

Society

Mrs. W. H. Dwight was hostess at a little luncheon last evening honoring Mr. and Mrs. C. Humphries and Mr. and Mrs. Reed of Jerome, who were here attending a recital.

The students of Gooding college paraded the streets of Twin Falls yesterday on their way to Shoshone Falls for their all-day picnic. There were about ten cars in the procession.

The Special club held a charming dancing party last evening. The music was exceptionally good. Everyone enjoyed a wonderful time.

Mrs. Phoebe Boyes was hostess at an informal party last evening. The time was spent with dancing.

The Ninth Avenue club met at the home of Mrs. R. A. Sudell Thursday

afternoon. A unique program was given by the members of the club. At the close of the afternoon the hostess served delicious refreshments.

A meeting of the Kings Daughters was held at the home of Miss Marie Stelmour Wednesday.

Keeping an Eye on Women Folk

Country school teachers in the state of Washington are supplied with postage boxes of their own instead of "boarding rooms" with farmers' families. A woman, Josephine C. Preston, is state superintendent of public instruction, and at her suggestion the

THE PAGE

Have You a Little Scrubmobile?

Breathes there a woman with knees so proud
"They never to the floor have bowed
is the necessary but painful duty of scrubbing?"

A few such lucky ones may exist, but for most persons of female persuasion there are times and occasions when home-making involves plain down-right floor scrubbing.

Such will welcome with delight a simple, hand-made "efficiency export" the scrubmobile.

The scrubmobile is a small wooden tray on wheels, and its purpose is to save the scrubber the energy and strength wasted in pushing and pulling a heavy pall of water over the floor. Also, besides saving the woman, it saves the floor, as the smooth casters of wood or rubber spare the floor surface from scratches.

"The scrubmobile! But the heavy scrub pall or wheel and save time and energy. Made at home the scrubmobile costs 25 cents.

HUN SPIES BUSY IN SWITZERLAND

Investigate Propaganda Campaign of Hostility Against Circulation of Tracts in Geneva.

By French Wireless Service. PARIS, May 23.—German spies and propagandists have resumed their operations in Switzerland, the correspondent of the Temps in Switzerland writes.

"A very important anti-British campaign has just been discovered," the correspondent adds. "Leaflets bearing the name of neither author nor printer are being distributed in great quantities, even in the offices of the most important Swiss papers. The Swiss papers have recently received a great quantity of these tracts, the German origin of which is very apparent."

"I can declare positively that a number of Germans lately arrived at Geneva were identified as former spies. They are spending a lot of money but it has not been possible to discover their particular kind of propaganda."

GRACHSMAN IS CAUGHT AFTER HAVING CAPTURED WITCHAM

By the Associated Press. SAN FRANCISCO, May 23.—The practice of the patrol drivers at the central police station of observing the searchlight of the "wagon," on a carf on the street in the early morning hours while a special policeman inspects the premises on his rounds, resulted in the capture of William Young, alleged criminal, early tonight. Diamonds and money to the extent of \$15,000 were in the safe. Guided by the flood of light, the special officer entered the place but did not return. A squad from the station found him in a closet, minus his pistol and reported that they found Young at work on the safe.

PLAN W. C. T. U. CONVENTION.

Plans have been completed for the district convention of the W. C. T. U. which will be held here on May 27 and 28. The meeting will be held at the Methodist Episcopal church. Dr.

Emma F. Drake, state president of the W. C. T. U., will be present. Miss Otis May McCormick, a reader and entertainer, will assist in the program. Dr. Drake will address the Twentieth Century club at their meeting in the park on Tuesday, the 27th.

INSTALL PARK CURBS.

Work of installing a curb on the triangle park at the corner of Fifth street, Sixth avenue and Blue Lakes boulevard is now in progress. The work is being done by the city workmen.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't Say Gray! Here's An Old-Time Recipe That Anybody Can Apply.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

"A well-known downtown druggist says it darkens the hair so naturally, and even says that nobody can tell it has been applied. You simply dampen a sponge or brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a legitimate toilet preparation for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of dandruff.

ROBINSONS

SHOES

This is a good place to buy shoes for the whole family, because you will find good shoes here at reasonable prices.

The Knu-Shu is one of the comparatively new ideas in the shoe line. Made from heavy brown canvas. With heels and strong durable soles. A shoe—not a slipper or a make-believe shoe, but a real shoe. One that looks good, keeps the foot in shape and is really worth while and priced most reasonable. Come in and let us show you.

STYLISH SHOES are here as well as the everyday sort. The smart looking pumps and oxfords in canvas, kid and patent leather. Priced most reasonable.

COMFORTABLE SHOES for women who want style and comfort combined. One in particular is a black kid lace that is really comfortable, at the same time, good style. Priced low at \$6.00.

A Good Purchase to Make

- 4 Rolls Toilet Paper (Crepe Finish)
- 4 Cakes Palmolive Soap (2 Toilet and 2 Bath)
- One Can Talcum Powder. (Palmolive)
- One Box Face Powder (Palmolive)

All for ONE DOLLAR

This store kept prices reasonable during the time prices were soaring in other stores. This policy has been consistently followed. A store where dependable merchandise is carried; where fair treatment is a principle and where confidence is the thing most desired. A store where you can come or send any member of your household with a feeling that "things are right."

Edward Robinson

rural districts tried the plan of building small cottages near each rural school to serve as a permanent home for the teacher. Such cottages now exist in 241 districts, and the effort has been to obtain better trained and efficient teachers who remain long enough to learn community needs and become valuable citizens.

The United States employment service reports that there are now between 11,000,000 and 12,000,000 women wage earners in the United States.

Mrs. Marion Horwitz O'Brien, mayor of Moore Haven, Fla., became a citizen when her town was a handful of houses, without a railroad. By developing drainage operations she opened thousands of acres to agricultural lands and the town boomed to a city, electing her first mayor. She is also president of a stock farm, a lumber and a building company, vice president and manager of the Moore Haven bank. And now her town has "all modern improvements."

The annual convention of the National Women Trade Union League held in Philadelphia June, will be addressed by Mary Anderson and Rose Schneiderman, returned delegates to the Paris peace conference representing women workers. Mrs. Mary Anderson, National women leader, and Miss Mary Van Kleeck, head of the women in industry service of the United States department of labor, will also be speakers. The league's object is to standardize and improve the conditions of employment and wages of working women.

Chicago's Women's City club, under Mrs. Edward Bemis, has undertaken a great "Pact of Races" or exhibition of the industrial and artistic work of Chicago's foreign-born citizens to be held during July at the Coliseum. Each of 18 races represented in the city will have its booth of exhibits and even a display of its typical dishes and cooking. The proceeds of the fair will be used to establish a permanent Americanization institute in Chicago.

HEROES OF ARGONNE FILE DISCHARGE PAPERS

John Calvert and Charles H. Andrews, both of whom fought in the Argonne offensive in France, filed their discharge papers with the county recorder yesterday. Both men entered the service in Twin Falls on June 28, 1918. Calvert was with his company from the opening of the Argonne-Meuse offensive on September 26, and continued to remain in the fight until the signing of the armistice. Andrews served with the 104th Infantry from September 25 until October 9 on the Argonne front. The discharge paper of Charles P. Larson was also filed.

MRS. ANNA KIRKMAN PASSES.

Funeral services will be held Sunday afternoon at 2:30 o'clock from the R. D. E. church over the remains of Mrs. Anna Kirkman, who passed away in Salt Lake City Thursday night.

A Gingham Gown

By BETTY BROWN.
"Now that plain gingham is really quite expensive, it is also quite popular for afternoon frocks advanced from the house-gown class to semi-formality. Nowadays one need not be surprised to see a silk frock with gingham trimmings! But this adorable little dress, in just plain gingham in pink and white plaid, made over a straight skirt and vest of white handkerchief linen, and trimmed with a hundred of more tiny pearl buttons. There is also a fully white collar and a touch of black velvet at wrist and throat.

The deceased was 70 years of age at the time of her death and has been a resident of the west for the past 30 years, coming to Utah when a girl from Pennsylvania. The deceased is survived by her husband, John Kirkman, of 237 Fifth avenue north, and seven sons and one daughter.

JUDGE UNITES COUPLE.

Judge W. A. Babcock united Nathan Singh, Hindu, of Burley, and Carl Gutterer, German, in marriage in his chamber Thursday evening. The couple will make their home in Burley.

FIGHT ON TREATY COMES IN SENATE

Partisan Feeling is Charged in Sharp Clash on Floor—Resolution Calls for Treaty Text

By the Associated Press.

WASHINGTON, May 23.—The peace treaty with its league of nations covenant was debated for three hours in the senate today, but at adjournment the resolution which furnished the vehicle for the discussion was over as unfinished business to come up again when the senate reconvenes Monday. The resolution merely calls on the senate to furnish the text of the treaty, but as the debate progressed discussion shifted to the merits of the league and treaty themselves. A dozen senators, including the leaders on both sides, were drawn into the discussion and sharp exchanges marked the bitterness of the fight that is to come when the treaty actually comes up for ratification.

Opponents of the treaty in its present form lined up generally for the resolution and those supporting the treaty, draft of the opposition. There was no attempt to reach a vote, however, and some senators predicted it would be several days before the preliminary skirmish would come to a decision. The leaders both for and against apparently are feeling their way carefully.

Senator Johnson of California, republican, author of the resolution, started the debate today with a short speech charging that the treaty supporters had "someday to conceal." This resolution drew an indignant reply from Senator Hitchcock of Nebraska, ranking member of the foreign relations committee, who declared the president was following well-established precedents in bringing the treaty to the senate, and that for the senate to reject it was to do otherwise would be a gross breach of international propriety.

Republican Leader Lodge, prospective chairman of the foreign relations committee, declared there was no impropriety in the resolution unless it were improper to call attention to the new method of open covenants openly arrived at. Every supporter in Germany, said the Massachusetts senator, was rejecting the treaty as mere publicity at Paris, yet the senate was provided only with a "worthless" official abstract.

bocks discovered, one a quart bottle and the other a pint bottle. A charge of illegal possession of liquor was made against him and he was arraigned in probate court. He acknowledged his guilt and was bound over to the district court. He will be brought here for a hearing following action in Jerome county on the charge of transporting booze. Marshall's car with its load of wet goods is now in Jerome.

STIPULATION IS ENTERED

Attorneys for Melissa J. Padgett, who is suing her husband, Edward F. Padgett for divorce, entered a stipulation in the district court yesterday with attorneys for the defendant on which it was agreed that the defendant should pay the plaintiff \$125 attorney fees, \$25 for court costs and \$50 a month alimony pending the settlement of the suit. All moneys, with the exception of \$2000 in a local bank, was released into the custody of the defendant by the plaintiff as well as an automobile. An order was issued by the court putting into effect the stipulation.

IS FINED FOR CONTEMPT

Fred B. Hansen was yesterday fined \$50 by Judge W. A. Babcock for contempt of court. Hansen violated a temporary restraining order against him granted on the request of Frank H. Damman. This action is connected with several others involving the use of irrigation ditches. Hansen himself is to be given a hearing on a contempt charge Monday.

ASKS \$308.90 JUDGMENT

Suit was filed in the district court yesterday by the Consolidated Wagon & Machinery company against Herman Walcott. It is alleged that this amount of an account contracted by Walcott has remained unpaid; \$100 attorney's fees is also sought by the plaintiff.

SUIT AGAINST W. R. SUMMERS

Suit was filed in the district court yesterday by the Idaho Land & Improvement company and C. F. Broderson against W. R. Summers. It is the allegation of the plaintiff that the defendant agreed to purchase a tract of land from the land company and to pay thereon in the spring of 1913, paying \$25 at the time, \$750 on March 1, 1914, and \$1000 on December 1, of the same year—with additional payments from time to time. It is alleged that Summers did not make a payment of \$1000 on December 1, 1914, and has since made none since then. The land involved is the west half of the northeast quarter of the southwest quarter of section 21, township 10 south, of range 18 E. 3d, and lots 2, 3, 4, 5, 6, 7, 8 and 9 in block 2, and lots 2, 3, 4, 5, 6, 7, 8 and 9 in the Albert tract.

ALLEGED ROAD OBSTRUCTION

Suit was filed in the district court yesterday by the Boise highway district against E. B. Vanderman. It is the allegation of the plaintiff that the defendant has set some fence posts in the public highway, that he refuses to move them, but threatens to put in more posts and stretch wire from post to post.

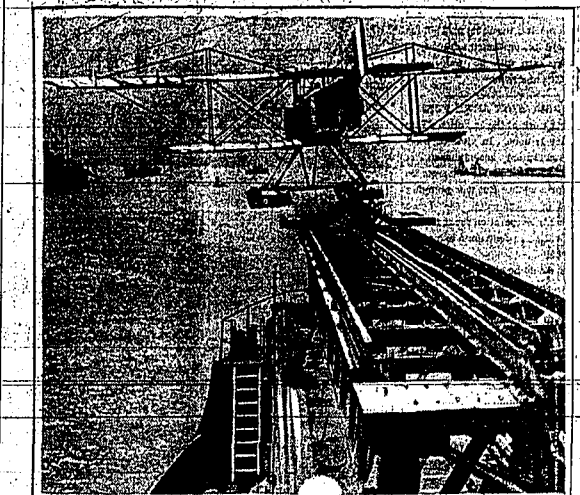

CALENDAR CALLED TODAY

This is calendar day in the district court. The application of three aliases for naturalization papers will also be heard by Judge W. A. Babcock.

ANNA BOUSMAN ASKS DIVORCE

Anna Bousman yesterday filed a suit for divorce in the district court.

LAUNCHED FROM A CATAPULT

Planes are launched from battleships of limited deck space now by means of a catapult operated by compressed air. Here is a British plane leaving the rails of the catapult on the battleship Oregon—appropriate name.

against William Bousman. Extreme cruelty is alleged. The couple have three children, Mary, aged 5, Leo W., 3, and Peggy, aged 2. The plaintiff asks \$250 attorney's fees and \$75 a month temporary alimony.

WHITTAKER FILES ANSWER

R. D. Whittaker yesterday filed an answer in the district court to the suit brought against him by Ben H. Brown, in which it is alleged that Whittaker is using an irrigation ditch belonging to Brown. The defendant claims prior rights to the ditch.

TAKES STEPS FOR APPEAL

An undertaking for appeal was filed in the district court yesterday by W. S. Hyde, et al., defendants in a suit brought by J. D. Meyer and Elizabeth Meyer and in which the district court awarded a judgment of \$1100 to the plaintiff.

School Notes

TO TEACH SUMMER SCHOOL. Mary L. Blake, of Elkhart, Ed. Lulu B. Fellen of Canyon Falls, Minn., and Pearl E. Clark of Holly, Colorado, will arrive here this coming week to teach in summer school in the county.

DENMAN TO REMAIN HERE

Announcement has been made that G. E. Denman, in charge of the agricultural department of the Twin Falls high school, will remain here. Mr. Denman is in charge of the extension work being conducted by the department of agriculture under the Smith-Hughes act for vocational education.

PLAN NEW BUILDING

The pupils of the Cedar Draw school gave their closing exercises Thursday evening. The program consisted of Nursery Tales and dramas by the little folks, musical and humorous dialogues by the upper grades.

The class exercises were given by Cecil Hurst, vocalists; Ella Weatherly, class prophecy, and Elden Butler, class wit.

Diplomas were presented by chairman of the board of directors, J. H. Long, to the following pupils: Ella Weatherly, Elden Butler, Alma Shearing, Robert Long, Cecil Hurst, Richard Hurst, Marcell Javencroft, Wallace Shearing, Pefer Lanthorn, and Merrie Ewing. This class is the largest in the history of the school.

At the close of the exercises arrangements were made for an early meeting of the patrons of the district to plan a new school building. Suggestions were made in favor of a four-room brick building.

Hollister schools ended a very successful year with a closing program just evening in which every department was represented. A large number of patrons and friends attended the exercises. The program was given as follows:

- Orchestra—Mrs. Hall, Mrs. Bouton, Miss Matley.
- Song—Spangled Banner—Eighth grade girls.
- Dolly show—Primary grades.
- Maypole, Dance—Intermediate grades.
- Vacation Song—Primary grades.
- Reading, "Mary's Little Lamb"—Alma Larson.
- Reading, Smoking—Day Junior.
- Reading, Two Ways to Make Love—Lawrence Hall.
- Song, John Brown's Baby—Sixth grade boys.

Orchestra, "The Broken Hearted" (Jutchman—Cecil Ray). Reading, Patrick's Colt—Wayne Grover.

Song, "Putting On Air"—Wayne Grover. Orchestra. Song, "Our Old High School"—High School Girls Club.

Riano Solo—Mrs. McFarland. Vocal Solo—Miss Wolfe. Duet—Miss Matley, Miss Valentine. Orchestra. High School Play—"My Son Archie."

The cast for the play was as follows:

- Arthur—Fred Hall
- Mrs. Appleby—Helen Pomeroy
- Jack Perry—Marie Leoce

to discuss provisions peculiar to independent district trustee.

LAST SCHOOL CLOSURE JUNE 27

The last dependent school district closes its school year with the last of Kimberly. This school will close June 6. All the rest of the school will be closed by the end of this month, according to Miss Brittonart Wolfe, county superintendent.

M. D. Freyort, who has been in the Boyd hospital for some time, left for his home in Hanson last evening.

URIC ACID IN MEAT CLOS THE KIDNEYS

Take a Glass of Juice If Your Back Hurts Or Bladder Bothers.

If you must have meat every day, eat it, but flush your kidneys with suitably occasional meat-water. Urinary who tells us that meat forms uric acid, which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or side, headache, dizziness, your stomach swells, uric acid is excreted and when the weather is bad you have rheumatic twinges. The uric, gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off body's urinous waste get four ounces of Jad Salts from any pharmacy. They make a table-spoonful in a glass of water before breakfast for a few days and your kidneys will then act like this famous salt is made from the seed of grapes and lemon juice combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in uric acid, so no longer irritates, thus ending bladder weakness. Jad Salts is inexpensive, cannot injure, and makes a delightful after-work drink.

MEMORIAL GUARANTEES
Maximilian Harden, the German editor, continues to have a pretty lively head on his shoulders and plain-speaking tongue in his head.

The peace conditions are not harder than I expected. They were unpleasant to the greater part of the people. But could one really have expected them otherwise?

The Germans have not given very convincing mental guarantees during the six months since the revolution that they have changed their system, on the contrary, the present government and the press have used the same methods of excitement, the same trick of bluff as under the old rule of petty nobility.

The government's proclamations and speeches are only bad copies of the Kaiser's. The whole press resounds in phrases and has started a campaign of judgment against the allies, couched in, violent language. It is glaring for refusal to sign the treaty. And to what use?

All threats are vain he explains. The Germans cannot resist. All the allies have to do is to occupy their coal districts and lighten the blockade and starve them out. They cannot join the Dolohov, for that would be suicide. The only way to bring them out of the situation, and be honest and courteous in their dealings with the allies.

Any American could have told the Germans that. What the allies want more than anything else from Germany is "mental guarantees." Evidence of a changed heart would be the cheapest, and most convincing reparation Germany could offer. But she will not change.

SAVING A NATION.

We have before us a photograph of an American soldier's cemetery in France.

It is so clear that many of the names on the grave markers can be plainly read.

These names indicate that those lying there were of many races and nations of the earth, either by their own or their parent's birth.

But they were all Americans. Americans in spirit, at least.

They of their parents came here from lands of castles and kings, and small opportunity.

Many even from injustice and oppression. These boys of many races and nations died that the oppression might not come to our land, and which was their land of promise.

They died that the American spirit, democracy, might become world-wide.

And now the struggle in which they fell is over, who that remained at home, or have come home, are going to see to it that these boys shall not have died in vain.

The menace to our democracy, a common enemy, has made us all more of a kin in America.

It has intensified the democratic spirit within.

And now, we are going to show more of that spirit to the brothers and sisters of those boys—the spirit they showed with their lives in a common cause—those boys of all races and nations which now live in the American citizenship of France.

We, all of us, other Americans in knowledge and experience with our institutions, will aid them to become better Americans, and by their acts we will ourselves become better Americans.

We will strike at Disloyalty wherever it may raise its head. We will render loyalty to the nation for which men battled and in the support of which graves were dug in France. And we will be to him who would destroy our government, wreck its institutions and ignore its constituted authority. Foreigners can will be welcome to us, loyal. Not otherwise.

THE SALVATION ARMY FUND
The big work of the Salvation Army in France is done. In view of what that organization accomplished, it might be expected now to rest from its labors for a while. But it is plunging right on in a campaign for home work, and in preparation for it is asking the nation to contribute a fund of \$1,000,000.

There should be no question of raising this money. Anybody who knows the record of the Army in France will be glad to contribute his bit. That record, as most people realize, was not by any means confined to the distribution of doughnuts, though the importance of that particular service need not be minimized.

The loyal men and women abided no duty and evaded no danger. They ministered to body and soul, and did it so unobtrusively and selflessly that one may search through all the comment on their war activities from all sources, and find nothing but appreciative praise.

There is still some work for them to do in France, and more for them to do in America. Their plans for providing substitutes for city saloons are receiving much attention just now, and there are other important tasks. Their past achievement is sufficient guarantee that they will give at least as much benefit for \$13,000,000 as the nation has any right to expect.

The head of the German peace delegation meant no discourtesy by delivering his speech sitting instead of standing. "He didn't dare let anybody see how shaky his knees were."

Wonder when George Creel is going to get busy "debating public opinion," as he promised. Surely George isn't going to renounce on our congenial soil.

MINISTERS HANDLE VARIED PROGRAM

Detailed Attention Given to Number of Matters of Your Considers Russian Affairs.

By the Associated Press, PARIS, May 23.—The council of foreign ministers had an extended and varied program today. The questions for consideration included the restitution of Belgium railways seized by the Germans, the military situation created by the German army in Silesia, the reports of the Baltic commissions and the problem of the flight of Germans and the status of Lithuania.

The council of four today discussed the proposition of reorganizing the Kolchak government at Omsk, but did not reach a decision and will continue its discussion tomorrow. The British minister, former Russian ambassador to Twicken, conferred with Colonel E. M. House, on Russian affairs and Sergius Sazonoff, the foreign minister for the Omsk government, is carrying on conversations with British officials in London. The French and British press are favorable extending recognition to the Kolchak regime and the Russian commission in Paris is confident that this recognition will be announced shortly. The Ontario delegates are apparently united in the view that there must be some Russian government recognized so that negotiations can be opened before the peace conference closes.

The German military train on its way to Versailles with a printing outfit has been delayed by an incident regarding the printing of the German observations on the peace treaty.

It is understood these observations will constitute a book as large as the treaty itself, and it is estimated that it will require fifty days to read and digest. The Germans have answered the allies they will endeavor to complete the printing within the new time limit.

RETURNERS FROM SPA

VERMONT, May 23 (Special)—The German peace delegates who left yesterday for Spa, will divide into two groups. One group, headed by Count von Brockdorff-Rantzau, will return to Versailles tomorrow, while the other will remain at Spa for a few days.

ILLINOIS 8, WISCONSIN 3

By The Associated Press, MADISON, Wis., May 23.—Illinois made it three straight against Wisconsin today by winning a western conference baseball game 8 to 3.

TO MAKE AMERICA SAFE FOR DEMOCRACY by James B. Wooten

"WHEN WITH THE BARK ON LISTENING TO THE 'SKY PILOT'"

Nearly two million peculiar people had just enlisted in a new kind of campaign to make America safe for democracy. Having discovered the needs of various groups of unusual inhabitants in the United States, they have by their hands, like their own pockets and subscribed \$13,000,000 to aid these people and combat Bolshevism and kindred evils. This powerful arm is enlisted under the title of "Comrades of the New Era" and the allegiance they owe is to the United States and the Presbyterian church in the U. S. A.

Lumbermen of the Northwest, Indian West and South Mexicans strung up strife on both sides of the Texas border, negroes and poor whites in the upland districts, immigrants newly come to our shores, the poverty stricken of the cities, wage slaves to pay for their own education, underpaid ministers of the gospel—these are some of the unusual people which the Presbyterian "Comrades of the New Era" will seek to benefit by this crusade.

"The forests of America helped you to live. The lumberjacks of these forests, if left alone in the primeval wilderness, have a tendency toward autocracy. Presbyterians determined to bring the benefits of civilization to these men deep in the woods and are planning to spend a fortune in saving them from themselves."

"You may do all this—preaching in my camp please," said a foreman of a lumber camp when the Presbyterian "Sky Pilot" asked permission to work among the men. "This is the rough welcome that is given the missionaries in most camps. The Presbyterian church was the first to take up this work and it is almost alone in continuing to over 20,000 men in the woods. The I. W. W. has many recruits among these men. Bolshevism has found a welcome and it is to combat the growth of the spirit of unrest and lawlessness that the Presbyterian church has just doubled its budget for lumber camp work."

The Sky Pilots tramp long distances to work among the lumberjacks. Out over trails and by-paths, a heavy pack filled with song books, Bibles and magazines on their backs, they go, frequently on snow shoes and almost always alone. They battle with storms and wild animals, but when they reach camp they throw off their weariness and do practical, evangelistic work among the "lumberjacks," combating the vicious ideas that have gained such a hold among the men to be brought to the average patriotic Christian.

Work in the Southwest. Local work for Americanizing the great Southwest is especially directed by the Presbyterians against hordes of Mexicans. The Mexican never hypocrites, but they are the most ignorant of any people in the United States. He is bitterly Mexican-American. He is bitterly Mexican, uneducated. No more serious national problem confronts the American people today than the Mexican situation in the Southwest, and there is no problem about which the American people know so little. The Presbyterian Missionaries in the Southwest state that the German allies have been more loyal to America and American ideas than have Mexican allies within our borders. The principle involved is the thousands of Mexicans in the Southwest, United States is to profit by all that is best in America, but upon no occasion to take out citizenship papers in this country—Mexican free thought, crossed with Bolshevism, "made in Germany," has become a dangerous menace which the Presbyterians are preparing large special funds to combat.

The American Indian is not dying out. On the contrary the red men are increasing in numbers and are taking their place in the advancement of the country as never before. The Indians are being the white men less trouble than are some of the alien workers on our borders, but the Presbyterians claim that this is the result of missionary effort, and they are renewing their plans to Christianize and civilize the entire Indian race.

The tremendous fishing, mining and agricultural possibilities of Alaska are resulting in a rush of men to that country who must be kept in touch by some civilizing power. The Presbyterians have begun pioneer work in Alaska and are striving to exert a vast moral force over that country where the strong right arm has been the chief form of government.

FRANK E. HIGGINS, PIONEER "SKY PILOT"

of their great Americanization plan. Presbyterians women are raising among themselves nearly \$2,000,000 for educational and social work in this country. Half a million more will be spent for educational and religious work among the negroes. More than \$1,000,000 will be spent for general religious education, Sunday school work, medical men's work and general evangelism.

Taking Care of Their Own. While the Presbyterian "Comrades of the New Era" are doubling their efforts and their contributions toward uplifting humanity at large in the United States, they are not neglecting their own people. They are increasing underpaid ministers' salaries \$1,000,000 and are devoting another million to the care of disabled preachers. They are spending another million dollars for soldiers and sailors returning from the war and for stricken churches in the war zone of Europe. They are spending \$4,000,000 for overhauling, including the operation of 175 hospitals and dispensaries. Altogether the Presbyterian church has just appropriated not only \$18,000,000 for benevolences and educational purposes, but also \$2,000,000 additional for their own local expenses throughout the United States.

The "Comrades of the New Era" hope this to combat in this country the wave of reactionism that is sweeping over the world. They claim that an force of civilization, except the church can save the world in its present crisis, and they take pride in being peculiar enough to spend their own millions for this achievement rather than appeal to the people at large to erect their own ranks for the world and depressing conditions and to administer relief work as a part of their own program.

AMERICANIZING THE PEOPLE

In an isolated community of the great West, "Comrades of the New Era" find their efforts necessary to create a beautiful, moral among the people, and this is just as true among the congested immigrant populations of the large cities. The Presbyterians plan to lift the people out of their sordid and depressing conditions and to administer relief work as a part of their own program.

TO MAKE PENROSE COMMITTEE'S HEAD

Regulars in Senate G. O. P. Plans to Follow Original Program on Chairmanships.

By the Associated Press. WASHINGTON, May 23.—Framing of senate republican committee plans was nearly completed today by the republican conference committee on chairmanships. The program, it was stated upon reliable authority, proposed Senators Penrose of Pennsylvania and Warren of Wyoming, for chairmanship of the finance and appropriations committees respectively, despite the opposition of the progressives.

The committee also will be presented at a conference of republican senators next Monday before convening of the senate. The progressives at that time are expected to take final action in opposition to Senators Penrose and Warren, but it was reported tonight that the national troubles would be settled in the conference and probably not reach the senate floor.

The chairmanships assignments understood to have been agreed upon by the complete committees follow: Foreign relations, Lodge, Massachusetts; finance, Penrose, Pennsylvania; appropriations, Warren, Wyoming; military affairs, Wadsworth, New York; naval affairs, Fessenden, Vermont; judiciary, Nelson, Minnesota; agriculture, commerce, Cummins, Iowa; interstate commerce, Norris, Dakota; commerce, Jones, Washington; rules, Knox, Pennsylvania; public lands, Smoot, Utah; privileges and elections, Dillingham, Vermont; manufactures, La Follette, Wisconsin; education and labor, Kenyon, Iowa; mines, Poindexter, Washington; immigration, Coll, Rhode Island; Indian affairs, Curtis, Kansas; irrigation and reclamation, Hiram, Oregon; Philippines, Hendricks, Ohio; printing, Mason, New Hampshire; library, Brandegee, Connecticut.

Under the reported agreement, Senator Fessenden of Vermont, Poindexter, would head the naval committee, by reason of strict adherence to the seniority rule. Last month change also placed Senator Smoot at the head of the public land committee instead of the appropriations body for which he had been mentioned.

WOULD LINK PARKS WITH BOULEVARDS

Highway System to Be Given as Meeting Called for Yellowstone National Park.

HELENA, May 23.—To further the plan to link together with a great system of highways the national parks of the western United States a meeting of representatives of the National Commercial clubs and chambers of commerce of the states of Idaho, Utah, California, Washington, Oregon, Montana, Wyoming, and Colorado will be called as a result of the meeting in Helena today of the presidents of Montana commercial clubs and good roads men.

WOMEN MUST WORK WITH MEN FOLKS

Republican Plan Provides Against Separate Organization for Newly Enfranchised Females.

WASHINGTON, May 23.—Approval of the plan that no separate women's organizations, except for temporary purposes, be formed within the republican party and that women be admitted to party membership on an equality with men was voted at the concluding session here today of a conference of republican women with Will Hays, national committee chairman.

After considerable discussion on the question of party participation of independently organized women clubs, it was decided that such organizations should be given party participation if recognized by the state central bodies. The temporary organization of purely feminine political clubs was recognized by the conference as necessary. However, it was agreed that such organizations should be only temporary.

DIRECTIONS FAVOR BELGIUM

BRUSSELS, May 23 (French Wireless Service)—The recent municipal elections in Brussels in which the Belgians have resulted in favor of candidates who ran on a platform proposing the annexation of the district to Belgium. The district has been claimed by Belgium in the negotiations now in progress to ratify the treaty of 1919.

FOR SALE. Only big popcorn wagon. Fine business. Best town. Act quick. O. F. Smith, Caldwell, Idaho.

Musing of Martha. If it's wedding ceremony included, besides "love, honor and obey," "cook his meals, wash his clothes, darn his socks, and sew on his buttons," there'd be fewer lousy marriages.

SPORTS

BASEBALL

They Don't Come Back, Eh?

Johnny loves the cows and chickens and he doesn't sing "This is the way we live" any more about the "primrose path". He attended the school of experience early and got his diploma. He-to make it count for something. Never again" he sings.

It's the story of a young fighter who was considered through at 22. He slipped from the uppermost rung of the bantamweight ladder to the

bottom. But he-footed "em. He retained his former position by in-lack-tor-tual methods in the short space of 10 months.

Johnny "Kewpie" Zeile is the boy. Kewpie, as he is affectionately called by his admirers, slipped from the correct company less than a year ago. Treading the primrose path was the knockout punch.

But Johnny caught himself before it was too late.

TAROM ASKS FOR OVERTIME-SUNDAYS

Producers Buck and Debusa to Deal Further With Actors Association—Big Fellows Involved.

By The Associated Press.
NEW YORK, May 22.—Rejection of a form of contract submitted by the Actors Equity association which would contain "reforms" granted by English producers, the Producing Managers' association tonight notified them that it no longer would deal with an organization which so far parts from its original ideals as to contain the profession with what is down as a closed shop.

The clash has crossed considerable attention in Broadway, for the managers' organization includes many of the leading theatrical producers of the country, while the actors' association is among its four thousand members usually all of "starboard."

The managers recalled their decision at a conference called to consider a request that a committee be appointed to discuss with the actors their "rights." There are said to include weekly pay for Sunday and holiday performances, pay for rehearsals and other innovations.

SERVICE MEN

(Continued from Page One)

men must forget rank and all work in co-operation so as to build up a strong, active institution. There will be no majors, captains, or buck privates in this organization in years to come and there should be none now. Every man should get in and work as hard for the post and the American legion as he can. I believe that a strong delegation has been selected to represent the post at the state meeting in Toledo and I am certain that they will work for the best interests of Idaho's service men of Idaho want such a reclamation, and if anyone can bring

FIFTEEN NATIONS ENTER FIELD MEET

Will Be Guests of the A. E. F. and Compete in Inter-Allied Games at Pershing Stadium.

By the Associated Press.
PARIS, May 22.—Fifteen allied nations or colonies have accepted the invitation of General Pershing to be the guests of American expeditionary forces and compete in the inter-allied games at Pershing stadium at Joinville-le-Pont near Paris, June 22 to July 6. Two other nations, China and Brazil, will not send teams, but have named delegates to the games advisory committee.

The following nations are to compete: Belgium, France, Greece, Czechoslovakia, Rumania, Italy, Yugoslavia, Portugal, The Kingdom of Hedjaz, Canada, Australia, New Zealand, Guatemala, and the United States. The British army of the Rhine will send a team for special track and field events open only to competitors from the allied armies of occupation.

DINAMOW PROTEST

By the Associated Press.
NEW YORK, May 22.—The billiard advisory board today ruled that Alfred D. Gray's protest, claiming a foul play by Robert Campfax in the match here in which Campfax won the three-cushion championship, was "disallowed," with a finding that the referee had erred in not placing the balls for Campfax had made a foul stroke and that De Gray had not complied with the rules when he failed to protest immediately.

PAI MOONIE TO MEET WILDE

By The Associated Press.
MEMPHIS, Tenn., May 22.—Pai Moonie, Memphis bantamweight, today applied for passports to England and expects to meet Jimmy White, British flyweight champion, in London, between June 17 and 21. He defeated Wilde during an international meet before he was discharged from the navy. He will receive \$16,000 win or lose, he states.

TO OPEN BIDS FOR QUARRY MACHINERY

Highway Board to Make Purchases Today—Representatives of Many Concerns Are Here.

Bids will be opened by the Twin Falls highway district today for machinery to be used in erasing rock at the quarry site recently purchased by the highway board.

Much interest has been displayed by machinery concerns in this proposition. Representatives from several different companies arrived in Twin Falls yesterday securing specifications for the machinery that will be purchased.

Among the representatives of machinery concerns here are H. C. Collins of Collins & Webb of Los Angeles, W. A. Mosser of the Westinghouse Electric company, Salt Lake; O. P. Cherold of the Lynch-Cannon company, Salt Lake; W. A. Agnes of Spokane, Wash., representing the Traylor Engineering and Manufacturing company of Allentown, Pa.; E. L. Perkes of the Gallagher Machinery company of the Good Roads Machinery company of New York; one from the Puget Sound Bridge & Dredging company and another from the Worthington Machinery company of Salt Lake.

Following the purchase of the machinery it is the plan of the highway board to make preparations for the calling of bids for road construction which can be started between 60 and 80 days.

Announcement was made yesterday that wages for common laborers employed by the highway district will be raised to 60 cents a day commencing on May 29.

ERTLE IS KNOCKED OUT.
MINNEAPOLIS, Minn., May 22.—Felo Horman of New Orleans, bantamweight champion, knocked out Johnnie Ertle of St. Paul in the fifth round of their scheduled ten round fight here tonight.

DEMPSEY TO STOP BASEBALL PLAYING

Pears Accident to Hand Might Reduce Chances in Big Fight With Jess Willard.

TOLEDO, May 23.—Because of the danger of an injury to his hands, Jack Dempsey probably will drop baseball from his training program.

Dempsey already has stored his motor car until after the match and is avoiding all other risks of an injury. He has decided to wear a headgear when he begins boxing to protect his ears from damaging blows.

Bill Tate, a giant negro heavyweight from New York, joined the challenger's camp today and he looks like a valuable addition. He is six feet, five inches tall, just an inch shorter than Willard, weighs 236 pounds in ring gear, and has a reach of an inch and a half longer than that possessed by the champion.

Richard today ordered two sets of especially non-made boxing gloves for the championship battle from a San Francisco maker. The gloves will be of the regulation five-ounce weight.

FIFTEEN TO A DRAW

BALTIMORE, Md., May 23.—Fifteen of 100,000 and 100 Hartley of New York fought fifteen rounds here today, declaring a draw.

KANSAS AGGIES WIN

LAWRENCE, Kans., May 22.—The Kansas state agricultural college track team won easily two dual track meets here today, defeating Iain University.

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and undigested foodstuffs absorbed into the blood. Just as cool when it burns, leaves behind a certain amount of combustible material in the form of acids, so the food and drink taken each day leave in the alimentary canal a certain amount of indigestible material, which, if not eliminated, forms toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphoric in it, which is a harmless means of washing the waste shuffler and toxins from the stomach, liver and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skin, liver spots, pimples or puffed complexion, also those who wake up with a coated tongue and taste, nasty breath, often who are bothered with headaches, biliousness, gastric acid stomach or constipation should begin the phosphoric hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphoric costs very little, at the drug store but is sufficient to demonstrate that just as soap and water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphoric act on the inside organs. We must always consider that internal cleanliness is nearly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

ROYAL BAKERY BUILDING.

SALMON RIVER CANAL CO., LTD.
Notice of Allotment and Delivery.
The water delivery will begin Monday, May 26th for the irrigation season of 1919.

The first allotment for the season is made at one acre foot per acre for each share of which maintenance charges have been paid in full, the water delivered is to be beneficial and convenient use. An additional allotment may be made later should the run-off for June justify.

This allotment is based on an anticipated demand for water on 45,000 acres. The present indications are not favorable for a total allotment of over 200,000 inches per acre, and it is possible that it may not reach that amount.

With ordinary weather conditions the first run will probably continue about three weeks for a Crop and weather conditions will determine the time, when the second delivery will be made, but it will probably be in the latter part of June and the month of July. It will continue until each person has used his allotment and the head of the reservoir is so low that no further allotment or delivery can be made.

Orders for water should be placed with the riders as soon as possible. Deliveries will be made at any reasonable rate that may be requested, subject to the carrying capacity of the system.

FEDERAL CONTROL OF SHIPS FAVORED

Government Ownership Advocates in Minority at Conference With U. S. Shipping Board.

By the Associated Press. WASHINGTON, May 23.—Private ownership under federal control was the consensus of opinion expressed at the shipping board's conference to discuss once time operation of the merchant marine as summed up in an address at the closing session today by John L. Hamilton of Columbus, O., representing the American Bakers' association.

Proponents of government ownership were in the minority at the conference, representing chiefly agricultural organizations which expressed fear that sale of the government-built ships to private companies would result in rates and routes favorable to industrial exports at the expense of farm products. Shipping associations, including P. A. S. Franklin and Frank Munson of the American Steamship Owners' association, declared their fear to be unfounded.

W. P. Magill of New York said the farmers did not realize the difficulties besetting ship owners, nor the great expense involved in insurance, iron, marine casualties and other risks of the business.

Hamilton said the present shipping board offered the nucleus of an organization which would be to the American shipping world what the federal reserve board is to banking. The extent to which the government would supervise the industry was the subject of great variation in opinion among the speakers, however.

THE GREAT AMERICAN HOME

LIGHT KICK WAR BEER PERMITTED

Court Restrains Government From Interfering With Manufacturer Pending Final Decree.

By the Associated Press. NEW YORK, May 23.—Uninterrupted production of "war beer" until the courts have passed upon the claim of the United States Brewers' association that the beverage containing 3 1/2 per cent alcohol is non-intoxicating was assured today when Federal Judge Mayer granted an injunction restraining government interference with its manufacture.

The court declared that his decision had been influenced by President Wilson's message to congress recommending repeal of the wartime prohibition act, insofar as it relates to beer and wine, and by Federal Judge A. N. Hand's ruling last week.

Law placed a ban on the manufacture only of liquors that were in fact intoxicating.

Although United States District Court Attorney Caffery represented the government against granting an injunction, Judge Mayer said he believed such action would contribute to a fair settlement of the question raised by the brewers under the emergency prohibition act. The injunction is a temporary one, which he offered the court will review after 30 days. He decided by the circuit court of appeals or, if the government should decide to let it stand, until the brewers' suit permanently enjoin prosecution for manufacture of the 3 1/2 per cent brew could be tried in the district court.

Judge Mayer announced that he would aim the temporary injunction next Monday and suggested that the federal attorney and Ethel Ruth of William D. Guthrie, counsel for the brewers, confer with the senior judge of the court of appeals to arrange for early review of the order. District Attorney Caffery pointed out that if possible a decision on appeal should be obtained before July 1, when prohibition of the sale of intoxicants becomes effective, unless congress in the meantime follows the suggestion of the president for repeal or amendment of the law.

The injunction granted was in fulfillment of the Jacob Rupprecht Brewing Co. against District Attorney Caffery and Acting Collector of Customs J. J. McElhinney. This is one of a series of cases raising identical questions and intended to test the emergency prohibition act in the New York district thus setting a precedent for every operation throughout the country.

MANY INQUIRIES ON BONDS. Six letters from bonding houses have been received by City Clerk Minick concerning the contemplated bond issue to be voted on in Twin Falls June 6. Mr. Minick sent out 150 letters of notification a week ago to different bonding concerns telling them that the bond issue would be voted upon June 6 and the bonds authorized, said a week later.

PLACE MANY MEN ON FARM. E. E. Crabtree, in charge of the farm bureau labor department reports that 150 men have applied at the farm bureau office during the week of May 12 and May 17, and that the majority of the men were placed since April 21, 489 applications for men at the farm bureau have been placed at work.

"COOP" GETS UMBRELLA. Twin Falls traffic "coop" will longer be blistered by the sun as it stands his "beat" at the corner. Main and Broadway each week a large umbrella was placed in the center of the street yesterday and the "coop" is now protected.

FRENCH SEND GREETINGS. By The Associated Press.

PARIS, May 23.—(Havas)—On the occasion of the anniversary of the entrance of Italy into the war, the French chamber of deputies and senate today adopted a resolution expressing the continued solidarity of the two nations and declaring they would remain united in a just and durable peace. The government associated itself with the resolution.

Farmin'g

SHOSHONE AGENT VISITOR. G. E. Maroney, county agent for Lincoln county, with headquarters at Shoshone, was a visitor at the county farm bureau yesterday.

FILER MATRON VISITOR. Mrs. A. J. Daum of Filer was a visitor at the county farm bureau yesterday.

ANNOUNCE NITE'S PROGRAM. Announcement was made yesterday by Mrs. C. H. Brown of the cutting demonstrations that will be held by Fern Moore next week.

Last week 11 poultry cutting demonstrations were held with an aggregate attendance of 366 men and women. In many cases many attended several meetings, watching the schedule as printed in The Chronicle. So

far Moore has culled out 1270 birds and 1276 was saved as a result.

In making of the work done by Mr. Moore, Mrs. C. H. Brown said: "The culling work represented a very small per cent of the fowls in Twin Falls county, and the object of the work and the value derived from it is not so much in the actual culling done while in the county but in the great number of people that is reached through these culling demonstrations and the instruction they receive which will enable them to cull their own flocks and to teach their neighbors how to do this. Many people are now culling their flocks with marked success."

"Estimating the farms of Twin Falls county at about 2500 with an average of 75 fowls, to the farm it would make a total of 187,500 fowls on the farms alone of Twin Falls county not including town flocks. The average number of cuts for Twin Falls county are not as yet compiled. The average

for Bonneville county was 28 per cent. Figuring on this basis the farms of Twin Falls county are no doubt feeding 45,500 unprofitable hens, making a total loss from this source alone of \$5,500 a year for the farmers of Twin Falls county."

Following is the program to be followed by Mr. Moore next week:

Monday, May 26, at Mrs. Frank Winalter, Twin Falls, 2 p. m.

Tuesday, May 27, at Mrs. Edward Harding's, Willowdale, 3 p. m.

Wednesday, May 28, at Mrs. Mike Denn's, Community, 10:30 a. m.

Wednesday, May 28, at Mrs. Chas. Flowerdew's, Willowdale, 3 p. m.

Friday, May 30, at J. R. Long's Cedar Draw, 9 a. m.

Friday, May 30, at Mrs. Holmes Cedar Draw, 10 a. m.

Friday, May 30, at Cedar Draw school house, 3 p. m.

Saturday, May 31, at Farm Bureau office, Twin Falls, 8:30 p. m.

This meeting at the farm bureau office has been arranged to meet the needs of those who have not been able to attend demonstrations and meetings held up to this time and for those who wish to talk further with Mr. Moore or secure his advice along any line. There will be a general discussion and lecture on general poultry subjects that will be of interest to the farmers and poultry raisers of Twin Falls county.

VISIT BOCK CREEK FLOCKS. Fern Moore, accompanied by Mrs. C. M. Brown, culled chicken flocks at the home of D. P. Albee near Rock Creek yesterday morning. In the afternoon they were at the home of Mr. Roy Brooks of Twin Falls.

SOIL SPECIALIST HERE. E. H. Hitchcock, soil specialist who arrived here yesterday immediately commenced work. Accompanied by County Agent Bohrer he visited the farm of H. H. Young where he made an investigation of the action of sulphur on a potato patch.

ENTOMOLOGIST TO MILNER. R. H. Smith, entomologist, will go to Milner today. He will confer while there with H. E. Shepherd of Jerome.

WATCH SHOAT EXPERIMENTS. Much interest is being displayed by farmers in the experiments on shoot feeding being conducted under the auspices of William Kerr, state swine specialist, in cooperation with the farm bureau and the farmers. During the week 61 shoats were weighed

on the farm of Peter Link, south of Hamman. Sixty-one fall shoats were averaging 127 pounds each. Fifty-four March pigs, averaging 25 pounds each and 16 sows averaging 190 pounds each were also weighed up. These hogs will be placed on pasture and fed, a supplementary grain ration of records will be kept of the gains they make. Others in the county who are conducting similar experiments are Matt Deasman, W. E. Hankins, Dr. D. P. Albee and Messrs. Eaton and Turner.

OTTO IN FROM FILES.

I. S. Otto, a farmer of the Filer section, was a business visitor in Twin Falls yesterday. He called at the farm bureau offices while here.

CLAIMS BRITISH DOMINIONS TO BE SELF-GOVERNING.

LONDON, Thursday, May 15 (delayed)—The peace conference acknowledged the status of the British dominions as self-governing nations within the British commonwealth, as it had been acknowledged on the battlefield and by the British government, Sir Robert Borden, the Canadian premier, declared in a speech today at Westminster at a luncheon of the empire parliamentary association.

PERFECTS APPEAL BY GIVING BOND IN SUM OF \$10,000.

By the Associated Press. PORTLAND, May 23.—J. Henry Albers, Pacific coast milling man, convicted of violating the espionage act, perfected his appeal from the federal court today by filing a \$10,000 bond. Arguments on the appeal will be presented in September. Albers was sentenced to serve three years at McNeil's Island and to pay a fine of \$10,000.

That Might Make a Difference, Helen!

HINES BUYS STEEL RAILS AT OLD PRICE

Steel Producers Submit Identical Bids at \$47 Per Ton.

DIRECTOR GENERAL BLAMES U. S. STEEL

Declares He Made Purchases Under Protest Against Price Exact-ed by Producers.

By the Associated Press.

WASHINGTON, May 23.—Uniform bids based on the prices agreed upon between representatives of the steel interests and the recently dissolved industrial board have been submitted by six steel companies in response to the railroad administration's request for bids on open hearth rails.

Director General Hines announced tonight that he had placed orders with these companies for 200,000 tons of rails but that he had done so "under protest" and with "emphatic disapproval of the prices and the manner in which they were established."

Bid in Cancellation.

A uniform price of \$47 per ton for open hearth rails, which Director General Hines said was "in strict accordance with the prices approved by industrial board," was submitted to the railroad administration by the Carnegie Steel company, the Illinois Steel company and the Tennessee Coal and Iron company, all subsidiaries of the United States Steel corporation, and by the Colorado Fuel and Iron company, the Bethlehem Steel company and the Lackawanna Steel company.

After his failure to induce representatives of the steel interests to reduce the prices established in their agreement with the industrial board, Director General Hines announced that in the public interest he would request competitive bids on the steel requirements of the railroad administration which is the country's largest buyer of steel. The bids announced tonight were submitted in response to the director general's request.

Recalls Palmer Opinion.

In his recent opinion holding the price agreement plan of the industrial board "to be unauthorized by law" Attorney General Palmer declared that under the anti-trust laws price fixing agreements were illegal and that such agreements might be "brought about through an informal meeting of the minds as well as through formal contracts."

Mr. Palmer also held, it is estimated, the legal principle that "the purchase of government supplies shall be governed by the competitive system."

Director General Hines in his statement tonight, announcing the bids, charged the steel interests with the same tactics in submitting uniform bids "was taken under the leadership of the United States Steel corporation."

Fared a Combination.

Explaining the position taken by the railroad administration in placing orders with the steel companies, Mr. Hines said:

"When the industrial board approved the prices proposed by the steel interests it became at once apparent to me, as I so indicated in various discussions with representatives of the government, that that approval would encourage the steel interests to stand together on these prices even though governmental approval was withheld.

"In view of the importance for the government of its railroad equipment and of its necessity to pay such prices, and that too for the entire calendar year, as was proposed by the industrial board, and thereby given an official sanction to prices which would merely serve as a starting point for still higher prices later on.

"The result has been in exact accordance with this forecast. Six of the leading steel interests, in response to the railroad administration's request for bids for 200,000 tons of rails, have submitted identical bids at \$47 per ton, and are in strict accord, save with the prices proposed to and approved by the industrial board.

"Bids Under Protest.

"In view of the importance for the government of its railroad equipment for 200,000 tons of steel rails, orders will be placed at the price submitted but with emphatic disapproval of the prices and the manner in which they have been established.

"I regret that the steel companies in making uniform bids were taken under the leadership of the United States Steel corporation in effect from the fact that immediately after the railroad administration announced finally that it would not approve the prices fixed by the industrial board, Judge Gary for the steel corporation took the initiative in announcing publicly that the steel corporation was strictly maintaining the prices approved by the industrial board and that it would be his hope that would be the attitude of other industrial firms."

Mr. Hines then reviewed figures showing, he said, the "heavy profits" of the steel companies in recent years, in support of his contention that the railroads should not be forced to work both ways. "It is important to remember," said Mr. Hines in conclusion, "that the present policy of the steel interests in adhering to high prices on the ground that present costs necessitate them is a policy to keep prices from going lower as business increases and costs diminish."

THIRTY-TWO ARE BURIED IN RUINS

With Lights and Torches Men Work All Night to Recover Bodies From Wreck.

By the Associated Press.

CEDAR RAPIDS, Ia., May 23.—With the aid of gasoline torches and electric lights a large force of men worked all night tonight searching for the bodies of thirty-two men believed still to be in the ruins of the Douglas Aircraft Works destroyed by the explosion last night. Twelve bodies had been removed since the explosion, but no additional bodies were found tonight, although the rescuing force was working in the remains of the six-story building, where the explosion occurred, and where most of the remaining bodies are believed to be buried.

Forty persons were injured and taken to hospitals, but half of them have recovered. With two or three exceptions the others are expected to recover.

Today the chamber of commerce and the local Red Cross chapter took up the work of relieving the needs of the families of some of the victims. Red Cross disaster relief officials are coming here from Chicago tomorrow.

Tomorrow a wrecking crew will begin work on one end of the huge plant in various places in an endeavor to reach the buried bodies as rapidly as possible.

Coroner King, who impounded a jury today to investigate the cause of the explosion, said tonight the death list would total 32.

By the Associated Press.

WINNIPEG, Man., May 23.—The committee of eight considering the Winnipeg general strike with a view to settlement adjourned early today without coming to an agreement. Differences between the union forces and the industrial employers narrowed down to details of a plan of collective bargaining and the responsibility for involving city firemen in the sympathetic walkout.

President James Wanning of the trades and labor council declared that the union would not admit responsibility for any act connected with the strike which the citizens' committee has charged was unconstitutional or unlawful.

Attorneys for the citizens' committee told the union meet that if they would call the sympathetic strike off immediately they felt they could save the union that the principle of collective bargaining would be accepted by leading industrial employers. Union leaders refused to take such action unless their demand was officially and simultaneously met.

Union leaders submitted a demurrer that their collective bargaining plan provide that the metal workers' union must approve final settlement of any agreement between any or all of the seven crafts and the industrial employer. Representatives of the citizens' committee opposed that the industrial executive office individual disagreements directly with the craft concerned.

Attorney A. J. Andrews of the citizens' committee told labor representatives the sympathetic strike must be called off before the metal trade settlement will be considered by the industrial employers. The following statement was issued today by Glenn D. Robertson, minister of labor and Arthur Meighen, acting minister of justice:

"The postal service has been denied the citizens of Winnipeg and all correspondents of those citizens since May 15. This has been done at the dictation of a small body of men not connected with the postal organization. These employees, sworn faithfully to serve the state in their several capacities, have disobeyed that order. They have done so entirely without reference to any provisions of their own and indeed within a few weeks of an adjustment acknowledged by themselves to be satisfactory. Under these conditions they have chosen without any anti-union or sympathetic-tendency to dislocate and paralyze the public service of a great community.

"Today voluntary workers are temporarily taking the place these people have left. The government announces that those returning before 12 o'clock noon Monday will be accepted and that all failing to resume their duties by that hour will be definitely refused thereafter a place in the federal service. Commencing at the above stated hour new employees will be engaged on the usual permanent basis."

CONFERENCE FAILS TO FIND SOLUTION

Question of Collective Bargaining Will Not Be Discussed Till Strike Is Called Off.

By the Associated Press.

WINNIPEG, Man., May 23.—The committee of eight considering the Winnipeg general strike with a view to settlement adjourned early today without coming to an agreement. Differences between the union forces and the industrial employers narrowed down to details of a plan of collective bargaining and the responsibility for involving city firemen in the sympathetic walkout.

President James Wanning of the trades and labor council declared that the union would not admit responsibility for any act connected with the strike which the citizens' committee has charged was unconstitutional or unlawful.

Attorneys for the citizens' committee told the union meet that if they would call the sympathetic strike off immediately they felt they could save the union that the principle of collective bargaining would be accepted by leading industrial employers. Union leaders refused to take such action unless their demand was officially and simultaneously met.

Union leaders submitted a demurrer that their collective bargaining plan provide that the metal workers' union must approve final settlement of any agreement between any or all of the seven crafts and the industrial employer. Representatives of the citizens' committee opposed that the industrial executive office individual disagreements directly with the craft concerned.

Attorney A. J. Andrews of the citizens' committee told labor representatives the sympathetic strike must be called off before the metal trade settlement will be considered by the industrial employers. The following statement was issued today by Glenn D. Robertson, minister of labor and Arthur Meighen, acting minister of justice:

"The postal service has been denied the citizens of Winnipeg and all correspondents of those citizens since May 15. This has been done at the dictation of a small body of men not connected with the postal organization. Commencing at the above stated hour new employees will be engaged on the usual permanent basis."

DELBRUECK BLAMES WILSON FOR PACT

Declares President Put Himself in the Hands of British and French, Feared German-Jap Alliance.

By the Associated Press.

BERLIN, Thursday, May 22.—Professor Hans Delbrueck of the German peace delegation, in a statement to the Versailles correspondent of the Tagblatt, attacks President Wilson for blissing out himself completely in the hands of the British and French by agreeing to deviate from his fourteen points.

"President Wilson," the professor added, "probably imagines he did us a favor in declining to agree to such demands as the occasion of the left bank of the Rhine and the dissolution of Germany into several small states. In reality, such demands would have been better than the present conditions because we are so bound by the latter that we can hardly do anything financially."

"It is to be assumed, that President Wilson knows European conditions too little to survey their importance and, perhaps there in back of his mind the thought of a conflict between America and Japan, and Germany must be so weakened that she will not be able to be Japan's ally."

TARIFF ON DYER WOULD BAR GERMAN'S PRODUCTS

By the Associated Press.

WASHINGTON, May 23.—A bill to increase import duties on chemical dyes so the point which would practically exclude German products was introduced today in the house by Representative Longworth of Ohio, republican. The duty upon the group heretofore paying two cents a pound would be increased to six per cent and the four cent group to ten per cent.

Local Briefs

Mr. Leonard Smith and Mrs. Asher B. Wilson and little daughter arrived yesterday from Salt Lake City, where they have been spending "the past week."

Albert Edwin, who was among the first students of the Twin Falls tract, was in Twin Falls yesterday for a short business trip. He is now located at Jerome.

Harry Cannon of Gooding, was in Twin Falls yesterday for a brief business visit.

Harry Padgug of Gooding was among the business visitors to Twin Falls Friday.

J. O. Ferguson of Boise is in Twin Falls for a short business trip.

J. F. Bains of Salt Lake is in the city for a short business trip.

Mr. Sam Hart returned to Twin Falls last evening from St. Louis, where she has been in attendance with her mother, who has been seriously ill for some time past.

Phil Danielson of Salt Lake is in Twin Falls for a short business visit.

Miss Elyrdy Jacobs, who has been visiting in Burley for the past few days, arrived home yesterday.

Mrs. H. A. Painter of Eden was among the out-of-town shoppers yesterday afternoon.

Miss Edith and daughter of Wendell are in Twin Falls for a short visit.

Mrs. Paul Emerick of Jerome will return to Twin Falls for a short shopping tour.

Miss Elizabeth North, accompanied by Miss Harriet Norton of Wendell returned to Twin Falls yesterday.

Miss Margaret Gourley left last evening for California, where she will spend the summer.

SUMMER TERM WILL OPEN JUNE 2

AT THE GREGG BUSINESS COLLEGE

Why not prepare to take or U. S. position at \$1,000 to start. We have special advisors. We can help you. Call and let us show you what a delightful place we have; bright, cool and airy; electric fans, ice water and up to date in every way.

M. S. HOOVER, Manager.

May 25

At the Red Cross sewing room, corner Blinnson and Second, there are over 400 garments cut, ready to be sewed. There is yarn enough for 160 pairs stockings and 66 sweaters. This sewing must be finished by June 1, if possible. Every woman in Twin Falls will make just ONE garment we can finish, so come in. The garments are of the highest of all Europe and when this quota is finished we will be through with the Red Cross sewing. Beginning Monday, May 26, the sewing room will be open from 10 a. m. to 5 p. m. COMMITTEE.
