## KIAO-CHAU IS BARRING DOOR TO AGREEMENT

### New Stumbling Block to World Peace Arises In Paris.

## CHINA-JAPAN ARE UNABLE TO AGREE

### Belgians Unable to Sign Treaty Unless First Given Needed Financial Help.

By the Associated Press. PARIS, April 29.—The session of the council of three ended this afternoon without a decision on either the Japanese or Belgian questions. A compromise was proposed by Japan by the council with respect to the Kiao-Chau problem, but no conclusion was reached. It is understood that further concessions will be given the matter at an early date. Experts Are Called. The financial experts of the United States and France were called while the Belgian delegates were making arrangements for the necessity of making payments to them of their share of the reparations. The discussion was left unfinished. The Rouser correspondent says he learns from Belgian delegation circles that the situation in Belgium is so serious that unless financial aid is received from the allies it may be impossible for the Belgian delegates to sign the peace treaty. No settlement of the Kiao-Chau question was reached at the conference held today between Baron Makino and Viscount Chinda and the council of three. Kiao-Chau In the Way. Kiao-Chau is now rivaling Fiume as a peace stumbling block and is attracting much attention. The Chinese proposition to let Japan keep Kiao-Chau and the former German concessions for one year under pledge to turn them back upon China's recapturing of Japan for the cost of capturing Tang-shan, the last German territory, has been generally received by the council.

The Japanese are willing to agree to the return to Kiao-Chau but upon the condition that they retain the port of Tsin-Tao and the right to cooperate with the Chinese in the operation of the German owned railways and mines in Shantung province. The Chinese maintain that the Japanese proposals threaten China's sovereignty and if adopted would put into effect the terms of the secret agreements forced upon her by Japan.

## TO LECTURE TOMORROW NIGHT

Dr. J. M. Taylor, who is one of several contemporary speakers of the Methodist church, will deliver a lecture tomorrow evening at the First Methodist Episcopal church on "What Is His Vision and Philosophy of Life?" The lecture will be illustrated with a stereopticon. Dr. Taylor has just finished a 75,000 mile evangelistic tour around the world.

## RETURNING FROM MURTAUGH

Miss Ernest White, who has been visiting with her daughter, Mrs. T. Daffey Lee, at Twin Falls last evening, Miss Teasdale made a trip to and from Murtaugh to accompany her home.

## HOLLISTER WOMAN DIES

Mrs. Mary Joiner, aged 68, of Hollister, passed away yesterday morning at her home from pneumonia. The remains are at the Grossman undertaking and will be taken Thursday morning to San Saba, Texas, for interment.

## SEEK MISSING WOMAN

The Twin Falls sheriff's office yesterday endeavored to find a trace of Miss J. A. Vanetta, aged 42, and her daughter, Miss Elsie Vanetta, 17, who disappeared from the family home near Jerome Sunday.

## JAKE C. CASSADY BURIED

Funeral services over the remains of Jake C. Cassidy were held yesterday afternoon from the chapel of the De Witt undertaking parlors. Rev. C. L. Owen officiated.

## WARY IS REPORTED IMPROVED

The baby of Mrs. J. H. Conwell, which has been seriously ill for several days, was reported as slightly better last evening.

## Summary of The International Situation

With everything practically in readiness for the landing over of the peace treaty to the Germans at Versailles, the Italian situation looms large as an impediment in the way of unanimous agreement on the part of the entente and associated governments.

So tense is the situation that Viscount Orlando, the Italian premier, at a conference with Thomas Nelson Page, the American ambassador to Italy, left Mr. Page with the understanding that the premier did not intend to return to Paris for the signing of the peace treaty.

Premier Orlando gave the ambassador the impression that, owing to the critical situation and the fact that the premier's action citizens in going to Versailles or remaining away from the peace conferences, it would be preferable to have the trouble come from without Italy rather than from within their kingdom.

A dispatch from Paris says that while the non-return of Orlando would not seriously affect the peace conference, it would be a serious aspect than did the departure of the Italian delegation from Paris, the allied and associated powers would proceed to the signing of the treaty, notwithstanding Italy's non-participation.

The main German delegates have arrived at Versailles, but it is probable the peace treaty will not be delivered to them until Friday, as on the previous day, "May Day," a 24-hour strike which will dislocate transportation and communications is planned by labor unions.

The council of three conferred throughout Tuesday with Baron Makino and Viscount Chinda of the Japanese delegation with reference to Kiao-Chau, and with the Belgian delegates who are pressing for the payment of their share of the reparations. No definite decision on either question was reached.

The British peace delegation has given out its views with regard to the section of the covenant of the League of Nations dealing with the Monroe doctrine. It is declared that the Monroe doctrine and similar understandings "have shown themselves in history to be not instruments of national ambition but guarantees of peace."

It is reported that the first meeting of the league of nations probably would be held in London, at the Hotel de Washington next October, with Woodrow Wilson presiding.

## GREWSOME FIND IS MADE IN VILLA OF PARISIAN BLUEBEARD

By the Associated Press. PARIS, April 28.—A police officer and the search authorities of the villa of Henri Landru, a suburb of Paris, from which the disappearance of many women led some time ago to the arrest of Landru, has resulted in the finding in the carriage house at the end of the garden an enormous heap of clothing. A search of the clothes, according to the authorities, were "colored bones, pieces of rib, tibias, arm bones, one tooth, a fragment of melted glass and one hair pin."

It is asserted that in the collar, which is cemented, large blood stains covered with sand were found.

A dispatch from Paris April 15 said the disappearance of a number of women who had been seen to enter the villa occupied by Landru but who had not been seen to leave the place, had brought about the arrest of Landru. The missing women were acquaintances of Landru's, who was declared to have made a specialty of beingfriendly to Washington. The police asserted at the time that they believed he had had at least ten flances who could not be found.

The police said Landru, had used several aliases, explaining this fact by declaring that he had been imprisoned several times.

## IN FROM ROCK CREEK

# PRESIDENT WILSON ISSUES NEW STATEMENT ON FIUME QUESTION; LODGE SUPPORTS ITALY'S CLAIM

## LODGE FAVORS ITALY'S CLAIM IN ADRIATIC

### Issues Statement to Societies in Boston Defining Position.

## SENATORS TO HOLD CONFERENCE

### Will Discuss League of Nations and Adopt Plan to Be Pursued In Congress.

By the Associated Press. WASHINGTON, April 29.—Demands of Italy for the part of Fiume, denial of which led to the withdrawal of the Italian plenipotentiaries from the peace conference, were upheld tonight by Senator Lodge, of Massachusetts, Republican floor leader, in a telegram sent to Italian societies of Boston. Senator Lodge declared that Italy's demands rested on the ground of her national safety and protection, whereas reasons which had been advanced for turning the port over to the Jugoslavs were "purely commercial and economic."

He asserted that, inasmuch as Italy had sacrificed a half-million of her people and hundreds of her sons with heavy debts in aiding France, England and the United States to repel the German quest, he could not see how her request could properly be refused.

The senator said he could not understand why arrangements had not been made for satisfying Italy's desire for military and naval control over the Adriatic and at the same time providing the Jugoslavs with a port through which they would have access to the sea.

"In the discussions of the terms of peace," said Senator Lodge, "I have always declared that the region known as Italy includes and all adjoining regions where Italian culture."

## NON-PARTISAN HEAD VISITS TWIN FALLS ON NEWSPAPER DEAL

Ray McNaig, head of the Non-Partisan League in Idaho, has been in Twin Falls for some days on a newspaper deal and in connection with the future plan of the league in Twin Falls county. This may or may not have connection with a deal just made whereby Dan Benton acquired a large hotel property in La Grande, Oregon. Mr. McNaig has told his friends here that he will hereafter spend most of his time in La Grande.

## KAISER MAY YET BE SAVED FROM TRIAL

### By the Associated Press. PARIS, April 29.—Doubt has arisen whether the responsibility of the former German emperor will be included in the peace treaty owing to the failure of the plenary session to take action on the report of the council of four, recommending his prosecution which was on yesterday's agenda.

Parliamentarians say that the council might still include its report in the treaty, but as the subject is now an article of a plenary conference, the report's inclusion on the report prevents its inclusion in the treaty unless the expected secret plenary session of the conference directs further action.

## START AIRMAIL EXPRESS

By the Associated Press. NEW YORK, April 29.—An aerial express service between New York and Chicago will be inaugurated by the American Railway Express company at an early date. R. E. M. Cowie, vice president of the company, announced here tonight. Later, he said, the service will be extended to Washington, Baltimore, Pittsburgh, Boston and other cities.

## EXPLOSION KILLS MINERS

By the Associated Press. BIRMINGHAM, April 28.—Sixteen miners, all but two of whom were negroes, were killed and eight others were injured probably fatally today by an explosion in a mine of the Majestic Coal Mining company, located 12 miles north of Birmingham. All but four of the 108 men in the mine at the time of the explosion had been accounted for tonight.

## DEPUTIES ARE WITH ORLANDO; 382 TO 40

### Italian Premier Supported By All Factions Save Socialists.

## MAKES STATEMENT WITHOUT PASSION

### Insists Upon Equity of Italy's Claim to Fiume Regardless of Other Treaties.

By the Associated Press. COPENHAGEN, April 29.—There have been noisy anti-American demonstrations in Fiume. American officers were looted in the streets, according to a report received by way of Germany and British and French troops maintained order with difficulty.

## SHOW CONFIDENCE IN ORLANDO

ROME, April 29.—The chamber of deputies tonight voted confidence in the cabinet by a count of 382 to 40, the latter votes being cast by socialists.

## SITUATION IS GRAVE

ROME, April 29.—Admitting that the world situation at the present is grave and for Italy "very grave" and that it was the duty of Italy "to preserve the greatest calm and serenity," Signor Orlando, the Italian premier, today delivered his expected address to the chamber of deputies concerning the peace conference at Paris. Premier Orlando, in his address admitted that he received on April 14 the American memorandum dealing with the Adriatic question, and added that until that time he had always been assured that the American decision had not reached any definite conclusion regarding Italy. Premier Orlando said that Italy be-

## Forwards Memorandum On Fiume Question to Italian Government.

## MAINTAINS POSITION PREVIOUSLY ASSUMED

## British Prime Minister Dispatches Courier to Rome In Effort to Solve Troubles.

PARIS, April 29.—The British prime minister has again intervened in the Italian situation by sending one of his trusted associates to communicate personally with Signor Orlando at Rome. While the desire is to conciliate Signor Orlando, yet the premier is advised against the inclusion of Fiume under Italian control, as it would be extremely difficult if not impossible. The person bearing the message was a member of the Aquilini cabinet with Mrs. Lloyd George. Wilson Issues Statement. PARIS, April 29.—A statement was issued tonight dealing with the memorandum sent by President Wilson to the Italian delegation on April 14 with permission to make it public in Italy and which was given out today in Rome.

The president's statement under the heading of "Memorandum on the question of Italian claims on the Adriatic" says: "There is no question to which I have given more careful or anxious thought than I have given to this, because in connection with it, the American leagues it is my earnest desire to see the utmost justice done to Italy."

Mr. Square With 14 Points. "Throughout my consideration of it, however, I have felt that there was one matter in which I had no choice and could wish to let none. I felt bound to square every conclusion that I should reach as accurately as possible with the 14 principles of peace which I set forth in my address to the Congress of the United States on the eighth of January, 1918, and in subsequent addresses."

"These points and the principles laid down in the subsequent addresses were formally adopted with only a single reservation, that the powers associated against Germany and with it, substitute the basis of peace with Germany. I do not feel at liberty to suggest one basis for peace with Germany and another for peace with Austria."

## Official Austrian Answer

"It will be remembered that it is really to a communication from the Austrian government, offering to enter into negotiations for an armistice and peace on the basis of the fourteen points to which I have alluded I said that there was one matter to which these points no longer applied. They have demanded autonomy for the several states which had constituted parts of the Austro-Hungarian empire and I pointed out that it must now be left to the choice of the people of these several countries what their destinies and political relations should be."

"They have chosen with the sympathy of the whole world to be set up as independent states. Their complete separation from Austria and the complete dissociation of the Austro-Hungarian empire has given a new aspect and significance to the settlement which may be effected with regard to any rate to the eastern boundaries of Italy."

"Personally I am quite willing to have what should be accorded along the whole front of her northern frontier and whenever she comes into contact with Austrian territory all that was accorded her in the so-called pact of London, but I do not think that the pact of London can no longer apply to the settlement of her eastern boundaries."

"The line drawn in the pact of London was conceived for the purpose of establishing an absolutely frontier of safety for Italy against any possible hostility or aggression on the part of Austria. But Austria-Hungary no longer exists. The eastern frontiers of these countries, stripped of military and naval power, are now the direct dependencies of Austria and Italy for the purpose of satisfying legitimate national aspirations and creating order and health to the new Austria—but arising out of the Italian line in the pact of London, the 'cultivation of friendship' is bound to a common policy of the league of nations."

"It is astonishing," said a busy Twin Falls mother, "just how many minutes I find in my daily routine in which I can do the things I always wanted to do."

"Money a mickle makes a muckle," says the old Scotch proverb. The truth of this has been emphasized during the war months. Most of the enormous amounts of knitting done by women was done at odd moments, at how the employment of the brief periods, which previously were wasted, were put into sweaters, socks and hats by the hundreds of thousands in all towns.

"The odd moments, now, that the need for knitting is not so pressing is utilized in many ways. The long neglected music studies of the housewife, who since her marriage has had her music go because she was to busy to practice." There is the jading course that has been put aside because there has not been time.

French and Spanish can be taken by and real progress can, easily be made in each with the printer and grammar. The needs of the body can studied and taken care of.

"Dits of philosophy can be committed to memory and the political progress of the state can be gone into, there are so many things that can be done with the spare moment rather than to let it slip from us. It was utilization of the minutes which made so much work possible. The same process will make peace in a manner more interesting and able."

The Young Men's and Young Women's classes of the Baptist church will meet at the church, Thursday evening at 8 o'clock. A jolly evening being planned.

Much interest has been manifested by the young people of the Baptist church, in their R. Y. P. U. meeting held every Sunday evening at 7 o'clock in the Baptist Annex.

The Wednesday Bridge club will meet at the Perrine ranch this afternoon instead of having their regular bridge party.

The Thursday Bridge club and the Lovell club have united and will from now on hold a meeting every week. Their meetings of this club will be held at the home of Mrs. Ernest Ellis, tomorrow afternoon.

The women of the Catholic church had a delightful reception at the Parish Hall honoring Mrs. Longley, who spent the week for Misses who will make her future home.

Mrs. Longley has been with the church for the past few years and has been one of the leaders in all the church work, as well as the choir. It is with much regret that the members of the church see her part.

Mrs. Longley was presented with a magnificent pair of silver candlesticks during the evening.

Light refreshments were served by the hostesses.

The members of the M. S. and G. Club, with some of the Twin Falls women gathered at the Presbyterian church-parlor yesterday to receive instructions on the dress form, given by Fr. R. H. Denton of Kimberly, who was here for the day for the lesson. The next meeting of the club will be held next Friday afternoon at the church-parlor.

The Country Woman's club will get with Mrs. Joseph Walkington her country home tomorrow afternoon.

The Country Woman's association will motor to Blue Lake Monday evening for a picnic.

## Weeping Willow Inspired This Eyelash Hat.

By BETTY BROWN.

Just look what Paris has done now. A French designer of chic chapeaux has picked up the Chinese idea of inspirations from nature! He went out and looked at a weeping willow tree—and came right in and created this "Eye-lash Hat" with the graceful, teatery droppings from the brim. The hat is of black satin, and the weeping wreaths of glycerated ostrich.

Wool-clip for 1919 to be \$5,000,000 pounds.

Government Man Says, Outlook Good For Year In The Gen State.

About 30,000,000 pounds of wool will be sold by sheep growers in Idaho this year, according to E. F. Rinehart of the department of agriculture who is in Twin Falls in the interests of the industry.

"While there is deficiency in the weight of the Idaho clip this year the quality is much better than usual. The wool has fat in it and will not shrink as much.

"The government's minimum price will be maintained until after this fall," said Mr. Rinehart. "The government price ranges from 28 to 41 cents, according to quality. Idaho is bringing between 46 and 48 cents."

As most of the wool in the Twin Falls section has already been disposed of it was decided by Mr. Rinehart and County Agent Bohrer to discontinue plans for the formation of a wool pool in this section. The two have visited a majority of the sheepmen of this section during the past

two days, finding but little inclination for a wool pool in this section.

The tendency toward farm flocks is growing in southern and central Idaho, declared Mr. Rinehart, but the farmer is using his flock more for mutton purposes rather than for the wool.

The forest reserves of southern Idaho are well filled with ranging sheep with the same condition obtain in Utah and New Mexico counties, in the north. There is still considerable forest reserve land open in Bonanza, Boundary, Kootenai, Shoshone and Benewah counties, according to Mr. Rinehart.

Mr. Rinehart will remain in this section several days.

SETS ANOTHER MOORE DATE

Another date for Fern Moore, poultry husbandman, was set yesterday by Mrs. Brown, home demonstration agent of the county farm bureau. Mr. Moore will be at the ranch home of Mrs. R. H. Churchill, north of Kimbilly, on the afternoon of Monday, May 12. Practically every other date during the time of Mr. Moore's visit here have been set tentatively by Mrs. Brown but necessitates have not yet been made by a majority of those who will have charge of the poultryman's meeting.

CHICAGO PREPARES TO ADOPT SOFT DRINK SCHEDULE

Exposition to be held to originate new nucleus for beverages for Public Consumption.

CHICAGO, April 19.—Hangers of the soft drink flood that is expected to follow prohibition next July were in evidence today.

William G. Legner, president of the Chicago Brewers' association, said brewing would stop here May 1, and all government regulations would be complied with.

Apparently the soft drink saloons that have arisen overnight in the barrens of smaller cities and towns where local option has been voted, will be the change many Chicagoans desire. Mr. Legner said after May 1 the manufacture of near beer would be taken up.

A beverage exposition is announced to be held here next November when many new drinks will be introduced to the public. It is said that foreign bartenders will demonstrate their ability at the affair.

Already the Chicago Federation of Labor has been notified of a soft drink clerks' union now forming.

## POGATELLO AGAIN IN RACE FOR BOUT

Frank Adams Expects to Hear From Rickards Today Asking Details to Come East.

Frank Adams, who is acting in cooperation with J. Hank Dandy of the Pocatello in an effort to bring the Dempsey-Willard fight to the gate city, last evening stated that the report received from the Associated Press that the Willard-Dempsey fight would have to be held in some other place than Cumberland, Maryland, again placed Pocatello in the running. Mr. Adams has dispatched a telegram to Tex Rickards, with whom he works, asking for some information regarding the Idaho delegation is ready to go east immediately to complete the arrangements for the contest.

In a telegram received yesterday by Mr. Adams from Rickards, the wording was such that the men behind the Pocatello bid took heart. The telegram said:

"Appreciate reply. Not ready to decide for a few days. Advise you to wait until then."

In his telegram to Mr. Rickards, Mr. Adams wired:

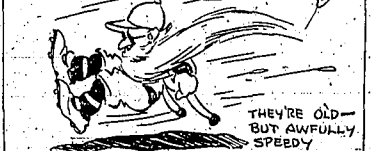

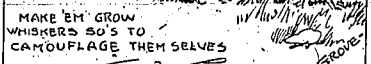

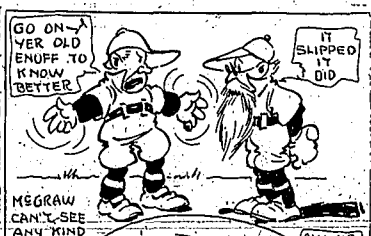

"Appreciate your consideration for Pocatello. This will mean much good for the west where you became famous. We await your call for the Idaho committee."

## CUMBERLAND MAY YET LOSE BIG PRIZEFIGHT

Governor of Maryland Refuses to Give His Approval to Proposed Contest.

By the Associated Press  
BALTIMORE, April 29.—Governor Harrison this evening turned down the petition of Mayor Keene and the chamber of commerce and other leading citizens of Cumberland for permission to hold the Willard-Dempsey fight in that city. The governor would not give the Cumberland people a guarantee of non-interference. He said he was not satisfied that the "love-contest" would not degenerate into a "prize fight" and that more than 12 rounds would be fought. Mayor Keene says he assured the governor that every precaution would be taken to prevent any trouble or disturbances at the bout, that it meant hundreds of thousands of dollars for the mining city, but the governor was unswerving. He was not affected or interfered with the twelve round bout that are fought weekly in Baltimore but he draws the line on a 25-round or a fight to a finish.

NEW YORK, April 29.—The Philadelphia Americans defeated New York in the second game of a series here today, 7 to 1. Johnson pitched a strong game for Philadelphia, holding the Yankees to six scattered hits, three the former Boston American seventh but before McGraw could reach the plate. He was taken out in the star, pitching his first game for New York since the time he had been rejected. Score: R. H. E. Philadelphia.....7 5 2 New York.....1 6 2 Batteries—Johnson and Perkins; Shure, Muzilge, Russell and Hucl.

## Boston Loses Its First

WASHINGTON, April 29.—Boston lost its first game of the season today, being defeated by Washington 4 to 2. Harper pitched a faultless game, allowing the world's champions only four scattered hits. Both of Boston's runs were due to errors by Javurin. Score: R. H. E. Boston.....2 4 2 Washington.....4 1 4 Batteries—Denneck, Dumont, Winn and Waiters; Harper and Pinlich.

## Bush Loses for Detroit.

DITHOIT, April 29.—Bunching hits in the fourth inning and taking advantage of Bush's error in the fifth after Johnson had hit safely, Chicago defeated Detroit today 3 to 2, making it two straight. Cjette allowed De, trout but one hit in the first six innings. Score: R. H. E. Chicago.....3 11 4 Detroit.....2 11 4 Batteries—Cicotte and Schalk; Emke, Kullio and Alsmith.

## St. Louis Wins—Cleveland One

ST. LOUIS, April 29.—Morton held St. Louis safe while his teammates bunched four of their six hits off Sotherton in the first and fourth innings, and Cleveland won 2 to 0. Score: R. H. E. Cleveland.....2 6 1 St. Louis.....0 6 0 Batteries—Morton and O'Kall; Sotherton, Lowdermilk and Sevedard.

WILSON SANCTIONS UTILITIES RETURN

Cables Go Back To Owners Friday Night—Telegraph Returns When Congress Approves.

By the Associated Press.—WASHINGTON, April 29.—Control and operation of all American cable systems, taken over by the government last November, will revert to their private owners at midnight Friday.

Postmaster General Burleson today issued an order providing for the return of the properties in accordance with his statement of yesterday announcing that he had made such a recommendation to the president.

The postmaster general in making public the formal order issued a statement reiterating his announcement of yesterday that the telephone and telegraph lines, taken over last July, would be returned as soon as legislation could be obtained from congress safeguarding the interests of the owners.

Government control of the cable lines has been exercised in the midst of controversy—a legal action—to restrain the postmaster general from seizing their lines having been filed in a New York federal court by the Commercial and Commercial Pacific Cable companies, who asserted that while the president proclamation taking over the lines was signed November 2, the actual seizure was made November 16, five days after the signing of the armistice when the companies contended no need for such action existed.

Arguments have been heard by the supreme court on the appeal and a decision is pending. Court officials indicated tonight that attorneys for the plaintiff companies might seek an agreement with the government to have the case dismissed.

Approval by the president of Postmaster General Burleson's recommendation that the telephone and telegraph lines be returned, was announced today at the White House. Arguments in the pending legal controversy before the supreme court to restrain the postmaster general from increasing interstate telephone and telegraph rates will be heard next Monday.

OBJECT TO HIGH RATES.—ATLANTA, Ga., April 29.—The Georgia railroad commission today recommended to Governor Hugh Borah that injunction proceedings be started to require the Southern Bell telephone company to reduce its rates on getting into effect increases in telephone rates recently authorized by the postmaster general.

REFUSES TO TALK.—NEW YORK, April 29.—Charles F. Sullivan, chief counsel for the Commercial Cable company and Commercial Pacific Cable company, declined tonight to discuss the report that in view of the order directing return of the cables to private control the companies might agree to dismantle the guide now pending in the United States supreme court seeking to invalidate the emergency control act.

FRANCO-AMERICAN BANKS JOIN IN GIANTIC ALLIANCE Will Assist One Another in Promoting Trade Between the Two Countries.

By the Associated Press.—NEW YORK, April 29.—An alliance of Franco-American banking institutions, comprising combined forces of banks from one and a quarter billion dollars, organized to promote trade between France and the United States, was disclosed through

the filing today at Albany, of Incorporation papers for the French-American Banking corporation. Half of the stock will be held by American interests and half by French.

The plan, its organizers say, means that here after American business men will be able to avail themselves of banking facilities in France as advantageous as Frenchmen themselves enjoy.

The French participation in the alliance in the Comptoir National d'Escompte de Paris, which takes half the capital stock. The American interests are the First National Bank of Boston and the National Bank of Commerce in New York, each holding one-fourth the capital stock.

The new corporation is capitalized at \$2,000,000 with a surplus of \$500,000, all paid in. Maurice Silver, American representative of the Comptoir National d'Escompte de Paris, will be president.

PREDICT GREATER PROSPERITY.—By the Associated Press.—ST. LOUIS, April 29.—The Chamber of Commerce of the United States, through a score of speakers and half as many committee reports today went on record as opposed to government ownership, but in favor of government control, denouncing manufacturers who seek to realize big profits, urged fair dealing and labor, and predicted a rainbow of greater prosperity at the end of the reconstruction period.

SHRAME OF U. S. TROOPS IS GOOD IN ARCHANGEL

WASHINGTON, April 29.—Brig. Gen. Willis E. Richardson, commander of the American forces in northern Russia, in an official report to the war department today said he had visited all the detachments in the Archangel region and had found the health and spirit of the men good. There was no apprehension at head-

quarters, he said, respecting the morale of the American forces. "Consider situation satisfactory, both from standpoint of co-operation with and military operations," the cablegram continued. "The high command is alert to the situation on the Dvina river but without anxiety."

Not a Bite of Breakfast Until You Drink Water. Says a glass of hot water and phosphate prevents illness and keeps us fit. Says a Glass of Hot Water and Phosphate Prevents Illness and Keeps Us Fit. Just as cool when it burns, leaves behind a certain amount of indigestible material in the form of scabs, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which is not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and poisonous poisons are formed and sucked into the blood. Men's noses which can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of lime-sulphate phosphate in it to wash out of the thirty feet of bowels the poisonous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh. Those who are subject to sick headache, dizziness, biliousness, constipation, others who wake up with bad taste, foul breath, headache, rheumatism, stiffness, or have a sour, easy stomach after meals, are urged to get a quart jar of lime-sulphate phosphate from the drug store, and begin practicing internal sanitation. This will cost but very little, but is sufficient to make anyone an enthusiast of the subject. Remember inside bathing is more important than outside bathing, he cause the skin pores do not absorb impurities into the blood, causing poor health, while the bowels' pores do. Just as soap and hot water cleans, softens and freshens the skin, so hot water and lime-sulphate phosphate act on the stomach, liver, kidneys and bowels.

# TWIN FALLS TO GET \$125,000 "Y" BUILDING

### Organization Is Completed For Campaign to Raise Funds For Building.

### HOPE TO SECURE THE MONEY IN 30 DAYS

### L. L. Breckenridge Named Chairman and Stewart Taylor Secretary of General Committee.

Definite action was taken last night to provide a Y. M. C. A. for Twin Falls.

Organization was perfected, committee named, tentative plans adopted for a building to cost \$125,000 and arrangements made to start the campaign for subscriptions immediately following the Victory loan drive.

The committee consists of fifteen men, all forward looking and aggressive men of the community.

L. L. Breckenridge is chairman and Stewart Taylor is secretary of the general committee. These will have charge of the details and under their guidance the work will be conducted.

It is the plan to make a hard drive and raise the necessary funds within the coming thirty days.

The meeting last night followed the arrival in Twin Falls yesterday of Messrs. Clark and Rhodes, both of the field force of the Y. M. C. A. organization. Mr. Rhodes will remain till the organization gets well under way. Mr. Clark will remain to the end of the campaign.

The bold drive, but recently completed, was under the direction of Mr. Clark, where his work stood out for its completeness and clearness. He showed there the wonderful executive and organizing ability which has given him his place in Y. M. C. A. circles.

The meeting last night was held in the Peavey abstract company offices, and was attended by about twenty-five of the business and professional

men of Twin Falls who are interested in the movement. The entire situation was canvassed and gone into with precise care, as a result of which it became clear that the deal could be put through and the organization perfected and the construction begun at an early date.

The matter of a site was not taken up, the plan being to defer action until the funds have been raised, when a committee will be named to select a site and purchase the ground for it. A number of sites have been considered from the beginning, but no preference has been indicated for any of them, and nothing will be done in this direction until the money for the undertaking has been made available.

The plans comprehend a modern Y. M. C. A. building, with club room, gymnasium equipment, reading room, and assembly hall. There will be accommodations for guests, the plan being to make this the leading center for the young men of the community.

For many years Twin Falls has been planning a Y. M. C. A., but it has not been feasible up till this time. Now the community has grown till the projectors of the enterprise believe they can put through the deal and they are undertaking it with full Twin Falls vigor and energy.

## INFERNAL MACHINE DESTROYS ROOM

### Wife of Former Senator and Servant Both Injured by Explosion of Bomb.

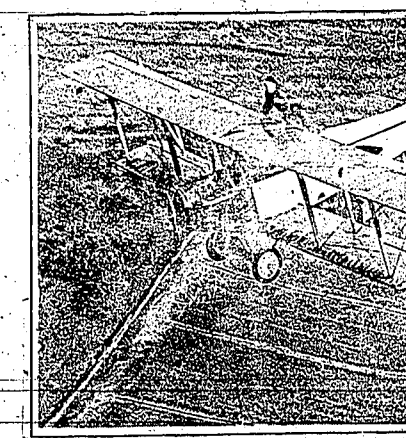

By the Associated Press.

ATLANTA, Ga., April 29.—Explosion of an infernal machine set through the mill to the home of former United States Senator Thomas W. Hardwick of Georgia, today resulted in the serious injury of Mrs. Maud P. Hardwick, wife of the ex-senator, and the maiming of her negro maid.

Former Senator Hardwick was not at his home when the infernal machine was delivered and Mrs. Hardwick expected her maid to open it. When the wrappings were removed, the machine exploded with terrific force. The maid's hands were blown off. Mrs. Hardwick was buried about the face and body and her upper lip was cut by a flying fragment. Furniture in the room was demolished.

Police believed tonight the machine was sent by the same person or persons who several days ago sent a sim-

ilar machine to Mayor Ole Hanson of Seattle. Both were sent in packages with wrappers bearing the return address of "Gibbel Brothers, 32nd and Broadway, New York, and both have the inscription "sample."

## BOMB IS ANALYZED

By the Associated Press. SEATTLE, Wash., April 29.—Ammonium nitrate, sodium traces of sulphuric acid and a substance used as a binder which has not yet been determined were contained in the bomb received at Mayor Ole Hanson's office through the mails yesterday, according to analysts made late today by Wendell Vincent, local chief of the bureau of chemistry, United States department of agriculture. Fuller examination of the bomb will be made tomorrow.

## PUBLIC WILL AWAKEN

By the Associated Press. COLORADO SPRINGS, Colo., April 29.—"Very probably the miscreants who are sending out these bombs will kill a few secretaries. However, they haven't registered much damage yet," declared Mayor Ole Hanson of Seattle, when shown the Associated Press report of the bomb outrage at Atlanta, Ga. He said he had no thought that the infernal machine had anything to do with the bomb, but that the country probably would meet some kind of a shock before awakening to the gravity of the Bolshevik menace. Mr. Hanson spoke here tonight at a Victory loan meeting.

## FILER CASTS VOTES FOR HIGHWAY BONDS

Gives 249 Votes for \$500,000 Issue With Only Two Against—Co-operative With Twin Falls.

With only two negative votes out of 251 cast the Filer highway district yesterday elected \$500,000 as the amount of funds to be spent in the section on highways during the coming two years.

The Filer district which was organized but a short time ago will immediately call for half of the bonds authorized yesterday while plans will be made immediately for the commencement of the preliminary work.

It is the plan of the Filer district to work in cooperation with the Twin Falls district in the crushing of rock in the Twin Falls belt, to be done by its own work. W. L. Johnson, highway engineer, in company with J. C. Kabaugh, expert quarryman, visited the Filer district board yesterday and discussed such a proposition.

The first actual building of roads in the Twin Falls district will commence in about 60 days, according to Mr. Johnson.

The first contract will probably be let on June 1 and it will take 30 days for the successful contractor to assemble machinery here to do the grading. It will be about 90 days before machinery can be assembled for rock crushing, but as soon as this work commences the work of hard surface building can be started.

## ALLAS SUMMONS

In the District Court of the Fourth Judicial District of the State of Idaho, in and for the county of Twin Falls.

Lillian May Kenner, plaintiff, vs. Perry L. Kenner, defendant. The State of Idaho sends greetings to Perry L. Kenner, the above named defendant.

You are hereby notified that a complaint has been filed against you in the District Court of the Fourth Judicial District of the State of Idaho, in and for the county of Twin Falls, by the above named plaintiff, and you are hereby directed to appear and answer the said complaint within ten days of the service of this summons if served within said Judicial District, and within forty days, if served elsewhere; and you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed in said complaint.

The said action is brought for the purpose of obtaining a decree dissolving the bonds of matrimony between plaintiff and defendant, and awarding the custody of a minor child, and restoring plaintiff to her maiden name, upon the ground that defendant has willfully neglected to provide for plaintiff within the ability of the defendant, as more fully appears from the verified complaint of the plaintiff on file herein.

## BOTTOM DROPS FROM MARKETS CORN AND PORK

### Price of Corn Shrinks 11 1-2 Cents in a Sudden Flash.

## BACON DROPS FULL CENT PER POUND

### Action Results From Threat of President Grain Corporation to Invite Imports.

By the Associated Press. CHICAGO, April 29.—Julius H. Barnes, president of the grain corporation, today threatened to import an assault on high prices today which was promptly reflected on the board of trade in a maximum decline of 11 1-2 cents in the price of corn.

Of possibly more interest to the housewife was the slump in the pigmeat market. Pork dropped an extreme \$1.80 per barrel, while short rib sides, known to the breakfast table as bacon, declined a maximum of \$1 per hundredweight as compared with the close of yesterday.

Mr. Barnes' assault came in the form of a bulletin of announcement to the trade. It abounded in technicalities, but its purport was plain, to-wit: that the speculative tendency in white flour must stop.

As an earnest of his intentions the president of the grain corporation announced that the corporation would cease buying flour for export (except first clears and victory mixed flours) and that also it would recall at such important centers as New York, Baltimore and Philadelphia flour previously bought for export. He named the price as "\$11.50 June per barrel."

Makes Position Plain. The technical portions of the bulletin dealt with instructions to the miller and grain men generally, but the explanation of his action was plain to all.

"The purpose of this," said the bulletin, "is to stop the speculative fever in flour before it becomes necessary to take off all import restrictions on foreign wheat and flour, for there is plenty of American wheat and flour if this speculative tendency is checked."

Mr. Barnes' threat, the trade readily instantly has caught it and that Canadian granaries and elevators are fairly bursting with wheat at the doors of the United States, not to mention the vast stores in Australia and Argentina.

It is explained that the Canadian supply has been comparatively little imported by the export sales for the reason, it is said, that Canada is not at present in position to extend the same credit to Europe that the United States is. Also it has been noted that of the United States by the restrictions of the government which is not unkindly of the record-breaking domestic crop in prospect.

Effect Shows in Market. The government long ago as a war

measure, eliminated wheat from the speculative arena, but the fortune of wheat are proportionately the fortunes of corn, oats and provisions also, and these statistics showed the effect of the pronouncements.

Prior to the bulletin the corn market had been woefully and off a few cents for a variety of reasons, including increased receipts and lower quotations for live hogs. These were small buyers in the market on small margins. They were sold out wholesale when the real break came in the afternoon. Prices dropped like a plummet and were near the bottom when the closing gong sounded. Even direct spot and futures were raised offering July corn at 7 1/2 of a cent under the official close, which was \$1.53 3/4 to \$1.54. 1-4.

BAKERS' MARK STATEMENT. NEW YORK, April 29.—Commitment on his notice "that government purchase of 'white' flour for export would be discontinued, with a view to stopping" speculation "Julius H. Barnes, national wheat director, announced through the food administration grain corporation today that the speculative tendency threatened, unless checked, to cause flour prices above their proper reflection of a local resale price of wheat."

Under the government resale rates, the hitherto said, legitimate milling was protected for their return. Since that was in the hands of American millers, or directly by them, it continued, eighty to ninety million bushels of wheat, only part of which probably was directed to flour users, the present sharp advances in flour prices were "fully warranted."

If they were continued, the announcement asserted, import restrictions would be relaxed to permit foreign wheat and flour to enter.

Today's warning to speculators was the second issued by Mr. Barnes' office this month.

## FLOUR PRICES NOT JUSTIFIED

ST. LOUIS, April 29.—Commenting on the tremendous price advancement that took place on the Chicago board of trade today, Julius H. Barnes, federal wheat director, tonight issued the following statement to the press: "The government will discontinue, until further announcement, export purchases of wheat as a preventative of speculative hoarding."

Mr. Barnes, who arrived tonight to attend the United States Chamber of Commerce convention, declined to discuss the corn situation, saying that branch of the administration was not under his jurisdiction.

"The steady advance in the market price of flour is not in accordance with actual or impending, as yet, harvest have been carefully preserved for the demands of the country.

"The mills are grinding 11,000,000 bushels of flour weekly, while our domestic production does not exceed 8,000,000 bushels. It is therefore a simple problem to effect any speculative hoarding of flour, to discontinue export purchases."

"The grain corporation fortunately is supplied with the greatest stock of flour to carry out its obligations, including the large relief program abroad; and is able to and will discontinue wheat flour purchases for export as long as domestic prices make this desirable."

## BUILDING PERMITS TOTAL \$36,125 FOR THE MONTH

Building permits granted for the month of April up until 5 o'clock this evening totaled \$36,125. While this is not a record month it is comparatively high. The most costly structure to be built will cost \$5,500 while there are several others costing from \$3,000 to \$1,500 among those listed during the month.

## BUILDING LOTS

We have a splendid list of fine building lots in the most desirable parts of town. We have spent a great deal of time and trouble in securing these building sites and are giving you a wide range of prices and locations. Many of these can be had at much less than their real value. Let us show you.
