## PORTER DISCUSSES WATER SITUATION

### Water Commissioner Says Fish Will Be Eliminated

#### LAYS BLAME FOR PRESENCE ON THE OLD WATER COMPANY.

Claims Holes Were Punched In the Screens and That He Cared Condition as Soon as Possible.

"I will give a premium for any fish found in the mains when we get through flushing them," said Water Superintendent W. F. Porter Friday, speaking of the water situation in the city. "and I want to say that we have proceeded as rapidly as we could in dealing with the situation. The presence of fish in the water was not due to lack of thoroughness or incompetence on our part, but was the result of the fact that when the old company employees cleaned up the much ice at the reservoir last winter they punched holes in the screens underneath the water and the fish got in through these cavities which were not fixed by the old company. As soon as the water got down low enough for me to notice these holes, I started to work to remedy the matter at once. It was a physical impossibility to get screens for the holes and get them in at once. In order to fix it properly it was necessary to put in the cut off pipe and drain all the water out and clean up the reservoir. We got the pipe in due time, but the necessary brass fixtures did not arrive promptly and we had to telegraph to Troy, New York, and have them sent by express. We shall let the water in to the reservoir tomorrow (Saturday) morning and at once begin the flushing of the hydrants, with the assistance of the fire department, and when we get through with that, there will be no fish left in the mains, or at least practically none, for a fish might escape the flushing, but thereafter no more fish can possibly get in. We have at this time proceeded as fast as we could. I want to say that I have no hard feelings in regard to the victims of the conditions that existed. While we were doing the best that we could under the circumstances, conditions were certainly bad, and I do not blame people for being dissatisfied. "The chlorine was not responsible for the killing of the fish. They live on the fish in the reservoir. There was no dead fish in the reservoir. Fish in the pipes are apt to kill themselves by trying to get out, and I do not blame people for being dissatisfied. "How do you account for the death of the fish in the Twin Falls restaurant?" Mr. Porter was asked. "I cannot tell what killed them," he answered. "Do you think it possible that some of the fish died while trying to escape as you suggested, and that those when they decayed caused sickness among the other fish?" "Well, I doubt that, because there were live fish taken out of the pipes after the fish were found at the court house. I might add that there were no fish in the mains last year under the management of the old company owing to the fact that the old screens were not fine enough to keep out the little ones, and that some of them came out in the water pipes. I think that the fish died in the pipes for the reason I have given, but I do not know what killed the fish in the restaurant."

## INCREASE IN RACING PRIZES AT FAIR

### Many Purses Raised From \$50 to \$100 and \$75 Is Added to the Relay Race Prize.

A revised racing prize list was issued this week for the county fair, increasing the prizes in most instances. The total prize for the relay race has been increased from \$100 to \$175, divided into purses of \$100, \$50 and \$25. The half-mile dash and the quarter-mile dash on Thursday will be for prizes aggregating \$100 instead of \$50 each, and divided into purses of \$50, \$25 and \$25. The mile dash on Friday and the three-quarter dash Saturday will also be for \$100 instead of \$50, divided as above. "In part of the literature sent out the entry day, September 19, is omitted. Those interested in the fair are informed by the board that September 20 will be the first regular day, but that entry day will be September 19. Professor E. J. Fjelstad of the University extension is working on a series of pig club events and pig judging contests. Miss Bertha Noel is busy with the school exhibits."

## COUNCIL DOES MUCH BUSINESS

### Routine Work of Interest Up Before City Dads

#### WATER SITUATION PASSED WITHOUT ANY DISCUSSION.

#### Elm Park Sewer Ordinance Passed—Fire Underwriters Give Advice—Communication on Library Received.

Water was not a subject for action or discussion in the long session of the city council last night, except insofar as the possible extension of a three-quarter-inch pipe to the Frank Healey property in the new school addition had to do with water. The council passed the Elm Park sewer ordinance; granted the request for the vacation of the alley near the Twin Falls Milling & Elevator company, reserving water and sewer extension right therein; granted an extension of the J. McMillan gas franchise until June 1, 1917, laid over the matter of the street railway franchise; heard the report of the city engineer favoring the graveling between the rails by railroads at street and alley crossings; received letters in regard to the library and in regard to the fire protection situation. The council also received a communication from the Twin Falls Milling & Elevator company, heard numerous reports and transacted some minor items of business, but let the aqua pura supply proposition slumber. The resolution vacating the alley at the mill came up first. The reservations for water and sewer rights were not contained in an originally drafted bill, but on suggestion of Mayor Sweely President L. L. Beckenridge of the milling company said that the company would be glad to have them included, and when the resolution went through, added that, now that it was over, he would be glad to have the city name some improvement like the painting of the grand stand, which he could have done to show appreciation. The alley runs by the site of the new storage tanks and will be used as right of way for a spur railroad to the tanks. James McMillan said that he had been asked to sell the franchise in getting his gas franchise into operation. He had ordered material for its construction when he got the franchise, supposing that he could get it at once. He found that it had not only greatly increased in price, but that he could not get it for any money. He had a letter from the fire department saying that it would be utterly impossible to get any material until next year. The council granted his request that the franchise be extended until June 1, 1917. The question of declaring the street railway franchise lapsed then came up and City Attorney Sheriffs said that he had talked with J. C. Moore, representing I. B. Perrine and had been informed that the latter was on his way from the east with a possible purchase of the system and that on his return the matter would be taken up. It was allowed to go over until the next regular meeting. The regular Elm Park sewer ordinance was passed, creating a new district. Mayor Sweely appointed a committee consisting of W. H. Minn for three years, E. J. Finch for two years, and T. O. Potter for one year, to take charge of the matter as provided by law. The assessment roll will be published as soon as prepared and hearings of protests will be had on Monday evening, August 28. The request of Frank Healey that a sewer pipe be extended to his place in the New School addition was turned over to the water committee with power to act. The extension will be about 300 feet long. G. F. Rauch wanted a sidewalk on certain lots on Seventh avenue east, and a petition

## BUHL OPERA HOUSE DESTROYED BY FIRE

### Several Buildings on Main Street Are Wholly Consumed

#### MORE THAN \$100,000 LOSS IN BLAZE FROM UNKNOWN CAUSE.

#### Dance Was Held Saturday Night And Several Thought They Smelled Smoke Before Leaving.

Bursting forth suddenly from the Buhl opera house on Main street, with an explosive force that threw flames high into the air and sent firebrands floating nearly a mile into the country, a conflagration from an unknown cause destroyed that edifice and three adjoining buildings and threatened the existence of the entire western city, about 3 o'clock Sunday morning, causing a loss of more than \$100,000, partly covered with insurance. There was a dance in the opera house Saturday night, which continued until after midnight, and when the proprietor, Thomas Clinton, locked up he examined everything and pronounced it safe. His little boy, however, shortly before the end of the dance told his mother that he smelled smoke, and again at the time that the place was locked up insisted that he smelled it. However, as he is a child, his parents thought that he had reference to smoke from cigarettes smoked outside the building and paid no further attention. A short time before the close of the dance, B. H. Tyler said to a friend, "I smell wood burning. I bet one of the boys has been trying to smoke inside against the rules and stuck a lighted cigarette into his pocket for fear that Clinton would see him." From these facts Mr. Clinton thinks that someone slipped behind the scenery with a cigarette and threw it down when through with it, without extinguishing it, and that the fire caught and smoldered and gradually gathered heat until it broke out. After the dance was over for some time, Night Marshall Tom Morris went to the opera house and examined it, finding it apparently all right. About 3 o'clock he saw a light in one of the upper rear windows and went up. Just as he arrived, the whole roof seemed to lift or puff up, and the flames shot up all over it, throwing up a vast column of smoke. The theory is that the fire crept up between the ceiling and roof and smoldered until gas enough was generated to cause something in the

(Continued on Page 10.)

## RED CROSS SOCIETY FORMED IN CITY

### Officers Elected Last Saturday Night For The Organization

#### IMMEDIATE PURPOSE IS TO HELP BOYS OF COMPANY D.

#### Will Retain Organization After National Guard Returns and Engage in Civil Red Cross Work.

A Red Cross organization was formed in Twin Falls Saturday night for the immediate purpose of rendering assistance to Company D, of the Idaho National Guard, and with a view of maintaining a society here for all useful purposes after the return of the boys from the front. The following officers were elected: Mrs. Kennedy Packard, chairman; Mrs. E. J. Ostrander, vice chairman; Mrs. C. H. Kronig, secretary; Mrs. W. H. Dwight, treasurer. The purposes of the society are set forth in the following statement by one of the members: "For years there has been no city of any size in the United States which has not had a Red Cross society. Since the horrors of the European war have brought to public notice the need of preparedness in the United States, and especially since the mobilization of the national guard at the border, many cities and even small towns all over the country have formed Red Cross auxiliaries. Up to the present time Twin Falls has had no such organization, but last week a group of women, realizing an opportunity for patriotic and humanitarian service, took the initial steps toward forming a society in this city by applying for credentials from national headquarters. The first definite work to be under-

## BAND ANNOUNCES REGULAR THURSDAY EVENING PROGRAM

### The band program for the coming Thursday evening will consist of the following numbers as follows:

- March, "Robinson's Grand Entrance"
- King, "The King"
- Overture, "Bridal Rose"
- Lavallee, "Intermezzo"
- Tobani, "Tobani"
- Patrol, "American"
- Meachem, "Waltz, 'Visions of the Past'"
- Reillon, "Song Hits of 1916"
- Remick, "Tone Poem, 'Apple Blossoms'"
- March Song, "Little Grey Mother"
- Cobb, "Stars and Stripes Forever"
- Souda, "Star Spangled Banner"

## HYDRANTS FLUSHED SUNDAY MORNING

### State Water and Decayed fish Are Washed Out

#### SUGGESTION OF THE TIMES PROVEN WHOLLY SUCCESSFUL.

#### Reservoir Has Been Cleaned and New Fish-Tight Screens Have Been Installed by the City.

"We have the purest water now that we have ever had in the history of the city since a filter clogged up after it was first put in," said Chief Carlson of the fire department after he had finished flushing the hydrants Sunday morning. "That the flushing process, suggested by THE TIMES has proven successful and that the dead water in the reservoir has been eliminated from the pipes as a result of its application is attested by everybody using the city system. The flushing took three hours and every hydrant was opened, five being running at one time, and no thoroughly was the work done that although the water from the reservoir was on its full and by hydrant stopped running on account of the flow from the others. "We could see the fresh water when it came from the reservoir and took the place of the other," continued Chief Carlson, "as it was clear and appeared pure and good. I suppose that we could get a better water supply than we have, but under the new condition the water is so much better than it was that we will have to get along with it until better water is secured. We ought to have a good supply for the rest of the year, as the heavy irrigating is over, and the water will be clear. The reservoir has been thoroughly cleaned and good screens put in, so that no more fish can get into it. The water was in some condition lately that it was before, which is natural, since the reservoir was never cleaned, since it was first erected and the logs in it were not cleaned. The water in the filter never was effective. I put it in for Horne & Ramsey and it was as good a filter for its size as any in the city. But it was not big enough. It ran for two days and then clogged up. The only way that it could be cleaned was to take up the water and lift out the dirt and then let it run again, carrying the muck and dirt all through it, ruining it. Since that time it has done very little good. I think that we will not have trouble with the water this year."

## CASTLEFORD WOMEN ORGANIZE A CLUB

### Everywoman's Club Will Have Members From All Adjoining Districts. Will Work For Civic Advancement.

Castleford women uniting with the women from Poplar Grove, Sunset View and adjoining districts have organized the Everywoman's club, says the Buhl Herald. Several ladies meetings have been held, officers elected, and plans adopted for the coming year. "Forty women are enrolled on the membership list as charter members and evidence is manifest of stirring activities along civic and social lines. Through the club committee the club aims to take up work in the furtherance of rural sanitation, the prevention of contagious diseases, and strongly recommends the policy of caring property for the roadside in the way of preventing seed distribution of weeds. A strong program has been prepared by the committee having the matter in charge. It is planned to cover a wide range of serious thought at the meeting for the coming year. The Everywoman's club for the coming year."

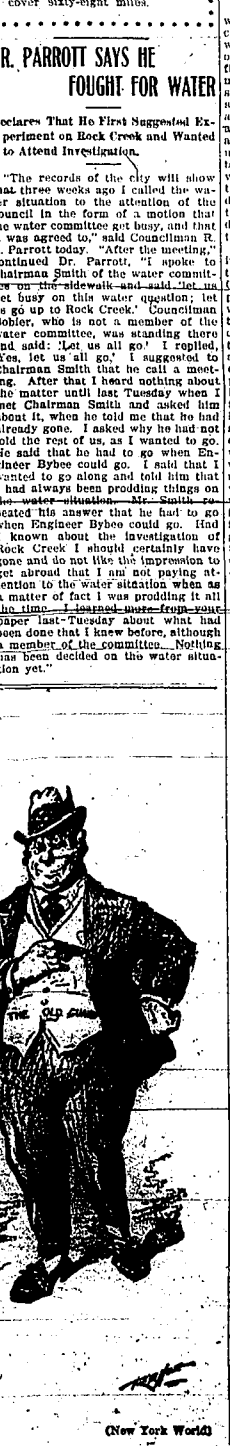

(New York World)

## DR. PARROTT SAYS HE FOUGHT FOR WATER

### Declares That He First Suggested Experiment on Rock Creek and Wanted to Attend Investigation.

#### "The records of the city will show that three weeks ago I called the water situation to the attention of the council in the form of a motion that the water committee get busy, and that it was agreed to," said Councilman R. A. Parrott today. "After the meeting," continued Dr. Parrott, "I spoke to Chairman Smith of the water committee on the sidewalk and said, 'Let us get busy on this water question; let us go up to Rock Creek, Councilman Bobler, who is not a member of the water committee, was standing there and said: 'Let us all go.' I replied, 'Yes, let us all go.' I suggested to Chairman Smith that he call a meeting. After that I heard nothing about the matter until last Tuesday when I met Chairman Smith and asked him about it, when he told me that he had already gone. I asked why he had not wanted to go along and told him that I had always been prodding things on the water situation. Mr. Smith repeated his answer that he had to go when Engineer Bybee could go. I had known about the investigation of Rock Creek. I should certainly have gone and do not like the impression to get abroad that I am not paying attention to the water situation when as a matter of fact I was prodding it all the time. I learned news from your paper last Tuesday about what had been done that I knew before, although a member of the committee. Nothing has been decided on the water situation yet."

## WE PROGRESSIVES.

## NO ALPHEA WEEVIL FOUND IN FIELDS OF ROBERTSON

### Entomologist George W. Reeves of the United States Department of Agriculture and County Agricultural Agent W. W. Smith, on last week's investigation, report that the alfalfa weevil had appeared there. The report was based on the fact that the weevil could be observed for the first time in a single weevil.

## BUHL SOCIALISTS TO HAVE TICKET IN FIELD

### Dimmitt for Legislature, Little for Treasurer, Wood for Sheriff, Who for Prosecuting Attorney.

While candidates on the Democratic and Republican tickets from the west end are rather scarce, it is not so with the Socialists, says the Buhl Pioneer. Candidates of this party are nominated by referendum, and up to the present it is understood that A. A. Dimmitt is one of the candidates for representative; E. A. Little for treasurer; M. D. Wood for sheriff and Frank Wood for prosecuting attorney. It is known whether any of these will accept or not, as the ticket will not be filed until the primary election is held. The Socialists are claiming a big increase in numbers since the election two years ago, some believing that the vote will be nearly doubled.

# JARBIDGE HAS TWO HUNDRED WORKERS

Greater Activity in Camp Than At Any Previous Time

ANOTHER BIG STRIKE ON RIDGE NEAR GORGE GULCH

Resident Property Owners Form Squatters Association For Regulation of Matters About Town.

JARBIDGE, Nev.—The camp is putting on every day more showing of activity and prosperity, more men are being put to work on the different mines every day, and there are now about 200 at work on payrolls of the district, which is considerably more than have been at work at any other time for over four years. This number of employed means the Jarbridge mine has already started the season and gives a chance for those who have claims in the camp to get out and do some real prospecting work on their claims, which has already resulted in the discovery of several very good new showings of ore and it is expected that there will be many more before the season is past. The latest strike has been found on ground situated on the ridge just north of Gorge gulch and about 1000 feet east of the river. This discovery was made by Mr. Martin on ground belonging to Harrington and Bennett. A fine vein has been opened and some very good samples of free gold ore have been exhibited from it. The Jarbridge strike on the Surprise claim continues to show up in very promising condition. The resident property owners recently held a meeting and organized a squatters' association to regulate town matters and conditions. W. W. Fish was elected chairman and a peace committee of ten was elected.

Pat Donaghy is working up on his Ajax claim at the head of Bonanza catch and north of the Surprise, where he has a two foot vein that is showing some pretty good values.

Considerable work is being done on the claims at the head of the river and several outfits are prospecting claims over in the upper Grater section and the head of the East Fork, around Cougar mountain.

Work in the shaft on the Jarbridge Central upper claim is continuing in the vein and continues to show values. The tunnel to cut this vein at a depth of 125 feet is now in about forty feet and is progressing an favorably as could be expected in the hard rock which is the west wall of the vein.

On the Success work is progressing steadily on the contracts on all four of the tunnels. Mr. Nair is also doing work started in the Bluster mine and has a force of men at work on the Pick and Shovel vein.

Mr. Shoup has now men working on the southern ground near the south end of the claims, where he is running a tunnel to cross-cut the formation where the surface indications and float indicate the probability of an ore chute.

Mr. Shoup is having a very satisfactory run of the mill on O. K. ore. He has a large force of men working on further development. This mine has a large showing of ore already opened up and he expects no stopping has been done. Mr. Shoup is also running a new tunnel on the Alpha to develop the vein at greater depth than heretofore attained.

Mr. Lintecum is having a good run this season on his cyanide plant in which he is treating the tailings from the Alpha mill.

The new tunnel on the Lightnite is in about 100 feet. Development work in the upper works continues in ore.

On the Starlight property, work in the No. 2 tunnel shows a continuance of the good ore and the new tunnel to the east is making good progress. Development work is being pushed on the Jarbridge Gold.

The Long Hill mine has all the men at work which they can use in the numerous faces, winzes and upraises. This company has built a garage; they have built another addition onto their office building and are improving their lots by building a fence. They have brought in a six-foot vault door and are building an eight by ten foot reinforced concrete vault.

There are a lot of autos in town now and the roads in both directions are in very good condition. There are several auto-stages and auto trucks running between here and Twin Falls. Considerable travel is also starting up over the road to Death.

The town has been visited recently by several of the Elko officials. District Attorney Carroll was over to attend to legal business. B. O. McBride, the county surveyor, and W. A. Holden, were in here to look over the route of the proposed road between here and Elko, to go down the river and over to the Brumans and up the latter river, with a view to giving winter road communication between the camp and the county seat. County Clerk Robert Hunter and Editor Russell spent a few days in camp to see their many friends. They had been shooting at birds along the road and whipping the streams for the elusive trout.

During the past week work was started up on the Bluster mine. The O. K. mill has been running very satisfactorily and the recent clean-up is reported to be very favorable. The arrastra on the Buckeye has been running along on a very good grade of ore and the lessees have sufficient broken down to the mill to run all summer. A small force of men was started on the water-right below Jack creek on the Jarbridge, where the big power plant is to be located. A. J. Lund, the blacksmith, has purchased the blacksmith shop opposite the Cash Supply Store from C. H. Healey for cash and other transfers of real estate have taken

place recently, and many new tents have gone up in different parts of the town.

**BEST, CATTLE FALL**  
**POOR GRADES FIRM**

Sheep and Hogs Stand Flat on the Portland Markets—Most Lines Show Light Shipments.

There were but a few head of cattle on the market Tuesday and yes-

terday, says the Portland Live Stock Reporter of Thursday, which were of the fair variety. All sold at heavy prices. Packers are all well supplied so there is but light demand except for good stocker and feeder varieties. Prime cattle were the heaviest lower on the start of the week's trading, when prices were 50c lower on this grade. Common to good cattle, though, found a pretty good market. Prices were steady to a light lower, there being a good demand from both packers and feeders for this class of stuff. Hog receipts continue very light. Packers' needs are not near being sup-

piled and a very strong market holden. Tops are quoted at \$9.25 with bulk of stuff which is coming from the valley going at \$9.50. Pigs are in good demand and are selling from \$8.00 to \$8.50. A continued strong market is looked for next week. There is a good demand for top grades of all kinds of sheep. There were about 1500 head here Tuesday with 1200 here yesterday. They all sold at steady prices, as has been the case the last month. Stock quotations are: Prime light, \$10.00@12.25; prime heavy, \$12.25@17.50; 6.75; choice stock heifers, \$5.00@6.00; good to choice stock cows, \$5.00@6.00.

fair, \$5.00@6.00. Cow quotations are: Choice, \$5.25@5.50; medium to good, \$4.50@5.00; ordinary 'o fair, \$4.00@4.50; canners, \$3.00@4.00. Hog quotations are: Choice, \$12.25@12.50; good, \$12.50@13.00; other varieties, \$12.00@12.50. Bull quotations are: Choice, \$12.25@12.50; good, \$12.25@12.50; medium, \$12.00@12.25. Stocker quotations are: Best selected, 850 to 1000 lbs., \$5.00@6.00; best selected, 600 to 800 lbs., \$4.50@5.00; 6.75; choice stock heifers, \$5.00@6.00; good to choice stock cows, \$5.00@6.00.

Milker quotations are: Jersey heifers, \$40 and up; good grade Holsteins, \$35 and up; good, grade Durhams, \$70 @100; good Jersey, \$50@75. Hog quotations are: Prime light, \$12.25@12.50; prime strongweights, \$12.25 @13.00; good to prime mixed, \$12.25 @13.00; rough heavy packers, \$12.25 @13.00; pigs and skips, \$1.50@3.00. Sheep quotations are: Choice lambs, \$8.25; common lambs, \$5.00@6.00; choice yearlings, \$5.75@6.00; choice wethers, \$4.75@5.25; choice ewes, \$4.00@5.25; heavy ewes, \$3.25@3.50. Subscribed for THE TIMES NOW.

## "Another Package from BOOTH'S"

### New Wash Cotton

Some very beautiful patterns in our new wash cotton goods are left, we are offering our entire stock at greatly reduced prices.

See the goods on display in our store. Materials selling for 25c to \$1.50 yard now 19, 29, 39, 50c.

### Embroidery

One lot of 45-in. embroidery flouncing \$2.50 to \$3.50 now \$1.79

# Courteen Seed Service

**BACK OF OUR** recently completed Twin Falls Warehouse and Cleaning Plant is "Courteen Service." Our facilities are at the disposal of our Idaho friends. Our cleaning machinery which is of large capacity and improved design enables us to clean with the very smallest percentage of waste. It will pay you to have your seed properly cleaned when harvested even if you do not sell. We will store it until you are ready to dispose of it. If you will bring in your seed before selling to others, we will clean and store it for you and absorb all charges for cleaning, storage and insurance if we buy the seed. If you are too far away to haul by team, ship by freight and we will also absorb the freight charges.

**We Buy Red, White, Alsike and Alfalfa Clover and Clover Screenings in Any Quantity. We Sell Cotton Grain Bags**

### PERSONALS

—Phone 33—

T. D. Fritcher was up from Buhi Monday.

Homar Craven was in from Hollister Monday.

Mrs. E. J. Roark is in from Shoshone Basin securing medical attention.

A. H. Vincent went to Montpelier Saturday to spend a few days on business.

Walter Gloyntin motored to Boise Sunday and is spending some days in the capital on business.

Mrs. Gries left Saturday for her home in Ohio, after a visit with Mr. and Mrs. Goff at Hollister.

David Jenkins, of Covington, Oklahoma, accompanied by his son, A. F. Jenkins, of Walkden, Missouri, left Saturday for Denver, after a visit with his son, E. J. Jenkins, in this city.

Mr. and Mrs. P. F. MacNamara were in from Rogerson Saturday.

Miss Theresa Hawley of Boise, is visiting this week with the Riley sisters.

County Commissioner T. E. Moore and family left Monday for Ketchum, on a week's outing.

Mrs. C. M. McGowan left Saturday for a few days' visit with Mrs. Zenas Smith of Pocatello.

Beasle Carlson left Friday for a two weeks' visit at Nampa and Caldwell, with friends and relatives.

Mr. and Mrs. M. D. L. Barstow were in Twin Falls from Buhi Monday on the way to the North Side to visit.

Mr. and Mrs. Allen Q. Fisher, Dr. Morgan and Frank McAuley, returned yesterday from a two weeks' auto trip to Jackson Hole, near Yellowstone park.

F. M. Millery of the North Pacific Construction company, was in the city last week looking over the condition of construction work on the Washington school building.

### State News

—From Exchanges—

**Nampa to Have Round House**—With the arrival here of two carloads of building material and the receipt by local O. S. L. officials of the way-bills for several more carloads, which are now en route to this point, construction operations on the long anticipated and much needed roundhouse which was made in the spring—Mackay mine increase output—Recently while in Salt Lake City, Mr. Leonard, of the Empire company, secured an arrangement for an increase of fifty tons per day, making the maximum shipments to leave the mine, two hundred tons daily. These shipments of this amount are to continue regularly and affords some relief at the mine, which has been blocked with ore ever since the curtailment of shipments was made in the spring—Mackay miner.

**Rupert Woman Hurt in Runaway**—"Grandma" McMillan, aged 75, was seriously injured, and other members of the family were painfully bruised last Saturday, when a team which Mr. McMillan was driving bolted near the Hunter place, just west of the city limits. Boys were responsible for the accident, by throwing mudballs at the team. "Grandma" McMillan is in a dangerous condition. Mrs. Robert DeLong's shoulder and side are badly bruised and swollen, and Mrs. Lute McMillan was badly bruised, saving her baby from injury by sacrificing herself.—Rupert Pioneer-Record.

**Soda Springs to Have Hotel**—Articles of incorporation of the Soda Springs Hotel and Sanitarium company, have been filed in the office of the county recorder. The purpose of the new company, according to the articles is to build, own and operate a hotel in Soda Springs and to purchase water rights and streams. The capital stock of the company is given as \$125,000 and is divided into 175,000 shares.—Soda Springs Chronicle.

**Jerome Builds New Elevator**—Last week the Jerome Milling and Elevator company broke ground for a new and modern elevator plant on its Jerome property at the corner of Second street and Avenue B, adjoining the yards. Rush orders were placed immediately for cement, lumber and other building material. The cement is expected in a few days and excavating for the 18-foot basement is already under way. The representatives of the Jerome Milling and Elevator company expect to have the building completed and the elevator in operation in sixty days.—Jerome North Side News.

### Pleasant Valley

Times' Special Correspondence.

Mr. W. B. Hoag has purchased a new chevrolet automobile from F. W. Swearingen of Kimberly.

Mr. J. E. Stone has been confined to his bed the past ten days from a severe attack of sciatic rheumatism. He is improving slowly under the care of Dr. Davis of Kimberly.

Ira Mitchell and Gordon Van Delph were among the sightseers at Shoshone fall Saturday. Both enjoyed a good time and say it is the grandest sight in the northwest.

Miss Bertha Nelson visited in the valley last week.

Mr. T. M. Atkins has several teams at work hauling brick from Kimberly for his new residence, the foundation of which was laid several weeks ago. The bricklayers will commence the laying of the brick walls this week.

William McCarthy and Al Waite were at Twin Falls Saturday.

Mr. Webster Howard and son John were business visitors at Hansen last week.

of the Colville Indian reservation in Ferry and Okanogan counties along the Canadian boundary.

Atkins Brothers are busy getting their grain thrasher and clover huller overhauled and ready for the coming season's work.

Mr. W. B. Hoag took a spin in his new car last week to look after his farming interests northwest of Twin Falls.

Mrs. Parke of Marshfield, is visiting her daughter, Mrs. Montgomery Brown. Mr. and Mrs. Horace Jones and Mr. and Mrs. W. S. Baty attended the dance at Jack Craig's home Saturday evening.

There is considerable travel to the mountains. Some are hauling timber and others are camping and hunting.

### Announcement

I wish to announce my candidacy for the nomination of probate judge, subject to the action of the Republican primary to be held on Sept. 6th.

H. E. POWERS

### HOW IS THIS!

1½ acres just outside of the corporation, new house, 36 bearing fruit trees. One block from car line, handy to school. Will sell cheap for cash, or will take good automobile as part pay. If sold within 30 days. Terms on part. Add. W. R. caro Times.—Adv.

In the Tuesday Times—See the Business Directory.

**TIMES PRINTING & PUBLISHING COMPANY, Ltd.**

**TWO DOLLARS PER YEAR IN ADVANCE**  
**NOTICE. DISCONTINUANCE.** Many subscribers prefer not to have their subscriptions interrupted in case they fail to remit before expiration. Notwithstanding this, it is not assumed that continuous service is desired; still, subscribers are expected to notify us with reasonable promptness to stop if the paper is no longer desired.  
Entered at the Twin Falls postoffice as second class matter as a twice-a-week publication, October 18, 1910.

**A SUMMER DAY'S JOB FOR THE VOTER.**  
How many voters in Twin Falls county feel that they are even fairly well qualified to select from the 36 Republican candidates, nominees for the 15 county offices to be filled at the general election next November?

This task, which will dismay the conscientious electors, is lightened somewhat for Democratic voters at the forthcoming primaries inasmuch as there are but 21 aspirants for the 15 nominations.

But when the duties of good citizenship impose upon these electors the necessity of selecting intelligently from the 26 Republicans and the 11 Democrats who seek their party's nomination for 10 elective state offices, in addition to so important a task as selecting a justice for the supreme court, to say nothing of a president for the United States, what can be said of the feelings of the voter who attempts to perform his duty conscientiously? We believe he will share our wonder and amazement at our government, with all its imperfections, is as good as it is, and attribute the result to the composite judgment of a great number of voters.

In county matters the first question that the voter will attempt to decide is whether or not the 16 county officials who seek reelection, only one of whom, it happens is a Republican, have performed their respective duties in a manner that merits general approval. The Republican who is distinguished, if in no other way, by being the military member of the party who seeks reelection, is T. E. Moore of Filer. But Mr. Moore is distinguished in more ways than one, for he is the only Republican candidate who had no Democratic opponent at the time of the filing of nominations closed Saturday afternoon. Among the other county officials who seek reelection, O. E. Carlson for commissioner from the second district, Judge A. W. Ostrom of Buhl for probate judge, Harvey Coggins for treasurer, Bertha Noel for superintendent of schools, James A. Bybee for surveyor and Charles J. Crosby for coroner, all have no opposition for the nomination. Frank M. Dennis is opposed by C. L. Green for the sheriff's office, John E. Kay for prosecuting attorney has two opponents, Chester G. A. Divilbiss, a Buhl man now at the border with company K, and Guy Kinney, a Twin Falls attorney, while D. P. Albion of Rock Creek, present commissioner from the east end, has an unusually strong opponent in J. M. Steelsmith, one of the most prominent of the east-end farmers, residing near Kimberly.

E. Lee Johnson, the Democrats' nominee for assessor two years ago, and who was defeated at the general election by the small margin of 153 votes, is in the race again this year. W. H. Karis of Twin Falls is also a candidate for the nomination. The present incumbent of the assessor's office is not a candidate for reelection, and the race for the Republican nomination lies between George W. Wilcox, who has been deputy in the assessor's office for several years, and John F. Hansen of Rock Creek.

In the Republican ranks interest centers largely in the contest for the nomination for sheriff, P. O. Herriman, the Republican nominee two years ago; Jas. A. Gallier, the Progressive's nominee at the last general election; A. P. Truesdale and Fred S. Hale, all have their hats in the ring. There is a three-cornered contest for the Republican nomination for commissioner in the second district, Alan P. Schier, E. B. Williams and J. C. Vannauden, being the gentlemen involved.

Brittonart Wolfe and Jesse L. Hensley of Hansen, seek the Republican nomination for county superintendent of schools, while Fred Drake of Filer, and E. J. Wilson are candidates for the nomination for coroner. H. E. Powers, and O. P. Davall are in the field for the Republican nomination for probate judge, George B. Schweitzer for treasurer, F. L. Stephan for prosecuting attorney, E. T. Newby of Kimberly, for commissioner from the east end, and J. M. Burkett for surveyor are without opposition for their nominations.

## COUNTY DIVISION UP AGAIN?

The careful and observant reader has probably wondered where the west-end of Twin Falls county is coming in as regards its share in the management of county affairs, for with the exceptions of Arthur W. Ostrom of Buhl, who is a candidate to succeed himself as probate judge, Miss Bertha Noel, a former Buhl resident, who has served two terms as superintendent of schools, and seeks reelection on her record; Chester G. A. Divilbiss, a candidate for the Democratic nomination for prosecuting attorney; with these three exceptions no nominations of west-end candidates were filed.

This becomes more significant when it is pointed out that all three of these exceptions are within the Democratic party, and that only Mr. Divilbiss' candidacy has been promoted from the west-end.

In passing to the legislative nominees, however, some light is apparently shed on the situation. Here we find a Republican nominated for the senate and another for the house, and a Democrat nominated for the senate and another for the house. J. H. Barker is the west-end candidate for the senate on the Republican ticket, on the Democratic ticket, John W. Paris. Mr. Paris served as a representative in the last legislature, introducing the measure, which had it been successful would have divided Twin Falls county in two parts on a north and south line one mile west of Filer. As representatives the west-end have presented William Ringert on the Democratic ticket and Fred Nihart on the Republican. Mr. Nihart has also been prominently identified with the county division movement. S. P. Atherton though, from Buhl, is not a divisionist candidate.

Obviously then, and quite naturally, county division becomes an issue in the legislative campaign. Quite naturally it assumes proportions as one of the most important, if not the dominant issue, in both the west-end and the east sections of the county.

Those who seek the division of Twin Falls county may be expected to do their utmost to secure the election to the legislature of the men whose names they have presented, in hopes that with these men representing Twin Falls county in the next legislature, the division of the county may be accomplished. Likewise it may very properly be anticipated that a similar interest will be apparent on the part of those who do not look with favor upon any division of the county whatever.

If the east section of the county opposes the candidacies of Barker, Paris, Ringert and Nihart, it is done not to deprive the western portion of the county from representation in the state legislature; but is done because these men, if sent to the legislature to represent Twin Falls county, will represent the interests of the county divisionists and not the interests of Twin Falls county. If THE TIMES is misinformed in this matter, it stands willing to be corrected. The men sent to the legislature, whether to the senate or to the house, must be men who will represent the county which elects them, and the interests of that county as a whole. A man who will do less than this should be defeated; a man who has done less than this should not be returned. Our legislators must not represent Twin Falls, nor the Salmon tract, nor the ambitious city of Buhl, but they must represent the majority of the people of the entire county; they should stand for the things that that majority stands for.

The question of county division in itself must stand or fall upon its merits; the people of the county as a whole to be the judge. In it there should be no room for bitterness, rancor, or mud. THE TIMES,

for its part, will have none of it. We stand for the unity of Twin Falls county; but we stand for fair play to everybody. We have heard from prominent Buhl people the complaint that the expense of presenting their arguments in favor of county division in Twin Falls newspapers had been made prohibitive two years ago. To those men THE TIMES extends the freest use of its columns to present such argumentative matter as they believe sustains their position. This is our position on all public matters, and it should be clearly understood.

In the field against J. W. Paris is W. F. Allworth of Filer, A. L. Swin and S. P. Atherton of Buhl are in the field for the Republican senatorial nomination. The Republican legislative aspirants showed up strong late Saturday, with the result that the following were filed: W. F. Allworth, a farmer on the Salmon tract, who was in the race last year; J. R. Hinton and E. P. Hinton, both of Filer; R. J. Day of Murtugha; P. S. Bell, and Norman Barker, of Filer. On the Democratic ticket, in addition to William Ringert, already mentioned, are: Judge Lawrence Hansen of Hansen, James Fitzgerald of Filer, and H. M. Sims.

## SALMON COMPANY GETS 10 DAYS.

Governor Alexander, at the meeting of the state board of land commissioners Friday afternoon, started out to clean up the Salmon situation, submitting to the board his recommendations that the state's contract with the Salmon River company be revoked, action brought to throw the affairs of the company into court and secure the reduction of the acreage of that project.

Mr. Barker, secretary of state, favored giving the company ten days of grace, and suggested August 15th as the date upon which to move definitely in the Salmon river matter, the company being given an opportunity to appear at that time, and the settlers invited to appear to co-operate with the board in determining the proper manner of procedure.

THE TIMES has time and time again insisted that the land board can wind up the troubles of the Salmon if it only goes at it in earnest. The action taken at Friday's meeting would indicate that the board means business. The next few days will tell.

## ONE GOOD JOB DONE.

When the city water works department moves it moves fast. This is evident from the time made in flushing out the waterworks system, suggested in Thursday's TIMES. During the last days of last week screens were installed at the intake to the system to prevent the filth inhabitants of the Snake river from making general use of the city's mains, and between the hours of three and six Sunday morning the contents of the system, alive and deceased, were washed out through numerous hydrants. The general character of the water has been much improved thereby. As a friend remarked: "I have to go home to my meals now, being unable to get sufficient nourishment from the water I drink during the day."

Early in the spring the city bought the water works system, as the first step towards securing a supply of PURE water. Six months later the city commences to STRAIN the water. May we progress as rapidly in the future ! ! !

## TWIN FALLS TAKES

### GAME FROM KIMBERLY

By Winning 4 to 3, the Local Team With Barley For First Honors.

STANDING OF TEAMS.			
	Won.	Lost.	Pct.
Twin Falls	3	1	.750
Burley	3	1	.750
Jerome	2	2	.500
Shoshone	2	2	.500
Rupert	2	2	.500
Kimberly	0	4	.000

By taking Sunday's game from Kimberly, four to three, the Twin Falls team now divides honors with Burley for first place in the league. Jerome, Shoshone and Rupert are again at the five hundred mark, while Kimberly has further cinched her place for the cellar championship.

Sunday's game was well played throughout and little occurred as a reminder of the unfortunate circumstances resulting with the game here a month ago. Christina pitched perfect ball with the exception of a bad ninth inning in which Kimberly annexed three runs. He allowed two hits and struck out twenty men, while Cook for Kimberly, gave eight hits and struck out six.

It was in the ninth inning that Kimberly showed every indication of overcoming Twin Falls' four run lead, and taking the contest for her own. The Twin Falls boys had put up a perfect game until this last, not a Kimberly man having reached first base, but a little let down in this frame game Kimberly had a chance to break the shut-out. With one man out, Christina walked a man, and then came Kimberly's hit. The next man up hit safely to left center. The next batter hit to Watson, who made a wild throw to the plate, letting two runs in. With one man out Kimberly then swung at the ball for two bases, bringing in her third run.

Bob Whitzel played a starring game, landing for a home run and a two-base hit with one man on. A slightly changed line-up was tried out as a result of "Frog" Walters' departure for Texas on a short visit. Whitzel switched to Walters' place at center field. Manager Christina having retained Harold Bybee, a former player on the Logan, Nevada, team to play short stop.

Other League Games.  
At Rupert, Shoshone 9, Rupert 1.  
At Jerome, Jerome 3, Burley 2.  
Next Sunday's Games.  
Jerome at Kimberly.  
Twin Falls at Shoshone.  
Rupert at Burley.

## NEW GROCERY FOR THE WEST END CITY

Andrew Stangle Opens in Stand Yacated by Runyon Brothers Who Reopened in Earp Building.  
No sooner had Runyon Brothers began to move their grocery stock to its new location in the Earp building than C. H. Turner moved his carpet store in and began work on now shelving for another grocery, says the Times. Manager Christian Stangle, manager of the Idaho Butchering & Packing company, is the moving spirit back of the new enterprise, but it is understood that other parties will be interested. Rumor connects Frank Fore-

JESS WILLARD PRAISES FARNUM'S WORK IN THE "FIGHTING BLOOD".  
William Farnum outshines all previous efforts in his fighting scenes in "Fighting Blood." Farnum's latest play to be shown at the Idaho Theatre, Thursday. He plays the part of Leon Hardy, the youngest of a family of fighters, who have gained reputation and fame on the battlefield and in the game of life. In the picture, Hardy becomes a clergyman. His church is invaded by a gang of toughs, former associates. Hardy, recalls his desire to fight, but at last cuts loose and throws the toughs into the street.

Harvey Oldfield, automobile racer, Jess Willard, heavyweight champion, and Frank Chance, one-time famous first-baseman, witnessed all of the actual scenes in the picture. Farnum as a specimen of fine physical manhood.  
"EXCUSE ME" AT IDAHO THEATRE.  
The scene of "Excuse Me" is aboard a coast to coast Pullman. The producers get a remarkable touch of realism into the production by sawing an entire Pullman in two lengthwise, then mounting it on a flat freight car. A plank was then fixed to the open side of the car and it was from this point the camera man risked his neck to secure the photography of the actual scenery, flitting by the car windows.  
The majority of the merriment in "Excuse me" is furnished by the often abused but highly respected ornament of travel—the Pullman porter, played by Geo. F. Martin, who is supported by a capable cast including Robt. Fischer, J. B. Hollis, Vivian Blackburn, and other well known comedians.  
Among the Pullman's passengers were two who were to have been married on the way to the train. Owing to the breakdown of their bride, they were obliged to broad it still unmarried with both accommodations for "Mr. and Mrs." confronting them with results in unexpected situations for the couple. A minister was finally found on the train and the novelty of a wedding in a Pullman followed.

## NOTICE FOR PUBLICATION.

Serial No. 014199.

## SOCIETY NOTES

Items for this department may be mailed, phoned or left at The Times office. Page 22.

One of the most successful club dances of the summer was held Friday evening at the Masonic temple. About twenty couples were present in spite of the heat and report a most enjoyable time.

Miss Lucille Kelly entertained twelve of her friends at an evening party last Thursday. Punch was enjoyed by the guests while they danced and a dainty two-course lunch was served by the hostess later in the evening.

A regular meeting of Kappa Delta Sigma and a kitchen shower in honor of Miss Grace Barger, were combined at the home of Miss Vera Ames Sunday evening. After the election of officers, Miss Vivian Conover was initiated. The party then enjoyed the second performance of the Idaho theatre, returning later to the home of Miss Ames, where a delicious two-course luncheon was served. Miss Barger was the recipient of many useful gifts.

Nine young ladies accompanied by Mrs. L. P. Jones, returned last Friday evening from a five days' camping trip to the Twin Falls. They were busy every day climbing cliffs, bathing at the beach, boat riding and fishing. One evening they welcomed Mrs. Fuller and Maude Woodington, who came with a freer of sherrbert. Those at the party were also and Eubel Hobbart, Mary and Nellie Howe, Vern Schultze, Vera Pickett, Arbutus Woods, Gwyn Hunt, Edith Boyd and Mrs. L. P. Jones.

A party of young people motored to Shoshone Falls Sunday afternoon, taking the motor boat from there and going to the beach and Devil's Churn to swim. After enjoying a couple of hours in the water they returned to the falls, where a picnic lunch was enjoyed. The party was composed of the Misses Alma Bonoff, Margarette Putnam, Veve Ames, Beatrice Ostrander, Gladys Dwight and Lesley Williams, and the Messrs. Charles and Zack North, Eugene Hart, Claude McKittrick, Albert and Harry Benoit.

Candidate For State Senator Makes Statement.

To the Voters of Twin Falls County: In my capacity for the office of State Senator I am very often asked my position on the question of "County Division," and deeming this to be a proper question to be presented I make the following statement: I believe in Twin Falls county as now constituted and that any division of the county, which residents have been out on the two Earp buildings, and the J. G. Sloan building, and additions are under way on the Buhl Hotel and the City Hotel. In addition my residences have been built or are being built.

We wish to thank our neighbors and friends for their kind remembrance in helping us in our loss, caused by fire, Saturday morning, July 29.

Mr. and Mrs. R. L. Wright.

## LEGAL PUBLICATION.

## NOTICE TO CONTRACTORS.

Sealed bids or proposals will be received by the undersigned at its office in the court house, in the city of Twin Falls, Twin Falls county, Idaho, at the hour of 2 o'clock p. m. on September 8th, 1916, for the installation of the plumbing and heating in the Twin Falls county hospital.

A certified check in the sum of \$500.00 payable to O. E. Carlson, must accompany each bid or proposal, as an evidence of good faith on the part of the bidder.

Plans and specifications for the plumbing and heating can be obtained from Ernest H. Gates, architect, First National bank building, Twin Falls, Idaho, on deposit of \$10.00, which will be refunded on return of plans and specifications.

The right to accept or reject any and all bids is reserved.

Dated July 24, 1916.

THE BOARD OF COUNTY COMMISSIONERS OF TWIN FALLS COUNTY, IDAHO.

DR. F. C. KEEBE

Dentist  
Central Building, Phone 486.BUHL OPERA HOUSE  
DESTROYED BY FIRE

(Continued from page 1.)

turo of a small explosion. Mr. Clinton and J. W. Faria, who live in the lower part of town, were both up in an instant, and when they rushed out found that the part of town in which they lived was already filled with smoke, which the theory is had been escaping for a couple of hours through crevices, as the smoldering went on.

The fire company was on hand at once and did splendid work. For a time the fire was kept under control, the Olson blacksmith shop and the Olds &amp; Overbaugh carpenter shop would be destroyed, but although these buildings lay in different directions, the fire boys sag distributed their efforts as to save them all. Burned were found all over town. One of Dr. McClure's new residence properties, two and a half blocks from the flames, was on fire twice and a partly burned chip was found in the yard of Alphon Johnson, three-fourths of a mile from town.

Although the fire company worked heroically, it could not prevent the fire from consuming the Hopkins &amp; Snodgrass frame building next door in which the Hudson Electric Supply company had headquarters. From there the flames spread into the two-room one-story frame house owned by R. C. Dodge of Portland, and occupied by Mrs. Ketchum and family and into the five-room two story frame dwelling occupied by C. A. Ideu and family and also owned by Mr. Dodge. The families occupied by the latter household effects. The opera house was valued at \$5100 and insured for \$3600. The losses to the other property cannot be definitely stated, as it is not known whether insurance was carried, but it is considered a conservative estimate to say that more than \$10,000 worth of property was destroyed. The opera house was used as an armory for Company K, and the lockers with a supply of target cartridges were destroyed.

Mr. Clinton said yesterday that he personally could not rebuild the opera house but it might be rebuilt by someone else. It is not known whether other owners will rebuild or not. The people of Buhl, while expressing regret at the occurrence point out that the loss is not as much as the difference with the appearance of the town.

taken by this auxiliary will be the supplying of needed articles to the boys of Co. D. Knives, sweaters, president of the Co. D. association, has expressed himself as heartily in favor of this movement, and has pledged the support of the association. Kits to contain various toilet articles are to be made in the near future and sent to Co. D. During the next week a barrel of canned fruit is to be sent, and later other boxes of fruit and jelly will be sent. Anyone who is willing to contribute is asked to send the fruit to Hickley's Cash Store, where it will be packed. Fruit should be in quart jars. For health reasons the boys have been ordered not to eat fresh fruit, so the canned fruit will certainly be welcome.

Various hospital supplies will also be prepared under the direction of the Co. D. association, and sent to headquarters. If there should be interest and demand, classes in first aid may be formed. It is not the purpose of this organization, however, to do work only while the national guard may need assistance in other communities. It is as useful in times of peace as in war. It is not necessary to dwell upon the admirable work done by the organization in other communities. It is hoped that in Twin Falls much may be done to bring about better sanitary conditions, and to raise the standards of health, as well as to help in any emergency.

An urgent appeal is now made for members. Membership may be obtained by payment of one dollar. Funds so received will be used for relief work undertaken by the society. Surely in Twin Falls there should be a large and active membership in this most worthy organization. Anyone who desires to join is requested to notify one of the officers.

## Grand Piano at Rogerson Cafe

Don't fail to hear the new grand piano at the Rogerson cafe, played by William Coburn, with violin accompaniment by Earl Schettler. Patrons are daily being delighted with the entertainment produced by these artists, and our menus are always sure to please.—Adv.

# THE MUTUAL GIRL AND HER AUNTIE

LUCILLE: Auntie, it is time we are getting some coal!  
AUNTIE: We have been getting such indifferent coal lately, Lucille, that I hardly know from who to buy this from. It seems you never get the same kind, you have to learn all over.  
LUCILLE: Auntie, just phone up Nye Bros. Coal & Transfer. They have the coal coming from a new mine, that has assayed just as good if not a little better than any mine and they get from the same mine all the time, so this will be a big help. You can get accustomed to it, and can be sure of getting the same all the time. They have their place just opposite the Ostrander Lumber Co., on Shoshone St., by the Rock creek bridge. Their phone is 83, or evenings 681. Their slogan is "Clean Coal," and that is what you want.  
AUNTIE: Well, Lucille, you had better call them up and order a ton right away.  
MORAL: BUY THE SAME COAL FROM THE SAME DEALER ALL THE TIME AND YOU WILL GET BETTER RESULTS ALL AROUND. Right to Nye Bros.

## COUNTRY'S ROADS GET MOST OF AUTO FEES

Sixteen Million Dollars Applied to  
Building and Maintenance of High-  
ways in 1915.

Ninety per cent of the registration and license fees paid in 1915 by automobilists to the state, or \$16,213,327, was spent for the building and maintenance of county and state roads, according to a compilation just published by the office of public roads of the department. In all, 2,446,554 motor vehicles were registered in that year, and their owners paid a total of \$18,246,713 for registrations and drivers' and dealers' licenses. This is an increase of 46,500 over 1914, and an increase of 734,225 in the number of vehicles registered. Automobile fees now defray nearly 7 per cent of the total amount spent on rural road and bridge building, whereas in 1906 the income from this source was less than three-tenths of 1 per cent of the total expenditure.

The growth of the volume of fees and registrations is noted by the fact that in 1901 New York, the first state to institute fees, collected only \$254. In 1906 only 48,000 cars were registered throughout the entire United States. By 1915, however, the number had increased to 2,446,554.

There is slightly more than one motor car registered for each of the 2,375,000 miles of road outside of the incorporated towns and cities.

The relation between cars and road mileage varies widely in different sections. Thus, in only one motor car for every 2 miles of rural road in Nevada, but nearly six motor cars for every mile of such road in New Jersey. There is an average of one motor car registered for every 44 persons in the United States. Iowa apparently leads, however, with one motor car for every 15 persons, while only one for every 209 persons is registered for Alabama.

## Kimberly News

Miss Margaret Russell of Emmett, left for Pocatello yesterday after a visit with friends on the U. C. ranch. Mrs. George O. Bremer and children are back from a visit with relatives in Walla Walla.

While delivering for the Grand Union Tea company in the country Tuesday, a wheel came off the wagon driven by W. M. Clark, the vehicle was broken and its contents spilled, but Mr. Clark was uninjured.

Mrs. E. B. Blodgett returned Tuesday from Monte Vista, Colorado, where she attended her father's funeral. Her brother, T. M. Knight, returned with her.

J. F. Farmer, of the Jerome Mill & Elevator company, was in Kimberly on business Tuesday.

The Mexican colony in the suburbs is growing as the best season approaches. The men are now in the harvest and hay fields.

Turner & Webster hauled several loads of wheat from their dry farms to the Electric mill this week. The wheat tests out 55 pounds to the bushel, and is of good quality, but the yield is small, owing to the dry season.

S. L. Sanford, formerly of New York and recently of the Central Auto company of Twin Falls, is now employed in the Swearingin garage.

Miss Rosa Harris of Ashland, Neb., is in Kimberly visiting Mrs. Frank Horn.

Dr. J. N. Davis yesterday gave out the following official report of the births for the month of July: July 5, Mr. and Mrs. John P. LaSalle; girl; July 10, Mr. and Mrs. Earl Meader; girl; July 17, Mr. and Mrs. E. S. Wilson; boy; July 18, Mr. and Mrs. H. D. Scott; boy; July 22, Mr. and Mrs. A. C. Felt; girl; July 24, Mr. and Mrs. Roy Kemp; boy; July 27, Mr. and Mrs. B. H. Atkinson; girl; July 29, Charley Larsen, boy.

## ONE CENT PAPER TO GO.

"The one-cent newspaper will be a thing of the past within a short time," predicted Attorney Redfield during a recent interview in Washington. "Prices have increased all along the line on nearly all commodities, and within the last few months there has been a steady increase in the price of the materials entering into the making of news print paper and an increased demand for paper."

"The indications are that early this fall, when new contracts are made, publishers will be unable to get out one-cent papers without a loss, and an increase in price will be imperative."

"From information which has reached me I am of the opinion that advertising rates will have to be increased also, as it appears that the increased cost of paper cannot be made up alone by the increase in price of the newspaper."

## LIST OF ADVERTISED LETTERS

IN TWIN FALLS OFFICE JULY 31

The following list of letters were advertised at the Twin Falls postoffice July 31:

C. L. Bishop, Lila Gooding Beckel, Agustin Badier, Mrs. C. Clark, Marshall Conover, George Champion, Robt. Carson, Mrs. Nona Cookerly, Mrs. L. S. Campbell, Mr. J. S. Dighi, Mr. Walter Bole, E. S. Evans, M. Bart Fitzgerald, Miss Idella Gordin, C. S. Grisham, Miss Hazel Hallman, Mrs. S. H. Heber, Mrs. S. J. Hayward, Miss Julia and Margaret Rogers, W. L. Holmes, Jacob Irwin, Miss Cora Jones, Mr. Pelham Jones, Mr. J. C. Johnston, Mr. Arthur Kingman, (2), Mrs. W. B. Kinick, Mr. A. Keller, Andrew March, Florence and Elsen Norley, E. J. Owens, Mrs. Pierce, Mr. Charles Friss, Mr. and Mrs. Frank Nelson, Mr. Ralph S. Nelson, Albert H. Smith, Lattie Smith, Mr. Ora Swartz, Elmer Bonner, Master Melvin Sykes, Mr. P. O. Wells, Mr. Lloyd A. Whitman, Mr. Andrew Williams, Phyllis, Norman Walter, Miss Bertha Wilson, Mrs. Lue Webb, Mrs. E. Walters, E. W. Wilson, 231 4th Ave. West.
