

TWIN FALLS CHRONICLE

VOLUME IX, NUMBER 34

TWIN FALLS, IDAHO, TUESDAY MORNING, MAY 6, 1919

PRICE FIVE CENTS

RATES CASES BEING HEARD IN U.S. COURT

Power to Regulate Intra-state Business Is Denied By States.

SUPREME COURT IS HEARING ARGUMENT

Attorneys of Many States Appear in Opposition to Increases Imposed By Bureaus.

By the Associated Press. WASHINGTON, May 5.—Authority of the director general of railroads and the postmaster general to increase intra-state railroad, telegraph and telephone rates throughout the country was argued today in the supreme court in connection with appeals from proceedings originating in several states. Hearing on the railroad case was finished but arguments in the wire rate cases will not be concluded until tomorrow.

The appeal in the railroad case came from North Dakota, while the telegraph and telephone rate cases arose from proceedings in South Dakota, Kansas, Massachusetts and Illinois.

Other States Enter Briefs as amici curiae were filed in the two cases on behalf of the National Association of Railroad and Public Utility Commissioners—representing about 25 states and separately by the states of Pennsylvania, Ohio and Wisconsin, the city of Detroit and the Protective Telephone association, of Baltimore.

The proceedings attracted wide attention and attorney generals from many states were in the courtroom. Arguments for the railroad administration were made in the railroad case by John Barton Payne and Charles Connely, while Frank T. Packard, of Blainville, N. D., and W. T. Tanner of Olympia, Wash., former attorney general of Washington, appeared for the North Dakota cases. In the telephone cases arguments were opened by Solicitor General King, who was followed by W. H. Hitchcock of Boston, assistant attorney general of Massachusetts.

Police Powers Violated

Arguments in both cases today centered principally upon the contention of the states that the government's action in fixing intra-state rates was an interference with the state police power. Solicitor General King and Mr. Payne denied this, asserting that the railroad control act as well as the joint resolution by which the government took over supervisions of the wires clearly gave the president this authority.

The solicitor general argued that in increasing telephone and telegraph rates, the postmaster general was acting on behalf of the public as the corporations which own the wires through government control have no right to operate them and acted solely as the government's agents.

Says States Interfere

He accused the states bringing the proceedings with attempting to interfere with government operation of these facilities, and asked for the dissolution of the wire cases on the ground that they were solely brought against the government without its consent.

Mr. Hitchcock argued that the police powers provided for in the wire regulation applied to the states in a definite sense as congress intended to include the right of the states to regulate intra-state rates. He accused the postmaster general of exceeding his powers in interfering with telephone rates and with unlawfully invading state powers. The Massachusetts attorney general denied that the states were attempting to interfere with the government's operation of the telephone system.

PHONE GIRLS GET INCREASE

By the Associated Press. ST. LOUIS, May 5.—An increase in wages of telephone operators here was granted today by the Southwestern Bell company. The company's employes here for two years receive an increase of \$1 a week, and those more recently employed \$1. This new scale is retroactive to May 1.

DUTCH MINISTER DEAD.

PARIS, May 5.—(Havas).—Dr. A. L. E. De Stuyt, Dutch minister at Paris since 1885, died today. He was 78 years old.

BOLSHEVIK RIOTS IN CLEVELAND

Here is the first picture of the May 5 riot, in which 2000 parading soldiers were routed by police, soldiers—just five days after the troubles in the Ohio City. This is one of the 15 socialist leaders were arrested. Note the superiority of The Chronicle's falling figure in the foreground of the riot at Public Square, Cleveland, the detective in the light raincoat.

A SIX MONTHS' RECORD IN TWIN FALLS

Six months ago last evening the present publisher of The Chronicle entered the newspaper field in Twin Falls.

Then The Chronicle was a weekly newspaper in a daily field; its circulation was naturally small; its potential strength not great. As there was then a government regulation preventing the establishment of new newspapers, The Chronicle was bought in order to enter the field and be prepared to increase the frequency of publication at the end of the war.

NOW

The Chronicle is the only morning newspaper in the Twin Falls country; it goes out the MORNING it is published on every rural route from Burley to Buhl; it covers Minidoka, Cassia, Jerome and Twin Falls counties like a blanket. Its circulation has grown steadily since the first day of its increased frequency of issue when it took on The Associated Press leased wire service. That circulation NOW EXCEEDS TWO THOUSAND COPIES PER DAY.

IN THE FUTURE.

This growth will continue. If the present rate of increase is maintained—and it assuredly will be—The Chronicle circulation by the end of the present month will be MORE THAN THREE THOUSAND COPIES PER DAY.

These things are not said boastfully, but in a spirit of really pardonable pride. The Twin Falls country is entitled to the best in newspaper service. That best in the newspaper field is the MORNING NEWSPAPER WITH LEASED WIRE ASSOCIATED PRESS SERVICE.

The public appreciates this fact, and because it wants the big news of the tract and of the outside world the day it is printed, The Chronicle list has grown steadily and gratifyingly. And it will continue to grow.

The Chronicle has NO RIVAL in its field. There is but ONE morning newspaper in the Twin Falls country.

Thirty Projects, Says Mondell, to Cost \$350,000,000

By the Associated Press. WASHINGTON, May 5.—A land reclamation program to include at least thirty projects in various parts of the country for the settlement of returning soldiers and sailors was advocated by Representative Mondell of Wyoming, Republican leader in the next house, in an address before a reconstruction conference convened here today under the auspices of the national American Woman Suffrage association.

"Assuming an ultimate outlay for each of these projects of \$10,000,000," Representative Mondell, of twelve million dollars, we would be facing an expenditure of \$350,000,000 through a period of development probably extending over three years. In my opinion complete development of considerable size should be reclaimed with a view of carrying out a community plan of development."

Secretary Lane also addressed the conference and reviewed his proposed reclamation plan with central settlements to be developed in each project.

ORLANDO AND BONNINO ON WAY TO PARIS

French and American Ambassadors Smooth Out Difficulties.

ITALY TO GET FIUME, IS A LONDON REPORT

Representatives of Press to Be Admitted to Sessions. As Result of Wilson's Efforts.

By the Associated Press. ROME, May 5.—Premier Orlando and Foreign Minister Sonnino—of Italy started for Paris today.

DECISION SPONTANEOUS

PARIS, May 5.—The decision of Premier Orlando and Foreign Minister Sonnino to return to Paris was taken spontaneously after conferences in Rome during the last few days, according to the Temps. The council of chiefs did not reply to the telegram received from Baron Sonnino on Saturday.

ITALY WILL GET FIUME

LONDON, May 5.—According to a dispatch to the Exchange Telegraph from Paris the question regarding Fiume has been settled in full agreement with the Italian government on the basis that Fiume shall remain an autonomous port for two years, when it will be assigned to Italy.

ADMIT NEWSPAPER MEN

VERSAILLES, May 5.—President Wilson and Premier Clemenceau and Lloyd George visited the Peace conference for the ceremony of handing over the peace treaty to the Germans.

WILSON AIDS PAPERS

PARIS, May 5.—The visit of President Wilson to Versailles this afternoon was inspired, it is understood, by his desire to assist the newspaper correspondents to the ceremony. His desire had met with opposition, one of the grounds being lack of room. The council of three hereafter decided to look over the situation.

TOSS BABIES FROM BURNING BUILDING INTO NETS BELOW

By the Associated Press. COLUMBUS, O., May 5.—Between seven and ten persons perished, and dozens others are in hospitals in a perilous condition and a score more were badly hurt in a spectacular fire in an apartment building in the heart of downtown Columbus at midnight today.

As organized by the late Mayor Willard B. Bright and Colonel Henry D. Lindley, said General Pershing, "the war risk" section is the greatest single war relief organization ever instituted in any army, and has worked untold benefits to our soldiers and their dependents at home."

RED HORRORS DISCLOSED IN RETAKEN LAND

Wholesale Murder, Robbery and Persecution Frequent in Russia.

PRISONERS ARE MADE OF BOLSHEVIK GRAVES

Bodies of Executed Army Found in Court Yard After Bolsheviki Scurry Away.

By the Associated Press. BILIBIHI, Province of Orenburg, Russia, Monday, April 21.—The story of Bolsheviki rule, unfolded by the occupation by the Siberian army of a large section of territory, discloses wholesale murder, robbery and persecution. Investigation by The Associated Press shows not a single instance of constructive work.

In the district of Ufa, Bielobok and Biulobok hundreds of citizens have disappeared. The fate of seven hostages from Ufa, including Count Peter Tolstoy, member of the first imperial dynasty and several engineers, is not known.

The widow of a prominent physician of Buglino, who had been in jail for five weeks charged with political activity, related that groups of prisoners were taken before an inquiry commission at intervals and from each group about 200 of the best numbers were condemned to death, among them a priest and local government officials. Prisoners were sent to the cemetery to dig graves for those who were executed.

The hurried flight from Ufa of the Bolsheviki forces necessitated the leaving of the bodies of many of their victims in the court yard of the commission headquarters.

Ufa has enjoyed some measure of freedom because it has, representatives in the Moscow government. Nevertheless churches have been desecrated and a strain of terror maintained. Three women were shot for expressing satisfaction over the prospective departure of the Bolsheviki forces from the city, which was caused by friendship for Czechs.

Millionth Man to Embark for Home Next Week

Secretary Baker Returns From War Zone Embarked for American Army.

NEW YORK, May 5.—The one millionth man of the American expeditionary force will embark for home today on the secretary of War Baker said today on his arrival from aboard the transport George Washington. The homeward movement of troops, Mr. Baker said, is progressing in a most satisfactory manner, and he added that the 300,000-months' march would be reached in June.

Secretary Baker left here April 29, accompanied by Warren Pershing, General Pershing's only son. He visited various points in France where American troops are quartered, going also to the German lines where he visited the front lines. Secretary Baker said: "The American army abroad is in splendid condition. The third army which I inspected on the German frontier," beyond doubt the best equipped army in the world. Everything that an army should be, in all its departments.

"The men are anxious to get home and we are moving them as rapidly as possible. I expect to see the 300,000 men in the next few days and the one millionth man will be back for home next week."

Secretary Baker said he visited but one embarkation camp—that at Brest. "Its condition is simply ideal," he asserted, "and you can get the same expression from any camp on the front. I did not see any of the others, but am informed that the same good condition prevails at all."

CONNECTICUT BURNING MEN

NEWPORT NEWS, May 5.—The battleship Connecticut, brought additional units of the first process in America and six capital companies of marines and four hundred soldiers returned here tonight from France. The troops will embark tomorrow.

Society INTERPAGE Fashions

Among the many lovely affairs that have been given for Mr. Lengley, who is soon to leave for Minneapolis...

Fragrant lilac blossoms and the gorgeous hued tulips were the flowers used in artistic profusion throughout the house...

The Shamrock club will hold a meeting at the home of Mrs. J. C. Corbett Thursday afternoon.

Miss Phoebe Bowen was hostess at a charming six o'clock dinner last Sunday evening.

The guest list included, Misses Ruth Wright, Gladys Smith, Lunetta Smith, Sidney Hooper, Esther Campbell, Jo Arnold, Fritz Arnold, Elsworth Armstrong, Roy Smith, Ralph Brown and La Grande Jones.

Mr. and Mrs. W. C. Nuzum had as dinner guests last Sunday Miss Anna Hawkins of Plover and John Cochran of Twin Falls.

The Salmon Social club will hold their next meeting at the home of Mrs. John Thielton Thursday, May 16.

The Business Women's association intended to give a luncheon for a picnic at the picnic grounds and the evening was spent with music.

Miss June Morgan was hostess at a dinner party last evening. The first part of the evening was spent in a line party ending at the Morgan home for a dance.

Court News

SPHERE COST \$2.50 T. J. Perkins and William Colbran, arrested Saturday morning on charges of being drunk and disorderly were yesterday fined \$2.50 each by Acting Judge Duvall.

BRIGGS VS. FINKLE HEARD The case of H. L. Briggs against John Finkle was heard in the probate court yesterday. Judge Duvall took the matter under advisement.

FIVE CHARGES AGAINST MEX. Prosecuting Attorney Frank Stebbins yesterday afternoon filed a felony charge of second degree burglary against Joe Gomez, a Mexican, who was caught with a suit of clothes he is said to have taken from the Idaho department store.

EDD HOPPE BOY Ralph Hoppe, who ran away from home several days ago, was caught Sunday in the basin near Rogerson. He was brought to Twin Falls yesterday.

COURT TERM ADJOURNED Judge Babcock adjourned the court term that was to have convened yesterday until May 24. A heavy train at Rupert was the cause.

RABBIT URGE WILSON TO HELP SAVE JEWISH PEOPLE By the Associated Press. NEW YORK, May 6.—A resolution asking President Wilson to use his offices in attempting to prevent further massacres of Jews in the Crimea, Poland, Rumania and Poland, was adopted at the annual conference of the Union Orthodox Rabbis of the United States and Canada which opened here today.

NEIGHBORHOOD TALK. Smith, I have heard so much about your new farm home that I just had to come right over and see it. Well, Jones, we certainly are a little proud

Says Women Design Best War Memorials

Mrs. Lucella Wright, woman sculptor, with the bust of a soldier she has designed for a war memorial.

CLEVELAND, O.—"Why should not the women artists of the nation be recognized when our cities begin to design and erect their war memorials? This point has been raised by one of the most successful of American women sculptors, Mrs. Lucella Wright Serrao, a Cleveland artist of international reputation.

"Our Civil War Memorials," said Mrs. Serrao, "were in many cases, little better than elaborations of the tombstone school of sculpture with the addition of a few pyramids of cannon ball. Today the public has come to appreciate art much more keenly, and it is the duty of the municipalities which are planning memorials to the boys who fought in this war to lend instead of following public taste.

"A scheme has already been inaugurated in some art circles by which the women of the country—as the members of the race, most poignantly affected by war's horrors—would be chosen to design some of the war memorials. This would include memorial building plans by women architects, and monumental figures modeled by women sculptors.

ing Misses Doris and Beatrice Cox, leaves tomorrow for Idaho Falls to spend a few days with friends before returning to her home in Seattle.

RETURNS FROM SALT LAKE. J. Dunn returned Sunday from Salt Lake City where he has been for the past few days on business.

TO MEET DAUGHTER. Mrs. E. J. Ostrander is leaving the city tomorrow for Chicago where she will meet Miss DeGree, who has been in the Y. M. C. A. work for the past few months. From there they will go to Wellesley college for commencement week.

HERE ON SHORT TRIP. Mr. and Mrs. Schaft of Buhi were in Twin Falls yesterday on a short business trip.

NOTOR TO CALIFORNIA. T. Cooper started last Sunday on a motor trip to California where he will meet Mrs. Cooper who left a few weeks ago for Los Angeles.

VISITORS FROM JEROME. Among the out of town visitors last week-end were Mrs. Rogers, Miss Hinehart, Miss Carrie Rowson and Miss Wheeler of Jerome.

ARE BACK FROM HOISE. Mrs. Nellie Nye and daughters, Helen and Louise, and Gale Elkiberry returned yesterday from Boise

where they have been visiting for the past few days.

GOES TO SAN FRANCISCO. Arthur Pavey left for a short business trip to San Francisco.

HOUSE GUEST OF DAUGHTER. Miss R. H. Turner of Ontario, Oregon, who has been the house guest of her daughter, Mrs. Bert Alexander, returned to her home Sunday evening.

SPEND WEEK-END HERE. George Pfeiffer and Lawrence Kill of Plover were in Twin Falls during the week-end.

HOLLISTER VISITOR SHOPS HERE. Miss Nina Hazard, of Hollister, was in Twin Falls Monday shopping.

HERE ON SHOPPING TOUR. Miss Jennie Postler, of Hollister, was in Twin Falls Monday shopping.

VISITS WITH DAUGHTER. Mrs. Gullott of Hollister was in Twin Falls yesterday visiting her daughter, Mrs. Danna, at the Perrino hotel.

BUILT MATHION VISITOR. Mrs. Goodspeed of Buhi arrived in Twin Falls yesterday on a short shopping trip.

SPENDS SUNDAY IN BUHI. Mrs. O. A. Nelson of Twin Falls spent Sunday in Buhi with friends.

Chronicle Want Ads always bring results.

Farming

PHEN MOORE HERE TODAY. Iren Moore, poultry husbandman, will arrive here today to commence a month's work among the poultry raisers of the county.

Mr. Moore will spend this week with the boys and girls' poultry clubs. He will hold an evening meeting at Myraugh Wednesday evening. In the afternoon he will be at the home of Mrs. Moore, who will have a club meeting on Thursday, holding a meeting from 10:30 until 12 white in the afternoon. He will visit the yards of several of the Buhi poultry club members.

On Friday morning he will be at Mountain View.

TRUSTS FOR PRIZE FIGHT. C. O. Markel, secretary of the Twin Falls County Fair association, has written to Miss Hannah Spence, county boys and girls club leader, asking information concerning the number of club members owning pure-bred Duroc-Jersey swine.

He states that the National association of this breed of pigs will offer several prizes at the coming fair, and that arrangements will be made for the boys and girls if sufficient number enter. He suggested that there should be at least 10 entered. Miss Spence stated that there are that many raising this class of stock and that the club members would undoubtedly be pleased to enter in competition for any prizes that are offered.

YOUNGSTERS MAKE BARROWS. Members of the high school manual training class have made several barrows and wash-benches to the articles being made for members of the farm bureau. The classes have already disposed of a large number of the articles made by them. The boys are now specializing in trap-nets.

CALLS ON FARM BUREAU. Among those calling on the farm bureau yesterday for aid in securing farm help were C. B. Shaft of Buhi, Henry Colanagy of Buhi and W. B. Sibert of Plover.

PEARS LADDER SHORTAGE. "Oppitury to all expectations there is a probability that the Twin Falls section will again face a farm ladder shortage," declared County Agent Bohrer yesterday. "This is in spite of the fact that more men are coming in here from outside points than ever before. The demand which has just about equalled the supply in the past few weeks is now exceeding the men available for work. Wages being paid men on the farms now are in excess of that recommended by the farm bureau.

WATER SUPPLY AMPLE. The water supply on the Salmon tract this coming year will be ample, according to J. C. Porterfield, water master. While the amount of water in the Salmon dam is less than last year, by seven feet, an increase is rapidly being made and it is anticipated by Mr. Porterfield that by the last of the month the runoff will exceed that of last year.

ONE OF THE BEST STORIES OF THE WAR IS OF A VOID There is a lot of human interest in a story of an automobile which comes from France; a story told by boys of the mechanical department of the mechanical Joan of Arc, as they call their battered Ford car.

The affection the boys showed for the demobilized machine is but natural to men when threats were hurled, when we learn that it carried water

Frock for Many Uses

By BETTY BROWN. What every woman wants—is a smart looking frock which will be suitable for many occasions—for the semi-formal afternoon and evening affairs which often the summer months. Here is one specially designed for you.

What every woman wants—is a smart looking frock which will be suitable for many occasions—for the semi-formal afternoon and evening affairs which often the summer months. Here is one specially designed for you, a bloused gown of blue satin combined with georgette crepe of the same shade and touched with ornamental trimmings.

A terrific coat together on the drab blue satin hat adds a note of distinction to them when they were hungry and unable to abandon the streets fighting and ammunition at the crisis which enabled the boys to make their great captures and their magnificent showing.

Do you ever read advertisements of course you do. Turn to the page advertisement in this issue which will give you the details of this old Ford. The story is told by men in the service. And it is one of the best stories of the war.

PIN HARVEST WAGE SCALE. HUCHEMSON, Idaho, May 6.—Wheat growers from thirty-five western counties today adopted a harvest wage schedule of 50 cents an hour for a ten-hour day with extra pay for overtime. This wage applies to shepers, bargemen, pitchers and helpers.

"The Reason Why—"

I bank here," said one of our commercial patrons, "is because I can always depend upon getting individualized service—Service that will meet my particular needs—Service which will take care of the particular situation involved—in an intelligent practical and helpful manner." The same thought has been expressed by many other progressive business men who bank through this Institution. We invite Commercial Accounts.

HERE TO VISIT IN IDAHO FALLS. Miss Ruth Wright, who has been in Twin Falls the past few weeks visit-

The Ever Dependable "Ford"

During the bitter fighting in September, 1918, when the United States Marines took the heart out of the Prussian Guards, and in fact, out of the whole German army, and during the wicked fighting at Belleau Woods and vicinity, some twenty Marines captured the little French village of Bouresches. Scarce 200 yards beyond lay the German trenches. As the Germans were driven from the village of Bouresches, their artillery dropped a fierce barrage behind the village to make impossible reinforcements being sent to our soldier boys. Our boys fought until their ammunition was exhausted, their food was gone, and they had no water, and still they held the village, and still the barrage fell around them, when suddenly out of the hell of fire of the barrage a truck broke through bringing water, food and munitions. Upon receiving this, our American "war dogs" proceeded to drive the Germans out of the trenches.

It seems to have fallen to a certain American Motor Car Company that here was an opportunity to do some advertising, and so it ran a full page advertisement in the newspapers recounting the above facts, and then inserted the following line:

"It was a _____ truck that did this glorious work."

Everybody was glad and rejoiced that American industry came in just at the right time to endorse American courage and heroism.

A manufacturer of another motor truck doubted the statement, and wrote the War Department asking if it wasn't one of their trucks that should have received the glory, and was informed by the War Department that neither their truck or the truck mentioned in the advertisement was entitled to the glory, but that it was a "Ford" truck that showed up just at that particular time. The latter manufacturer advised us of these facts, and we wrote the War Department, and the attached correspondence speaks for itself.

FORD MOTOR COMPANY.

<p>Sir:</p> <p>Receipt is acknowledged of your letter of the 11th inst., and in reply the Major General Commandant directs me to inform you that the truck mentioned in your letter was a Ford truck.</p> <p>There are enclosed for your information an extract from a letter from Major Frank E. Evans, U. S. M. C., Adjutant of the 6th Regiment of Marines, A. E. F., and a copy of a poem by Wallace Irwin entitled "Elizabeth Ford."</p> <p style="text-align: right;">Very respectfully,</p> <p style="text-align: right;">J. D. BRADY, 1st Lieut., A. A. & I. M. C. R.</p> <p>Mr. C. A. Brownell, Manager of Advertising, Ford Motor Company, Detroit, Mich.</p>	<p>Headquarters U. S. Marine Corps, Washington, February 15, 1919.</p>
---	--

Extract from letter from Major Frank E. Evans, U. S. M. C., Adjutant, Sixth Regiment, U. S. Marines, A. E. F.:

MARINE FORD HISTORICAL

"Elizabeth Ford, as the regiment knows her, has a unique career. Not only in Quantice, where I drove her, but in Bordeaux, and later up in our training area, she carried everything from sick men to hard tack. Then we had two months in the trenches near Verdun, and at the end it seemed as though she would have to go to the scrap heap. Her top was entirely gone and we made a mail wagon of her. In some way the men, who have an affection for her that you can hardly comprehend, patched her together and we brought her down to our first billets. A week later we had to go to another area, forty kilometers north of Paris, and in the long trip the Elizabeth Ford sailed along without mishap and was the talk of the division.

"Then we came up here and she rose to the heights of her service and her record. The night we took Bouresches with twenty odd men, and news came through that others had flittered in and the town was ours, we shot out a truck load of ammunition over the road. The road was under heavy shell and machine gun fire. Later in the night we sent the Ford out with rations. For the next five days she made that trip night and day, and for one period ran almost every hour for thirty-six hours. She not only carried ammunition out to the men who were less than 200 yards from the Boche, but rations and pyrotechnics; and then to the battalion on the left of the road, in those evil Belleau Woods, she carried the same, and water, which was scarce there. For these trips she had to stop on the road and the stores were then carried by hand into the ravine. I saw her just after her first trip and counted twelve holes made by machine gun bullets and shrapnel.

A JOAN OF ARC MACHINE

"At one time the driver, Private Fleitz, and his two understudies, Haller and Bonneville, had to stop to make minor repairs, and another time, when they had a blowout, how she and the men escaped being annihilated is a mystery. The last time I saw her she was resting against a stone wall in the little square of Lucy-le-Bocage, a shell wrecked town, and she was the most battered object in the town. One tire had been shot off, another wheel hit, her radiator hit, and there were not less than forty hits on her. We are trying every possible way to find new parts and make a new Ford of her. She is our Joan of Arc and if it takes six old cars to make her run again, we'll get those six and rob them."

GIANT PLANES WILL HOP OFF THIS MORNING

Fire Not Permitted to Delay Start On First Leg.

DAMAGED NC-1 MAY BE LATE STARTING

Expect to Be In Air At Daybreak On Run For the New Foundland Base.

NEW YORK, May 5.—A score of naval aviators—youth in the twenties and early thirties, yet experts in flying, navigation and motor mechanics—were ready tonight for a start soon after daybreak tomorrow in their attempt to drive three transatlantic "bombs" of the American navy across the Atlantic.

With favorable weather officially predicted, both in the vicinity of the home station at "Hobbs" Point, Hong Kong, and along the coast of New Foundland, terminals of the journey's first leg, the aviators expected to launch at least two and possibly all of the three planes scheduled to make the cruise.

Fire Delays Action. The NC-1 which started when they were destroyed early today in a fire which also slightly damaged the NC-4, was nearly fit for flight again when darkness fell on a small array of mechanics who had worked on the craft for more than 18 hours. The NC-4 had been completely repaired by mid-afternoon.

There was a possibility that the NC-1 might be delayed in her "jump-off" a few hours, or even a day or more, if necessary of unexpected adjustment of the new wing of the NC-1 at the last moment, but the NC-3 and NC-4 were scheduled to take the air sometime between dawn and 7 a. m. May Follow Later.

Should the NC-1 be delayed, Commander John H. Towers, chief of the expedition or, if they should follow the other two craft to Trappasay Bay in the ample time for the "big jump" to the Azores scheduled for about the middle of May.

Commander Towers declared that the navy and civilian mechanics had done "wonderful work" in repairing the damaged NC-1 for the flight. The fire started at 2:10 o'clock this morning when an overloaded electric pump which was employing her full of blizz water, ignited a can of oil nearby. The flames rose to a height of 100 feet and filled at the time and the flames spread quickly to several barrels of kerosene on the floor.

Within twenty minutes of the accident the repair crews were at work. Scaffolding was erected and the original standard wings of the NC-1—the craft had been fitted with the NC-2's wings after her own had been damaged in a windstorm—were attached.

Crews Remain on Ground

The trans-oceanic crews remained on the ground today, and their craft were not taken out of the hangars. Commander Towers and his assistants bade farewell to their families late in the day. They planned to rise at daylight for the cruise to Halifax, the overnight halting place scheduled on the way to New Foundland.

Commander Towers will head the crew—that of the NC-3—Lieutenant Commander A. C. Reed, will direct the flight of the NC-4 and Lieutenant Commander F. N. L. Bellinger the NC-1. In addition to the commanders, each of the planes—the craft of 128 foot span, with a maximum of 1,000 horsepower—will carry a navigator, two pilots and a radio officer. A reserve pilot will board each for the cruise to New Foundland. In addition, Lieutenant Commander Reed will go to Trappasay

as a passenger on the NC-3, and Chief Machinist Mate Roads on the NC-4.

DESTROYERS ARE PLACED TRAPPASAY, N. F., May 5.—The navy today began paying its chain of destroyers for the inter-continental flight—six destroyers, which arrived here yesterday for supplies, left today for their stations on the course to the Azores. The destroyer Roper, the seventh craft, was delayed in refueling and will leave at daybreak tomorrow.

CHICAGO COUNCIL OBJECTS TO I. W. W.

Mayor and Chief Advised In Resolutions That Wobblies Convention Be Not Wanted.

By the Associated Press. CHICAGO, May 5.—The city council indirectly told Mayor Thompson and Chief of Police Garrity by unanimous resolution today that it did not want the I. W. W. national convention, which opened today.

While not directing the police specifically to stop the meeting, the resolution read that "it is the sense of the city council of Chicago that no constitutional or non-violent meeting of Chicago under the auspices of the Industrial Workers of the World."

The preamble to the resolution cited the fact that most of the delegates to the convention were on the "honor roll" of the organization by reason of British sentences for disloyalty to the United States in time of war.

The I. W. W. convention, the first national meeting since 1916, was planned to be the biggest of its kind in the world, but scarcely seventy delegates were present.

The meeting passed without incident and there was no police interference although deputy sheriffs were in the neighborhood.

A resolution which it is believed indicated a possible split in the ranks of the I. W. W. was introduced at the convention today and will be voted upon tomorrow. It provides that no member may hold office in the organization for more than two years. If it is passed, "big Bill" Haywood and other I. W. W. leaders will find themselves without office if they are re-elected from the treasurer's position. Haywood has held the position of secretary-treasurer for five years.

Outbursts of Evered's True by Condo

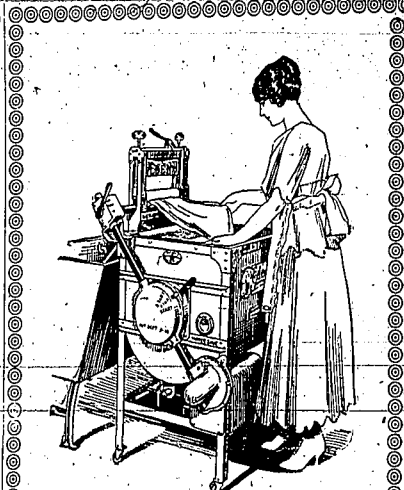

MRS. GOTROX, YOUR MILLNER AND YOUR DRESSMAKER AND YOUR HAIRDRESSER HAVE ALL TOLD ME THAT THEY COULDN'T TAKE ANY BONDS THIS TIME BECAUSE YOU CONSTANTLY NEGLECT TO PAY THEM WHAT YOU OWE. I HAVE PUT YOU DOWN FOR A THOUSAND SIGN ON THE DOTTED LINE.

League Bound to Be Instrument of Oppression

By the Associated Press. WASHINGTON, May 5.—Action of the peace conference in conferring to Japan territory and "rights" in the Shantung peninsula was declared by Senator Poincaré of Washington Republican, in a statement tonight to be a surrender by league of nations to their purpose of "guaranteeing territorial integrity and political independence of its members, throughout its existence—an instrument of oppression."

Say, Old Man

You promised the good wife a good home—a good time and chicken every day—

She may have a good home—and the chicken—but if she has to send her laundry out—or have the help do it—or have the laundress call and do it—she is not having a good time and your promise is not made good until you GET HER AN EDEN WASHER.

Let us send our demonstration machine up to her and watch how pleased she will be—The pleasure is all ours Old Chap.

Phone 446—and it shall be done.

Willard-Dempsey Mill Goes to Toledo July 4

Pugilists Will Box Twelve Rounds For Heavies Honors.

REFEREE TO MAKE DECISION ON POINTS

Octagon Arena to Accomodate 50,000 Spectators Will Be Built, Says Rickard.

By the Associated Press.
NEW YORK, May 5.—The Jess Willard-Jack Dempsey heavyweight championship fight will be staged at Toledo, Ohio, on the afternoon of Friday, July 4.

The pugilists will enter the ring at 3 p. m., and will box 12 rounds unless a knockout terminates the contest earlier in the clash. If the bout goes the limit, a referee, to be selected later, will award a decision on points. The details were announced by Promoter Tex Rickard here tonight.

Fighters to Be Paid
Willard and Dempsey will be paid for their services, Rickard explained, and will not fight for a prize, which is, against the laws of Ohio.

"Having consulted my attorney," he said, "I find it is an entirely legal matter for the state of Ohio to decide a decision of law on such a case. Therefore, I have accepted Toledo's offer to hold the boxing exhibition there."

Mayor Grants Consent
"Under the Ohio law, the mayor of Toledo is permitted to grant consent. Under decision of the court one is privileged to employ boxers to give exhibitions when a purse is not fought for."

An octagon arena to accommodate between fifty and sixty thousand spectators will be erected at a point convenient to the city. Admission charges will range from five to fifty dollars, according to the location of the seats.

WASHINGTON WINS FOURTH STRAIGHT

Brain Halted Proceedings In Ninth Inning—New York Beats Boston.

PHILADELPHIA, May 5.—Washington made its fourth straight from Philadelphia today in a game that was three times interrupted by rain and finally had to be called in the ninth inning. The score was 10 to 6.

Score: R. H. E.
Washington 10 11 4
Philadelphia 6 12 4
Batteries: Shaw and Pincetti; Johnson, Watson and Perkins.

BOSTON, May 5.—New York made it three out of four today from Boston. Quinn outpitched Edmont and Mays and winning 5 to 1. The first four New York runs resulted from base on balls.

Score: R. H. E.
New York 5 9 0
Boston 1 1 0
Batteries: Quinn and Ruel; Dumont, Mays and Walters.

CLEVELAND, May 5.—Cleveland-St. Louis game postponed; cold.

CHICAGO, May 5.—Detroit-Chicago game postponed; cold.

WESTERN LEAGUE

By the Associated Press.
Daly Mines 4 0 0
Joplin 1 1 1
Batteries: Delbert and Brennan; Marks and Collins.
R. H. E.
Oklahoma City 0 8 1
Omaha 1 1 1
Batteries: Townsend and Bliss; Applegate, Stoner and Griffith.
Tulsa 1 7 3

Both pugilists will train for at least five weeks at the scene of the contest in accordance with the terms of the contract made with Rickard.

GOVERNOR IS SILENT
COLUMBUS, O., March 5.—Governor Cox tonight declined to comment on the proposal to hold the Willard-Dempsey fight July 4 at Toledo. Examination of the Ohio law against prize fights by the governor's attorney, shows that interpretative and enforcement of it is up to local authority.

The law permits boxing exhibitions for which the mayor, if in municipalities, or the sheriff, if outside, grants permits. If the matches are given under the auspices of a chartered athletic association and no purse is offered to the winner.

It is said that in the Willard-Dempsey contest no purse is to be offered, but that each contestant is to receive a definite amount of liberty bonds. The athletic association requirements also are said to have been complied with.

NOLAN IS TENDERER
CINCINNATI, O., May 5.—Joseph Nolan, sporting editor of the Cincinnati Enquirer, was notified by "Hot" Rickard tonight that he had been appointed official timekeeper for the Willard-Dempsey bout to be held at Toledo on July 4. Mr. Nolan said he would accept the appointment.

DEMPSEY MANAGER CONFIDENT
KANABAR CITY, Mo., May 5.—"We would rather have had 20 rounds, but Dempsey will win inside of 12, anyway," was the prediction of Jack Kenish, manager for Jack Dempsey, when informed tonight of the announcement of Tex Rickard as to the location of the Willard-Dempsey bout. Kenish said he was satisfied in regard to the selection of Toledo.

BARNES DECLINES TO GIVE DETAILS

Says Government Will Import "Moderate Amount" of Wheat From Canada to Aid Distribution.

By the Associated Press.
MINNEAPOLIS, May 5.—President Julius H. Barnes, of the United States Grain corporation, announced today that reports that the corporation had purchased 25,000,000 bushels of wheat from Canada were untrue, but he reiterated the declaration which he made earlier today, that arrangements had been made for the purchase of a "moderate amount" of wheat from the dominion. He declined, at this time, to issue a detailed statement regarding the prospective purchase.
"The amount of wheat to be imported from Canada is to be determined by always which the United States Grain corporation has begun," Mr. Barnes said. He added that information thus far obtained indicated that American elevators in the northwest section are well stocked with grain but that suitable distribution is the most important problem which confronts the corporation.
Mr. Barnes cautioned against the

impression that Canadian wheat would be brought into this country under any other conditions. He issued this statement:

"The greatest problem we are facing is equitable distribution of wheat held in the elevators and on the farms of the northwest. The surveys show there is sufficient grain for the needs of the people if it can be distributed properly. In that event, it may be necessary to import Canadian wheat. At any rate, the amount of wheat to be purchased from Canada will be moderate."

Mr. Barnes is making a study of wheat and flour conditions in the central west and the northwest.

ENGINE GOES DEAD NOSE DIVE KILLS 2

Hydro Airplane Motor Halts At 400 Feet and Craft Crashes Through Tank House.

By the Associated Press.
NEW YORK, May 5.—Ensign Hugh J. Adams, of Pittsburgh, and Chief Machinist Mate Harold Kelly of Scranton, Penn., were instantly killed at Hecksyler Beach, naval air station today when the machine in which they had taken flight crashed through the ballroom equipment, was empty.

The two men were crushed to death beneath the engine of the plane which crashed through the cockpit in which they were sitting. The flight, from 400 feet, regarding maneuvers at the air station, had been in progress only 15 minutes when the accident occurred. The machine, the HS-1, a small navy hydro-airplane, rose from the water and cleared over the land at a height of about 400 feet. When it was over the ballroom, the engine went dead and the plane started to nose dive. Ensign Adams attempted to right it but had

not sufficient altitude, and the machine crashed into the roof of the tank, bursting through the steel top. The tank, which is part of the navy ballroom equipment, was empty.

Ensign Adams was one of the oldest flyers in the navy and Corey, although he did not hold a license, was rated as a pilot.

CHICAGO RALLIES; BESTS CINCINNATI

Hats Out Six Runs in Ninth Frame—Wins In Twelfth—Pittsburgh Defeats Browns.

By the Associated Press.
CHICAGO, May 5.—Chicago led Cincinnati by batting out six earned runs in the ninth inning today on nine clean hits and then won out in the twelfth, 7 to 6.

The defeat cost the Reds the leadership of the National league. They were passed by Brooklyn, who did not play.
Score: R. H. E.
Chicago 7 15 3
Cincinnati 6 8 9
Batteries: Douglas, Carter and Killefer and Daly; Egan, Rine, Dressler and Hardeen.

PITTSBURGH 5—ST. LOUIS 2
ST. LOUIS, May 5.—Doak filled the bases in the third and when Miller dropped Doak's infield fly, Carey scored the run that enabled Pittsburgh to defeat St. Louis today, 5 to 2. The visitors got two more runs in the seventh.

Score: R. H. E.
St. Louis 2 9 1
Batteries: Adams and Schmidt; Doak, Horstman, Tuero, Sherdell and Clemens.

Play Ball—Like the Stars

Eddie Collins CHICAGO AM

Brains, ability to throw accurately and from awkward positions, speed enough to go to both the left and right for ground balls, and a hustling spirit are the essential requirements of a star second baseman.
"Plays that require quick thinking are constantly coming at the position," says the keystone player, "and naturally at all times."
Practice constantly with your short stop in making double plays and have a perfect understanding with both the catcher and the shortstop as to covering the bag on attempts to steal.
The second baseman is expected to cover first on occasions and practice in this is desirable.
Learn to scoop the ball up at all angles and to throw to first underhand without first straightening up.
You'll need to many times practice going into right and center fields for short, cutting flies.
In tagging runners fear must be eliminated. Try catching the ball and applying it to the base stealer without losing any time.
In fielding grounders never "flinch the ball" but allow it to come to you on a natural bound.
Keep on your toes every minute and encourage your teammates by your own fighting spirit.
Note to the Captain—Cut this out and give it to the second baseman on your team.

COMPLETE PLANS FOR FIRST GAME

Major Eldridge to Toss First Ball—Sheriff Sprague Is to Catch It.

Plans were completed last evening for the opening of the South Idaho league season in Twin Falls next Sunday afternoon at 3 o'clock.

Major Eldridge will pitch the first ball. Sheriff Sprague will be on the receiving end of the official battery. A parade through the main section of the city, participated in by players of the Twin Falls and Filer teams, fans and headed, if possible to arrange it by the high school band, will precede the game.

Both Filer and Twin Falls will make a good showing in the opening secured to all the dope. Filer has acquired the services of a battery from the Coast league while a couple of moundmen are due in Twin Falls in a try-out while the present battery is showing up fine. Both teams measure up well in other departments.

The folks who pay us for plumbing work say they are satisfied with our charges if you avail yourself of our abilities you will have no cause to regret. Our work is correctly done and properly priced. Remember that.

BARBED WIRE GUARDS BERLIN STREETS

Barbed wire entanglements have been set up in Berlin streets to keep the Bolsheviks back and if another uprising of them occurs the fighting will resemble that on French and Belgian battlefields. This picture was one taken in one of Berlin's principal streets, and is the first to be received in this country.

BUY AIRPLANES TO STIMULATE FLYING

Government Will Maintain Fields for Training Flyers to Prevent Collapse of Business.

By the Associated Press. WASHINGTON, May 3.—Orders for new airplanes soon will be placed by the war department to prevent complete collapse of the airplane manufacturing capacity built up during the war. The machines to be ordered will be of advanced types developed from war experience and designed by engineers working under conditions more favorable than those existing during the war.

Acting Secretary Crowell disclosed the department's plans in this respect today in explaining that it had been decided to abandon Barron, Cal. Caruthers, Love, Rich and Tallapoosa fields Texas; Payne field, Mississippi; Governor field, Louisiana; Taylor field, Alabama and Elberta field, Arkansas. These fields now are being used to store equipment. This equipment is to be concentrated at fields to be retained, which already have been announced.

The ten fields then will be turned over to any other government department that might need them, or the buildings will be sold or salvaged. Definite plans for the air service await action of congress as to the military policy. Secretary Crowell said the department, however, was moving toward a broad constructive program, designed to cover not only military needs but also relations between the government and civil enterprise for promotion and air navigation.

NAMES DOMESTIC PRELATES
By the Associated Press. ROME, May 3.—Pope Benedict has appointed Monsignor Dennis O'Connor of New York the Rev. James A. Griffin of Salt Lake, and the Rev. George Waring, chancellor of the army bishops as his domestic prelates.

MAX SHIP PURE BREED STOCK U. S. TO SOUTH AMERICA
By the Associated Press. WASHINGTON, May 3.—Plans for investigating in South America the possibilities of pure-bred stock from the United States and for stimulating interest in importations from this country have been completed by the department of agriculture. David

COMMERCIAL SWINDLING IS ON AN INCREASING SCALE

By the Associated Press. NEW YORK, May 3.—The end of the war has resulted in renewal of commercial swindling on a large scale, the National Association of Credit Men declared tonight in an announcing resumption of its country-wide campaign against "professional debtors" who make large purchases and then go into bankruptcy.

Credit men are not as cautious as they were prior to the signing of the armistice, the association, said, and warning is sounded to its 25,000 members to be especially careful at this time in extending credits.

FRENCH ACE HOLDS RECORD 78 VICTIMS TO HIS CREDIT
By the Associated Press. LONDON, May 3.—The military has decided so far as can be ascertained the champion British ace of the war was the late Major Edward Mannock. Lieutenant-Colonel William A. Bishop, the Canadian aviator, who won the Victoria cross, comes next. Major Mannock brought down 73 enemy machines, and Lieutenant Colonel Bishop 72.

GIRLS ARE TIED; CRUELLY BEATEN

New York Woman Writes of Barbarity of Japanese Soldiers in Korea.

WASHINGTON, May 3.—Conditions in Korea during the revolution against Japanese rule are described in a letter made public today by the headquarters of the "provisional government of Korea." The letter was sent by Miss Grace Dillingham, formerly of New York, who is now teaching in a Christian school at Pyeong Yang, Korea, and was delivered by hand to a friend in Flushing, N. Y. It was written March 11, seven days after the outbreak of the revolution.

In the letter, Miss Dillingham said Korean school girls had been tied to telephone poles and flogged publicly by Japanese guardsmen. Christians in suits had been tied to crosses, stripped of their clothing and beaten. Two American women had been beaten by Japanese soldiers, and churches had been looted and Bibles destroyed. Peaceful demonstrations were broken up by the Japanese soldiers, she said, and men and women were "brutally treated."

LAUNCH SHIP 37 DAYS AFTER KEEL WAS LAID

By the Associated Press. PORTLAND, Ore., May 3.—When the 8,300 ton steel steamer West Chata was launched today at the yards of the Northwest Steel company here, a speed record for the United States in shipbuilding was claimed. Thirty-seven and one-fourth working days of the sixteen hours elapsed between the laying of the keel and the hour of launching, shipyard officials declared. The keel was laid on March 18. The previous record was forty one days.

HERRING BEANS WALLACE

By the Associated Press.

PHILADELPHIA, May 5.—The Hermann of New Orleans, had the better of Patsy Wallace of this city in a six round boxing bout tonight.

TRUMPET IN A TEMPT

Is Way Vice President, Describes Agitation Over Monroe Doctrine.

PHILADELPHIA, May 5.—Vice President Marshall in an address before the American Academy of Political and Social Science here tonight in support of the league of nations, declared the covenant did not infringe upon the rights of the United States congress and expressed the opinion that much of the opposition to the plan results more from political than patriotic reasons.

Agitation over the Monroe doctrine was characterized by Mr. Marshall as a "tempter in a tangle".

Mr. Marshall said he hoped the American people always would be trained to the idea of justice and not force, as the rule of power of the world.

FAIL TO AGREE

LOS ANGELES, Calif., May 3.—Efforts of officials of the Los Angeles Shipbuilding and Drydock company and representatives of more than 5,000 striking workmen to agree on a plan for the reopening of the plant failed tonight. The men walked out yesterday because they said the company refused to recognize the union shop committee. Spoken for by the strikers said that as a result of tonight's disagreement the strike would be continued until recognition of their union was obtained.

MAYOR MAKES APPOINTMENT OF OFFICIALS

Frank E. Wheeler Is Named Treasurer—Others Are Renamed.

MINOR SELECTIONS TO BE ANNOUNCED LATER

To Take Over Blue Lakes Water System When the Revenue Justifies Move.

City Council Appointments
 City treasurer, Frank E. Wheeler; City attorney, John E. Davies; City engineer, E. V. Berg; Police judge, W. A. Muntke; Superintendent of water works, J. J. Pilgrim; Chief of police, William Taylor; Fire chief, W. R. Worrell; Plumbing inspector, Alex Murray; Weighmaster, W. H. Greenhow.

City council last evening approved the partial list of appointments for city positions made by Mayor Eldridge. Mayor Eldridge announced that he would make the remainder of the appointments at the next meeting of council.

All of the men objected by Mayor Eldridge are respected by the exception of the city treasurer who succeeds H. B. Hounsou, who was not a candidate for reappointment.

Several minor matters were decided by council previous to the announcing of appointments by the mayor. It was decided to take over the Blue Lakes water system when the revenue re-

J. E. Davies

ceived would pay interest on the investment.
 A gas tank was authorized at 163 Third avenue east.

Engineers appeared before council protesting against a sprinkling levy. A written protest was filed by Mr. Wahl at the time such protests were asked for and at that time council refused to grant the protest. It was decided last evening to stand on the previous decision.

H. P. Allen appeared before council in the behalf of a garage owner on West Main who had been ordered to remove a service tank. Council informed Mr. Allen that it had been decided to order removal of service stations where cars had to park in the center of the street because of congestion. Mr. Allen argued that there was little on no parking at this point and was informed by council that the action taken was the result of a plan to soon eliminate all parking in the two main blocks on Main street.

The matter of an audit of the books of the city clerk and treasurer and of the county records as they pertain to

THE GREAT AMERICAN HOME

the city was referred to the finance committee.
 It was decided that the bonds of the city treasurer should be the same as at present, \$25,000—that of the waterworks superintendent, who will handle the water works funds in the future, at \$5,000, and that of the city clerk be reduced from \$5,000 to \$1,000; the clerk no longer handling the water works funds.

The usual monthly bills were allowed by council.

The report of the city treasurer and clerk was submitted. According to this report there remains in the general fund, \$4,551.47; street sprinkling, \$6,687.42; sidewalk, district No. 2, \$6,871.42; sewer district 25, \$622.47; curbing district No. 19, \$44,256; paving district 29, \$82,537; water improvements, \$56,882.33. The balances at the end of the last fiscal year were \$206,255.13, receipts during the year totaled \$173,010.31, while disbursements amounted to \$658,031.22.

CAN'T STOP CAR BY SHOUTING "WHOA!"

Trouble Certain in Any Motor Car If Brakes Cannot Always Be Depended Upon, Aves Experts.

IT MATTERS NOT HOW GOOD an engine you have under your auto hood, if you haven't a means of stopping the car once it is started you are in for a bunch of trouble. You can't stop by shouting "whoa!" at it, either, and hence I have always contended that the brakes are a more important part of the automobile than the engine. If there was no engine one could not start the car and get into trouble. But with an engine to start and nothing to stop it there would be almost the surety of a wreck and perhaps the occupants would be killed, or others who got in the way.

Each car is provided with two sets of brakes and some few have more. The emergency brake is provided with a ratchet and pawl, so that the brake may be set and hold there. It is intended that this brake shall be used primarily for holding the car at a standstill after it has been stopped, and it is used as an emergency brake

only in case of mishap to the other brake or on long hills, where it is desirable to alternate between the two.

The running or service brake is operated by a pedal and is equipped with a spring to automatically release the brake when pressure on the pedal is removed. This brake may be a single band engaging a drum on the propeller shaft, or a pair of bands operating on drums on the rear wheels—the same drum within which the emergency brake operates. The propeller shaft type gives greater braking power, because of the leverage obtained through the gearing engaged by the rear axle, and being on a separate drum there is less likelihood of clearing the drum on hills. It has the disadvantage of putting a severe strain upon the rear axle gears, with consequent wear.

The brakes should be kept in such a condition that either pair will stop the car quickly; it is very unwise to allow one set to remain out of order because you have no one set you know is all right.

Where two brake bands are used in a set each band should hold equally or it will allow one wheel to slip. To obtained result equal and lever operate through equalizing bars, with linkage running from pedal or lever to the middle of the equalizing bar and from each end of the bar to the brake bands. When the bars set straight across the car and bands should be set with equal force on the drums when braking.

Brake bands are lined with some nonburning friction material, usually an asbestos material, which is fastened to the steel bands by copper rivets sunk deep into the lining so that the bands do not come in contact with the drum. When the lining becomes worn and their rivets scrape on the drums they score it, leaving shallow grooves. In this condition there is not sufficient surface to give the lining a good grip and the brake slips. Beyond this stage the lining should be turned true in a lathe to give all smooth surface for the best braking power.

It is also important that the lining be renewed when worn thin enough for rivets to touch the drum. This should be done at the service station, if that is convenient, but linings of the proper dimensions for each car may be had at a supply station and a little common sense will enable any one to make the adjustments. Get the proper size rivets with the lining and remember that the heads must be sunk deep in the lining.

The particular reason for alternating brakes on long hills is that either applied solely or heated and the other wear the lining excessively, because while it does not burn, it does char and crumble. Alternating the brakes keeps down the temperature.

Casts Slur at U.S., Gets Walloped and Then Is Fined \$50

J. O'Neill, prominent in I. W. W. circles in Idaho, yesterday was forced to pay the cost of his own trial after he had received a severe beating from William Ward. O'Neill is said to have cast a slur at the United States and the Victory loan, being overheard by Ward. Ward landed heavily on the I. W. W. boys when he was arrested and after hearing the case Acting Police Judge Muntke assessed a \$50 fine and costs against O'Neill. The fine with costs amounted to \$5.00 total paid.

ONLY 40 PER CENT OF LOAN SUBSCRIBED

Necessary Daily Average Is Not Being Met Over the Country.

FIVE DAYS REMAIN TO ABSORB ISSUE

Terrific Drive to Be Made to Close Period With America Again Over the Top.

By the Associated Press.
 WASHINGTON, May 6.—Impetuous need of increased activity, during the remaining five days of the Victory Liberty loan campaign was indicated tonight by the treasury's report that subscriptions to date total only \$1,205,450,000, or forty per cent of the amount needed.

Hard Work Needed.
 "The best that can be said for the total tonight," said the treasury today, "is that the percentage of the country's quota subscribed today is almost as high as was the percentage of the fourth Liberty loan quota on a corresponding day in the last drive. The discouraging feature of the present situation is that the total gain since Saturday's report is only \$145,751,249. This is about \$200,000,000 short of the daily average that must be maintained from now until the end of the loan. If the country's quota is to be subscribed, five days remain from the final goal in the fourth Liberty loan campaign. The country had subscribed \$2,451,052,926 or about \$250,000,000 more than it has subscribed in the present loan.

Francis American Newspapers.
 "The patriotic spirit of American newspapers," the review added, "never was better exemplified than today in connection with the publication of a final Victory Liberty loan appeal by Secretary Glass. On Saturday the secretary's training corps unit had been passed; the war department announced today, College students and school boys in training to become officers in the reserve corps have already subscribed \$1,295,000.

DRIVING IN IDAHO Special to The Chronicle.
 BOISE, May 6.—With fifty per cent of an \$11,550,000 quota raised, Idaho faces the last week of the Victory loan campaign. Despite the amount remaining in which to report the state's full allotment State Chairman, Monte B. Gwinn, still believes Idaho

will subscribe her entire quota by Wednesday night. Throughout the entire state an intense effort is being made. Every county not yet over is striving to the utmost to make this grade on time.

Governor D. W. Davis today issued a proclamation designating Wednesday afternoon a legal holiday to enable all business people to concentrate their energies on the Victory loan.

IGNORE ORDER OF MEXICO'S UPPER COURT

Military Powers Override Decree For Stay of Execution.

EXECUTE ALVAREZ AFTER COURT RULES

Blanquet Killed By Fall; Found and Beheaded By Government Troops.

By the Associated Press.
 WASHINGTON, May 6.—Advice received in Washington today told of the over-riding of the Mexican supreme court by the military power in connection with the recent execution of General de E. Alvarez. The incident was said to have created a serious situation in the Mexican capital and the supreme court was reported to be considering resigning in a body because of "ignoring original advice" the military party ignored a stay granted by the court.

Was It Issued.
 Alvarez, after having been sentenced by a court martial to be shot, appealed to the supreme court. He declared the military authorities had no jurisdiction in his case and cited the constitution—which proves that the military authorities have jurisdiction only in military crimes committed by soldiers. The supreme court, it is said, granted his petition for annulment and ordered General Montalvo, president of the court, to issue a telegram forbidding him to shoot the prisoner.

Ignore Court's Order.
 The telegram was received by General Montalvo two hours before the time set for the execution of Alvarez, nine o'clock at night, April 21, and the receipt of the telegram delayed the shooting until eleven o'clock that night. General P. L. Urquiza, chief of military operations in the state of Vera Cruz, then telegraphed the supreme court saying that the execution had taken place because it had been ordered by the war department in Mexico City. The dispatches say it developed that the war department was notified of the supreme court's decision and then confirmed the finding of the court martial and ordered the execution to be carried out.

Blanquet Is Beheaded.
 The same advice told of the execution of Alvarez by the government troops and disclosed for the first time reports that General Blanquet, another rebel leader, was not killed by government troops as reported from Mexico City but, that his death was

due to an accident.
 Alvarez and Blanquet the advice said, became lost in a jungle in the southern part of the state of Vera Cruz. While wandering about seeking their guide, they both fell into an arroyo. Blanquet was killed by the fall and Alvarez so seriously injured that when government troops came upon him he was captured without resistance. The federal troops then cut off the head of Blanquet and took it to Vera Cruz as proof of the rebel leader's death.

RED CROSS SENDS TENTS By the Associated Press.

WASHINGTON, May 6.—The American Red Cross announced tonight that it had ordered 100 tents sent to Salvador to house sufferers from the recent earthquakes in that republic. Requests for the tents was made by the president of the Salvador Red Cross.
