# Idaho, the World's Greatest Battleship, Could Destroy an Entire Fleet of Old-Time Craft of Days of the World-Renowned Oregon

The battleships Nevada, Utah, Florida, Delaware, Wyoming, Arkansas, Oklahoma and North Dakota are considered first class fighting ships. Only a few years ago they were launched and America acclaimed them the last word in warship construction and the best ships afloat. But if that entire grand fleet were to be sent to sea in a single fighting craft and gave battle, there would be nothing left of them except wreckage and a few surviving sailors, says the Public Ledger of Philadelphia on March 31.

The Idaho, with its great guns, could steam in a circle and sink the entire fleet without getting so much as a scratch, for not a gun aboard any of the so-called crack dreadnoughts could land a shell on the Idaho's hull.

So far as the older fighting ships were concerned, these launched 30 years or more ago—the Idaho could give battle to all of them.

Naval strategy is just the same to-day as in the days of old.

Idaho, briefly, it is the trick of beating the enemy with the greatest amount of shells before he hits you. The Idaho fills the bill, for not only

has the craft been fitted with the longest range guns in the world, but her great speed, more than 25 miles an hour, permits her to stay out of the range of any battleship afloat.

Says Captain C. T. Vogelgesang, commander of the ship: "The Idaho is the greatest fighting machine in the world. There is not a ship in our navy or any other navy that can touch her. The average first class battleship can be sunk by the guns of the Idaho at a distance of 12 miles, and higher craft sent to the bottom at a distance of 18 miles."

As he stood on the bridge of this wonder ship, Captain Vogelgesang watched an army of workers make final adjustments of electrical signal and steering apparatus.

"Don't forget that this fine lady was built and equipped in Philadelphia," he said. "No sea-sickening might say Camden, but the two cities are virtually one, so we won't brag over such niceties. It is an achievement, though, that is worthy of a great city and Philadelphia has done for boasting when this warship steams down the Delaware."

The ship will be delayed to New York at an early date and then will start

on her maiden cruise. The crew of 1400 men is assembled.

There are many other navy ships, but just one Idaho, and view the craft from every angle you wish, it is impossible to describe her without drawing on your store of adjectives.

As Shipper Vogelgesang puts it: "This Idaho is the biggest, mightiest and grandest ship that floats."

To substantiate such a statement, consider that the Idaho mounts 12 14-inch guns. These are arranged in four turrets, of three guns each. Two turrets are forward and two astern, but these are so arranged that the entire battery can be fired at one time.

They had a range of more than 30 miles. The Idaho shooters eye of similar proportions, but of shorter range. Each gun hurls a 1600-pound projectile through the air at the rate of 2800 feet per second, and is capable of firing three shots every minute. The entire battery of 12-inch guns can hurl 18,000 pounds of metal in one hour, and do it three times each minute.

To supplement the big gun the craft has 4 6-inch guns and four big anti-aircraft guns. Then there are a

number of small 6-pounders and rapid fire.

The sister ships of this craft, the New Mexico and Mississippi, are now in commission, but neither approaches the Idaho in power.

"Our naval experts, who were attached to the war-fleet in European waters," said the Captain of the Idaho, "gained a fund of valuable knowledge concerning battleships, and this knowledge has been utilized in the outfitting of the ship. Many changes have been authorized to meet the demands of the naval experts, and among them the arrangement of the higher guns."

Operating in heavy weather makes the handling of a ship decidedly a very difficult, but difficulties have been eliminated on the Idaho. The 6-inch guns have been placed so high above the water that they can be operated regardless of weather conditions. "That will give the ship a distinct advantage."

Most notable of all the new features is the system of controlling the torpedo tubes, but details cannot be given.

The keel of this ship was laid January 26, 1915, and when placed in commission the craft represents an investment of more than \$18,000,000.

The ship is 324 feet 6 inches long, has a beam of 37 feet 4 inches, and a mean draft of 30 feet. Her displacement is 14,000 tons, and her maximum speed is 22 knots, capable of developing 22,000 horsepower, will send her through the water at a speed of 24 miles an hour.

That everything should harmonize, the ship's galley has been fitted with oil-burned ranges, electric bakers and dishwashing machines that make galley work a regular three-ring circus.

Nobody knows the real maximum power of the Idaho, and that won't be determined until the ship's given a battle practice at Guantanamo. "We cannot divulge the exact range of the big guns," said the "skipper," "but we can say that it can hit a target 25 or 15 miles away. It is certain that the Idaho gun can hit it. Today she is invaluable, for no ship afloat can get within range of her guns and

drawn tightly tonight, prepared to action on the floor of the house. A number of these prominent republicans of the state, members of the legislature were barely content with legislative duties.

There were renewed speculations tonight when the House adjourned in the house that their unofficial poll in the house showed them of enormous votes to defeat decisively the impeachment recommendation, though there are many indications the issue will be hotly contested in debate before it comes to a final vote.

GOVERNOR TO FACE BAR OF THE HOUSE

Impediment Charge Formally Presented Against Harding After Hard Fight.

DES MOINES, Ia., April 14.—Chargers with malfeasance in office for his part in the Baltham pardon case, the Iowa house judiciary committee will present a majority report to the house tomorrow recommending impeachment of Governor W. H. Harding. A minority report will recommend leniency.

The majority report on the majority report was given by the committee late today in executive session by a vote of 17 to 11, three committee members not voting, but joining with the dissenting eleven in the minority report.

Majority and minority reports will be presented tomorrow morning in regard to Attorney General H. M. Harvey, whose methods in revoking the pardon also have been under investigation by the committee. Execution will be taken on the recommendation, while the minority report will urge censure.

Plans of house leaders had not been completed tonight in regard to action on several reports, but tentative arrangements will be for consideration of the report on a special order of business at 10 o'clock a. m. Wednesday. An agreement probably will be reached on this point before the adjournment tomorrow.

The majority report on the governor's case declares the evidence obtained by the committee does not show he received any money for granting the pardon, but charges he violated both office and duty by violation of privilege and confidence, by sending clemency without thoroughly investigating the case.

## FAIL TO FIND WAY TO ENFORCE LAW

National Prohibition Measures Effective July 7 Cause Anxiety At National Capital.

WASHINGTON, April 14.—Legal advisers of government agencies interested in liquor regulations examined statutes and executive orders today without finding specific legal authority by which the international revenue bureau might enforce war time prohibition after July 1.

President Wilson under the Overman act, giving the power to transfer functions from one department to another, might delegate the authority to the revenue bureau, some lawyers declared. However, this still would leave the bureau without adequate funds to pay the costs of maintaining a large federal police force.

Suggestions received today did not change materially the air of uncertainty over the question of how prohibition is to be enforced as caused by the International Revenue Commissioner. He has not the authority for the funds he has cut out the enforcement measures properly. Many telegrams received reflected keen interest in the situation.

Mr. Hooper added nothing to his statement in replying to this question.

Legal advisers of other agencies today discovered that an executive order of the president dated September 1, 1917, which prohibited the use of food collection in production of whiskey, and paved the way for restrictions on beer brewing. These penalties, active under the treasury, were authorized to employ such additional assistance for this work as the secretary of the treasury might deem necessary.

The amendment to the agricultural appropriation act of November 31, 1918, by which time-war prohibition effective July 1, was established, did not become law until long after that date. It was then issued, and consequently the order would not apply to the prohibition measure.

The act of November 21, 1918, provided that after June 30, 1919, until the conclusion of the present war, but which prohibited the importation, exportation, the date of which shall be determined and proclaimed by the president of the United States, it shall be unlawful to sell for beverage purposes any distilled spirit.

The act also specifies that in this case "no beer or other intoxicating malt or vinous liquor shall be sold for beverage purposes except for export."

The distinction between this act and other war-time liquor restrictions, as pointed out today by officials, is that it relates to the sale of liquor whereas the others related to the manufacture. Consequently it was explained that the revenue bureau will have power to take action against illicit sale of beer, but will retain the present power to prevent illegal production of liquor.

### U. S. CONGRESS WOULD AMERICANIZE AMERICANS

By the Associated Press.

WASHINGTON, April 14.—Genuine Americanization of native-born Americans, as well as those born in a foreign country or of foreign parentage and residing here, was the theme of the opening session today of the twenty-eighth annual continental congress of the American society, daughters of the American Revolution. The program will continue until Saturday evening.

Mrs. George Wheeler Guernsey, president general of the organization, in an address declared the development of the American consciousness depended on the exclusion of all foreign languages except English from the public schools. She characterized the teaching of a foreign language in the schools as one of the greatest barriers to patriotism and expounding to almost an act of treason.

Mrs. Guernsey was applauded vigorously when she concluded her address. She said that "we as Americans must come to understand that in any righteous league that shall bind the nations together we must give as well as take."

The entire program of the opening sessions of the congress is being broadcast by the American Broadcasting Company, led by the author, Walter Taylor Page of Baltimore. Madame Bronshakaya, the grandmother of the Russian revolution, occupied a week on the program.

Her nomination was received today for vice president general, seven of whom are to be elected. Those nominated were: Mrs. Frank Wm. Baldwin, Lillooet, Mrs. Frank F. Dew, New York; Mrs. John P. Hunt, Wisconsin; Mrs. Lewis H. Coburn, Maine; Mrs. Isaac Lee Patterson, Oregon; Mrs. Jankin-Richards, Washington; Mrs. Wm. D. Shearer, New Jersey; Mrs. James Lowry Smith, Texas; Mrs. Mary-B. WAR BONDS AND GOOD TIMES.

If the Fifth Liberty Bond is sold to ALL the people, we will have good times. If workers or buyers hold back and force this loan upon the banks, we will have dull times.

This statement, made by the head of one of the big Victory loan committees, hits the nail on the head. The reasoning is simple enough. The bonds will have to be taken by somebody—the government has already spent nearly all the money, and must have it to maintain the credit and honor of the nation to pay further war bills.

NO "SUPER-NATION."

Much of the opposition to the League of Nations, says Senator Hitchcock, "has been based on a false misconception of what it is. It is not a great super-nation, it is not even a nation or a government. It has no sovereign powers. It is a great covenant, the chief features of which are agreements as to what the nations will do and will not do as sovereign powers."

Though possibly an extreme statement of one point of view, in the main this statement must be accepted as true. It is not apparent that any of the men engaged in shaping the league covenant at Paris have contemplated making a real "super-nation" endowed with sovereignty independent of the nations creating it.

TO BE PLAYED AT AND LAUGHED OVER.

Why should military death be less respectfully regarded? The cause against the warlike toy is convincing enough to any one who stops to think. Better supply our children with toys representing happy, constructive living than train them to be entertained by toys of aggressive warfare and destruction.

SELF-DENUNCIATION FOR FILIPINOS.

It is admitted that the Filipinos are now ready for complete independence, and that is a question which will doubtless be fully debated in congress when it meets—there could hardly be a more opportune time for granting them their freedom. There is no question, of course, regarding the policy to which the United States is committed.

AMERICAN IMMORTALS WIN HONORS IN FRANCE

JAMES I. MENTROVITCH.

Sergeant Mentrovitch (deceased) decorated for exceptional bravery in saving the life of his captain in command of a machine gun company in France, August 16, 1918. Saving his captain by running forward thirty yards in front of the line, after his company had withdrawn to a sheltered position behind a stone wall, Sergeant Mentrovitch voluntarily left the cover and shell fire to ward the officer away. Sergeant Mentrovitch took the officer upon his back and crawled back to a place of safety where he administered a first aid treatment. He accepted a Distinguished Service Cross for conspicuous gallantry in action at Bois de Banville, France, October 5, 1918.

ARTHUR F. BRANDT.

Corporal Brandt, whose home was with his mother, Mrs. W. F. Brandt at Paterville, Pa., was decorated for conspicuous gallantry for conspicuous bravery in action at Bois de Banville, France, October 5, 1918. After his company had been in action three days, during the attack on the Bois de Banville and was to be positioned in the rear, he volunteered to guide the company to a position of security in the rear which he had discovered. While the relief was being made under shell fire, this soldier and four others were severely wounded by a bursting shell. Realizing that he would be killed, he crawled forward to a trencher and crawled back to the trencher, being wounded in the face and severely able to fight through his severe wounds. He was able to reach his position over difficult terrain and under enemy fire. Corporal Brandt died from his wounds the next day.

BASEBALL STARS REACH AMERICA'S SHORES

Alexander and Maravalle Announce Themselves Ready to Return to Great U. S. Game.

NEW YORK, April 14.—George Cleveland Alexander, star pitcher of the Chicago National League club, returned today from overseas on the Ketchikan. He is a sergeant in the 242nd field artillery.

He received an ovation from those on the pier who recognized him. He said he soon as he received his discharge he intended to go with his wife to St. Paul, New Mexico, to see his aged mother and father. Army officers said he might be mustered out tomorrow.

"There was no opportunity to get in a game," he said. "The weather was bad, mostly rain all the time, and so I have had no little practice. I feel in fine shape."

Another baseball star to arrive in New York today was Walter "Habit" Hermann, star pitcher of the Boston Nationals. He came into the city with the Atlantic fleet. He was a member on the flagship Pennsylvania, but received his discharge before leaving the ship. His home is in Springfield, Mass. He has a letter from his club, which says he will remain a few days before joining the Braves.

Maravalle played on the Equino's baseball team, which won the championship of the fleet in the game at Manhattan.

BASEBALL TEAM NOW READY FOR SEASON

Officials Selected—To Organize League This Week—First Game May 4 With Strong Team.

Officials of the Twin Falls baseball team were selected at a meeting held last evening. This step was preliminary to a meeting to be held here, probably Wednesday evening, at which time the south central Idaho baseball league will be organized.

Information was received yesterday that Paul, Hugh and Rupert will have delegates to the meeting to be held this week to organize the league. Interest in the game is coming up in Twin Falls. About 15 prospective players rapped through at 4 o'clock yesterday afternoon and those who are the better players were well pleased. Work spots in the line up will gradually be filled out.

The officials selected last evening are: Roy Mercer of the firm, manager; Frank Mathews, secretary-treasurer; T. Harold Metcalf, city official; The Chronicle, official manager; Bruce Watson, club house manager; Bert Colwell of the Majestic pharmacy; J. N. Clark, of McCauley and John White, finance committee. The first game of the league will probably be held on Sunday, May 4, with one of the "other league" teams in opposition.

Easter Facts and Fancies

EASTER is celebrated all over the world, though not by all the world. About one-third of the people of the civilized world will observe the day as a commemoration of the resurrection of Jesus of Nazareth—whom it is said that about one-third of the civilized world is Christian. Hourly speaking, there are about 345,000,000 Christians and about 1,082,000,000 non-Christians. The Christians are thus classified: Roman Catholics, 272,300,000; Eastern churches, 171,500,000. The non-Christians are thus classified: Jews, 12,000,000; Mohammedans, 221,825,000; Buddhists, 188,031,000; Hindus, 210,240,000; Confucianists and Taoists, 200,820,000; Shintolists, 25,000,000; Animists, 158,270,000; unclassified, 13,280,000.

The Christians may be geographically classified thus: Europe—Roman Catholic, 181,700,000; Eastern churches, 88,000,000; Protestant churches, 53,000,000. Asia—Roman Catholic, 5,000,000; Eastern churches, 2,200,000; Protestant churches, 2,700,000. North America—Roman Catholic, 30,700,000; Eastern churches, 1,000,000; Protestant churches, 65,000,000. South America—Roman Catholic, 80,200,000; Protestant churches, 400,000. Oceania—Jews, 2,000,000; Eastern churches, 2,000,000; Protestant churches, 2,000,000. Africa—Jews, 2,000,000; Eastern churches, 2,000,000; Protestant churches, 2,000,000. Australia—Jews, 2,000,000; Eastern churches, 2,000,000; Protestant churches, 2,000,000.

The Jews are thus distributed: Europe, 10,000,000; Asia, 10,000,000; Africa, 10,000,000; North America, 10,000,000; South America, 10,000,000; Oceania, 10,000,000.

Another geographical classification is this: Europe—Christianity, 210,000,000; other faiths, 10,000,000; total, 220,000,000. Asia—Christianity, 2,000,000; other faiths, 2,000,000; total, 4,000,000. Africa—Christianity, 2,000,000; other faiths, 2,000,000; total, 4,000,000. North America—Christianity, 100,000,000; other faiths, 10,000,000; total, 110,000,000. South America—Christianity, 100,000,000; other faiths, 10,000,000; total, 110,000,000. Oceania—Christianity, 10,000,000; other faiths, 10,000,000; total, 20,000,000.

It may safely be said that the allied Christian faiths will celebrate Easter this year with unusual solemnity. The alleluia in a corner of your choir just now, the world has been brought face to face with death by the great war a year ago. Probably also it will be celebrated as usual in Germany, for the Germans make much ado over Easter.

Even in distracted America Easter will be observed for the Great Catholic Church makes much ado of the celebration and Easter observance is a part of the national life. The Catholic Encyclopedia has a chapter on the subject of Easter, and it is interesting to read that the word Easter is derived from the name of a goddess of the Anglo-Saxons, Eostre, who presided over the spring festival. The word is also found in the names of the months of March and April, and in the name of the goddess of the North Sea, Eostre.

The resurrection of Jesus Christ is the central theme of the Easter story. It is the story of a man who died for the sins of the world and who rose again on the third day. The story is told in the Gospels and in the Acts of the Apostles. The resurrection is the foundation of the Christian faith, and it is the power of God over death.

The resurrection is the power of God over death. It is the power of God over death. It is the power of God over death. It is the power of God over death. It is the power of God over death.

FLYING CIRCUS TO ADVERTISE VICTORY LOAN

American Aviators to Exhibit in at Least Nine Coast Cities During Campaign

A flying circus made up of twenty American aviators, a captured German submarine and 3000 feet of motion picture film showing actual fighting on the Western front will be three of the features used to attract attention to the Victory Loan which opens April 21.

The aviation feature will exhibit the American biplane flying exhibition. English and German planes and exhibitions will be made in at least nine of the larger cities of the Pacific Coast. This will be the most sensational feature of the campaign and in the first of eleven cities. The first city in this district will be two captured German Fokkers, two British single engine Spads, two British combat S.E. 5s and five American Curtiss.

The official itinerary has been completed but among the cities which will be visited are San Diego, Los Angeles, San Francisco, Sacramento, Portland, Seattle, Spokane, Reno, Boise and Salt Lake City—Landing fields in all these cities are now being chosen.

Beware of small exposures; a square leak will sink a great ship. If you have any policy but their they clear.

JAPANESE GOVERNMENT MAKES QUICK SETTLEMENT

Pays \$250,000 For Row in Which Two Americans Were Shot to Death.

By the Associated Press, SAN FRANCISCO, April 14.—A telegram received today by The Chronicle World, a local newspaper, from the British consular office at Tokyo and the Japanese government has settled with the United States government for the killing of two American soldiers by Japanese soldiers in the recent disturbance in the French occupation zone. The disturbance occurred at Tien Tsin March 13, when it was said, the Americans took exception to the Japanese soldiers of the Japanese police. No reports previously were published in the United States that two American soldiers had been killed. It was reported two Americans had been severely wounded.

SEASONABLE BUILDING CRY

"Good morning, Mr. Undergraff. Why how do you do Mr. Smith, how are the folks?" "Fine—Mr. Undergraff." "Mrs. Smith and Mr. Undergraff are building a new house in the spring, and she told me you'd be sure to stop at your place and get a plan book." "How you and Mr. Smith say ideas as to what you want in the way of a house?" "Oh, yes. We have been making notes." "Well, Mr. Undergraff, let's see. Mr. Smith, we'll see you better than a plan book will be in your studies on our architecture."

AUDITORS OFFICE MAKES ITS QUARTERLY REPORT

Pays to the Amount of \$31.80 Collected During First Three Months of the Year.

The quarterly report of C. C. Bigelow, county auditor and clerk of the Recorder district court, was submitted to the county commissioners yesterday. The report shows that amount paid for the recorder's office during the quarter were \$2,128.79, while there are \$45,000.00 deposited in the county treasury. There was expended during the month the following sums: Reimbursed to the department of commerce \$1,650.00; cases to the department court, \$12.00; expenses of the auditing, \$45.00. \$10,000.00 was turned over to the county treasurer.

The report of the sheriff's office will be submitted today while that of the county treasurer will be ready within a couple of weeks.

FARMERS COULD PURCHASE ENTIRE U. S. VICTORY LOAN

Earnings for 1918 Estimated at \$12,000,000,000 by Treasury Department.

The farmers of the United States alone could subscribe the entire amount of the Victory Loan which is to be opened by the government April 21. Figures given out by the treasury department show that the earnings of the American people for all the interest charges on all the Liberty Bonds outstanding during this year were in excess of \$12,000,000,000. It would have taken less than two days earnings of the American people to pay all the interest charges on all the Liberty Bonds outstanding during this year.

There is far more sold back to the Liberty bond market here than that standing behind bonds of any of the other of the allied nations. America's total wealth is estimated at \$250,000,000,000. The "net" of the world's money stock held by this country is \$44,000,000,000. An increase of \$1,192,000,000 since the beginning of the war.

It is meant to assure a first design that is still to follow it.

ATKIN SINKS DAMAGES FROM TWIN FALLS CANAL COMPANY

Alleged Damage From Canal Disposal—Alkaid and Huts His Law Suits.

Alleging damages to the amount of \$125,000 to be repaid, Thomas M. Alkin yesterday filed suit in the district court against the Twin Falls Canal company for the recovery of the amount.

According to the complaint a canal on the company runs through and on the south property line of the plaintiff on higher ground than that of the ranch. Alkaid has been deposited on the ground by the water, according to Alkin, resulting in his inability to get a sufficient crop. He cites that on five acres he was only able to grow one ton of clover hay where he should have gotten four, while on 1 and one-half acres of land soil is spent the crop was a total loss. Alkin avers that this land should have produced 7 bushels of wheat to an acre.

BROOKLYN, N. Y.—The Wappler Electric Company has purchased a site in Long Island city for a plant which will employ 500 men. It will be three stories, of reinforced concrete.

REPOSE TO BUY

WASHINGTON, April 14.—Withdrawal by the United States government of its offer to purchase the American-owned interest in British tonnage held by the International Mercantile Marine, and which a British syndicate previously desired to buy was due to conditions surrounding the company's contracts with the British government. It was learned today that Great Britain had the right to requisition the fleet at any time and this government did not wish to acquire property with the control virtually resting elsewhere.

STOCK-MARKET IMPROVES. NEW YORK, April 14.—Speculative interest in the stock market was visibly stimulated by the publication of the official details of the coming Victory loan, the smaller volume of that project and the attractive interest rate offered on the same.

There were intervals of hesitancy, due mainly to realizing for profits, prompted by uncertainty respecting the trend of the peace conference, but the rise was fully offset, moderate reactions being of a normal character in the several groups of specialties.

Bulls and coppers were the only conspicuous exceptions, falling to share more than nominally in the sweeping and substantial reaction.

Fully half the days trading tented around three groups—motors, oils and shipbuilding, while a goodly percentage of the rest turned out as drag on the entire transportation division.

Pronounced features of strength included Atlantic Gulf at an advance of 1/4 point; American International, which recovered almost half of its loss; and General Dry Goods, which advanced 1/4 point.

Other elements of strength embraced Steel—oil, the most active issue, at a gain of four points; American Cotton Oil, and sundry specialties two to three points.

United Steel made an extreme advance of 1/2 to 3/4, ending slightly with kindred issues in the further profit taking on the close.

Liberty bonds, excepting 3 1/4, strengthened at first, but reacted slightly later; other dynamics were steady and international firm.

Old U. S. bonds were unchanged on call.

LIVESTOCK. CHICAGO, April 14.—Hog receipts 37,000; market closed strong with Saturday's average, estimated 1919-20; heavy weight 204.00; medium weight 204.00; light weight 199.00; pigs 175.00.

Cattle receipts 14,000; beef steers mostly 15 cents lower; butcher slightly, mostly 10 cents lower; cowboys steady to 10 cents lower; feeders steady to 10 cents lower; estimated tomorrow 11,000.

Heavy beef steers 11.00-12.00. Light beef steers 10.00-11.00. Butcher cows and heifers 7.50-8.50. Canners and cutter 7.00-8.00.

Blockers and feeders steers 8.50-9.50. Sheep receipts 15,000; fat lambs active mostly 25 cents higher; feeders and sheep steady; estimated tomorrow 10,000.

Lambs: 100 lbs. and over 10.00; 80 lbs. and under 9.00. Culls 14.00-17.00; ewes 17.00-19.00; goats 12.00-15.00; calves and common 10.00-12.00.

KANSAS CITY, Mo., April 14.—(U. S. Bureau of Markets.)—Hogs 16,000; steady; 16.00; steady to higher.

OMAHA, Neb., April 14.—Hogs 15,000; steady to ten cents lower. Cattle—4,000; heavy to lower. Sheep—4,000; steady.

ST. JOSEPH, Mo., April 14.—Hogs 4,500; steady to ten cents higher. Cattle—2,500; steady. Sheep—3,500; steady.

JOHN MARRETT SHOWED STRONG. By the Associated Press. CHICAGO, April 14.—Weather likely to interfere with the crop movement, but a bullish effect today is seen. Opening prices which ranged from half to 1/4 cent higher with May 18 1/2 to 1 3/4, and July 18 1/2 to 1 3/4, were followed by a moderate reaction.

Continuation that continued rains brought serious delays to feeding was independent strength to close. After opening quarters 1/4 to one cent higher with July 8 1/2 to 1/4, the market held firm with July 8 1/2 to 1/4 of the initial firm of the rest of the initial firm.

MINNEAPOLIS, April 14.—Wheat, cash, No. 1 northern, 24.10-25.10. Corn—14.00-15.00. Oats—12.00-13.00. Flax—18.00-19.00.

# VICTORY FLEET STEAMS INTO N. Y. HARBOR

### Great Armada Rides Through the Pin of a Defeating Welcome.

### OVER HUNDRED SHIPS REACH COTNAM TODAY

Over Thousand Men Are Released for 24 Hours Shore Leave in Big City.

NEW YORK, April 14.—More than 100 ships of America's "Victory fleet" arrived here today from New York harbor today beneath a great canopy of air and applause, bringing 30,000 officers and men to the first home shore leave they have enjoyed in more than a year.

The armada—the greatest in point of numbers ever seen in an American port—rode through the din of an enthusiastic welcome in the harbor to the Cotnam pier in the Hudson river, and there the fleet was met by a cheering throng of 20,000 men for whom they were to have 24 hours' shore leave.

By the time the fleet arrived from the Philippines, where it has been on duty since the outbreak of the war, the fleet was met by a cheering throng of 20,000 men for whom they were to have 24 hours' shore leave.

### HUNS TO PAY

(Continued From Page One.)

It had been reached on the question of the Rhine frontier, thus removing the last of the minor obstacles in the way to the peace treaty with Germany.

President Clemens called on Colonel House of the American delegation tonight and expressed himself as entirely satisfied with the settlement. This indicates the French will secure guarantees against a repeat of their defeat.

The German sections along the west front to which there will be no further additions, no troops and no conscriptions.

Up to the Germans. The treaty will be delivered to the Germans on their arrival at Versailles on the 23d and subsequent action to the formulation of peace will be dependent somewhat on their authority to sign or their desire to return to Weimar for a consultation with the other allies.

### HONOR COURAGE; GEEB BATTLE AHEAD

Says Fleet Command Officer Following Battle of the Atlantic.

WASHINGTON, April 14.—Senator Brown of Idaho, republican, upon his return tonight from a two-day inspection trip to the proposed location of atomic bomb production, said he was convinced that the atomic bomb is a revolutionary weapon which will revolutionize the world.

These are some of the things," the senator said, "which seem still important in the proposed league and this being so I could not and would not support it. Instead I think the real league is now formed and the real conflict now begins."

### MANY REGISTER DISCHARGES

More honorable discharges from the army are being registered daily at the county court house. Soldiers who sent their discharges with their request for the 600 bonus and who have received the discharges are taking advantage of the opportunity of protection against loss of the documents in the future by recording them. Among the discharges filed with the county today were those of Frank H. Fisher, Carl J. Horing, Edward L. Rudolph and D. H. McGinn.

### HONORABLE MEN LIBRARY FUND

Hazard school district raised a fund of \$20 at a community meeting Saturday evening. There was a good crowd present and a splendid program was rendered.

competent jurisdiction, and persons seeking to operate under such ordinance would, by this means, be subject to the penalties provided by Section 6341 of the codes above quoted.

There is only one way in which this matter can properly be brought before the council and that is by petition of a number of qualified electors residing within the city equal to a majority of the voters cast at the last general election.

The new ordinance is the same as that passed last year and will be subject to the same provisions as that ordinance.

crowd will be accompanied by speakers accompanying the train. Among those who will be heard will be Rev. Wilbur Martin of Boise, who has been one of the leading speakers at all victory loan drives in the state in the past.

Twin Falls county's Victory loan campaign will open today evening. Featured by a parade, which the Victory loan committee members will lead, the greatest military exhibition ever shown here will be the highlight of the day.

Announcement of the program for the evening was made yesterday by Maintenance Officer, manager of the Victory loan campaign committee. It follows:

Assembly of Twin Falls service men at the depot at 6 p. m. Troop train arrives 7:30. "Treat" at the city park 7:45. Troop train 8:00 and to public hall.

## TAYLOR WILL SIGN NAME 55,000 TIMES

With the ardor that shows a sign of signing his name 55,000 times, Stuart Taylor, secretary of the Twin Falls highway district board, left Sunday morning with C. B. Chappell, chairman of the board for changes where the \$1,250,000 worth of bonds will be secured from the buyers. Mr. Chappell will have to sign his name 1250 times, one on each bond. It is necessary for secretary Taylor to sign his name to each bond and to the county of which there are 55,000.
