

TWICE-A-WEEK

EXPOSURE KILLS A FARMER ON SALMON

Farmer Dies Through Lack of Proper Nourishment

EFFORTS TO REVIVE HIM PERMA-

Told Nurse in Attendance That He Did Not Want to Live—Was Sixty-six

J. B. Beauregard, a settler on the Salmon tract, died Tuesday night at the White Cross hospital in this city as a result of starvation and exposure suffered on his claim near Borger. Mr. Beauregard was reported to have been in poor health and discouraged for some time, and his neighbors have been visiting him and assisting him. Although he had food on the table, which had been brought him by his neighbors, he had become so weak and exhausted that he was unable to help himself to it. They had failed to call on him for several days.

and friends of the national game feel that they will have little trouble in getting up the organization, and with first-class players the gate receipts will take care of themselves.

**CAMPAIGN FOR ACCEPTANCE
CARNEGIE LIBRARY DONATION**
A campaign in favor of the accep

glee library has begun. The library board has accepted the proposed donation, accepted, while the mayor and council are divided on the proposition. Several sites for a public library have been suggested, among others the building of the structure in the center of the city park if the permission of the city can be secured.

GLEE CLUB SUCCEEDS.

A large attendance greeted the University Glee club at the high school auditorium last night and applauded the boys and girls enthusiastically for their many hits and for their splendid singing.

1. *Chlorophyll a* and *Chlorophyll b* were determined by the method of Arar and Collins (1971).

ARTESIAN CITY Natorium.

OPENS TO THE PUBLIC SAT., APRIL 22

NOTHING like it in Southern Idaho--Natural Hot Water, just the right temperature, with a plunge 20x50 feet--well equipped with "change rooms" for men, women and children. Lunch counter and hotel accommodations. Artesian City is a splendid place to spend your leisure hours--plenty of shade, with ideal blue grass grounds for picnic and pleasure parties. Good trout fishing in the streams to the south of the city.

A trip to Artesian is worth your while--it's but a trifle more than an hour's auto ride from Twin Falls, Burley and Oakley. Artesian City is destined to become the "play ground" of Southern Idaho, and a health resort of no small importance. You will be agreeably surprised and you'll be made welcome at Artesian City.

SPEND YOUR WEEKEND AT ARTESIAN

DANCE EVERY WEDNESDAY AND SATURDAY NIGHT

LET "ARTESIAN CITY" BE THE ANSWER TO YOUR DESIRE FOR "SOMETHING TO DO--SOMEWHERE TO GO."

YOU WILL LIKE ARTESIAN CITY

The air is pure--the climate is delightful, and as a health resort it is almost certain to attain renown. In early days Indians suffering from rheumatism, are said to have journeyed miles and miles to avail themselves of the benefits derived from "mud baths" at the springs, which were then undeveloped.

In season there is an abundance of all kinds of fruits at Artesian. Several hundred acres, irrigated by these hot water wells, yield bounteous crops.

You are invited to "see this country," and to drink and bathe in its natural hot water--

A PLEASURE YOU'LL NOT SOON FORGET--COME!

SESSION OF PRESBYTERY AT BURLEY MOST SUCCESSFUL

Reported to Be Best Meeting Ever Held--Buhl Selected as Place for Fall Session.

The spring meeting of the Twin Falls presbytery convened in regular session in the First Presbyterian church of Burley, Idaho, Tuesday, at 7:30 p. m. The evening session had been preceded by a pre-syncretial conference on "Efficiency," at which the speakers were Rev. J. E. Shepherd and J. R. MacGillivray of Twin Falls, John D. Keith of Hollister, M. Van Patten of Buhl, W. S. Young of Eden, C. C. Habbidge of Bellevue and Frank A. Miller of Chicago. This conference was presided over by Rev. J. H. Barton of Boise, synodical superintendent of home missions. The conference will be ineffective in the memory of those present because of the splendid addresses and the spiritual power prevailing upon all. At 6:30 p. m. Tuesday a very hearty and bountiful supper, prepared by the ladies of the church, was spread, and presbyterial attempts--and others gathered and feasted upon the choicest viands. After supper, Professor Rae of the Burley schools acted as toastmaster and Rev. J. F. Shepherd and J. D. Keith made addresses on "Men and the Church" and "Winning Men." Mr. Stenmiller of Burley spoke on "Work in the Local Church." All then went to the church auditorium where Rev. J. F. Shepherd, retiring moderator, conducted the opening service, assisted by Rev. J. D. Keith and Rev. S. E. White. Presbytery then was constituted with prayer, the roll was called, members registered and officers elected, as follows: Moderator for six months, Rev. Wayne S. Snoddy of Burley; temporary clerk, Rev. J. D. Keith of Hollister. The presbytery then adjourned to Wednesday, at 9 a. m. presbytery assembled and was led in its devotions by Rev. J. D. Keith on the theme, "Love and Its Need." Business sessions then began, with Rev. A. M. Van Patten of Buhl as the choice of presbytery for its permanent clerk. At 11 a. m. presbytery elected commissioners to the general assembly, which meets in May at Atlantic City, N. J. Rev. J. E. Shepherd was elected ministerial commissioner, with Rev. W. S. Young alternate. Elder W. W. Youmans of Buhl was elected lay commissioner, with Elder B. F. MacGillivray of Maroon as alternate. Business was dispatched rapidly and orderly and fine reports came up from all the fields, and aggressive, extensive and comprehensive plans were made for the work of the future. Buhl was chosen as the place of meeting of the fall session. Following the finish of business, a resolution of thanks was adopted and the presbytery adjourned to 8 p. m. At 6:30 a banquet supper equal to that of Tuesday was spread. Following it, Rev. W. Youmans acted as toastmaster and addresses were made by Rev. R. M. Donaldson of First church, Boise, and by Rev. M. Van Patten of Buhl. Going to the auditorium, a great sermon was preached by Rev. Dr. Donaldson on "Christ, the Master Builder." He was assisted in the service by Rev. J. F. Shepherd, W. S. Young and A. C. Evans. The presbytery was then called to order, the resolution of thanks was read, and Rev. B. F. MacGillivray, chairman, and, on motion, presbytery adjourned to meet in the Presbyterian church of Gooding on May 12 at 8 p. m., to install the new pastor there, Rev. S. S. White of the presbytery of San Joaquin. A commission was appointed in response to a petition to organize a church near Burley. A committee was appointed to plan and hold a young people's convention in Twin Falls at a day to be named. The enjoyable features of the evening session was, in addition to the ladies' supper, the ladies' quartet, which sang some appropriate selections both Tuesday and Wednesday. All attending left Thursday for their homes.

BIG FLOUR MILL PROPOSED FOR BURLEY

Erection of Five Story Mill With Capacity of Four Hundred Barrels Daily Under Consideration.

BURLEY, Idaho--The Burley Milling & Elevator company is planning on erecting a five-story, four hundred-barrel flour mill in Burley. At a meeting of the Burley Commercial club resolutions were adopted, assuring the milling company of the support and co-operation of Burley citizens. The big mill means a big addition to Burley's present pay roll.

GLEE CLUB OF U. O. I.

TO APPEAR IN TWIN FALLS

One of the coming features of the Idaho Glee club, which is to appear here the latter part of April, is that the boys are all Idaho boys. Not only that, but many of them are from the southern part of the state. This is the fourth trip the club has taken this year, having toured the northern section of the state and eastern Washington on three very successful trips. Twin Falls people will have the opportunity of hearing a very excellent program, including everything from grand opera to the present-day ragtime.

Judges' special mention which might be given a number of others of the group, Miss Evelyn Cox is especially capable as a soprano. Her voice of remarkable finish for an amateur, possesses unusual range and shows dramatic possibilities. Harry Hawley, leader, in his interpretation of Kipling's "Gunga Din," and Raymond Pittenger, violinist, are both very capable, each in their separate departments, while the club is most successful with Tacoma's "Exultation" and a picked quartet expected to best advantage in snappy feature selection.

ALWAYS in the market for good alfalfa hay, baled. John Finko, Phone 708-W.

GAS ATTACK SEEN FROM AEROPLANE

This remarkable picture, taken by a Russian airplane, illustrates the start of a gas attack in the camera war zone, the poisoned cloud rolling before a westerly wind towards the Russian lines after being released from the gas cylinders operated by the Germans in the center of the picture. On the right are three lines of German troops awaiting the moment to advance, their lengthening shadows showing that the sun is nearly setting.

FAMOUS AUTHOR LAUDS TWIN FALLS SCENERY

Mayor Sweeley Declares That His Observations Would Lose Much If Printed.

"It does a man good to show the Twin Falls country to a man like Olo Reid, who can appreciate it," said Mayor Sweeley, on his return to the city Monday evening from a trip with the noted lecturer to Shoshone Falls, Blue Lakes and other beauty spots around this city. "It is not possible to quote him, because there is more in the way that he says things, than in the words themselves and his comments on the scenery as he went along would lose much of their value and force if appearing in cold type. He is so thoroughly appreciative of things that are worth while and takes such a profound interest in them that it is a pleasure every minute to be with him, and if what he said as he went along could be so published as to convey to readers the meaning which he put into it, it would make a story of the greatest interest."

Mr. Reid arrived on the noon train and spent all the afternoon with Mr. Sweeley, enjoying the great scenery around the city, before delivering his lecture in the Redpath course.

TECHNICAL INSTITUTE GIVES TWIN FALLS HARBOR TREAT

On Friday evening at the high school, the students of the conservatory of music of the Idaho Technical Institute of Pocatello, under the direction of Prof. R. C. Blatz, presented an excellent musical program. This was one of the many programs which have been given in the state by the company who are touring this section, and are for the purpose of furthering the interests of music in Idaho.

A small but appreciative crowd were in attendance. The program was as follows: Violin, "Scene de Ballet"--A. Doriot. Vocal, (a) "Why April Weeps"--Woodman. (b) "For-Get-Me-Not"--Woodman. Piano, (a) "Nocturne"--McDowell.

PACKED SNOW MELTING SLOWLY ON MOUNTAINS

Abundant and Well-Sustained Flow of Water for Irrigation Purposes Is Looked For.

The snowfall bulletin for March issued by Section Director Edward L. Wells of the weather bureau, climatological service, shows that the elevated regions of Idaho are covered with almost double the normal amount of snow, exceeding by one-third the greatest amount ever recorded for the month of November, December, January, February and March.

The bulletin states: While the snowfall during March was considerably lighter than during the three months preceding, it was above normal particularly at the higher levels, and was heaviest recorded in March in the past nine years. This snowfall, added to the large amounts that fell in November, December, January and February, make a total that is almost double the normal amount for the five-month period, and exceeds by one-third the greatest amount ever recorded in a similar period before. There was rapid melting at the lower levels during the month, and even at the higher levels the depth decreased somewhat, but in the latter case the decrease in depth was more due to settling than to actual losses. Streams have carried a good flow, but there has been no excessively high water, and it is believed that most of the water has come from points of moderate elevation.

The soil, which was unusually dry at the beginning of winter, has remained unfrozen under the snow, and has absorbed large quantities of water, and is now believed to be well filled. The snow supply now remaining in above normal over practically the entire state, including those sections where it was deficient earlier in the season. The excess is apparently greatest in the central and southwestern portions. The snow is compact, with a high water content, and is drifted more than usual, while slides have been relatively infrequent.

Cottolene

"The Natural Shortening"

Until Cottolene was offered, people thought--and rightly--that most fried foods were greasy, indigestible and unhealthful. But Cottolene was quickly found to be a frying aid which actually made foods better tasting and better to eat.

None of the good flavor of the food is allowed to escape; the cooking process is rightly finished and the digestibility of the food is retained along with tempting taste.

It is this natural quality of Cottolene which also makes it so superior for pies, pastry, biscuits, cakes and all shortened foods.

Try Cottolene--order a small pail from your grocer. Then arrange with him for a regular supply.

Write to our General Offices, Chicago, for a free copy of our real cook book "HOME HELPS."

THE R. F. FAIRBANK COMPANY

"Cottolene makes good cooking better"

KIMBERLY CHEMICAL PROVES EFFECTIVE

Two Fires Speedily Extinguished—Many Other Items of Interest From Town East.

Memories of the destructive fire here last winter, when the Bank of Kimberly building was destroyed, were recalled Monday of this week when the cry of fire rang out in the village—we mean the country. It was discovered that there was a fire at the alfalfa mill, and the chemical engine was at once attached to an automobile and taken to the mill. The roof was found to be on fire, and as the freight train had just come in from the east, it was assumed that sparks from the engine had caused the fire. The roof is corrugated iron, and this had become covered with chaff, which would easily catch fire. The iron had become so hot that the sheeting and rafters underneath had caught and in a short time the entire building would have been in flames. Owing to the height of the fire, it would have been practically impossible to have done anything with a bucket brigade. Shortly after the chemical was brought to bear on the fire it was out and another disastrous blaze averted. Chief Atkinson will soon organize the two fire companies, and as soon as the other chemical arrives active practice will begin.

The Blon art exhibit, which was held at the school auditorium proved a very successful affair, both educationally and financially. A large attendance was present at each session.

SOCIETY NOTES

Society items for this column will be gladly received by the Times. Phone 126-W. The Society Editor.

The members of the P. E. O. society met with Mrs. L. A. Warner Monday of last week.

Master Billy Nixon will entertain his young friends with a birthday party Saturday afternoon.

The Kappa Delta Sigma sorority will entertain with a "Kiddo" dance Monday evening, April 24, in Moore hall.

This usual meeting of the Priscilla Sewing club was held at the home of Mrs. Harlman, Thursday, April 13. Mrs. Van Meter and Mrs. Kalland were guests of the afternoon. At five o'clock a light luncheon was enjoyed.

The Shamrock club met last Thursday afternoon, April 13, at the home of Mrs. Henry Richards. After the usual monthly business meeting, called to order by the president, the remainder of the afternoon was spent socially and dainty refreshments were served at the close.

The regular meeting of the Mother's Surplus club was held at the home of Mrs. King, on Wednesday. As several of the members were unable to attend the regular program was omitted and a social time was enjoyed. A delicious luncheon was served by the hostess, Mrs. Pix and Mrs. McKinstry were guests of the club.

A most enjoyable session of the Blue Licks Boulevard club was held over what Mrs. Patton presided last Friday afternoon. A rendering by Miss Smith was enjoyed and the rest of the meeting was devoted to conversation and plans for the farmers' dinner. Mrs. Patton served a dainty two-course luncheon after the meeting. Most of the members were present.

The Wagonhouse club, which did not meet during the revival meetings, held its first meeting at the home of Mrs. A. H. Ostrander last Wednesday. Miss Babcock of Illinois, who is a guest of relatives here, and Mrs. C. Train, were guests. The afternoon was spent pleasantly with sewing. Later a dainty luncheon was served.

The ladies of the Twentieth Century club are looking forward to their annual breakfast, which will be given this year on Friday, April 28, in the Odd Fellows' hall. The affair will be a banquet instead of a breakfast, and the guests will include the gentlemen. Over 200 guests are expected. Mrs. Cankley, who had such a splendid capability for the summer, will have charge of the decorations and Mrs. Nixon will be toast mistress.

On Saturday evening Miss Carmen Cox entertained a number of guests with a theatre party at the Idaho home of her guest, Miss Jesse Joyce of Chicago. After the show the guests went to the Cox home where a most enjoyable evening was spent. Supper was served at two tables. These were beautifully decorated with crystal baskets filled with yellow and white roses. Each basket was tied with yellow tulle. Toy chickens and rabbits were placed here and there on the cloth. Each place was marked by a basket of candy—Easter eggs. Music concluded the evening. The guests were Misses Hart, Berger, Evans, Joyce, Cox, Putnam; Messrs. Wallington, Givnor, Eppler, Shaffer, Des Russes and Graves.

A splendid finale to a year filled with good programs for the Twentieth Century club was that under the supervision of Mrs. S. T. Murphy Tuesday afternoon and which friends as well as members enjoyed. Unfading business occurred in a very small part of the time, among which was the decision to hold the breakfast in the parish hall on the evening of the 23rd, as the present meeting place is too small to accommodate the number who desire to attend. Tickets will be sold for members until Wednesday morning, when those remaining unsold will be disposed of to friends of the club. The committee requested members to purchase their tickets at once. A rehearsal of the two songs which will be sung at the breakfast will take place next Tuesday afternoon at 3 o'clock at Odd Fellows' hall when every member is urged to be present.

The president called attention to the play which will be given on May 8th for the club. It is John Drew's famous play, "Butterflies," and, with Mr. Olsen as director, the cast is making splendid progress.

Mrs. Murphy opened her program by announcing a solo by Miss Fannie Hart, whom the audience had an opportunity of hearing for the first time since her return from the south, where she received lessons in vocal culture. Improvement was made, and all were so delighted with her singing that they insisted on an encore. Miss Vesta Thomas was her accompanist. Miss Hungate gave the second number, a reading, and by her splendid rendition won her audience whose applause called for another treat, which was in negro dialect. Then came two musical numbers by Mrs. Regan at the flute, Miss Ila Shurtliff violin, and Mrs. A. N. Shurtliff cello. The harmony was faultless and so sweet that a third selection was demanded.

Much amusement was occasioned when the characters in the operetta, "The Methodical Music Master," appeared, as follows: Music Master, Mrs. W. H. Dwight; Mr. Henderson, Mrs. B. T. Murphy; Mrs. Henderson, Miss Pauline Fildes; Helen Henderson, Mrs. Iva Brown. The music is especially appropriate and the harmony very pleasing. The parts were well taken and afforded much enjoyment for their audience and praise for those whose efforts made it such a success. The committee, headed by Mrs. Stetler and Mrs. Smith, served refreshments at the close of the program and later the departments gathered for organization.

MURTAUGH NEWS.

Times' Special Correspondence.

Mrs. Bob Webb has been suffering from quinsy, but since Dr. Caldwell of Twin Falls removed her tonsils last week, she is now much improved.

Bert Drury sold his ranch to H. Randall of Artesian City and left Thursday night for Salt Lake with his family and will put his wife, who is very ill, in a Salt Lake hospital.

Mr. Reed and daughter, Miss Blodgett, and Mr. Dean of Twin Falls, called at the Hunt home Sunday.

Grandpa Johnson, who has been visiting for the past year in Colorado, called on friends and neighbors last week. He expects to move back here about April 14th.

Mrs. D. A. Rasmussen, Fred Wacht and Lew Rasmussen, went to Hurley Saturday to take the postal examination.

Mrs. Hatanaker spent Sunday in Twin Falls.

Mrs. Roberts spent Sunday in Burley.

Bob and wife spent Saturday and Sunday in Burley with the father's parents.

Elmer's examination were given here the last of the week to students of Artesian.

Miss Ila Johnson spent last week in Twin Falls. While there she had her tonsils removed by Dr. Morgan.

Mrs. Kendall, Mrs. Chamer and son Louis, were in Twin Falls Saturday.

Raymond Peck is very ill with pleurisy and has been in the hospital.

Mrs. Bane was taken seriously ill Saturday with appendicitis. It being the third attack, she was taken to Twin Falls Monday.

Fred Weatherly left for Hurley Sunday, where he has a position.

Mr. and Mrs. Hatanaker are moving their household goods from Twin Falls. They will live in the hotel.

A band election will be held at the Hunt home Sunday, April 17th.

E. D. Hunt has been quite sick with a gripe.

Mrs. Leona Boyd and sister, Mrs. Gladie Boyd, were in Twin Falls Monday, returning here Tuesday morning.

Mr. and Mrs. Joel Cox moved to Kimberly Friday, where they will live with a daughter.

Rafael Hunsaker has sold his farm to Mr. Taylor.

Miss B. B. Boley has returned from Ogden, where she has been visiting for the past month.

Miss Wilkinson of Artesian City, is staying with Mrs. Boley, and learning to be a telephone operator.

Messrs. and Mesdames Hunt, Kendall, Chamer, Davis, Jensen, Whitte, Knutson, Applebaum, Hens, Iley, Johnson, Hall and Foley; Mrs. Williams, Miss Blanche Horvack, Roy Hunt, Ilen Miller, Arthur Williams, Carroll True, Bob Kendall, Ed Han-

sen and West, attended the birth of a son in Twin Falls last week.

Mrs. Andy Carlson returned to Boise Wednesday after a couple days' visit with her sister, Mrs. Kendall.

Mrs. N. O. Hall and daughter Irene, of Pocatello, spent the week-end with friends and relatives. They will later move to Twin Falls.

The Ladies Aid met at the home of Miss Getzback Hall Thursday.

Rev. Pemberton preached at the Artesian City school house Sunday afternoon.

requests at the office, where every effort will be made to furnish such help.

COURT DECIDES MRS. HARRIMAN IS EXEMPT FROM TAXATION

State of Idaho Cannot Collect Transfer Tax From Widow of the Late Railroad Magnate.

BOISE—In a decision recently handed down, the supreme court quashed the alternate writ of mandamus issued in the test case of the state of Idaho ex rel Joseph H. Peterson, attorney general, versus R. H. Dunlap, probate judge of Ada county, Mary Harriman, widow of the late E. H. Harriman, and

the Oregon Short Line Railway company. The case was dispensed by the order of Idaho's supreme tribunal and what is the final chapter in the Harriman transfer tax case. The Harrimans have been written with victory on the side of the widow of the late railroad king and the Oregon Short Line railroad. Because of alleged transfer of interest in the Oregon Short Line railroad to her, prior to Mr. Harriman's death, the state of Idaho sought to force collection of an inheritance tax from the widow. Her defense was that she had only inherited stocks and bonds of the Union Pacific railroad which is not under Idaho jurisdiction. The state held such stocks and bonds constituted an interest in the Oregon Short Line railroad, a part of the Union Pacific system. The adverse decision of the supreme court of the state's contention is of far-reaching importance because it not only closes the Harriman case, but will, it is said, stop collection of transfer tax in other cases involving large estates.

HIGH SCHOOL NOTES.

In the annual interschool track meet held last Friday, the Junior class won by a total score of fifty-six points with the Seniors a close second.

Due to the extra-large size of the day, no very fast records were made, although the crowd witnessed some very pretty runs. McCracken was the star of the day, scoring twenty-five points while Evans took three firsts in the weights. Howe made good runs on the mile and half, while Shirk and Bigger took a number of place, though they did not show their usual form on the season is yet early.

Later in the afternoon, the local high school baseball team defeated the Pioneer to the tune of eleven to one, the one being given as encouragement. The team as a whole played excellent ball and promise to develop into a good bunch of ball players, under the coaching of Mr. Laurensen. Fix and McCracken in the pitcher's box had the other slingers entirely out of each inning a large number. The Twin Falls team starred by their heavy hitting, half the men batted twice during the first innings. Carlos Linnville, catcher and captain, knocked two three baggers, one of them being the first fair ball pitched. Fix also clouted the ball for three safes.

The declamatory contest to decide the state championship will be held in the high school auditorium next Friday night. Miss Mildred Conway will represent this city with her selection "Haggar." She has been practicing steadily and has an excellent chance to win.

When John A. prominent automobile man of this city, will deliver a series of lectures to the boys of the science club commencing next Monday evening.

Highest market price paid for hater alfalfa has the year round. John Finkle, Twin Falls, Idaho. Telephone 708-W.

Times want ads bring results.

CITY WILL OPPOSE COMMISSION DICTATION

Refuses to Comply With Request From Public Utilities Commission Regarding Rates.

That the city of Twin Falls will not be dictated to in the management of its waterworks system by the public utilities commission, unless compelled to do so by order of the supreme court, is the attitude assumed by the city government, and last night a resolution was passed in response to certain requests of the commission to the effect that the city plant was not in the opinion of the city under the control of that body. This information will be conveyed to the commission at once by Attorney George Herriott. The resolution was diplomatically worded and simply stated that the jurisdiction of the commission was not extended to the resolution which the public utilities commission asked the city to adopt was to the effect that the water rates in the city were not under the control of the city. This, as a matter of fact, had already been done at a meeting, but the mayor and council, under the advice of the city attorney, decided it better to take a definite stand and let the commission know what it intended to do. This is in a similar condition, the commission having advanced a schedule of rates in force for the municipal plant on filed with the commission, and the demand was refused by the city. The city attorney, Mr. Herriott, said that he had not examined the material which the commission gave a formal opinion on it, but Mayor Sweeney declared himself quite convinced that the city had the right to decline, saying that the law does not in terms grant such right to the commission. The city attorney, in making known the wishes of the council, will request the commission for authorities on which it bases its claim to dictate terms to the city in the conduct of its municipal affairs.

A conference will be held with Bail and an effort made to determine what the law is, once and for all. The council also decided to present an offer from a member of the commission to assist in the taking over of the waterworks business. Councilman Hobler, during the discussion of the subject suggested that they had at one time asked the assistance of the commission, to which Mayor Sweeney replied that they had not received such assistance, as the commission had gathered data on which to make a finding and had not done it, but now wanted to dictate, when the work was done.

TALKS ON THRIFT TALKS ON BANKING.

HOW THE BANK "MAKES" MONEY. It would seem that after the bank takes your money, practices it, pays it back on demand or as you order, lends you money, discounts your neighbor's note for you, it would have nothing else to offer in your behalf. But it has—it "makes" money for you, and incidentally makes money for itself.

When you see the president or the cashier of a bank signing his name to a row of four crisp new bills (they always come in sheets of four) you may wonder what he is doing and what is behind it all. We will show you by a simple illustration. Let us suppose you want to borrow a thousand dollars and offer your note to your banker. He knows you, knows that you will pay, and wants to accommodate you. He looks at his books and says: "I can't spare the money. The law says I must have 15 cents out of every dollar I owe my depositors in cash, or where I can get it on demand; and I have just what the law requires. If I give you credit for the note and let you check against it, I increase my debts and make my condition worse, for if I do not pay you in cash I must stand ready to do so."

Being a resourceful banker, and knowing how, he asks you to wait a minute while he goes to his strong box. He finds a government bond which he bought a year ago when he had plenty of money, for cash, and comes back smiling and says: "Very well, in three days you can have your money. I will turn this bond into bank notes for you." So he sends the bond to Washington, and in return the government sends him 100 crisp new \$5 bills, to be signed by two officers of the bank, out and handed out to you.

The government keeps the bond as security that he will redeem the notes in "lawful money" on demand—that is, pay greenbacks or gold for them if demanded (but this is seldom done), pays him interest on the bond and you pay him interest on your note for the use of his notes, and both are satisfied.

You see, by this proposition he has turned your note into bank notes, with himself behind it and the government behind him. Your promise wouldn't go very far from home, these promises will. Everybody knows them. They are "money" and circulate as such.

Now, what has the banker done by this process? He has furnished the community as well as you a well-circulating medium, handy to carry, cheap to create, and satisfactory to all. He has taken your credit and turned it into bank credit. He makes money and you take the money he has made and make some money for yourself. It is a very simple proposition, understood by few, but practiced by many. If you don't fully understand it, ask your banker to tell you more about it. The future of banking, however, is performed in this country only by banks under control of the federal government, namely, the national banks (also federal reserve banks), but it is a common banking practice the world over, differing in form but not in substance, it being a universal function of the bank to turn credit which is known and will therefore be freely taken, and bank note credit is the most common and useful form.

CLARK NEWS.

Times' Special Correspondence.

The Young Men's Bible class of the Baptist Sunday school was entertained last Tuesday evening, at the home of Leslie Martin. After the business part of the meeting a special time was enjoyed by the members present, who were: Lawrence, Lionel Dean, Clarence Hiltcock, Clarence Dewitt, Mrs. Hiltcock and Miss Scott, instructor. A number of the class members were unable to come.

D. F. Clark has been on the sick list for the last few days but at this writing is much improved.

F. T. Brown, Irvin Brown, Mr. Vossberg, Battle Brown and Marion Hertz, married to the Salmon dam Sunday, passing through Twin Falls, Godwin, Berger, Hollister, Amsterdam and Hogenson, returning by way of Clover, Piller and Carry.

Dr. Morgan of Twin Falls, visited patients in this neighborhood on Monday.

Mr. and Mrs. Nicholson and their daughter Wilhelmina, were shoppers in Twin Falls last Saturday.

The long chain of Greek cook cars which have been stationed here for the last month, has been moved to the sugar factory.

Irvin Brown of Minneapolis, who has been visiting here with relatives for the past two weeks returned to Minnesota Tuesday. Mr. Brown is quite favorably impressed with the town and is thinking of returning and taking up farming here in the near future.

John Kralic, a cropper of Twin Falls, was a business caller here last week. G. A. Baker was transacting business in the city the other day.

It is surprising how rapidly the work on the sugar factory is progressing. The one hundred workmen are busy putting into place the pieces of machinery and within a short time their number is in all probability going to be swelled to about three hundred.

Before going east for the summer, Mrs. Overfield, mother of Charles Overfield, of this city, is visiting with relatives here until about the first of May.

Mrs. Leedom and little daughter were in Twin Falls last week.

IRADICK, standard-bred stallion (No. 6768), and Dm's Imp, Belgian stallion (No. 6307), will make the season at my place, two miles south, south-end of Shoshone street, and Saturdays at Johnston & Conner stn. \$5 single, \$10 season, cash, or note for \$12.50 without interest if paid when due, or 8 per cent if not paid when due, October 1st. W. J. Connolly, manager.—Adv.

We are a very Human Outfit.

It follows that we rather enjoy the sensation which accompanies these days as our employees commence to find out that we are making good in our efforts to be more serviceable.

We started a couple of years ago in this direction, and we are going a little faster every day.

Our big boss, the public, is showing approval in a very substantial way. Our office is becoming headquarters for building ideas and suggestions. Our service is yours, any minute you ask for it.

GEM STATE LUMBER CO.

H. L. AUSTIN, Manager,
Twin Falls, Idaho.

Consistency

YOU want a motor car that will serve you consistently. You want to know that your car can be relied upon day in and day out. You want high mileage per gallon of gasoline and freedom from repairs and readjustments. And you want these things, not occasionally, but continuously—day after day.

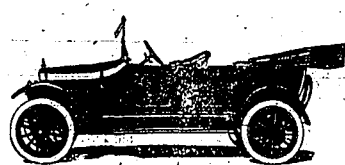

On these qualities the Maxwell has made good. It has proved its worth. When the Maxwell stock touring car set the World's Motor Non-Stop Mileage Record a short time ago it traveled for 44 consecutive days and nights and its performance was consistent.

It went about 500 miles each and every day. It went within a small fraction of 22 miles to every gallon of gasoline. It went the whole distance of 22,000 miles—probably further than you would travel in two years—without any repairs or readjustments. Every one of eight tires (two sets) went just about 9,800 miles and the others finished in good shape. For consistency and reliability this record far exceeds anything we ever heard of.

You can get a Maxwell, an exact duplicate of the record breaking stock car and if you order now you'll have it for the fine, early summer days. Don't put it off, as we can't get any guarantee on future shipments from the factory.

Phone us for demonstration TODAY.

FACTS

About the KING EIGHT'S

Performance on the
Demonstrating Hill in Rock
Creek Canyon

It's Performane Not Beaten

AT THE HILL demonstration held in Rock Creek canyon Saturday, April 8th, the KING EIGHT was the only car that pulled over the hill with seven passengers WITHOUT STOPPING.

It was also the only car that pulled over the hill on intermediate gear.

The marvelous power and performance of the KING EIGHT was plainly apparent to all who viewed the contest.

The KING EIGHT pulled over the same hill with seven passengers with only a 74-foot start.

NOTE THIS

By ACTUAL MEASUREMENT it has been found to be but 175 feet from the foot of the hill to the bank of the creek. An advertisement of a rival car stated last week that the KING took a 250-foot run.

We know of no stock car that is a better all around performer than the KING EIGHT.

Notice of Annual Meeting of Stockholders of Twin Falls-Shoshone Canal Company.

Notice is hereby given that the annual meeting of the stockholders of the Twin Falls-Shoshone Canal Company, will be held at the office of the Board and the officers of the Company in Twin Falls, Idaho, on the 1st day of May, 1916, at 10 o'clock A. M., for the purpose of electing directors and transacting any and all other business that may properly come before the meeting, including the approval and ratification of the proceedings of the Board and the action of the Officers of the Company since the last Annual meeting, considering amendments or modifications of the by-laws or the adoption of new by-laws, and generally for the purpose of considering the affairs of the company and taking any action competent for stockholders to take with respect thereto at an annual meeting of the stockholders.

By order of the Board of Directors, dated this 6th day of April, 1916.
W. H. LONG, President.
Attent: F. R. LANDUS, Secretary.

(SPECIAL)
SPECIAL ORDINANCE NO. 153.
An ordinance declaring the intention of the City of Twin Falls to acquire certain streets and avenues and parts of streets and avenues within the said city, the expense thereof to be paid by assessments to be levied against the adjoining contiguous and tributary property, to establish for that purpose Local Improvement District No. 24 in said City, Idaho, and the time when protest will be received against the making of the said improvement.

Section 1. The City of Twin Falls, Idaho, does hereby declare its intention to acquire certain streets and avenues and parts of streets and avenues in said City, as hereinafter specified, and for that purpose to create and establish in said City Local Improvement District No. 24.

Said streets and avenues and parts of streets and avenues to be sprinkled, as aforesaid, are as follows: Addition avenue from the intersection of Main avenue North and Gen Street to a point where north and south line between Lots Twenty-three (23) and Twenty-four (24) in the DeLong Addition, extended, would cross said Addition Avenue.

Third Street West between Fourth and Fifth Avenues West.
Sixth Street South between Main Avenue South and Second Avenue South.

Fair Avenue between 2nd and 4th Avenues West.
Section 2. Said district is to include all of the lots and lands fronting or abutting on, contiguous and tributary to, said streets and avenues and parts of streets and avenues to be sprinkled, as hereinbefore named, and extending to the distance back from the said street or avenue, if platted in blocks, to the center of the block; if platted in lots, only to the center of lots; and if not platted to the distance of one hundred and twenty-five feet.

Section 3. The general character of the said improvement shall be the sprinkling with water of the roadway of the streets and avenues and parts of streets and avenues and portions of streets and avenues as hereinbefore named, during the fiscal year 1916—when and in such manner as shall be required to lay and keep down the dust on such streets and avenues and parts of streets and avenues.

Section 4. The cost and expense of the said improvement is to be assessed upon all the lots and lands in the said district; each lot and parcel of land therein being separately assessed for the full expense of said improvement, in proportion to the number of feet of each respective lot and parcel of land fronting and abutting on said streets and avenues and in proportion to the benefits derived to the said property by reason of the said improvement; Provided, that the cost of such improvement in the space formed by the junction of two or more streets, or wherein one main street terminates in or crosses another main street, shall be paid by the City of Twin Falls.

Section 5. The total cost of making the said improvement, according to the estimate of the Street Commissioner, is the sum of \$152.50, divided as follows:
Street frontage, \$147.50.
Intersections, \$5.00.

Section 6. The 2nd day of May, 1916, at eight o'clock p. m., is hereby designated as the date on which the Mayor and Council of the said City will receive and entertain protests against the making of the said improvement, and all persons affected by such improvement are hereby notified to file their objections in writing with the City Clerk on or before the said time.

Passed by the Council of the said City of Twin Falls, this 17th day of April, 1916.
Approved by the Mayor of the said City of Twin Falls, this 17th day of April, 1916.
E. M. SWEETLEY, Mayor.
Attest: REESE M. WILLIAMS, City Clerk.

of the said improvement shall be the sprinkling with water of the roadway of the streets and avenues and parts of streets and avenues as hereinbefore named, during the fiscal year 1916—when and in such manner as shall be required to lay and keep down the dust on such streets and avenues and parts of streets and avenues.

Section 4. The cost and expense of the said improvement is to be assessed upon all the lots and lands in the said district; each lot and parcel of land therein being separately assessed for the full expense of said improvement, in proportion to the number of feet of each respective lot and parcel of land fronting and abutting on said streets and avenues and in proportion to the benefits derived to the said property by reason of the said improvement; Provided, that the cost of such improvement in the space formed by the junction of two or more streets, or wherein one main street terminates in or crosses another main street, shall be paid by the City of Twin Falls.

Section 5. The total cost of making the said improvement, according to the estimate of the Street Commissioner, is the sum of \$152.50, divided as follows:

Fair Avenue between 2nd and 4th Avenues West.
Section 2. Said district is to include all of the lots and lands fronting or abutting on, contiguous and tributary to, said streets and avenues and parts of streets and avenues to be sprinkled, as hereinbefore named, and extending to the distance back from the said street or avenue, if platted in blocks, to the center of the block; if platted in lots, only to the center of lots; and if not platted to the distance of one hundred and twenty-five feet.

Section 3. The general character of the said improvement shall be the sprinkling with water of the roadway of the streets and avenues and parts of streets and avenues as hereinbefore named, during the fiscal year 1916—when and in such manner as shall be required to lay and keep down the dust on such streets and avenues and parts of streets and avenues.

Section 4. The cost and expense of the said improvement is to be assessed upon all the lots and lands in the said district; each lot and parcel of land therein being separately assessed for the full expense of said improvement, in proportion to the number of feet of each respective lot and parcel of land fronting and abutting on said streets and avenues and in proportion to the benefits derived to the said property by reason of the said improvement; Provided, that the cost of such improvement in the space formed by the junction of two or more streets, or wherein one main street terminates in or crosses another main street, shall be paid by the City of Twin Falls.

Section 5. The total cost of making the said improvement, according to the estimate of the Street Commissioner, is the sum of \$152.50, divided as follows:
Street frontage, \$147.50.
Intersections, \$5.00.

Section 6. The 2nd day of May, 1916, at eight o'clock p. m., is hereby designated as the date on which the Mayor and Council of the said City will receive and entertain protests against the making of the said improvement, and all persons affected by such improvement are hereby notified to file their objections in writing with the City Clerk on or before the said time.

Passed by the Council of the said City of Twin Falls, this 17th day of April, 1916.
Approved by the Mayor of the said City of Twin Falls, this 17th day of April, 1916.
E. M. SWEETLEY, Mayor.
Attest: REESE M. WILLIAMS, City Clerk.

SPECIAL ORDINANCE, NO. 18.

An ordinance declaring the intention of the City of Twin Falls to sprinkle certain streets and avenues and parts of streets and avenues within the said City, the expense thereof to be paid by assessments to be levied against the abutting adjacent contiguous and tributary property, to establish for that purpose Local Improvement District No. 24 in said City, and fixing the time when protests against the making of the said improvement.

Be it resolved by the Mayor and Council of the City of Twin Falls, Idaho:

Section 1. The City of Twin Falls, Idaho, does hereby declare its intention to sprinkle with water the roadway, certain streets and avenues and parts of streets and avenues in said City, as hereinafter specified, and for that purpose to create and establish in said City Local Improvement District No. 24.

Said streets and avenues and parts of streets and avenues to be sprinkled are as follows:

Addison Avenue from the intersection of Main Avenue North and Gem Street to a point where north and south line between Lots Twenty-three (23) and Twenty-four (24) in the DeLong Addition, extended, would cross said Addison Avenue.

Third Street West between Fourth and Fifth Avenues West.

Sixth Street South between Main Avenue South and Second Avenue South.

Fair Avenue between Blue Lakes Boulevard and Dewey Street.

Section 2. Said district is to include all of the lots and lands fronting on, abutting on, contiguous and tributary to, said streets and avenues and parts of streets and avenues to be sprinkled, as hereinafter named, and extending to the distance back from the said street or avenue, if platted in blocks, to the center of the block; if platted in lots, only to the center of lots; and, if not platted, to the distance of one hundred and twenty-five feet.

Section 3. The general character

of the said improvement shall be the sprinkling with water of the roadway of the streets and avenues and parts of streets and avenues as hereinbefore named, during the fiscal year 1916, when and in such manner as shall be required to lay and keep down the dust on such streets and avenues and parts of streets and avenues.

Section 4. The cost and expense of the said improvement is to be assessed upon all the lots and lands in the said district, each lot and parcel of land therein being separately assessed for the full expense of said improvement in proportion to the number of feet of each respective lot and parcel of land fronting and abutting on said streets and avenues and parts of streets and avenues and in proportion to the benefits derived to the said property by reason of the said improvement; Provided, that the cost of such improvement in the space formed by the junction of two or more streets, or wherein one main street terminates in or crosses another main street, shall be paid by the City of Twin Falls.

Section 5. The total cost of making the said improvement, according to the estimate of the Street Commissioner, is the sum of \$162.50, divided as follows:

Street frontage, \$147.50.

Intersections, \$15.00.

Section 6. The 2nd day of May, 1916, at eight o'clock p. m., is hereby designated as the date on which the Mayor and Council of the said City will receive and entertain protests against the making of the said improvement, and all persons affected by such improvement are hereby notified to file their objections in writing with the City Clerk on or before the said date.

Passed by the Council of the said City of Twin Falls, this 17th day of April, 1916.

Approved by the Mayor of the said City of Twin Falls, this 17th day of April, 1916.

(Seal) E. M. SWEETLEY, Mayor.

Attest: REESE M. WILLIAMS, City Clerk.

PRINCE JOACHIM AND HIS BRIDE-TO-BE

The wedding of Prince Joachim, the youngest son of the ruler, to Princess Marie Auguste of Anhalt will take place at Potsdam, Germany, on March 11. Princess Marie, whose photograph is shown at the left, is a favorite of the court. Prince Joachim has actively followed all moves of the war on the eastern front, where it was reported he was wounded. He is shown in the photograph at the right, seated directly behind the driver. He was about to make a tour of inspection of the snow-covered lines in Poland in a motor sled.

In witness whereof, I have hereunto set my hand and the seal of my office this 21st day of April, 1916.

(Seal.) E. J. FINCH, Clerk of the District Court.

LONGLEY AND WALTERS, Attorneys for Plaintiff, residing at Twin Falls, Idaho.

TEUTONS FIGHT DESPITE DEFEATS

Big Offensive Movements Cause Heavy Losses—Gains Small.

FIVE DIVISIONS EMPLOYED BY GERMAN IN ATTACK.

Begin Wearing Down Tactics, Using Dense Masses of Infantry in Verdun Assault.

PARIS.—After six days' rest, while offensive were made in attacks of ammunition replenished, the Germans again have begun concentrated attacks upon different points of the French defense at Verdun.

They now are trying the effect of direct wearing tactics, employing dense masses of infantry in small groups, but with little success. The net result of their efforts has been the gain of a small salient west of Douaumont, which, the French claim, is unimportant.

Yesterday the attack between Douaumont and the Meuse was very violent. The German forces included troops from five different divisions. East of the Chaufour salient, the Germans penetrated a front line trench, but were partly ejected.

This information was contained in the French official report given out this afternoon, the text of which follows:

"On the left bank of the Meuse there have been a number of attacks on the first line positions between Le Mort Homme and Camblin. On the right bank of the river, the front passed in relative quiet."

"It has been confirmed that the German attack delivered yesterday between the Meuse and the Douaumont region took on a character of extreme violence. Further information is that this offensive action was conducted by troops belonging to five different divisions."

"In the east salient of the Chaufour wood the enemy penetrated our first line trench, but from this position was in part driven out by a counter attack."

"In the West there has been an artillery duel in the sector of Mort Homme. A German reconnaissance which was endeavoring to approach the trenches in the direction of the Herminette, northeast of St. Die, was repulsed with hand grenades."

POCATELLO WILL VISIT TWIN FALLS LATER

Commercial Club Postpones Visit by Special Train on Account of Republican Convention.

POCATELLO, Ida.—There was no special train of the Commercial club to Twin Falls Wednesday, as planned. It was figured that Twin Falls people, as well as the visitors, would be too occupied with the affairs of the Republican state convention. It was thought better to postpone the excursion until mid-summer, when other affairs are off the docket, crops are growing and everybody feeling good over the situation. The trip at that time will be undertaken on a much larger scale, and there will be nothing to confuse the situation.

BETTER MEANS OF RIVER TRANSPORTATION IN SIGHT

WASHINGTON, D. C.—The rivers and harbors bill has been passed by the House of Representatives, authorizing the survey of the Snake river from its mouth to Pritchard landing with the view of the construction of locks and dams for navigation. The bill appropriates over \$38,000 to be used in the work on the Snake and Columbia rivers.

This information is a source of much joy to the citizens of Lewiston county, who had more or less fear that improvements would be delayed on account of the war.

TAKING OF CAREY LANDS BEFORE SUPREME COURT

Important Case Is Argued and Submitted—Decision Is Expected in Short Time.

BOISE, Ida.—The right of the state of Idaho to levy and collect taxes on Carey act lands which have not yet been patented was presented to the supreme court yesterday on the appeal in the case of Ivan A. Potot versus Owens county.

Potot alleges in this case that the state by failing to meet all the provisions of a Carey act contract, holds no point to the Carey act land no entered.

Judge McCarthy of the Third judicial district court for Adams county heard this case and in a decision subsequently handed down held against Potot.

His decision was to the effect that the state of Idaho has not met its obligation of sufficiently capacity to provide ample water to irrigate Potot's land. Potot alleges that the state engineer and others have held the state responsible of sufficient capacity and that the failure to carry out all of the terms of the Carey act in the delivery of water makes it impossible for the state to claim title by reason of cultivation and reclamation.

The King Hill Irrigation company entered into a contract with the state for the reclamation of the land in March, 1904, but having spent thousands of dollars on the construction work, became insolvent. Even the state stepped in and purchased the project works under the hammer. An estimate of the cost to complete the works was ordered. The state engineer reported a total expenditure of \$289,300 would be needed to do this.

Should the supreme court hold with Potot, he would be exempt from taxation so far as his Carey act lands within the King Hill project are concerned. In that event, hundreds of other settlers on the King Hill and other projects would be exempted in the same manner and the state would be out of the pocket money which hereafter it has received. The question at issue is a mooted one and has gone before the courts of the state in a number of different ways.

TWIN FALLS SHORT ON SPUDS, SAYS DONALDSON

POCATELLO, Ida.—S. J. Donaldson of the Southern Idaho Producers' association returned yesterday from Twin Falls and reports that the potato supply in that vicinity of the state has almost been exhausted. He says that shipments from southeastern Idaho and Oregon to California have been so large that the market in that state is now almost empty.

California uses on an average of 35 cars a day and from Idaho and Oregon alone the shipments to that state have been on the average from 60 to 70 cars. The market price for Russets is now \$1.25 and last year at this time it was only 50 cents. Due to the high prices that are now prevailing, this has been a very difficult year to predict any of the market conditions. Some little competition has been experienced by the Idaho shippers from the Canadian market. The quarantine on the Canadian potatoes was raised about a month ago and since then there has been a steady shipment of Canadian potatoes to the California market. The Canadian shippers have the added advantage of lower shipping rates, they are able to ship their product in boats down the coast.—Tribune.

IDaho HONEY SUPERIOR TO THAT OF CALIFORNIA

PARMA, Idaho.—Oscar Lohrli, the proprietor of the Borwall apary at Parma, Idaho, who ships honey to Oregon and eastern points, receives daily inquiries as to the processes involved in producing such white honey. This, he says, is due to the fact that it is obtained by the bees from certain kinds of flowers and must be worked as it is thoroughly ripe. The capped effect of the honey is due to its being absolutely pure.

Honey producers are fond of the candied product and provide a ready market for it. The fact that honey dealers in the east contract for Idaho honey in large supplies, goes to show that it stands high in favor in the east.

GALLIHER ACQUITTED.

James Galliher, arrested last week for violation of the auto ordinance, defended the case in court and was acquitted.

PLENTY OF WATER ASSURED BY COMPLETION OF JACKSON LAKE RESERVOIR

(From Burley Bulletin)

THE work of raising the dam for the enlargement of the Jackson lake reservoir is nearing completion. This work has been paid for by the Twin Falls North Side and Twin Falls South Side irrigation companies, and has been done under the direction of the United States reclamation service.

The reservoir as it stood before the dam was raised held 380,000 acre feet of water, but the enlargement to the 400,000 acre feet, and making it one of the largest storage reservoirs in the world. Of the 400,000 acre feet

additional now to be stored in Jackson lake, 300,000 acre feet will go to the Twin Falls North Side and 100,000 to the Twin Falls South Side project. However, during the present season, which begins the above amount will be stored and available for these two sections.

As the Minidoka project has heretofore not had surplus water to the two Twin Falls companies, it is now necessary for her to look elsewhere for a market.

The unusually heavy snowfall in the mountains the past winter promises an abundance of water for all lands along the Snake river this season.

COUNCILMEN BUSY ON PLANS FOR IMPROVEMENT

Problems Involved in City Hall and Water Matters Engrossing Their Attention.

The mayor and members of the city council are not devoting all of their spare time to paying attention to the doings of the big convention this week; but are busily engaged in endeavoring to select the proper persons from whom to receive advice in regard to the best water system, and at the same time laying plans for securing public attention to the contemplated bond election for the city hall. Councilman Bracken, who made the motion to push the city hall proposition, announced himself in favor of a public meeting where the people will thresh out some of the points of difference. Some of the members of the council think that this would require the securing of a larger hall than the present council chamber, while others think that a meeting which would comfortably fill the present chamber is all that could be expected, as they assume that relatively few would come to the meeting.

On both the waterworks and the city hall propositions, there will probably be considerable divergence of opinion, if they take time to pay attention to the doings of the big convention this week; but are busily engaged in endeavoring to select the proper persons from whom to receive advice in regard to the best water system, and at the same time laying plans for securing public attention to the contemplated bond election for the city hall.

Councilman Bracken, who made the motion to push the city hall proposition, announced himself in favor of a public meeting where the people will thresh out some of the points of difference. Some of the members of the council think that this would require the securing of a larger hall than the present council chamber, while others think that a meeting which would comfortably fill the present chamber is all that could be expected, as they assume that relatively few would come to the meeting.

commission is also taking up some time, and altogether the city fathers are very busy men.

BOOTLEGGER CAUGHT WITH GOODS TUESDAY AFTERNOON

Deputy Sheriff W. G. Thompson, a bootlegger named Joyce into the city at the Waverly late Tuesday afternoon, confiscating 35 plants of booze, which he is now holding under the distribution among the thrifty.

LEGAL PUBLICATION

NOTICE OF WRIT OF ATTACHMENT

In the District Court of the Fourth Judicial District of the State of Idaho in and for Twin Falls County.

John Lingelbach, plaintiff, vs. Fred Sackus, Fred Oliver, and C. F. Young, co-defendants doing business under the style and firm name of Nevada Colonization Company, a corporation, defendants.

Notice is hereby given that on April 17th, 1916, a writ of attachment was issued out of the above entitled court in the above entitled action, attaching the property of the above named defendants for the sum of \$947.67 and costs.

In witness whereof, I have hereunto set my hand and the seal of my office this 19th day of April, 1916.

(Seal.) Clerk of the District Court.

JAMES H. WISE, Attorney for Plaintiff, residing at Twin Falls, Idaho.

NOTICE OF BOND SALE.

Public notice is hereby given that the Board of Trustees of Kimberly Independent School District No. 2, in Twin Falls County, Idaho, will offer for sale certain twenty (20) year coupon bonds of said district in the amount of Forty Thousand (\$40,000) Dollars, bearing interest at the rate of five (5) per cent per cent per annum, and maturing twenty (20) years after the date thereof, and that such sale will take place upon the 22nd day of April, 1916, at the school house in the Village of Kimberly, where the bids for the purchase of said bonds will be opened, at eight (8) o'clock p. m. said day. All bids must be in writing and be filed with the secretary of said district by six (6) o'clock p. m. April 21st, 1916, and each bid must be accompanied by a certified check drawn in favor of said district in the sum of Five Hundred (\$500.00) Dollars, to insure the good faith of the bidders, and the payment of the amount of said bid should the same be awarded to such bidder, the board reserving the right to reject any and all bids.

H. W. MUND, Clerk of said District.
