guilty to the crime of burglary, in the district court of the Fourth Judicial District, in and for the County of Twin Falls, State of Idaho, on the 7th day of July, 1911, and sentenced to the state penitentiary for a term of 1 to 15 years, will make application to the Honorable State Board of Pardons, at its next regular meeting after legal publication of this notice for consideration of sentence to seven (7) years.

ROY MALONEY,
(Signed)
P. O. Box 55, Boise, Idaho.

NOTICE.
Boise, Idaho, February 11th, 1916. Messrs. Warner Bros. Twin Falls, and Messrs. Warner Bros. Boise, Idaho.

Twins Falls, Idaho.

Continued: In answer to your letter of the 8th inst. I have advised you that there is no reason why we cannot have a land sale in Twin Falls county, placing on the market those lands we are leased and thus make it possible for the parties to enter into a permanent contract for water with the Twin Falls Canal Company, therefore I would advise you to have the parties interested, file applications for the sale of the lands they desire. I enclose a few blank applications.

Yours respectfully,
GEO. A. DAVY,
State Land Commissioner,
Twin Falls, Idaho.

February 17th, 1916.

The board of directors of the Twin Falls Canal Company has instructed the president to publish the above letter for the information of parties interested on this tract.

W. O. TAYLOR,
Secretary Twin Falls Canal Company.

—Adv.

NOTICE.
Notice is hereby given, that on November 23rd, 1915, the Twin Falls Canal Company adopted a resolution authorizing the sale of water rights to the owners of school lands, and that any owner of school lands who desires to purchase such rights at \$15.00 per acre must make application to the company prior to November 23, 1916.

TWIN FALLS CANAL COMPANY,
—Adv. By W. O. TAYLOR, Secretary.

ANNOUNCEMENT.
Nineteenth Anniversary of Yeomary.
