## FACTIONS TO AVOID CLASH DODGE ISSUE

### Penrose-Warren Friends Defer Action on Committee Chairmanships.

### SMOOT OUT OF RACE PRESIDENT PRO TEM

### Johnson Refuses to Become Candidate, Although Apparently Assured of Election.

By the Associated Press. WASHINGTON, May 13.—On the eve of the organization conference, a narrow of republican senators, leaders of the generally considered regular and progressive groups joined tonight in predictions that the republicans would organize the senate when it convenes next Monday. The leaders also agreed that settlement of the controversy over the proposed election of Senators Penrose of Pennsylvania and Warren of Wyoming to chairmanships of the finance and appropriations committees, respectively, would be postponed until after the senate organization is effected next week.

### Will Defer Troubles.

Many conferences were held between members of both factions today and resulted in an agreement to unite in organizing the senate and postpone factional troubles. A large attendance at tomorrow's conference is expected, only three of the 49 republican senators, Lenroot of Wisconsin; Townsend of Michigan and Fall of New Mexico, being unable to reach Washington.

The initial conference, tomorrow, according to plans, will be closed although subsequent conferences to discuss the progressive protest against chairmanships for Senators Penrose and Warren may be open.

Faction Leaders Confer.

Senator Lodge of Massachusetts, conference chairman, conferred during the day with many republicans, and late today seven of the progressives held a meeting with Senator Penrose of Pennsylvania to discuss organization plans. Senator Dorn announced that Senator Johnson of California, who had been urged to become the candidate of the progressive group for president pro-tem, had refused to have his name placed before the conference.

Senator Johnson's decision eliminating himself as a candidate for president pro-tem left that office unoccupied tonight, with indications that Senator Curtis of Kansas, would be named at tomorrow's conference. Senator Curtis was understood to be acceptable to the progressives. The regular faction, it was said, were prepared to elect Senator Johnson or any other man whom the progressives could agree.

As a result of the negotiations today it was virtually agreed that tomorrow's conference would deal only with selection of a president pro-tem and other routine matters.

Senate Two Members.

The committee on committees to be selected by Senator Lodge will be composed of nine members and at today's meeting of the progressives it was decided to present the names of Senators Jones of Washington and Keaypa of Iowa, for membership as representatives of the progressive group. Those attending today's progressive conference were Senators Borah of Idaho, McNary of Oregon, Moses, New Hampshire; Kenyon Iowa; Jones, Washington; Johnson, California and Norris, Nebraska.

The committee on committees will begin work immediately, but is not expected to reach any decision regarding chairmanships or other committee assignments until next week, probably delaying committee organization of the senate.

The progressive group today gave no sign of any intention to compromise in their opposition to Senators Penrose and Warren while friends of the latter said they were determined to insist upon chairmanships prerogatives if the majority rule followed. Progressives today stated that their opposition was not against the majority rule, but directed primarily against the Pennsylvania and Wyoming senators.

## Germany to Be Surrounded By Rigid Blockade In the Event of Refusal to Sign Treaty of Peace

By the Associated Press. PARIS, May 13.—The supreme economic council today considered measures that may be taken against Germany in case her delegates refuse to sign the peace treaty. The project which has been prepared, having in view the re-establishment of a strict blockade, will be handed over to the council of four for eventual application.

The economic council has decided to maintain a strict blockade of Hungary so long as the political situation there remains uncertain.

DISPATCH FIFTH NOTE.

PARIS, May 13.—The German delegation announces the dispatch of a fifth note, which will probably reach the French foreign office tonight and will be delivered to the council of four tomorrow morning.

## Summary of The International Situation

By the Associated Press. Philipp Scheidemann, the German chancellor has followed the lead taken by President Ebert. In a statement to the national assembly in Berlin couched in language more forcible than that of Ebert, Scheidemann declared that the allied peace terms are not acceptable to Germany.

Choosing from all factions in the chamber, except the independent socialists, greeted the chancellor as he characterized the treaty as "a dreadful and murderous document which would make enormous loss of German life in which many million persons would have to labor for the victors in the war. The speakers several times charged oppression on the part of President Wilson and the obsequious of his named fourteen points for peace.

It is reported that Scheidemann had been informed by the leaders of the two democratic parties and of the parties of the center that these factions will withdraw their representatives from the government if the peace treaty is signed.

The German plenipotentiaries at Versailles, however, are continuing their work of establishing the terms of the treaty and formulating such protests as they desire to make.

Still another German note—the fifth—is to be delivered at the French foreign office Wednesday.

The allied and associated representatives are leaving the Germans severely alone for the present, except for dealing with their own work of establishing the terms of the treaty and formulating such protests as they desire to make.

The allied and associated representatives are leaving the Germans severely alone for the present, except for dealing with their own work of establishing the terms of the treaty and formulating such protests as they desire to make.

## BIG CRAFT IN HAY DEAL IS CHARGED

### Government Inspector and Hay Dealer Both Arrested Under Federal Charges

By the Associated Press. PHOENIX, Ariz., May 13.—N. J. Jurgens of Mesa, federal hay inspector at Maricopa county, is in jail tonight unable to obtain \$10,000 bond, and Alfred J. Peters, prominent hay dealer of Tempe, is at liberty on a \$25,000 bond, following their arrest today on charges of big craft charging conspiracy to defraud the government out of a large sum of money by selling an inferior grade hay at the price of superior grade.

The arrests today followed a lengthy investigation by federal agents throughout the southwest, where hay totaling \$250,000 in value is said to have been shipped by Peters under Jurgens' inspection to United States army camps at Deming, New Mexico; El Paso, Texas; Waco, Texas; Naco, Arizona, and other points.

## MAY DAY RIOTER DRAWS SIX MONTHS SENTENCE

By the Associated Press. DORCHESTER, May 13.—William James Bida, 21 years old, was sentenced in Rebury municipal court today to six months in the house of correction for rioting and one year for assault upon a police officer in the May day riot at Rebury. Bida appeared in the courtroom, and was held in \$5,000 bail.

### STREET CAR RUNS AWAY

SEATTLE, May 13.—A big street car ran away on a downtown hill today and crashed into the rear end of a smaller car, killing an unidentified passenger. A score of passengers were injured.

## VIOLENCE IS THREATENED DELEGATION

### Shanghai Residents Make Strong Protests to Representatives in Paris.

### DO NOT FAIL US, IS CRY FROM TSINAN-FU

### Expect Chinese to Now Demand Written Promise of Return of Disputed Province.

By the Associated Press. PARIS, May 13.—Messages threatening violence if they sign the peace treaty have been received by the Chinese delegation from various parts of China. A dispatch sent by 35,000 citizens of Shanghai province, dated Tsinan-Fu May 11 says:

"Regarding the T'ing Tau problem Japan shows contempt for public right and never ceases to be aggressive. The people of Shanghai refuse to accept as effective such illegal demands. The traitors to our country, Tiao-Yu-Lin (minister of communications whose house was burned at Peking) and Chang-Tung-Hsiang (former minister to Japan, who was severely beaten by the Chinese) deserved death for the blow suffered by the Chinese people."

"Should you sign the Japanese proposal you must receive the same treatment upon returning to China. We cannot give our apologies. Do not fail us. We are much in earnest."

A message from the Chekiang assembly dated Hangchow, May 10 and addressed to the Chinese peace delegation says:

"This assembly is extremely disappointed at hearing that the disposal of Tsing-Tao has been left to the discretion of Japan alone. All are prepared to do what the crisis demands but are hoping that you will yet effect a change in the attitude. If necessary, withdraw from the conference without signing the protocol. You can depend upon the full moral support of the people at home."

Chinese colonies and associations in all parts of the world are showing their indignation with resolutions against signing the treaty. The tone of the messages is such that responsible delegates say it will be impossible to sign unless the delegation is given written assurance of the ultimate return of the Shanghai political rights to China.

### ASK BIDS 200,000 TONS R. R. RAILS

Test of Price Quoted by Steel Interest Will Come With Negotiations Saturday.

By the Associated Press. WASHINGTON, May 13.—Bids for 200,000 tons of steel rails were asked today by the railroad administration in line with Director General Hines' announcement of policy after the final agreement on a standard price in conference last week with steel producers. The bids will be received next Saturday and contracts will be let at once.

## AMERICA SALUTES!

## Banks Thrust Victory Drive Over The Top

Twin Falls county went over the top in the Victory Loan campaign. This information was given to the Chronicle from the offices of the Victory Loan committee yesterday. The of the county yesterday agreed to take whatever deficit remained after all reports had been received by the victory loan committee. The receipt of funds from outside sources who have interests in this county will reduce the deficit to be taken care of by the banks to around \$100,000.

The officers of the Victory Loan committee will be moved today from Room 6, First National Bank building to the offices of C. D. Thomas.

## Select Experts to Americanize Our Immigrants

By the Associated Press. WASHINGTON, May 13.—Development of comprehensive plans for making the country a more homogeneous one was placed in the hands of two committees of experts today by the Americanization conference being held at the interior department.

Recommendations by these committees will be made the basis of an extensive work already put under way by the department and will be made available to all agencies throughout the country interested in uniting the various racial elements of the population into one American whole. The committee will report tomorrow of Thursday.

Gov. committee will undertake to develop more effective methods of teaching English, while the other will investigate training of teachers.

### PAITIES WOULD WITHDRAW

By the Associated Press. PARIS, May 13.—The heads of the two German democratic parties and the parties of the center have informed Chancellor Scheidemann that their parties will withdraw their representatives from the government in case the cabinet decides to sign the peace treaty, according to a dispatch from Berlin received here by way of cable.

### REJECTS GIB BONUS

By the Associated Press. SAN FRANCISCO, May 13.—Men accepted by their draft boards for service in the army but rejected after they arrived at training camps are entitled to the bonus of \$60 paid to men discharged from military service, according to Washington advice received here today by army demobilization stations.

## STAGE IS SET FOR ENTRANCE OF AUSTRIANS

### Will Be Quartered in Residence of Early French Kings.

### PEACE CONDITIONS ARE NOW READY

### Will Be Treated Less As Enemies Than Germans and Given Greater Freedom.

By the Associated Press. ST GERMAIN-EN-LAYE, May 13. The arrangements for the reception of the Austrian peace delegates tomorrow evening for their accommodation in the country of a former resident of the early French kings and the presentation to them of the conditions of peace which are to be a duplication in many respects of those handed the Germans at Versailles, are now completed.

### Will Have Freedom.

It is evident that the Austrians are to be treated less as enemies and subject to less restrictions than their German allies. They will be received on their arrival at St. Germain by Prefect Chaleat of the department of Seine-et-Oise as the representative of the French government. The museum of the chateau, containing relics of pre-historic times, by unprejudiced irony has been selected for the ceremony of turning over to the delegates of the peace treaty which is now ready.

### Accommodations Are Limited.

The room is much smaller than at Versailles, but the Germans were informed of the demands of the allied and associated governments and the conference tables which are arranged in exactly the same form of hollow rectangles crowded to the limit. Nevertheless, the overcrowded condition of the room spaces are reserved for selected representatives of the press.

### Will Arrive Quietly.

The Austrian delegation could reach St. Germain early in the afternoon, but in order to avoid the public entry into the town the allied train on which they were traveling, will be routed so as to arrive in the evening at some small station outside St. Germain. From this station the delegates will be brought in automobiles as inconspicuously as possible to the quarters reserved for them in two hotels and three private villas.

The intention to quarter the Turks and Bulgarians in St. Germain on their arrival here has been abandoned owing to lack of accommodations. They probably will be located in Meudon, southwest of Paris.

### WILL ARRIVE THIS EVENING.

Information received by the French officials indicates that the Austrian chief delegates will arrive at St. Germain tomorrow evening. General Albertini, head of the Italian military mission in Vienna, accompanies the delegation.

### NONE TOO HOPEFUL

By the Associated Press. VIENNA, May 13.—You must remember that at a vanquished state we must not cheer too soon and hope, said Chancellor Karl Renner, chief of the Austrian peace mission on leaving the city tonight for Paris. He added that he would try to obtain the best terms possible. The train pulled out for Paris here last night and Germany shall remain German as long as we remain united with the German people.

### MANY FAMOUS NAMES ON DISCHARGE PAPERS

Many of Twin Falls county's veterans bear names similar to those often famous in history or to that of some well known man. This is disclosed by discharge papers filed with the recorder. The discharge papers of Joseph W. Cannon were placed on file yesterday, but Mr. Cannon is no relation of "Uncle Joe." The surname of Hobson also appeared yesterday. The given name of the veteran is Chester W. DORR who filed his discharge papers from the service in the hands of A. C. Constant and Ray A. Patrick.

### DORR IS RECORDED

SANBOLTO CITY, N. J. May 13.—Samuel Dorff of New York, was recorded in the grand book of the British Army for the 18th century, due time at today's session of the annual convention of that body.

It's often a question whether the semi-annual house cleaning should begin with the attic or the cellar, but for the sake of the family health it is a good plan to begin at the bottom and clear the cellar of a winter's dust and accumulated rubbish. Ashes, cans, old bottles and boxes and papers should be carried away and burned, the walls whitewashed and the floors swept. Cellar windows should be opened wide for a thorough airing.

Before cleaning the cellar it is well to take care of the furnace so the dirt can all be removed at once. The furnace should be cleaned of ashes and the smoke pipe removed, clear of soot, and left out to prevent its rusting. Don't use the furnace as a ash heap in which to poke away rubbish during the summer. Leave it clean and empty.

Cellar storerooms for fruit and vegetables should be thoroughly cleaned, the left over fruit sorted and put to itself, and the space prepared to receive new consignments of canned food. Left-over winter vegetables should be sorted and used up as fast as possible. Lawn mowers, lawnmowers and tools which have been stored in the cellar should be cleaned, painted and made ready for use or put outdoors. Banish every trace of dirt, dampness, or bad air.

The attic should receive its share of attention. If the windows are screened and can be left open the house will be cooler during the summer. Boxes of winter clothing and bedding should be packed and marked. Heavy rugs and hangings which are given, plain lighter furnishings should be carefully put away and protected from moths.

For general cleaning of the house the process is hurried if extra help can be secured. The vacuum cleaner is a good investment. If possible avoid upsetting the family life by cleaning more than two rooms at a time. Finish one room before tearing up another. "Guarantee" the vacuum as much as possible with this curtain, washable rug, and light furniture.

Don't neglect to turn the porch into the main living room with a table for meals, a hammock or couch for rest, and all the facilities to outdoor living possible to supply.

Mrs. Eva Higg and Hilda Anderson, brides-elect, were honor guests at a party, at the home of Mrs. P. J. Conello Monday evening, when members of the Lincoln society entertained. The home was prettily decorated in white and lavender and the color scheme was carried out in every detail. Five hundred was played during the evening and delicious refreshments were served at a late hour. The hostesses included the Misses Hewitt, Ballinger, Wolfe, Eaton, Jones, Harloff, Franzer, Schenk, Patterson, Stewart, Bishop, McDonald, Williams, Hunsaker and Morgan. Misses Higg and Anderson have been members of the Lincoln faculty this year.

Mrs. Margaret Durnford of Fort Collins, Colorado, supreme president of the Order of the Eastern Star, and Mrs. Marn of Emmett, state organizer, spent yesterday in Twin Falls. They will go to Jerome today to attend the state convention of the organization. Mrs. Carl Hahn and Mrs. C. I. Beckwith will attend the convention as delegates from the local chapter, and Mrs. T. F. Warner, state president, will also be present. The convention will close Friday.

The Business Women's association held their last meeting for the year Monday evening in the Presbyterian was held following the dinner. It was held following their dinner.

## Found! Combination Refrigerator--Fireless

Down in Rochester, New York, there has been invented a marvelous piece of furniture which is either a refrigerator or a fireless cooker. The new invention—which is called the Rochester Cold Box—is sponsored by the public health bureau can be made at home by any "handy man" at a total cost of three dollars and sixty-seven cents.

As tested in Rochester the cold box will keep food placed in it cold and fresh for five days on 50 pounds of ice. This test was not even when the box was set on a porch in the sun, and stood in a warm kitchen.

An estimated by the Rochester board of health the cost of the cold box is as follows:

Zinc box and trap	\$2.50
Wire netting	.27
Flange and screws	.07
Hinges and rollers	.12
Nails	.06
Oil cloth	.19
<b>Total</b>	<b>\$3.12</b>

Cost of wooden box and lumber for legs: 40 cents.  
To begin get for filling, 15 cents.  
Total cost of box, \$3.67.  
How to Build the Cold Storage.  
The accompanying diagram shows how the box is built, with proper measurements.

To begin get a sheet of zinc box, three feet long, two feet wide and two feet deep.  
Buy a zinc canner or tank 26 inches long, 16 1/2 inches wide and 18 inches deep, with a ridge for a shelf along the sides 8 inches down from the top, and an iron pipe 6 1/2 inches long with a trap at the bottom. This tank should have 1/2 inch flange at the top 1/4 inches wide at the sides and 1 inch wide at the bottom. This flange is fastened to the wooden sill of the tank box to prevent food getting into the sawdust and make the box easy to clean.

The legs of the box get four pieces of wood 2 inches long, 2 inches wide and 28 inches long.  
Next get five pieces of wire six percent. Two of the pieces must measure 20 inches long by 12 inches wide and the other two must be 31 inches long and 12 inches wide. The fifth piece must measure 34 1/2 inches long and 24 inches wide. Track four of these pieces of wire netting to the INSIDE of the wooden packing case in the spaces on the sides and ends where they fit. When you are sure there is at least 3 inches between the zinc case and the wooden box, nail on the sill, set the zinc case inside the wooden case, and tack it to the wooden outside case. There will now be a zinc box nailed inside a wooden box with a vacant space between the wood and the zinc with coarse sawdust or fine shavings. Pack tight, but do not bend or bulge the sides of the zinc tank. When the sides are filled cover the bottom with a layer of sawdust, tack by the large piece of wire netting, and nail on the wooden slats, being sure that the slats are 3-4 of an inch apart.

Make a zinc rack or thin boards, to fit in the zinc case to hold the ice, be careful not to damage the trap in the drain pipe which carries away the ice water.  
Make a wooden cover for the box of 3-4 inch lumber. On the inside tack a padding of at least 60 thickness of newspaper. Cover this padding with white cloth tacked on smoothly.  
The ice is put in the bottom of the zinc case and the food set on a shelf of zinc or wooden slats set above the ice.  
The Cold Box As a Cooker.  
First, place a cork in the upper part of the drain pipe. Get some second hand stove lids or flat plates of iron, or purchase the iron plates that are used with fireless cookers. These are to be placed in the bottom of the cold box and cut them to fit exactly as a cover on the projection used to support the shelf. Next take a bag, filling it with excelsior so that it will just fill in the space between the lid and the cover of the box. The cold box may now be operated as a fireless cooker in the usual way.

libitions. Two birds, the poorest in the flock, were picked out and killed. An investigation proved that these birds were non-layers. One of the birds was of the variety white the other was of the small class, incapable.

**JEROME COUNTY AGENTS HERE.**

## MAYOR AND JUDGE STAGE BIG RUMPUS

Arrests by Humboldt Follow Election Day in Hoboken--Executive Is Hatched.

By the Associated Press.  
HOBOKEN, N. J., May 13.—The election of city commissioners here today developed into a row during which County Judge Richard Doherty ordered Mayor Patrick Griffin, head of the democratic ticket, arrested after the mayor had arrested 120 men whom he accused of being republican repeaters imported from New York. The alleged repeaters were discharged by Judge Doherty as fast as they were arraigned, re-arrested by the mayor who then, in turn, was arrested and confined to the city hall.

It was then the mayor's move and he directed the corporation attorney to apply to Supreme Court Justice Swazey for the arrest of Judge Doherty for conspiracy to defeat the election law and for bringing suspicious characters into the city.

## MILWAUKEE MAYOR WELCOMES I. W. W.

Denies Request of American Legion that He Prevent Meeting of Wobblies Saturday.

By the Associated Press.  
MILWAUKEE, May 13.—Mayor Daniel W. Hoan denied a request of a delegation of American Legion members to prevent a meeting of the I. W. W. next Saturday.

"Prosecution creates ridiculous of the worst kind and I don't want to increase the strength of the I. W. W. here," said the mayor. "I don't believe it is my duty to act as the constitution. Men have their rights under it to express their views. We have the police department and the department of justice to see that there is no disorder and apprehend anyone whose utterances are defamatory or illegal."

Vegetable plants ready—apply unlimited; all kinds at postpaid, 35 cents per dozen, \$2.40 by the hundred, celery, 25 cents; \$1.00 per hundred, Illinois plants of any kind half price; nasturtiums, 50¢; broad beans, 75¢ dozen, City Tower Greenhouses, Twin Falls.

## FIVE INDICTED ON BRIBERY CHARGES

Attempt to Secure Government Supplies at Out Prices, Is Claim Made to Jury.

By the Associated Press.  
DEN MOINES, May 13.—Five persons were indicted on charges of conspiracy and bribery by the federal grand jury here today in connection with an alleged attempt to gain a monopoly in the purchase of certain government supplies at Camp Dodge.

Indictments against Michael Loy and B. D. Brill, Chicago representatives of Michael Tauter company of St. Paul, Minn., charged they offered \$1,000 to Captain L. E. Sinner, head of the salvage department to fix a contract for them to obtain \$20,000 worth of supplies for \$13,500.

Arthur Koenner, Washington, D. C.; J. Rhoads, Bristol, Norfolk, Va., and A. Gross, Minneapolis business man, the others indicted were named in connection with an alleged attempt by the first two named in connection with two named in connection with an attempt of the central committee of the National Socialist party to secure a purchase of 30,000 government blankets.

**NO OTHER WAY OUT.**  
By the Associated Press.  
BIRLIN, Monday May 13.—"Even if important changes are not made by the negotiations begun at Versailles, there remains no choice but to bow to compulsion and sign the treaty," says an appeal of the central committee of the national socialist party in the party organ Die Freiheit this morning.

## AMERICA TO BUILD WORLD'S SHIPPING

Three Million Gross Tons May Be Ordered As Result of Order Issued by President.

By the Associated Press.  
WASHINGTON, May 13.—Orders for possibly three million gross tons of ships to be built for foreign accounts in American shipyards may be placed as the result of an order by President Wilson permitting the building of ships provided it could be done without interfering with the construction of the American navy, chief marine. The president's plan was announced in a statement issued today at the White House.

Officials of the shipping board today would not venture more than a guess as to the American tonnage shipbuilders might expect as the result of the president's order; which it was said at the White House, had been issued at the suggestion of Chairman Hurley of the shipping board.

Good substantial orders, it was said by officials, may be expected for the Pacific and Atlantic yards.

Norway is expected to place large orders, possibly 1,000,000 tons, and France and Italy will probably let contracts for considerable tonnage, it was estimated. France already has placed orders for 500,000 tons in England for delivery in three years, and officials believe may give American yards a good share of the 1,000,000

CLEAN MILK BOTTLES

During the winter some dealers acquired the habit of keeping bottled milk on the sidewalks in front of their stores. Dirt settled on the bottles and caps and entered the bottles when the caps were removed.

This is the plaint of some intelligent citizens who evidently think (in what they prefer) clean milk.

The protest against keeping milk bottles in any place where they will be exposed to dust and dirt is well taken. Nowhere should it be allowed that milk be kept in any except the most cleanly and sanitary manner. There remains, however, the duty of the purchaser himself, which is never to open a bottle of milk without first making sure that both bottle and cap are clean.

A milk bottle should never be placed in the cooler without first being washed. The water will not penetrate the purified top, and this simple precaution will remove any dirt or germs which may have accumulated in transit. Care should also be used in opening the bottle, so that any bit of dirt may be detected and removed.

The time of year is at hand when care of the milk supply is especially important. It is right that dealer and dairyman be required to observe the highest standards of quality and cleanliness, but without scrupulous care on the part of the consumer all their efforts may easily become of no value.

ROAD BUILDING BOOMS

The country is waking up at last to the need and unprecedented opportunity of road building. In March the new projects approved under the Federal Aid Road act broke all records. In April the March record was nearly doubled, the secretary of agriculture approving 129 federal aid projects involving the improvement of 222 miles of highway at a total cost of over \$16,000,000.

Up to the first of May, 1917 state highway projects had been approved, involving 10,588 miles of road at a total estimated cost of about \$22,000,000. Of this vast sum \$26,576,000 comes from the federal treasury.

Uncle Sam still has plenty of funds for the purpose, and there are still tens of thousands of miles of important roadway in the United States that could be improved with profit to the immediate locality, the state and the nation. Any state that is not qualifying for all the federal aid it is entitled to is shirking its duty and letting a rare bargain in roads go to more enterprising states.

HOBOKEN.

If Hoboken, N. J., had been granted the right of self-determination three or four years ago, it might have joined Germany. It was generally regarded as virtually a German colony. And no wonder! It was dominated in a business way by German steamship interests. The Hamburg-American and North German Lloyd lines were located there. There were always thousands of German sailors in the port, and the whole atmosphere of the place was German.

Our declaration of war made a big change. The frankly German population melted away. Hoboken began to distinguish itself by Liberty loan subscriptions and other evidences of changing allegiance.

Now the situation is about complete. The United States has taken over the Hamburg-American docks and warehouses, destitute what was

onto the greatest shipping corporation in the world of its chief foothold in America and hearing the domination of Hoboken thereafter by American shipping. The North German Lloyd docks will probably be transferred likewise. Hoboken will then be an American, in business facilities at its capital.

SERVICE MEN PLAN FOR BIG MEETING

In Parish Hall Friday Night Will Discuss Future of Organization and Its Affiliations

What section Twin Falls county service men will take towards affiliating with the recently organized American Legion will be decided at the meeting of the Twin Falls Service Men's Association Friday night. The meeting will be held at the Parish hall. According to Captain E. C. Swelley, any man who was in the service is automatically a member of the association.

A call for an organization meeting of the service men of the state was received yesterday from Mark Shields of Boise. The attitude of the Twin Falls county men towards such a meeting will be decided Friday night. It is anticipated that the service men will approve of the plan of a preliminary state caucus and a delegation will probably be selected to go to the meeting with authority to do everything possible to bring the first state meeting to Twin Falls. Other matters to be decided upon by the service men included the observation of Memorial Day and a renewal of the effort to get a club or central meeting place for the organization.

CONFERENCES FAIL TO FIND SOLUTION

Whitely-Overland Company and Employees Unable to Agree—Mayor to Attempt Compromise

By the Associated Press. TOLEDO, Ohio, May 13.—Despite the sudden breaking off of negotiations here today between Mayor Cornell Schreiber and employees and officials of the Whitely-Overland Automobile company, where approximately 10,000 men were locked out last week when they refused to work 48 hours a week, it was stated tonight that both the company and the men had left the way open for further conferences.

Conferences between the mayor, the men and the company came to a sudden termination tonight after four days of negotiating. Neither the men nor the company would issue a statement.

Mayor Schreiber will meet with top leaders again tomorrow afternoon. The locked out employees will hold a mass meeting to consider further plans.

ITALY BUYS LOCOMOTIVES. NEW YORK, May 13.—The American Locomotive company announced today that it had received an order for 150 locomotives from the Italian government. The locomotives are of the heavy type.

AMERICAN IMMORTALS WIN HONORS IN FRANCE

If you asked a member of the Rainbow division:

"Who's the bravest man in the division?"

He'll reply without hesitation: "Private Thomas O. Neighbour, of the 167th Infantry."

And here's why the forty-second is proud of Neighbour:

Private Neighbour, whose home is at Sugar City, Idaho, was decorated for conspicuous gallantry in action near Landegues-et-St. George, France, October 16, 1918. On the afternoon of October 16, when the Gota de Chateau had just been gained after bitter fighting, and the summit of that strong bulwark in the Kronleide Stellung was being occupied, Private Neighbour was sent on patrol with his automatic rifle squad to outflank enemy machine gun nests. As Private Neighbour gained the ridge, he set up his automatic rifle and was directly thereafter wounded in both legs by fire from a hostile machine gun in his flank. The advance work of the enemy troops counter-attacking had about gained the ridge and although practically cut off and surrounded, the remainder of his detachment being killed or wounded, this gallant soldier kept his automatic rifle in operation to such effect that by his own efforts and by fire from the skirmish line of his company at least 100 yards in his rear, the attack was checked.

The enemy was being halted and lying prone; four of the enemy attacked Private Neighbour at close quarters. These he killed. He then moved along among the enemy lying on the ground about him, in the midst of the fire from his own line, and by his coolness and gallantry captured eleven prisoners at the point of his pistol and, although painfully wounded, brought them back to our lines. The counter-attack in full force was arrested, to a large extent, by the single efforts of this soldier, whose heroic exploits took place against the skyline in full view of his entire battalion.

CARE F. PAYSON, Sergeant, Company C, 125th Infantry

Sergeant Payson (deceased) received the Distinguished Service Cross for conspicuous gallantry in action with the enemy at Clerges, northwest of Chateau-Thierry, France, August 10, 1918. During the attack made by his company on the village of Clerges, Sergeant Payson was mortally wounded in the head by a machine gun bullet. He succeeded in knocking his feet, however, and with the attacking wave encouraging them. By his strong will power he insisted in them all the spirit of fearlessness. Mrs. Minnie Timberman, his mother, lives in Monroe, Mich.

JOHN CALVIN WARD, Private, Company D, 117th Infantry

Private Ward was awarded the Distinguished Service Cross for conspicuous gallantry in action near Estrees, France, October 8, 1918. During an advance Private Ward's company was held up by a machine gun which was outlining the line. Accompanied by a non-commissioned officer, he advanced against this position and succeeded in reducing the nest by killing three and capturing seven of the enemy and their guns. His mother, Mrs. Laura Ward, lives in Morris town, Tenn.

GARY EVANS FOSTER, Sergeant, Company F, 118th Infantry

Sergeant Foster, whose home is at Innan, S. C., was decorated for conspicuous bravery displayed near Moncheville, France, October 8, 1918. When his company was held by violent machine gun fire from a bunker road, Sergeant Foster, with an officer went forward to attack the hostile machine gun nests. The officer was wounded, but Sergeant Foster continued on alone in the face of his heavy fire and, by effective use of hand grenades and his pistol, killed several of the enemy and captured eighteen.

SIDNEY HOLZEMAN, Sergeant, Company F, 304th Infantry

Sergeant Solbert was awarded the Iron Cross, France, September 20, 1918. Suffering from illness, Sergeant Solbert remained with his platoon and led his men with the highest courage and leadership under heavy shell and machine gun fire. With two other soldiers Solbert charged with a machine gun emplacement in advance of their company, he himself killing one of the enemy with

a shotgun, and capturing two others. In this encounter he was wounded, but he nevertheless continued in action, and when a withdrawal was ordered he returned with the last unit, assisting a wounded comrade. Later in the evening he volunteered and carried in wounded until he fainted from exhaustion. His father, George Solbert, lives at Salt Lake, Can.

JOHANNES S. ANDERSON, First Sergeant, Company H, 132nd Infantry

Johannes S. Anderson of Chicago was first sergeant of Company H, 132nd Infantry, when the 3rd Division captured Convoys in a great allied advance of last October.

Sergeant Anderson was decorated for conspicuous gallantry in action at Convoys, France, October 8, 1918. While his company was being held up by intense artillery and machine gun fire, Sergeant Anderson, without aid, voluntarily left the company and worked his way to the rear of the nest that was offering the most stubborn resistance. His advance was made through an open area, and under constant hostile fire, but the mission was successfully accomplished and Sergeant Anderson not only silenced the gun and captured it, but also brought back with him twenty-three prisoners. His home address is Chicago.

A great yell went up from the rest of his company when they saw their sergeant approaching.

The Germans were taken completely by surprise.

Before the Huns realized it, they had their hands in the air and were yelling "kanamer!"

This was entirely contrary to what they had been taught about the laws of war.

For one hated American to attack single-handed a German machine gun nest with 23 men—Donorwater.

CHARLES W. WHITTESEY, Major, 308th Infantry

The story of Major Whittelsey and his famous "Lost Battalion" is one of the epics of the world war. It will live forever.

Major Whittelsey—now a lieutenant colonel now—is a native of Pittsfield, Mass., and was a New York Corporal before the war. In years to come he will be known in history as "Go-to-Hell Whittelsey," for it was he who, when called upon to surrender, sent back to the Germans the famous reply: "Go to hell!"

Major Whittelsey, the hero of the "Go to hell" refusal to surrender, was decorated for conspicuous gallantry and intrepidity in action with the enemy northeast of Blarville, in the Forest d'Argonne, France, October 27, 1918. Although cut off for five days from the remainder of his division, Major Whittelsey maintained his position when he had reached under orders received for an advance and held together his command, consisting originally of 468 officers and men of the 308th Infantry and Company K of the 307th Infantry, in the face of a superior number of the enemy during the five days. Major Whittelsey and his command were thus cut off, no rations or supplies and supplies reached him in spite of

the enemy's efforts to surround and capture the entire Ourcq valley.

BROOKLYN BREAKS RECS VICTORY RUN

In Extra Inning Contest Stop Cincinnati Boys—Giants Clean Alexander.

By the Associated Press. BROOKLYN, May 13.—Brooklyn played the second extra inning game in accession today in the seventh, 4 to 2. It was a pitcher's battle between Fisher and Fisher, each of whom had won four straight. With two out in the eleventh, successive singles by Myers, Konechey and Athlete brought in the winning run.

NEW YORK 3—CHICAGO 2. NEW YORK, May 13.—The New York Nationals defeated Chicago today 3 to 2. The Giants batted Alexander hard, but were unable to bunch their hits until the sixth, when New York scored three runs on singles by Young, Doyle, Kauff and Fletcher.

PHILADELPHIA 3—PITTSBURGH 2. PHILADELPHIA, May 13.—Philadelphia defeated Pittsburgh 3 to 2. The Athletics were principally because of the effectiveness of Jacobs. Catshew's drive into the left field seats and a tally handed to the Pirates by Jacobs' lapse from force in the seventh gave Philadelphia the only runs.

ST. LOUIS 4—BOSTON 2. BOSTON, May 13.—St. Louis scored three runs on errors in the first three innings and defeated Boston today 4 to 2. The fourth tally for the Cards resulted from three errors. The score: R. H. E. St. Louis 4 10 2 Boston 2 9 3

Willard Will Face Dempsey But Once, Says Dan Daily

When they're hitting straight out you can hardly notice the difference.

By FRED TURBYVILLE. Jack Dempsey, who will start training in a few days at some point on Lake Erie for his bout with Willard on July 4, will take with him to the training camp Jess Willard, shadow.

The shadow is Dan Daily of New Castle, Pa., a former member of the Jimmy Hines stable of fighters. Daily himself once captured to championship honors.

Daily believes himself the equal of Willard and he furthermore says that Dempsey is better than he. Therefore, says Daily, Dempsey will win the coming battle.

RAISES QUESTION ANENT WRESTLER

Commissioner Rickard Alleged to Have Halted Off Charlie Olson of Iowa Falls. (Special Dispatch to the Chronicle) IOWA FALLS, May 13.—Thomas J. Sheplock, President of the Idaho Boxing and Wrestling Commission, has been informed, unofficially, that Charlie Olson of Chicago, has been ruled off by Thomas "Tikka" or "Pencil" member of the commission, and that he will not be permitted to wrestle in that zone which includes Twin Falls.

FIGHT ARENA TO BE GIANT AFFAIR

By the Associated Press. TOLEDO, May 13.—Work on the arena for the Willard-Dempsey fight July 4 probably will be started this week. Tex Rickard, promoter of the fight, announced today. J. L. McLaughlin of San Francisco, architect for Rickard, said today the arena will be four times as large as the one built by him at Reno for the Jeffries-Johnson fight. The seats will have a maximum height of 24 feet, while the arena itself will be an eight sided affair, 600 feet across. This means that those sitting on the top rows will be 300 feet from the ring, which will be the regulation championship size 24 feet square.

Rickard has announced that only 150 ringside seats will be reserved for newspaper men. He requested that newspapermen wishing working space for their sport writers make formal application by mail for seats. The advance sale of seats, which will open in price from \$10 to \$50, will open on or about May 24, Rickard stated today.

ST. LOUIS BATTERS GET TO RECRUIT

White Sox Lose Small Score Game to Cards—Cleveland Beats Detroit Pitchers. CHICAGO, May 13.—St. Louis batted Huberson, a Sox recruit, hard in their first two innings today and won the final game of the series, 2 to 1. Chicago's lone run was awarded by Dempis' Chih-on-Austin's interference with Jackson after miffing a throw to stop a double steal. The ball rolled to the grandstand while Austin and Jackson rolled on the ground.

CLEVELAND 6—DETROIT 3. DETROIT, May 13.—The hitting by Cleveland and the unsteadiness of Detroit pitchers gave Cleveland today's game by a score of 6 to 3. Flagged lead a Detroit rally in the sixth with a home run.

# QUESTION JURORS ON PREPAREDNESS

Case of Henry Ford Against Chicago Tribune Comes on For Hearing in Michigan.

By the Associated Press. MOUNT CLEMENS, Mich., May 13.—Military preparedness and definitions were the chief topics on which talesmen from both sides of the million dollar libel suit of Henry Ford against the Chicago Tribune were questioned today.

Elliot G. Stevenson of counsel for the defendant, and Attorneys Alfred J. Murphy and Alfred Lucking for Mr. Ford, were in many clashes during the day over the lines of examination. Mr. Lucking accused Mr. Stevenson of seeking to get before the talesmen arguments for military preparedness which, Mr. Lucking said, Mr. Stevenson knew could not be brought in as evidence later.

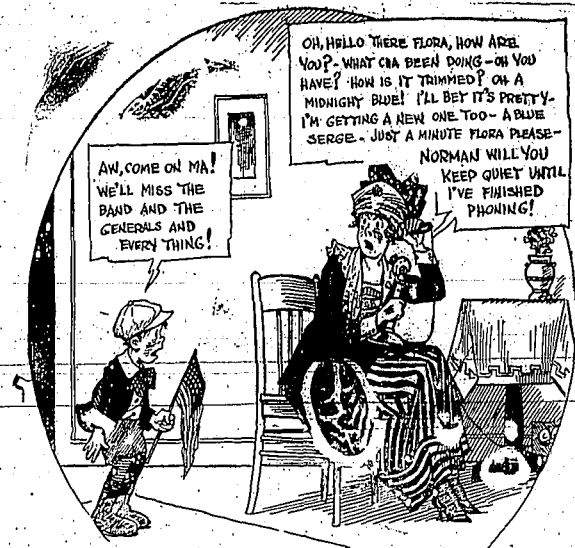

Mr. Stevenson argued that the attorneys for the plaintiff had opened the gate for such questioning by themselves asking talesmen if they would call a man an anarchist for holding views opposed to the military system. He was allowed to proceed by Judge Tucker.

The talesmen were of one mind on all the questions. They would, they answered, regard a man as an anarchist because he believed that international difficulties could be settled without bloodshed.

While Mr. Stevenson was defining the term "anarchist" as he said the term was applied to the Tribune by Mr. Ford meaning one who spent hundreds of thousands of dollars in attempting to influence the public and congress against preparedness, and thus weakening the government to the point of anarchy, Mr. Lucking interrupted.

"We object, your honor. Why, on this basis will the United States not be an anarchist. We object also to the resumption that the Tribune can create definitions of words such as anarchy. We decline to accept the

Tribune as a standard for definitions." The talesmen expressed themselves in favor of preparedness. The gist of their answers was that Mr. Ford had a right to his opinions and the Tribune had the same right.

FINES ELIMINATE BOLSHEVİK HOPE

Helsingfors Government's Representation Reaches America With Finlay and Secretaries.

By the Associated Press. NEW YORK, May 12.—Armas Saastamainen, designated by the Helsingfors government to represent it in Washington, arrived here today with his family and two secretaries aboard the steamship Frederick VIII from Copenhagen.

"It is the greatest thing that has ever befallen the people of Finland to place our government on firm grounds," said Saastamainen. Bolshevism has been entirely eliminated from Finland, according to the minister, who said that "for more than a year the situation has been quite satisfactory both externally and internally."

The envoy declined to discuss probable candidates for the presidency, but admitted General Mannerheim undoubtedly was "the most popular man in Finland at the present time."

FOOD NOT A CURE.

PARIS, May 13.—(French Wire Service)—The feeling of the Russian population is not a solution of the Russian question. It is stated in a memorandum sent to the peace conference by Prince Lvov, Sergei Sazonoff and President Tschackowky of the north Russian government, concerning the proposal to feed soviet Russia through neutral countries on condition that the Bolshevist cease hostilities.

"The allies wish to assist the Russian people and to reduce the starvation brought on by the Bolshevist regime. This can not fail to awake deep feelings of gratitude in the Russian people."

"Nevertheless the signers of this declaration consider that the realization of this generous thought will have a contrary result unless efficient measures are taken to prevent the Bolshevist authorities from interfering with the realization of Russia. To bring failure to this deed of humanity would be of use only to the protectors of the Bolshevist regime and would help to prolong their domination."

"The task which the Russian national government must fulfill is to liberate Russia from the yoke of those who have reduced her to her present state of impotence and to the necessity of relying upon foreign countries for her food."

# BOND ISSUE IS TO MEET OPPOSITION

### Clear, Sullivan and Others Initiate Movement Against Paving.

## CLAIM INAQUITABLE BENEFIT DIVISION

### Assert Part of City South and West of Main Street Are Denied Part in Program.

Opposition to the paving issue has been upon last week developed yesterday at a meeting of residents living west and south of Main street who plan to fight the proposed issue. The movement, which was inaugurated shortly before the conference of residents in these sections last evening, morning and which will be led by J. N. Clear, D. E. Sullivan and others, resulted from the failure of city council to include in its paving program any streets in these sections of the city.

According to statements by Mr. Sullivan, to these sections existing those who are not to make the fight on the bonds are opposed to a paving program, but have been informed that the bonding capacity of the city will be reached if the proposed bonds are sold and it is hoped that by defeating the issue now the question of paving will be submitted again immediately with at least one street in these sections included in the program.

"We had understood that we would be included in the paving plans," said Mr. Sullivan, "and only discovered later we were to be left out when it was too late to make a formal protest. We want to see the paving work done. Personally I would like to see the entire city paved, but believe that the program should be a more equitable one."

"Sixth, seventh, eighth, ninth and tenth avenues are all included in the plans, even some of the alleys being included. We will have to pay our share of taxes and will willing do so if we can get even one street—preferably Second avenue—included. No."

## BAKERS CONCLUDE STATE CONVENTION

### Problems Arising From War Conditions of Their Industry Add to Interest—40 Attend.

Master bakers of Idaho concluded a two-day session here last evening with a banquet. The meeting was pronounced the most successful in the history of the organization. There were 40 in attendance.

Yesterday's sessions were devoted to a discussion of the problems the bakers of the state have had to face since prices of commodities entering into the making of bread and other bakery goods have been rising. Representatives of flour mills, wholesale grocers and an yeast company made talks to the delegates.

Holes was selected as the meeting place for the next state convention, while A. J. Stephen of Boise was elected as delegate to the national meeting of bakers in Chicago next fall.

In speaking of the convention J. W. Wilson of Boise, president of the association, said, "We have been well pleased with the treatment that we have received here. Without a doubt the meeting has been the most successful that we have ever held."

"Interest in the association is growing and we have a membership of 60 master bakers in southern Idaho as an indication of the interest. Every master baker in Idaho was present at this convention."

## PEASANT REVOLTS BECOME FREQUENT

### Rebellion Against Bolshevik Spreading Throughout Russia, Says Returned Consul.

By the Associated Press. WASHINGTON, May 13.—Increasingly frequent revolts by peasants in the country districts of Russia against Bolshevik oppression, and many were reported to the state department by R. C. Treadwell, former American consul at Petrograd, recently released from internment at Tashkent. "Severe reprisals against many towns and villages have resulted from these uprisings," Consul Treadwell reported. He added that newspapers in Bolshevik territory barely mention the outbreaks, so that news of the real feeling of the peasants failed to reach the outside world. Consul Treadwell only recently succeeded in getting out of Russia after making the trip from Tashkent to Petrograd in peasant clothes and accompanied only by a Russian interpreter.

BOISHEVICKI REFUSE. By the Associated Press. PARIS, May 13.—A wireless message received here addressed to Dr. Pictet-Nansen, head of the commission to feed Russia, from M. Tshetverin, Bolshevik foreign minister, and relayed by the foreign office in Berlin announces that the Bolsheviks refused to cease hostilities as a condition of the provisioning of Russia by neutrals.

## To Tax Patent Medicines And Toilet Articles

### One Cent On Each 25 Cents of Sale Price to Be Collected by Government.

By the Associated Press. WASHINGTON, May 13.—Consumers are required to pay a tax of one cent for every 25 cents of the purchase price of practically all toilet articles and all patented or advertised medicinal articles, under regulation announced today by the internal revenue bureau defining the taxability of such commodities under the revenue act.

The tax, which became effective May 1, is made applicable to all medicinal preparations sold under patent or trade mark or produced by a manufacturer having, or claiming to have, exclusive right of title to make such preparations. It also applies, it was said, to all medicines recommended or advertised as "remedies or specifics" for any disease, as well as to all unadvertised medicinal preparations produced by a manufacturer having, or claiming to have, any "private formula, secret or occult art," used in their production.

"Medicine," as defined in the regulations as a remedy for disease of human or animal body. Recommended or advertised" is construed as meaning "representation by any means, whether by personal canvas or statement on labels, in pamphlets or in advertisements."

Many substances not used solely for medicinal purposes, such as toilet soap or tooth powder, when used under a trade mark, as medicinal preparations are also subject to the tax. The tax does not apply under the regulations to food, preparations, poisons, insecticides, medicinal disinfectants, anti-scums and antioxides or varnishes.

and bacterines "not advertised to the general lay public." Soap and toilet preparations are practically the only toilet articles not included in the taxable list under the regulations.

## HERD BANK CLERKS GATHER IN CHANGE

### Local Branches Stick Up Employees of California Bank and Boost With Coin.

By the Associated Press. OAKLAND, Cal., May 13.—After forcing the cashier and four girl clerks to enter a vault two young armed men robbed the First National bank at Emeryville, near here of an amount estimated by the bank to be \$3,000.

Shortly before three o'clock one of the bandits entered and asked "Barham, the cashier, to cash a check. Barham told him he would have to be identified—and the youth—answered by pointing a pistol at the cashier and girl clerks. "Two of the girls ran for the street but were stopped by the other bandit—who had entered and drawn his pistol. All were ordered into the vault and the door closed, but not locked.

One of the bandits pulled down the blinds, after which he joined the other in collecting coins and currency from the counters. After ordering the occupants of the vault to remain in there for an interval and to make no outcry the bandits left the bank and drove away.

Barham immediately notified the police.

## SMITH EXPRESSES HOPE FOR BRUNEAU

### Declares Secretary Lane Looks With Favor Upon All Idaho Projects For Reclamation.

Plans to have the Bruneau tract, when it is completed, known as the

Lane project will aid greatly in having it given primary consideration if the reclamation program planned is pushed through during the coming season of congress, according to Congressman Addison T. Smith, who addressed a large crowd at the high school auditorium last evening.

Mr. Smith declared that Secretary Lane looked with favor on all Idaho projects. He praised the work being done by the Idaho reclamation association which was recently organized, stating that it could do much towards helping Idaho's congressional delegation secure needed legislation for the reclamation of the said lands of the state. He also urged that Twin Falls send a delegation to Washington to augment work to be done by the committee sent by the Reclamation association.

Mr. Smith will leave today for periences in France and also told of his regret that he has been unable to find Twin Falls "own" company after an all-day search in Germany.

Mr. Smith will leave today for Boise. After a visit at Moscow with his son he will return to Washington to be on hand for the opening of the special session of congress May 19. Hon. M. J. Buckley presided at the meeting.

## FILED TO RUSH ROAD BUILDING

### John Shiles, Director of Roads for District is Active On the Job—Organizing Forces.

John Shiles, recently appointed director of roads for the Piler Highway district, assumed his duties yesterday. He is now busy organizing the work that will be done by the highway district. The bonds of the district were sold, subject to the approval of the election of the district, previous to the last election and the money for the work planned by the board is now available. A force will be gathered immediately

to make necessary surveys and other preliminary work while a three-room office building is to be built by Mr. Shiles for the use of his force. Mr. Shiles came to Piler from California where he was employed on a road engineer and supervisor. The organization of the Piler highway district, the voting of \$10,000 worth of bonds, the sale of them and the organization of the force has been accomplished within the past three months and is a record for this part of the state.

## WHEAT DISEASES BAFFLE FARMERS

### Government Experts Believe Australian Seed Grain Introduced Two New Pests in Illinois.

By the Associated Press. WASHINGTON, May 13.—Although the two wheat diseases recently discovered in Madison county, Illinois, and which previously were unknown in this country, may cause heavy losses to individual farmers, the losses in the area affected will have no appreciable effect upon the total production of this year's wheat crop, a statement issued today by the department of agriculture. The first of the two diseases, said the statement, apparently is identical with the "take all" or "white heads" known in many foreign countries. The second is flag smut of wheat. As both pests are extensively known in Australia, federal experts sent to Madison county are of the opinion the diseases were brought to this country in seed shipped from Australia. As a result a nation wide survey now is in progress to find if either or both of the diseases have been introduced anywhere else in the United States. All grain growers have been urged to help their state experiment stations and the federal authorities in this work and thereby aid in preventing the spread of pests.
