COUNCIL TAKES COUNSEL ON THE CANNON APPEAL

REVERSAL OF RULING OF MAYOR E. M. SWEZEY

Myers and Kinney Authorized to Prepare Ordinances of City For Codification—Sprinkling Intentional Ordinance is Enacted.

The resignation of Councilman Beahler was declined Tuesday night by a council meeting, which took under consideration the appeal of D. E. Cannon for a pool hall license over the refusal of Mayor Swezey, heard several requests about water and sewer connections, reviewed the report of Engineer L. C. Kelsey on the waterworks and ordered that a thousand dollars be paid to him. In order for the present the proposed bond election for waterworks and the other proposed election for the resumption of Shoshone street paving intersection.

Mayor Swezey after the council meeting to prepare codification of ordinances for the sum of \$250, fixed the voting places for the forthcoming city election at the Johnson garage and the Perrine hotel, passed an intentional sprinkling ordinance, received the monthly reports of officers and paid the regular monthly bills.

Last year the mayor refused a cardinal license to Cannon. An ordinance somewhat similar to the card license was passed last year governing pool halls, with the difference that it granted an appeal from the decision of the mayor to the city council, and provided that the bond from the pool hall proprietor making the appeal, and might grant a license without the consent of the mayor, should be returned to the council. Cannon was running a pool hall at the time that the ordinance was passed and the license refused. He was arrested from an indictment for the same offense and serving a term of one year in the district court from the Police Judge, W. J. Smith. He also appealed from the decision of the court. On Tuesday night he appeared in person and by Attorney W. H. Guthrie. The attorney presented the case, pointing out that since the mayor's decision of punishment, he had lived the life of an exemplary citizen and had obeyed all the laws of the state and city. Mayor Swezey advised from what he had personally observed and what had been reported to him by the police, the statements of counsel were correct. Cannon was asked to state before himself and his place of business properly. For this reason it had not been closed pending the appeal to the council from his decision. He asked that the council investigate for itself and it agreed to do so.

"Harry Patton" wanted information about "Harry Patton" who was a detective who had been arrested. Law and was assured that the matter would be attended to as soon as practicable. J. N. Clark was present and was assigned for a sewer right of way across his place and the land of others in his neighborhood on Fourth street east, and the matter was referred to City Attorney Herriott.

It appearing questionable whether an election could be legally called to vote bonds under the provisions of the amended Bill No. 111, the ordinance drafted for the submission of the waterworks and for the paving of Shoshone street intersections were returned to the council. Mayor Swezey, who, with City Attorney Herriott was on the committee to secure officers from the attorneys to act as referees in the matter, reported that the officers of the ordinance, who were to carry out the ordinance, had been scattered topsy turvy through the book where they are passed. The council ordered that the officers be returned to their office had been accepted.

The sprinkling intentional ordinance, which was passed for the property of those participating for water. The rest of the business was routine.

DREAD OF WATERWAGON HABITUES HAS PROVEN TO BE UNFOUNDED

BELIEF IS STRIKE WILL BE AVERTED

President Wilson Declares it Unpleasant in Face of Crisis—Eastern Roads Announce Embargo.

(United Press) WASHINGTON, March 15.—There is a growing belief in official circles here that both a strike and railroad controversy will make every effort to avert a strike and few think that it will actually occur. President Wilson regards it as unwise to believe that it will occur in the face of an international crisis.

CHICAGO, March 15.—The Baltimore and Ohio, the Southern Railway, the Big Four, the Illinois Central and the Frisco railroads have placed embargoes on the sale of railroad bonds which cannot reach their destination before the time alleged to have been set for the strike. The stock market has reacted to the embargo announcement, and developments would influence its future action. Officials of the western roads are at a conference of the city, determining a policy in regard to an embargo.

NEW YORK, March 15.—The railway managers and brotherhood chiefs held a conference at 11:30 this morning. The brotherhood are prepared to accept a conference of the city, calling the "first session" of the strike Saturday evening. Realizing that the brotherhood's combined strength must be shown, they are determined to give the city a resolution, reviving the right to call a strike. The city is expected to call a meeting and adjourn and the conference went to lunch.

One of the leaders of the brotherhood, J. J. Frisco, said that nothing could be given to the newspapers until after 4 o'clock this afternoon. It is said that the managers are not willing to accept a raise in wages without reference to the eight-hour feature. It is thought that the high wages, together with the embargo, have constituted their principal demand. According to gossip here, the brotherhood are in the final stages of their demands, as it is said that unless it is possible that they will face a division in their ranks, such as will split them to the advantage of the roads, which will be likely to occur, to deal with each organization separately.

PERRINE GUEST FOUND DEAD IN HIS ROOM

An Unpleasant Surprise When Boom No. 12 was Opened at 9:10 this afternoon. Coroner Crosby Called.

A middle-aged man, who registered at The Star Room, Contact, came to the Perrine Hotel last Monday, on route from Ogden to Three Creek. This afternoon, falling to someone, he had personal belongings and what had been reported to him by the police, the statements of counsel were correct. Cannon was asked to state before himself and his place of business properly. For this reason it had not been closed pending the appeal to the council from his decision. He asked that the council investigate for itself and it agreed to do so.

While in Twin Falls he had taken three electrical treatments for rheumatism, said himself to be getting better. Mr. Sain had a wife and two daughters, who have been living in Java, and a son, who made his home at Contact.

PITTSBURGH, March 15.—Ambassador Sato arrived from Washington today to attend the banquet of the Pittsburgh Press club, which will be the guest of honor. Whether the Japanese diplomat will touch upon Japanese-American relations is not known.

"GET TOGETHER" SLOGAN OF NEW LOCAL MOVEMENT

GATHERING CALLED FOR COMMERCIAL CLUB FOR TOURS: DAY NIGHT, MARCH 22

HARMONY IN INTERESTS OF THE CITY IS WANTED

Program of Speeches and Friendly Talks Will Be Worked Out by Promoters of the Meeting—Local Needs to Be Discussed.

With a city election, and in spite of the fatal S. B. No. 111, a waterworks and paving bond election looming upon the horizon, with the legislature and the people recovering, with the Hansen battle bringing up the usual campaign apparently steep and with prospects for town and country better than ever before in their history, a movement for a general "get-together" movement is being organized for the Twin Falls Commercial Club on Saturday evening, March 22, has been started and promises to be an affair having the highest importance. Hatched, tomahawks, hammers and axes, having blades more than two inches long are barred, while red and blue cutlery are strictly prohibited according to the rules of the game. Holding, except in friendship and a desire to build up Twin Falls will allow participants from further part in the proceedings.

The idea is to line up everybody for the city, the county and the state and to work together for needed improvement. There will be all kinds of good talks made in the right spirit. If the people consulted by a TIMES reporter are any cutlery are strictly prohibited according to the rules of the game. Holding, except in friendship and a desire to build up Twin Falls will allow participants from further part in the proceedings.

BASKET BALL HERE FRIDAY AND SATURDAY

Tournament at The High School Gymnasium For Two Days—Elves Tomorrow to Be Represented in Games.

The first Southern Idaho basketball tournament is to be held at the high school gymnasium tomorrow on Saturday, March 16 and 17. The competing teams are Gooding, Henry, Shoshone, Weiser, Elroy, Jewell, Hollister, Kimberly, Bull, Twin Falls first and second, and Oakley Academy. In all twenty games will be played in five days. Those who are being furnished by the Commercial club are on display in the window. There are indications that will be made on a special improvement, and if so, it will be a big improvement in high school athletics. About eighty athletes will be in town Friday and Saturday, and they will be in town for two consecutive days. The support of the public will largely determine the permanency of this institution.

GERMAN BARBER STANDS BY UNITED STATES

Head of Syndicate of Shops Urges Foreign Born Employees to Support Wilson's Policy.

(United Press) NEW YORK, March 15.—The German proprietor of a string of barber shops in the United States today urged to all his foreign born employees urging them to "stand behind the president, whatever decision he may make." The writer is a native of Germany who has made all his home in the United States.

"You or your fathers before you," says the letter, came to this country seeking social and political liberty. That you should remain in your country because of your father's land is but natural. But now that the country of our adoption is itself threatened by the danger of war in the land of our birth, and the safety of our people and its institutions, there is no allegiance which can be yours save the flag, absolute and undivided.

REVOLUTION IN RUSSIA CAPTURES GOVERNMENT AND OVERTHROWS MINISTERS

Maddened by Interference of Pro-German Officials Russian Duma Imprisons the Leading Ministers—Czar Nicholas May Resign—Movement Favorable to Allies—First Report From Berlin Doubtful by United Press But Later Confirmed.

(United Press) LONDON, March 15.—Confirmation of a successful revolution in Russia, was received here this afternoon after a day of anxiety following a report through Berlin. The duma and army overthrew the government and it is understood that Czar Nicholas may abdicate. The objection of the revolution was to drive out the pro-German officials who have been hindering Russia's full participation with the allies in the war. Three days fight proceeded the assumption of full control by the revolutionists. Clashes took place in Petrograd, and Moscow principally, though there were disturbances elsewhere. The provisional government established is pro-ally.

LITTLE INTEREST SHOWN IN GUARD SAYS M'ROBERTS

CAPTAIN OF CO. D. SAYS PEOPLE MANIFEST INSUFFICIENT ENTHUSIASM FOR MILITIA

Businessmen Could Assist by Their Co-operation

Pledge Regarding Band Given Here Had Not Been Kept and Only One Man Has Joined in Consequence of It Being.

"If the people of Twin Falls do not want to take an interest in their military company, I see no reason why I should continue to waste my time," said Captain W. McRoberts to a TIMES reporter this morning. "We had about thirty-five out to inspection last night and while the inspection itself was satisfactory, the interest manifested in recruiting had not been what it should have been, considering the professional interest made by many people in this and co-operate in getting the band headquarters for this city. Efforts had been made during the previous two years along the same lines, but they were all in vain. At Christmas and assurance given me that if the band could be brought here, the required number of men would be secured. The band had already been assigned but I made every effort to get the order changed, and as a result of the assurance given, my army department was hindered at San Francisco made the requested change. We have, as a result, had the band five weeks, and we have got just one man to join it. This puts me to bed."

"If the people do not wish to take an interest in Company D with its fine record and history, I want to know it so that I may be able to do something else. Should war break out, I can get a position anyhow, so there is no reason why I should worry personally. I would like to see Company D get the recognition from the people that it deserves and will co-operate to that end. If the people take an interest in it, I will not, I am willing to quit trying."

AGRICULTURAL CLUB NEXT THURSDAY NIGHT

Farmers Invited to High School Auditorium to Hear Varied and Interesting Program.

The agricultural club of the Twin Falls High School will give a program at the auditorium Thursday night, March 22, at 8 o'clock. All other persons interested in agriculture are invited. M. A. Thomsen will give an illustrated lecture on the selection of seed potatoes and the preparation of seed. R. H. Hansen will talk on live stock industry and its relation to profitable farming and County Agent W. N. Birch will speak on the county farm horses.

BERLIN, March 15.—The executive committee of the Russian Duma has accomplished a successful revolution in Russia, imprisoning all the ministers and now controls the government according to an official Petrograd statement issued by the press bureau here. The statement asserts that the Russian capital is in the hands of the revolutionists and that the troops numbered 30,000 who are garrisoning the city are all supporting the revolution.

The United Press is unable to ascertain how Berlin could receive an "official report." Recent London dispatches expressed apprehension regarding the Russian revolution, which the Russian government explained were due to food demonstrations. It seems likely that if the duma has succeeded in gaining control of the government it would be anxious to announce its control to the world. Therefore the fact that the first news of the revolution came from Berlin. The Berlin statement revealed no reason for the revolt. One theory is that the people, through the Duma, has arisen against the bureaucracy.

PARIS, March 15.—France believes that if the United States will join the fight against Germany, it will win the war. Therefore since the report of the sinking of the American freighter "Argonaut" yesterday was received, the government has been anxiously awaiting word from Washington. The entrance of America into the war is regarded as of vast importance in this and the world's history. The Berlin statement revealed no reason for the revolt. One theory is that the people, through the Duma, has arisen against the bureaucracy.

When the Idaho regiment returned from the border, Twin Falls mailed the usual interest in getting the band headquarters for this city. Efforts had been made during the previous two years along the same lines, but they were all in vain. At Christmas and assurance given me that if the band could be brought here, the required number of men would be secured. The band had already been assigned but I made every effort to get the order changed, and as a result of the assurance given, my army department was hindered at San Francisco made the requested change. We have, as a result, had the band five weeks, and we have got just one man to join it. This puts me to bed."

The realization of French War Minister Lyautey has brought on a crisis in the French ministry. To a head, Premier Briand is expected to announce a reorganized ministry today, thus avoiding the fall of the entire ministry.

Washington, March 15.—The senate today unanimously adopted the resolution of Senator Ransom to the effect that "British ships engaged in the coast trade shall pay a per cent. duty to private builders and to construct the fifth ship at the government yard."

WASHINGTON, March 15.—The senate today unanimously adopted the resolution of Senator Ransom to the effect that "British ships engaged in the coast trade shall pay a per cent. duty to private builders and to construct the fifth ship at the government yard."

MUSICAL PROGRAM BY EIGHT PIECE ORCHESTRA UNDER DIRECTION OF MR. NEIL SOHETTLER

### SEATS ON SALE AT CITY PHARMACY

### The Theatres

**MYRTLE GONZALEZ STARS IN HIS PROGRAM SUNDAY**

The beauties of reflected mountain scenery and impressive vistas of the giant redwood forests of California will provide a rugged setting for the exciting scenes to be enacted in "The End of the Rainbow" at the Isis Theatre on Saturday, when Myrtle Gonzalez, Val Paul, Fred Church and George Hernandez will act in a comedy of cleverness in presenting the latest Bluebird photoplay. The plot of the piece is well suited to an unfolding in these native scenes. There will be an atmosphere of mystery and foreboding in the characters and the story will be found vitally interesting.

**THELMA SALTER CO-STARS WITH KEENAN IN "THE CRAB"**

Another play from the pen of Gardner Sullivan, chief of the Frisco-Kay theatre company staff, is to be seen in "The Crab," co-starring Thelma Salter and Frank Keenan at the Orpheum Monday.

Thelma Salter, who has been appearing before the camera almost ever since she was born, she has had prominent roles in a number of Triang plays.

Frank Keenan, last seen as a Southern gentleman of the old school in "The Bride of Hiss," has an entirely different kind of part in "The Crab," in which he appears as a harsh New Englander of Puritan stock. The play concerns his adoption of a little girl named by Thelma Salter, and the change wrought in his life.

**ISIS WILL PRESENT PROGRAM-FIRST OF WEEK**

If anyone doubts that an Oriental can fight, he should see the desperate combat a young American has with a horde of Algerians in "The Road to Love" the Morocco-Paramount photoplay, which is the attraction at the Isis Theatre Monday and Tuesday, and be thoroughly convinced.

Realistic to the nth degree, it came very near to being too much in earnest.

out, for eastern passion once aroused is a dangerous emotion.

The strong, vigorous action of the Morocco picture carries the audience through many thrilling scenes of adventure and romance. Lenore Ulrich in the stellar role makes a most fascinating Hafsa, an Algerian beauty!

**LAVERING PRESENTS CUNNING**

AS NEXT WEEK'S ATTRACTION

The theatre goers of Twin Falls will be pleased to learn that Manager Lavinger has been successful in securing another big feature attraction in the form of "Cunning," and "the wonder workers," ten people in number, presenting an evening's entertainment of mirth, mystery, music, dancing, and acrobatics. This show is presented along the same lines as that of Alexander, who created such a sensation here the past fall.

However, all the illusions and specialties are entirely different. Cunning does not use any regalia whatever in presenting his mind teasers but works around the entire show in the conventional dress suit. He carries a number of pretty girls with whom she will do acrobatics. He proposes to demonstrate that he does really possess a wonderful occult power, while here if he can find a suitable place where a crowd can be accommodated

and these exhibitions will be free. Cunning and his company will be at the Lavinger for four days and Saturday matinee, starting Wednesday, March 21.

**"A DAUGHTER OF THE GODS"**

AT IDAHO NEXT WEEK.

"A Daughter of the Gods," the motion picture sensation of the world, and the most expensive screen drama ever produced, comes to the Idaho on Monday and Tuesday. This mammoth scenic spectacle—featuring Annette Kellerman, and introducing over twenty thousand people, who appear in its hundreds of bewilderingly beautiful scenes, is at present being presented by thirty-six companies in various parts of this country, Australia and in England. It is the first and only picture that President and Mrs. Wilson have seen together since their marriage, and it has received columns of enthusiastic praise from the dramatic critics of all the leading papers of the largest cities.

FOR SALE—Registered Red Polled bulls, cows and heifers; also two-year-old ewes, either with lambs or to lamb soon. 3/4 mile east on the Kimberly road. Floyd Jones, Kimberly, Idaho.

**TWIN FALLS BANK & TRUST COMPANY**

**FARM BUREAU NEWS**  
SOME INTERESTING EXCERPTS

A Sample of What the New Monthly Issued By The Twin Falls County Farm Bureau Offers Its Readers...

(From T. F. Co. Farm Bureau News)

**THE FARM BUREAU**

For the benefit of those who may still be in doubt as to the nature, scope and purpose of the Farm Bureau organization, we submit the following:

The Farm Bureau in a county is a membership organization of farmers and others interested in agriculture, for the purpose of co-operating in the support of a county agricultural agent in his work of promoting the following activities:

1. Uniting existing local agricultural forces and organizing new lines of effort.
2. Exercising and developing local leadership in the rural affairs of the community.
3. Finding out, arranging and making available to the public important facts about local farm practices and farm management which will not only point the way to increased production but larger returns.
4. Conducting contests and demonstrations to show the importance and value of certain farm practices, methods and principles of management and pointing out their local application.
5. Furnishing a clearance house for extension work in the county.
6. Revealing to the people of the county the agricultural possibilities of the county and how they may be realized.

**OUR FARM BUREAU PAPER.**

Uncle Sam suggests that his various County Farm Bureaus have a paper. We have many questions to discuss and solve on the farm. This various County papers are now made and to a large extent voice sentiments from the view point of the town men. When all has been said and done to bring together the country and the town the fact remains that each has its problems; and each to turn must solve its own problems. We leave it to the town people to solve their own problems in their own way. It is time that we get together as farmers and solve some of our country problems.

We on the Twin Falls tract are very fortunate in the class of men and women that we have on our farms. We are abundantly able to solve all our problems, but we must get together, get acquainted, have more team work up to this time the town people have not only solved their own problems but the country as well. We now have a county farm bureau and our County Farm Bureau paper, let us take the reins into our hands. Our paper will be open at all times for contributions. It can be made the common forum for the discussion of all farm problems, and we predict that it will be a real live wire in the community. Let every one help to make it so and it will hasten the ideal living on our irrigated farms.

This paper should be non-sectarian, non-political and non-sectional. The one thing that it should stand for is for a better country life. We should not antagonize town life. We can help in many ways the common good of both. But when it becomes a question of country versus the city we should unite as a man to protect the country, and if we could seem that a really far-sighted business man in town would realize that with our prospering life in the country there would be a much greater prosperity in the town. The merchant complains of our sending our money out of the country to the mail-order houses. We have that right, but on the other hand gives us prosperity and this will grow less and less. During the last two years especially this last one at the holiday season farmers spent more money at home, and we cannot help but feel that proportionately far less was sent to the mail order houses.

**SPUDS IN THE CROP**

"Spuds in the crop," said Farmer Jones. "The crop that brings the silver bones--the kale for which the farmers' homes." "No, sir," said Sweet, "it's the best of it, pays for all the things we eat, for shoes to fit the children's feet, the best pay for the light and heat and puts us all on easy streets." "What's the 'look'?" said neighbor Lee. "For if you'd look you'd surely see there's gold in wheat; what's what made me. What'er answer you see in any other crop, beats me; give me the wheat," said neighbor Lee. "Surely wheat's all right," said old man Wood. "No use to fight cause spuds are good and beets ain't bad, they bring the man and digging them is sure some fun; the beets and the work is never done. But as for me," said old man Wood, "ain'ta bloomin' sure small good. 'Ain'ta the king of all the crops, it beats the spuds and wheat and home." "See you're just a little off, all money man," said Deacon Goff. "At spuds and beets I can't beat you, but you, gentleman, to doot your beavers to the crop that's worth more than all other crops on earth. I'm speaking man, of give me the best of the farmer sweeter joy than Henry Ford with his tin toys. Give me the kids and take your wheat and hay and spuds and sugar beets!"

**THE FIRST 50-POUND COW.**

The first record for 50 pounds of butter to have consecutively passed the official test has been made by Segie Payne Johanna, a Holstein-Friesian cow owned by Oliver Cabana, Pine Grove Farm, Elms Center, N. Y. In the week ended Jan. 8, she produced 73.8 pounds of milk and 50.8 pounds of butter, 231 pounds more than her nearest competitor. The new 7-day queen is by King Payne Segie, a son of the late King Payne, a son of the late Homestead holder of the 7-day record when it stood at 28.55 pounds. Her dam is Valma Johanna; by Johnnie the 30-day record was made by A. A. Cortelove, of New Jersey.

## KIMBERLY FIREMAN HOLD-BOX-SUPPER

Large Attendance and Good Time Reported—Kimberly and Heyburn Divide Honors In Basket Ball.

The fireman gave a box supper at the Star theatre last Friday night. It was well attended and every one reported a fine time.

Saturday night Kimberly played Heyburn at basket ball. The first game was between the girls at which the score was six to fourteen, in favor of Heyburn. The boys was played later and the score was twenty-two to twenty-four in favor of the home team. Kimberly won the second game by a score of twenty-two to sixteen.

Rev. Silas Perkins has been preaching at Hollister and Rogerson during the past week.

The Ladies Aid of the M. E. church served a chicken dinner Thursday at noon. After the dinner was an apron sale, and at night a social gathering. The proceeds amounted to about \$65.

Mrs. F. D. Riggs was called to her home in Iowa on account of illness of her mother.

August Grueger of Kimberly expects to go to Rochester, Minn., soon for surgical work.

Frew Lewis, a farmer north of town is seriously ill. He is in Norfolk, Neb., at the present time.

The dramatic club of the high school is working hard on a play, which they expect to give in about two weeks.

Mrs. Grant King was on the sick list last week.

There will be a St. Patrick's entertainment at the M. E. church next Friday night, March 16, at 8 o'clock.

Mr. and Mrs. Paul Scott moved to the Martin ranch last week.

Miss Helen Albertson returned to school after an absence of many weeks.

## Hollister News

(Times' Special Correspondence)

The dance that Mr. Johnson and company gave last Saturday night at their home was well attended by the neighbors and friends and a very enjoyable time was had.

Boyle Murphy left last Thursday for Welsch, Idaho, where he contemplates taking up the automobile business.

Miss and Mrs. J. W. Christensen made a flying trip to Twin Falls one day last week.

Fred Lloyd has left Hollister on a business trip for a few days.

The dance in the Hollister school house last Saturday night was disturbed by a few "low-browed" cow boys, who evidently had a little to much John Bartycorn.

Mr. McFarland was a visitor to the Magic City last week.

It this weather keeps on there will very likely be a hay famine in this locality, as nearly all the hay here is sold or being fed and there are hundreds of head of cattle here to be steeled yet.

John Murphy is again prebulating the streets and is feeling better since he got his set of new eyes.

Mr. Goff's ranch east of Hollister is rented for the sum of \$10 per acre. All the farms are again filled up and prospects look fine on the Salmon this year.

Cecil Mori, a son of Mr. and Mrs. Bert Mori, is very ill at the home of his parents.

Bert Mori is building a house over in Twin Falls and expects to be gone a couple of weeks.

You are sure to obtain results from ad in our classified columns.

# Again for \$1—While They Last

## This Guaranteed Aluminum Cooker

The cost of Aluminum has doubled since we ordered these lifetime Cookers. At present prices, this offer would be impossible. So, in all probability, after our supply is exhausted, it cannot be made again.

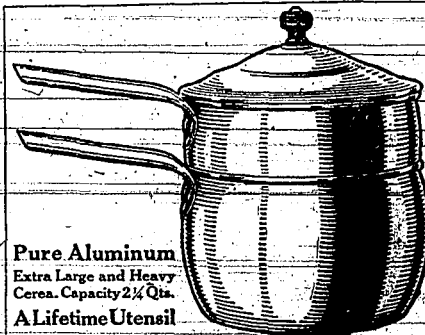

Next week the grocers of this city will once more, feature this Quaker Cooker offer. And for the last time, we believe.

We have supplied Cookers now to over 1,000,000 homes. We have supplied these guaranteed Aluminum Cookers for \$1 to Quaker Oats users. But this offer ends with our present supply, and probably forever. Unless Aluminum drops 50 per cent, we cannot again offer a Cooker like this for \$1.

But next week only we make the offer below. You can get this Cooker for \$1, by buying two of our cereals which should be cooked in it.

This offer is made to induce better cooking. To bring you Quaker Oats and Pettijohn's cooked in perfect form, with the flavor kept intact. Our reward will come in your doubled delight in these foods.

We ask the trademarks just to show that you use our cereals. Unless you have the right flakes, right cooking does not help much. But, if you use Quaker Oats and Pettijohn's, this cooker is yours for \$1. This is for one week only. Get the packages from any grocer named below

Pure Aluminum  
Extra Large and Heavy  
Cereal Capacity 2 1/2 Quarts.  
A Lifetime Utensil

# One Week Only—Your Last Chance

**Our Offer Is This:** Send us two trademarks cut from packages of Quaker Oats and one trademark cut from a package of Pettijohn's—the picture of the Quaker on the front of the Quaker Oats package and the picture of the Bear on the front of the Pettijohn's package—or, if you prefer, you may send us five trademarks from Quaker Oats alone. Send us \$1 with these trademarks and we will mail the cooker by parcel post. Trademarks must be mailed next week. This offer applies in this vicinity only. Address: The Quaker Oats Company, 1708 Railway Exchange, Chicago

## Quaker Oats

### The Extra-Delicious Vim-Food Flaked from Queen Oats Only

All the world over Quaker Oats holds first place among oat foods. Oat lovers of a hundred nations send to us to get it. A billion dishes are consumed each year. Nowhere in the world do connoisseurs find any oat food to compare with it.

The reason is this: Quaker Oats is made from queen grains only—the big plump, luscious oats—No puny stunted grains are included. A bushel of the choicest oats yields only ten pounds of Quaker.

The result is a flavor which has won the world—a flavor which is matchless. Yet these large and luscious flakes cost you no extra price.

Nature stores in oats a wealth of vitality which every body needs. We want you to know this fascinating vim-food, made as we make it and cooked in our way.

## Pettijohn's

### Rolled Wheat with 25% Bran Flakes A Modern Bran Dainty

Every doctor advises bran, as essential to right living. It is Nature's laxative. Everybody every day should eat it. It makes better health, better spirits, sunnier days. Without it, our diet of fine food forces folks to drugs.

Pettijohn's is made to meet doctors' requirements. The bran is hidden in savory flakes of wheat. The food is morning dainty which every body likes. Yet it contains 25 per cent tender bran.

The bran is in flake form, which makes it doubly efficient. Ground bran will not do.

Try Pettijohn's one week. Note its delightful effects. Never again will you go back to a branless diet.

Then try Pettijohn's Flour. It is 75 per cent fine patent flour mixed with 25 per cent bran flakes. Use it like Graham flour in any recipe.

## NO BLAME ATTACHED TO HARPER'S DEATH

Coroner's Jury Finds That He Died From Suffocation Resulting From Falling Bank

The body of Harvey Harper, who was killed Tuesday by the falling of a bank while digging a ditch for a head-

GEORGE F. BEMILLER

## PAINTER AND PAPERHANGER

We do kalamong, graining, painting and paperhanging. Your Business Solicited

Phone 46  
280 Second Avenue East

gate at the intersection of the low line canal with the Ferriss coulee, was shipped today to Nebo, Illinois, for interment, following a verdict of the coroner's jury last night in which no blame was attached to anyone for the accident.

The evidence was to the effect that Harper and several others were digging the trench, which was quite narrow and between five and six feet in depth, when one of the banks suddenly gave away, apparently from the bottom. Harper was thrown backward against the other bank and completely covered. Charles Chaplin, who was crawling out of the trench when it gave away, was thrown backward and covered with several feet of dirt. Chaplin was brought to a hospital here while still unconscious, but regained consciousness during the night, and is around as well as ever. The edge of the slide struck several other workmen on the legs but did not hurt them. The body of Harper was dug out as rapidly as possible, though about fifteen minutes elapsed before it could be brought up to the air. The coroner's jury found that he had been suffocated.

The workmen all testified that they had never seen a frame put up to keep back dirt under circumstances like those existing in this case except where quick-sand existed and that the ground seemed so solid that nobody anticipated any danger. It is thought that without the knowledge of either the contractor or the workmen, seeping water may have undermined the bank.

Harper and Chaplin both came here recently from Nebo, Illinois. Harper has two brothers, Arthur and Owen Harper, who live at Hannas, and a mother and grandmother who live in Nebo. Three cousins, T. J. Autery, J.

L. Autery and Mrs. M. E. Zumwalt, of Hannas, he was about twenty-eight years of age.

## MARKET AND STOCK CONDITIONS FINE

Man's Boxlaw Encouraging—Portland Markets High on Live Stock With Hops in the Skies.

According to Dun's Review: "Recent storms and cold hindered efforts to relieve the freight congestion, and overseas shipments continue slow and uncertain, but domestic movement of raw materials and produced are freer and there is somewhat less restraint on manufacturing activities. Outputs in many directions, however, have appreciably diminished, and inability to make adequate progress in reducing accumulated inventories still prevents the acceptance of considerable new business. Prospective Federal requirements induce bankers to grant more accommodations with caution, but financial obligations generally are met with increased promptness and the commercial mortality is relatively moderate, with comparatively few failures of magnitude, with the upward trend of the commodity markets continuing—this week's list of over-300 wholesale quotations disclosing 60 advances and only 21 recessions—many clearings are naturally inflating, and for the week are 35.7 per cent larger than last year at the principal outside centers. On the other hand, railroad earnings reflect the impediments to traffic, gross revenues of systems thus far reporting for February being but 0.3 per cent in excess of the same period of 1916.

Agar last week's large run of cattle, which totaled over 2200 head, and the best clearing with an easy tone today's run of cattle totaled over 1400 head, says the Portland Livestock Reporter. There was a good demand for beef cattle, who took their supplies early on a steady basis with a week ago. Large killers who are all well supplied with present needs were rather bullish and the bulk of the day's beef was disposed of at 10 to 20 cents lower than at last week's opening. The feature of the day's trade was the sale of a few heavy steers, with a few by P. O. Orman, of Durkee, Oregon, at \$10.00.

Sheep supplies today were light and prices on a steady basis. Demand was fairly good, although packers are not killing very much on account of the light demand from retailers. One load of good wool ewes brought \$276 with a load of shorn wethers at \$210. There have been no lambs on the market for over a week, but prime wool lambs are quoted from \$12.50 to \$13. Today's hog market made the most sensational jump in prices ever made here. There was but a light supply here—about 1500 head—which were bought up at selling prices. The demand was several times larger than the supply and first bids were on a 50 cent high basis. After a short while bids were again lifted and several loads were disposed of at \$14.00.

Prices for the day were from 50 to 75 cents higher than last week's closes.

## FIRST BASEBALL MEET HELD HERE YESTERDAY

Preliminary Plans For Southern Idaho League Laid—Gathering of The Fans This Week.

Spring is coming. The robin isn't here. The blue bird is not back, even the proverbial one swallow has not been heard of in this bone dry and arid region. But Miss Verne is soon to be on the job with the daisy and the daffodil and the insinuating smile of the ice man. The first authentic symptom of the coming change was in evidence yesterday when the disciples of the "south-paw" met in convention assembled at the Twin Falls Commercial club rooms and formed an organization for the Southern Idaho league for the coming season. Twin Falls, Burley, Rupert and Hoyburn were represented, although the latter was not formally admitted at the meeting, though her representatives informally looked over conditions with the rest. W. R. Ashdown of Burley was elected president and G. S. Dunn of Rupert secretary-treasurer. All towns interested are urged to communicate with the secretary. It is hoped here that Buhl will arrange for grounds and a team. It is hoped to get a six team league. Adds from the manager the amount to be paid for salaries by any one team is limited to \$250. The season opened last year about the middle of May and it is hoped to get under way that soon this year.

NO newspaper can succeed without advertising, therefore we solicit the patronage of our readers for those who by their advertising help to make this paper possible.
