Announcement

R. J. Day, while announcing himself a candidate before the Republican primary for the office of state representative, is an anti-county divisionist. He will not lend his name to any ring of dirty, mud-slinging politicians, and he believes that the primary law was instituted for the purpose of getting away from this kind of politics, and to give every candidate an open field and every voter the right to vote according to his own dictation.

IMPORT 200 VOTERS TO FIX NOMINATION

CHARLESTON, W. Va. — Twenty men, including Edward O'Toole, representative of United States Steel, and interests in West Virginia Saturday were indicted by a federal grand jury at Webster Springs for alleged election frauds in McDowell county, this state. The indictments cover only one election district. An investigation will be made in every county where frauds have been reported.

O'Toole, who is a member of the governor's staff, is charged with having brought 200 voters into the state and that they were used as reporters to bring about the nomination of William F. Hite, a candidate for United States senator. Immediate trials will be sought and probably held at Huntington, W. Va.

"State visits have been made to the sick since June 1. In eight cases in families whom we have helped we have been instrumental, by correspondence and otherwise, in their removal from the city.

"In some instances funds were sent by relatives; in one, relatives came for them.

"In every case our society completely outfitted the families, even when the county furnished tickets.

"Five families have received help of fuel and groceries and some clothing who likely never were in such an emergency before and probably never will be again.

"Names are never given, only as it is absolutely necessary when our district visitors call; otherwise, entire secrecy is observed. Thus a spirit of neighborly kindness takes the place of charity."

TWIN FALLS STILL HOLDS FIRST PLACE IN LEAGUE

Defeats Rupert in Excellent 11- inning Game—Christian and Hart Fifth 5 to 3 Victory.

STANDING OF TEAMS.

	Won.	Lost.	Pct.
Twin Falls	5	1	.833
Burley	5	1	.715
Jerome	5	2	.715
Rupert	3	4	.429
Shoshone	2	5	.286
Kimberly	0	7	.000

By winning her game with Rupert Sunday, Twin Falls maintained her one game lead over Burley and Jerome, and is still strongly in the running for the leading place in the second series. Sunday's game was a close one and hotly contested during the total of eleven innings, but the combination of Christian and Hart was too much for the rival team.

Twin Falls scored two runs in the first. Robinson sent out a three-base hit. Walters got to first when he was hit by a pitched ball. D. Graves received free passage to first on balls, but Walters was put out when Graves was caught off first and had to achieve between first and second for some time before landing safely at second.

Robinson on third all this time seemed to be counting his money or taking in the scenery, for he overlooked a nice chance to score during the excitement. With Graves and Robinson on, Walters hit out a two-bagger, scoring both.

Rupert took advantage of loose play in the third and evened up the score. Another run later in the game gave the Rupertians a one run lead which lasted until the ninth, when Twin Falls tied the score as a result of an error by Frankish, Burley pitcher, and a two-base hit by Watson.

The winning runs came in the eleventh, when Hart, on the field, on Graves landed for a two-base hit, followed by another two-bagger by Watson. Anderson, next up, hit for a single, and scored both men. Final score 5 to 3.

One of the most interesting games of the season will be played on the local diamond Sunday between Burley and Twin Falls. If Twin Falls loses she will be tied with Burley for first honors. A "labor-day" game will also be played on the local diamond with Shoshone. This game was originally scheduled for Shoshone, but the management has arranged to have the game transferred to Twin Falls.

DUCK SEASON WILL

OPEN SEPTEMBER 1

POCATELLO, Idaho.—Deputy Game Warden Lehrman, who is also deputy for this district, has been notified that the federal authorities have ruled that the open season for ducks in Idaho will commence September 1.

As provided by the state laws, instead of one month later, which is the date set in the federal migratory bird law. This is a keen disappointment to all real sportsmen in the state, as it is well known that thousands of young ducks will be up and flying on that date, and, as a result, they will be slaughtered by pot hunters.

The present law is said to have been passed largely through the influence of non-residents who are members of duck clubs in the inland Park region, and local sportsmen, with but few exceptions, are preparing to join in the general movement for its repeal at the next session of the legislature.

WORK CONTINUES ON FOUNDATION OF NEW FREIGHT DEPOT

Work on the foundation of the new freight depot, the beginning of which was made last week, is now well advanced. The plans for the building have not been given out here. It is known that a platform 190 feet long will be constructed on one side and another 350 feet long along a new track which will be put in. The present depot will be moved to the new site and so enlarged and made over as to constitute practically a new building. The cost of the improvements will be about \$10,000.

MARKETS AFFECTED BY STRIKE

The local markets are all affected by the threatened strike of the Twin Falls Milling & Elevator company. It is announced that it was buying wheat and would continue to do so, so that it is not expected that there will be any shortage of grain.

The price has dropped from \$1.19 to \$1.30 in consequence of the trouble. Several seed houses reported that they would not seed wheat, as they were prevailing uncertainty. Local crops are worried in regard to fruits, as no perishable goods can be brought in at present.

Waters Endorses Atherton

I am opposed to County Division and as is generally known, I am standing squarely for the interests of the Settlers on the Salmon tract.

I am receiving endorsement from many voters, among them the following will be of interest:

Twin Falls, Idaho, August 29, 1910. Mr. W. E. Sanger, Twin Falls, Ida.

Dear Sir: In answer to your question would be pleased to endorse for you on the Republican ticket, S. P. Atherton, will say that I have known him for several years and in my opinion he is a man that would serve the county and state in an honorable capacity and would do all he could to better the conditions on the Caray Act projects should any measure arise in the senate, and at all times he would be for the betterment of conditions.

Hoping you may see your way to support Mr. S. P. Atherton for State Senator, I remain with best wishes for him,

The doctor must study years before he can write a prescription for you, the lawyer must pass an examination before you will trust him to win your case—why should you not expect equally thorough preparation on the part of the man who makes your photographs?

Mr. Bisbee valued his profession highly enough to definitely train for it before entering it and he holds a diploma from the largest and best photographic college in the world. The Bisbee Studio is the only studio in Southern Idaho owned and managed by a graduate photographer.

PERSONALS

—Phone 33—

Leslie Williams leaves on this evening's train for Berkeley, where she will enter the University of California for the fall semester.

Mrs. L. G. Helm arrived from Los Angeles, California, to visit her son, C. W. Helm, and to look after their interests here.

A farewell gathering was given on Monday evening at the home of Mr. and Mrs. S. W. Helm in honor of Mr. and Mrs. W. A. Kester and family, who left Wednesday morning by auto for Kansas City, Mo.

Miss Minnie Johnson of Kirkville, Mo., is visiting the home of Mrs. Frank Barrell, at 304 7th avenue east, and she likes Twin Falls and the surrounding country so well that she has decided to remain here. Miss Johnson is a saleslady of wide experience, having been employed in cloak and suit departments of large firms in the east, and has accepted a position as manager of the cloak and suit department of Jenkins & Co., of this city.

LOCAL BREVITIES

—Phone 23—

Off to College—Miss Selma Moenaw leaves tomorrow morning for North Manchester, Indiana, where she will enter college to take a special art course.

Slipped on Sidewalk—Mrs. Will Dowling, of Kimberly, slipped on the sidewalk while returning to her home one evening this week and severely sprained her right leg.

Licenses Issued—Marriage certificates were issued on August 28, to F. M. Stricklin and Beulah Taylor; on August 30, to W. L. Connor and Sylvia Gilman; C. A. Johnston and Louise Emery; and B. Van Every and Pearl Witherspoon.

G. A. R. Ladies Will Meet—The ladies of the G. A. R. will hold their next regular meeting at the I. O. O. F. hall next Saturday, to which all 1916 members are requested to be present.

Boy Scouts Need Room—As the church building where the Boy Scouts have met for almost three years has been sold, an urgent call is being sent out for new room at small rental cost where the boys may continue to form character under wholesome influences.

Receives Banking Booklet—The Twin Falls Bank & Trust company received this week several hundred booklets on banking methods which are being presented to all inquirers. The booklet treats of the many problems in banking and makes plain the methods used and the relation between the banking institution and the depositor.

Statute Had Run—Bryant Williams was placed on trial yesterday at Rogers on the charge of stealing a steel drill from a man named Craig. The charge was dismissed when it was learned that the alleged paroling had taken place so long ago that the statute of limitation had run.

New Library Books—The following books have been added to the Twin Falls public library: "Light of the Western Stars," Grey; "Heritage of the Desert," Grey; "Riders of the Purple Sage," Grey; "Dancer Gold," Grey; "Daughter of Storage," Howell; "Old Judge Priest," Cobb; "When a Man's a Man," Wright.

Fashion Show Tomorrow—The fashion show, announced two weeks ago will be held tomorrow afternoon at the home of Mrs. J. W. Graves at 107 Seventh avenue north. A number of beautiful costumes brought here by Mrs. Snodgrass of Tyler, Texas, will be displayed on living models consisting of a number of Twin Falls girls.

Story Hour Discontinued—The story hour which has been conducted during the summer by Miss Marie Dorey has been discontinued, on account of Miss Dorey's preparation to depart for Wisconsin where she will attend a kindergarten—normal—college. The

hour was pronounced a success by the children and their parents and it is authoritatively stated that it will be resumed next year.

Rev. Anderson Called—The Baptists of this city have called Rev. Anderson, who will give them final answer when he consults his wife at his home in Illinois. He has been supplying here for the past month in the pulpit which has not had a permanent pastor since the resignation of Rev. B. C. Miller. The congregation expressed warm satisfaction at his work.

More Trouble For Gregg—R. E. Gregg in jail awaiting trial on a burglary charge, has more misery in store for him if he is acquitted, as two plows, alleged to be the property of J. M. Stoenhith, were found on his place in Shoshone Basin last week, and he will have to face a charge for their alleged theft if he should be let out on the other charge.

Joe Fitzsimmons Much Upset—Last Saturday evening as Joe Fitzsimmons, the deputy game warden for this section, was driving into Starland, his headlights failed him and the turn of the highway approaching that place. He proceeded, driving very slowly, when he realized that the rear end of his car was sliding. Luckily he had presence of mind enough to crouch down behind his steering gear and brace himself against the dashboard of the seat. The car then turned completely over, lighting on its wheels, only breaking the top and windshield off in the mishap. Mr. Fitzsimmons suffered slight bruises on his shoulders but was able to get the car started again and started for Albion, getting in here Sunday evening, but putting his engine out of commission on the trip—Albion Nugget.

DR. HENDERSON GOES TO IDAHO FALLS

Government Hog Cholera Expert Will Have Charge of Department Work There.

Dr. L. C. Henderson leaves this evening for Idaho Falls, where he will take charge of the work of a department of the government bureau to be established there. Dr. Henderson has been connected with the bureau here for nearly two years and had, in company with its state head, Dr. Sullivan, done much effective work. The field at Idaho Falls is in bad condition at present, though no worse than the Twin Falls tract at the time that the department took charge of it. The disease, practically wiped out here and Dr. Henderson believes that the same result can be attained in the new field. A complete system of co-operation in the work of the government is being established. Dr. Henderson recently lectured in the district to which he now goes and many farmers' organizations were formed to combat the disease there.

H. C. VANAUUNDERLIN

Mr. Vanaunderlin is engaged in the auction and "breakdown" business with the firm of Leo & Vanaunderlin. He has been a resident of the tract since 1906, and has followed farming, livestock and grain raising since he came to this country, his business taking him to all parts of the country. For four years Mr. Vanaunderlin was sheriff of this county.

Announcement

To the Voters of Twin Falls County: I am against all combinations and political rings and am in favor of a free and open primary to each and every candidate. I am opposed to county division and for legislation in favor of the Salmon river tract settlers, endorse the candidacy of S. P. Atherton for state senator.

VOTE SEPTEMBER FIFTH

Beware of False Statements

Between Now and the Primaries

Take Care Not to Be Influenced Against Your Interests at the Last Minute.

County Division Means:

Two Sheriffs, two Clerks, two County Superintendents, two Probate Judges, two Prosecuting Attorneys, two Treasurers, two Assessors, two sets County Commissioners, a new set of county records, a new court house, an addition in taxes to every taxpayer; many other things which cost money. The source of revenue is not increased at all. Values lowered on account of increased taxes. We are the third county in the state for value. Let's make it first. Our county is not exceptionally large. One set of officers patrol and govern the affairs with ease.

SALMON RIVER PROJECT:

Every settler has been deprived of success from negligence on the part of the water company and bondholders. Every bondholder in the Salmon project is urging "give the innocent bondholders a chance." Is George Sprague, who is doing so much for Swim, innocent? Wake up! Promises don't get results—study who is who, and why. S. P. Atherton fought a \$300,000 bond issue and won. Did Swim ever fight for or against anything and win? We want a man we can find, and who will act, two years more delay on the Salmon river, being bankruptcy for settlers. J. A. Waters, who has fought so faithfully, and proved his worthiness to every farmer, endorses Atherton and urges upon you that he will assist you to get relief. You can't disbelieve this kind of citizenship. The hard fight is between S. P. Atherton and Mr. Barker at Buhl, who is in favor of cutting off a part of our county. In order to defeat this measure we must have men represent us in the legislature who can get results. men represent us who can get results.

Corporations of the state are now trying to control our Utilities Commission, and the State Land Board. Help us defeat such a dangerous measure. Several corporation attorneys and bond men are pledging their entire support to A. L. Swim. WHY?

We Are For S. P. Atherton

share of both funds. The total balance in both the road and bridge funds that would be available for repairs on roads and bridges would scarcely be sufficient to build the Hansen bridge, and this would leave the roads and bridges throughout the rest of the county without repairs. The whole thing was, therefore, impracticable without a bond issue. It was true that the board had passed the first resolution for devoting among other things, \$5,000 for preliminary work on the bridge in question, but that year—there was a bond issue which left more of the general fund apparently available, and the proposition was contingent on the raising by the state of a similar amount, which the state failed to do. Later it developed that the cost of the bridge highway was greater than anticipated, and the funds were exhausted on trying to get that into possible condition.

Mr. Carlson pointed out that he had objected to the passage of the resolution of September 15, 1915, at the time that it was adopted, on the ground that it was an amendment for another purpose and could not legally pass any binding resolution, and that he had suggested that a meeting be called at a later date when both sides could be heard. He said that he realized that there was much opposition in some districts in the east end of the county to the bridge at the point north of Hansen that had been suggested and said that the people there should be heard on the subject. Mr. Carlson said that he had been denounced for his stand in regard to a bond issue, but events had proven the correctness of his position. The resolution, after amendment by Commissioner Moore had been passed, however, although without legal effect. He wanted the bridge built at a point north of Hansen, and the board had figured on including it in the estimates for a bridge and road bond issue for the whole county, until they discovered that the situation was complicated by the fact that while the residents of the Buhl independent district would vote on the bonds and have to pay them it would be impossible for the board to legally divert any money from such issue into the treasury of the Buhl district. He then said he was doubtful about the feasibility of a possible heavy vote against the bonds at Buhl and the possible defection of part of the east end vote if the bridge should be situated at a site unsatisfactory to voters there, the bonds could carry. For this reason, the commissioners were in some doubt as to whether it would pay to proceed at this time.

Commissioner Moore had Mr. McMillan read the part of the minutes relative to the amendment inserting the clause providing the possibility of a bond issue into the original resolution. Mr. Moore corroborated the statement of Mr. Carlson regarding

the doubt into which the board had been thrown by the fact that the law prevented the division of the fund with the Buhl highway district, and said that steps would be taken to have this law amended at the next session of the legislature, so that the part of the county outside the independent road districts could be bonded without either levying taxes on the independent districts or permitting such districts to vote in such issues. If this law were passed the issuance of bonds for roads and bridges could easily carry the cost of the county.

Mr. Moore said that the sum allotted for bridges was insufficient for ordinary expenses and it was necessary at this time to take money from the road fund for bridges over the county which strictly should be paid from the bridge fund. All agreed that the general levy was insufficient for ordinary expenses of road and bridge upkeep.

The club directors took the position that regardless of the legality of the resolution of September 15, 1915, the people of the Hillsdale district had voted and sold bonds as a result of such resolutions, and it was the duty of the people of Twin Falls to endeavor to carry out the spirit of the pledge. It was suggested that an effort be made to agree on a site and to get outside figures in regard to the cost of the bridge. If the Hillsdale people would agree on a site which would satisfy folks interested on this side of the river, well and good, if they insist on a definite site, the directors felt that the proposition should be submitted and an effort made to carry the bonds. The commissioners agreed to take the matter up at once, with a view, if possible, of submitting a proposition at the coming election.

TALKS ON BANKING.
TRUST COMPANIES.

The trust company has well been
termed "the department store of bank-
ing." In that sense, it is a useful
whenever he needs done in a financial
way, dead or alive. It can accept de-
posits as a national bank or a state
bank, issue bank notes, it can make loans
similar to other banks. It receives
savings accounts. It may buy a bond
or a share of stock for a client; but
it cannot issue bank notes. It has
broader powers than either national
or state banks; for by law it is endow-
ed with "trust powers" denied to other
financial institutions until the Federal
Reserve act was passed two years ago,
enabling national banks to also act in
trust capacities, but this feature has
not yet been widely adopted by the
national banks. Trust companies are
under state laws, and are examined
and report after the manner of state
banks.

The chief distinguishing feature of
the trust company is the trust powers
above mentioned. It may be the ex-
ecutor of your will, or may be the
guardian of your children. You may
have your estate left in its care, and
it will make the investments, collect
the rents, pay the bills and turn the
proceeds over to whomsoever you de-
signate. It may certify that in a bond
issue, say of one hundred million dol-
lars, only one hundred dollars in
bonds have been issued, thus prevent-
ing an over-issue of securities. It may
transfer stock for corporations. It
may act as the trustee in a mortgage
bond issue, and hold the security that
protects the bond issue. It has broad,
varied and very useful and necessary
powers, and has become an indispen-
sable part of our present financial
scheme. We could not do business
without it.

The chief benefit of the trust com-
pany to the individual lies in its power
to act as the executor or trustee of
estates. If you make your will and
name an individual as executor, he
may die before you and another
must be named. If you may die before
your estate is settled and another
must take up the work where he lay
it down. All sorts of complications
are possible.

The trust company never dies.
Its life is perpetual. It is surrounded
by many legal safeguards. It must
invest the money of your estate in cer-
tain prescribed securities, whose
value is the highest known in invest-
ment circles. It has a force of trained
men who know how to make invest-
ments, keep books and render an ac-
count to the legal authorities and
beneficiaries.

The officials are experienced men,
whose services command large fees.
It has the machinery to do things
right. The fees for these services are
usually the same as an individual
would be entitled to, and therefore its
services are no more costly than pri-
vate parties would receive with all the
attending risk.

Not of accomplishment and those who
feel the importance of safeguarding
their estate from waste and misman-
agement are now making trust com-
panies a part of their financial plan.
Under their will, knowing full well the
risks of private administration and
the benefits of corporate management,
they now say: "I want to do it that
a bank can do; all that an individual
can do, and many things neither can
do, all of which functions have played
a part in making this institution not
only prominent in the banking world,
but an invaluable part of our modern
civilization. They can serve you well
during life, then can serve you better
after death. It would be well to call
on your local trust company and as-
certain how, in your station in life, it
can best serve you.

Peace—

then
what?

Reconstruction, of course! When the great
war is over, shattered Europe must be rebuilt.
Mediaeval architecture, crumbled by cannon,
will be replaced by well-lighted, well-venti-
lated, convenient and sanitary buildings of
the present day. In this tremendous rebuilding,

Certain-teed

Roofing

will play a leading role; for CERTAIN-TEED is the
twentieth century answer to the demand for roofing
that is economical to buy, easy to lay and inexpensive
to maintain.

CERTAIN-TEED Roofing is made in rolls; also in
slate-surfaced shingles. There is a type of CERTAIN-
TEED for every kind of building, with flat or pitched
roof, from the largest sky-scraper down to the smallest
residence or out-building.

It makes a clean, sanitary, attractive roof, with a very
low cost per year of life. It is guaranteed for 5, 10 or
15 years, according to ply (1, 2 or 3). Experience proves
that it outlasts the period of guarantee.

If you are interested in roofs, investigate CERTAIN-TEED
before you decide upon the type to buy. You will find CER-
TAIN-TEED for sale by responsible dealers all over the world.

The long life of CERTAIN-TEED is due to the
quality of the roofing felt and the character of the
asphalt saturation. This is a blend of soft asphalt
prepared by the General's blend of expert chemists.
The highest quality roofing felt is thoroughly sat-
urated with this soft blend, and is then coated with
a blend of harder asphalt, which prevents the dry-
ing-out process so destructive to ordinary roofing.

DEFEAT COUNTY DIVISION

Nominate This Ticket In the Republican Primaries

For State Senator

ARTHUR L. SWIM, of Twin Falls

For State Representatives

JOHN R. HINTON, of Hansen

W. F. MIKESELL, of Salmon Tract

NORMAN BARKER, of Filer

This is not a political movement--it is a taxpayers' movement, backed by voters all over the County--Democrats as well as Republicans. Buhl will combine Democratic and Republican votes on their division candidates, J. H. Barker and Fred Nihart. We must combine our vote on the above ticket to defeat the division scheme.

THE INTEGRITY OF THE COUNTY MUST BE MAINTAINED

Signed--EXECUTIVE COMMITTEE, ANTI-COUNTY DIVISION ASSOCIATION

THE STATE SENATORSHIP

The best means of bringing about county division is to start a fight among those who oppose it. Being strongly opposed to it myself, I proposed to Mr. Atterton that we mutually agree upon a small committee with authority to eliminate either him or myself in order that there should be no division in our ranks in the matter of the state senatorship. The proposition was not accepted and I have

therefore no choice but to remain in the field. My platform as before stated consists of two planks: Opposition to county division and a demand that Salmon River settlers be either given what they pay for or relieved from paying for anything that cannot be delivered to them.

Announcement

I wish to announce to the voters of Twin Falls county that I am (not on any combination) as to the tugboat ticket. However, I do propose to support S. P. Atterton for the office of State Senator--believing him under present conditions to be the proper man to represent Twin Falls county in the state senate.

As to how I stand politically I refer to the following endorsement of support given to a man of national

reputation from my native state--Iowa.

(Copy)

Des Moines, Iowa, January 21, 1909.

Mr. Frank Bell, Salem, Iowa.
My Dear Bell: I cannot permit the election for the full senatorial term to pass into history without a word to you. My friends have been the best of friends a man ever had, and as one of them I thank you most heartily for your efficient aid.

Yours cordially,

ALBERT B. CUMMINS.

I stand for a more efficient govern-

ment in both state and national affairs, and for the relief of the Salmon's settlers.

F. S. BELL.
