PARKS OPEN TO THE PUBLIC THIS YEAR

Secretary Lane Refines Story That They Will Be Closed—Circulars To Be Ready Soon.

WASHINGTON—When asked today whether the national parks are to be closed to visitors during the season of 1917, Secretary Lane stated that the persistent rumors which have been current for the past few days, particularly in the Middle West, that such action was to be taken by the Interior department, have absolutely no foundation in fact. All the parks are to be opened at the usual time. The Secretary believes that the entrance of the United States into the

war will not materially affect western tourist travel, and expresses the conviction that the national parks will be "quite as well patronized this year as they have been during each of the past two years, when upwards of 400,000 people visited them. He pointed out that it is even more important now than in times of peace that the health and vitality of the nation's citizenship be conserved, that rest and recreation must materially assist in this conservation of human tissue and energy, and that the mountainous regions of the national parks offer opportunities in abundance for the now-tourist to enjoy a vacation of long or short duration. Road improvement, under larger appropriations by congress, supplemented by the increased park revenues, is moving forward rapidly. Conditions for automobiling in the parks will be

better than ever before. The department is giving special attention to the stimulation of motoring by means of free automobile guide maps, showing the road system of the larger parks and the auto highways connecting with them. New circulars of information for all prospective visitors will also be ready for distribution soon. The parks are not as well known as they ought to be, and the Interior Department is doing all it can to tell the people about them, as well as make them completely and conveniently accessible.

"KICK PICK POCKETS" THE BUENOS SLOGAN

Novel Method of Getting Rid of Pest Being Tried Out in Far South Land—Coal Is Scarce.

BUENOS AIRES, May 7.—Booting the pickpocket blind fair to become the national pastime in Buenos, unless the police interfere.

Pickpocketing on streets has become a great business, and a local newspaper offered a novel method of combating the thieves.

"One of the tricks much practiced," it explained, "is for one person to stoop in the doorway of the car to tie his shoe lace or to pick up some object. Thus he obstructs the movement of the other whose pockets are emptied by the stooper's associates.

Brief and vigorous action is best. Kick the bending person into the car, without mercy. He will express surprise but this is better than being robbed."

The plan was an immediate hit. It proved such a good sport that the slightest sign of a genuflection in the doorway of a streetcar is generally the signal now for the confederate to land instantly on all fours in the middle of the aisle. No end of fights have resulted and the police are threatening to interfere. Meanwhile the pickpockets are devising other tricks and are receiving few of the boots.

Coal is so scarce in Argentina that the dredging of the country's navigable rivers and the Buenos Aires harbor has practically been suspended. This is a particularly serious matter here, as it was necessary originally to deepen the local harbor to permit the entrance of large vessels and a constant continuation of dredging is required to prevent it from refilling. The newspapers are urging the government to keep the dredges working off Buenos Aires, at least, at almost any cost.

419 Second Avenue South

Michelin Casings are just as good as Michelin Run Inves Tubes, which are often inflated in color but never in quality.

POLICE LOOK FOR THE WOMEN OWNED BY FINGER

PORTLAND, Ore., May 8.—Finger, who lost a finger?

Portland police today have in their possession an "unlabeled" finger evidently from the hand of a woman, and they're trying their best to find its owner. The finger, carefully wrapped in gauze, was found in the corridor of a downtown bank. As one detective put it, "We're trying to find the rest of 'er." To date the police haven't been successful.

WHEN T. L. READS THIS HE'LL BE IN A RUCK

(United Press.)

LONDON, May 8.—One Teddy Bear killed by airplane was the total of casualties in a recent German destroy or attack on Ramsgate. A little boy rolled out of bed in panic at the first crash of the guns, abandoning the Teddy Bear which was headed moment later by a shell through the roof.

Bigger and Better Ford Car Tires

GOODRICH

375 SIZE (31X3 3/4 INCHES) 375

BLACK SAFETY TREAD TIRES

THE balance line for the Ford car is drawn, and the sum total of its perfection struck with that new Goodrich tire, the bigger and better Ford car tire—Goodrich's "Three-Seventy-Five."

Of SUPER-SIZE and SUPER-STRENGTH it not only meets the INDIVIDUAL NEEDS of the Ford car, — BUT DOUBLES ITS VIRTUES.

Now as today, it is nevertheless already familiarly known by the knowing as—

Goodrich's "Three-Seventy-Five"

That's its size: Three and seventy-five hundredths inches in the cross section. And it's an inch bigger too in the circumference.

Its heroic size, however, is designed to fit 30-inch rims on Ford cars. It is made solely with the five-finger safety tread.

It costs but little more than ordinary tires at the outset; and the natter appearance and added comfort it gives your Ford car, and its own greater dollar ECONOMY, make it the better buy in the end.

The B. F. Goodrich Rubber Co.

SCHOOL SOCIALS ARE HELD IN KIMBERLEY

Many Parties Held Today (Close of School Year)—Other Items of Interest From Town East.

At the home of Miss Marie Turner last Wednesday night, occurred the annual banquet given by the Junior League. Our Future, its Alma and Aster the four course banquet the following tables were:

First: The Trials and Tribulations, Stella Dolan; We Teachers Have Our Troubles, Too, Alma Waldington; Our Future, its Alma and Aster, Clara; On Dangerous Seas, Miss G. A. Bellville; My First Impression of the Kimberly High School and How It Has Changed, Mrs. F. W. Felt; The Spirit of Junior High, Mrs. Overby; The Absent Seniors, Lester Newby; The Absent Teachers, Miss Mae Nelson; The Dear Departing, Anderson (Gladys); The Toastmistress, Miss B. B. Flynn.

Mrs. Corning King entertained the Jones family at her home Sunday. A lovely dinner was served at 2 o'clock. The young people spent most of the afternoon at Shoshone falls.

The Freshmen and Sophomore classes of the Kimberly high school delightfully entertained at a week-end and marriage row last Thursday evening at Shoshone falls. Four of the teachers acted as chaperones. A large hay rack carried the crowd to their destination and here the dancing began.

The fifth and sixth grades gave a very interesting program for the parents Friday night. The program read as follows:

Pantomime: My Old Kentucky Home; Theory and Practice; The Flower Party; Hats of Other Days; The Rainy Daisies and Barrool Exercise; Whip-or-Lash; Two songs by eight children; A Play Salute by Eleven Boys; American Song by audience.

Meta Garret of Twin Falls was in Kimberly visiting at the Maud home Sunday.

The choir of the Christian church will give a ten cent social at the basement of the church Thursday evening. Everyone is invited to attend. An splendid program is being planned for the occasion and we are sure it will be very good.

Sunday morning the Christian and Methodist churches united in services for the purpose of raising the matter of installing Y. M. C. A. in the city. Several dollars were given toward this matter and we hope that it will be a success.

The Mothers Day program has been postponed by the Methodist church. But the Christian church will give their program May 14.

The Senior play was planned for

ROUNDUP PROPOSITION TURNED DOWN BY CLUB

Commercial Organization Does Not Endorse Carnival Crew Much Important Business Done.

There is "nothing stirring" in the way of a roundup in Kimberly, such proposition failed to get the endorsement Tuesday night of a live meeting of the board of directors of the Twin Falls Commercial club, who last Monday business was attended to and steps taken to boost the luncheon for next Tuesday. The following is a copy of the regular monthly meeting of the directors of the Twin Falls Commercial club was held in the club rooms, Tuesday evening, May 8 with all present but Alvord.

The secretary reported that the city council had accepted the club's invitation to use the club room for a meeting place for the coming two years at a rental of \$250.00 per year.

F. M. Towne, C. C. Anderson, E. E. Peterson and the Hon. Chamberlain & Co., were admitted to membership in the club.

A proposition for a round-up celebration to be held July 2, 4 and 5 by the committee was turned down by the directors.

The secretary reported an attendance of 30 at the noon luncheon Monday night. The luncheon was a decided success and voted for continuing same indefinitely. It was resolved by a majority that the next luncheon for the luncheon each week confer with the president of the club as to the program for his week. In this was accepted by the directors with the club and the matters the directors desire to bring before the members.

Mr. Bliss brought up the matter of the coming teachers' institute, which will be held in this city on the week of September 3, and it was the unanimous action of the directors to endorse the proposition and \$250.00 was voted by the club towards the expense of this association which will bring 350 teachers to the city for about one week each time.

The matter of the Vocational club work in our city schools was discussed and the directors heartily endorsed the work and agreed to furnish prizes in the various classes of exhibits for the school fair this fall.

The work done by President Hackett in the various commercial bodies in southern Idaho, towards government financing of the Branca project and the location of a new city, was discussed and steps were taken to push the matter vigorously.

Another whirling luncheon was held at Louie's restaurant Tuesday noon. The next luncheon will be at the Buckerson Tuesday, May 16, at 12 o'clock noon. Everyone interested in Twin Falls and its development are invited to come. Short snappy talks will be given.

Don't wait to be solicited to buy a ticket. Call up 29-3 any time and get your tickets reserved.

The Tuesday club will be "Good Roads" with A. L. Selgin as chairman. All automobile men and others interested in good roads come to the theatre.

AMERICA MAKES ITS OWN KHAKI DYES

Means of Getting Light Color Discovered—Germany Had Monopoly up to Present.

(United Press) WASHINGTON, May 10.—Uncle Sam's soldier millions will be clad in khaki cloth of the same color as formerly, and this fact will signify at other step in American independence—this time from Germany.

Army experts announced today discovery of a new dye, which is satisfactory in that it can be manufactured in this country from vegetable matter. Previously, all such dyes were imported from Germany. Contracts for 15,000,000 yards of such khaki have been let by the army quartermaster-general. Probably 40,000,000 yards will be needed soon.

FATHER AND SON KILLED TOGETHER

Fall on the Firing Line in France—Father Had Brilliant Record as Soldier.

(United Press) PARIS, May 10.—Under-lieutenant Edouard Roy, 37, 60, and Pollé Edouard Roy, Jr., 19, father and son, died together in the same battle.

Official records have just told the story. The two boys—lost—wife and mother in a cottage in the village of Hattendorf, in France, and marched away together to fight the Germans.

The older Roy, more brilliant, won medals and promotions. His son, however, was content to fight quietly by his father's side.

One day the task fell to the older Roy's section to bomb out a German machine gun position. He had held up the progress of the section. Father and son advanced side by side as usual. Two bullets struck the father, but did not stop him. A third struck him in the head—and he fell dead, just as another bullet mortally wounded his son. They died almost at the same moment.

TWIN FALLS PLAYS BURLEY NEXT SUNDAY

With Hopes of the Victory Meeting Association Will Arrive Selected Band.

Surcharged with all sorts of optimistic assurance that they will be able to take Twin Falls—himself—expressly to the aid of the city, the Burley representatives will arrive in the Magic City Sunday van-guarded by a selected band. They are accompanied by a new and better band, and of course of their enthusiasm and of course of their enthusiasm will have all she can do to keep up the pace.

In the forthcoming game in which the two towns of the national pastime in Twin Falls and with another opening game of the Southern Idaho league season will be well attended.

No over-abundance of "dope" has been stored in Twin Falls—understand that they have been practicing regularly and have gathered together a team of no mean calibre.

With the exception of two changes, Twin Falls will present the same lineup as in the Jerome game last Sunday in which the northstars did all the playing. With Twin Falls merely acted as the party of the second part. According to Captain Christian, however, these changes will strengthen the local team and with the additional practice obtained since the Jerome game Burley will find that her task will be much harder than expected.

Rayfield, who until recently was himself of Burley, will play the center field position and will be the star in the game. Both are good players and their presence on the diamond will strengthen the team materially. Mr. Christian says there is no doubt of his own energy and with his hitting order leading with Watson and Walters, it is evident that the captain means to crack off launches right from the start.

The weatherman has promised fine weather and the game is to be called at 3:30.

OREGON MAN INVENTS UNERRING BOMB THROWER

Has Trouble Hearing His Turkey "Talk" and Makes Discovery of It—Free to Uncle Sam.

(United Press) Eugene, Ore., May 10.—Stroud Long, farmer, raises turkeys. In fact, one of his principal worries in life is his bird of turkeys. They will do what he says and they will do it and won't go where he would like to have them. He finds that one of the best ways to drive his turkeys in to throw their eggs is to throw them. Again he picked up a peculiarly shaped stick and hurled it at a bird which was determined to depart from the path of his turkey. The stick, instead of whirling through the air and over end, as most sticks do, went straight as an arrow through the air and again. Again the stick followed its course. Long forgot about turkey and farming. He experimented with the peculiarly shaped stick, changing its shape slightly or throwing it in a new way. Always the stick flew straight to its mark.

Long sent a stick to the war department with a letter, explaining its use. Today he has from the government a letter thanking him for the invention, and declaring that his idea is a valuable one.

The stick can be used in bomb throwing and in carrying large quantities of high explosives.

Pinch Some Husbandman County Auditor E. J. Finch made an appeal to the Irish vote this year by planting a crop of turnips early in the spring and a late season, the ambitious apud are now above ground.

MORE PIGS SHOULD BE RAISED THIS YEAR

Department of Agriculture Says This Is Quicker Way to Increase Food Supply—Older Very Active.

(United Press) WASHINGTON, May 9.—The United States government is urging increased raising of pigs. The meat supply of the country must be increased, and the quickest way to do it is by raising hogs.

Concerning the production of pork, the department of agriculture has the following to say:

"The meat supply of the country can be increased more quickly by the 'hog route' than by any other. The country's need to increase its supply is great, but prevailing high prices alone should be sufficient inducement to farmers to raise more hogs.

The prospect of success never was brighter. The high prices ruling in

LEGAL PUBLICATION

No. 10589 Treasury Department—Office of the Comptroller of the Currency. Washington, D. C., March 30, 1917. Whereas, by satisfactory evidence presented to the undersigned, it has been shown that the Farmers and Merchants National Bank of Kimberly, in the village of Kimberly, County of Owyhee, Idaho, and the State of Idaho, has complied with all the provisions of the Statutes of the United States, required to be complied with before an association can be authorized to commence the business of banking;

Now therefore, I, John Skelton Williams, Comptroller of the Currency, do hereby certify that "The Farmers and Merchants National Bank of Kimberly" in the village of Kimberly in the county of Owyhee, State of Idaho, is authorized to commence the business of banking as provided in Section 5115, and 5116, and 5117, of the Revised Statutes of the United States.

In testimony whereof, witness my hand and the seal of the Treasury Department, at Washington, D. C., this 13th day of March, 1917.

J. SKELTON WILLIAMS, Comptroller of the Currency. (Official Seal)

CURRENCY BUREAU; SEAL OF THE COMPTROLLER OF THE CURRENCY; TREASURY DEPARTMENT.

NOTICE OF PUBLICATION. In the Probate Court of the County of Twin Falls, State of Idaho.

In the matter of the estate of Fritz Patzler, deceased.

Notice for Publication of the time appointed for proving will.

In pursuance of an order of the court made on the 29th day of April, 1917, notice is hereby given that Wednesday the 16th day of May, 1917, at 10 o'clock a. m. in said court, room 201 of the City of Twin Falls, county of Twin Falls, Idaho, has been appointed as the place for proving the will.

PROCEEDING OF THE COUNTY COMMISSIONERS OF TWIN FALLS COUNTY, IDAHO.

Continued From Page 2 ter of continuing with the erection of the county hospital, or the advisability of the same, as set forth in the report. After considering the proposition made by the board, the board of health, the Twin Falls hospital, and the advantages to be derived therefrom, the board was unanimously advised by the majority present, that the construction of the hospital as contemplated by the board, is not a necessary, was then taken, until 10 a. m. April 11, 1917.

O. E. CARLSON, Chairman. E. J. FINCH, Clerk.

10 a. m. April 11, 1917. Regular April Session. The board of county commissioners met at their first regular session.

Present, O. E. Carlson, chairman; T. E. Moore and E. J. Finch, clerks. Whereas the following proceedings were taken at the regular session of the board of county commissioners in the matter of the reclamation of W. S. Sanger from the county fair association having been filed by W. S. Sanger, and the board of health, the board of health, the Twin Falls hospital, and the advantages to be derived therefrom, the board was unanimously advised by the majority present, that the construction of the hospital as contemplated by the board, is not a necessary, was then taken, until 10 a. m. April 11, 1917.

In this matter owing to an action having been filed in the district court by the plaintiff, and the county commissioners from proceeding with the construction of the hospital as contemplated by the board, the board accepted final resolution and appointed T. E. Moore as its attorney in the matter of paying the additional cost of the construction of the hospital as contemplated by the board.

In this matter owing to an action having been filed in the district court by the plaintiff, and the county commissioners from proceeding with the construction of the hospital as contemplated by the board, the board accepted final resolution and appointed T. See the new silk top union suit; also the new garments in the band top and bodice styles—every want can be satisfied from this showing—and now is the time to think of summer underwear.

SAVE THE BOTTLES IS ADVICE OF GOVERNMENT

(United Press) WASHINGTON, May 10.—Fearing a shortage of preserving jars, and cans, the U. S. government of agriculture has issued a warning against use of such jars for packing products that can be preserved in other ways. Sav-

ing of all bottles for use in preserving fruit juices is urged, and housewives are requested to dry and evaporate all such products as apples, pumpkins and squash. The theory of many gardeners is how to relieve the food shortage is to raise a lot of table relishes that will last about two weeks.

EXTEND OFFER TO GIVE EXTRA VOTES IN RACE

MANAGEMENT OF PRIZE CONTEST GIVES ENTRANTS MORE TIME.

INTEREST-KEEPING UP

Certainty of Reward Encourages All Contestants to Work With Energy.

The big special vote offer that was advertised to close Saturday will be extended until Saturday, May 17, at 5 p. m.

This is being done to allow the candidates plenty of time to complete as many of the clubs of \$10 each as possible and to insure them of making a whirlwind finish and putting them well on the road to success. Today's publication of the list of standings show activity all along the line. Some of the candidates are coming strictly to the front and are leaving behind those who are disposed to depend more on the interest of friends to save coupons than their own efforts directed toward the more productive subscription votes.

In every race there are those who enter with vim and determination, but who give up at the first discouragement. Needless to say everyone who drops out makes the pathway of someone else—just so—easier. When you listen to the hard times story or are met with a rebuff or some one tries to talk you out of your purpose to stick in the campaign, just remember that by yielding to such discouragement you are taking what rightfully belongs to you and putting it in the hands of some other candidate who is no more deserving of it than you are.

This is not a campaign in which only one can win. There is certainty of reward in a competition which will be paid to every candidate who does not win an advertised prize.

If you find it hard, reflect that others find it equally so and that this puts all on an equal basis. It is also well to consider whether or not you would yield greater returns than the campaign offers you. The campaign is well under way but there is no one at the present time with any lead that could not be very easily overtaken and distanced with a few subscriptions. Screw up your determination now and go in to win and you will win. A word to the wise is sufficient. Remember, eight more working days and the big special offer will be brought promptly to a close.

LAST GENERAL PARENT-TEACHER MEETING HELD

Interesting Program Followed by An Election At High School Last Evening.

The last general meeting of the Parent-Teachers' association was held at the high school Wednesday evening, May 2. The highest attendance of the association furnished the program. A good paper on the various phases of high school athletics was read by Professor Madison. As a result of the discussion following this paper the motion was passed and carried that a committee be appointed by the chairman to investigate the subject of physical training in the high school and if advisable, to recommend to the school board through Superintendent H. B. and Jackson and a director and a director to attend solely to physical instruction in the high school. The committee consists of Mrs. J. E. White, C. S. Muschler and Mrs. C. J. McCORMICK. Mrs. Kelly, extension worker from the home economics department of the University of Idaho, gave an illuminating talk on food conservation.

Following this Mr. Munson told of the serious situation with regard to canned goods in the United States. The meeting was then turned over to the general association, which proceeded to the election of officers. The "old guard" of officers by a two-thirds vote, had changed the form of nomination from a presentation of names by a committee to be voted up to that of an informal list. The following are the officers for the ensuing year: the general association: President, Mrs. Irwin; vice, president Mrs. White; secretary-treasurer, Miss Beaton. Of the high school: vice-chairman, Mrs. Irwin; secretary, Miss Goodell.
