

Society FILER NEWS Fashions

Among the beautiful little home weddings recently potentiated was the last Wednesday evening at eight o'clock at the home of Mr. and Mrs. William Hawkins of Phil, when they have in marriage their daughter, Marjorie to Warren C. Numan.

Mrs. Wiedjian of Butte, Mont., has been a guest at the home of John Hesse and family the past week. Miss Zella Jean Snow of Hannan was the week-end guest of Miss Pearl Hildebrand.

Mrs. August Polson arrived here Monday to visit indefinitely at the home of her sister, Mrs. T. D. Connor. Rev. H. H. Goodpastor, returned here Saturday from Camp, Illinois, where he has been the past two weeks placing his children in the care of relatives there.

English Girl Makes Wings for Yanks in Air Race

Constance Thompson, who is boosting the job, and a handful of girls at work on the transatlantic airplane N. C. 1 at the Curtiss plant at Garden City.

WENT TO WORK IN A BUZZY FACTORY. "I came to Canada in 1917 because my mother had come to this side to visit a sick sister. I went to work in a munition factory in Toronto.

"I had never done anything more than play golf, pound the piano and juggle in art. I got work right away in a munition factory. "We thought nothing of working night and day the first year. When the men you loved most were crying for shells what could we do?"

PERSONAL

Fred Hildebrand of Roseport transferred his business in Twin Falls yesterday. Mrs. Josie McCoy, an old resident of Twin Falls, is here on a short trip.

Miss Alice Dalton of Maroa spent Friday evening with Miss Stella Macaw. Mr. and Mrs. F. W. Dalton (Mr. Dalton's daughter, Miss Alice, were in Twin Falls Friday.

CHURCHES OF COUNTRY TO DEDICATE SERVICES TO Caring for Returned Boys. CHICAGO, April 17.—Jobs for returned fighters and how the industrial organizations are being aided in caring for soldiers and sailors will be preached from the pulpits of the country on May 4, which the national church organizations have designated an "Employment Sunday."

AUSTRALIA REDUCES HER AMERICAN TRADE BALANCE

Stream of Trade Between Countries is Expected to Become Equal in the Future. By the Associated Press. MELBOURNE, Wednesday, April 17.—In the first eight months of 1918, Australian exports from the United States were valued at \$10,000,000, while imports were valued at \$14,000,000.

Mr. and Mrs. George Creamy was a guest at the E. T. Miller home at Twin Falls the first of the week. W. R. Cattle of Twin Falls, father of Mrs. L. S. Robinson and Virgil Robinson, are guests at the I. H. Robinson home.

CHARLES OWENS of Grand Junction, Colorado, arrived here Friday to visit at the Walter Murgare home. Mrs. Owens and children have been here the past week. Mrs. C. L. Maddox and daughter, Julietta of Twin Falls were the guest of the H. W. Wilson home Monday.

HY J. H. DUCKWORTH. GARDEN CITY, N. Y. To the girls who go lots of credit when "Under-Sam's" plant—scampione stretches its wings and starts out on the long flight across the Atlantic.

"I was just 18 when the war began," she explained. "I was in Holland. In the house were many boys from England. The boys left immediately. When I reached London the following week some of these boys were dead.

"I had never done anything more than play golf, pound the piano and juggle in art. I got work right away in a munition factory. "We thought nothing of working night and day the first year. When the men you loved most were crying for shells what could we do?"

SAGE TEA BEAUTIFIES AND DARKENS HAIR

Don't Say Gray! It Darkens So Sincerely the Baldness. You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Witt's Sage and Sulphur Compound" at any drug store. Millions of bottles of this famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually.

Mr. O. L. Dudley is recovering from a severe case of the flu. Mrs. Lola Thompson is recovering from a serious operation. Mr. and Mrs. J. H. Ball were week-end visitors at Twin Falls. Mr. and Mrs. W. J. Walker of Kaniapaha, parents of Mrs. E. P. Polson, arrived here Saturday to spend the summer. Mr. Polson went as far as Minidoka to meet them.

HOPE FOR SETTLEMENT. WASHINGTON, April 17.—Plans for settlement of the strike of telephone operators and allied workers in New England, which has paralyzed telephone service, states Tuesday, was believed by officials tonight to have been reached. Action of Postmaster-General Thurston in delay forwarding to General Manager Driver of the New England Telephone and Telegraph company the demands of the striking operators with instructions to hear the employees individually or collectively upon receiving assurances that they would return to work immediately, was considered as favorable to hope for agreement.

REDFIELD'S SLOGAN DEVELOP AMERICA

Reclamation of Waste Lands and Mine Development Included in Proposed Program.

By the Associated Press. BOSTON, April 17.—Adoption of a definite national policy of developing the resources of the United States so that the country would become "heirly as economically" independent of the world as possible was advocated by Secretary Redfield tonight in an address before the Executive Association of Wholesale Grocers of New England. "The United States can never reach full economic independence of the world, because no one nation is ever given all the blessings of providence," Mr. Redfield stated, "but we can become far more independent than we are."

"Public opinion," he said, "should not only support but urge the government to make and carry out a definite policy with the specific aim of carrying it out, where, under the national domain, whether in the United States, Alaska, Hawaii, or Porto Rico, should have its possible resources as ascertained and steps taken to their development. "This should include our transportation systems, our cable facilities, our waterways, our mines and supplies of oil, our timber reserves, our coast surveys, the reclamation of waste lands, the checking of industrial waste, in short, a forward policy of 'develop America.'"

DAVIS SO MUCH ALIVE. Roy Davis, the son of H. U. Davis, returned to Twin Falls yesterday. The young man's name appeared in the casualty list several months ago as being among those killed. This error resulted because of his being badly gassed. Davis came through the fighting without any wounds. He was a member of the 151st machine gun company, part of the famous Rainbow division which has just returned to the states.

FARM BUREAU NOTES

POSTPOSE MEETING. Classes in disseminating forms planned for this week at Luceerne under the leadership of Mrs. George McEbratun of the members of the Home Culture club, and the I Am A Club, and for the M. R. S. club under the leadership of Mrs. David Brown and Mrs. E. E. Corey, have been postponed. The date for the sessions have not yet been set.

PLAN COOPERATIVE POOL. E. G. Hineshael, field agent husbandman of the department of agriculture, will be in Twin Falls today or tomorrow to meet with wool growers in an effort to interest them in the formation of a cooperative pool.

DAIRY SPECIALIST HERE. D. E. Prebert, dairy specialist of the department of agriculture, of Salt Lake, conferred with Twin Falls creamery managers yesterday. Mr. Prebert is assigned to the manufacturing dairy specializing work.

PLACE 25 FARM LABORERS. Twenty-two applications for work on farms were placed yesterday by C. C. Crabtree, of the farm bureau employment office.

IS PROUD DADDY. Fred D. Bates, assistant superintendent of the Spring River Canal company of Piler, was a visitor at court house yesterday. Mr. Bates was "all smiles" as the result of the birth to Mrs. Bates on Wednesday of a bouncing baby boy. Mrs. Bates is progressing satisfactorily at the Board hospital.

IDAHO SCHOOL 1400 FEET UNDERGROUND

Unversity Mines Department Gives Practical Work in Morning Underground Workings.

MOSCOW, Ida., April 16.—A school room 1400 feet underground in the Morning mine at Mullan, Idaho, in which returned students are being taught the art and practice of underground work, is one of the latest educational innovations of the University of Idaho. This work, which has been inaugurated by the School of Mines at the University, so far as is known, is the first attempt to apply to actual underground mining work the new system of Vocational Education provided for by the Smith-Hughes Act and the experiment is being watched with interest by miners and mine operators alike throughout the western states.

The school room is far underground and it is devoid of blackboards, books, and benches. Pupils and teachers alike are dressed in overalls and mining boots, and the school equipment consists in rock drills, drives, compressed air, or "machines" as they are generally termed in mining parlance, steel or drill bits for these machines, picks, shovels, tamping, dynamite, caps and fuse and all the other paraphernalia of the job go down to the mine in addition.

The teacher is Lieutenant Frank H. Skeels, Officer of Engineers of the U. S. Army, recently released from service for this work. Before going into the army, Lieutenant Skeels had been assistant manager of the mine, superintendent to which position he had risen after spending all his life since boyhood in and about the mines of the Coeur d'Alene district.

Admission to the school is obtained by application to the Federal Employ-

ment agent at Wallace, and preference is given to returned students who are young enough and bright enough to be teachers. "The work in hand is what is known as drifting, that is driving a horizontal gallery or working lengthwise of the vein. The pupils operate the rock drills in turn, learning the intricacies of the "drift room," and studying the number of holes necessary to break out the underground accident of rock, the angles at which they must be driven to make the greatest progress with the least amount of drilling and the smallest possible supply of dynamite. In addition the placement of timbers to support a weak wall or a "slabby" rock, and all various kinds of underground work are taught, and taught by making the student do them in actual workmanlike fashion to pass the secur-

ity of a dogmatic mine foreman and unyielding safety engineer. There is the more practical work of "mucking" or shovelling, and of the training the broken ore or waste to the shaft or dumping place. The young fellows who attend the school receive fair compensation for their time, as the school is carrying on drift work on contract, and payment is made per foot advance. Whatever is left over after paying for explosives and other supplies is divided pro rata among the men, the salary of the instructor being paid jointly by the State of Idaho and the Federal government.

While the present time there is a school in one mine only it is expected that within the next month or two, schools will be organized at each of the other four of five big properties in the Coeur d'Alene district.

"It is every other novel enterprise the school has, or could, had to overcome a good deal of attention and passive opposition on the part of some of those who should be most concerned in its establishment, but this is gradually fading out as the practicability of the scheme is being demonstrated," said Dean F. A. Thomson of the University School of Mines. Applications for enrollment far exceed the present capacity of the school.

REDUCE OBLIGATIONS. By the Associated Press. WASHINGTON, April 17.—Obligations of the bureau of aircraft production were reduced more than four million dollars during the week ended April 6, bringing the total of the cancelled and suspended contracts of the bureau since the signing of the armistice to \$600,879,617.

BELGIUM FIXES DAMAGES. By the Associated Press. BRUSSELS, April 17.—Belgian industry was damaged to the extent of 30,000,000,000 francs, according to a report made by the Central Industrial Committee of Belgium which has completed an investigation of the damage done in Belgium for which an indemnity could be demanded from Germany. The committee has reckoned the cost of materials on the basis of prices prevailing at present.

HATS ARE TABOO. LONDON.—Members of the House of Commons now appear with hats off instead of wearing their headgear in the house as has been the custom from time immemorial. This is a concession to the entering of women into political life.

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural rosy complexion and freedom from blemishes are assured only by clean, healthy skin. If only every woman and likewise every man could realize the benefits of the morning inside-bath, what a gratifying change would take place.

Instead of the thousand sickly, anemic-looking men, women and girls with puffy or muddy complexions instead of the multitudes of "sour wrecks," "runtowns," "skin furs" and "psoriasis" we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning before breakfast, a glass of hot water with a spoonful of limestone phosphate. It will wash from the stomach, liver, kidneys and ten yards of bowels the prevailing "toxins," indigestible waste, sour fermentations and "bilious" thus eliminating the cause and freshening the entire organism, care before getting more food into the stomach. Those subject to sick headache, biliousness, nasty breath, rheumatism, eczema and particularly those who have a rosy, rather coppery tint and who are "constipated" every day, will succeed in obtaining a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to expatriate the blood, while the pores in the thirty feet of bowels do

BOB PEAVY KILLED WHEN HIT BY CAR

Nine-Year-Old Son of Well Known Parents Is Victim of Accident.

LEONARD BRADLEY IS DRIVER OF DEATH CAR

Man Greatly Upset—Can Give Only Meager De- tails of Affair—Par- ents Are Shocked.

Robert Peavy, nine-year-old son of Arthur J. Peavy, was instantly killed at 6:30 o'clock last evening when in dodging from in front of two oncoming autos he stepped directly in the path of a truck driven by Leonard Bradley, the owner of a tent and awning business. The accident happened on Main avenue, just in front of the offices of Dr. Cloucheck & Wilson, at 223 Main east. The body of the youngster was rushed into the physicians' quarters, but life had passed before it had reached there. A number of people witnessed the accident, but none were absolutely certain as to how it happened. Mr. Bradley was so upset as a result of the affair that he could give but meager details when called upon by a Chronicle representative at the home of his parents, Mr. and Mrs. A. L. Bradley.

The young boy was delivering copies of the Daily Transcript, which is published by his father, when the accident happened. It is the belief of many who saw it that he became confused because of the number of cars coming toward him and did not see the truck. The truck was traveling at about 15 miles an hour when it struck the boy, according to eye-witnesses.

The parents of the deceased were heartbroken as a result of the affair. The young boy was popular among his school mates. The family is one of the best known in Twin Falls.

HOPE TO PUT TWIN FALLS COUNTY OVER TOP BEFORE MONDAY

Twin Falls county's liberty loan committee hopes to put the county over the top before the opening of the drive.

Every effort will be made towards this plan for the rest of the week, an immediate lieutenant Epler last evening. Assessments have already been sent out by the office force working under lieutenant Epler and good returns have been received, but the county is far from reaching the desired amount.

Those subscribing for the loan before the official opening will be listed as victory subscribers. The names of the contributors will be published who they will be the first to receive a Victory bond, a supply of which has just reached the victory loan committee.

VICTORY SPECIAL DRAWS BIG CROWDS

At Squadron Due in Pocatello Today In Interest of the Loan Drive.

By the Associated Press. DAYTON, Idaho, April 17.—The largest crowd in the history of Dayton packed the station grounds tonight to welcome the Victory special. The Wisconsin motor corps, comprising 7000, bayonets, Weston and the surrounding country gathered here to see the great engines of destruction which played part in the world conflict. The same story of immense crowds and tremendous and intense interest marked today's itinerary of the victory special that has made its tour of southern Idaho.

The train opened the day at Montpelier where several thousand people were waiting at the station when the special arrived at 7 a. m. Both the motor corps and the Liberty Loan Committee were on hand at the Springs, Cannon, Arden, Downey and Oxford were visited.

At Towson Chairman D. L. Evans of Oneida county assured State Chairman O'Ginn that the quota allotted for Idaho was ready. The same assurance was made by each county chairman today.

Governor Davis in all his speeches today said that this is the last loan, and if there is any man in Idaho who has not participated in the first, second, third and fourth liberty loans who does not redeem himself by backing up the Victory loan, the sooner he gets to hell out of Idaho the better. The state wants no such people inside its borders.

Governor Davis held the train at Pocatello tonight after the Dayton meeting and will spend the day in that city returning to Boise Friday night.

RAINBOWS IN TRANSPORTS COMING HOME

Famous 26th Division Sail From France—Includes Twin Falls Men.

DUE TO ARRIVE IN AMERICA APRIL 27

Battleships Used to Carry Veterans From Over There to Over Here.

By the Associated Press. WASHINGTON, April 17.—Some 4000 officers and men of the 42d (Rainbow) division were included in troops announced by the war department today as having sailed from France. The Rainbow division men are aboard four warships, the battleships Minnesota and South Carolina, due at Newport News April 27, and the cruisers North Carolina and Montana, due at New York on the same day.

The units announced today as having sailed include the headquarters of the 33rd Infantry brigade, the 167th Infantry, which was formerly the fourth Alabama infantry, the 152d machine-gun battalion, originally composed of three companies of the second Georgia infantry, and the second battalion which, when it was organized, was made up of Missouri troops.

The battleship Minnesota has on board the 151st machine-gun battalion, complete; two companies of the 37th Infantry, causal companies from Connecticut and New York and two causal officers.

The battleship South Carolina has on board the field and staff, headquarters and supply companies, medical detachments and first battalion of the 167th infantry, causal companies and third and fourth liberty loans causal officers.

The cruiser Montana is carrying the headquarters of the 83rd Infantry brigade; second and third battalion headquarters, machine gun company and causal companies of the 157th infantry and 14 causal officers.

The transport Matlock sailed April 17 for Newport News with hospital number 1, 9, 17, 22, 56, 63, 67, 68 and evacuation hospitals number 1, 2 and 3; headquarters detachment of the 167th infantry; 11th military train; field and staff, first battalion infantry detachment and companies A to D inclusive of the 34th Infantry; three causal detachments and three causal companies.

The transport Antelope also sailed April 16th for Newport News with the 119th field signal battalion; 110th sanitary train; field, hospital 127, 128, 129 and 140; 129th and 120th machine gun battalions.

The war department also announced that headquarters and medical detachments and companies A to F, inclusive, of the 12th engineers were aboard the transport Cape May, due at New York April 26, instead of the 16th engineers as previously announced.

Legal Aid Included.

Receipt of the announcement contained in the foregoing Associated Press dispatch will bring joy to the hearts of many parents of soldiers throughout the Twin Falls section, who has a large representation in the famous Rainbow contingent, the national guard organization that was first to land over there. Twin Falls and vicinity contributed its quota to the division. Many of the feds from here in this division were among those listed in the casualty list. Some of the boys who were in replacement units joined the division on arrival in France and in these Twin Falls lads that are making the trip home.

SWISS WILL DECIDE.

Take Referendum Vote On Question of Entering League of Nations. By the Associated Press. GENEVA, (Wednesday), April 16.—The Swiss government has announced an official note saying that the Swiss people will be called to decide by a referendum whether the confederation will join the league of nations. A message on the subject will be presented before the federal assembly during the June session.

WILL REFRAIN FROM STRIKES.

By the Associated Press. MANTUA, E. L., April 17.—(Wednesday)—One hundred and twenty labor leaders signed a pledge to refrain from calling strikes while the Philippine independence mission is in the United States.

ACCELERATION OF TREATY'S NOW PLANNED

Lloyd George Back to Paris With Curzon and Milner as Aides.

INTERNAL TROUBLES IN THE RHINELAND

British General Orders All Strikers on Rhine to Re- turn to Their Work.

By the Associated Press. With the return to Paris of Premier Lloyd George, accompanied by the "Big Four" Curzon and Lloyd George, it is expected that there will be a speeding up of the final preparations preliminary to the ratifying of the representatives of the associated powers with the German plenipotentiaries.

There was no meeting of the council of four at Paris Thursday, and President Wilson was thus enabled to take up many matters with various delegations, which may be considered side issues of the coming peace settlement. The subject of many countries, including Rumania, Serbia and Portugal have thus again come under the consideration of the president.

According to the present purpose of the covenant of the league of nations with the first subject treated in detail after the declaration of peace. After the matter of naval, military and aerial terms, reparations, responsibilities and frontiers will be taken in hand.

As it is evident that the question of possession of Fiume and the Dalmatian coast has not yet been definitely settled, the Italian delegates are working earnestly to secure a decision before the Italian chamber of deputies meets on April 24.

It is the intention of the aeronautical commission of the peace conference to form a permanent international commission on aerial navigation, to act as a clearing house on all questions of air navigation between the respective states.

Can Not Strike on the Rhine.

The internal political and labor troubles in Germany are not to be permitted to encroach upon the occupied zone anywhere is indicated by an order of the British commander on the Rhine, which informs the strikers in Cologne that they must immediately return to work on pain of having strong measures taken against those who promote or countenance the same.

GALTS IF BACKACHE AND KIDNEYS HURT

Stop eating meat for awhile if your bladder is troubling you.

When you wake up with backache and dull misery in the kidneys, you are generally aware you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and thus causes a kind of uric acid foggy. When your kidneys get sluggish and bog you must relieve them, like you relieve your bowels; remove all the body's urinous waste, else you have backache, sick, headache, dizzy spells; your stomach sores, you become irritable and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, uric acid and you are obliged to urinate either two or three times during the night.

When you eat a meal of 750 calories at once or eat from your pantry before breakfast for a few days and your kidneys will then act fine. This famous remedy is made from the seed of grape and lemon juice, combined with litlin, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. "Red Tablets" is a fine, refreshing, meat injurious and makes a delightful, refreshing lithia-water drink.

fighting in the streets between socialist and anti-socialist groups in which four persons were killed and several wounded. Troops had to be called to restore order.

Labor Troubles on Rhine.

Labor troubles are being brewing in the department of the Seine, France, of which Paris is the capital. A one-day strike has been called for May 1 by the General Federation of Labor to put forward the federated program. Which calls for an eight-hour day, political amnesty, non-intervention in Russia, lifting of the state of siege and the censorship and the return of constitutional guarantees. A general strike is threatened if the government and the employers do not meet the demands of the federation.

Disorders of such magnitude, are reported from both European and Asiatic Turkey as to give rise to the fear that there will be great outbreaks at various points and new outbreaks of Armenia.

Polign Dismay Healy.

An investigation by the Belgian central industrial committee of the

damages suffered by Belgium as a result of the war shows that these aggregate 35,000,000,000 francs. The items include damages to state property, Belgian industry and private homes, and war expenses.

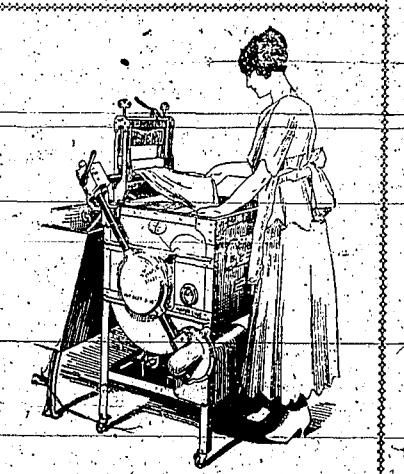

A Russian Bolshevik wireless communication announces that the Bolsheviks have taken control of the Black sea and the Baltic have been victorious in fighting against various groups.

CHARLOTTE GETS HONOR

By the Associated Press. CHARLOTTE, Mich., April 17.—Charlotte is the first Michigan city, if not the first in the country, to subscribe its full quota for the Victory Liberty loan, \$75,000. Efforts will be made to triple the quota.

CRANE IS CHOSEN.

WASHINGTON, April 17.—Richard Crane, private secretary to Secretary Lansing, and son of Charles T. Crane, is understood to have been selected to become the first American member to the new republic of Czech-Slovakia. Announcement of his appointment is expected from Paris shortly.

“Eden” Wash Day No Need to Worry

Plenty of time in the morning—about 8 o'clock—get the clothes together, put them in the “EDEN” with hot water and soap. The “Eden” is always ready—it does not care how many clothes you wash, nor how cold they are—it washes them and wrings them, too, ready for the line.

Oh, How Different

You don't have to do any heavy work—a few cents worth of electricity and the “EDEN” has relieved you of all the laborious drudgery which has caused so much discontent among housewives and housemaids—and best of all, the “EDEN” washes everything from the finest lingerie to the coarsest clothing; beautifully clean and without the slightest wear or injury—just as you; mother would wash a fine dress of lace by soaking it up and down in hot soap and water.

With the Eden in Your Home

You will be the envy of your neighbors. At 10 or 10:30 in the morning your washing is on the line and you portly fresh and care-free, are ready for other household duties—your washing has been accomplished in a scientific and sanitary manner, just as it should be in every good American home.
