

# TWIN FALLS CHRONICLE

VOLUME IX, NUMBER 63.

TWIN FALLS, IDAHO, WEDNESDAY MORNING, JUNE 11, 1919.

PRICE FIVE CENTS

## WIRE MEN AT OMAHA FIRST TO WALK-OUT

### Quit at Midnight—Girls in Offices Join the Men.

## EVERYTHING READY, SAYS KONENKAMP

### Declares Concerns Are Now Using the "Suitcase" Method in the South.

OMAHA, June 10.—The entire night forces of both the Western Union and the Postal Telegraph companies walked out at midnight. The girls at the Western Union quit with the men. The president and secretary of the local union stated that the men had not been called out until 8 o'clock tomorrow morning, but decided that if they were to go out at that time they would not return to work after the midnight lunch hour. The striking operators declined to state any other reason.

## SAYS WIRE MEN READY.

CHICAGO, June 10.—The Commercial Telegraphers' Union of America was ready tonight to strike at 8 o'clock tomorrow morning throughout the country. E. J. Konenkamp, international president, said tonight. It was estimated 50,000 more telegraph and telephone workers would be affected and he expressed himself satisfied with the strike.

## Use Suitcase Route.

In announcing there was no change in the situation and no recourse was left but to strike Mr. Konenkamp said the telegraph company had taken place today bringing the total for the last three days to 2151 union workers. He said that as a result of the strike and lockouts in the southeastern quarter of the country the Western Union had resorted to the suitcase route for delivery of messages subject to indefinite delay, according to his report from Washington.

## Don't Fear Action of Congress.

Action by the senate or the lower house would have no effect on the strike, he said, referring to the senate today.

There are no additions of companies signing the agreement with the union, except the Commercial Telegraphers' company, said the Federal Telegraph company, operating on the Pacific coast, signed last night, he said.

## Prepare Final Details.

The executive committee of the union met tonight to go over final details to putting the strike into effect tomorrow.

President Konenkamp declared today that the strike would be won if it were necessary to call out women and cable wire operators, including press association operators. Some press associations have contracts with their operators expiring July 1.

## Advice to Reach Agreement.

F. A. Davis, district head of the Western Union, said today that the union sent a notice to the brokers today advising them to have the American Telephone and Telegraph company to sign up with the union unless they wanted their wires paralyzed.

## Plans Were Being Made by Union Today for Picketing the Principal Offices of the Telegraph and Telephone Companies.

## SETTLEMENT IS DENIED.

NEW YORK, June 10.—Reports that Clarence H. Mackay, president of the Postal Telegraph-Cable company had signed an agreement with the Commercial Telegraphers' Union, averring on its lines the strike called for tomorrow, were denied tonight at the company's offices.

## CABLES ALSO AFFECTED.

NEW YORK, June 10.—The nation-wide strike of telegraph operators entered for tomorrow morning will include cable operators also, it was announced tonight after a meeting of union officials. One purpose of this move, it was said, was to bring the strike forcibly to the attention of President Wilson by interrupting the cable service he receives daily. Five hundred pickets have been detailed for the strike.

## Ratification Given Suff's Resolution By 3 States

NEW YORK, June 10.—Ratification of the suffrage amendment by the legislatures of Illinois, Wisconsin and Michigan, with Governor Smith's call for an extra session in his state to act on the amendment caused jubilation at the headquarters of the National Woman's Suffrage association here tonight.

News of Governor Smith's action followed close on the receipt of letters by Mrs. Carrie Chapman Catt, president of the association, from the executives of Kansas, Iowa, New Hampshire and Minnesota, promising similar action.

## Poles Becoming Distrustful Of United States

By The Associated Press. WASHINGTON, June 10.—Propaganda disseminated in Poland and elsewhere in eastern Europe designed to show that the United States stood as the advocate of the Jew against the Pole, has been the cause of much resentment and distrust in that region, American Minister Gibson at Warsaw, reported to the house foreign affairs committee today through a message to the state department.

## Legion Called On To Suppress Reds In America

By The Associated Press. NEW YORK, June 10.—All men who have served in the army or navy of the United States were called upon today by the joint executive committee of the American legion to take the initiative in running down territory responsible for the recent country-wide bomb outrages. The call was issued in the form of a resolution unanimously adopted at the first session of the committee which comprises the two executive committees appointed, respectively, at St. Louis and Paris.

The report declared that stories of Jewish massacre had been greatly exaggerated. Finding more detailed information from American representatives in Poland, the committee, which is considering a joint resolution regarding alleged programs, decided not to hear Jewish and Polish delegations. "It is felt that there is a good deal of misapprehension," Chairman Porter, in a statement to a large assemblage of Jews and Poles at the meeting, said the important thing for them to do was to stop agitation and await an official report from an American mission which he believed would show here was no foundation for charges of massacre of Jews by Poles.

The resolution declares the "unalterable opposition to the legion to 'all societies,' leagues and organizations which have as their object the overturning of government and of law and order in the United States, in close alliance with a demand for federal legislation to permit the deportation of 'all Bolsheviks,' Reds and other traitors."

## CALLED OFF ON FEDERAL.

SAN FRANCISCO, June 10.—Because the Federal Telegraph company is a "purely local concern," strike action by members of the Commercial Telegraphers' union against that system has been suspended temporarily, P. C. O'Connor, president of the San Francisco local of the telegraphers' union announced tonight. The Federal company operates only on the Pacific coast between Seattle and Los Angeles.

## SCHOOL BOARD TO BUY ANOTHER LOT

Announcement has been made that the school board is contemplating the purchase of the corner lot back of the high school grounds owned by Woods and Thomas. The question was decided by the board at its meeting Monday evening. This would complete the necessary purchases to provide grounds for a Junior high school building which, it is anticipated, will be needed within two or three years. The board also let the contract for excavation work for the addition to the high school to C. H. Mull. Mr. Mull will start work immediately.

## HOUSE PASSES APPROPRIATION FOR CARRIERS

### Would Add \$750,000,000 to Hines Revolving Fund.

## LESS THAN ASKED BY ADMINISTRATION

### Senate Debates Cummins Bill to Give Commission Control of Rates.

WASHINGTON, June 10.—By a vote of 105 to 4, the house today passed the bill authorizing an appropriation of \$750,000,000 for the railroad administration's revolving fund. Democratic members urged a larger amount, but did not press an amendment for an increase, while republicans declared the fund would be sufficient until later in the year when figure needs would be known. The measure now goes to the senate where leaders plan early action.

Votes against the appropriation were cast by Representatives Anthony, Kansas; Hansberry, Iowa; Woodward, West Virginia; republican; and Thomas, Kentucky, democrat. None of them urged his objection to the bill during the debate which was marked by the injection of considerable political discussion.

## Chairman Good of the Appropriations Committee, in Charge of the Bill, Explained that Reductions From the \$1,200,000,000 Requested by Director-General Hines, Was Decided Upon by the Committee Because It Was Admitted that Exact Needs of the Future Were Problematic.

Four Oppose Bill. In the senate, debate proceeded on the Cummins bill to restore the interstate commerce commission immediately its power of supervision over interstate railroad rates. Senator Nelson, republican of Minnesota, protested against insertion of an amendment to limit the restoration of supervision to interstate rates. The amendment, he said, would leave interstate traffic "at the mercy of the railroad administration."

## Summary of the International Situation

By The Associated Press. Again come reports from Paris that all is not going smoothly in the council of four as regards the definite settlement of points under argument relating to the German peace treaty.

While it has been asserted the final answer to the counter proposal of the Germans probably would be ready for delivery to the Germans not later than Friday, late dispatches declare some of the larger questions at issue have not been solved and that considerable pessimism prevails as a result of this situation.

Nothing among the points upon which no agreement has been reached according to reports, is the Silesian question and the matter of the Polish frontier. Added to this is the implacable stand of Premier Clemenceau against any modification in the peace terms, contrary to the attitude of President Wilson and Premier Lloyd George, who are declared to have recognized the situation as being somewhat the demands in certain clauses of the treaty.

In accordance with a resolution introduced in the United States senate the peace conference at Paris would be notified of opposition to be offered ratification of the treaty if it should be submitted to the senate in its present form. Senator Philander G. Knox, a former secretary of state, introduced the resolution which was submitted to the foreign relations committee.

Although cable dispatches have indicated the French were leaning favorably toward the new treaty, which would be a high French authority, the resolution stated that the attitude of France is a passive one; that the French forces have been instructed simply to maintain order.

A plan suggested for the organization of societies of Twin Falls county people by states for the purpose of communicating with the members of congress from the several states also was discussed and as rapidly as possible, such organization will be perfected.

## GASHIER CARRIES OFF \$30,000 CASH

Mexican Official 'Picked Up on Border Is Found to Have Kato in His Possession.

BY THE ASSOCIATED PRESS. TUCUON, Ariz., June 10.—Perez Urua, cashier of the Mexican customs office at Sausalito, on the border, miles southwest of Tucson, was arrested here Sunday by Deputy Marshal Fred Hudson on information given by Mexican Consul A. E. DeLoa. Urua was charged with bringing across the border \$30,000 in gold and silver without declaring it, it was announced tonight.

The arrest followed the discovery of a shortage in the funds of the customs office of Tucson amounting to \$10,000, according to Consul Melero, who also declared that the collector of the port, Juan Esquivel, was under arrest in Sonora in connection with the alleged shortage.

## FORM RULES ON PACIFIC FLIGHT

All Entrants in Big \$50,000 Flying Event Must Be American Born.

BY THE ASSOCIATED PRESS. VENICE, Cal., June 10.—Details as to the rules governing the proposed trans-Pacific flight will be announced within a few days. It was stated today by S. B. Bibber, secretary of the Pacific Aero club, who arrived today from San Francisco to confer with Thomas H. Inoa, who has been named as pilot in money for the flight. So far the only conditions decided on are that the flight must be attempted within six months and that all entrants must be Americans.

## TAKE ACTION TO FURTHER LANE BILL

### Buhl-Host to Twin Falls at Banquet—Starts Movement.

## ORGANIZE STATE SOCIETIES FOR AID

### Will Write to Individual Congressmen—Road Movement Also Discussed.

In what proved to be the best get-together meeting held in Twin Falls county in years, action was taken tonight for consideration of organization in support of the Lane bill upon pending in congress, and for the furtherance of the good roads movement in the county.

The meeting was held in Buhl Commercial Club, Twin Falls, and Buhl men of affairs sat down to a splendid spread, sang songs together, enjoyed talks and planned together for forwarding the reclamation project now before congress.

To Bernard Lane. As a result of the meeting, resolutions were adopted authorizing the dispatch of telegrams to Secretary Lane and others relative to the bill pending in congress and manufacturing the county commissioners and the directors of the Buhl highway district in favor of the construction of the roadway between Buhl and Twin Falls west-end-trail.

A plan suggested for the organization of societies of Twin Falls county people by states for the purpose of communicating with the members of congress from the several states also was discussed and as rapidly as possible, such organization will be perfected.

## Ohio to Organize First.

Within a few days a call will be made for a meeting of former Ohioans, that an Ohio society may be organized and other state organizations will follow rapidly, it plans under way are matured.

Plans of former Buckeyes provide for the formation of a society of those who formerly lived in Ohio, and the launching of a campaign through the organization to reach the Ohio delegation in congress.

Incorporated in the general plan, a purpose for cooperation between the various societies within the country, that there may be a better understanding of the campaign, made upon congressional delegates.

## Communicate With All.

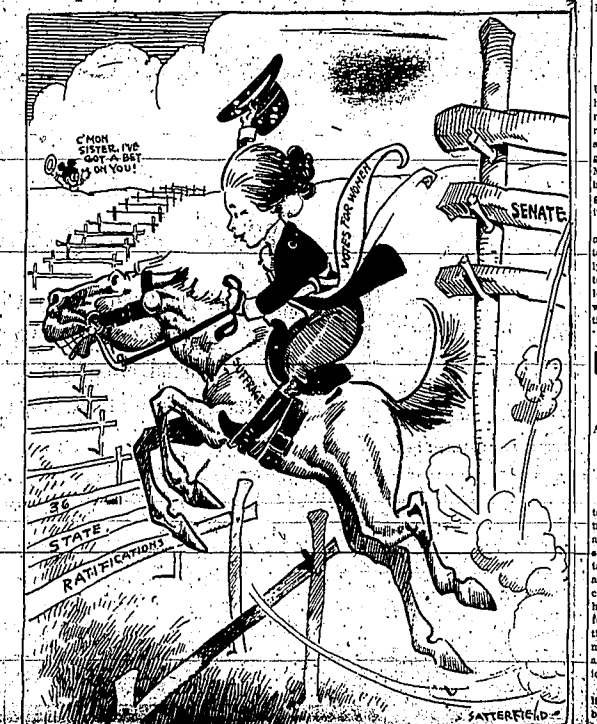

Twin Falls county is populated from most all the states, and through such an organization as that proposed, the presence of the members of congress can be communicated with by former residents of their own states. Each state society will, under the plan, have its own stationery, which will be used in correspondence with the members of congress from that state.

The poll law of the county gives the birth places of the voters, and in this way the committee having in charge the organization work will be able to get in touch with prospective members of the various state societies.

By unanimous vote of the meeting, Mr. Merrill was asked to go to Washington to assist in the work there. He is to make the trip to the ratification of the present. He is intimately acquainted with Secretary Lane and other men of prominence in Washington, and will be of great help so the reclamation movement.

Frederick Whittier, a former Twin Falls resident, who has made a number of flights, is the first to announce his bid.

Fluffy, soft blankets—these are the kind you feel proud to spread on the bed when a guest comes. Isn't that true?

But it's equally true that when once blankets must be washed, it is not the easiest thing in the world to keep them fluffy.

As long as is possible, the good housewife protects her blankets, so that they will not need laundering. With a sheet beneath and a counterpane or quilt above and the sheet is placed that there is ample length at the top to be folded over the blanket, the evil day can be postponed.

But one day, when winter things are being packed away in the spring, she knows the blankets must finally go into the tub. An abundance of soap flakes dissolved in a better sort of very hot water, and a smooth strong stick—these are her tools. Submerging the blankets in the lather, she stirs and pounds them with her stick, remembering to be gentle enough to keep from pulling the fabric out of shape. Nary a washboard is near. Whatever rubbing must be done she does between the hands as soon as the water cools sufficiently.

Then she lets the water run out, without taking the blankets from the tub, rinses them twice in very hot water, and finally in the third rinse water dissolves a little of the soap once more and stirs it. When this water is drained off she puts the blankets out and hangs them in the sunshine.

Here again she is most careful, for they are not hung with the exact folds of each blanket on the line, and scallops all edges even, they will dry in scallops and be very hard to get into shape. After they have partly dried, she reverses them, to dry the other side. When the sun goes down, her blankets are almost entirely dry, and she takes them in the house. But next morning if the sun is bright, she hangs them out once more. That evening, when she takes them down, they are fluffy, soft blankets.

## Daughter of Taft College President

HELEN TAFT

Another member of the Taft family attains scholastic distinction, Miss Helen Taft is to be acting president of Bryn Mawr, college the coming year. She has been dean for two years. The president, Dr. M. Carey Thomas, is to make a tour of the world.

## MISS LADWIG IS VISITOR IN BUHL

Miss Ladwig is the visiting demonstrator in Buhl. She has been in Buhl for two days.

## ORGANIZES NEW CLUB

A. L. O'Reilly, boys and girls club leader, was at the home of Mrs. J. C. Porterford near Kimberly yesterday afternoon where he organized a club.

## PROBATION COMMISSIONERS TO JAIL ON BOOZE CHARGE

By the Associated Press. VANCOUVER, B. C., June 10.—The probation commission today was sentenced to two years in the penitentiary. Friday recently was convicted of selling 75 cases of liquor from the government.

## MR. and MRS. D. W. Lowell of Salt Lake City was in Twin Falls for a short time.

Mr. and Mrs. D. W. Lowell of Salt Lake City was in Twin Falls for a short time.

## The New Bathing Suits! They're Here!

By BETTY BROWN.

NEW YORK—June 10.—Richard Hecht, simplest lines, elaborate embroideries, "La la Chic" in the Parisienne says. These are the new bathing suits.

And such a variety. With avenue shape have blossomed with them. All edges even the light bloomers. The ing, daring as the human water spirit could wish.

Here's one of black wool jersey, in

snack style with a wash of soft-matting, green and a crochet adage, and an embroidered design, in which a fish, as the motif, adds its effective decoration. The checkered local figure of the hot lends the finishing note.

Also of the wool jersey is the worsted jersey, it's a second sort, and again does great harm effect on all edges even the light bloomers. The brilliant wash is of the same green.

The finished skirt allows freedom of movement, and although it's a gem among the new bathing costume.

But in a Waterette rain model with a godded effect below waist, after the manner of the newest conventional coats is another of fashion's whims.

It's the bloomers. They're built precisely like riding breeches. Of course there's a wash and again it's knitted, though this time of silk to match the braid embroidered on the suit.

## WOMEN NOW DESIGNING NEW ENGLISH COTTAGES

LONDON, June 10.—Women, trained in household efficiency will have a say in the construction of the thousands of cottages which are to be built in England this year. In some of the cottages two women will be placed on each committee which directs construction. Single villages will have as many as 100 new cottages under present plans of the housing commission.

## Daniels at the Wheel on Record Launching Day

Photographic evidence that Secretary Daniels is something of a seaman, here is a picture of the secretary at the wheel of the steam's Schoodic on the day five ships were launched at the Hog Island yards. This is a world's record for a day's launching in a single shipyard.

## FIT PALACE FOR BRIDE OF PHILIPPINE GOVERNOR

MANILA, June 10.—Malacañan palace is being made ready for Governor Harrison and his young bride who are expected to arrive in Manila the latter part of July. The old North German Lloyd property adjoining the palace is to be turned into a park which will form an extension of the palace grounds. The property has been purchased from the alien enemy syndicate by the government. Other property adjoining the palace grounds will be bought to avoid invasion of industrial plants. New furniture is being built for each room of the palace.

## SLIDING SCALE WAR TAX APPROVED BY THE SWISS

BERNE, June 10.—Switzerland has a war debt, though she hasn't a soldier. Her army was mobilized and the burden of thousands of refugees had been heavy. The war tax bill which had been approved on referendum will raise about \$140,000,000. It taxes incomes over \$800 on a sliding scale up to 20 per cent; over \$2000, up to 25 per cent. Only the cantons of Geneva and Neuchatel returned majorities against the bill.

Mrs. Earl Holtz, accompanied by Mrs. F. A. James of Goddard, Twin Falls yesterday for the day.

## Paragon Shorthand Touch Typewriting

Principles taught in one month's time. Pupil can then hold ordinary position. Private instruction hours to suit from 8:30 p. m. to 9:30 p. m. Nineteen years' experience in teaching in public schools and colleges. Will also teach Gregg shorthand. Will assist pupils making up for time lost in flu epidemic, or teachers preparing for examinations. MRS. C. C. CONRAD. Phone Rogerson Hotel.

## LONDON WOULD SPEND 5,000,000 ON NEW PORT

LONDON, June 10.—What facility will permit six of the largest ocean vessels to tie up at one time are proposed for London in a bill before parliament. If the scheme is carried out, ships which have gone in Harbours, Antwerp, and Rotterdam will unload here. The project calls for the expenditure of more than 15,000,000. A quay 3000 feet long will be built 117 feet wide and with a minimum depth of water of 20 feet at low tide. The port of London would be made a center for ocean traffic from all parts of the world.

Honor and Mrs. Reavies of Castleford, accompanied by Mrs. Smith, were in Twin Falls yesterday for a short time.

Grain. CHICAGO, June 10.—Efforts which the Federal Reserve banking system was said to be putting forth to check undue speculation led to much selling of corn today. The market closed heavy, 1 1/2 to 2 1/2 cts lower, with July \$1.47 1/2 to \$1.47 1/4, and September \$1.89 1/2 to \$1.89 1/4. Oats finished 1/4 to 3/4 down, and provisions varying from 25c decline to a rise of 10c. Weakness in the corn market before the close was emphasized in the fact that it was at this juncture reports were circulated that letters from the Federal board to the various reserve banks had been sent expressing serious concern in regard to signs of over-speculation in the grain market. It was in stocks and cotton and a further bearish effect on corn. Provi-

MAKE LEAGUE DIRECT ISSUE IN THE SENATE

Resolution Would Give Notice America Opposes Plan. PROPOSE CHANGE IN FOREIGN POLICY Would Make Obligatory for America to Remove Menace of War in Europe.

WASHINGTON, June 10.—The senate fight over the league of nations was brought to a more direct issue today with the introduction of a resolution by Senator Knox, republican of Pennsylvania, proposing that the senate give formal notice to the peace conference of opposition to be expected should the peace treaty be submitted for ratification in its present form.

Senator Knox, a member of the foreign relations committee and former secretary of state, drafted the resolution after conferences with other league opponents and presented it with the apparent support of those who have led in criticism of the league covenant. He expects to crystallize opposition to the United States with the circulation of the round robin in the closing hours of the last senate.

While declaring for immediate conclusion of a treaty sealing with direct action, the resolution declares that the American government that whenever the freedom and peace of Europe is threatened, the United States will consider it obligatory to gain cooperation in the removal of that menace.

Decision to accept membership in the league of nations should be left without prejudice to each nation, the resolution declares for future separate consideration. It also asserts the lack of authority by the treaty making power of the government to make a treaty which in effect annuls the American constitution.

Mr. Knox's request the resolution was referred without debate to the foreign relations committee. He will attempt to get committee action tomorrow or Thursday and hopes to bring it up in the senate for consideration on the 15th. The resolution is said to open a new chapter in the league of nations fight and to develop a debate which may be even more bitter than that of publication of the treaty text.

ANSWER IS DELETED. PARIS, June 10.—Apparently there is little hope that the allied reply to the German counter proposals will be ready before the end of the present week.

SETTLED ON INDEMNITY. PARIS, June 10.—(Havas).—As a result of the deliberations of the council of four today an agreement seems near on the amount of indemnity Germany will be asked to pay. The treaty and the German counter proposals, considerable progress being made during the days' session.

UN TO GO TO PARIS. GENEVA, June 10.—Bela Kun, according to Innaback dispatches, reply to his Clemenceau's note, accept the allied invitation to visit Paris in order to explain conditions in Hungary.

Uran Bankers Tell of Work in Liberty Loans. BY THE Associated Press. SALT LAKE CITY, June 10.—The work of the bankers of Utah in the third, fourth and fifth liberty loan campaigns was told in the reports of officers in the Utah State Bankers association in annual convention here today.

CONGRATULATES THE TWIN FALLS POST

Mr. C. M. Booth of Pocatello, temporary chairman of the American League for Idaho, who is here on legal business, yesterday congratulated members of the Twin Falls post on their selection of Arthur Alworth as president of the local organization, and the post on its activity. In speaking of the coming meeting, a service men to be held in Boise June 25, Mr. Booth stated that he hoped to see at least 100 men present from Twin Falls and urged that as many local service men as possible attend the meeting, again emphasizing the fact that all service men, whether delegates or not, will have right to attend and take part in all sessions.

"I am anticipating a splendid meeting in Boise on the 25th," said Major Booth, "service men throughout the state are eager to form a state organization that will be permanent and from reports that I have heard we may expect at least 100 from here to attend that meeting. There are several lines of vital interest to our service men that will be brought up at that meeting and I am urging every man who can possibly attend to do so. Each service man present will have the same right to attend and take part in the local organizations will have.

"I can speak only words of congratulation to the Twin Falls post in their selection of Mr. Alworth as president of their organization. And I must also say that I am sure of their splendid spirit in doing things. The men are making their organization one that the community may be proud of."

LLOYD GEORGE KILLS HOPES OF EX-BOERS

Great Britain Can Take No Step Toward Union's Disruption. Any Change in the Present Status Would Ruin South Africa, Says Premier.

LONDON, June 10.—Great Britain cannot take any action which would mean the disruption of the Union of South Africa. In effect, the premier has said in the dispatch of the national party of South Africa by Premier Lloyd George in Paris on June 5.

The premier rejected the denunciation which included General J. B. M. Hertzog and Justice W. R. Hertzog, former president of Orange Free State. It was explained that the chief object of the national party was to obtain restitution of the national status of the South African republics existing before the Boer war.

Mr. Lloyd George in his reply said that the South African union was based on a fundamental agreement between the British and Dutch elements and could not be disrupted by one element without the consent of the other. Great Britain therefore was unable to take any action which meant the disruption of the union.

General Hertzog and the deputations representing the old provinces of the Transvaal and Orange Free State. They were actuated by no race antagonism but were determined by constitutional means to press their claims for independence.

The principle of self-determination, added the premier, had been given effect by the people of South Africa in the fullest, freest and most solemn manner, and to consent to any disruption of the union would mean that South Africa, as a whole, would be handed over to the hands of the English speaking peoples, without reference to the will of the whole.

LABOR LEADER URGES PUBLIC OWNERSHIP

States That Carrier Systems Should Be Acquired. A. F. OF L DELEGATES AMERICANS FIRST Wear Red, White and Blue Ribbon-Showing Opposition to Any Violence.

By the Associated Press. ATLANTIC CITY, June 10.—A proposal that organized labor hold upon public ownership of the railroads of the country was submitted today to the delegates attending the reconstruction convention of the American Federation of Labor by Glenn E. Plumb, counsel for the railroad brotherhoods.

The speaker's statement that the ownership of the systems should be acquired immediately was greeted with prolonged applause. The cheering was renewed when Mr. Plumb said that with the government supporting government bonds for outstanding securities, the railroads would be "removed from the dictatorship of Wall street."

Plumb Plan Considered. The so-called Plumb plan has already been presented to the executive council of the federation. The council in its report now before the convention endorses government ownership of the railroads.

Almost 100 resolutions were submitted today but were not made public owing to delay in having them tabulated and printed. As an indication of the feeling of the convention toward extremists and advocates of violence, virtually all the delegates are wearing red, white and blue buttons in their lapels with the motto: "An American Citizen."

SMITH WORKING FOR MEN'S RETURN

Congressman Vires Mayor He Will Do His Part in Securing Men's Release.

It is planned to have one of the biggest celebrations ever held in the county, not only honoring former Company D men but all returned, living or private managements. At the service men. Plans are maturing so that on that day the job, the leather, the doughboy shall meet together as honor guests in a big service men to be expected to appear in uniform.

MUCH WHEAT IS SOLD IN WEEK

Report Shows Increase Over Same Period of Year Ago—Barren Statement. By the Associated Press. NEW YORK, June 10.—Total receipts of wheat from farms during the week ended May 30 were 2,677,000 bushels, compared with 2,537,000 bushels for the same week a year ago, the food administration grain corporation announced here tonight.

The total stocks of wheat in country elevators, mills and terminal elevators on May 30 was placed at 65,324,000 bushels. In a statement today Julius H. Barnes said: "It is evident, with the slack of the crop now in sight, that the pressure for marketing will shortly force wheat prices in this country back to the government guarantee level."

Those who would restore the farm prices of past years of depression in this era of increased prices for labor, machinery and all the supplies that farmers require, would tend to throw the largest basic industry of America into confusion and demoralization that would reach far beyond the confines of the agricultural class alone."

Mr. Barnes declared that "what must not be made the subject of 'an, restrained and unthinking speculation, and that it is unthinkable the large private profits would occur from food."

SENATE VOTES TO RELEASE WIRES

House Committee Agree to Return the Control of Industry by June 30. By the Associated Press. WASHINGTON, June 10.—On the 10th of the nationwide telegraphers' strike both bodies of congress today voted to end quickly government control of the country's wire system.

The senate passed unanimously the bill for federal "forthwith" of the law authorizing federal jurisdiction over telegraph, telephone, cable and radio lines, while the house interstate commerce committee agreed to report legislation ending government wire control June 30.

Virginia Pearson in "The Bishop's Emeralds"

officials said that none would be made, the return of wire operations having left the situation to the hands of private managements. At the same time, officials lately responsible for the conduct of the telegraph system were inclined to discount the possibility that communications would be seriously hampered by the strike of telegraph operators. The threatened walkout of electrical workers was said to have more serious possibilities.

The senate, in adopting the repeal bill approved an amendment to repeal present telephony rates 10 days or until the tariffs can be adjusted by state commissions. Democratic and republican senators joined in support of the repeal bill of which Senator Kellogg, republican of Minnesota, is the author, and also in criticism of the taking over of the wire and the results of government operation.

WINNER OF VICTORIA CROSS MALTREATED

Strikers in Winnipeg Hurt — Police Are Able to Restore Quiet. By the Associated Press. WINNIPEG, Man., June 10.—Several clashes resulted from demands by strike sympathizers against returned soldiers' constitution this evening. A large crowd gathered between the city hall and Fort George square with the main disturbance occurring at the corner of Fortage avenue and Main.

Many were thrown by the crowd, the police retaliating by a free use of their batons on the heads of demonstrators. At 8:30 the special police had the situation well in hand and calm was restored. A number of returned soldiers' hall and demonstrators were severely battered, and one special policeman was seriously injured.

Mayor Charles F. Gray announced he would not call out the troops to quell the rioting. He said the special constables would be able to handle the situation.

Corporal Frederick George Copple, winner of the Victoria cross in the war, one of the special mounted constables, during the demonstrations this afternoon was pulled from his horse and so maltreated that he is not expected to recover. Besides this being broken from severe kicks and serious injuries to his head, he is believed to be suffering from internal injuries.

SHOPMEN MAY WALK OUT. MONTREAL, June 10.—An ultimatum that unless the railway war board accedes to the demands of the railway shopmen of number 4 division Railway Shopmen of America, by 10 a. m. next Tuesday, all the railway shopmen of Canada will walk out on strike, was issued to the railway war board today by the delegates of the union here.

MEXICO SEEKS TO ENTER THE WORLD LEAGUE

Agular in United States to Intercede for His Country. PLANS TO GO TO FRANCE SHORTLY Hobby Avers that Condition on Border Should Not Cause Undue Alarm.

WASHINGTON, June 10.—General Candido Aguilar, son-in-law of President Carranza, who is now in Washington, came to the United States to enlist the aid of the American government in obtaining admission for Mexico to the league of nations, according to advices today from Mexico City.

General Aguilar called on Acting Secretary Polk today and later conferred with Henry P. Fletcher, American ambassador to Mexico. From Washington General Aguilar will go to Paris to see President Poincare in an effort to influence France in Mexico's behalf and later he will visit London hoping to fully restore diplomatic relations between Great Britain and Mexico.

CONDITIONS NOT ALARMING. AUSTIN, Tex., June 10.—Conditions along the Mexican border are not alarming and his refusal to permit Mexican troops to be transported through Texas and his suggestion to the war department that Texas cavalry be mobilized should not be taken as an indication that imminent danger exists, according to Governor W. P. Hobby in a statement here today.

The situation on the lower border is peaceful, the governor said, but conditions in the El Paso district are different, reports confirming that roadway is being gained by Francisco Villa and General Felipe Angeles.

Word Stop Itails. The statement continues: "I am firmly convinced that preventing the passage of the troops through Texas and mobilizing the Texas cavalry under the direction of the secretary of war would have great force and effect to the end of protecting American citizens and the American border at the inclemency of the movement which forethence trouble."
