

COUNTY DIVISION SCUTTLED IN LEGISLATIVE FIGHT

FRED NIHAUT, DIVISIONIST CANDIDATE FOR LEGISLATURE, LOWEST MAN OF SIX—FAILS TO LAND 50 PER CENT OF DEM. AND REP. VOTE IN CITY OF Buhl—ATHERTON BEATS ALWORTH BY NARROW MARGIN—HANSEN AND SIMS LEAD BY BIG MARGIN FOR THE LOWER HOUSE—BARKER DEFEATS FITZGERALD BY 28.

FOR STATE SENATOR

W. P. Alworth, (Rep.)	3276
Fred Nihaut, (Rep.)	1883

Twin Falls county does not include in its legislative delegation this time a candidate favoring county division, and pledged to work for it. Fred Nihaut, Republican, of Buhl, who stands for county division, did not get far in the general election. Even the city of Buhl, wherein the county division agitation originates every two years, and which was supposed to be solidly behind their divisionist candidate, failed to come up to expectations. The So-Buhl vote cast in the two Buhl precincts has not been reported as yet, but Mr. Nihaut failed to get eighty per cent of the total of Republican and Democratic votes cast in those precincts. Adding to this total the So-Buhl vote, Mr. Nihaut will have fallen below three-fourths.

Mr. Nihaut's total vote in the western part of the county, however, will probably not reach two-thirds of the total vote cast in that section. Castleford, notably, registered its disapproval of the proposition of county division by giving Nihaut but seventy votes, he being the lowest man of the legislative candidates in that precinct.

The Legislature of the state has been organized to county division to "scratch" Nihaut is reflected in the vote for So-Buhl, where position on the ballot was opposite Nihaut. Since the high on the Democratic ticket and next only to the vote given the Wilson presidential electors. Judge Lawrence Hansen (Dem.) also ran high in the legislative ticket, gained through "scratching Nihaut." Hansen getting 3276 votes. The third place on the legislative ticket early settled down to a contest between Barker and Fitzgerald, both of Fliler, Barker winning in the Fliler county by 68 votes.

Twin Falls county will thus be represented in the next state legislature by two Republicans and two Democrats. Atherton in the senate and Barker in the house; and Hansen and Sims in the house.

Buhl voters, as a whole, were loyal to the party ticket. Although "scratching Nihaut" was as much manifest as in other sections of the county. Instead of throwing away all votes for legislators and voting for Nihaut only, they did when Fliler was running a year before, most went-over votes cast all three votes in the movement to defeat county division, received a total of 289 votes in the two Buhl precincts.

One of the surprises the west-end gave the county, was vote in favor of the Hansen bridge bonds. It was especially noticeable because of the Fliler opposition to Nihaut that Buhl would "knif" the bridge bonds. Since a two-thirds vote is necessary to carry these bonds, the county is grateful to Buhl for not showing its resentment in this way. Mr. Nihaut had promised the committee in charge of the bridge bonds that he would secure the cooperation of the Buhl people, and true to his word, no organized effort appeared on the part of the Buhl people to vote against the improvement, from which it was conceded that the city of Twin Falls would be one of the principal ones to benefit.

RICE GOT BIG LEAD HERE

John C. Rice received 592 in eighteen precincts representing on the office in this county, his opponent, R. N. Dunn, getting only 280. The vote on this office was very light.

BUILDING PERMITS WILL BE ISSUED

Ordinance Being Drafted Providing for Their Use

WATER RATES FOR BUILDING WORK ARE ABOLISHED.

Council Will Make Wages—City Engineer Reports in Favor of Sewer District—Sidewalk Report In.

Building permits will hereafter have to be received from the city clerk, by all who construct homes or business blocks within the city limits, the council making provision for this regulation at its meeting last night. The provision is to be contained in an ordinance, which City Attorney Herriott was ordered to draft, regulating water charges for construction work. The water tax for such work is rescinded and instead of a fee of \$1.50 for residences and \$10 for business blocks, will be charged including the water. These prices are only tentative, and may be changed when the ordinance is passed. The action was taken in response to a request from contractors that water rates be reduced or abolished for construction work.

City Engineer Bybee reported in favor of the creation of a sewer district northwest of the city including the Sylvester Newton, Murtough, Jones and Ashton additions, and the temporary disposition of refuse in separate areas or by other process. The report was filed.

The report of Street Commissioner Porter on sidewalks was received, and provision is made for the replacing of wooden sidewalks by concrete. The putting down of new walks on streets where new ones are needed. The report was accompanied by a plan which citizens are invited to examine at the office of the city clerk. The report was temporarily laid on file.

The semi-annual reports of the city clerk and city treasurer were received, as were the monthly reports of officers.

A report was made by Councilman Bobler on the request of city engineer Hansen to raise wages from \$2.50 to \$3 a day. The wages of two "water wipers" for the water system was fixed at \$7 a month, while the wages of the acting foreman under the water commissioner was fixed at \$8 a month.

BRIDGE BONDS CARRY; ALSO DRY AMENDMENT

Returns From Twenty-Two Out of Twenty-six Precincts Show Large Majorities.

The table below from all the precincts except Fliler, Rogerson, Shoshone Basin and precinct four in this city, shows a majority for the bridge bonds so large that it cannot be overruled. The prohibitory amendment is carried by a big majority.

THE "DOPE" ON THE DOUBTFUL STATES

THE TIMES received the following from the San Francisco Examiner this afternoon: "Returns from 3561 precincts out of 3917 in California, give Wilson majority of 1225."

Hughes lead in New Hampshire was 612, which the Democrats refuse to concede, and which they say is based on unofficial returns, is generally conceded to Hughes.

Latest information from Minnesota on 2490 precincts out of 2924, gave Wilson 160,309; Hughes 161,048. Vote is so close that rest of precincts must be counted, and therefore anything is known definitely.

Situation in North Dakota about same as in Minnesota, except that Wilson leads.

Information on West Virginia conflicts, though Hughes leads, on last count. Strong Democratic predictions yet to be heard. In the hands of Hughes' small majority in Republican parts. Senator Clinton of West Virginia, last Wednesday wired President Wilson: "I am sure that you will win in West Virginia. I have something definite. I congratulate you. You carry West Virginia."

While Wilson leads in New Jersey at the present time, and the Democrats refuse to concede New Jersey, it seems probable, however, that New Jersey will line up for Hughes in the final analysis.

Republican headquarters refuse to concede Washington to Wilson. They claim that the race is practically a tie, and that the race is practically a tie.

Nebraska, on the basis of latest returns, remains as before, in the Wilson column. There seems practically no basis for placing this state in doubt.

Giving Wilson the electoral returns of Nebraska, New Mexico, and Washington, his total is brought to 254. If he carries California where he seems safe ahead, he is elected. He can lose California and still win if he gets Minnesota, where the race is practically even. He can lose both California and Minnesota and yet win by carrying North Dakota and West Virginia.

On the other hand, granting New Hampshire to Hughes, and granting him New Jersey, he has still 244 electoral votes. West Virginia, which is all likelihood will go to Wilson, Hughes in order to win, must still carry all three of the following doubtful states—Minnesota, California and North Dakota.

STATE RE-ELECTS GOV. ALEXANDER

Majority of Democratic State Ticket Is Successful

SWEENEY DEFEATED FOR ATTORNEY GENERAL BY WALTERS.

Engelson, State Treasurer, and Redfield for Superintendent of Schools Only Republicans.

Late this afternoon Gov. Alexander was safely in the lead with indications that his majority would be in the neighborhood of 1,000.

Other Democratic candidates for state office, and Senator-elect, T. A. Walters for attorney general; William T. Dougherty for secretary of state; Clarence Van Dusen for state auditor; and Ernest L. Parker for lieutenant governor. No doubt remains except in the case of the latter, and it seems to have a safe lead.

French, the Republican candidate for congress, had growing leads, but seemed safely elected with about 4000 votes to the good for each. Late returns for the congressional Smiths were: French, 36,165; Smith, 36,334; Stanley, 32,724; and Kory, 29,982.

Parker, Democrat, seemed likely winner for lieutenant governor with 32,292 votes against the 30,938 cast for Holt, his Republican opponent.

Barker, who received 31,525 votes, seemed defeated for the place of secretary of state, his Democratic opponent, Dougherty, having 34,701 and the tie running in his favor.

Van Dusen, the Democrat running for state auditor, had 35,107 against 32,075 cast for Lewis, the Republican candidate.

Engelson, the state treasurer, who was elected re-elected, is now one of the few Republicans on the state ticket with bright prospects. At midnight he had scored 34,945 and Worthington, the Democrat out for the place, had only 32,480.

One of the surprises is the possible defeat of Sweeney; the Republican candidate for attorney general, who has only 32,465, while Walters, the Democrat, has received 35,850 votes.

Another Republican who will probably be defeated is Miss Beattie, candidate for superintendent of public instruction. She has 33,331 votes against 34,701 for Carlisle, the Democrat candidate, has polled so far only 31,862.

The small lead of R. N. Dunn for state auditor, and the formidable lead of Hughes for attorney general, who has only 32,465, while Walters, the Democrat, has received 35,850 votes.

The prohibitory amendment has been popular, having a big, safe lead of 6302. In all 10,127 votes favored the amendment while only 3825 votes were registered against it.

Items surely elected as justice of the supreme court, with 12,244 votes. Dunn, who has only 618, and who was elected to a big vote from the northern counties.

BRIDGE BONDS ARE ASSURED

Large Majority to the Good in Twenty-two Precincts

IMMENSE MAJORITY GIVEN TO PROHIBITORY AMENDMENT.

Right to Sell Increased Amount of School Lands Voted—Many Failed to Send Returns.

The bridge bonds are declared probably carried by a safe majority and the prohibitory constitutional amendment by an immense majority, in this county. The proposal to sell 100 acres of school lands annually carried by a large majority. In four of the precincts those reporting sent no information on the bonds. In twenty-two precincts complete the following results were secured:

For prohibitory amendment	3,599
Against prohibitory amendment	335
For bridge bonds	3,556
Against bridge bonds	1,368
For sale of lands	1,520
Against sale of lands	1,055

DEMOCRATS CARRY STATE LEGISLATURE

Unexpected Landslide Leaves Republicans at Home

LEADING REPUBLICANS ARE DEFEATED AT POLLS.

Governor Alexander Finds Himself Backed by Majority in Both Branches of Legislature.

That the Democrats will control both branches of the state legislature was now freely claimed at Boise by Democrats, and practically admitted by Republicans. The result of the election in the legislative body was a landslide, and the change results considerably. Governor Alexander will have behind him a majority pledged to his administration.

"One of the most startling features of the great Democratic landslide was the sweep the Republicans out of power in the state of Idaho is the retirement from the legislature of many senators and representatives who have been familiar in the legislative body for the last ten or fifteen years," says the Capital News.

"Among the prominent Republican leaders whom the people apparently determined to sweep out of power may be mentioned Senator John W. Hart, who served in the legislature for twenty years, and who was defeated for the first time in his life by George E. Hill, who was elected to the senate from that county; Senator Shepherd of Bear Lake county who was defeated by his Democratic opponent; L. J. Purcell of Pocatello, who was defeated by his Democratic opponent; and Senator Earl Wayland Bowman, the Socialist senator of Adams county, who during a session two years ago was always found in alliance with the Republican leaders in the state senate; A. H. Conner of Bonner county, speaker of the last house of representatives; O. H. Marshall of Blaine, who served as governor four years ago, who took the stump in behalf of Hughes and Davis last year; and Senator John W. Hart, who served in the legislature for twenty years, and who was defeated for the first time in his life by George E. Times Special Correspondence.

Again the ghosts of old hallowe'en walked about on that eventful night, playing pranks and committing innocent fun on their victims. One party of the olden ghosts gathered at the home of Marion Berthold, and with jack-o'-lantern and all else that go to the making of a ghost party, ranged around through the evening and at the close built a large camp fire. It is not generally known that the ghosts take of the material of life, but they do at least this special species of it. In the royal style in the pastime of waffles, sandwiches and cake, provided by the very substantial spirits, which included: Neva Jones, Glen Jones, Earl Jones, Henrietta and Anna Smith, Leon, Bernard and Leslie Martyn, Leroy and Charles Valentine, Cecil Marquis, Ray Brooks, Joseph Lloyd, Bonnie Caldwell, Elma Fren, Mabel Ferring, Marion Berthold. Also present were Mrs. Franklin Brown and Mrs. Herbert Cavender, who acted as supper preparations, unbeknown to the ghosts, except in to camp, with blood smeared sheets over them, and flourishing long butcher knives, evidently spirits from evil unknown.

Mrs. L. K. Jones was a guest at the H. Griffith home last week.

Ray Hall and wife, were guests to

Lifts Your Corn Right Off, Never Fails.

"Ever in your life are a corn come out like that? Look at the true skin underneath—smooth as the palm of your hand!"

Well now, look at that! Off Corns That Fast! Corns as thick as a wall.

The earth is blessed with the one, simple, painless, and reliable remedy that makes millions of corns disappear. It is called "GETS-IT". Apply it in 3 seconds. It draws the corn out of the skin, and the corn comes with knives and razors—wrap their toes in packages with knives or safety razors, then rub and raw with knives. Nothing like this with "GETS-IT". Your corns—your lift it off. There's nothing to press on the heel or hurt tonight on any corn, callus or wart. "GETS-IT" is sold and recommended by druggists everywhere. It's a little or a box of "GETS-IT" by E. Lawrence & Co., Chicago, Ill. It's sold in Twin Falls by S. H. Lawrence & Co., City Pharmacy, S. H. Lawrence & Co., City Pharmacy, Bedford-Peter, Drug Co.

dinner at the Percy Waleshaw home last Friday evening.

Master Bernard Martyn is on the sick list this week. He is better.

Charley Malony was a McMillanite last week on business.

John Ault and wife of Twin Falls drove through here Sunday on their way to visit the factory.

It. Griffith's daughter, Mrs. Nelson, of Nebraska, arrived here Sunday on a visit to her parents and relatives.

Mother Nature picked her first goose here last week, the feather falling in clumps of snow flakes, which were not exactly welcomed by farmers of this section who have grain to thresh and beats to dig. However it takes more than a few snow flakes to dry up that soil here that our farmers are not out for wearing.

Richard Pugsley was transacting business in Twin Falls last week.

Mrs. D. P. Clark has recovered from her recent illness.

Another jolly party was out hallowe'en night, this one being composed of the little folks and under the chaperone of Mrs. Herbert Cavender and Mrs. A. C. Rutherford. Their little ghosts ranging into the night over harmless pranks. Those out were Lester Orvil, Margaret and Howard Cavender, Keith Rutherford, Leroy and Clarence Hill, Clarence Simpson, Edward Waleshaw, Edith and Harold Wright, Isabelle Clark and "Sonny" Clark.

Nicholson Trappan and wife were shopping in Twin Falls Saturday.

Mrs. Marion Berthold, Leon Martyn and Leroy Valentine were guests of Miss Annie Smith, Sunday.

The Wagoner club met at the home of Mrs. James Herson last Thursday. A pleasant time was spent socially and in a business way. At the close duty refreshments were served, much to the appreciation of those present.

The recent price of wheat and potatoes soared up to 1.50 cent \$2.50, and potatoes the same price per hundred before dropping, which, as the prediction of farmers here runs, is but is but for a short time, then prices will run higher than ever by spring.

G. R. Voshell and wife moved out to their home at across the Salmon for the coming winter, last week.

Percy Waleshaw holds the record for the largest beet raised up to the present time, raising a beet that tipped the scales to twenty pounds.

Mrs. Cavender and Van Clift, with their wives, were guests at the Brown home last Wednesday evening.

The Winger family, who have been living on the Gray Bull place for the past year, are preparing to move to California within the next few days, as soon as Mr. Winger, who is over the north side disposing of a wagon load of home, returns.

Charley Shroll is threshing his clover crop this week.

Charles Dredfield took over his first load of furniture to the north side last week, where they plan on living soon.

Emil Fink is over from near Eden, looking for his best crop and hauling to the factory.

W. Shroll and wife were out visiting their sons, who live near here.

John Maxwell, who has been on the sick list for the past month with rheumatism, is convalescent.

Tom Shroll, a brother of Harley and Charley Shroll of this place, is over from near Eden. Tom once was a McMillanite.

William Buzzard is carrying a bruised hand in a sling, caused from an accident last week.

Mrs. Bert Johnson's father and mother, who have been visiting with them for the past month, returned to their home in Utah, taking with them their young grandson, Ray.

Charley Shroll and wife were guests of McMillanite.

A story comes from Kimberly of three "drunks" and several cases of booze, which runs as follows: Three men were hunting hawks to the south in Kimberly, but too much of the "boozie" got the best of them. The first driver decided to leave his load of booze standing on the dump, and he did, going home and going to bed. The other two, on their way back for another load, got into a fight and efforts were made for their arrest, but they escaped. This led up to a search for the third party, which the sheriff found when a search of the house brought to light several cases of the booze, which were promptly seized. The drowsy man was landed in jail but the other two escaped and from the last reports were hiding out near here.

P. L. Brown was a Filer business last week.

Mrs. Bert Johnson was a Twin Falls shopper last Thursday.

Franklin Brown and wife, Herbert Cavender and wife, and Marion Brown, auto out to the Salmon last Sunday. The farmers are all happy there and seem to be well contented with their crops. They say the water question will all come out alright and in the meantime they keep on improving their places, despite the many difficulties coming up in regard to the water proposition.

Mr. DeWitt and family of Filer, who recently purchased the Emil Fink place, are moving in this week, having a car set off at McMillan with their possessions.

Mrs. S. R. Nesbitt has returned home from Twin Falls where she has been nursing an old friend of that place, Mrs. Bert Herson, who is well known here, as they once owned a large farm here.

Kimberly News

(From the Kimberly Call)

The Kimberly High school civics has held an election Friday. The "no" and "pro" side of the vote for president were thirty-two to thirty. Republicans won in most of the other offices.

Cottolene

"The Natural Shortening"

Cottolene Doughnuts

Take part of fine bread dough, work in one cup of sugar beaten with two eggs and one teaspoon melted Cottolene. Mix a little nutmeg with one-fourth cup flour; add this and enough salt to make a stiff dough. Roll and cut, and fry them rise half an hour before frying in deep, hot Cottolene.

From "HOMEHELPS." Mailed free you will receive General Offices, Chicago.

Doughnuts that are doubly good

Doughnuts, when you use Cottolene for shortening, have an appetizing appearance and a lightness and flavor that make them a real delicacy.

It is the same with biscuits, pastry and all other baking that is done with Cottolene.

Use this pure food product for all shortening, as well as frying. It has no equal.

Ask your grocer for regular supplies of Cottolene, in large or small pails, as you prefer.

CELEBRATE WEDDING AT ROGERSON CAFE

Chief and Bride Honored by Reception and Dinner Given by Employees—Mr. and Mrs. Rogerson Give Luncheon.

To celebrate the wedding of James Taggart to Miss Blanche Hubcock, which took place at five o'clock last evening at the home of Mrs. Mary Wood, the Reverend C. L. Taggart, officiating, the employees of the Rogerson cafe tendered the bride and groom a reception and dance at the cafe, to which a hundred of the friends of the contracting parties were invited. Later in the evening a buffet luncheon, given by Mr. and Mrs. Robert Rogerson, in honor of the bride and groom, was served, and dancing continued until after one o'clock.

Mr. Taggart is well known about Twin Falls, as has been a resident of Twin Falls for more than twenty years and has been employed as chef at the Rogerson cafe for the past four years. Before her marriage Mrs. Taggart was one of the waitresses at the cafe.

A. L. SPARLING IS OUT ON PAROL

Man Charged With Obtaining Money Under False Pretenses Wants Legal Validation.

A. L. Sparling, convicted last December of obtaining money under false pretenses from Mrs. Lena D. Manhard, has been paroled from the penitentiary to which he was sentenced to a term of not to exceed four years, and arrived in the city yesterday for the purpose of trying to secure an appeal of the case to the supreme court. It is understood that time for making such an appeal has expired. The state charged that Sparling stole stock for the development of a ranch, which it was alleged he did not own at the time that he made the sale and which he was said, at least by implication, had not been paid for. The trial lasted five days and Sparling was found guilty. He claimed to have been at one time connected with the foreign service of the British government and the British staff at Seattle in connection with the war.

Sparling claims that a retrial of the case would vindicate him and that he hopes within the next few hours the plea and retrial transcript.

GAS PRODUCTION IS INCREASING GREATLY

Replacing Coal As a Household Fuel—Oil Furnishes Basis in Many States.

The use of artificial gas as a domestic and industrial fuel is increasing in household gas is replacing coal for cooking and to some extent for heating, and in the industries gas, mainly from by-product coke ovens, is being used for raising steam and firing open hearth steel furnaces. The advantages of gas as a fuel, not the least of which are its cleanliness and its ease of control, are well known. Many small cities and towns are using gas brought by pipe lines from the larger cities where it is manufactured. The utilization of artificial gas for illumination, however, is decreasing, mainly because of competition by electricity.

The quantity of artificial gas used in the United States in 1915 was 256,294,215,000 cubic feet, valued at \$72,182,132, according to statistics collected by C. E. Lester of the United States geological survey, department of the interior. This was an increase of 25 per cent in quantity and 17 per cent in value, compared with 1912, the next preceding year for which the statistics of this industry were collected by the geological survey.

The aggregate output of coal gas in 1915 was 128,103,345,000 cubic feet, valued at \$48,882,007, an increase compared with 1912 of 43 per cent in quantity and 33 per cent in value. Water gas enriched with oil, or carburized water gas, is more generally used in cities than coal gas and formed about 47 per cent of the total quantity of artificial gas sold in 1915.

In California, Arizona, and Oregon nearly all the artificial gas is made from oil and in some other states there are oil-gas plants. The quantity of oil gas manufactured and sold in the United States in 1915 was an increase compared with 1912, of 13 per cent in quantity and 12 per cent in value. The average value of oil and water gas in 1915 was 39 cents per 1,000 cubic feet compared with 92 cents for coal gas from retorts.

It is not possible to procure complete figures showing the sale of artificial gas for various uses, for the reason that in many cities the gas for illuminating and for fuel is not metered separately. The statistics collected by the geological survey for 1912 showed that 47 per cent of the artificial gas sold was used for illuminating. The statistics collected for 1915 show that 30 per cent of the gas sold was used for illuminating, 48 per cent for domestic fuel, and 22 per cent for industrial fuel.

The Theatres

BLANCHE SWEET IN

"PUBLIC OPINION"
Blanche Sweet, the brilliant Lasky star, who has established herself among the idols of the screen, will be seen at the Idaho on Monday and Tuesday, in the thrilling society drama "Public Opinion," written especially for her by Margaret Turnbull, celebrated novelist. It is a Paramount program release.

Blanche Sweet is one of the most interesting personalities before the theatre-going public. In each of the Lasky productions in which she has appeared, she is seen in a totally different role. She has been a different character in each one. She has been seen as a rag maffin, a member of the Russian royal household, a Swedish noblewoman, and now in "Public Opinion" she appears as a trained nurse on trial for murder.

The arrangements were entered into recently for the exhibition of the famous Jungle Comedies to be shown at the Idaho every Friday and Saturday for a few weeks only.

In these pictures will appear the educated E. H. Jungle Trained Animals. The first showing will be "The Jungle Trained Animals," Saturday night, in which will appear Napoleon, The Great, and Sally, His Mate, the Chimpanzee.

The children programs shown every Saturday afternoon at 2:30 p. m. and 3:30 p. m., are proving more than a success. Last Saturday there were fully 300 waiting to get seats.

FLY WHEEL BREAKS

AT SUGAR FACTORY

Large Piece Driven Through Ceiling By Force of Impact.

Tuesday morning an immense fly wheel at the sugar factory went out of control and flew to pieces. A number of men were standing nearby but nobody was hit. A large chunk of iron went through the ceiling, making a hole apparently smaller than itself, and the employees found it impossible to coax it back through the same opening.

TWIN FALLS 'LOSES' TO WEST END BOYS

First Football Defeat of Season Dealt By Buhl, 6-2

SCORE IS MADE ON FORWARD PASS CAUGHT BEHIND GOAL.

Twin Falls' Lone Two Points Made on Touchback in Second Quarter—End Cuts Local Rally.

In the hardest fought football game of the season, on their opponents' territory, Twin Falls lost to Buhl, by the score of 6-2. This was the first game lost by the local team in the six scheduled games played this season. The championship of southern Idaho lies between the local team and Buhl.

The game was called at 3:00, and Buhl received the ball, carrying it to the thirty-yard line. They attempted a forward pass, but made no headway. They tried line backs for a few downs, but a fumble placed the ball in Twin Falls' possession. The back line did some hard work in the line during the following half but the ball was lost again by a fumble. Buhl punted for safety.

Twin again returned the ball to the Buhl ten-yard line, where their opponents held them for down. Buhl again punted for safety.

Twin returned the ball a third time, and succeeded in scoring a touchback, which gave them two points. The quarter ended a moment later.

The first part of the second quarter was largely a repetition of the first, the ball being for the most part on Buhl's territory. In the latter part, however, Buhl advanced the play, and pretty hot pace, and only five yards separated it from the goal line when the gun sounded the close of the first half.

The third quarter was Buhl's quarter. They worked the forward pass with great success and made proportionate gains on line plunges. They carried the ball to the goal line three different times, but were unable to make a touchdown. The quarter ended with the ball on Twin's twenty-yard line.

The last quarter opened with the ball in Buhl's possession. They tried plunges and line plunges alternatively, and finally caught a pass just over the goal line. From this time on the game was Twin's insofar as playing was concerned. Buhl missed the goal kick, and failed in two direct attempts to make a Princeton. In the last attempt the ball was recovered by Scott, the defensive center, who carried the ball over fifty yards before he was tackled by a fast Buhl man. A series of end runs brought the local team into scoring position. However, just as the boys thought it to be a touchdown, a man to be theirs, the timer's gun exploded their expectations, and won the game.

The lineup was as follows:

Twin Falls.	Buhl.
Scott, center.	Kendricks.
McCracken, left-half.	Lindstrom.
Holmstrom, right-half.	Watts.
Holler, full-back.	Harding.
Twiss, right-end.	Stangio.
DeWitt, right-tackle.	Woodard.
Bulley, left-tackle.	Smithwick.
Day, left-guard.	Bohmiller.
Thompson, right-guard.	Edwards.
Steele, quarterback.	

Referee, Barker; umpire, Coulter.

This is the first defeat the boys have met this season, and is the first time since they began playing they scored on them. The game was won entirely by Buhl's excellent forward pass.

There will, to all probability, be a return game with them in a week or two. They are undoubtedly the strongest team the local boys have encountered this season, but the boys feel sure of winning this next game with them.

CATTLE AND HOGS BOTH GO HIGHER

Sudden Rise in Prices on Portland Market—Sheep Remain Where They Were.

Rather a tight supply of cattle were offered this morning on the market, although the demand was light for killing kinds. Trading in the feed or dairy was fairly good. Steady prices, with the first of November took all stuff, says the Portland Live Stock Reporter Monday.

With the continued light receipts today, buyers came out strong, and this morning and prices ranged from 15 to 35 cents higher on the various classes.

Quail was of a very ordinary variety, there being but a few loads of good quail sold during the day. All cattle were sold readily, there being a good call from packers and butchers. The receipts were only about 600 head.

Today's hog market opened with a good demand from all packers and butchers. There was a liberal supply in the pens—about 3000 head—which were all cleaned up in the early morning trade.

Conditions in the sheep trade remain practically unchanged. Receipts on the market are all from the valley. Quality was fairly good. Bulk of the receipts continued to come direct to packers.

SERBS STILL GROW BEARDS

Beard raising among the soldiers went so far that the French general staff recently sent out an order that in all cases the razor should be used freely. As a result several tons of precious whiskers came to grief, and this in spite of the fact that luxurious growths of whiskers are supposed to denote courage. But whiskers still grow untrammelled on the faces of the Serbians and the courage that they have recently shown in trying to regain their lost country would prove the old theory about the effectiveness of whiskers. The photograph shows a particularly luxuriant growth upon a Serb on the Salonika front.

1916 has been an unusual year with us in several ways. For instance, Christmas sittings were made in July in our studio this year—the earliest record for holiday work we have ever had in all our studio experience. These sittings were made for people who planned to lay all the pictures aside for holiday gifts.

Pictures that are out of the ordinary in style and excellence—that's the kind we make.

July may seem too soon to have pictures taken for Christmas giving, but in planning for photographs, it is very much better to be extremely early than it is to depend upon extremely late sittings.

The days are short in December, the daylight is bright for such a little time each day, and last but not least, several hundred other people are eager for photographs just when you are trying to hurry us in the finishing of yours.

The best service presupposes time enough for thoughtful work; the best service can not be unduly hurried—Come early.

WORK BEGINS ON THE NEW LAUNDRY

Murray and Watt Begin Construction Near the Power House—Will Be Modern in Every Way.

Work began yesterday afternoon on the new steam laundry across from the power house. The new building will be conducted by E. J. Murray and F. N. Watt, under the firm name of Murray & Watt. Mr. Murray is the proprietor of the existing steam laundry. Mr. Watt has resided here several years.

The new building will be 50x125 feet in size and will be of brick. All the machinery will be modern. It will be in operation about the first of the year. Mr. Watt said today that all work would be guaranteed. He will build a five-room residence on the lot adjoining the new building.

GRATEFUL THANKS EXPRESSED.
We would extend grateful thanks to the many lady volunteers of the churches who so faithfully and bravely assisted the few members of the W. C. T. U. who were able to work in the cold and wind on election day, that we might, indeed, have a dry Idaho.
Also thanks are due the Anti-Saloon League for their splendid business methods and support, and all who helped in any way.

Are You Going to Have a Public Sale?

I am again prepared to clerk your sale and purchase your paper, and am in position to quote you rates that I am certain will appeal to you as attractive.

I have a plan for the arrangement of terms that appeals to the various purchasers as being more equitable than those formerly in vogue in this community, and that will, at the same time, save money for the man holding a sale.

If you are contemplating holding a sale, let me submit my proposition to you.
I have no doubt but for real estate and other property for sale, I can do better than most.

DRYS GAIN FOUR STATES

Michigan, Montana, South Dakota and Nebraska Are Declared Certain.
Chicago, Nov. 8.—Prohibition made noteworthy gains in yesterday's election. Its greatest victory was in Michigan, where it is asserted on the returns at hand that all the remaining wet spots in the state have been eliminated. This includes the city of Detroit, the great industrial center, which voted to wipe out the saloons by a majority of 25,000. This puts out of business 3208 saloons and 79 breweries.

The wet and dry issue was up in eight states: Michigan, Montana, California, Missouri, Nebraska, Florida and South Dakota. The prohibition leaders asserted they were certain to win in four of these, Michigan, Montana, South Dakota and Nebraska, with excellent chances of making gains in the others, principally Florida and parts of Missouri.

MILES POINDEXTER

Re-elected United States Senator from the State of Wisconsin.

Representative Mann Re-elected.
Chicago, Nov. 8.—James R. Mann, minority leader of the house at Washington, on whom a vigorous fight was made by the dries of the second Illinois congressional district, was elected by an indicated plurality of 10,000.

Michigan Goes for Hughes.
Detroit, Nov. 8.—Democratic State Chairman Stevenson conceded Michigan to Hughes by "a normal republican majority." Michigan is normally republican by 100,000.

Wisconsin Goes for Hughes.
Milwaukee, Wis., Nov. 8.—Early returns indicated Hughes running well ahead of Wilson and polling practically all the 1912 combined republican and progressive vote.

McCormick's Precinct for Hughes.
Harrisburg, Pa., Nov. 8.—The first precinct of the fourth ward, the home of Vance McCormick, democratic national chairman, gave Wilson 98, Hughes 185.

"Wets" Apparently Win in Maryland.
Baltimore, Md., Nov. 8.—Late returns from Baltimore indicate the defeat of prohibition by a majority of more than 10,000.

Notice

The replacing of the wooden sidewalks throughout the city with concrete indicated Hughes running well ahead of Wilson and polling practically all the 1912 combined republican and progressive vote.

BE CAREFUL OF GAS SAYS CHIEF CARLSON

Approach of Winter Increases
Danger from Explosions

GASOLINE CLASSIFIED AS ONE OF
MAIN CAUSES OF FIRES.

Do Not Store in the House or Use in
Room With Fire—Danger Cited in
Cleaning Sift.

Now that the cold autumn weather has set in, with its increasing danger from fires, Fire Chief Fred A. Carlson is anxious that the people of Twin Falls co-operate with the fire department in minimizing probabilities of conflagration, and for this reason Mr. Carlson has made the statements which follow in the hope that they may warn the people to greater care, particularly in the use of gasoline. In addition to this the fire chief urges those who have trouble with their chimneys please to have them cleaned and prevent possible chimney fires.

The statement made by Chief Carlson is as follows:

Since the development of the motor car, the number of fires due to gasoline has enormously increased. Today gasoline is reckoned as one of the primary causes of conflagration. One of the peculiarities of gasoline is that it will not burn or explode. The explosion is not after referred to in the gasoline vapor, and gasoline vapor is one of the most deadly explosives known.

Gasoline is a powerful explosive and far more likely to be set off. An explosion of a mixture of 10 per cent of gasoline vapor with air has been known to wreck a small house completely. The idea of the house being blown out, the roof collapsed, the wreckage was set on fire and the whole thing destroyed.

Gasoline vapor is heavier than air and falling to the floor follows the course of the draft. If it is drawn carries it to a fire, which it is very likely to do, the flame shoots back like a trail of gaspuffer to the source of supply, and either ignites the gasoline vapor or causes an explosion.

In spite of these things householders use gasoline as if it were so much water. It is used for so many household purposes, and the way from the pump to the kitchen, that it is not killed, he stands a good show of losing all his possessions.

Gasoline should never be used in a room where there is a fire. It should never be used at night, and never in the house if it is possible to go out of doors.

In cleaning silk dress care should be taken. The tendency of silk to generate static electricity is well known and when it is rubbed violently this is increased. The discharge of this electricity may take the form of an invisible spark, but that spark is not enough to ignite the gasoline vapor.

stored in larger quantities, it should be contained in an underground tank and raised by a pump. The further away from the house that tank is kept the better.

These rules, which apply to the use of gasoline should also be followed in handling kerosene, benzine and other highly volatile oils.

It is not so many years ago that the starting of a fire in the stove with kerosene oil was one of the standard jokes of the comic papers. It was no joke, however, to the person who tried it once too often.

Recent experiments have shown that static electricity frequently is generated by pouring gasoline into an ungrounded metal container. This is the cause, undoubtedly, of many fires in garages. The gasoline is allowed to fall into a pail with a wooden handle, which hangs from the spout of the container. When the gasoline becomes overcharged, the resulting spark starts a fire.

DEMOCRATS HOLD SOLID SOUTH

Florida for Wilson by 15,000.
Jacksonville, Fla., Nov. 8.—Returns indicate Wilson's majority will be 15,000.

Mississippi Gives 75,000.
Jackson, Miss., Nov. 8.—Mississippi gave 75,000 for Wilson probably will reach 75,000. All members of the congressional delegation were re-elected without opposition.

Arkansas Larger Than Usual.
Little Rock, Ark., Nov. 8.—Returns indicate a Wilson majority bigger than four years ago by 20 per cent.

North Carolina in Wilson's by 50,000.
Raleigh, N. C., Nov. 8.—Democratic majorities apparently are maintained in all districts, party leaders claiming 45,000 to 50,000.

Alabama for Wilson by 60,000.
Mobile, Ala., Nov. 8.—Returns indicate Wilson's majority in this state will be 60,000. In 1912 it was 50,019.

Georgia Strong for Wilson.
Atlanta, Ga., Nov. 8.—Returns indicate that of 135,000 votes cast throughout the state, 100,000 were democratic.

Tennessee in Line for Wilson.
Memphis, Tenn., Nov. 8.—Tennessee will go overwhelmingly for Wilson for president, but there is a close race between John W. Overhill, republican, and Thomas C. Rye, democrat, for governor.

Louisiana for President Wilson.
New Orleans, Nov. 8.—Returns indicate that President Wilson has carried Louisiana by 50,000. Democrats elected eight congressmen.

South Dakota for Hughes.
Sioux Falls, S. D., Nov. 8.—Indications are that Hughes has carried South Dakota by a plurality of 15,000. The prohibition amendment was adopted by 20,000 and the suffrage amendment by 10,000. Peter Nordbeck (rep.) will win for governor by 25,000.

Iowa Goes Republican.
Des Moines, Nov. 8.—The returns from nearly all parts of Iowa indicated that Hughes would carry the state by about 30,000, and Harding, republican candidate for governor, by more than 100,000. If the present voting ratio continues.

WILSON APPARENTLY WINS WASHINGTON

Lister, in Late Spurt, Passes
McBride for Governor—
Poindexter Has Lead.

Seattle, Wash., Nov. 8.—Reports from all over the state indicate that a heavy vote has been cast, with President Wilson maintaining a consistent lead over the republican nominee, Charles Evans Hughes.

The surprise of the vote so far is the strength of Governor Ernest Lister, democrat, who in a late spurt passed Henry McBride, republican.

United States Senator Miles Poindexter will be re-elected by about 35,000 plurality over his democratic opponent, former United States Senator George Turner. Defeat overwhelming is indicated for both Initiative No. 34, the so-called hotel liquor bill, and Initiative No. 24, the brewers' bill.

HENRY MCBRIDE
Probably Elected Governor in the
State of Washington.

Representatives in congress, Albert Johnson, in the third district; Lu Hadley, in the second, and W. L. LaFollette, in the fourth, will be re-elected, all republicans. The republicans will have two more in John F. Miller, from the first district, and Tom Corkery, in the fifth.

The cities seem to be inclined to Wilson, although giving the republican nominees for governor and senator good leads.

HUGHES' MAJORITY IN ILLINOIS 150,000

Chicago, Nov. 8.—Illinois is back in the republican column, and by a majority sufficient to dispose of any grounds for argument. Hughes has carried the state by at least 150,000.

Frank O. Lowden, for governor, has defeated Edward F. Dunne, the democratic incumbent, by about the same figure.

The outstanding surprise in Illinois, more especially in Chicago and other big industrial centers, was the vote for Hughes by the workmen. Democratic leaders had confidently expected that the labor vote would go practically solid for Wilson and Dunne.

Republicans would not concede this claim but expected a majority of the working people's votes, especially the labor union element subject to the influence of Gompers, would swing to Wilson.

To the surprise of managers on both sides, the labor votes appear to have gone to Hughes. This explains why Chicago has given Hughes a majority.

HUGHES IN THE LEAD IN OREGON

Single Tax and Beer Amend-
ments Appear to Have
Been Defeated.

Portland, Or., Nov. 8.—Charles E. Hughes probably has carried Oregon for president by a plurality that may reach 15,000.

Hughes in leading Wilson in Multnomah county by a narrow margin.

Hughes is maintaining a good lead in most of the western counties. He appears to have carried Benton, Clackamas, Clatsop, Columbia, Coos, Crook, Gilliam, Hood River, Klamath, Lane, Lincoln, Marion, Sherman, Tillamook, Wasco, Washington and Yamhill counties. His lead in Clackamas is small.

Wilson is leading in Baker, Douglas, Jackson, Jefferson, Linn, Morrow, Tualatin, Union and Wallowa counties.

W. C. Hawley has been re-elected representative in congress in the first district and N. J. Shumit in the second district. Both are republicans.

C. N. McArthur, republican candidate for congress from the Portland district, is maintaining a consistent and apparently safe lead for re-election over A. W. Jeffery and John A. Jeffery, the democratic nominees.

Don W. Olcott has been re-elected secretary of state.

Frank A. Moore, of Columbia county, and George H. Burnett, of Marion county, have been re-elected justices of the supreme court by substantial pluralities. Both are republicans.

John D. Mickle, of Portland, was re-elected distric and food commissioner. The single tax amendment was overwhelmingly defeated. Every county reporting has given a decisive vote against it.

The brewers' bill likewise has been moved under. The margin against it is large in the outlying counties.

The absolute prohibition bill is running close upstate, and the result on this measure is in doubt. Unless Multnomah county, heavily against it, this bill, which would prohibit the importation of liquor, may carry.

WEATHER FAVORS VOTERS

Heavy Vote Is Cast Throughout the Country.

New York, Nov. 8.—Fair weather, general throughout the country except in the upper Mississippi valley and in western Colorado, accompanied by agreeable temperatures, brought out the voting boats early today. Reports from practically all sections indicated that a heavy vote had been cast, and some points reported that the bulk of the vote was in before 10 a. m.

All the New England states in their early reports of the voting dwell on the heavy early balloting. Providence, R. I., reported that throughout the state it was the heaviest ever known.

New York state and other middle Atlantic states reported an unusually large early vote, and similar reports came from the west and south.

Utah Favors Wilson.

Salt Lake City, Nov. 8.—Returns indicate that Wilson has carried the state and that United States Senator Sutherland (rep.), and Hamberger (dem.), for governor, are elected.

Johnson Run Strong in California.
San Francisco, Nov. 8.—A plurality of 200,000 for Governor Johnson, republican candidate for senator, was claimed at republican state headquarters.

NEW YORK FOR G. O. P.

Hughes Lead in State Is Approximately 75,000.

New York, Nov. 8.—Charles E. Hughes led President Wilson in the presidential contest with a plurality of 75,000. Wilson's lead in Greater New York was about 40,000, while Hughes led upstate by 104,000.

The democrats made gains in several industrial cities upstate, but the country districts remained overwhelmingly republican. The most notable increase in the democratic vote was in Buffalo, second largest city in the state, which Hughes carried by only 3,373, although it was carried by Whitman for governor two years ago by more than 19,000. Slight democratic gains also were shown in Rochester, Syracuse and Albany, the banner republican cities of the state.

From returns received it was apparent that Charles S. Whitman had been re-elected governor over Samuel Seabury, his democratic opponent. William M. Calder, of Brooklyn, a former representative to congress, was elected United States senator over William S. McComb, former chairman of the democratic national committee, by a large majority.

A strong plurality for the General

If the vote tomorrow were to be cast for most popular roofing, instead of for the election of national officials, there would be an overwhelming plurality in favor of CERTAIN-TEED Roofing.

This is indicated by the fact that "The General" makes 1/4 of all the asphalt roll roofing made in America. The balance is "scattered" among 39 other manufacturers.

Each year, CERTAIN-TEED rolls up a strikingly increasing number of advocates, because this type of roof is coming to be recognized as the most efficient covering for all kinds of buildings, with either flat or pitched roofs.

Certain-teed Roofing

is clean and sanitary, costs less to buy, less to lay, less to maintain and less per year of life. It is guaranteed for 5, 10 or 15 years, according to ply (1, 2 or 3). It actually lasts longer.

The secret of this long life lies in the quality of the roofing felt, and the asphalt saturation. Roofings do not wear out—their life depends upon the length of time they retain the saturation. CERTAIN-TEED is made of the best quality of roofing felt and is thoroughly saturated with the General's own blend of soft asphalt, which keeps the inner saturation soft and prevents the drying-out process so destructive to the ordinary roofing.

CERTAIN-TEED is made in rolls, also in slate-surfaced shingles. There is a type of CERTAIN-TEED for every kind of building, with flat or pitched roofs, from the largest skyscraper to the smallest residence or out-building.

CERTAIN-TEED is sold by responsible dealers all over the world, at reasonable prices. Investigate it before you decide on any type of roof.

NOTICE TO WATER USERS.
It is planned to make a domestic run of water in the Salmon river system, starting about November 15th. As only a limited quantity of water has accumulated in the reservoir, it will be necessary to restrict the period during which water will be available for each user to about 24 to 36 hours. This should be ample time for filling cisterns and stock ponds if proper preparations are made in advance for receiving and taking care of the water.

Careful and diligent effort will be made to serve users promptly and fairly, but in case of wood jams or other irregularities the water master will appropriate the assistance and co-operation of the farmers in keeping the canals open, as the available force of experienced riders is small at this time.

A clearing house of building ideas for the prospective home builder—

—that correctly describes our lumber office, and especially so for the man who wants a combination of attractiveness and moderate cost in his new home.

A few minutes spent in looking over our "Cottage Home Series" of Customers-Aid Plans, may readily prove worth your while.

These Customers-Aid Plans are what their name implies. They do not attempt the completeness and thoroughness available from the professional architect.

—but they will help you to get your ideas carried out by either your architect or your contractor.

And the service costs you nothing.
