## HUNS MUST MAKE REPLY BY MAY 15TH

### Report Allied Government Has Set Time for German Answer.

## CONSTANTINOPOLE MAY BE RULED BY U. S.

### Europeans Looks With Favor on Plan to Make the City American Mandatory.

By the Associated Press.

PARIS, April 16.—(Havas.)—The allied governments, according to the Temps apparently have decided not to wait beyond May 15 for a definite answer from Germany as to whether she will sign or refuse to sign the peace treaty.

### Expect Reply May 15.

By the Associated Press.

PARIS, April 16.—The allied delegates to the peace conference express the opinion that it is hardly likely that Germany's answer will be available before May 15.

### Turkish Empire Problem.

There is the greatest uncertainty concerning the disposition of the Turkish empire. The future of Constantinople has not been determined, although some of the American delegates would prefer to have the United States take charge of it rather than that of undeveloped territory and convert it into a model city with modern roads and street sanitation.

The British, French and Italian delegates are willing to have the United States take over Constantinople as this would avoid disputes which might result from European jealousy. The desirability now is being discussed as having a separate commission from each of the five big countries to report on the matter and investigate Turkey, Palestine and Armenia rather than have joint commissions do this work.

### Seek "No Man's Land."

The council of four met this morning and took up the request of Belgium for a revision of the treaty of 1918 and Belgium's demand for the annexation of Malmédy in the Rhine province of France—southwest of Ais-la-Chapelle and Moreau, a small section of "no man's land," the disposition of which was left undecided in the Vienna conference. It lies between the Belgian provinces of Liège and the Prussian Rhine province.

## ROBERT S. M. MCCORMICK IS DEAD AT HOME IN CHICAGO

### Member of Small Which Developed Harvest Machines Now Generally in Use.

By the Associated Press.

CHICAGO, April 16.—Robert S. McCormick, American diplomat and father of United States Senator Fred McCormick of Illinois, and Robert H. McCormick, one of the editors of the Chicago Tribune, died of pneumonia today at his home in Hinsdale, a suburb. His health which forced him to retire as United States ambassador to France in 1917 had been with him most of the time since.

Mr. McCormick was born July 24, 1864, in Rockbridge county, Va., the son of William S. McCormick, who with his brothers, Cyrus J. C. and Leander shortly afterward came to Chicago. Members of this family—the Victorian grandfather and especially his eldest son, Cyrus—developed the reaper from crude beginnings to the great factor it afterwards became in farm life.

## POCATELLO SCENE OF BIG GATHERING

### Immense Crowds View Trophy Train at Gale City—Other Places Are Enthusiastic.

(Special to the Chronicle.)

POCATELLO, April 16.—Pocatello is packed this evening, with one of the biggest crowds in the history of the city to view the war relics carried on the victory special. Estimates place the number who visited the train the city at 25,000.

All day the special has played to immense throngs. Herbyburn turned out a big crowd at 7 a. m. to greet the special. Rupert staged a demonstration that taxed the capacity of the station grounds.

### Stage Their Quota.

County Chairman Daney of Minidoka county, backed by the mass of patriots gathered at the station, urged the county across the line to the victory train. It is planned to have Minidoka's quota ready to report the instant the drive opens Monday, April 21. Advance arrangements are already being made for this. Acquia showed up with the school children reading a beautiful parade, each pupil carrying an American flag. Minidoka turned out a well-kept band of humanity that packed the station grounds.

### The Governor at Home.

American Falls put on a demonstration that was elaborate and beautiful. The local church society turned out patriotic music. Prominent citizens from the Falls met the train at Minidoka. Chairman Greenwood of Power county assured State Chairman O'Brien—his county would make its quota on the first day. Governor Davis was given an ovation which broke in American Falls his home town.

### Pocatello Cuts Loose.

Pocatello ripped the roof off when the victory special reached here. Every engine in the yards and shops broke loose, engines were fired, steam whistles and the overcast men with the train, were made to feel as much at home as possible. Speakers today were Governor D. W. Davis, State Chairman Monte D. Gwin, Senator Lloyd Adams, Willis Martin, Captain Edgar T. Hawley and Private Gates. Mr. Martin joined the train at Minidoka.

## SHERIFF MAKES REPORT.

Took in \$1442.00 During the First Three Months of the Year.

Receipts in fees at the sheriff's office during the current quarter were close to a record, according to an announcement of Sheriff A. N. Sprague. The sheriff reported to the commission that \$1442.00 had been received, well in excess of what of the fees total \$144.75. The quarter's receipts show a record, receipts between 1860 to 1900.

## CONSIDER WAY OF CALLING HUN ENVOYS

### Some Articles of the Peace Treaty Referred Back to Committee.

## ISHII RESIGNATION ROUSES JAPANESE

### Anti-American Campaign in Nippon Press Continues—Peace Activities Are Inaugurated.

By the Associated Press.

Premier Clemenceau, president of the peace conference, yesterday provided for a meeting of the representatives of the various powers at war with Germany and gave them some of the details concerning the coming Versailles congress on April 25, when the German envoys will be present. It has not been disclosed whether the invitation to the Germans will be issued in the name of the council of five or of all the powers represented at the peace conference.

The foreign ministers, who had under consideration certain provisions of the peace treaty, have reported to the council of ten that some of the articles have been referred back to the drafting committee, and it is understood the remaining articles will be disposed of at the very earliest date.

The British prime minister, David Lloyd George, has presented the situation at Paris before the house of commons. In a lengthy speech, he explained himself with dispassionate aspects rather than details of what the peace conference has done. He opposed intervention in Russia, declared that Bolshevism was gradually winning—breaking down under the relentless force of economic fate, denounced attempts to sow dissension among the delegates and declared that the whole pack of the world hangs on the society of nations.

### Food Relief for Russia.

Food relief for Russia, under neutral control, has virtually been decided upon by the allied and associated powers. Reservations by the French apparently are the only obstacles in the way of immediate action and these

## SHIPMENT ORIGIN WILL CRUISE IN LOAN DRIVE

By the Associated Press. WASHINGTON, April 16.—The battleship Oregon, which made the famous trip around the world during the Spanish-American war, will contribute its part to the forthcoming Victory Loan campaign by cruising along the Pacific coast, starting from Bremerton, Washington, and putting in at important ports to stimulate enthusiasm for the loan drive.

## ISII RESIGNATION ROUSES JAPANESE

### Anti-American Campaign in Nippon Press Continues—Peace Activities Are Inaugurated.

By the Associated Press.

TOKYO, Friday, April 11.—The announcement that Viscount Ishii, the Japanese ambassador to the United States is returning to Japan which is accompanied by a continuation of the anti-American campaign in the Japanese press has had the effect of centering interest in Japanese and American relations. Several of the newspapers hinted that Viscount Ishii is resigning on account of a divergence of views with the home government.

Some of the newspapers find the United States aggressive and approximate. The Jiji Shimpu refers to the selfishness of the American government to have the league covenant confirm the Monroe doctrine.

Responsible Japanese opinion continues totally in favor of friendly cooperation with the United States as the fundamental principle of Japan's foreign policy. The impression prevails that the newspaper attacks are the result of disagreement on the part of the writers that Japan is not occupying an important place in the peace conference as they had imagined she would.

## ORGANIZE FOR OLYMPIC.

By the Associated Press.

CHICAGO, April 16.—President W. R. Simpson of the Chicago Athletic Association, announced yesterday he had organized Physical Instructor Martin Delaney to organize a team for American entry in the 1920 Olympic games at Antwerp. Joe Loomis sprinter, hurdler and jumper, his brother Frank, national 210 yard low hurdle champion, Eddie Fall, a football star, Frank Fog and Carl Bruck, pole vaulter, he said, would form the nucleus of the new club's contribution.

## Belgium Declines to Arraign Wilhelm on Complaint of Powers

### KOREANS PARADE IN INDEPENDENCE HALL

## THE BELGIANS BELIEVE KAISER SHOULD BE BROUGHT BEFORE INTERNATIONAL COURT

### OTHERS BE MADE TO PAY PROPER PENALTY

By the Associated Press.

PHILADELPHIA, Pa., April 16.—A small but loyal band of Koreans paraded through the central section of the city to Independence Hall where

The Declaration of Independence from Japanese Rule, which was adopted by the provisional government of Korea last March and ratified by the Korean congress was read by Synn Han Rhee, secretary of the Korean republic.

### The proclamation in part reads:

We, representatives of 26,000 united people in Korea, hereby proclaim the independence of Korea and the liberty of the Korean people. This proclamation stands in witness to the equality of all nations and we pass it on to our posterity as their inalienable right.

### We pledge the following:

1. This work of ours in behalf of truth, justice and life is undertaken at the request of our people, to make known their desire for liberty, let there be no violence.

2. Let those who follow us show every hour with gladness this same spirit.

3. Let all things be done with singleness of purpose so that our behavior to the end may be honorable and upright.

## CHARGES PRO-GERMANISM BOOMERANG FOR COUNCIL.

Arrest of Nebraska Man Last Fall Followed by Guilt Finding in His Favor.

By the Associated Press.

NELSON, Nebraska, April 16.—In the district court here today, acting on instructions of the trial judge, a jury awarded Royal V. Shoenon nominal damages growing out of his arrest last fall by the local council of seniors for alleged pro-German utterances. The jury found the arrest was not justified. Shoenon, at the time of his arrest was a candidate for the lower house of the legislature. He was defeated and it was charged that he would arrest and allegations of pro-Germanism made by members of the council contributed to his defeat.

## OTHERS BE MADE TO PAY PROPER PENALTY

### WAR DOES NOT RELIEVE THE CRIMINALS OF RESPONSIBILITY AVERS DELGATION.

By the Associated Press.

PARIS, April 16.—The Belgian peace conference delegation today informed the correspondent that Belgium had not been officially requested by the council of four to bring the former German emperor to trial and that the Belgian government would decline to take the step even if there were any request for such action.

### The Belgian delegation hold that any action should be taken by a commission representing all the associated powers. The official Belgian view, it was said, is that the former emperor can not be arraigned for declaring war, for violating the neutrality of Belgium or for any act preceding or coincident with the declaration of war.

### Would Use O.M. Corps.

After pointing out that there is no tribunal competent to hear such charges against the former emperor, and no provision of international law covering such a case, the delegation said that Belgium aspects that persons guilty of acts punishable under the criminal code of any of the belligerent powers should be placed on trial, as the fact that their murder and other crimes were committed during war does not relieve the criminals of responsibility.

If the commission desires to arraign General Baron von Mangtberg for the killing of Louvain, Captain Schneider for the murder of General Foyat and General von Baubert for the execution of Mrs. Edith Cavell, the necessary documents will be forthcoming, said the general secretary of the delegation.

### Not Seeking Revenge.

But Belgium does not seek revenge, it wants only justice. It would be little satisfaction to imprison the Kaiser for a few months in the Saint Michel prison and those who have reported that such revenge has been offered Belgium as a solace for her wrongs have sadly misunderstood the Belgian character if they thought it would be accepted.

The only case in which the personal responsibility of the emperor for a criminal act committed in Belgium can be established beyond doubt is in the atrocious attending, the deportations of civilians and compelling them to do forced work in Germany. In this case his responsibility is unquestioned.

## HELGOLAND IS TO BE DESTROYED, RULES ALLIES

CONGRESS OF GOVERNORS IS TO MEET IN SALT LAKE

Gathering of Executives in Ancient Will Bring Notables From Country Together.

By the Associated Press. SALT LAKE CITY, April 16.—Governors of the United States will hold their annual congress in Salt Lake City in August of this year; it was announced here today by Governor Simon Elmore of Utah, who received word from Miles C. Hiley of Madison, Wis., secretary of the conference, that the proposed congress of governors to Alaska had been postponed for one year.

Salt Lake City was selected as the meeting place for this year's conference providing the trip to Alaska was not feasible. As then twenty governments of states have found it possible to accept the invitation of Governor Hiley to make the Alaskan trip this year, the conference will come to this city. This year's conference of governors will probably be one of the most important to be held, many questions of national importance being scheduled for discussion.

HUNG ARE TO HEAR ALLIED VERDICT SOON

Sentence to Be Pronounced on Warmakers at Meeting April 25.

WILSON WILL BRING TREATY TO AMERICA

Expected to Remain in Europe Until Covenant is Finally Signed.

By the Associated Press. A sharp "forward stride" toward an early peace has been taken. The council of four in Paris has formally invited Germany to send delegates to Versailles April 25, there to hear the verdict of the entente allies and associate powers and the sentence they have imposed upon her for having set the world aflame.

The general opinion in Paris seems to be that Germany may endeavor to haggle over the hard terms and try to secure a diminution in their severity, but that within a relatively short time the delegates will have to the inevitable and sign the compact.

Advisors from London are to the effect that the terms of the peace treaty will not be made public until they have been delivered to the Germans.

The opinion in the French capital is that President Wilson will remain in France until the peace treaty is signed and bring back the completed document to the United States.

The Adriatic situation as it affects Italy and Jugoslavia is now the chief point under consideration by the council of four.

Pending the conclusion of the peace agreement Germany is to be permitted by the allied governments to purchase surplus stock of their raw materials. The delegates will permit Germany to commence manufacturing and begin the accumulation of the money that is to be required of her to settle the financial claims of the allies.

Troublesome times continue in Bavaria. The Communists in Munich again hold the upper hand, according to reports. Many persons are reported to have been killed or wounded. Considerable fighting has taken place on the Russian front. The Bolsheviks have succeeded in defeating the Austrians.

Permanent national employment service in cooperation with state and municipalities was called today by Secretary Wilson to meet April 22 to discuss the problem of unemployment.

INCREASE WAGES EXPRESS EMPLOYEES

Director General Hines' Plan of Pay of Sleeping Car Employees Throughout the Country.

By the Associated Press. WASHINGTON, April 14.—Wages increased averaging 11.2 a month for approximately 68,000 employees of the American Railway Express company were announced tonight by Director General Hines. The increase represents an advance of \$2 a month above the wage scale in effect January 1, 1919.

The director also raised the wages of 12,000 sleeping car and parlor car employees \$2 a month above the basic minimum in effect January 1, 1919. Since approximately half of this sum was awarded by the general wage increase of last year, the net addition of this order will be the remainder, or about \$1.50 per month.

Wages of 14,000 dining car employees were advanced \$25 above the basic monthly minimum in effect January 1, 1919. This will yield approximately \$8 a month additional to each employe, since two-thirds of this \$25 increase was taken up in the general wage advance last year.

These wage orders for railroad employes who were included in the estimate of \$67,600,000 in increase announced in connection with the general wage order affecting the four trainmen's and engine-men's brotherhoods several days ago, complete finally the "war cycle" of wage advances.

Future proposals for higher pay will be considered in the light of peace time conditions, but will be dealt with by the same agency which thrashed out the past wage questions. The wage orders are to become effective at once.

The express employes applied more than six months ago for more pay and in some localities threatened a strike. Later they presented their case to the war labor board, but withdrew it when assurances were given by the director general that the railroad administration's board of railway wages and working conditions would take up their case. About that time the American Railway Express company was taken over for operation by the railroad administration.

LESS MEAT IF BACK AND KIDNEYS HURT

Take a Glass of Sales to Flush Kidneys If Bladder Bothers You.

Nothing most regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; stop up and cause all sorts of ailments, particularly backache and pain in the kidney region; rheumatism; twinges; nervous headaches; acid stomach; constipation; torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys don't "act" right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then "set free."—This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acid in the urine so it no longer irritates, thus ending bladder troubles.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

# BUHL HEARS MAJ. REED ON RECLAMATION

Between 90 and 100 Present at Session—Many Join Organization.

## ORGANIZE COUNTY IN TWIN FALLS TONIGHT

Session Will Be Held at the Court House—Expect to Name the Officers.

TWIN FALLS, April 16.—Between 90 and 100 representative citizens of Buhl and vicinity gathered here this evening to hear Major Fred Reed outline the plan of the recently organized Reclamation Association of Idaho. The meeting was presided over by C. H. McQuown, ended with the signing up of the majority of those present in the new organization.

Mr. Reed told of the history of the work first outlining the plan made by Secretary Lane in case congress appropriated the \$100,000,000 to launch the nation-wide reclamation plan. He related how the organization was perfected at Pocatello and of the results already obtained in other parts of the state.

C. H. McQuown also made a short talk on the need of backing the project.

The meeting was attended by former Senator J. J. Goodwin of Twin Falls. Another meeting will be held in Twin Falls tomorrow night at which time the county will be organized. It is planned to have C. S. Peck of Buhl to act as president of the organization. A committee of already active citizens of the state association. Several vice presidents from various parts of the county will be selected at the Twin Falls meeting.

## TO ORGANIZE HERE TONIGHT

Plans Completed for Meeting of Major Reed.

Twin Falls county will be organized for the state's reclamation campaign this evening.

Major Fred Reed, secretary of the recently organized Idaho Reclamation Association will be here this evening to assist in the organization. A meeting will be held at the court-house at which the proposition will be launched.

The Idaho reclamation association was organized at Pocatello last night to work for the advancement of the various projects throughout the state. It is planned to gather data and present the claims of the state to congress and the department of the interior as a unit for Idaho rather than as units for the various sections of the state.

Receipts from irrigation projects has disclosed in the treasury department that irrigation is a paying proposition, according to the bureau of reclamation. Every man and woman in Idaho is eligible for membership. One-fourth of the receipts pay retained for local work while three-fourths to the central organization for state work.

## TO THE WOUNDED

This is our business when you pass. Not the crude pitying stare you dread but this: Averted eyes, and consoled tears, and pangs of hope low brave. We also are not, not striding out our hands. Maddened with pity, to the aimurer. They whetly pass us, needing us so much! Oh, boy with deep bright eyes and curled foot, Oh soldier with the face made old with war, We promise you, by every wound you bear. A nation's homage and a nation's help. And all its grateful hearts, your eager friends!—Sulamite's faithful, in the "New York Times."

## HARDING IS FREED FROM IMPEACHMENT

More Than Dozen Legislators Spoke For and Against the Iowa Executive.

DES MOINES, April 15.—Efforts to impeach Governor W. L. Harding for his part in the Rathbun case were defeated in the Iowa house of representatives early this morning when that body adopted a resolution censuring the chief executive.

By 70 to 34 with four members absent or not voting the house adopted its judiciary committee's minority report for censure, after substituting it for the majority report, which recommended impeachment.

Throughout the day the house heard a full and incessant stream of oratory as proponents and opponents of impeachment presented their arguments analyzing and interpreting the evidence gathered by the judiciary committee during its three weeks' investigation of the case.

Each faction presented the same number of speakers. More than a dozen spoke during the morning and afternoon sessions, and a similar number were expected to be heard tonight.

A full of the house was ordered to insure attendance of all members until final action was taken. There was no change tonight in the assertions of Harding's supporters that they had enough votes secured to defeat the impeachment recommendation through adoption of the judiciary's minority report recommending censure of the chief executive.

## AMERICAN IDEALS CASH AND CREDIT SUNK IN NEW ERA

By United States Senator Reed Smoot of Utah.

"America's task is not over, her world-work still remains to be done. A great national, in fact a great international duty, still confronts the American people. The cash and the credit of the American people must be used to pay for the peace that is here in part and which is now in process of completion and consummation in Paris, where under the leadership of our great President our country is leading American ideals and American principles into the very foundation of a new and better world.

"America who loves his country and who loves humanity and justice and right can regard his sacrifice at an end or his duty done. We must pay for those things we bought or contracted for to make our army powerful and to give our soldier boys the best care possible. We must bring these boys home and restore them to useful occupations in civil life. We must rehabilitate the wounded, and train them and fit them for useful employment and for making of nicknacks, but for men's work, which men can do in spite of loss of limbs or other permanent injury. We must stand by our associates in the war against Germany and do our complete duty by them and by the stricken peoples of those countries who suffered under German hands.

"To do our national duty every man and child in America must make every reasonable sacrifice. The great work we have done and are doing is worthy of every sacrifice. Our souls have not died merely that we might be safe from German domination; they died for much more than this. They died for American principles, world justice and world liberty; and a better world should result from their sacrifice. We American people must finish their work.

# CONSIDER WAYS

(Continued From Page One.)

According to Paris advices, are expected shortly to be announced. The agreement by the Bolsheviks to negotiate with the Allies is a step which is affecting most of the big industrial works and the street railways. Unofficial advices say that soldiers and non-commissioned officers of the German army have threatened to strike in an order reducing their pay to a pace, time limit is not specified. Albania is next.

Albania in the latest state to request the peace conference for complete independence. The appointment of a negotiator and the appointment of a negotiator to supervise the government.

## DIVIDING ESTATES

BUDAPEST.—Count Karolyi's estate was the first to be broken up and divided among the proletarian under the new constitutional government of Hungary.

The event was made the occasion for a ceremony.

The first allotment stated his wishes and his intention to pay for the land gradually.

Two boundary posts had been set as a symbol of the transfer. Count Karolyi stopped up to one of them, which was placed in a heap of earth from the Karolyi estate and turned a shovel of earth and drove the post deeper.

Bells rang and the gathered crowd sang Kosuth's hymn.

## WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is usually more important because the skin pores do not absorb impurities into the blood, causing illness, when the bowels pore do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it clogs the system and generates poisons, gases and toxins which are absorbed, or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast, each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels. True cleansing, sweetening and refreshing the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at a drug store but is sufficient to make anyone an enthusiast on inside bathing. Men and women who are accustomed to wake up with a dull, aching head, or have furrowed tongue, bad taste, nasty breath, sallow complexion, stomachs which have bilious attacks, acid stomachs or constipation are assured of pronounced improvement in both health and appearance shortly.

# GASOLINE LETS GO

SAN DIEGO, Calif., April 14.—In a gasoline explosion which sent a torch of flames 100 feet to the air, ten men were burned, one probably fatally, on the U. S. submarine chaser No. 257 at the municipal pier here today.

All but one of the men were attached to the craft. The tenth was driver of an oil truck from which gasoline was being pumped into a 500 gallon storage tank on the wharf.

Rear Admiral W. F. Fulton, commanding division two, Pacific fleet, was rushed on a boat from his flagship, the Minneapolis, to the pier as the report of the explosion was heard and reached it before the injured were taken away. He soon ordered an investigation. It was unofficially reported today, however, that the explosion probably had been caused by a spark leaping from the "cut tails" or leak of the wireless antenna on the boat.

Late today the navy victims who were taken to a hospital in this city were removed to the navy hospital at Bethesda Park. Navy physicians stated that it was unlikely that any of the

victims would succumb today, but that little hope was to be held for several of the men whose names they did not give out.

## ALCOHOL AND BENZOL

LONDON.—London is to experiment on a large scale with the use of a mixture of alcohol and benzol for motor fuel. A London company will operate 20 motor buses with the mixture and keep careful record of cost and service.

British gas companies during the war were producing 11,000,000 gallons of benzol annually for motors. The producers have formed a national association and propose to increase this output.

By reducing the standard of gas from 500 to 450 British thermal units the equivalent of benzol could be increased to 2,000,000 gallons annually from the gas plants. In addition to the production from gas, coke ovens during the war were making 21,000,000 gallons.
