Eldridge Sweeps City. With one exception the Citizens ticket headed by William H. Eldridge, as candidate for mayor, was yesterday elected to city council for the ensuing two years in Twin Falls. Every candidate elected won by a comfortable majority. J. A. Crom, candidate for mayor on the "People's ticket," was low man for his ticket, while W. A. Minnick, candidate for city clerk, received the greatest vote cast.

Great interest was taken in the election from the opening of the polls at 8 o'clock until 6 o'clock, when the result was announced on the Chronicle's bulletin board. The trend of the vote was apparent early from the posting of the first bulletins on the Chronicle's board.

The Mayor Automobils. Both sides were well supplied with automobiles in an effort to get out every possible vote. Twenty-five cars were used by the Crom forces working from the H. M. Denton realty company's office, while the Citizens' ticket used 40 cars. The heaviest vote was cast in the afternoon and evening.

The newly elected officials will take office on the first Monday in May. Mr. Eldridge will succeed A. L. Smith as mayor; Mr. Minnick will succeed H. H. Smith; Mr. Breckenridge and Mr. Ostrander; Mr. Channell are also holdover members. Mr. Breckenridge was appointed to fill the vacancy caused by the death of Mr. Channell; Mr. McArthur is a new member of the council.

### MEMORIAL SERVICE HELD IN MEXICO TO SALUTE DEATH

By the Associated Press. DOWNTOWN, April 22.—A memorial service in the Montezuma district of Boston, about 80 miles south of New York, is being held in honor of the victims of the influenza epidemic which swept through the city last year.

### BULLY KICKS THE CHRONICLE

Early Morning News Pleases People in West End of the County. F. H. Cox, a resident of Twin Falls who has been in "Bully" for the past several weeks on business, was a visitor to The Chronicle's office today. He stated that the people of Bull were pleased with his chance to get the news with their hot cakes and that the service given by The Chronicle has made a great hit in the west end city.

### WILL LOOK AFTER GERMANS

By the Associated Press. PARIS, April 22.—The French government has appointed a special military commission to look after the German peace detainees while in France. The commission is headed by Lieutenant Colonel Hardy, with a staff of two majors, three captains and two lieutenants. They will meet the German delegates at the frontier and remain with them during their stay at Versailles.

## OVERTHROW SOVIET RULE IN BUDAPEST

Bela Kun's Government Ends in Rioting and Pillaging Says Washington.

By the Associated Press. PARIS, April 22.—Bela Kun's soviet government has been overthrown at Budapest, according to an official wireless message received here today. Rioting and pillaging is going on in the city.

### CITY SHIVERS IN DREAD.

BUDAPEST, April 22.—Amid a violent atmosphere this city is shivering with dread. With street shots falling in the city there also is the menace against the bourgeoisie by looting red guards who are holding the bourgeoisie responsible for the new Socialist-Rumanian advances. The people are being sent to the front to withstand the encroachments of the Czechs and Rumanians. The red guard army on paper is 30,000 strong, but in reality aggregates about 10,000.

### OPPOSES FEEDING BOLSHIEVISM.

Head of Archangel Government Says Nation-Plan Is Serious Mistake.

By the Associated Press. ARCHANGEL, Monday, April 21.—Lieutenant General Ivan Kozlov, military head of the Archangel government, told the Associated Press today that he was opposed to the plan of Dr. P. P. Kiselev to feed Russia. "Other officials on all hands express similar views," General Kozlov said. "It is impossible to feed our enemies come what may at the moment of victory is near for us and it is entirely outside the question to think that we should cease fighting in order to permit provisions to reach our enemies."

### FRIENDSHIP cemented ON BATTLEFIELDS TO MAINTAIN

Wallace, New Ambassador to France, Hopes Victory of Allies Will Be Complete.

By the Associated Press. PARIS, April 22.—(Havas)—Ambassador Wallace in an address after he had been presented to President Poincaré stated that the friendship of the American people victorious France. He declared that the victory won by French soil being complete, must be lasting. The task now imposed on the allied nations, the ambassador added, was to assure peace and humanity.

### STRIKE IS SETTLED.

By the Associated Press. LEAVENWORTH, Colo., April 22.—The strike of 1,000 metal miners, engineers and pumpmen which began here Sunday because of disagreement between the men and the operators over the amount of a wage reduction, was settled today when the miners' committee and the operators agreed on a daily wage of \$4, representing a reduction of 10 cents.

### FUNERAL SERVICES ARE HELD.

By the Associated Press. LEAVENWORTH, Colo., April 22.—Funeral services over the remains of Mrs. Annie Smith, who passed away Monday evening, were held last evening from the Crosby Undertaking parlors at 610 N. Main. Mrs. Smith, who was the mother of Mrs. Seavers of 215 Seventh avenue east, was 79 years of age when she died. The body will be shipped this morning to Richmond, Va.

### WOULD REFER ALL TO LEAGUE.

By the Associated Press. BIRMINGHAM, April 22.—The Peruvian delegates in the Pan-American labor congress, which will convene here next Saturday announced that they will endeavor to have the congress declare in favor of submitting all American labor disputes to the League of Nations, especially the Technicians and Africa.

## FIX MINIMUM WAGE FOR RETAIL CLERKS AT \$13.50 PER WEEK

By the Associated Press. SAN FRANCISCO, April 22.—A minimum weekly wage of \$13.50 was fixed for all experienced women workers in mercantile establishments in California today by the state industrial welfare commission. This compares with a minimum wage of \$10 fixed in September, 1917. The new rate is effective in 60 days. Increased cost of living was the reason advanced for the increase. The commission estimates the increase affects 25,000 women.

### MINIMUM WAGES FOR TEACHERS 20 YEAR OLD OR OVER, 13 YEARS OR OVER AND FOR MINOR BOYS AND GIRLS WERE FIXED AT \$10, \$9 AND \$8 WEEKLY, RESPECTIVELY.

Today's order also required at least two-thirds of the employees in any establishment be rated as "experienced" and that teachers' wages be increased every six months, until they are receiving experienced workers' wages.

## SIOUX CITY PLANS RECALL OF MAYOR

Excitedly Welcomed Meeting of Workers Instead of Barring Their Assembly.

By the Associated Press. SIOUX CITY, Iowa, April 22.—Action demanding the immediate recall of Mayor Wallace at Sioux City because of his alleged friendly attitude toward the I. W. W. was taken and the necessary machinery to accomplish this purpose was set in motion at a meeting of 100 Sioux City residents at a hotel here tonight.

Appointment of a committee by the chair to visit Mayor Short and demand his resignation immediately was authorized.

A committee of 10 will be named to recommend a candidate for mayor to oppose Short. Five of this committee will be appointed by A. J. Bissell, an attorney, who was chairman of the meeting, and five by the trades and labor assembly of Sioux City. Petitions for signatures to invoke the recall will be put in circulation tomorrow.

The present actions follow the mayor's appearance last Monday before the national convention of the I. W. W., which had been in session for the past two days. It is said pressure was brought to bear on the mayor to prevent the assembly of the "Wobblies." This the mayor refused to do. He went before the convention and extended a welcome to the delegates, but cautioned them that any "red flag" displays or revolutionary methods would be quickly checked by the city authorities.

Mayor Short tonight refused to comment on the action taken at the public meeting.

## NO SIGNS OF SOLUTION FOR THE DEADLOCK

Italian Delegates Maintain Their Position as to Adriatic.

REFER TO PLEDGES IN LONDON TREATY

Council of Four Lays Matter Aside for Discussion of Japanese Issues.

By the Associated Press. Tuesday witnessed no action on the part of the Italian delegates to the peace conference in Paris which would indicate that Premier Orlando and Foreign Minister Sonnino had receded from their demands that the east coast of the Adriatic and its islands, lands and seaport of Fiume be given to Italy.

No Signs of Weakening. Nor was there any visible sign on the part of the British and French premiers and President Wilson of weakening in the stand they have taken that Italy's price is too high.

Promises alleged to have been made to Italy by France and Great Britain in the London treaty are being held to inflexibly by the Italians. The Italians did not attend Tuesday's meeting of the council of four, which put aside entirely the Italian claims and discussed with Baron Makino and Viscount Chinda of the Japanese delegation the question of the future of Kiao-Chow.

Still Much Disagreement. Apparently there is still much bitterness over the Italian question. One of the Italian delegates, who, the Associated Press it was considered useless for the Italians to take further part in the conference unless the allies were agreeable to granting Italy's request. One compromise has been suggested to the Italians, but declined by them. According to late reports, this provided for recognition of Italy's claim to Fiume in return for the abandonment of her ambitions to the Dalmatian coast.

Private conferences between Premier Orlando and members of the council of four are said to have taken place and a meeting with Mr. Lloyd George has been arranged to secure, if possible, an adjustment of the controversy.

## WE WASTED MONEY RATHER THAN LIVES SAYS CARTER GLASS

By the Associated Press. LOUISVILLE, Ky., April 22.—Scores of bankers, loan workers and soldiers tonight heard Secretary of the Treasury Carter Glass tell why the American people should overembrace the Victory liberty loan.

"The way for Victory loan workers to meet those who charge extravagance and waste, during the war, is to ask them whether it were better to spend millions of dollars or millions of lives," declared Mr. Glass.

"Discussing terms of the Victory loan, the secretary said:—

"They told me to make them attractive. Sometimes I am afraid we made them too attractive for the treasury department was bitterly attacked by a New York Journal recently for the liberal terms of this loan. The loan was widely attractive to me like hundreds of thousands of other American fathers who had boys in the trenches, and I like to think and believe that Americans would have put this loan over the top, regardless of the terms of interest.

"There are but two ways to carry on this government and to finance its requirements. First, is for us to loan our money to the government on gilts—gilts securely. The second is for the government to take from the citizens through forms of taxation, the necessary money. If it does not get it by the first method, it will get it by the second."

The secretary in concluding, asked his auditors to finish the job by subscribing for the fifth and last Liberty loan issue with which the nation could pay its war debt.

## BILLINGS SHOT ON EVE OF HIS TRIAL

Widely Suspected Is Accidentally Killed After His Family.

By the Associated Press. TACOMA, Wash., April 22.—On the eve of his trial on a criminal charge in the superior court of King county, Orville Billings, reputed to be one of the wealthiest men in this city and at one time a candidate for governor, accidentally shot and killed himself at his home here, according to members of his family.

Mr. Billings was seated with his family and a few friends at a table eating dinner when the shot was fired. He died in a few minutes. Members of the family declared the shooting was accidental.

Information was first set out by King county charging him with a violent crime against a young girl, employed at a domestic at the home. The trial was continued several times but was to have been started tomorrow.

## DRAW LINE TO THE NORTH OF BRENNER PASS

German-Italian Frontier Is Said to Have Been Agreed Upon.

Fiume Demands Are Cause of Deadlock

Wilson Against Bottling Up Jugoslavians—London Treaty Is the Weapon.

By the Associated Press. PARIS, April 22.—The Temps says that the new frontier between Italy and Germany has been apparently definitely fixed as Italy demanded it and as France and Great Britain promised it should run. The frontier will be drawn to the north of the Brenner pass in Tyrol.

The Brenner pass is the lowest of all the passes that traverse the main chain of the Alps. It is the shortest route between central Germany and Italy.

### ITALIANS ARE WATCHING.

By the Associated Press. PARIS, April 22.—There are indications of weakening on the part of the Italian delegation and a disposition to withdraw their demands for the Dalmatian hinterland is permitted to have the coast and coastal watersheds and Fiume.

President Wilson is inflexible in his position that Fiume shall not be annexed to Italy, thus bottling up Jugoslavians.

Although Premier Orlando will probably not attend the meetings of the council of four immediately, the inclination of the Italians to compromise is looked upon as encouraging by the allies, who apparently are hopeful that an agreement may be reached by mutual concessions.

The suggestion is widely circulating tonight in Paris that Great Britain and France cannot sign a peace treaty with Germany if Italy refuses because under the London agreement no member of the entente is to sign a separate peace. The suggestion, however, probably has not had any great effect on the negotiations, in which the dispatches expressed the opinion that no single nation can afford to hinder a peace conforming to the provision of the armistice broadly and that rights under recent treaties will be fairly satisfied by the peoples who are clamoring for a settlement of the world war.

As the United States is not a signatory of the London agreement not to make a separate peace, the "sister" serious break in the conference would prevent her from making a peace with Germany, but the American delegates refuse to seriously consider such a possibility eventually.

The positions and attitudes of various leaders are changing largely in the present deadlock. Economic conditions are so bad and food and coal are so scarce in the European countries today that a majority of the peace delegates feel that no longer can they will allow for a long time fighting under conditions of virtual isolation from the supply centers.

### MORE AMERICANS RELEASED FROM PRISONS IN RUSSIA

By the Associated Press. ARCHANGEL, April 21.—Additional American prisoners in Russia have been released. According to a message from Secretary Pennington of the U. S. M. C. at Stockholm, Finland, Ernest Hall, a U. S. M. C. secretary of Bloomfield, N. J., whom he saw in prison at Moscow, had been released and is proceeding to Copenhagen.

Secretary Pennington has again reported the release of Mrs. Marie Arnold, U. S. M. C. secretary of Park, N. Y.

### WILL BRING GROUPS

By the Associated Press. PARIS, April 21.—The United States transport George Washington is expected to bring back American troops after repairs to her hull. It was announced that the transport will be accompanied by the USS. Hereafter the George Washington will run on an alternate schedule with the USS. The USS. will be accompanied by the USS. **CLAIMS IN ORIENT ARE NOT SETTLED.** Japan and China Neither Given Rights to German Territory in Question.

By the Associated Press. PARIS, April 22.—The council of four decided today to discontinue its hearings on the Chinese and Japanese claims to rights in Shantung province and agreed merely to formulate Germany's rights in China in the peace treaty, leaving the settlement of the respective rights of China and Japan to the German concessions until a later date.

This agreement is subject to the approval of China and Japan, whose delegations have sent cablegrams to their governments and express the belief that the governments will agree. The postponement of the final settlement is a compromise which meets the demands of neither China and Japan.

Japan asked that the German rights definitely be given to her with the understanding that she return them to China under certain conditions.

China urged that the German lease and concessions should be definitely recognized as belonging to China again, having been taken from her forcibly by Germany.

The postponement of the final decision leaves it uncertain whether the respective rights of China and Japan will be passed on in the final peace treaty or left to the league of nations.

**OPPOSE CONTINENTAL ALLIANCE.** By the Associated Press. HEILIN, April 22.—(Havoc)—German this afternoon, head of the German assembly commission, in an address before the same commission in the national assembly, spoke against a policy for an alliance of the European continental powers against the Anglo-Saxons, which he said would destroy the basis of a league of nations.

Concerning the question of responsibility for the war, Erberger demanded that all European formulate questions in the premises for submission to a neutral and independent court.

COMMUNICATIONS FOR MID WORLD PEACE

General Manager of Associated Press Tolls of Efforts at the Peace Table.

By the Associated Press. NEW YORK, April 22.—Development of inter-communication promises a chance that the league of nations may accomplish its object of insuring world peace.

Mr. Stone doubted if anyone knew whether the league project would succeed. By modern processes of inter-communication, however, the nations were enabled to proceed cheerfully, he said, extending men's visions and giving "a little promise" that the failure of the congress of Vienna and luncheon here today.

100 years ago might be followed by something like success.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe to Darken and Beautify Faded Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application of two of Sage and Sulphur enhances its appearance a hundred fold.

Be quick to prevent the mixture. You can get this famous old recipe improved by the addition of our introduction a small coat, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be had upon a living letter to the nearest color and luster of your hair.

Everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that the entire scalp can be cared before. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

This hair-tone preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

to imagine that there had been an unpleasant or angry situation between the peace workers of the associated powers, who had brought to their task a sincere desire to solve a great problem.

Despite the German hopes of differences among the conquerors, he added, they had agreed to a principle.

Describing a visit to the devastated regions of France, Mr. Stone declared it had been "torn by the most smitten and outrageous savagery the world has ever known."

He brought about the rehabilitation, he asserted, of extension of long time credits by American manufacturers was essential, a scheme which, he said, could with the federal reserve system to fall back upon, be used in case of emergency.

In keeping with the Pan-American spirit of the meeting, inspired by the recent addition of 25 South American newspapers to the Associated Press membership, Mr. Stone stated that this extension of the service gave "hope of the unity of the western hemisphere."

In like manner in earlier days, he said, the organization had been a material factor in cementing the relations of the southern and northern sections of the United States, a union which made possible the national spirit evidenced in the Spanish-American war and re-emphasized in the world conflict.

In honor of the 25 South American newspapers, which recently became members of the Associated Press, a luncheon was given a Pan-American character.

Addresses were delivered by Augustin Edwards, Chilean minister to Great Britain and publisher of a group of newspapers in his country.

By R. R. Ronconi, representing La Prensa, Buenos Aires, and W. W. Davies, La Nacion, Buenos Aires, President Noyes, in introducing them, said it was his belief that this new relation between North and South American newspapers would "do more to strengthen the ties of friendship and commerce than any possible propaganda might accomplish."

"We are getting to know each other better," he said, "and to understand each other more sympathetically."

These sentiments were echoed by the South American representatives, who paid tribute to the Associated Press and the success of the meeting.

South American news service inaugurated on January 1. Mr. Davies read a cable message from Jorge Mitro, director of La Nacion, which spoke in some detail of the subject, emphasizing especially the reliability of the Associated Press news.

## THE RESULTS.

Results of the election in Twin Falls recently may be pleasing to those who desire clean government and freedom from boss rule.

For some time the publisher of *The Times* has sought to entrench himself as political dictator in South Idaho. Last fall the voters of this county repudiated him and his methods. Now the City of Twin Falls emphasizes distrust of him and his schemes. For this reason there is general satisfaction with the results at the polls. Dan Deaton has been reelected.

## A CONSTRUCTIVE PUNISHMENT.

California wrong-doer has recently been sentenced to five years of good citizenship, which is another way of saying that he has been put on probation. The judge decided in favor of leniency because the offender through all his activities, wanderings and crimes, never failed to provide for his aged and dependent mother. That he looked like one which might lead him back to a useful, law-abiding citizen.

For five years this man must not leave the two counties in which his home and work lie but must not frequent associations with the evil companions under whose influence he had fallen; he must not drink, gamble, or do his way idling in available time; he must be honest and he must report to the probation officer once a month. The idea of this man's sentence is that the man must advance \$25 out of his third earnings in a steady job to be held as part of a bond for his own apprehension should he fail to live up to his probation rules or try to escape from the court's jurisdiction.

If the man has the good stuff in him when the judge is counting, this unusual sentence offers him every chance to make good. After five years of honest, industrious living he ought to have discovered how much happier and easier it is to be a good citizen than a bad one. He will be farther along on the road to self-respecting independence than he would have been if he had served a prison term, and he will have cost the state practically nothing for his keep and guard.

## THE GERMAN UPROAR.

Germany seems to be in an uproar over the peace terms informally made public before their actual presentation at Versailles.

The socialist organ, Vorwaerts, declares: "No German government can sign such peace terms." The Berlin Lokal Anzeiger says: "No more shameless mockery of President Wilson's fourteen points can be imagined." Chancellor Ebert speaks of the shameful enemy nations that "allow themselves to be dominated by feelings of hatred and revenge" and threatens the Allies with the "infinitesimal will of the German people."

Eren Pinner, Lithuanian, former German ambassador to England, and one of the most enlightened members of the old right-wing class, continues to try to "extend as far as possible" peace that will bring forth fresh massacres throwing the "big" former armaments, because a multi-step peace can be maintained only if the "mild" first. He holds out the "real" not only of armistice, but of "the only" armistice, "Communism and terror, throwing all banknotes into the primitive state."

All this might have been plausible enough of the allies had really decided on such a peace as some of the headlines at Paris wanted to impose. It might even sound plausible if the German worked out at Paris were, as is said, that which the German government had boasted only a year ago that she would inflict on the Allies when she won.

It would indeed be a bitter place if the allies applied the same principles that Germany applied to her own. France after the Franco-Prussian war it would be a bitter and intolerable place if the allies undertook to make Germany suffer the natural penalties of her crimes, making her pay the entire expenses of the defensive territories.

But the allies have gone far short of this. They have decided to leave Germany intact, lopping off only such portions as are non-German and are required for the independence of the peoples occupying them. They have decided to assess upon Germany only a small part of their own war expenses, and let Germany live instead of destroying her. In comparison with the provocation given, they have been made moderate and merciful.

Let the moderate rage and the Germans imagine a vain thing. They will not succeed in modifying these terms. They are lucky to get off so easy.

## AVIAN AGES FROM FRANCE.

Twelve hundred American aces have just arrived in this country. Each one holds a record for altitude and speed. One is minus a leg. Another has a handaged eye. One is slated for the D. B. O. There is not so much as the stamp of an arm in the right squadron. They had to be carried ashore, but they did not seem to mind it.

You see, they are currier pigeons returning from France, where they added pages to history and bird lore besides while the adventures of Nosh's dove. Pale, intemperance, known for ages as the harbingers of peace, they became over night the messengers of war, and to their bravery and faithfulness many thousands of our soldiers owe their lives.

They were shot at, wounded, and killed. Surely America owes to those who return the best of care, and a place in her history and in her heart. Secretary Lusk might well include plans for them in his farm scheme.

## MONROE DOCTRINE RECOGNIZED.

The inclusion of the Monroe doctrine in the league of nations constitution has a significance that many people have not perceived. The widespread demand for recognition of this policy by the peace conference was based simply on the fact that it might be swept away, and the United States and the Western Hemisphere in general be left with weaker guarantees of peace and independence than they have. Its actual recognition, by express mention in the league constitution, goes much farther than this.

Not only is the United States left free to continue protecting North and South America against foreign aggression, unreciprocated by other provisions of the constitution, but all the other nations belonging to the league are committed to the policy and thus aid their authority to it.

Americans generally ignore the fact that heretofore we have maintained this doctrine alone. Great Britain has long given it her moral support, but neither Britain nor any other power has ever formally recognized it. Now the recognition is made world-wide and the Monroe doctrine, instead of a principle depending on the single fact of the United States and maintained against an unwilling world, wins the formal sanction of everybody and becomes an established part of international law.

If President Monroe, when he timidly put forth this bold doctrine a century ago, could have foreseen this triumph, nations that

# Churchman Tells Of Last Hours With Edith Cavell In Her Cell

By the Associated Press.  
LONDON, April 22.—"I expected my sentence, but I am glad to die for my country. In the light of eternity I know now it is not enough to love only your own country. You must love all, and not hate any."

Those were among the last words of Edith Cavell, the British nurse who was executed by the Germans in Belgium. The churchman to whom they were spoken, the Rev. H. S. T. Gahan, has just returned to England from Brussels, where with his wife he remained throughout the war.

Alleged by a German Protestant missionary chaplain, Mr. Gahan received permission, he says, to see Miss Cavell in prison on the night before her death sentence was executed.

"With the chaplain," Mr. Gahan said, "I went to 'the cell door' and I opened the door. Miss Cavell was in the cell, she was sitting on a bench, and she was looking at me with a smile. I had gone prepared for a very trying scene. There stood my friend looking as calmly sweet as any young child could. She was, unchangeably, except that she appeared better for the enforced rest in prison.

The warden withdrew and we were not interrupted. "I remember practically all she said. She was thankful for her quiet time. She said her life had been such a burden and rush in many respects. She was not sorry to go, for her life had contained so much that she was weary beyond endurance. They have treated me very kindly here," she said.

The little communion vessels were placed on a chair and after the service Mr. Gahan pointed "Abide With Me," Miss Cavell joining under her breath.

Then I felt, the minister continued, "that I must hold my mouth tight. For I had been here an hour. I stood up and said goodbye, and we were face to face. She was looking slightly strained, but nothing more.

By the Associated Press.  
ATLANTIC CITY, N. J., April 21.—Lloyd George of Labor William B. Wilson at a victory luncheon here tonight declared that bolshevism would make no headway in America. "Its backbone is broken, I believe," said Mr. Wilson. "American labor will not be involved in the movement. Even radicals when they come to realize what bolshevism will repudiate it."

## ITALIAN-AMERICANS PEEVED.

By the Associated Press.  
CHICAGO, April 21.—Speakers of Italian birth or ancestry at a banquet given tonight by the Italian chamber

of commerce in connection with the victory loan drive criticized the deliberations of the peace conference and inclined to Italy's interests. They declared Italy's sacrifices in the war were overlooked while demands of the larger nations were considered. The Italians demanded "time and justice to Italy" and voted a threat that returning Italian-American "radicals" would become a factor in American politics.

# Your Wash Day

If you do your own washing  
It means getting up early, with dread in your heart for the long, hard day ahead of you. A day full of the meanest kind, of drudgery, and back-breaking toil—a hasty lunch—and you finish at 4 or 5 o'clock with tired feet and an aching body.

## If you employ a laundress

Think of the uncertainty of whether she is coming or not—scrumping on the wash for fear she will be dissatisfied—means to get for an extra penny—waste of soap and abuse of clothes—with only partly clean clothes as a recompense.

## If you employ servants

The constant strain of keeping them satisfied—the extra cost if they do washing and oftentimes extra help to assist them—the loss of time from other duties.

## If you send it out

The unnecessary wear and tear of your clothes coming in contact with germ-laden clothes from some other home—careless handling in an unsanitary wash room—the excessive cost.

Let us bring an EDEN WASHER up to your place and demonstrate it.

BIG LEAGUES OPEN SEASON FOR BASEBALL

NEW YORK, April 22.—After an intermission of nearly eight months, the National and American Baseball leagues will get back into action tomorrow.

The 1919 season will be the forty-fourth for the National league, the teams will open as follows: New York in Philadelphia, Brooklyn in Boston, Pittsburgh in Chicago, St. Louis in Cincinnati.

The edge already has been taken out of the opening in Boston, as the Boston and Brooklyn clubs played two games there last Saturday, Patriot's day.

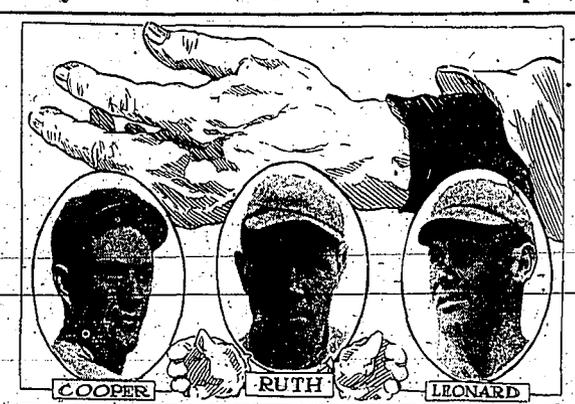

In the American league, Boston, the world's champions, will open here with the New York team. The other American league openings are: Philadelphia in Washington, Cleveland in Detroit, Chicago in St. Louis.

This is the twentieth season for the American league. Major General Thomas H. Barry, commander of the department of the east, and Admiral Henry T. Mayo, commander of the Atlantic fleet, will attend the New York opening with their staffs.

John Hedley, president of the National league, today named the following umpires for the National league openings: Klem and Emslie, Boston; Riegler and Moran, Philadelphia; O'Day and Quigley, Chicago; Dyren and Harris, Cincinnati.

Every Baseball Team Should Have a Southpaw

By ROY GROVE. A great many teams, both in the race for the flag because they can not produce a variety of "pitching. This was particularly true in the case of the Detroit Tigers a few years ago when their lack of southpaw twirling and consequent inability to serve ten up with a different line from day to day enabled the opposite batters to slaughter the right-handers.

MILLER IS SURE. By the Associated Press. NEW YORK, April 21.—John B. (Doc) Miller, second baseman, who left the St. Louis National League baseball club to enlist in the marines, returned today as a casual in the regular Charleston. A few months after this country entered the war he did not "make a run for a shipyard and grab a handful of rivets," he said, and bemoaned what he said was his "hard luck"—not arriving in France in time to get into action before the armistice was signed.

NOTICE OF ADMINISTRATOR'S SALE. Notice is hereby given that in pursuance of an order of the probate court of Twin Falls County, State of Idaho, made on the 9th day of April, A. D. 1919, in the matter of the estate of Elva C. McCollum Craven, deceased, the undersigned will sell at private sale to the highest and best bidder and subject to the confirmation of said probate court on or after the 5th day of May, A. D. 1919, all the right, title and interest of the said Elva C. McCollum Craven, deceased, in the following property, to-wit: Lot thirteen (13), block seventy-one (71), lot fifteen (15), block seventy-one (71), all in Original townsite of Twin Falls, according to final amended plat thereof on record, lot three (3), block "O" original townsite of Milner, all situated in Twin Falls county, State of Idaho, five shares of the capital stock of the Twin Falls Bank & Trust Company of Twin Falls, Idaho, one share of the capital stock in the Twin Falls Athletic association of Twin Falls, Idaho, and one second-hand Dodge automobile.

You are hereby notified that a complaint has been filed against you in the District Court of the Fourth Judicial District of the State of Idaho, in and for the county of Twin Falls, by the above named plaintiff, and you are hereby directed to appear and answer the said complaint within twenty days of the service of this summons if served within said judicial district, and within forty days, if served elsewhere; and you are further notified that unless you so appear and answer, said complaint within the time herein specified, the plaintiff will take judgment against you as prayed in said complaint.

The said action is brought for the purpose of obtaining a decree dissolving the bonds of matrimony between plaintiff and defendant, and that plaintiff be awarded the custody of a minor child, and restoring plaintiff to her maiden name, upon the ground that defendant has willfully neglected to provide for plaintiff the necessary necessities of life, defendant having the ability so to do, as more fully appears from the verified complaint of the plaintiff in this behalf.

Witness my hand and seal of the District court, this 18th day of March, 1919.

DRAFT BALL LEAGUE'S SCHEDULE TONIGHT

Manager Mercer to Make Trip to Burley to Ask Making Plans for the Season.

The schedule of the South Idaho Baseball league will be drafted at a meeting in Burley tonight. Manager Roy Mercer of the Twin Falls team will make the trip to Burley to assist in the work.

One week's work-out of candidates for the local baseball team has demonstrated that the old bats is back in the game in these parts and while there are many weak spots in the Twin Falls nine the boys have been putting up a line of baseball that has won the approbation of the fans that have been witnessing the work-outs.

The opening game will be played in Twin Falls on May 4. A game, will also be played on that day in one of the towns in the east end of the county.

Arrangements are already under way for a monster baseball tournament here on the mornings of July 3 and 5 at the time of the Round-up. The Round-up management has announced that it will give the park to the league for their use on these mornings at the same time aiding the sport by having some of the main events on the round-up program held before the ball games. It is anticipated that there will be 50,000 in the city at the time of the round-up and the ball teams hope to draw an enormous crowd for the games.

TROPHY TRAIN GETS WELCOME IN NORTH

Enthusiastic Reception Is Given in Itun Among the Bonanza Chums

MOSCOW, April 21.—North Idaho has equaled the patriotic enthusiasm the southern part of the state showed during the trophy appeal tour of last week. The first gun was at Itun at 7:30 this morning. Notwithstanding the early hour, several hundred gathered at the station to welcome the appeal.

Rose Lake, Harrison, Plummer, Hootch, St. Martin and Mays were the Idaho towns visited by the Victory train today. A stop was made at Plummer in Washington and a crowd of several hundred were given the opportunity to see the trophies.

Eight thousand people greeted the Victory appeal in Moscow tonight when it arrived at 8:55, more than an hour late. It was one of the biggest demonstrations in the history of the university city from the moment that the train stopped until it left two hours later. The station grounds were jammed with Latah county people eager to view the great German weapons, the tanks, French artillery pieces and other grim reminders of the world's greatest war.

Chairman Ogden expressed himself as well pleased with the prospect of the northern part of the state running the south to a close race in putting over its share of the loan.

FRED J. KESSEL, PIONEER OGDEN MERCHANT, IS DEAD

Built Two Irrigation Projects in Oregon—Was Widely Known

By the Associated Press. OGDEN, April 22.—Fredrick John Kessel, aged 71 year, pioneer merchant of Utah, builder of two irrigation projects in Oregon and one of the founders of the National Irrigation congress, died this afternoon here after three weeks' illness. He was mayor of Ogden in 1885 and 1886, member of the Utah constitutional convention and of the Utah state senate for two years.

On one of his irrigation projects in Oregon he developed a grove of black locust trees and when the United States government was searching for the wood for war material, offered the entire grove to the government free of charge.

He is survived by his widow, one daughter, Mrs. W. H. Shawman of Ogden, and a son, Fred R. W. Kessel of Sacramento, Cal.

WIDEN DISCHARGE PAPERS.

James Pines and James V. Alford today filed their discharge papers with the county auditor. The auditor's office has handled a large number of discharges since the announcement that the papers were required by the war department in order that they be properly accounted for. Many of the men are now filing their papers so as to be able to send them to Washington to secure the additional railroad fare due them.

RAILROAD OFFICIALS HERE.

Officials of the railroad administration were visitors in Twin Falls yesterday morning. In the party were Hald Holman, regional director of all railway lines northwest of Chicago, E. E. Calvin, regional president, H. H. Platt, vice president and general manager, and H. D. Robinson, chief engineer. After a short visit here the party went over the Rogerson branch and then returned to the mills.

BOHSHUVIKI SUFFER DEFEAT

By the Associated Press. LONDON, April 22.—A war office statement on the operations in north Russia says: "General Maynard (commanding the Murmansk forces) reports that in recent operations on Lake Vozozero the enemy lost 98 killed and 52 taken prisoner. A train with retreating Bohshuviki was badly damaged by shell fire. The wreckage included two field guns, five machine guns and 7,000 shells."

VICTORY LOAN DRIVE GAINS MOMENTUM

Initial Subscriptions Show Total of \$116,077,000 Paid Up to Noon

By the Associated Press. WASHINGTON, April 22.—First reports on Victory liberty loan subscriptions compiled tonight by the treasury showed \$116,077,000 as the incomplete figure for five of the twelve federal reserve districts covering sales only up to noon today.

This included subscriptions supported by initial payments. The New York district reported \$62,900,000; Boston, \$31,623,000; St. Louis, \$12,619,000; Cleveland, \$6,277,000, and Richmond, \$3,867,000.

Treasury officials today said that even for allowance for over-optimism the campaign apparently has gathered more momentum in the past two days than it used in that short time.

Although official figures are not available the U. S. S. Marblehead which is making the first leg of the Victory loan drive from San Francisco to New York already has cruised 100 miles in the hope that \$300,000,000 has been subscribed. The Victory ship is carrying a "Victory letter" from Mayor Ralph of San Francisco to Mayor Irtyan of New York.

The way was opened today for army aviators throughout the United States to airplane rides to persons purchasing the largest amount of bonds or workers making selling records.

The division of military aeronautics of the war department telegraphed commanders of flying fields:

"This is your authority to give flight to the man or woman purchasing the greatest amount of bonds; also to the man or woman selling the greatest amount of bonds when ships are sent to the various towns on loan flights."

Major O. M. Inabinger, in charge of liberty loan flights for the war department, explained that the order meant one flight may be given daily to the record purchaser and one flight for the record salesman. A passenger is required to sign a declaration absolving the military authorities from responsibility in case of accident.

ALLEGES BURELSON EMPLOYEES ESPIONAGE

Postmaster General Accused of Slandering Officials of Telegraph Employee

NEW YORK, April 22.—Distribution of "Postal Telegraph" the house organ of the Postal Telegraph-Cable company to employees of the company through "regular channels" has been ordered suspended by Postmaster General Burelson, according to a statement tonight by William J. Deegan, secretary of the Mackay companies.

Mr. Deegan added that distribution to the public of literature which in any way reflects on Burelson's control also had been ordered suspended and that an employee who expressed any opinion against the present control "must give a promise to keep his mouth shut or face instant dismissal."

Mr. Deegan also declared that a system of postoffice espionage has been instituted on our line which would do credit to the Russian secret service.

"Employees," he declared, "are being told by Burelson's representatives that they must not criticize any act of Burelson or in any way express their opinion of Burelson's control. Any one expressing such opinions is reported to the postoffice department by Burelson's spies. By means of these threats an organized reign of terror has been instituted on the lines of the Postal Telegraph system and every effort is being made to shake the confidence of the staff in its belief that the company verifiably will have its lines returned."

SALTS IS FINE FOR KIDNEYS, EQUIT MEAT

Flush the Kidneys At Once When Back Hurts or Bladder Itches.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says Dr. Sells' authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headache, constipation, indigestion, sleeplessness, bladder disorders come from sluggish kidneys.

### GRAIN MARKET

CHICAGO, April 22.—New high price records for the season continued to be scored today in the corn market. The principal factor incentive to buyers was a statement from the federal wheat director that he saw little chance of a return to the five cent level of bread and that European supplies of foodstuffs would be even smaller this year than last year. On the advance which caused heavy profit taking sales developed and led to setback. Opening prices, which ranged from one cent to one and a half cents higher, with July 1.55 1/4 to 1.55 1/2, and September 1.54 1/4 to 1.55, were followed by moderate further gains and then a series of reactions.

Oats duplicated the action of corn. After opening 1/2 cent off to 1/2 cent advance, with July 70 1/2 to 70 3/4 the market hardened a little and then tended to sag.

Judging operations put some weight on the market later. The close was unsettled, 1/2 cent net lower to advance, with July 71 1/4 to 71 1/2, and September 71 1/4 to 71 1/2.

# LOSES ARM IN RUSH FOR THE "CHOW" LINE

### Arthur Alworth Hit in 10 Places When German 77 Explored.

### SAYS HELL IS PROPER DESCRIPTION OF WAR

### Will Make Twin Falls His Home—To Be Circulation Manager for Chronicle.

"We were headed for the 'chow' line when a German 75 exploded near me and I got mine in ten places." Arthur Alworth, son of W. C. Alworth, president of the state and county fair bureaus, who arrived in Twin Falls yesterday, modestly explained how he suffered the loss of an arm in the battle of the Argonne. Mr. Alworth arrived in Twin Falls yesterday from Los Angeles accompanied by his

Arthur Alworth.

He will make Twin Falls his home in the future, having accepted a position as circulation manager for the Chronicle.

Alworth is well known in Twin Falls. Several years ago he learned the trade of a linotype operator. After several years spent here he went to Salt Lake where he was employed on the larger papers. Later he went to Los Angeles.

On April 24, shortly after being married, Alworth went to Camp Lewis. He was assigned to Company P, of the 368th Infantry, one of the best formations of all American fighting units.

"Three days delay in getting away from Montreal was all that kept us out of Chateau-Thierry," said Mr. Alworth

last evening. "We landed in a slow 1500-ton convoy and didn't get over there until late in June."

"The 300-ton credit for participating in the St. Mihiel affair, but we really didn't do anything there and I don't know how they got that, we got our baptism of fire."

"Was it exciting?"

"Oh, oui."

"A fellow can't tell much about that stuff and he don't want to when he gets away from it. The best description of it all is hell."

"I lasted until October 5. We had the Boesche pretty much on the run then. We had been called back to 'chow' when one of the big 'uns exploded near me. I got hit in ten places in my hip, in my left shoulder, several places in my left arm and on my right shoulder."

"Six hours after I was struck they had amputated my arm. I, of course, didn't know anything about it. I passed through six hospitals in France coming out by the way of Breay."

"The hospital in which I was first treated was destroyed by artillery shortly afterwards."

"Yes, Breay is a real hole and all that, but that was where the Americans were doing everything possible to make it as much like an American city as possible."

"The 10th, Cross, Salvation Army and the Knights of Columbus were about the best of the way and from the public work that the boys who went over just forgot."

"I received the best of treatment during the entire time that I was in France, and in this country."

"I was in the hospital for six weeks in the hospital at Ellis Island following which he was sent to the Letterman General hospital at San Francisco. He was discharged two weeks ago."

# NEUTRALS TO RESUME TRADE WITH POWERS

### Black List and Licensing System to Be Abandoned April 23.

### BOLSHEVISTS ARE NOT INCLUDED IN RULING

### Measure of Relief for Germany May Be Yielded in Shipment of Cotton.

By the Associated Press.

PARIS, April 22.—The supreme economic council today authorized the announcement of the abolition of the black list, licensing and rationing system applied to neutrals, thereby crowning the consistent efforts of American economic delegates since January for the removal of hampering wartime restrictions on trade. This decision will grant that freedom of intercourse without which the resumption of world commerce is generally required by trade and industry in the United States and throughout the world has been almost impossible.

Release Law Materials.

"The announcement will be made simultaneously April 23 by the various governments involved. It will authorize the shipment of raw materials and manufacturers other than export commodities without license formalities, to countries not including Germany and Bolshevik Russia. Enforcement of restrictions against export to these will be limited of countries will be limited to the control of relations to which shipments to neutral and adjacent to Germany still must be consigned.

Supply Germany.

The decision of the German blockade problem developed a diversity of opinion and a special meeting of the council tomorrow afternoon will endeavor to reach a decision on this question of permitting a limited supply of cotton and other raw materials to be shipped to Germany. American delegates favor limited consignment, believing that Germany is now gripped of raw textiles and other commodities of popular consumption that there will be little or no danger of their being used for other export competition with the entire countries before the factories of the latter are to resume manufacture for export.

# MEMORIALS WILL BE VAIN IF VICTORY LOAN FAILS

### Admiral Sims Says Reeper Saw American Shipk Responsibility

### Must Not Now

By the Associated Press.

COLUMBIA, O., April 22.—Memorial bids and resolutions, many and others—held in the war—will be "as so much rubbish" if the Victory Liberty loan fails, declared Admiral W. S. Sims here today in unveiling a memorial featuring opening of the loan campaign in this city.

Admiral Sims declared that in all his experience he had never seen an American boy flinch from performing his duty and that there never was a call for volunteers for dangerous duty whose chances of death were greater than that of 20 to 1, unless the number did not present themselves. Such, he said, should be the all-American attitude toward the new loan.

# STRIKERS EVADE OFFICERS

### Enter Limerick, While Close Watch Is Being Kept On Them.

### By the Associated Press.

LIMERICK, April 22.—The entire town of Limerick was set laughing this afternoon over the manner in which the strikers who Monday were being kept under close watch by the military and got home from a hurrying contact across the river.

The strikers boarded a train for Limerick and when the station was reached four men, later the chief of police, tried to enter the car to pass the soldiers at the gate. While the argument was proceeding, the other passengers who had remained concealed in the train, darted for other doors and windows. The guard was unable to halt them and soon all were home.

# AVER TECHNICALITY WILL NULLIFY LAW

Disbarred Attorney Declares Counsel, without Showing of Fault, Drafted.

By the Associated Press.

CHICAGO, April 22.—Practicality of enforcing the national prohibition amendment by "concurrent power" of congress and the states was questioned today at a meeting of the disbarred attorneys' committee, in charge of the disbarment fight against prohibition.

The point was raised in an opinion submitted by Levy Mayer, counsel for the committee, following reports that "referendum process had been filed, were in process of filing or were in circulation in Ohio, Missouri, California, Washington, Oregon, Nevada, New Mexico, Nebraska, Oklahoma, Arkansas, Colorado, Michigan and Maine."

"My opinion section 1 of the amendment is not self-executing and until legislation has been enacted to enforce the amendment the latter will have no effect and will be practically a dead letter," said the opinion, which adds that this was confirmed by the next section, which expressly provided for enforcement by stating that "congress and the several states shall have concurrent power to enforce this article by appropriate legislation."

"It is, of course, impossible for congress and the legislatures of 48 states to act jointly—that is congress and the several states in the 48 different states, if not exercised in the same identical way, will lead to confusion that is almost incomprehensible.

Furthermore, if any of the 48 states acts in a way different from that in which congress may legislate, or if congress legislates first and the states subsequently, or if any states legislate first and congress thereafter, and the provisions of such legislation are not identical, the conflict to which I have referred will instantly arise."

### Rebel Leader Meets Death Under the Order of court's Martial Finding.

### By the Associated Press.

VERA CRUZ, Mexico, April 22.—General Francisco Alvarez of the anti-government forces, was executed shortly before midnight. He met death at the hands of a firing squad with 200 anti-lancers.

Alvarez had been sentenced to die by an earlier court, but the execution was held up by order of the supreme court. The war department, however, ordered compliance with the sentence of the court martial and the prisoner was brought out to face his executioners.

Two hours before the execution the representative of the Associated Press informed Alvarez in his cell. He evinced no fear and declared he was prepared to die.

"I consider the sentence of the military court illegal and unjust," Alvarez declared to a reporter when the federal army disbanded and I left the country. If I were still a soldier the court's sentence would have been just."

Alvarez requested the correspondent to advise his family in New Orleans that his last thoughts were of them and that he had left letters for them.

Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast, fast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merely bright, alert—a good, clear skin and a natural, healthy complexion are assured only by pure, blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls, with puffy or muddy complexions instead of the multitude of "nervous wrecks," "rundowns," "burnt faces" and pessimists we should see a virile, optimistic throng of rosy-cheeked, people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of red hot water with a teaspoon of limestone phosphate in it to wash from the stomach, liver, kidneys and ton years of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach. Those subject to sick headaches, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often are urged to obtain a quarter pound of limestone phosphate at the "drug store" which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.
