SUIT COMMENCED FOR RECOVERY OF LAND

Mrs. Genevieve L. Craven Begins
Action For Reclaiming of Con-
tract.

Action for the recovery of title in a
half section of land with appurtenant
water rights was begun last Thursday
in the district court by Genevieve L.
Craven against the Twin Falls Salmon
Orchard company, a corporation, Albert
E. Larson, C. J. Hahn, Twin Falls
Bank & Trust Company, a corporation,
H. J. Failing, Henry McCordick, W.
Tanner, A. E. Grabel, Frank Read-
er, C. C. Taft, W. L. Hines, Frank D.
Kimball, Bank of Hollister, a corpora-
tion, W. W. Craven, W. H. Craven, trust-
ee, Twin Falls Deep Creek Orchard
Company, a corporation, and Deep
Creek Land & Water Company, Limi-
ted, corporation.
Plaintiff alleges that on November
25, 1911, she deeded land, described as
the north half of section 1, township 33
south range 16 east, together with 320
appurtenant water rights of the Twin
Falls Deep Creek Land & Water com-
pany, limited, to J. W. Craven, in be-
half of the Twin Falls Salmon Or-
chard company, which transfer was in
consideration of the improvement by
the company named, of the lands by
the planting of orchards and other
means and that the defendant or its
successors would execute a deed in
return for the land. The defendant
is in violation of the contract and it
was known to the parties that the
deficiency of the security would on a
great measure depend upon the im-
provements anticipated and that it was
agreed that if the improvements were
not made the plaintiff should have the
right to rescind the contract and re-
claim and receive the deed back. It
is further averred that on October 12,
1912, the Salmon River Orchard com-
pany gave a warranty deed of the land
to the Deep Creek Land & Or-
chard company in furtherance of the
carrying out of the agreement, all par-
ties to the transfer understanding con-
ditions. It is stated that the improve-
ments provided for were not made, and
that on her giving due notice that the
contract was rescinded, and demand-
ing the deed, W. H. Craven refused to
make out the required transfer unless
ordered to do so by the court, for
which order plaintiff prays. Gaudin &
Hansen are attorneys for plaintiff.

—From Exchanges—
Wood Bridge 30 (knts).—One of the
biggest wool sales ever made in this
part of the country was consummated
Tuesday, when Alexander Livingston, re-
presenting the American Wool com-
pany of Boston, purchased for the
latter the greater part of the wool
clip of this locality. The sale, which
included approximately 900,000 pounds
of wool, for which 30c a pound was
paid, was made at Shoshone. Mr.
Livingston stopped in Shoshone only
a very short time, and he is now on his
way to a hotel in the city of Salt Lake
City, where he will remain until he has
made this \$270,000 deal.—Halley Times.

Sheep Going to Hills.—The Bacon

summer grazing grounds from winter
quarters at Kimbama and in the Twin

17 bands of ewes and lambs, aver-
aging 2300 head each, and one band
of bucks. They are scattered over
the hills, and are now in the process of
being well on toward the upper Wood
river country, according to Fred Mil-
ler, who is employed with them. Mr.
Miller is suffering from a severe cold
and, being unable to stay with the
sheep, left this afternoon on a visit to

TALKS ON THRIFT YOU AND YOUR BANK ACCOUNT

When the banker receives your ac-
count, and gives you a pass book and
a check book, he has the right to
expect certain things from you, as you
have the right to expect certain things
from him.
In the first place, he has the right
to expect a profit from your account.
The banker is an expert, and he knows
it costs a certain amount to handle
every check that passes through the
bank, and every account should con-
tribute to a certain amount to the
bank, however small. When your
banker asks you to keep a certain
balance, he is really asking him-
self to expect a profit from your ac-
count.
It is easily to be seen that if you
keep a small balance, say ten dollars,
and the banker furnishes you with
stationery, does the necessary book-
keeping on the account (for your ben-
efit as well as his), the earning power
of that ten dollars, even if it were
all invested at 6 per cent, would be
insufficient to compensate him for the
cost attending that account. There-
fore, he is entitled to expect a certain
balance to make a profit for as every
sale of merchandise should show a
profit, so every bank account should
at least pay its way. Give him a
balance as you can possibly keep—
it will help you very much in

JUDGE WANAMAKER MOST POPULAR JURIST IN STATE OF OHIO

Was Elected Judge of Supreme Court by Largest
Majority Ever Given to Any Judicial Aspirant

COMING to the Chautauqua is Judge R. M. Wanamaker of the supreme
court of Ohio, the man who threw the doors of the Ohio courts open to
the people in such a way that every man has access to those courts, rights
guaranteed to him under the law. The eminent jurist's experience of defects in
legal procedure, invigorated by remedial measures, which personal demonstra-
tion warrants him to present, is of most timely interest to every liberty loving
American.

his estimation, "help your credit, and
add to your self-respect."
Second, Never overdraw. In na-
tional banks overdrafts are now for-
bidden, but whether they were or not,
you have no right to ask it. It hurts
your credit with the banker. It is
a forced loan without security, and
is a poor business practice.
Sometimes an overdraft is allowed
as a matter of accommodation, and
sometimes in order that the credit
of the drawer with the holder of the
check may not be impaired; but it is
bad practice, gets you in wrong all
over and should neither be asked nor
excused.

Third, Do not draw against "un-
collected funds." By uncollected
funds is meant checks that have not
been collected. For instance, if you
have a balance of \$100, and deposit a
hundred dollar check and draw your
own check for \$150, you have taken
all the original deposit and half of
the amount represented by the check
just deposited. The banker must send
that check, let us say, to New York,
and wait for advice that it is paid be-
fore knowing that it has been paid,
you are asking him to pay out his
money three days in advance of his
receipt, a practice which good banks
run upon and will not allow. Last-
ly, draw your checks properly, as
outlined in the next talk, and have
your pass book balanced once a
month. Doing these things consoli-
dately, your banker will be a good
friend and you will be a good cus-
tomer, in favor with one who can do
you many favors.

WHY THE BEST OF CHEWS IS "SPEAR HEAD"

Its Rich, Sweet, Mellow Flavor Has
Been Famous for a
Generation

MADE OF CHOICEST RED BURLEY

The secret of tobacco satisfaction is
known only to the man who chews plug
tobacco. The reason is that a good
chew gets right next to your taste,
while the leaf in plug tobacco is in a
state of fresh, juicy richness that is not
possible in any other form of tobacco.
There's no tobacco in the world that
can give you the hearty, wholesome
flavor that you get from a delicious
chew of Spear Head.
Spear Head is made exclusively of
ripe, red Kentucky Burley—the most
richly-flavored chewing tobacco that
grows. Still more, only the very choic-
est red Burley leaf is used for Spear
Head.
This choice leaf is selected with the
most painstaking care, is stemmed by
hand, is thoroughly washed free of all
foreign matter, and is pressed into
Spear Head plugs so slowly that not a
drop of juice or an atom of the nat-
ural flavor escapes.
Try Spear Head and you'll get a
sweet, mellow, luscious, satisfying chew
that cannot be obtained in any other
tobacco. Buy a 5c or 10c cut to-day.

Miss Blaise Spafford on East Lawn. A color scheme of pink and white was effectively carried out in the table and house decorations. The guests spent the afternoon in playing 500 and Miss Pauline Fields was successful in winning first prize, an artistic bouquet.

The Mountain View club held a very pleasant meeting at the home of Mrs. Max Gamble last Thursday afternoon. After a social hour with their fancy work, a discussion of the art of making good cucumber pickles was followed by a match, provoking much contention in which the ladies were requested to plan a dinner using only domestic products. The contest was won by "The Use of Fruit as Food" and "The Canning of Fruit and Vegetables" were then distributed for home study. The hostess, assisted by Mrs. Dittler, served very dainty refreshments. Mrs. Sam Gamble, an pianist, assisted by a quartet of sweet voices, sang a number of songs. The guests departed to meet with Mrs. Robert Alpaugh in two weeks.

The Oakies Corner club met Thursday, May 18th, at the home of Mrs. Ben Potter and in spite of the rainy weather a large number of the members were present. The club planned to give a pie social May 27th at the home of Mrs. Ben Holland of Oakies for the benefit of the country women's rest room at Twin Falls. After the business meeting a program was given by Mrs. Dittler, served very dainty refreshments. Mrs. Sam Gamble, an pianist, assisted by a quartet of sweet voices, sang a number of songs. The guests departed to meet with Mrs. Robert Alpaugh in two weeks.

Miss Lucille Wolfe, who for the past year has been teaching at the Bickel school, was the guest of honor at an announcement party given for her by Mrs. G. W. Simpson last Friday evening. A pretty color scheme of red and white was successfully used in the house decorations and in a clever copy arrangement. The announcement was in the nature of a scroll written in old time style. The guests found much enjoyment in the program and were rendered to an appreciative audience. Delicious cake and sherbet were then served by Mrs. Potter and her sister, Miss Ray. The next meeting will be held June 15th at the home of Mrs. Glenn N. Whitney.

Artesian City

The Ladies' Sewing club met at the home of Mrs. John McMenames Friday afternoon. Although the weather was very disagreeable, there were quite a number present, and a very pleasant afternoon was enjoyed by all. The next meeting will be held at the home of Mrs. Frank Terrill Friday, June 2, at 2:00 p. m.

The little son of Wm. Adamson had a very narrow escape last Tuesday afternoon. As his mother and four other ladies were going to Murtaugh, the little boy fell out of the buggy, his arm was caught in the wheel and he took him around twice before he could get loose. Then the wheel ran over him. There were no bones broken, but he is badly bruised and shaken up.

Mrs. Ell Dean and her mother, Mrs. Hoovuka, were in Artesian Thursday to see how their new home in progressing.

The Twin Falls orchestra furnished the music for the last two dances and everyone enjoyed it very much.

Mrs. J. McMenames spent Wednesday visiting with Mrs. B. J. Day.

Mr. Chris Arstein and Anna Daitman were away early Sunday to Buhl and were married at the home of Mr. Roy Taylor. The young folks here soon discovered the facts and chafed them Monday night. They will give their dance soon, but exact date hasn't been set yet. Their many friends wish them a long and happy married life.

Mr. Lowell Dearinger of Hansen, was here Friday attending to some business on his father's farm.

Buhl News

(From the Buhl Herald)

The Ford five-passenger auto owned by A. D. McGown, carrier on rural route No. 2, was hit by a big seven-passenger driven by Mr. Lorraine, of Filer, going at a high rate of speed, and sent the Ford head long into a telephone pole, smashing it beyond recognition. The accident occurred Sunday evening on the road-five miles east of Buhl, while Mr. McGown, accompanied by five others, were going to Filer. McGown's car was wrecked but no one was injured seriously. The smashup was an accident and yet it was considered as unnecessary. Mr. Lorraine came up behind McGown in his large seven-passenger and started to go around at a half rapid speed. His car ran into a ditch, and in attempting to get back into the road, he cut in too quickly and struck the front and end of the Ford car. The Ford was knocked out of the road and into a telephone pole about ten feet away. Five people were in the Lorraine car.

The commissioners of the Buhl highway district in session Wednesday, passed a resolution to call an election on June 2 for the purpose of voting on the proposed issuance of \$300,000 bonds payable in twenty years for the purpose of constructing 54 miles of hard surfaced roads in the district and to put in concrete bridges and culverts where such improvement

The Tuesday Civic club picnic is postponed until better weather. At the last meeting of the club the following officers were elected for the ensuing year: Mrs. T. H. Miller, president; Mrs. McCluskey, vice president; Mrs. Tom Fritcher, secretary; Mrs. Tom Holmes, recording secretary; May 22.

Ah! that's coffee!

Fine coffee has a flavor that can't be described—you must taste it to know. You must come down to breakfast some morning—soon—and start the day right with one or two cups of Schilling's Best. You, too, will say "Ah! that's coffee!"

Schilling's Best is fine coffee, protected in its goodness by vacuum-sealed tins. Using these tins makes such coffee possible, by permitting us to grind it evenly, take-out the objectionable chaff and seal-in the full flavor of fresh roasted coffee.

Its economy is astonishing, although the price by the pound is not low. It goes further than any coffee we know of. When you use Schilling's Best, it's well to follow directions.

PERTAINING TO "THE GREATER" IDAHO DEPT. STORE

It is a well known fact that in this world of ours there is no such thing as standing still. We must either go ahead or go back. Following out this natural law, the Idaho Department Store is now in process of great enlargement, in order to properly meet the demands of our rapidly increasing business. With the new store room just added we have over ten thousand square feet of floor space. We kindly ask you to note the following changes and additions upon which we expect to put Twin Falls in a position to claim to be the home of one of Idaho's largest and most progressive department stores.

A Heavy Curve Wiped Out

One of the most important changes we have to chronicle is the abolishing of the parcel carrier method and the installing of the very latest system of National Cash Registers and the wrapping desks where the clerks may wrap their own parcels, thus expediting our service fully fifty per cent, besides making the most complete record of each transaction in order to avoid mistakes. This one item of betterment alone entails an expenditure of over \$4000.00. We think you will like it.

The Active Grocery Department

Under management of Robert McBride, has been enlarged materially, making it much more convenient for the customers and the help during the rush hours. Every known modern method of merchandising in this line, it is our ambition to install. We wish our customers would mention any suggestions that might occur to them looking to the betterment of our service.

A Progressive Dry Goods Dept.

Under the management of H. A. Haile will be on a basis with the other enlarged departments. The aisles will be wider and a rearrangement of the stocks will take place, all due to the modern and progressive policy that will prevail from now on. This department will be on the alert for the new things, and every effort will be made to make this the ideal place to shop. Courtesy and service will be our watchword, and we invite suggestions. We want to be in closer touch with our customers, your ideas are what we want, then we can supply you with merchandise that will satisfy your individual requirements. A policy that (we believe) will make this an ever growing and popular department.

New Arrangement of Departments

The Clothing Department under Mr. Baker's management will occupy together with the Men's and Boy's Shoes the new store room just added. In this new, light and cheery room we will have to all intents and purposes an exclusive Men's Shop, with I. D. service and I. D. policy to recommend it. Watch our advertising for details.

The Ladies Ready-to-Wear Dept.

With Mrs. Nellie Wilson as manager will be located in the commodious quarters on the first floor with the ladies and children's shoe department adjoining under Messrs. Laving and Bolton. We do not care to say too much at this time about the enlarged department of ladies garments. We prefer to wait and let the new lines tell their own story. It all spells phenomenal growth.

Change in Management

The store is now under the management of Mr. Chas. L. Hart, formerly of Blackfoot, Idaho. Mr. Hart is a gentleman of wide and successful mercantile experience and is now arranging to move his family to Twin Falls and become a permanent resident. It is Mr. Hart's ambition to provide the highest grade and best assorted merchandise possible to buy, and to afford our patrons a cheerful, courteous service in its fullest sense. The company presents Mr. Hart as a gentleman in every respect, and one whom you all will find it a pleasure to meet.

Signed,

R. C. BEACH,

President.

A New Store The Under Store The Place for the Broken Dollar

Under the management of D. M. Fawcett of Chicago, for 5 years with the wholesale house of Butler Bros. will be located in our big basement. The bargain basements are the order of the day with all large stores and ours will be the Economy Place of the Twin Falls tract. Here in price and quality, we intend to compete with the mail order houses and the chain stores. Two carloads of basement merchandise are now on the way, covering all lines of household items, sample shoes, sample dry goods, etc., which will be sold at prices merchants usually have to pay. We get our discount and sell you the sample merchandise at the wholesale cost.

Syndicate Buying

The I. D. Store is joining the Consolidated Merchant's Buying Syndicate which is composed of nearly 500 stores having an output of over ten million dollars annually. As a member of this syndicate we will show you the effect of this tremendous buying when we get our under store started. This is merely a preliminary announcement. You will hear of this basement all over Southern Idaho.

TO OUR OUT OF TOWN CUSTOMERS

This million acre Twin Falls tract we consider as our field. Equipped as we now are, you need not have a moments hesitancy in mailing your orders to us. Every thought and care will be given your orders, none too small or too large for us to handle. Let's keep our money at home--and correct a growing evil--Foreign Mail Order Competition. We can and do compete with any Mail Order concern. If you will take the time and trouble we can easily show you that our prices are lower.

TWIN FALLS HIGH SCHOOL CLASS 1916

The Commencement Exercises in this city last week marked the closing of the school experiences of the largest class that ever graduated from public schools of the city and one which has added much to the credit of Twin Falls, broad, by the intellectual and physical triumphs which it won, or hoped to win, during the four years since it entered high school. That it has said the best word in advancement is, of course, not to be thought of for a instant. Other classes will pass with as high credits in the future. Rather its achievements will prove a landmark on the road of advancement over which future will travel and will observe where the

great wave of 1916 in Twin Falls public schools reached.

The class went to the top in some lines of high school activities right at the start, by taking the interclass girls' basketball championship, the very year that it entered as a freshman, and contributed Jennie Walker to the team that promptly took the state championship and kept it to this day. The boys were not a whit behind their sisters in obtaining honors in the athletic field that year and the next year found the class as sophomores holding second place in the school, and capturing the boys' indoor baseball championship. The same year saw them win the athletic benefit trophy for the production of the best dramatic program. During the same year, the class furnished half the members of the orchestra, half the band, and one-third of the girls' Glee club, which was doing something worth while in the musical line.

The year which they passed as Juniors was no less fruitful of triumphs. One member, Ronald Boone, won the declamatory contest and they furnished two members of the debating team. During the last year the class furnished all the debaters but one in the teams winning state championship honors, and furnished the majority of the members of those who entered the declamatory contest in the school and proudly point to Mildred Conway, a member who won the state championship. The basketball team was largely made up of members of the class this year, which closed in a blaze of glory the career so auspiciously begun four years ago.

The facts of class history here given have been taken from the class history published in the Coyote, the creditable and well edited organ of the Twin Falls high school classes and the record of which any class might well be proud.

The readers of THE TIMES will be surprised to be interested in learning more of the progress of this class which has done so many creditable things and in order that this opportunity may be afforded him their pictures are published herewith.

It must be of interest to observe what courses so large a class, eighty-three in number, would take, as indicating the lines of thought and activity likely to be followed by Young America at the present day. Forty-five members took the general course and two the agricultural courses. Naturally a larger percentage of future classes will take the last two, relatively new branches.

First Run Completed.—The first run of water in the Salmon river canal system this season, was discontinued Thursday, there remaining 42,800 acre feet of available water in the reservoir. The gate height Saturday was 27 feet. The time of the next run of water will depend upon weather conditions largely, although it is probable that water will be turned on again within the next two or three weeks. No reports have been made public as to the officials of the canal company as to the acreage under cultivation on the Salmon tract this year. Estimates by the farmers vary considerably, many claiming that there is as much and under cultivation this year as last, around 40,000 acres; while others think the acreage is 35,000 less.

Judge Hansen Visits Boise.—That the Snake river will be spanned this summer with a steel bridge more than 200 feet above the river and approximately 300 feet long, between a point near the town of Hansen, a short distance from Twin Falls, to the town of Hazelton is the news brought here by Judge Lawrence Hansen, one of the sturdy pioneers of Idaho, justice of the peace in his early days, who has lived 30 years, and a successful rancher and banker.

Concerning the bridge Mr. Hansen states that on the Hazelton side of the river bonds were voted last week in the sum of \$40,000 and that Twin Falls is soon to vote a similar sum to build the bridge structure, which will be one of the high and scenic bridges of the state and will save the long trip to the bottom of the canyon in crossing from one side of the river to the other.

Mr. Hansen states that the Twin Falls section is especially prosperous. At Twin Falls a big sugar beet factory is being built and that the farmers of that section have planted 8000 acres of sugar beets in crops of all kinds, he states, promise to yield heavily this fall. He declares that the recent freeze, while it caused a setback in some extent, did not affect the fall section like other parts of the state, as fruit raising is not on a commercial basis there.—Capital News.

Probably no work of fiction has passed through more vicissitudes than "Garmen," the vehicle through which Charlie Chaplin offers a scorchingly funny comedy on the Essanay company program. It was first published in the form of a novel by Prosper Merimee, a French author. It was later converted into a play, and then into a grand opera, by George Bizet, the libretto of which, written by Halévy and Méhée, is founded on the novel. Now it appears in photoplay as a burlesque. Garmen has been translated into practically every language. The story is known to practically every one. It is so intense that it readily lends itself to burlesque. The story is known to practically every one. It is so intense that it readily lends itself to burlesque.
