TWIN FALLS, IDAHO, WEDNESDAY MORNING, MAY 21, 1919.

PRICE FIVE CENTS

ABANDON HOPE BUT CARRY ON MAKING PORT

Crew of NC-3 Experience Feeling That Rescue Is Improbable.

TOWERS RECOUNTS STORY OF HIS TRIP

Says That but for the Bad Weather All Three of the Navy Planes Would Have Finished.

By the Associated Press.

PONTA DEL GADA, May 20.—"Exceptionally bad weather, which was totally unexpected, was the sole reason for the failure of all three of the American navy's airplanes to fly from Trepasser, New Foundland, to Ponta Del Gada on schedule time," said Commander John H. Towers to the correspondent of the Associated Press tonight.

"The man who commanded the over-seas flight in his flagship NC-2 and the members of his crew were much refreshed after having regained sleep last while bucking the storm for 18 hours and being rescued, but completely they showed no sign of fear and carried on until they arrived in port here Monday and heard the firing salves in welcome and witnessed the scenes of general jubilation over their escape from the sea."

"Having run short of fuel and encountered a heavy fog, the NC-3 came down at one o'clock Saturday afternoon in order that we might obtain our bearings. The plane was damaged as it reached the water and was unable again to rise. While we were drifting the 225 miles in the heavy storm the high seas washed over or pounded the plane, and the boat began to leak."

"Pump Works Hard."

"To fasten the water under the boat that members of the crew took turns in bailing the hull with a small hand pump, while others stood on the wings in order to keep the plane in balance. Meanwhile we were steering through the fog."

"That our radio was out of commission was not known to the crew until our arrival here. Communication had been cut off since 9 o'clock Monday morning owing to our having lost our radio wires."

"We ate chocolate and drank water from our radiator. This was our only means of subsistence. The crew smoked heavily in order to keep awake while we were drifting. No sleep was obtained more than four hours sleep after leaving Trepasser until Ponta Del Gada was reached."

"The hands of all the members of the crew of the NC-3 were badly swollen as a result of their heroic work at the pump. Otherwise they did not undergo any suffering, except Lieutenant Commander McCullough, one of the pilots, who had a rather severe attack of seasickness. The men have now fully recovered from their trying experience."

Enters Heavy Clouds.

"The NC-3 encountered heavy clouds at 10 o'clock Saturday morning," Commander Towers said. "The light instruments on board failed and we sailed the plane above the clouds in order to get the benefit of a moonlight reading of the instruments."

"We kept in sight of the NC-4 until nearly daylight Saturday and with the NC-3 until shortly after daylight. All the planes were flying in formation, but the NC-1 and NC-4 were underneath the clouds part of the time, because their light instruments were good."

"The NC-3 had no difficulty in being guided by star shells, searchlights and smoke from the station ships until we reached station 14, which was not seen."

Took Parallel Course.

"I assumed that we were off our course, but did not know on which side and began flying a parallel course with what I thought was the direction of Corvo. Shortly after daylight we encountered a heavy fog, rain squalls and high winds all of which continued until the NC-4 went down upon the water."

Will the Memorial Be Under Way When The Boys Reach Home?

The day is approaching when "our boys" will return from the Great War.

Twin Falls has pride in their part in the great conflict—pride in their valor—pride in their patriotism.

With plans matured for the Memorial which is to be built for them and those of their numbers who will not return;

With the great state of Idaho doing her share, and a community united as was this in adoption of the plans for the Memorial,

There must be and there will be no delay in entering on the work of building that Memorial.

The drive for subscriptions is on.

Those who can not give large sums can give small. Those who cannot pay now can give notes payable later. But all can subscribe NOW.

There is no excuse for delay.

Large donations should reach the executive board quickly, for time must not be lost in this undertaking.

Don't wait for some one to call and see you: You know your duty. Do it with the full pleasure it will afford you.

You want to be one of those who help build the Memorial for "our boys." You will want one of the membership certificates which will be your evidence of your part in this testimonial to those who went across for us—and those who "went west."

Twin Falls must not lag. This work must go on. It must grow. Those boys must not come back to find that we have FAILED IN THE UNDERTAKING, and that our hand clasp is chilly and our words of welcome have no meaning.

Summary of the International Situation

By the Associated Press.

The German peace plenipotentiaries at Versailles are to make known in full to the delegates of the allied and associated powers.

At Thursday what points of the peace treaty they acquiesce, and what points they object to and desire modified.

Thursday is the time limit for the German reply and no extension has been granted.

Although leaders throughout Germany have declared that the treaty is unacceptable and will not be signed, the opinion in Paris seems to prevail that after the representatives of the allied and associated governments have considered the objections raised by the German plenipotentiaries and formulated their final reply, the Germans will affix their signatures to the compact.

Marchal Foch is taking nothing for granted as regards the probable action of the Germans.

At the occupied areas and has informed the council of four of the military preparations that have been made and on the Germans refusing to accept the allied peace terms.

Alkowitz, General Frenking, the American commander, is wide awake to the possibilities of the situation. A trip to London planned by him for the present week has been indefinitely postponed, and he will remain on the Rhine until all is settled.

The American financial experts are still discussing economic matters with the Germans at Versailles.

The reply of the council of four to the German note regarding reparations will focus that it is impossible to disclaim responsibility from reparations and also decline to admit that the German people may disclaim responsibility for the actions of the former German government.

SUPPLIES GETTING SCARCER

By the Associated Press.

VANCOUVER, B. C., May 20.—Special dispatches received here from Winnipeg today said restaurants and grocery stores of Winnipeg were closing down because the general strike has made it impossible for them to obtain food to sell. The gasoline supply in Winnipeg and vicinity is said to be down to the last 50,000 gallons after week-end sales of approximately 100,000 gallons.

IMPOSES DEATH SENTENCE

By the Associated Press.

SAN FRANCISCO, May 20.—The death sentence imposed on Pedro Rico, Spaniard, for the murder of Mrs. Manuella Ortiz in San Bernardino, on October 19, 1913, was affirmed by the state supreme court here today.

Rico killed the woman, who was his landlady, with a razor after a quarrel.

READ HOPES MAKE EUROPE THIS EVENING

Will Stop at Lisbon Overnight to Secure Supplies.

LAST LEG OF TRIP FOLLOWS THURSDAY

NC-1 Sinks Off Corvo Coast and NC-4 Makes Flight to Ponta Del Gada—Is Only Hope.

By the Associated Press.

PONTA DEL GADA, May 20.—Lieutenant Commander A. C. Head, in command of the American airplane NC-4, expects to start for Lisbon at 6 o'clock tomorrow morning.

He hopes to reach there before dark.

If all is well with the flight, an overnight stop will be made at Lisbon and the NC-4 will proceed on the last lap of the trans-Atlantic journey for Plymouth, western permitting.

The NC-4 was overhauled here today and took on a full supply of fuel.

The NC-1 which was in command of Lieutenant Commander Bellinger, sank off Corvo this afternoon after the United States destroyer Fairfax was unable to salvage her.

The heavy seas made towing impossible, and the destroyer stood by waiting for the weather to moderate.

The body of the machine filled with water and the wings were broken off. This, combined with the weight of the engine, caused the plane to settle many fathoms deep.

TWO BANDITS ROB CALIFORNIA BANK

Stick Up Girl Employees, Gather Up Currency and Depart in Truck—Foster Pursue.

By the Associated Press.

AUBURN, Cal., May 20.—A posse of 50 men was searching Placer county tonight for two bandits who held up two women clerks and robbed the First National bank of Auburn today of \$1,650 in currency.

Miss Mary Lukens and Miss Lillian Krolchbaum, employees of the bank, were the only persons in the building when the bandits entered. One of the bandits pointed a revolver, at them and forced them to retreat to a room, they said.

The bandits hurriedly collected all the currency in sight and fled.

The two women said they remained in the room five minutes and then attempted to telephone the sheriff's office.

"I got a response they telephoned the cashier at his home."

RUGS AT ANCHOR

WASHINGTON, May 20.—Tugging at anchor in the harbor of Ponta Del Gada, Azores, the airplane NC-4, the lone surviving entry of the American navy for the first trans-Atlantic flight honors, awaits only favorable weather for the start of the 500-mile dash to Lisbon, Portugal.

After three days at Horta, where she landed upon completion of the record-breaking flight from Newfoundland, Lieutenant Commander Albert C. Head's big ship flew to Ponta Del Gada today, covering the 150 miles in one hour and 44 minutes. This was at the rate of approximately 85 miles an hour.

Plane Is Fit.

Rear Admiral Jackson is reporting.

U. S Is Too Large To Own Its Utilities

By the Associated Press.

NEW YORK, May 20.—The experience of the nation in fostering operation of railroads, the inherent part of the telegraph and telephone lines has convinced Secretary of Commerce Redfield that such government operation of the great system of inter-communication in a country as large as the United States is not a good thing.

Speaking at a dinner of the Purchasing Agents' association here tonight he announced this as his own settled judgment.

JAY-WALKING IS TABOOED BY COP

W. A. Austin Stationed at Main Corner to Keep Crows Moving in Proper Direction.

No more jay-walking in Twin Falls at the corner of Shelton and Main streets.

No more cutting kitty-corner across the street from the Mastic pharmacy to the First National bank building.

Realization that Twin Falls city council had declared war on this sport of the country town which has remained with the Peerless city during its adolescent period and has continued up through its youth was had by hundreds of pedestrians last evening when they beheld for the first time a "cop" stationed on the intersections.

W. A. Austin is the name of the "cop" and he will be stationed at this intersection during the hot congested hours of the day. He will keep automobiles from rushing around the "turning policeman" at a neck-breaking speed, he will force footwalkers to move along in city style instead of trying to save time by angling across the street and will force automobiles carrying the street to wait for their turn instead of playing hide and seek with cars trying to cross in another direction.

DUTCH REFUSE TO YIELD.

By the Associated Press.

PARIS, May 20.—Junkies Van Karnebeck, the Dutch minister of foreign affairs, again appeared before the council of foreign ministers today to discuss Belgium's claims as they affect Holland.

The position of Holland in the controversy appears to be absolutely opposed to any territorial concessions to Belgium, but she is willing to admit of arrangements for the use of the Meuse and Scheidt rivers by the Belgians.

RAILROADS TO BE RETURNED BY JANUARY 1

Wilson Tells Congress of the Plans in Message—Wants Legislation.

URGES REPEAL OF WAR DRY PROGRAM

House Plans to Pass Suffrage Amendment Today Hoppers Filled With Bills.

By the Associated Press.

WASHINGTON, May 20.—President Wilson's cable message outlining legislation for the extra session of the new congress was read separately in the senate and house today by clerks and arrangements were made by congressional leaders for immediate consideration of the vast legislative program with the equipment ready for the train to come up tomorrow in this house.

Major recommendations of the president were for early return to private ownership of railroads, telegraph and telephone lines, for repeal of war-time prohibition laws, for as applying to beer and wine, for woman suffrage, reutilization tariffs, protection of the distressed industrial age labor and employ-

ment contracts. The president announced his intention to turn back the railroads at the end of the calendar year.

Meets No Opposition.

Republican leaders met the president's proposal for early return of public utilities by statements that such legislation already was planned. As to the prohibition recommendation, both republican and democratic leaders joined in vigorous statements opposing the measure. The president's message was read in both senate and house as ascertained by leaders was general that the ban of beer and wine would not be lifted.

Presentation of the president's message—the first ever transmitted to this country by cable—was the principal business of today's session. Neither the senate nor house were in session much more than an hour, the former adjourning until next Friday and the house until tomorrow. Before the president's message was read, the house arranged to take up tomorrow the woman suffrage resolution.

The adoption before adjournment is planned. Senate leaders have promised prompt action in the upper body, possibly early next month.

Bills Appear in Floods.

The first of bills and resolutions operative in the senate today, which scores upon were thrown into the house hopper which yesterday received about 1,100. The principal measures in the senate asked for copies of the peace treaty, for definition of the American policy in Russia, adoption of woman suffrage, establishment of a federal budget system and repeal of the luxury taxes and the daylight saving law. All were referred to a committee, democratic senators objecting to the present measure.

Republican plans for many investigations were launched in a resolution by Chairman Greene of the house merchant marine committee, proposed inquiry into operations of the shipping board and emergency fuel corporation. Representative Welly of Ohio, asked for an investigation by a non-partisan committee on "irregular and unlawful expenditures" of the president's campaign.

Belgian Fails Here.

Of the recommendations in the president's message, the return to private ownership of railroads and wire and repeal of war-time prohibition against beer and wine drew the most interest at the present session. It was agreed that legislation dealing with the public utility virtually is assured at the present session. Leaders were also interested in the president's statement that if he was unable to win administrative questions affecting telegraph and telephone systems he could "bring the exact date for their return also."

In proposing the beer and wine repeal measure, the president said the "demobilization of the military force" has "proceeded to such a point that it seems to me entirely safe to remove the ban upon manufacture and sale of wine and beer."

It is necessary to remove the prohibition provisions, the president said.

Society INTERPAGE Fashions

Among the clever parties given for the brides-to-be was the dinner dance given by Mr. and Mrs. Merlin Batley...

A seven o'clock dinner at the home of Mr. and Mrs. Batley started the evening. The table was beautifully decorated with lilacs and hollyhock ribbons reaching from the large basket to the table.

The party adjourned to the home of Mr. and Mrs. Smith where the remainder of the evening was spent with dancing.

Among the Sunday picnic parties was the one that went to Hagerman valley for the day. Those that left from Twin Falls were Mr. and Mrs. L. J. Miller and family, Mr. and Mrs. John Hickey, Mr. and Mrs. Wm. and family.

Mrs. George Leopold entertained a few of her friends Monday evening at a little bridge party. At the close of the evening the hostess served delicious refreshments.

The next meeting of the Hagerman Social club will be held at the home of Mrs. Wm. and Mrs. David.

UTAH GROWS SUGAR BEET SEED EQUAL TO EUROPEAN Agricultural Experimental Farm Has Developed Species Distinctly Valuable in Irrigated Lands

By the Associated Press. LOGAN, Utah, May 20.—Sugar beet seed, equal, and frequently superior to European seed, is being supplied to sugar beet companies in this section...

Due to the fact that war conditions cut off the supply of European seed it became necessary for farmers in this country to cultivate their own seed and the efforts of the experiment station has been in this direction for some time and there has been developed a strain of pedigreed sugar beet seed that is hardy and in every way suited to western conditions.

Authorities at the college declare that the United States is rapidly becoming independent of Europe for its sugar beet seed supply.

ELEVATOR EXPLOSION KILLS THREE, CAUSES LOSS \$140,000

By the Associated Press. MINNEAPOLIS, May 20.—An explosion at the mid-Park elevator here today resulted in the death of three men and injury to four others.

Mr. and Mrs. C. J. Benson of Kimberly was in the city shopping yesterday.

F. E. Wamsness of Coeur d'Alene is in Twin Falls for a brief business trip.

H. H. Bailey of Gooding is in the city on a short business trip.

Mrs. Tillery of Dubuick was among Twin Falls shoppers yesterday.

Mrs. Graybill, accompanied by her sister, was in Twin Falls from Fillet yesterday shopping.

Mrs. L. A. Adams of Kimberly was in the city shopping yesterday afternoon.

Mrs. Zina Peckett of Murlough was in Twin Falls shopping yesterday for a short time.

Bishop F. L. Hoskins of the United Brethren church of Laramie is here visiting with his daughter, Mrs. A. M. Calverly before continuing on his way to the Pacific coast conference.

JUDGE DUVAL IN HOLLISTER. Judge O. P. Duval was in Hollister on official business yesterday afternoon.

TOTTERDELL-QUINN. W. S. Quinn of Dubuick and Mary E. Totterdell of Jordan Valley, Oregon, were united in marriage yesterday afternoon by Justice of the Peace W. H. Mallory.

RUN WATER ON RAMON. Water will be run on the Salmon tract next Monday, according to an announcement by Manager J. C. Porterfield. The water will be turned into the canal so it will be available for the farmers Monday morning.

FOR THE HONEYMOON TRAIL

By BETTY BROWN.

One should be beautifully garbed when the long, long trail of love turns into the honeymoon trail. Modern brides must provide two traveling costumes—one for motoring and one for travel or permanent but necessary.

At the left is the swankiest of motor coats—or really a cape dress developed in old, gold, colored suedes.

...much, buttoned down the front and lined in soft-tone silk satinette. The cape is lined in gray satin, with a close little motor belt to match. For train travel—as well as a walking costume—is a most chic design in a box cut of French blue lined with black satin, a huge braided skirt, and a waist of old gold, with jetting belt to match. This is a French blue straw tricorn veiled in blue tulle with a bow of peacock hues.

WOULD BAR EXPORT CHILD'S PRODUCT

Bill to Be Introduced in Congress De. signed to Cut Off Employment of Little Ones.

By the Associated Press. CHICAGO, May 20.—Sir Arthur Newbould, of England, and Owen Lovejoy, secretary of the national child labor committee, conferred today while attending closing sessions of the international child welfare conference. Mr. Lovejoy said that his committee plans to have introduced in congress a bill which would embargo exported products of child labor.

Sir Arthur called attention to rigid English laws which virtually prevent child labor under the 16 year age limit now and carry provisions which in seven years will raise the limit to 18 years. "Modern child welfare work has only begun in Japan," said Dr. Tokuyuki Nanyaya of the Japanese interior department at the conference. "Modern christianity is responsible for the impulse given it. But Japan is a paradise for children, and a greater percentage of the children have their own mother's care than in many other nations. We have few foundlings—only 284 last year in 60,000,000 people."

FIRE SWEETS DEATH TOWN? DAMAGE ESTIMATED AT \$100,000

By the Associated Press. HUNTER, Utah, May 20.—Fire, said to have been of mysterious origin began in the rear of a bakery in the business section of Hunter today, caused damage estimated at \$100,000, and was not placed under control until the fire department from Price, seven miles away, and that of the Denver and Rio Grande railroad here came to the assistance of the local department. The flames spread to a rooming house shortly after being discovered, but all guests escaped unhurt.

QUIET RESTORED IN SMYRNA: GREEKS CONTROL SITUATION

By the Associated Press. PARIS, May 20.—Dispatches received from Smyrna this afternoon indicate that the city is now quiet and that the Greeks are taking steps to restore tranquility. In the churches Greek priests are recommending just treatment for the Mohammedans and making every effort to prevent a conflict over religious beliefs. The Italians, who landed troops at

Adaha, Vilayat and Konieh, prior to the landing of the Greeks in Smyrna, also dispatched troops to Trabzon, 96 miles southeast of Smyrna and also at Makti in the Vilayat of Smyrna and on the gulf of Makti, May 17.

School Notes

ANNOUNCE EXAMINATIONS. Miss Brittonat Wolf, county superintendent of schools, announced the schedule of eighth grade examinations yesterday. The examinations will be held May 27, 28 and 29. Examination in arithmetic, geography, grammar or language and physiology will be given on Tuesday; on Wednesday the tests will be on spelling, penmanship and civics. The examinations will be held at 10 o'clock.

TEACHERS ARE SELECTED. Teachers for the ensuing year have been selected at Pleasant View. Mrs. Harriet Wilson will teach in the upper grades, and Miss Halley Welch in the lower grades.

SCHOOLS CLOSE FRIDAY. Schools at Hollister and at Artesian City will close Friday. Social programs will be given at both schools.

SUPERINTENDENTS HERE TODAY. County superintendents of the south central Idaho counties will meet today at the offices of Hal G. Blue, superintendent of city schools, to make plans for the teachers institute that will be held here this fall. The meeting will convene at 10 o'clock. Mr. Blue will be conductor of the meeting.

SHIPBUILDING TO GO TO PEACE BASIS

Decision of Program Will Eliminate Guarantees to Builders by Government.

By the Associated Press. WASHINGTON, May 20.—Revival of the shipbuilding program to a peace time basis was put before the representatives of Atlantic, Gulf and Lake yards by the shipping board at a series of conferences concluding today which held preliminary to submission to congress of "automator" program needed to furnish the great merchant marine.

The builders were asked if they were prepared to accept flat prices, in lieu of the old cost-plus system, in volving a lower margin of profit and no study of the situation and formulate their answers. Pacific coast builders will meet with the board Thursday to consider the same problem.

PRINCE WILL VISIT CANADA. OTTAWA, Ont., May 20.—The Prince of Wales will visit Canada next August and will take part in the ceremonies incident to the opening of the new parliament buildings. It was announced here today.

OWNER WILL SELL

THE MOST PERFECT 160 ON THE SALMON TRACT

Deep, rich soil, free of rock, smooth as a floor, and included in the new segregation of 35,000 acres.

It has been in clover for several years. In wheat this year with 80 acres seeded to alfalfa.

Small house, barn, very large cistern, and all fenced hog-tight. Only 2 miles from Hollister and is the best buy on the tract.

"The One Woman" is the only picture of its kind and one of the finest achievements of foto play art. SHOWING TODAY AND TOMORROW Popular Admission Prices, 10, 15 and 25—including the war tax.

SWEELLY LANDS ON UTILITIES BOARD

Local Man Will Succeed John W. Graham—Patch Refuses Position Made Adjutant General

E. M. Sweeley, of Twin Falls has been appointed as a member of the utilities commission to succeed John W. Graham, according to information furnished from Boise yesterday.

The appointment of Mr. Sweeley follows the refusal of Colonel Patch of Payette to accept the position. Patch was appointed to the place while he was still with the A. E. F. in France.

According to reports from Boise, Patch discovered on his return that he would be eliminated from participation in politics if he accepted the position as the law creating the utilities commission prohibits a member of the commission from resigning to accept political position; neither can he run for office until two years after his term on the commission expires.

Colonel Patch has been appointed an adjutant general to succeed Albert M. Wilson, who goes to north Idaho as pure food inspector.

Captain Sweeley announced yesterday that he would accept the position tendered to him.

TREATY BECOMES OPERATIVE WHEN BIG THIRD SIGN

By the Associated Press
PARIS, May 20.—The text of the clause in the peace treaty, under which the treaty becomes operative between the warring countries as soon as Germany and three of the principal powers sign the document, is as follows:

"The present treaty shall be ratified. Deposit of ratifications shall be made at Paris as soon as possible."

"Orders of which the state government is the sole depositary shall be entitled to inform the government of the French republic through their diplomatic representatives at Paris that their ratifications have been given, and in that case they must transmit their ratification as soon as possible."

"A process verbal of deposit of ratifications will be drawn up as soon as the treaty has been ratified by Germany and by three of the principal powers, and on the date of this process verbal the treaty will come into force between the high contracting powers who have ratified it."

WANT WATER OUTLET FROM MISSISSIPPI TO THE WORLD

By the Associated Press
ST. LOUIS, May 20.—The United States shipping board will hold a special meeting within the next few days to consider the request of the St. Louis chamber of commerce for 25,000 tons of ships to carry freight from the Mississippi valley to foreign countries.

This information was received from Edward M. Hurley, chairman of the board, in a telegram to the chamber today, in which he says the chamber's petition for ships is the first the board has received.

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert, vigorous and vivacious—a good clear skin; a natural rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousand sickly, anemic looking men, women and girls with heavy or muddy complexions, instead of the multitude of "nervo wrecks," "rundowns," "brain fags," and pessimists we should see a veritable epidemic throng of rosy-cheeked people everywhere.

Inside baths is had by drinking each morning before breakfast a glass of real hot water with a teaspoonful of limonated phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to skin headache, biliousness, nasty breath, rheumatism, colds, and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limonated phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that the skin is the most important part outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

Now Taking Off the War Paint

When Kaiser Bill told us we should strip our ships like a barber pole and sail them where he ordered, we said we wouldn't. We put on our war paint instead and jumped into the fight. It's over, and here are the jackies removing the camouflage and putting the steel gray and white of peace on the sides of a battle cruiser.

INTERCHURCH PLAN TO BE DISCUSSED

Delegates Gather for Northern Baptist Convention in Denver—Many Problems Up.

By the Associated Press

DENVER, Colo., May 20.—More than 1000 of the 2500 delegates to the northern Baptist convention, which will open its week's session in the municipal auditorium tomorrow morning, and arrived tonight for what promises to be the most noteworthy meeting in the history of the denomination. Post-war problems, reconstruction plans, world-wide missions on a greater scale than ever attempted before and new plans of financing, which are regarded as radical departures from traditional customs, are to come before the great gathering, representing 10,000 churches in 25 states.

Outstanding problems on the eve of the convention were the proposals for an inter-church federation to finance all religious work of thirty denominations and creation of a general planning board to prepare and approve budgets for every department of church work covered by the constitution. Sentiment is sharply divided on these questions and it was considered improbable they would be adopted without spirited discussion.

It's toasted

JUST like your buttered toast. Lucky Strike, the real Burley cigarette, has the most appetizing quality because it's toasted. Toasting develops the Burley flavor.

LUCKY STRIKE cigarette

In two years the Lucky Strike cigarette has become famous because it's toasted—The real Burley cigarette.

For pipe smokers—the same toasted flavor in Lucky Strike tobacco.

When the Prince Comes, Which Will He Choose?

One of these pretty slayers may be the next queen of England. The prince of Wales is expected soon to take a bride. The choice in royal circles has been narrowed by the war. These daughters of the earl of Lovelace are most often mentioned in British circles, but no one knows which is most likely to receive the prince's offer of marriage. They are Lady Evelyn King, left, and Lady Phyllis King, right, and either would be popular with the British people as a royal consort.

DAYS OPPOSE WILSON PLAN FOR REPEAL

Will Ask Church Meetings to Urge Congress to Stand.

PROHIBITIONISTS PREPARE FOR FAY

Will Urge Enactment of the Measures Providing for Enforcement of War Time Act.

By the Associated Press.
NEW YORK, May 20.—The anti-liquor league was "not much surprised" at President Wilson's recommendation to congress that the war time prohibition law be repealed. William Anderson, superintendent of the New York state branch, declared in a statement issued here tonight.

"The vote was unable to keep from falling, after the return of Samuel Gompers, that some assurance had been given," Mr. Anderson's statement said.

"We shall be very much surprised if the republican party permits the president to put it in the hole on this question."

Plans of the league to have church congregations throughout the country adopt resolutions calling on congress to pass "adequate" enforcement laws for both the war time and permanent prohibition laws will be modified, he said, so as to make of the meetings "monitor mass meetings to protest."

The association opposed to national prohibition was "neither surprised nor over jubilant over the president's recommendation," he declared, in a statement, explaining that it had received "letters from Paris" two weeks ago that the president contemplated such action.

Presbyterians Take Action.
ST. LOUIS, May 20.—President Wilson was criticized today by Commissioners to the 131st general assembly of the Presbyterian church, U. S. A., for requesting congress to repeal or amend the wartime prohibition act and a resolution was adopted urging congress to sustain the law. "President Wilson is an elder in the church."

A copy of the resolutions was "delivered to the president" at follows: "This assembly, learns with pain that the president of the United States has recommended to congress that it repeal a part of war time prohibition, and in view of this fact we most earnestly petition congress that it not only retain the measure but that the measure be enforced to the fullest extent, to the end that the needs of our people for food may be met and that the efficiency and moral of our people be preserved."

When the resolution was read, the commissioners applauded for several minutes.

The Reverend Dr. D. M. Hindman of Columbus, Ohio, declared "such a stand is very unbecoming for an elder in the Presbyterian church, and for a man holding so high an office as that of president of the United States."

Joseph of Harrisburg, Pa., state chairman of the prohibition organization of Pennsylvania, asserted the "in its long history President Wilson has stepped in to betray the higher interests, and means the undoing of all that has been done."

Reinforcement of war time prohibition was emphasized further in the report of the American prohibition committee which requested congress to "oppose all efforts to rescind any part of war time prohibition to become effective July 1." The report advocated world prohibition.

The committee declared the use of force, especially by women, urged upon Presbyterians the non-use of them.

HINSHAW OPPOSES REPEAL.
CHICAGO, May 20.—Virgil G. Hinshaw, chairman of the prohibition party's national committee, in a state-

ment tonight condemned the proposal to repeal in a "strong" message today to remove the July 1 ban on light wines and beer. His statement concluded with the words that "every patriot should see to it that congress represents the people at large in the liquor question and not the ideas even of a great chief executive when his ideas are not in harmony with as many as one third of the people."

DEFERS ACTION ON TYPES OF SHIPS

Secretary of Navy Not Decided Whether New Bill Will Be Offered or Old Reintroduced.

By the Associated Press.
WASHINGTON, May 20.—The navy department has reached no conclusion as yet to types of capital ships to be recommended to congress on the question of composite ships which came up during the last session. Secretary Daniels had a preliminary conference today with Representative Butler, the new chairman of the house naval committee, and will later confer with the whole committee later in the week when a program for consideration of the navy bill will be shaped. The conference today, however, is understood to have had to do with the general legislative situation and routing of the bill rather than the building program.

Mr. Daniels said he believed it necessary that provisions of the naval bill covering pay and other running expenses be pressed to avoid complications at the end of the fiscal year. He indicated that he did not feel it necessary to reach a solution of the ship type controversy until service opinion could be harmonized.

The committee will decide whether a wholly new naval bill to be presented or whether the old measure, as it fell in the house, will be reintroduced. In the meantime Mr. Daniels has taken steps since his return to reduce the appropriations asked for where that could be done without impairing the efficiency of the fleet or slowing up the homebuilding program of the army and navy.

The ship type controversy probably will be fought out within the service itself, before Secretary Daniels makes any recommendations. For that reason it is anticipated that the new building clause of the bill will be amended to give wide elasticity as to types.

Mr. Daniels said that "nothing that transpired during the 1918" abroad had changed his opinion or that of his chief advisers regarding the use of captured German ships of war as part of the American naval force. He said that the conclusion reached some months ago that the war prizes could not be used effectively or economically as part of this country's fleet was strengthened if anything, by a closer inspection of the German ships.

CHRONICLE SCOOPS TIMES BY 12 DAYS

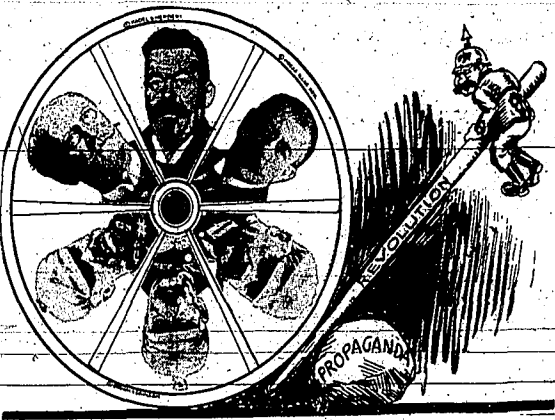

Evening Paper Prints Story Last Night Then in Morning Paper With Illustration May 20th.

Another illustration of the superiority of the news service of The Chronicle was demonstrated by the Times in its issue of last evening. The Chronicle, Friday, May 9, nearly two weeks ago, The Chronicle carried an illustrated story telling of the establishment by Rev. Stanley O. Tyndall and his family of a residence in the church building in Brooklyn, of which he is pastor. A picture of the church building being used as a home, and of the minister and his wife were shown in the illustration that was carried with the story.

Last evening, on page 2 of its issue, the sporting page—the Times carried an article on the same subject, but without any illustrations, under a heading of "Pastor and His Wife Forced to Live in Church."

Once more the Times demonstrated the superiority of The Chronicle's news and illustrated service.

WILL THE WHEEL TURN AGAIN?

NEED FEDERAL AID FOR ROAD BUILDING

May Be Unable to Do Anything on the East and West State Highway This Year Says Johnson.

Unless the state highway board can secure federal aid, nothing will be done on the east and west state highway this year, according to a statement of W. L. Johnson, director of highways for the Twin Falls highway district, yesterday.

Commencement of other work in the highway district will be started between 60 and 90 days after the awarding of a contract for the purchase of machinery for the crushing plant to be installed by the highway district. Contract for the crushing plant will be let next Saturday.

"It is the hope of the highway board to be able to award contracts so that work can start between 60 and 90 days from next Saturday," said Mr. Johnson.

"This will make the first work on construction start between July 24 and August 24."

"I believe that when work starts it can be continued until close to the first of the year. This would put the district in a position where real work could be done next year—and I think that the highway construction program can be completed in 1920."

"Nothing has been spent from our bond issue so far on road construction," said Mr. Johnson. "Some money has been spent from it for preliminary work—just how much I do not know."

Mr. Johnson stated that two paving concerns have shown much interest in

the road program of this county, the Puget Sound Construction company and the Western Construction company. The latter company has had representatives here at frequent periods.

Mr. Johnson announced that W. D. Edwards has been appointed chief engineer for the highway board succeeding C. A. Painter, resigned. Mr. Painter will remain with the board in a consulting capacity, preparing specifications for it.

STATE CALL FOR LEGION IS ISSUED

Service Men to Meet in Boise June 25—Is Open to All Returned Veterans.

Word of the elimination of this meeting of service men of the state called by Mark Shultz-at-Boise for June 6, was received at Twin Falls yesterday along with the call from Laverne Collier, secretary of the temporary executive committee for the American Legion for Idaho for a state gathering of returned men in Boise, June 25.

The call for the Legion meeting was received by Taylor Cummins, who is a member of the executive committee with John S. Green of Twin Falls.

Twin Falls will be entitled to eight votes in the convention, twice its legislative representation, but any returned service men who is entitled to membership in the Legion will be permitted to attend the convention. The call received yesterday says:

"All persons entitled to belong to the American Legion, which includes all persons in the army and navy during

the war, will be seated in the state convention, regardless of whether they are county delegates. Every person on the floor will have a voice in the proceedings."

With the receipt of the call plans for the smoker of the Twin Falls Service Men's association will take on definite vigor. It is the hope of the officials of the association as well as Messrs. Green and Cummins that the attendance at the meeting Friday night at 8 o'clock at the Parish hall will be the largest of any of the meetings that have been held by the association.

It is the plan of the executive committee of the organization to have several A. I. bazars on hand to give an exhibition of the mitt game, while cigars and some regular "chow" will be provided.

Service men can now register at the Idaho State bank, the offices of Swezey & Swezey, or at the farm bureau, books having been placed there for this purpose yesterday.

POISONER LANDS IN STATE PRISON

Ruth Garrison Reaches Walla Walla, Wearing Same Old Sarcastic Snout of Indifference.

By the Associated Press.
WALLA WALLA, Wash., May 20.—Ruth Garrison, poisoner of Mrs. Douglas Storrs, arrived here late today. Asked whether she deemed herself sane, she replied "Can't you take their word for that?"

Her eyes grew moist and her lips trembled, when she saw the penitentiary looming ahead of her.

THINGS IT NICER

YAKIMA, Wash., May 20.—"I think it will be much nicer to be at Walla Walla than to be sent to the gulch," said Miss Garrison, when informed at the depot that she was to be kept at the state penitentiary. "I think it will be better for me there."

Miss Garrison coolly stared back at the crowd of several hundred onlookers to get a glimpse of her as she entered the train which would take her to Walla Walla. When her guard pulled down the shade to shield her she remarked that it was "a shame to spoil their fun."

APPOINT DR. KLINE

By the Associated Press.
WASHINGTON, May 20.—Appointment of Dr. Julius S. Kline, recently chief of the Latin-American division of the bureau of foreign trade and democratic commerce, as military attaché to the American embassy at Buenos Aires, to succeed Robert S. Barrett, was announced tonight by the department of commerce. Dr. Kline has already sailed for Buenos Aires.

REVIEW TREATY OF 1850

By the Associated Press.
PARIS, May 20.—(Havana.) The council of five composed of the foreign ministers of Great Britain, France and Italy, Secretary Lansing and Ambassador Lansing, continued today its examination of the revision of the treaties entered into in 1850 by Holland and Belgium.
