## Orlando Leaves Paris For Rome, Angered That Wilson's Statement Was Given to Newspapers

President's Statement Had Been Submitted in Full to Orlando.

PREMIER TO LEAVE FOR ROME TODAY

Issues Statement Defending Claims of His Country in Adriatic, Avows Friendship.

By the Associated Press. PARIS, April 24.—Premier Orlando and Signor Barzanti will leave for Rome tonight. The decision was announced after Premier Orlando's return from his conference with the members of the council of four, at which, according to the Italian premier, only questions of principle and not territorial questions were discussed.

Delegation Shows Anger.

PARIS, April 24.—Premier Orlando and other members of the Italian delegation, apparently are much angrier over President Wilson's worldwide publication of his position on the Adriatic question than over his opposition to their claims and the fact that diplomatic procedure has been violated and what is termed an insult offered to the Italian government because the president made his position known to the Italian people over the head of the peace delegation.

Flame or Nothing. "Flume or nothing" has been the Italian delegation's unalterable formula for nearly eight weeks, and their flame insistence upon the terms of the Adriatic question before an agreement upon the peace settlement forced President Wilson to tell the world where he stands.

"This statement was more for the American public than for the Italian public, and it should not leave any one in any doubt as to the American position on secret agreements."

In his statement given out today Premier Orlando says:

"The justice of adjudging nations strictly constitutes surely an innovation in international relations. I do not wish to complain, but I wish to record it as a precedent, so that at my own time I may follow it, inasmuch as this new custom involves constitutes the granting to nations of larger participations in international questions and generally have always been of the opinion that such participation was the harbinger of a new order of things."

Nevertheless, if these appeals are to be considered as address to nations outside of the governments which represent them (I might say even against the government), I should feel great regret in recognizing that this process has been applied to many governments is today applied to the first time to a government which has been and intends to remain a loyal ally of the Italian government, namely, to the Italian government."

V. E. ORLANDO.

### International Situation Summarized by Associated Press

Victoria Orlando, Italian premier, delayed his departure for Rome, long enough again to sit in conference with the other members of the council of four.

The question of Fiume and the Balkan coast did not come up for discussion. The council is believed to have discussed fully the question of prestige involved in the publication of President Wilson's statement on the Italian situation.

While Signor Orlando is returning, immediately to Italy there is to be the details of the peace conference before parliament, Baron Sonnino, Italian foreign minister, and the other Italian representatives will remain in Paris temporarily.

The situation as regards Italy's claims still is acute. There apparently has been no recession by the Italians from their stated terms, and it is to be expected that the British and French position and President Wilson have receded from their stand.

### PREPARING TO GO TO SOLDIER CAUCUS

Lieutenant Green and Taylor Cummins Represent Eight Southern Counties.

Lieutenant John S. Green and Sergeant Taylor Cummins are making preparations to attend the caucus of soldiers and sailors and marines to be held in St. Louis, Mo., on Monday, April 29.

As stated previously in The Chronicle the St. Louis caucus is preliminary to a national convention to be held on about November 11, 1919. It is probable that after the St. Louis caucus that a state-wide reunion and convention will be called in each state.

### LANE URGES RECLAMATION WASTE LANDS

Asks Publishers to Help Him Push the Measure Through Congress.

WOULD PAY SOLDIERS FOR RECLAMATION Has Received 37,000 Letters From Service Men Asking Chance to Earn a Farm.

By the Associated Press. NEW YORK, April 24.—Assurance that the press of the United States is enthusiastically backing the Victory Loan was contained in a cable message sent to President Wilson by members of the American Newspaper Association, who attended the annual dinner of the organization tonight.

World Reclaim Lands. Secretary of Interior, Lane, one of the speakers, was applauded vigorously when he appealed to the publishers to support his plan for the reclamation of the waste land to provide farms for returning soldiers.

There are 116,000,000 acres of unoccupied lands which could be made productive, he said, and he answered the objection that soldiers are not anxious to own and work farms by asserting:

### "Fiume or Death" is Cry of Thongs Parading Streets In Cities Throughout Italy

LONDON, April 23.—Public opinion in Italy, according to a wireless message from Rome, is much excited against the peace conference for refusing to recognize the Italian claims. Apparently there is a complete truce in party politics and the newspapers are unanimous in blaming the allies.

"The Italians consider that they have been betrayed by the allies," the dispatch says. "The whole nation is aroused and has rallied to the support of Orlando and Sonnino. There is a brave army ready to make every sacrifice for the realization of their program. Many popular demonstrations have taken place, and the watchword is 'Fiume or death.'"

If the conference does not accept the Italian view, the situation will become extremely serious.

IS SUBSTITUTE FOR LEAGUE OF NATIONS

Provides World Parliament With the Representation Based on Population—Abolishes Navies.

COPENHAGEN, April 24.—The German courier proposals to the league of nations are outlined in a long dispatch from Berlin.

The German draft proposes that the league shall embrace all belligerent states and all neutral states which were signatories of the league treaty, other states to be admitted by consent of a majority of the members of the league, but the Holy See to be admitted without this condition.

Through Congress of States. It is proposed that the league shall be a permanent congress of states and a world parliament, the former to be the chief administrative body comprising representatives, with equal rights of all the governments. The parliament is to be elected from the parliament of each state, one representative for every million inhabitants, but no parliament to send more than 10 representatives.

It is also proposed that an international tribunal, and a mediation bureau be created to decide respectively questions of law and questions of interests. Every difference between states must be submitted to this body.

Would Abolish Navies. The draft plan also provides that the number of ships in each nation's fleet shall be reduced to former requirements, with no armed ships except for the league's naval police force and adequate coastal protection for each country.

Regarding colonial questions, it recognizes the principle of international administration of the tropical colonies.

### RISKS HIS LIFE TO SAVE TRAIN FROM GAS-FILLED TUNNEL

VANCOUVER, B. C., April 24.—Passengers arriving here today said a trans-Continental Canadian Pacific passenger train was stopped Monday at Connaught, B. C., but it was about to enter a burning gas-filled five-mile tunnel under a spur of the Rocky mountains.

Thirty drams of gasoline and kerosene caught fire in the tunnel, killing the long tube with poisonous gas. As the train was about to pull out of Connaught, the eastern end of the tunnel, August Olson, a watchman, telephoned from the interior of the mountain that the tunnel was gas. Olson was nearly overcome by gas. F. Alton, another watchman, died.

## SENATOR'S DAUGHTERS IN DOUBLE WEDDING

WASHINGTON.—The most interesting social event the capital has known for several months is to take place outside the capital.

The double wedding of the "Overman girls," daughters of Senator and Mrs. Leo Overman, North Carolina, which is to be celebrated April 30th—will be at the Overman home at Salisbury, North Carolina.

The two youngest daughters of the distinguished senator from North Carolina have been leaders in the young set of official society for several seasons. Then both became engaged about the same time—and decided on a double wedding—and in their old home town.

The eldest sister, Miss Kathryn Overman, will marry Mr. Gilbert Foot, a member of the North Carolina bar, and her younger sister, Grace Overman, is to marry Mr. Edgar Norris Snow of Greensboro, North Carolina.

Their large circle of friends in Washington is disappointed in the bride's decision to be married back home, but as one groom is a Salisbury man, and the other also a southerner from a neighboring city the choice of the North Carolina home wedding is both sensible and sentimentally satisfactory.

Southern hospitality will be in the story when Washington's smart set journeys south for the wedding.

## WILL ENFORCE BAN AGAINST BREWERS

Washington, D. C., April 24.—The government proposes a liberal enforcement of the war time prohibition act, including a ban on production and sale of all beers and wines, whether or not they are intoxicating, the department of justice announced today.

While no steps will be taken to prevent brewing, pending a court decision on the law's constitutionality, brewers of the New York district will operate in peril of future prosecution, according to the statement of William C. Fitts, special counsel appearing for Attorney General Palmer in the beer litigation.

The attorney advised Judge A. N. Hand, who heard arguments on the government's motion to dismiss the suit brought on behalf of the national brewing interests by the Jacob Hoffmann Brewing company to restrain the federal authorities from interfering with the production of two and three quarters per cent beer, that the department of justice did not know and did not care whether beer of 10 strength intended was intoxicating.

The law prohibited sale after June 30 of distilled beverages as well as manufacture after April 20 and sale after June 30 of "beer, wine and other intoxicating malt and vinous liquors for beverage purposes," pending the demobilization of the military forces.

## DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Sage Tea and Sulphur Darkens So Naturally That Nobody Can Tell.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmothers made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that "aven-color" that beautiful dark shade of hair which is so attractive, used only this old-time recipe.

Nowadays you get this famous mixture improved by the addition of other ingredients. Be careful of such "improvements" for a bottle of Weyth's Sage and Sulphur Compound, which darkens the hair so naturally, so evenly, that nobody can possibly tell, it has been applied. You just dampen its sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Weyth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre, and gives it an appearance of abundance.

Weyth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

Wholesale and Retail always bring results.

## PAVAL IS SACKED BY VILLA'S BAND

Outlaw of Head of 1500 Followers Hails and Loots Town—Americans Protected.

JARRIZ, Mexico, April 24.—Francisco Villa fought his way into Parral, the famous mining camp, 125 miles southwest of Chihuahua City Sunday morning after a battle which started at dusk Saturday and ended with Villa's entry at the head of his 1500 troops Sunday morning at 11 o'clock. The town was then looted.

Three American mining men arrived here tonight from Parral with the first information of the battle. When they left Parral Tuesday morning, Villa held the town, but later reports stated that the government troops from Chihuahua City, which left there Sunday on four troop trains had attacked and a battle was reported to have been in progress around Parral today. This cannot be confirmed as wire communication has been interrupted.

After taking Parral Villa announced that none of the American or foreign properties would be molested and that all of the 40 Americans employed in and near Parral would be protected.

He ordered Jose de la Luz Herrera, former mayor of Parral, and his two sons executed Monday.

## MEXICO DISCLAIMS MONROE DOCTRINE

Washington is Advised of Withdrawal of Agent From Conference in Paris.

By the Associated Press. WASHINGTON, April 24.—The state department today announced it had received advice from Mexico City giving the text of statements by the Mexican foreign office and published in Mexico City newspapers. The Mexican statement declares that the Mexican government "has not recognized, nor will it recognize, the Monroe doctrine or any other which may attack the sovereignty and independence of Mexico." The notice to the state department also announced the recall of the Mexican agent in Paris.

Officials recalled that on at least one occasion Mexico recognized the Monroe doctrine. At the close of the war the United States applied the Monroe doctrine in Mexico to the case of Emperor Maximilian at the behest of the Mexicans and the friendship of the United States for Mexico had a large part in giving that country the moral strength to throw off the imperial yoke and execute the emperor.

## MEXICO WITHDRAWS

By the Associated Press.

MEXICO CITY, Wednesday, April 23.—The non-recognition of the Monroe doctrine by the Mexican government and the United States printed identically by all Mexico City papers tonight as having been given out officially by Salvador Diego Fernandez, chief of staff in charge of the department of foreign relations, and Mrs. J. J. Morazo of the Kimberly road.

Mr. Johnson of the Gem State Lumber company went to Oakley on business Thursday. Earnest Claess passed through the city Wednesday en route to Jarridge, Nev. He has recently returned from France.

Mr. L. J. Houghtaling has returned from Coaledford where he has been visiting for about two months.

## ASK PUBLISHERS TO COMBAT BOLSHEVISM

Printing Trades Unions Ask Help in Fighting the I. W. W. Movement.

By the Associated Press. NEW YORK, April 24.—Appeals to American newspaper publishers to aid in fighting the spread of ultra radical principles were made by the heads of two international printing trades unions today at the annual convention of the American Newspaper Publishers' Association. The heads of four international unions engaged in the newspaper printing trade addressed the convention.

The four leaders were James J. Preel, president of the International Printing and Electrical Workers' Union; William McHugh, acting president of the Printing Pressmen and Assistant Union; John W. Hayes, secretary and treasurer of the International Typographical Union; and Arthur Hall, president of the International Photo-engraving union.

Mr. McHugh said that many members of local unions had been carried away by the "doctrines" of Bolshevism but that officers of the international unions of the printing trades were strenuously contesting their spread. He asked for the cooperation of members of the publishers' association in combatting the evils of printing.

A warning plea by Mr. Hall, who spoke of the value of the arbitration agreement between his union and the association. He said this agreement had fully justified itself by keeping industrial peace during the trying days of the war.

Mr. Hayes and Mr. Preel also in favor of arbitration.

A. L. Stone of the A. J. Brown Seed company will have more beans to count the first of next week. Telephone 216-7.

If he does he's taking a mighty big chance for Downey is clearly outgated him in their recent go and only the superior ring generalship of the veteran champ saved him from a finishing touch. BUSINESS OFFERS HOPEFUL OUTLOOK

Business Outlook, Says Chairman of Committee on Statistics and Standards.

WASHINGTON, April 24.—An encouraging view of present business conditions throughout the United States and a hopeful outlook for the future is given in a comprehensive report on the business situation prepared for the chamber of commerce of the United States by Archer West...

It is still one of the wonders of the time that the present volume of business is so large, the report says, though it is obviously obvious that it is declining in some lines as always during the two months before harvest when buying wanes upon the volume of the crops.

Confidence in the future is growing as is evidenced in the campaign for sales of fall and winter goods being waged by distributing lists.

Two factors dominate the future, the crops, with the prospects of the very best, particularly as regards winter wheat, the other has been always which makes and produces from day to day.

In taking up the industries individually the report says the railroads are "in a serious condition" and declares that if they were burned over the whole stockholders in their present condition it would mean "bankruptcy of the entire system."

Farming

F. A. IS FORMED WITH 24 MEMBERS; 400 COWS

Specialist to Be Here At All Times to Make the Necessary Investigation.

Fifteen owners of some of the herds in Twin Falls county met at the farm bureau office yesterday afternoon and completed the formation of the Pioneer Cow Testing Association. There are 24 owners of herds in the section who have signified their interest in joining the association and it is anticipated that 400 cows will be inspected and classified. The expert cow tester will arrive here the first part of next week and will immediately commence work. Noel Sneyly of the United States department of agriculture was present at the meeting and told the advantages of a cow-testing association.

S. H. Taylor was elected president of the association. Carl Irwin was named as secretary. The following are the trustees: William H. Hempleman of Twin Falls, C. E. Long, George Childs A. A. (Hobbs) and C. H. Hardesty of Tulu were named as directors of the association. Membership fees for the year will be \$2.00 for each cow tested.

This announcement was made from the farm bureau office yesterday. Plans are also being made for storage places at Hansen, Klibber, Miller, Bull and Roseman if the growers get together.

The exact date of the visit of E. J. Bihlhart to inaugurate the plan has not been set. Mr. Bihlhart is now busy in Gooding, Jerome and Blaine counties. He is expected to be in Lincoln, Cassia and Twin Falls counties next week.

TO AID IN MAKING FENCES. Blue prints, showing types of temporary fences for ditch banks for use in sheep pasturing have been received at the farm bureau office by Miss Hannah Spencer, county club leader. One of the plans shows the hurdle

type of fence and is made out of 1 by 4 and 1 by 2 planks. It is fixed with braces so that the fence may be put up very readily and may be moved at any time. Another type is of woven wire. It takes a little more work to construct and is more of a permanent fence than the hurdle type.

GRAIN MARKET

CHICAGO, April 24.—Buyers continued to be in a majority today in the corn market, and to bid prices to a new high level for the season. Foreign strength of late has helped to gather with unquenched demand for wheat substitutes, such as rye, and barley were the chief reasons assigned. Considerable notice was taken of the strained position which is in Europe. Opening prices, which advanced from 7c to 7c 1/2 on advances, will July, \$1.03 to \$1.45; and September, \$1.03 to \$1.45. They were followed by a moderate reaction and then by a decided recovery. One sympathized with the advance of corn. After opening unchanged to 1/2c higher with July, 7 1/2c to 7 3/4c, the market sagged a little; but soon rose again above the initial top figures. The advance continued until midday. Then profit-taking sales became heavy, and a setback ensued. Besides hedging operations were in evidence. The close was unsettled, 1/2c net lower to 1/2c advance, with July, \$1.03 to \$1.45, and September, \$1.03 to \$1.45.

### Loan Subscriptions Reach \$400,000,000 Speeding Vessel on Way.

## IOWA AND MICHIGAN CLAIM FIRST HONORS

### Both Report Full Quota of Subscriptions—Within Hour—Glass Is Enthused.

The nation's subscription justified. Reports from stations and ships all over the world poured into the office of the Admiral Clegg, navy's Victory liberty loan officer today, and the fact that the navy's subscription is approximately \$250,000,000. This is more than the entire navy subscription to the first liberty loan.

CHICAGO, April 24.—Secretary of the Treasury Glass, on a western tour in the interest of the Victory loan today expressed surprise at the enthusiasm of mid-western communities in the expression of the belief that the loan would undoubtedly be subscribed and very likely over-subscribed.

Washington, April 24.—Nearly \$100,000,000 additional Victory liberty loan subscriptions were reported to national loan headquarters today and raised the total pledged so far to approximately \$400,000,000.

The exact total was \$396,456,000 and was distributed among the twelve districts as follows:

- Boston \$61,047,000.
- New York \$124,000,000.
- Philadelphia \$26,622,100.
- Cleveland \$21,850,700.
- Richmond \$7,120,000.
- Atlanta \$1,601,700.
- Chicago \$44,818,950.
- St. Louis \$40,813,100.
- Minneapolis \$18,128,100.
- Kansas City \$9,747,400.
- St. Paul \$1,971,450.
- San Francisco \$1,131,150.

Both Iowa and Michigan reported full quota of subscriptions within an hour of the start of the campaign. The secretary of the Treasury expressed no opinion as to which should receive first honors. The official summary of the campaign said, however, that messages from C. M. McVicker, the Iowa superintendent, received at 10:30 a. m. today said that Iowa passed its quota yesterday afternoon at 3:30 p. m. A telegram from H. Penton of the Michigan committee, also received today, said that Michigan had passed its quota, but says no time. Workers in each state are continuing to roll up subscriptions.

The Cleveland district continued to fight to lead all other districts in the number of committees reaching their quota, having 115.

The woman's liberty loan committee is receiving very satisfactory reports of a work among representatives throughout the country.

## GOVERNMENT AND FOREIGN BUSINESS

### War Finance Corporation Will Assist Manufacturers in Extending Foreign Credit.

By the Associated Press. CHICAGO, April 24.—American exporters desiring to extend their foreign trade, but who are unable to make satisfactory credit arrangements with their banks will receive cooperation through the war finance corporation.

This announcement was made tonight by Eugene Meyer Jr., managing director of the war finance corporation in an address before the sixth annual foreign trade convention which opened a three-day session today.

"If you gentlemen representing the American production should make satisfactory credit arrangements with foreign purchasers which cannot be secured by your bankers—the war finance corporation is ready to stand behind you to help you, if you wish it, in creating and carrying out a system of long term credits and obligations for the promotion of international trade," said Mr. Meyer.

He advocated a "live and let live" policy. European conditions, he said, business on both sides of the Atlantic was hampering because of political and business uncertainties.

Problems to follow the tongue of nations would be economic and require the services of men trained by study and experience. He emphasized the need of specially trained men to meet the country's new problems.

The study of foreign trade and foreign languages was urged as a necessary preparation for meeting the situation. Necessity of a merchant marine, improved transportation facilities, reduced freight rates, lower manufacturing costs and shipping charges were among the desired expansion of this country's export business was emphasized by the speakers.

The convention is being held under the auspices of the National Foreign Trade Council and was called to order by James A. Ford, chairman of the body. The convention organized by electing Alta B. Johnson, president of the Delwin-Locomotive works, Philadelphia, chairman, and O. K. Davis, New York, secretary. Before adjournment the convention will adopt a national policy for the guidance of business interest in the development of export trade and legislative program for the presentation to congress. More than 1500 men representing nearly every known industry, attended.

Seattle Hog Market Hits New Record High Point. SEATTLE, Wash., April 24.—With an advance of 25 cents today making the top figure \$40.75, the Seattle hog market went 23 higher per hundred weight than any previous local record. Competitive bidding for stock by middle west packers, it is said, is causing the high prices.

During the past few days the farm bureau has had several inquiries regarding the amount of beans in the hands of the farmers. The bean market has been picking up recently and a good price can not be secured for the product.

## HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Fast News Meat If You Feel Backache Or Headache Trouble.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms acid which is excreted, but if it becomes overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular at passage, or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys so as to neutralize the acids in the urine and no longer cause irritation thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; make a delightful effervescent lithia-water drink which everyone enjoys. It is a natural, health-giving, kidney-cleansing and active and the blood purer, thereby avoiding serious kidney complications.
