## ALLIES MUST DOUBLE LOCK FRONT DOOR

### Marshal Foch Insists "We Must Stay on the Rhine"

### FEARS RUSSIA WILL ALLIGN WITH HUNS

### River Could Be Held in Event Germans in Future Attempt to Invade France.

LONDON, April 18.—The correspondent of the Daily Mail in Paris sends an interview by had with Marshal Foch, in which the marshal is quoted as declaring that "our peace must be a peace of victors and not of vanquished."

"We must stay on the Rhine," Marshal Foch said. "Pray imagine that one day your countrymen will be on the other side of the river, and their only safety. We must double lock the door."

### Germans Are a Menace.

"Remember" those seventy million Germans will always be a menace to us. They are a cunning and treacherous people. Their characteristics are not changed. Fifty years hence that will be what they are today. Do not trust the appearances of the moment."

Marshal Foch then discussed with the correspondent the possibility of another war. "Assuming that we were to have the attack at beginning of the present war," he said, "would you have side Russia would be on the west war, with us or with the Germans?"

### Rhine is the Barrier.

The marshal then argued that only on the Rhine itself would it be possible to arrest the "Germans" in the event of another attack. He talked long and earnestly about the Rhine and said that some people would object that "it would" take "too many troops to hold the river."

"But it will not take as many as it would to hold a political frontier for the Rhine may be crossed only at certain points," he said. "If a new political frontier to France can be broken anywhere," he said.

"The next time, remember, the Germans will make no mistake," said Marshal Foch. "They will break through into northern France and seize the channel ports as a base of operations against England. They failed the last time because they did not believe that England would come in and when they found it was coming in it was too late to change their plan."

"You think the Germans will have no arms for another attack. Ho! Ho! How do you know? By the time you found out they had them it would be too late."

Word was received that the 1st division of those two regiments will be demobilized at Fort D. A. Russell, Cheyenne, Wyoming, the trains scheduled to arrive bringing California and other troops.

## GLAD THAT HE CAME OUT-OF-WAR WHOLE

### "Big Jim" Alger of Dulh Tells of Some of His Experiences.

"I'm glad that I went to France and happy that I came back with a whole skin," "Big Jim" Alger, one of the Twin Falls county lancers who helped drive the Germans back in the fighting in the Argonne, last evening summed up his experiences in France with the foregoing statement.

Alger, whose home is in Dulh, returned to the county last evening. He stopped at the Twin Falls to visit with friends, before continuing on his way to his home.

Alger went to Camp Lewis on the 28th of June last year. He was sent along with replacement troops. He was assigned to the 11th infantry in the Koyfian division. He was discharged from Camp Bowie, Texas, on April 8, having returned to America on March 25.

## WESTERN TROOPS ARRIVE

### CHEYENNE, Wyo., April 18.—Eight hundred overseas soldiers, members of the 140th, 141st and 142nd field artillery regiments, arrived at Fort D. A. Russell today for demobilization. They are western troops.

## POWERS AGREE UPON COURSE IN RUSSLAND

### Big Four to Recognize Omsk Government at Early Date.

## ACTION IS TO COME AFTER PEACE TREATY

### Food to Be Rushed for the Starving People of the Cities—Bolshevism Fades.

WASHINGTON, April 18.—Great interest has been aroused in official and diplomatic circles here, and learned today by private advice from London stating that Great Britain, France and Italy and the United States propose to recognize the Omsk government as the de facto government of the Russian empire as soon as they deem a peace treaty is signed and the details incident to it have been concluded.

This proposed solution of the Russian problem is said in private advice to have been intimated by President Wilson in discussions of the situation with British and Russian leaders in London.

Some officials here after reading the advice suggested that portions of the address of the British premier to the house of commons this week could be taken as indicating that the associated powers had agreed to recognize the Omsk government.

President Wilson, it was learned authoritatively today, has informed that an agreement with the Bolshevists strength it now bears and which the concentration of the armed forces at single points at the sacrifice of the rest of the Russia. The president also has informed, it was said, that Bolshevism rapidly is losing ground among the peasant classes and which receipt of the food supplies which associated governments have decided to furnish, the movement will quickly collapse.

Look to Omsk Government.  
The Paris conference has been advised of the situation in Bolshevism. The Omsk government generally has been successful despite local troubles in the eastern portion of the empire. The London cabinet has said to expect that the stability of all actions of non-European states under the control of non-Bolshevism had led to the decision to recognize the Omsk government as de facto.

Distinct improvement in the financial situation in Siberia is indicated by a cablegram received at the British embassy from the ministry of finance affairs at Omsk. The cablegram, said public today, asserts that while ready money in state credit institutions is said to have amounted to only 100,000,000 rubles, the present amount of money in these institutions amounts to a billion and a half rubles. Payments of taxes and customs are said to have been "increased" more than twelve times since the Omsk government came into existence.

## URGES PUBLIC TO REFRAIN FROM TRIPS TO EUROPE

### To Blacklist Firms Sending People to Europe Without Legitimate Reasons.

By the Associated Press.  
WASHINGTON, April 18.—The state department reiterated today its request that the public refrain from making unnecessary travel to Europe. It also requested that European countries, if they have asserted that "suspect persons" be sent for Great Britain, France, Spain, Belgium or Italy unless they have documentary evidence in their possession that they will return to the department of the state department of the state department for visits to those countries.

HERZ ERZBERGER

In preparing to settle with the Allies the fate of the city of Danzig, the German government has decided to send Matthias Erzberger as plenipotentiary to deal with Marshal Poch.

Erzberger has been entrusted with similar missions before. It is commonly reported that he is to lead the German delegation to the Peace Conference.

And who is this man Erzberger? He is the Socialist leader who early in the war delivered the Teutonic Socialists into the hands of Prussian militarism, and who all through the war served the Kaiser and Hindenburg and Ludendorff and Tirpitz with pliant cunning.

He is the man of whom honest Kurt Eisner, the first leader of the revolution in Bavaria, said publicly, after Erzberger had complained that Poch would not negotiate with him:

"I said to Herr Erzberger to his face 'How can you, Herr Erzberger, who organized the corruption of the whole world, who bought home and foreign journalists with countless millions to write against the Entente, how can you have the courage to negotiate about armistice and peace?' And when he tried to trump up excuses, I remarked: 'Herr Erzberger, I have the Bavarian documents in my possession, and in them are some interesting details about you.' Then he put his head down, grew red and remained silent.

"Can you expect such men to enjoy the Entente's confidence? It is a mistake and a blunder to send such people to the enemy's camp."

Erzberger, the stern truth-teller, was shot down by an assassin within a few days of this utterance. Erzberger receives ever more honors and responsibilities at the hands of the present German government.

But what was true in early days of peace negotiation is still true. How can the Allies have confidence in Erzberger? If Germany wants justice, and particularly if she wants democracy, she must send honest men to speak for her.

THOSE JAPANESE AGAIN

Speaking of the Japanese question, the Japanese beetle, an insect small, but deadly to a great variety of plants, has recently made his appearance in a great number in the eastern part of this country.

To fight his inroads upon our established industries the Agricultural department is waging a war of extermination. Poison belts are established at intervals, regular Hindenburg lines. Foliage in these belts is treated to a poison spray and it is hoped that the marauders will be vanquished.

Since they feed on the leaves of fruit trees and ornamental foliage, and are especially addicted to reducing rosebuds to ruin, they should be watched for and met with prompt destruction should they make their way outside the area in New York where their operations now seem to be limited.

Truly in the face of such foes as these the earnest gardener sighs for the dear dead days when isolation was a fact and not a vanished dream.

THE HEMLOCK CONCOCK

Concocks, it develops, are good for something. They are not just "pests" for they have been one of the greatest waste stuffs in American agriculture. Of the millions of bushels of concock produced every year, most of the cocks have been thrown away.

many use, one of which is the manufacture of alcohol. By a newly discovered process 45 per cent. or more of the cob can be transformed into a hydrocarbon suitable for use in making fiber board and paper boxes, for billposting and labeling and many other purposes.

The chief objection to this adhesive is its brown color. If it could be made colorless it might replace the adhesives now in use, thereby saving great quantities of foodstuffs used up in the form of starch, dextrine, flour, paste, etc. It is said that the replacement of all other adhesives would require only 3 per cent of the concock produced in the United States.

This is like finding a great new tract of fertile land, or an inexhaustible deposit of some precious metal. And it is one more proof of the resources of our modern science.

The human race is using up its vital resources nowadays at a rate which alarms many people. But there is probably little ground for fear. It has generally been true in the past that no material used up another appears. It will doubtless be increasingly so in the future. Nature is incalculably rich, and we have not found a trace of her treasures. Whatever mankind needs, trust human ingenuity to find a way to get it.

COLLEGE TRAINED FARMERS

The boys and girls' agricultural clubs, now found in practically every farming district in the country, have shown quite valuable results in food production, better work and skill gained. But that is not all that the farm clubs are doing.

In one state last year 218 club boys entered the state agricultural college in 12 months as a direct result of their stimulated interest in farming as a future occupation for them.

A Louisiana club boy specializing in cotton production, has sold enough selected cotton seed, to pay his expenses in college.

This is a fine thing and clicks the work of the boys' and girls' clubs as well worth while. Through these clubs they are learning how to raise everything from hogs and beans to honey and timber. They are learning co-operation, business methods, marketing problems and farm management. Best of all, they are learning that there is more to know and that it is worth going after.

With the boys and girls from the farms going to the agricultural colleges and then returning, to the farm with a good theoretical background for their practical work, a new era of happiness and success is being born.

TREASURE TROVE

Admirers of Tom Sawyer will be glad to learn that the right of claim to the buried treasure they dug up in out-of-the-way places has been at least partially recognized in the settlement of an estate in Illinois.

Five years ago a group of children found \$50 buried a few inches under the ground beneath an old barn. They took their parents into the secret. The parents put the money in the bank and, growing impatient, led the secret out. Then the estate, owing the loan on which the barn stood put in a claim for it as lost property.

Attorneys for the children pointed out that because the money was under the ground it came under an old law concerning "treasure trove" and really belonged to the finders. The whole matter came up at intervals during several years, but was never finally settled in court. The other day the contending parties agreed to a settlement giving half the money to the estate and dividing up the other half equally among the five children.

Of course Tom and Huck managed to hang onto all the treasure they found, and these children received only half—but what can be expected in these days, so far from the glorious adventures of the Mississippi woods and islands? Let's see if we can't find out what it is.

GETS PAVING CONTRACT

Word was received in Twin Falls yesterday of the awarding of a contract for paving in Jerome to Charles Helmer of Twin Falls. Helmer's bid was \$142,000 compared to that of \$149,000 made by the Warren Construction company. Helmer is at present engaged in building a sewer system at Ontario, Oregon.

RAISES HIS OWN ASSESSMENT \$50

Head Hooper Takes \$100 Worth Women's Committee Is Named

"I have just received a notice of an assessment to purchase Liberty bonds," said a visitor at the office of the Twin Falls county Hooper loan committee yesterday. "The assessment is for a \$50 bond. I believe that I can easily take a \$100 bond so here is my check for it."

Expressions of this sort have been made every day at the headquarters of the committee in room six of the First National bank building. Precise indications point to a large subscription by next Monday if the county does not overestimate by that time.

Some doubt of the county committee's ability by the opening day was expressed yesterday by County Manager Eppler who declared that if this was not done that a committee will visit those who have not made their subscription on April 24. To be ready for such a contingency, the committee has named the following women to make a canvass among non-subscribers.

LEVY ON MEDICINES IS A HEAVY ONE

Amount Is Based on Cost of Great Many Articles Is Ten Per Cent Lower.

worth of proprietary medicines one box—whether they are pills, tablets, powders, ointments, liniments, plasters, ointments or ointments.

If a person pays \$4 for a bottle of medicine he'll pay 4 cents tax. The same tax will apply to tooth powders, hair dyes, hair restoratives, toilet soaps, perfumes and other toilet articles.

The tax on other "luxuries" is not so heavy as that on medicines, toilet articles and beverages. The reason for this is that, while the tax is 10 per cent, it is imposed not on the entire price of the article, but on that part of it in excess of a specified amount.

- For instance, cigars and pipes are taxed 10 per cent on the amount you pay over \$5 a square yard. That is, if a person buys ten square yards at \$5 a square yard, or \$50, he will pay no tax. But if he pays \$4 a square yard, or \$60, he will be taxed on that extra dollar a yard. Thus he pays \$6.10 a yard, or \$61 for the ten yards.
- After May 1 10 per cent tax will be levied on articles costing more than the amount named:
- Pictorial frames—\$10.
- Trunks—\$50.
- Traveling bags—\$25.
- Hand bags, purses—\$7.50.
- Portable lamps—\$25.
- Lamp shades—\$7.50.

LUXURY TAX LAW TO BE IN EFFECT SOON

Luxury Tax to Rise After May 1 as Result of Assessments.

LEVY ON MEDICINES IS A HEAVY ONE

Amount Is Based on Cost of Great Many Articles. Is Ten Per Cent Lower.

The cost of living is going up in Twin Falls after May 1. On that date the new luxury taxes go into effect. The tax on ice cream and soft drinks is only one of the many which...

Bill to Repeal Menstrue. An attempt was made to pass a bill repealing them before congress adjourned, but it was one of the bills talked to death in the filibuster.

Another "luxury" tax is that on moving pictures, which requires every person leasing moving picture films for exhibition to pay a monthly tax of 5 per cent of the amount his films produced in rentals. This tax, of course, will be added to that already being paid by the public on admission to moving picture theatres. In many cases it will double the price of movie tickets.

The new taxes are in addition to many others which went into effect on April 1. Prominent among these is the tax of 5 per cent of the total price on all articles of jewelry.

Still other "luxury" taxes which affect wealthy people principally, but here and there dig into the pockets of the poor, have been paid ever since the revenue act was approved by the president in March. These include the following percentages of the total price:

- Automobiles, 5 per cent.
Automobile accessories, 5 per cent.
Musical instruments and records, 5 per cent.
Sporting goods, 10 per cent.
Owning gun, 3 per cent.
Candy, 5 per cent.
Cigars, 10 per cent.
Photographic films and plates, 5 per cent.
Firearms and ammunition, 10 per cent.
Hunting knives, 10 per cent.
Portable electric fans, 5 per cent.
Thermos bottles, 5 per cent.
Cigar and cigarette holders, humidors, smoking stands, 10 per cent.
Hot machines, 5 per cent.
Livery uniforms, 10 per cent.
Hunting or riding habits, 10 per cent.
Fur clothing and furs, 20 per cent.
Toilet soaps, 3 per cent.
Pleasure boats, 10 per cent.
Paintings and statuary, 10 per cent.
Then there are the taxes on alcoholic drinks, which won't have to be paid after July 1, anyway, because there is not going to be any alcoholic drinks and the taxes on cigars, cigarettes and tobacco, which every user has been paying since the law took effect.
Not to speak of the excise tax on profits and war profits taxes, theatre taxes and various others which all are paying Uncle Sam to help pay for the war.
After May 1 one will have to pay a tax of 1 per cent for each 25 cents...

### GOES TO BOISE TO WORK FOR MEETING

Lieutenant Green to Represent City at Meeting of Veterans—Hoosier Visit Planned.

"I am going to Boise determined to do everything I can to convince the state central committee that Twin Falls is the logical place for the first reunion of soldiers, sailors and marines for Idaho."

Lieutenant James H. Green, named by Governor J. W. Davis as one of the state central committee for the embryonic organization of service men left yesterday afternoon for Boise after making the above statement to a Chronicle representative on the proposal to bring the first convention of the veterans here.

At the meeting in Boise today the foundation of the state organization will be laid. The state is fast being organized. Approximately half of the state is already in the organization of service men. Major C. M. Booth, formerly of Twin Falls, but now of Pocatello, is temporary chairman of the organization.

Approval of the idea to have the first meeting of the service men here has been received in Twin Falls from Lieutenant Colonel Theodore Hoosier, who is the national head of the American Legion. In a telegram to Harold McGrath, answering the one sent to him telling of the desire of Twin Falls veterans to be hosts to the first state reunion, he says: "Very glad to know of your enthusiasm and cooperation."

Major C. M. Booth of Pocatello is temporary chairman for Twin Falls. All arrangements can be made through him.

On the return of Lieutenant Green to Twin Falls a survey of the situation will be made and a meeting will be called by the executive committee of the Twin Falls Men's association to organize for an aggressive campaign to land the convention.

QUINTEENS PLAY HARD. LOS ANGELES, April 18.—At the continuation of the Los Angeles basketball tournament here tonight the Blues of the Los Angeles Athletic club defeated the University of Utah team of Salt Lake City, 23 to 21.

The Los Angeles Athletic club, coached by Ed McLaughlin, defeated the Y. M. C. A. team of Los Angeles, 21 to 18. The Olympic club, coached by San Francisco won from the University of Southern California of Los Angeles, 44 to 21.

The tournament will close tomorrow night when the L. A. C. club and the Olympic five will play for the national championship and the L. A. C. Mercury meet the University of Utah team for third place.

### ITALY URGES

(Continued From Page One) — strikes. In Bavaria the situation still remains acute, but few details are available. In Vienna there also has been no disturbances. The Bolsheviks attempted to storm the parliament building but were defeated.

General Richardson has arrived on an icebreaker at Archangel to take command of the American forces fighting in that region. A message from General Pershing read by General Richardson to American troops called attention to the heroism of the morale that was expected of Americans.

Hofland, Germany's great buttress of defense of the Elbe and Weser rivers is to be dismantled but not destroyed.

It has been decided also that the fortifications along the Kiel canal will be permitted to remain in existence.

### NEW ENGLAND PHONES ARE USELESS TO SUBSCRIBERS

THE Strike of Operators Unbroken—Subscribers "Go Dark" Another Day.

By the Associated Press. BOSTON, April 18.—The strike of telephone operators and electrician workmen which has paralyzed telephone service in New England since Tuesday showed little change today. Although substitute operators worked at the switchboards in some of the suburban and rural exchanges, they were able to do more than care for a few local exchanges in Boston. Pickets were on the alert about all the exchanges. In a few cases persons hired to replace strikers were roughly handled by strikers sympathetic. No serious disturbances were reported.

### TO LET CONTRACT FOR NEW HIGHWAYS

Bids Awarded to Be Made Between May 1 and 10—Transit and Profits High.

Awarding the first contracts for road work to be constructed under the recent authorization by voters of the Twin Falls Highway district will be made between May 1 and 10. The contract will be for building the main span of the highway from the Washburn school to the Hansen bridge. Transit and profits have been expected on all roads north of Rogerson, according to an announcement of C. A. Painter, of the highway board yesterday. "This includes the road mentioned above and the road from the one passing the stable highway east and just south of it, and from Murtaugh to Artestan.

Cross-sectioning of the highway will commence immediately. Candidates for teams to represent England, America, Italy, France, Belgium, British colonies and other nations are in training. The Americans are practicing in all parts of Europe where army and navy bases are located. No idea of the size of the United States team has been given at this time but it probably will range from 500 to 800 men. Soldiers or sailors returned to this country or who did not get overseas are eligible and some are coming to make the trip to France to represent the United States.

Special trophies for certain exceptional events, such as the Pentathlon, are to be donated by kings, presidents, premiers and others of the allied nations.

### NATIONAL LEGION SEASON TO OPEN IN BOSTON TODAY

Braves and Dodgers to "Hop Out" in the First Game of the Big "Tito Circuit."

By the Associated Press. BOSTON, April 18.—The National League baseball season will open here tomorrow with morning and afternoon games between the Boston Braves and the Brooklyn Dodgers. It was announced tonight that Pitchers Cadore and Pfeffer would occupy the mound for the Brooklyn aggregation with Juspehl and Hoff fighting the local opposition.

Fully 5000 veterans of the Yankee division are expected as guests of President G. W. Grant of the local club. Sport gossip and weather forecasts indicate record attendances for the opening games. There will be the only championship major league games played tomorrow, the season being postponed from Wednesday in order to allow the local club to take advantage of the holiday.

### NEW SWIMMING RECORD. MILWAUKEE, Wis., Apr. 17.—

Irene Thomson, swimming under the colors of the Milwaukee A. C. established a new record of 1:32 1/2 for women in the 100 yard freestyle stroke. A card of record championships under the auspices of the Central Association A. A. U. tonight. The former record was 1:34.

In the 100 yards swim against the world's record, Norma Reed of San Francisco, completed the distance in 1:29 4/5, or 4-5 seconds behind the record. Reed also swam 150 yards backstroke in 1:55 4/5.

### TOMMY KINSELLA SIGNS LITTLE ROCK, Ark.

President Allen of the Little Rock Southern association club announced tonight that he had signed outfielder KinSELLA, son of Dick KinSELLA, former star for the New York Giants. Young KinSELLA has been working out with the St. Louis National League club.

### MITCHELL WINS AND LOSES.

By the Associated Press. SEATTLE, April 18.—Just after the close of the 100 yard swim of the first round, Nichol Mitchell, Milwaukee aspirant for the lightweight championship honors, fared Eddie Pinkman of Seattle by a blow on the chin, but because both men were declared guilty of fouling after the bout was declared no contest. It was Mitchell's first western match.

### SPORTS EVENTS TO RIVAL THE OLYMPIC

Hurdling, Jump, Poles Vault, Swimming, Shooting, Boxing Are All Included.

By the Associated Press. NEW YORK, April 18.—The complete program for the Inter-Allied games to be held the middle of June was announced today by Dr. George Fisher, head of the physical education department of the Y. M. C. A. The list of contests which will require several days to complete, resembles the program of the Olympic games.

There are 28 track and field events the running race being at standard meter distances ranging from the 100 meter sprint to 1600 meter run. High and low hurdle events are carried; running high and broad jumps, pole vault, javelin, javelin, discus, shot and modified marathon race of 16,000 meters and a cross country run for individual competitors of 10,000 meters. Three relay races are also proposed. Team games, both American and English, hold a prominent place in these events. That other events to be added where two or more allied nations enter teams for such competition. Swimming, shooting, boxing, wrestling and rowing for various weights and classes are also included.

This series of events open to all soldiers and sailors of the various allied nations was planned by Colonel Walt C. Johnson and Eldwood S. Brown for the A. E. F. and the Y. M. C. A. co-operating. The track and field meet will be held at Washington Park at Jerseyville. The stadium, which is partly completed, will accommodate 35,000. A 500-meter circular track and a 300-yard straightaway will be the scene of the running events, except the marathon and cross-country events.

Candidates for teams to represent England, America, Italy, France, Belgium, British colonies and other nations are in training. The Americans are practicing in all parts of Europe where army and navy bases are located. No idea of the size of the United States team has been given at this time but it probably will range from 500 to 800 men. Soldiers or sailors returned to this country or who did not get overseas are eligible and some are coming to make the trip to France to represent the United States.

### EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a glass of Salix if your back hurts or bladder bothers.

The American man and woman must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys are fitted to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts like the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells and stomach or eye trouble, when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it is harmless to the sensitive bladder; thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

### SELL BEER 2-3-4 PER CENT KICK

Brewers Claim Right in Limit Content of Alcohol—No Stamps Issued.

By the Associated Press. NEW YORK, April 18.—Beer containing 2 1/2 per cent alcohol was delivered in New York today as non-intoxicating beverage. The Hoffman brewers notified the internal revenue collector early this week of their intention to resume distribution of the two and three-quarter per cent product. This was the standard during the greater part of America's participation in the war, under the food regulation.

When the application for revenue stamps was denied the brewers announced their intention of tendering payment to the authorities. When this was refused, it was decided by Hoffman and the Columbia brewers to deliver goods without stamps and special labels prepared on order of Ethel Neal and William D. Guthrie, counsel for the brewers of the country, were attached to the barrels. The labels contained the following message:

"Non-intoxicating beer, containing not to exceed two and three-quarter per cent of alcohol by weight. The internal revenue was imposed by section 608 of the act of congress of February 2, 1919, of \$5 for every barrel containing not more than 31 gallons, has been duly tendered to the collector of internal revenue for the district of . . . Upon his refusal to receive the tax and issue the customary stamps, the full amount of the tax was tendered to his credit with . . . bank, thus keeping the tender good. If any attempt be made to seize the beer telephone or telegraph at once to underwriter," and the name of the brewer follows.

### "Eden" Wash Day No Need to Worry

Plenty of time in the morning—about 8 o'clock get the clothes together, put them in the "EDEN" with hot water and soap. The "EDEN" is always ready—it does not care how many clothes you wash nor how long they are—it washes them and wrings them, too, ready for the line.

### Oh, How Different

You don't have to do any heavy work—a few cents worth of electricity and the "EDEN" has relieved you of all the laborious drudgery which has caused so much discontent among housewives and housewives—and best of all, the "EDEN" washes everything from the finest lingerie to the coarsest clothing, beautifully clean and without the slightest wear or injury—just as your mother would wash a fine piece of lace by soaking it up and down in hot suds and water.

### With the Edén in Your Home

You will be the envy of your neighbors. At 10 or 12.00 in the morning your washing is on the line—and you, perfectly fresh and care-free, are ready for other household duties—your washing has been accomplished in a scientific and sanitary manner; just as it should be in every good American home.
