

THE DEVELOPMENT OF THE AMERICAN SHORT STORY

Louise Wheeler. (This essay won the Independent History or best original achievement award in the short story, by members of Twin Falls High school.) America, our own beloved country, great in the glory of its mighty youth...

Chautauqua Specials

At the Greater Idaho Dept. Store, Commencing Tuesday, June 19, you are offered many Chautauqua Specials. Every Dept. is contributing remarkable Bargains, but...

The development of the American short story may easily be traced in eight famous and representative short stories from the time of Washington Irving to the present.

DO YOU OWN A "ONE YEAR" CAR? PAY \$500 MORE AND GET A QUALITY CAR. \$1350 BUYS A CHALMERS.

acter of Poe himself and the tenor of the story: "he had a fine eyes for colors and effects. He disregarded the mere details of mere factuality. His plans were bold and fiery and his conceptions glowed with barbaric lustre. There are some who would have thought him mad. The aspect of terror and love of the supernatural is found in this story. Poe was influenced by Hoffman and Poe who discovered that mental terror is more effective than physical. The method used in this story is the German. "The Masque of the Red Death" has a very aboriginal introduction. The opening paragraph gives the effect of tragedy and throughout the story, the writer is not so much impressed. The effect is made stronger by the general description, by the contrast of black with bright colors and by contrast of happy life with ghastly death. Poe has directed every part to a pre-established design. The whole story was well planned and all the words selected and arranged to give the effect of tragedy before he ever touched his pen to his paper. Also the story is brief and it has finally been told in a few lines. All of these characteristics help to make up Poe's contribution to the short story. Hawthorne emphasized the moral and the lesson to be learned. Besides the characteristics that Poe named in the ideal short story, this genius apart, made the short story a greater art form by poetic rhythms, his keen appreciation of art and his sensitiveness to music. Poe was truly a great master.

le. The author conformed to no set rules which no one of mediocre ability could afford to disregard. O. Henry, on the other hand, being such a genius born to story telling used the only rule, "please yourself." O. Henry drew his material from modern and ordinary life. He finds material or his stories from the purely humorous and partly serious side of life, which there is some idealism in. In his freedom of writing, he surely pleased himself and followed his one rule faithfully by using "along, colloquial words, written with unusual dashes, parentheses, exclamations points, making false exclamations intentionally, breaking into stories with side remarks, making the serious and the burlesque. Still this is forgiven in his stories, or he did not so surprisingly, and with such abandon a typical example of the reader recognizes him as a genius born to the story telling art.

DO YOU OWN A "ONE YEAR" CAR? PAY \$500 MORE AND GET A QUALITY CAR. \$1350 BUYS A CHALMERS. In going over our records a few days ago we found that 80 per cent. of the men who had bought Chalmers cars this year previously owned "one year" cars. Please pardon us for using a technical term such as "one year" cars. It is a name that has grown up among automobile salesmen and service men. It means, briefly, a car that looks well when new, runs well when new, but peters out towards the end of its first year. 10,000 miles is long life for the "one year" car. Chalmers has never sought the "one year" car trade. Chalmers has always sought the quality trade. Perhaps that fact explains our sales records. It evidently shows a rather decided tendency towards a better car, and we feel complimented naturally, that the trend is toward Chalmers. Our advice, could we only get hold of those who are buying their first car, would be to pay \$500 more and get quality. For what is worse than a cheap pair of shoes, a cheap hat, cheap food or cheap jewelry? Quality you never forget. By the way, have you ever sat behind the wheel of a Chalmers?

Chalmers Motor Sales Company Third Avenue and Second Street East TWIN FALLS Phone 628

With this mastery art, the tale became the short story, the centralized and having a single effect. The plots, details and atmosphere were harmonized with the character of the tale. This new form, that is modern development many new artistic possibilities that had not been reached before. Hawthorne's story "The Minister's Black Veil" is one of our first examples of the short story which preceded the modern form. This tale is one of the most perfect examples of development, proportion and suggestion. The whole story is filled with the beauty of the landscape and spirit and it is pertinent in its attitude. There is a very short introduction. Then the tale is told in a simple and unobtrusive manner. The play of fancy, and it flows forcefully and superbly to a complete climax. Ator the climax is reached, the conclusion is very short, including the one paragraph. Nothing can be omitted in the whole tale. The single effect produced by this story is melancholy or the sense of mystery. The description, every play of fancy, every word contributes to the melancholy effect as "the dreary blast wailed as he went entering the room from the door." Such a sense of foreboding leads one to expect tragedy and the tragedy of it is that it might have been.

the. The author conformed to no set rules which no one of mediocre ability could afford to disregard. O. Henry, on the other hand, being such a genius born to story telling used the only rule, "please yourself." O. Henry drew his material from modern and ordinary life. He finds material or his stories from the purely humorous and partly serious side of life, which there is some idealism in. In his freedom of writing, he surely pleased himself and followed his one rule faithfully by using "along, colloquial words, written with unusual dashes, parentheses, exclamations points, making false exclamations intentionally, breaking into stories with side remarks, making the serious and the burlesque. Still this is forgiven in his stories, or he did not so surprisingly, and with such abandon a typical example of the reader recognizes him as a genius born to the story telling art.

Hawthorne gave the moral tone to the short story, and Poe, the artistic form. Both men added single effect, brevity and suggestion to the short story to a pre-established design and finally; Stockton, the element of surprise; O. Henry, freedom of restraint and settings of ordinary life; Richard Harding Davis, present day romance, and last of all, Mary E. Wilkins Freeman, who has added the personality of the modern woman.

Horses 100--Wanted--100 FROM 6 TO 8 YEARS OLD, WEIGHING FROM 900 TO 1200 POUNDS, STANDING 15 TO 15 1/2 HANDS BRING IN YOUR GOOD HORSES. WILL BUY MULLEN FROM 14 1/2 HANDS UP. WILL ALSO TRADE GOOD FARM MARES FOR COLDINGS.

Many have called that great genius, Edgar Allan Poe, "the Father of the American Short Story." This title is first applied to the characteristics of the ideal short story as an art form when the critic, Hawthorne's tale in Graham's magazine. The descriptions were briefly, single effect, direction of every part to a pre-established design, versatility and finally, Poe carried out all these characteristics in "The Masque of the Red Death." The description of the Prince, his that story applies well to the char-

acter of Poe himself and the tenor of the story: "he had a fine eyes for colors and effects. He disregarded the mere details of mere factuality. His plans were bold and fiery and his conceptions glowed with barbaric lustre. There are some who would have thought him mad. The aspect of terror and love of the supernatural is found in this story. Poe was influenced by Hoffman and Poe who discovered that mental terror is more effective than physical. The method used in this story is the German. "The Masque of the Red Death" has a very aboriginal introduction. The opening paragraph gives the effect of tragedy and throughout the story, the writer is not so much impressed. The effect is made stronger by the general description, by the contrast of black with bright colors and by contrast of happy life with ghastly death. Poe has directed every part to a pre-established design. The whole story was well planned and all the words selected and arranged to give the effect of tragedy before he ever touched his pen to his paper. Also the story is brief and it has finally been told in a few lines. All of these characteristics help to make up Poe's contribution to the short story. Hawthorne emphasized the moral and the lesson to be learned. Besides the characteristics that Poe named in the ideal short story, this genius apart, made the short story a greater art form by poetic rhythms, his keen appreciation of art and his sensitiveness to music. Poe was truly a great master.

McMillan News (Times Special Correspondence) Mr. and Mrs. E. L. Valentine of Orange, Cal., are here visiting at the home of their daughter, Miss Mrs. Gertrude Valentine and Grandsons LeRoy and Charlie Valentine. Also at the home of her mother, Mrs. Floyd Jones. Richard Griffith and wife left on Saturday for Flor to spend a few days at the home of their son, Frank. Norman Martyn and wife left at first of the week for their home at Caldwell. Mrs. F. P. Benson came down from Caldwell, to spend a short time and

IN THE GEM STATE

The Women's Civic club of Pocatello is assisting in raising funds for the Red Cross.

Two prominent physicians of Pocatello last week left for Georgia to join the medical corps.

A drive on stockholders who failed to register for military service is to be started immediately by the state government.

The lodges and secret societies of Boise, as well as the patriotic organizations, have been invited to enter the Fourth of July parade.

A southeastern Idaho Red Cross conference which was attended by representatives of ten county committees, was held at Pocatello June 12.

William L. Dyer passed away at his home in Nampa last week at the ripe age of 81 years. His death was attributed to ailments incident to old age.

The little son of Mr. and Mrs. Marion Simpson of Five Mile was quite badly scalded on the arm and side by boiling a kettle of hot water off the stove.

It is announced that the Idaho national guard would have been on a war footing a number of months ago if the orders had not been rescinded from Washington to stop enlistments.

Cardboard shipments received by the railroad in May, 1916, at Boise, numbered 528, and for May, 1917, were 700, or an increase of 232 cars, an average increase of over seven carloads a day.

Order No. 8, issued by the headquarters department of Idaho, Grand Army of the Republic, sets the date for the thirteenth annual department meeting of the G. A. R. for Boise June 19, 20 and 21.

The Boise High School class donated the proceeds from their class play to the Boise Red Cross, instead of using them, as has been done in former years, for scholarships in the University of Idaho.

Every effort is to be made by the Pacific Fruit Express company, which furnishes refrigerator cars to shippers in this territory, to take care of the tremendous fruit crop scheduled for Idaho in 1917.

Under arrangements just completed, Nampa is to be the point at which the big southern Idaho meeting for the purpose of working up interest in the "Evergreen Highway" will be held about the middle of July.

Oneida county registered 648 men. The federal government estimated that it would register 600. Blaine county reported a registration of 500 men. The federal government estimated that it would register 770.

Every man in F company, Idaho national guard, from Lewiston subscribed for a \$50 Liberty bond, according to a letter received from the captain of the company, on duty "somewhere in the United States."

N. A. Messenger and Billy Wilson, riding a motorcycle, were victims of a serious smashup at Nampa when they crashed into the car of R. D. Arnold at the intersection of Twelfth street and Second avenue, in front of the city hall.

Henry L. Fleck and Dubach Brothers, prominent wool growers, sold their wool clip at Seeley Springs, consisting of about 2000 fleeces, to Shurman Brothers, a manufacturing concern of Des Moines, Iowa. Sixty cents per pound was the price paid.

One of the finest dairy herds in Blaine county was recently sold for beef at prices averaging close to \$100 per head, and it is this high price which induces owners to sell, notwithstanding the fact that pasture conditions were never better than at present.

The state supreme court has placed an order for 2000 volumes of law books for the law library to be installed in Pocatello. The last session of the legislature appropriated \$5000 for this purpose, with the understanding that the housing of the library is to be cared for by Blaine county.

Only 3000 persons took part in a celebration at Poni on June 14, participated in by beet growers, sugar manufacturers, Red Cross members and other patriotic citizens. The occasion was in the first place a celebration in honor of the state anniversary which is being built there by the Eccles interests and also in honor of Flag day.

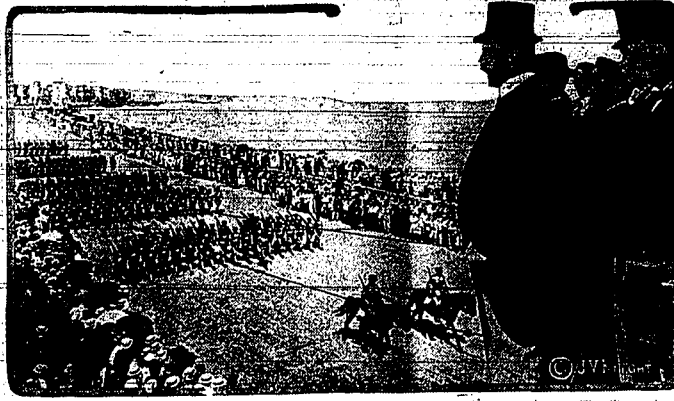

The Women's club of Mackay has been asked to supervise the work of the "Shoshone Patriots," an organization which is planting three acres of land in the Burnett field, which it will put under irrigation; and when all is planted, certain plots of ground will be allotted to boys of the town, who will care for it under the supervision of an expert.

E. R. Bennett, field horticulturist with the agricultural extension department of the state university, has returned to Boise from a trip through the potato growing districts of the state. He says the indications are that the potato yield is going to be large this season, since crop conditions are good all over southern Idaho.

Samuel Ross, aged 9, was shot through the abdomen while playing in an alley in Pocatello. The responsibility for the shooting has not been placed, it not having been definitely learned who fired the shot. The boy is getting along nicely.

A. E. Thompson of Gooding and Chris Jensen of Rexburg have been selected by the governor to serve with himself on the committee to prepare an exhibit from Idaho for the Golden Spike exhibition to be held at Ogden in 1917 in commemoration of the centennial of the Union Pacific in 1867.

PRESIDENT MENOCAU INAUGURATED IN HAVANA

Gen. Mario Menocal was re-inaugurated as president of Cuba with considerable ceremony. The illustration shows the inaugural parade on the famous Malecon in Havana, and, at the right, President Menocal and members of his cabinet reviewing the procession.

BURRILL URGES USE OF TOBACCO IN CAMPAIGN

Nicotine a Necessity for the Killing of Aphid and Insects Carrying Fire Blight, He Says.

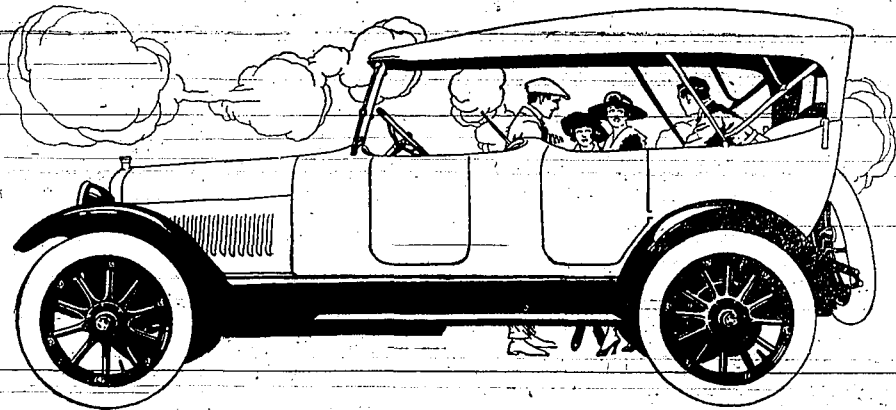

Many apple and pear-growers fail to realize that black leaf 40 tobacco must be added to the apple worm or codlin moth sprays to kill aphid, and other sucking insects which carry fire blight. Checking blight thus indirectly is less costly than the present anti-septic pruning method, and at the same time hits the progenitors of the clover aphid horde which winter on fruit trees. It appears probably that thrips may be checked by early tobacco sprays on apple, of interest to clover growers, since these insects work clover aphid in reducing the clover seed yield three-quarters or more. Astonishing success has also been obtained with tobacco sprays in the Yalima Valley in killing codlin moth. For crop preparation in backyard gardens and home orchard trees, the city dweller should try in supplies of bug munitions in advance. If only a few ounces of black leaf 40, as well as Paris green and hellebore, Phone the Farm Bureau of Prof. Burrill, 761-1, if you don't know whom to use them. Label these "diabolical drugs" "poison" and keep out of the hands of children.

People Read This Newspaper

That's why it would be profitable for you to advertise in it. If you want a job. If you want to hire somebody. If you want to sell something. If you want to buy something. If you want to rent your house. If you want to sell your farm. If you want to buy property. If there is anything that you want the quickest and best way to supply that want is by placing an advertisement in this paper. The results will surprise and please you.

CHANDLER SIX

Secure Your Chandler NOW, at \$1395; After June 30th, \$1595

This Great Car Will Be Continued, Identically The Same, At Advanced Price

For a few more days only, the Chandler price remains \$1395.

At the close of business June 30th the price becomes \$1595.

It has always been a basic part of Chandler policy to keep the Chandler price low. We have kept it low. We have sold the Chandler car for hundreds of dollars less than cars of similar quality.

At the present \$1395 price, there is no other six comparable to the Chandler in design, equipment and performance.

Men familiar with automobiles know this is true. That is why Chandler has gone to front-rank position among medium-priced cars.

The present price cannot continue. It must be materially advanced. It must be advanced \$200.

At the new price of \$1595, effective on and after July 1st, the Chandler will still offer excess value. The present series model will be continued identically. There will be no change of any nature in design, construction or equipment.

Out of our regular June allotment of cars we will fill all orders possible at the present price. But orders must be placed now, subject to our ability to make delivery prior to July 1st.

- 7-passenger Touring Car, \$1395.
- 4-passenger Roadster, \$1395.
- 4-passenger Convertible Coupe, \$1995.
- 7-passenger Convertible Sedan, \$2095.
- Luxurious Limousine, \$2695.

(All prices f. o. b. Cleveland, O.)

GRASSHOPPERS BEGIN TO APPEAR IN NUMBERS

Professor Burrill and County Agent Birch Prescribe Sodium Arsenite To Be Used At Once.

The grasshopper is again a live subject and in a few days will be ready to get busy on the crops of the farmer. Early last week Professor A. C. Burrill and County Agent W. N. Birch discovered a few young hoppers in a favored spot which were hatched and also some eggs that looked as if capable of hatching. They looked them over on Saturday and found that they had a promising brood of hoppers on their hands.

The professor-Burrill-said-yesterday that he hoped that farmers would get busy on the pests at once and by the use of a solution of sodium arsenite (not arsenic) to get them before they would have a chance to get on the crops. A pound of the sodium arsenite to a barrel of water will make a proper solution, which should be sweetened with three quarts of cheap molasses to appeal to the taste of the little hoppers. It will also kill ants.

At present the grasshoppers are being hatched by the millions along the weeds, hedge rows, the railroad track and other places where there are weeds. They remain near the hatching place for about a week before flying to the fields. The use of the solution at this time along the hatching place, the track and the hedges will kill most of them.

The solution is a deadly poison and stock should not be allowed to pasture on any place where it has been spread before a heavy rain which will wash it off.

Care should be taken by those mixing the solution not to breathe the dust from oxide or iron salts in an antidote for the poison. It should not be kept long after it is prepared and must be prepared fresh for each case. It is kept on hand by all druggists who are ready to send it. Swallowed eggs and milk should be given and the patient caused to vomit. If an antidote is required for the grasshoppers, Professor Burrill can probably suggest one.

THREE DAYS OF FUN

(Continued From Page 1)

officials of the history and the aspirations of the country will be in evidence.

The first day of the racing meet will be on July 2 and the last July 5. There will be a balloon ascension and other amusements every day besides the regular track events which will attract a vast audience from every town in southern Idaho and some from the outside.

The track is in lovely condition and the way that the racers and jockeys and trotters will hand down behind them will wake up the auditors. The excitement which is coming known to get down as well as up in the ascension there is no danger of the chapter being closed with the words "to be continued."

The following is the race program for the three days:

- Tuesday, July 3 (Matched Races)
 1. 2:30 pace; purse \$300.
 2. Trot or pace, 2-year-olds, 4 mile purse \$150.
 3. 2:54 trot; purse \$100.
 4. 4 mile dash; purse \$75.
 5. First heat, relay race; purse \$400.
- Wednesday, July 4 (Matched Races)
 6. 2:12 trot or 2:15 pace; purse \$300.
 7. 2:50 race; purse \$300.
 8. 2:20 trot; purse \$300.
 9. Novelty running race; purse \$250.
 10. Second heat of relay race.
- Thursday, July 5 (Matched Races)
 11. 2:25 pace, purse \$300.
 12. 2:15 trot or pace; purse \$300.
 13. 1/2 mile running race; purse \$100.
 14. Ladies' saddle race, free for all; purse \$100.
 15. Last heat of relay race.

DEATON STIRRED COUNCIL

(Continued From Page 1)

that the city give the sum of \$5000 to the "Hunt of June" now being raised. Mr. Deaton urged that this would be a proper way of showing appreciation for the home boys who had come and were going, and it might be the means of bringing back to some mother in Twin Falls and to the community, some wounded boy, who without such assistance might not return. Others who spoke in favor of this plan were C. D. Thomas, L. T. Wright, Harmon J. McManley and L. E. Breck- enridge. Each advanced a new reason why the action should be taken. It was intimated that donation of \$2000 would be acceptable, should the city not see its way clear to give the larger sum. The council took the matter under advisement until Friday night, when it meets to take up the budget. The only exception noted was a legal one and the city attorney is looking that up.

Another matter of popular interest brought to the attention of the council by Secretary J. B. Stubbs of the Twin Falls Commercial club was the extending of the hotel plumbers' national convention of Master Plumbers now in session at Evanston, Ind., to meet here next year. The convention is attended by about 750 delegates from all parts of the nation, all of them men of high standing in their communities. They have with them a large exhibit of the latest plumbing contrivances and pay special attention to legislation looking toward better sanitation. The council favored extending the invitation through the Twin Falls Commercial club, which will have the approval of the city council.

PUBLIC NOTICE!

FOR THE PAST TEN YEARS I HAVE BEEN ENGAGED IN THE REAL ESTATE BUSINESS IN TWIN FALLS, FILER AND VICINITY.

EARLY IN 1917 I DECIDED TO ENTER THE AUTOMOBILE BUSINESS, AND WITH THIS IN MIND, I WENT EAST FOR THE PURPOSE OF INVESTIGATING ALL OBTAINABLE LINES.

DURING MY THREE WEEKS THERE I TOOK PARTICULAR CARE TO INVESTIGATE THOSE ESSENTIALS ENTERING INTO THE CONSTRUCTION OF A MOTOR CAR NOT SEEN BY THE ULTIMATE PURCHASER.

I LOOKED INTO FACTORY METHODS, FACILITIES AND ORGANIZATIONS.

I INQUIRED INTO THEIR ABILITY TO SECURE MATERIAL FOR CONSTRUCTION, AND ULTIMATELY, FOR DELIVERIES.

I EXAMINED THE QUALITY AND SOURCE OF MATERIAL ENTERING INTO THE MANUFACTURE OF THE VARIOUS CARS.

I LOOKED FOR THE DISPOSITION ON THE PART OF THE FACTORY TO MAKE GOOD IF ANYTHING WENT WRONG WITH A CAR WHEN IN THE HANDS OF THE PURCHASER.

I LOOKED FOR A CAR EQUIPPED WITH A CONTINENTAL OR RUTENBERG MOTOR, AS I FIRMLY BELIEVE THESE TWO MOTORS ARE THE BEST MANUFACTURED IN THIS COUNTRY.

I DID NOT WANT TO REPRESENT A CAR BUILT BY A FACTORY WITH HURRY-UP AND SLAM-IT-TOGETHER METHODS—SO, I LOOKED FOR LIMITED PRODUCTION.

I INVESTIGATED THE QUESTION OF PRICE AND FOUND THAT A HIGH CLASS MOTOR CAR CAN BE BUILT TO SELL FOR BETWEEN \$1200 AND \$1800, THAT A CAR TO SELL AT THIS PRICE SHOULD BE PREFERABLY A SIX-CYLINDER, AND SHOULD BE A FAIRLY LARGE CAR OF FROM 120 INCH TO 125 INCH WHEELBASE.

I WANTED A CAR TOO, THAT WAS DESIGNED MECHANICALLY TO STAND UP INDEFINITELY OVER ROUGH ROADS, SUCH AS WE HAVE IN SOUTHERN IDAHO—A CAR THAT WOULD NOT DEVELOP A MULTITUDE OF SQUEAKS AND RATTLES AFTER A FEW MONTHS DRIVING.

FINALLY—I APPLIED FOR AND SECURED THE DISTRIBUTORSHIP IN SOUTHERN IDAHO FOR THE

Model A 6-40
120-in. Wheelbase
Rutenber, Timken,
Lipe-Brown,
Westinghouse, etc.
\$1350 at Jackson

Marion-Handley

THE SIX PRE-EMINENT

Manufactured by the Mutual Motors Co., Jackson, Mich.

Model B 6-60
125-in. Wheelbase
Continental, Timken,
Lipe-Brown,
Westinghouse, etc.
\$1650 at Jackson

I AM PARTICULARLY ADDRESSING THIS ADVERTISEMENT TO MY MANY FRIENDS IN THIS SECTION, AND I AM TAKING IT UPON MYSELF TO POINT OUT TO THE PROSPECTIVE BUYERS AMONG THEM THE IMPORTANCE OF GIVING THIS CAR A THOROUGH INVESTIGATION.

YOU'LL LIKE THIS NEW BOAT-DESIGN OF BODY—THE GRACEFULLY ROUNDED LINES AND ELEGANT FINISH. EVERY INCH OF THE BODY IS FILLED, RUBBED AND FINISHED BY HAND, TWENTY DISTINCT COATS OF PAINT, FILLER AND VARNISH BEING USED. I HAVE SEEN MARION-HANDLEY CARS WHICH HAVE BEEN RUN 50,000 MILES, AND THE FINISH WAS NOT NOTICEABLY DULLED.

YOU'LL LIKE THE APPARENT STURDINESS OF THE CHASSIS CONSTRUCTION AND THE OBVIOUS POWER OF THE POWERFUL SIX CYLINDER MOTORS.

IN LESS THAN THIRTY DAYS, I EXPECT TO HAVE ESTABLISHED IN BOTH TWIN FALLS AND FILER SUITABLE SERVICE STATIONS FOR THE CARE OF MARION-HANDLEY OWNERS. UNTIL THAT TIME I CAN STILL BE FOUND AT FILER.

I AM UNLOADING A FEW CARS TODAY, AND ALL DURING WEDNESDAY, JUNE 20th, THERE WILL BE STATIONED IN FRONT OF THE HOTEL PERRINE AT TWIN FALLS ONE MODEL B FOUR PASSENGER ROADSTER AND ONE MODEL A SEVEN PASSENGER TOURING CAR. MR. N. B. CLARK, REPRESENTING THE MUTUAL MOTORS COMPANY, WILL BE ON HAND, AND WILL GLADLY FURNISH THOSE INTERESTED WITH ANY DESIRED INFORMATION.

DEMONSTRATIONS WILL BE IN ORDER—AND, WHETHER YOU INTEND BUYING YOUR CAR THIS YEAR OR THE NEXT, THE MARION-HANDLEY IS HERE TO STAY, AND AN INSPECTION WILL CONVINCE YOU FOR ALL TIME OF ITS SUPERIORITY.

REMEMBER, THE HOTEL-PERRINE, ALL DAY DURING WEDNESDAY, THE 20th.

E. B. RIPLEY

FILER, IDAHO

delegations ever elected to one of the conventions and taken great interest in furthering all the objects of the national organization.

The council referred to the city attorney the matter of ordering the removal of the rails on the street railway, now in disuse through the office of the autos.

Petitions regarding sewer in the Jones addition and the Elm Park and Senior additions were referred.

Vigorous protests against reckless driving on the streets outside of the paved districts, in violation of the city ordinance to the danger of life and limb of children was voiced and the council determined to see that offenders shall be punished. Many autoists are said to run at great speed when no policeman is in sight.

The council voted to raise the wages of employees, decided to employ a dog catcher and allowed bills, before adjournment.

WAGNER IN TWENTY-FIRST YEAR AS BASEBALL STAR

By H. C. Hamilton
(United Press Staff Correspondent)
NEW YORK, June 19.—Twenty years a star in the National League and starting on his twenty-first season, the record of Hans Wagner, the Honus of the Pittsburgh club.

Only two men in baseball history have more years of baseball: Cap Anson was up there twenty-two years; Napoleon Lajoie was a star

for twenty-one years. The return of the famous Pittsburgh player probably means that before he quits the diamond he will have equalled or perhaps eclipsed the stretches left by these other stars.

Wagner's record shows a greater total of hits and runs than ever was scored by another player. Even Anson and Lajoie, with their longer terms of service, rank behind him in those two columns.

His last year before deciding to retire (the Bernard or "Pats" kind) was his poorest on the path, but his batting showed an improvement over the few years just previous. He confided while going through the rigors of the last campaign that his eyes were dimming considerably and that his legs wouldn't carry him as far as they formerly did.

"I expected to lose speed gradually," he complained, "but I don't see why most of the strength shouldn't stay."

Playing on the damp ground of the Pittsburgh baseball field probably was to blame for this. He developed rheumatism which bothered him to a great extent in the early spring and late fall.

IDAHO THEATRE FEATURES "HER TEMPTATION" WEDNESDAY

Gladys Brockwell, the famous emotional actress of the William Fox pictures, has a role full of the greatest possibilities in the sensational new latest feature which appears at the Idaho theatre on Wednesday. With

the usual skill she displays in her exciting Miss Brockwell succeeds in getting every corner of the character she plays and in vividly showing its many sides to the public.

Gerald Husted (Bertram Grassby) has been endeavoring to marry Shirley Mireland (Miss Brockwell), but when he learns that she has no money, he turns to her younger and wealthier sister, Helen. Shirley wants to warn her sister, but is stopped by Husted, who says he can prove that she had poisoned her husband.

Husted in later led to confess that he had brought about this death himself through hypnotic power. In an attempt to escape he is killed. Shirley remains happy in the knowledge of having saved his sister from unmerited punishment.

The 1917 June bride's trousseau, along with its party dresses and sport clothes, might well include at least one working apron.

LOST—\$15.00 Sunday evening somewhere between Idaho theatre, to 2nd street on Shoalton street, and Royal Bakery. Finder please return to this office and receive reward. D. S. Reynolds.
