## June Brides Learn to Cook!

Misses Zuma Sheneberger, Cleo Dowitt, Orpha Markie, Margaret Deboe and Lena Hamilton entertained the Camp Fire girls this week at the Sheneberger home. The regular monthly meeting was followed by games and a delicious luncheon. The tables were decorated prettily with roses and the place cards were held in place by rose buds. The guests included Miss Genevieve Blafford, guardian, and Misses Carmen Bangor, Una Blafford, Bessie Williams, Audrie Baker, Ella Duke, Margaret Dunlap, Marie Mills, Martha Farrar and Elma Duckert. During the business session the names of Misses Margaret M. Atee and Helen Terhune were voted upon and the girls were accepted into the society.

Mrs. Harry Barger was hostess to the Thursday Bridge club yesterday afternoon, entertaining at the home of her daughter, Mrs. Paul Barber. Following the afternoon with card-diplomatic two-course luncheon was served.

The Women of Woodcraft will hold their regular meeting this evening at the I. O. O. F. hall.

Miss Loretta Hoy arrived in Twin Falls Wednesday from North Platte, Nebraska, to be a summer guest at the home of Mr. and Mrs. C. C. River.

Mrs. Crouch of Caldwell has been a guest during the week at the home of Mr. and Mrs. J. E. Dowitt, former friends in the east. Mrs. Crouch was a delegate to the Eastern Star convention.

A party consisting of Miss Edith Graham, Miss Nellie Pilgrim, Miss Lenore Bybee, P. Van Dyke, Henry Graham, W. Smith and Frank Buckman motored to Artesian last evening.

Plenishing at Shoshone Falls yesterday afternoon formed a delightful ending for the Eastern Star convention. The guests, more than 300, were taken to the grounds in cars and many well-laden hampers were also stowed away. On opening them when the party stopped it was found that everything in the way of delicious picnic lunch had been provided. The guests were also taken to Blue Lakes. For many of the visitors it was the first trip to this part of the state and they were enthusiastic in their praise of the beautiful scenery. Many expressions of praise were heard among the delegates for the splendid entertainment accorded them by the entertaining chapters.

## With a Cute Organ-die Apron

By BETTY BROWN.  
The French would dub this gown "distique." It is so odd and charming. Of all combinations, it begins with a blue tulle, straight, severe sheath, and hangs over it a diverting, apron-like waistcoat of white tulle embroidered in black and blue and white. A greenish ribbon girdle and bow, repeated at the cuff, is another clever touch.

## BRITISH VICTORY BONDS AT 65 ARE REDEEMABLE AT PAR

By the Associated Press.

LONDON, June 12.—The government victory loan, the details of which were made known this evening, will consist of a four per cent "funding loan" issued at 80 and redeemable within 7 1/2 years at par by a cumulative sinking fund. There also is to be an issue of four per cent "victory bonds" at 85 redeemable at par by annual drawings commencing in February, 1920.

"Make your table attractive, food may not be as important as love and kisses, but it certainly comes next."—Oscar.

### Make your table attractive!

Now that you have succeeded in attracting a husband, you must learn how to keep him. Food may not be as important as love and kisses, but it certainly comes next!

Therefore your table must not only be filled with nourishing food, well cooked, but it must be attractive as well. In these days the dinner table must be a beautiful picture as well as an appetizing sight. Linen, silver, china and glass must be immaculately clean. The use of flowers, if available, of course adds most pleasing note to the simplest meal.

Perhaps there was a time in the early ages of the world when hunger was always so keen that food in any form was welcomed and boiled. Food must satisfy the sense of sight as well as those of taste and smell. Any good cook book will tell you dozens of ways of preparing appetizing dishes so they will be nourishing, but you must learn how to dress your table with items so as to make the table attractive. In serving food care must be taken to have each dish brought to the table presenting an appearance of careful arrangement. There must never be a suggestion of overflowing of any dish, spilling of gravies, sauces, etc.

## GRAND CHAPTER OF O. E. S. CONCLUDED

Officers for ensuing year installed by meet in Sunpoint next.

Installation of grand lodge officers and a sightseeing trip followed by a picnic at Shoshone Falls in the afternoon, concluded the three days' session of the Idaho grand chapter, Order of Eastern Star. According to officers of the session here has been very enjoyable and words of appreciation were extended the Pledge, Buhl, Hollister and Twin Falls chapters, the hostess chapters.

Sunpoint was selected Wednesday afternoon as the place of meeting of the grand lodge next year. Invitations were also extended by the Loveland and Coeur d'Alene chapters.

The officers installed yesterday afternoon included both elective and those appointed by the now grand worthy matron, Mrs. Maude W. McRoberts of Twin Falls. The elected officers were: Grand matron, Mrs. Maude W. McRoberts; Twin Falls grand patron, C. Fred Howe; Ketchikan; associate grand matron, Mrs. Mary Bhelda, Moscow; associate grand patron, Walter C. Clark, Kollon; grand secretary, Mrs. Martha Nelson; Klamath; grand treasurer, Mrs. Stella Van Hiltop; Buhl; grand conductress, Mrs. Amelia Bullock; Nampa; associate grand conductress, Mrs. Margaret Pike, Boise.

The appointed officers installed included grand chaplain, Mrs. Scobee, Statler; grand marshal, Mrs. Laura Glendenman, Coeur d'Alene; grand organist, Mrs. Alice Stacy, Lewiston; Grand Adah, Mrs. Zella Foster, Wallace; grand Ruth Mrs. Alberta Lundin, Shoshone; grand Esther, Mrs. Estlin, Vellum; grand Martha, Mrs. Reshoshone, grand Esther, Mrs. Estlin, Mrs. Margaret Moore, Filer; grand warden, Mrs. Dandolin, Sandpoint; grand sentinel Karl Wardrop, Polatach.

## NON COMS OPPOSE CIVILIAN COUNSEL

Court Martial Opposes the Car for Helped by Insuring Adequate Counsel for Defense.

By the Associated Press.  
CHICAGO, June 12.—The enlisted man's side of the court martial controversy was presented today to the court by a civilian association committee by several witnesses. The non-coms and privates, however, did not respond to the committee's invitation in great numbers as had been expected, and the committee found itself without witnesses an hour before the adjournment time. It was also indicated that a few more experts on military jurisprudence may be heard

tomorrow although the hearings were supposed to close today.

After Mortimer M. Newfield, a private in a Buffalo corps at Fort Omaha, had told the lawyer what he considered was wrong with the present court martial practices and procedure, Lawrence Pickwood, a mess sergeant in the regular army and a veteran as well of the British navy and British merchant marine, argued against several proposals of the Ansell bill.

No civilian should have anything to do with administering military justice, he thought, because such a change would unnecessarily encroach upon military discipline. Neither did he favor having enlisted men to serve as members of court.

He told the committee that much of the dissatisfaction with the results of military trials was traceable to in, different or incompetent counsel for the defense. He said the greatest need of change was in that place and advocated the establishment of an independent section of the Judge Advocate general's department to conduct defenses and to assure men of competent defenders.

Phillip R. Davis, who served as private and sergeant in several medical units in Texas camps, said summary courts should be abolished as they put too much power in the hands of incompetent officers "inflicted by their new found power." It developed that his experience with the system were founded largely upon experiences with young medical officers fresh from college.

Captain J. M. Dickinson, Jr., of Chicago, and Captain Donald M. Denison of Grand Rapids, Mich., both endorsed the idea of having enlisted men serve on courts martial.

## JAMES A. TAWNEY DIES IN MISSOURI

Former Power in National Congress Had Been in Ill Health for Many Years.

By the Associated Press.

WINONA, Minn., June 12.—James A. Tawney, former congressman of the first Minnesota district and one time chairman of the house appropriations committee, died this morning at 5 o'clock at Escalator Springs, Mo., according to advice received by the family in this city.

Death was due to arterial sclerosis. Mr. Tawney had been in ill health for several months. These weeks ago he went to Escalator Springs for treatment. The end came unexpectedly this morning. Mr. Tawney was 64 years old. For 15 years he was a member of congress. He was first elected in 1892 and retired in 1911. He since had been a member of the international joint commission.

C. O. Royce, county commissioner of Jerome county, from 1918, was in Twin Falls on a business trip.

Earl Munyon of Filer was in Twin Falls yesterday for a brief time. He is recently from Franco where he had been service with a field hospital

and saw action at St. Mihiel and Arras. Mr. Munyon has gone into partnership with his father, Colonel Munyon, in the auctioneer business.

Mrs. C. McRae and Mrs. Fred L. Keller of Buhl were in Twin Falls for a two days' shopping trip.

Kyle Wallis, who has been in France for the past fifteen months, returned home Wednesday afternoon.

Mrs. D. Plummer of Filer was among the out of town shoppers in Twin Falls yesterday.

### DEFER ACTION ON KNOX RESOLUTION

Introduction Permitted Under Agreement for Adjournment With the Senate Until Monday.

By the Associated Press.

WASHINGTON, June 12.—The resolution of Senator Knox of Pennsylvania, a former republican secretary of state, to have the senate declare definitely its attitude toward the league of nations interwoven with the peace which would have declared it a policy senate today for consideration early next week.

In reporting the measure the foreign relations committee amended it, however, to strike out the section which would have declared it a policy of the American government to cooperate in combating any future menace to the peace of Europe. The provision was eliminated by friends of the resolution after it became apparent that otherwise favorable committee action on the measure might be endangered.

On motion to amend, as well as on the final vote for a favorable report, all the democratic members voted in the negative and in each case they were joined by Senator McCumber, republican of North Dakota, a league supporter. On final approval the vote stood 3 to 7. Two unsuccessful motions to postpone action by the committee until next week were made by Senator Pittman, democrat of Nevada, and when Senator Knox later asked unanimous consent to present the favorable report to the senate, the request at first was blocked by Senator Robinson, democrat of Arkansas. Mr. Robinson withdrew his objection, however, upon an agreement that the senate should adjourn until Monday so there would be no debate on the resolution this week.

When the measure came to the first of the week-day supporters will try to press it to an early vote so that if adopted it will reach the Versailles conference before the signing of the treaty. The league supporters are expected to make a bitter fight against any such action. While they disclaim any intention to conduct a filibuster, they say they will not permit a vote until the resolution has been discussed at length.

### CHINESE SWARM TO CITIES OF MEXICO

Veracruz and All Health. Their Coming Is Menace to Labor of Country.

MEXICO CITY, June 12.—As a result of reports that large numbers of Chinese are entering Mexico, most of them in a bad state of health and without money, it is said that a bill will be presented in congress soon, providing that such Asiatic immigrants be restricted. It is feared the Chinese will enter into direct competition with Mexican labor and eventually force down the wage scale.

A treaty exists between Mexico and China whereby mutual immigration is unrestricted but according to the newspaper Mexico, the situation is so menacing that legislative action is probable.

### Start Tomorrow and Keep It Up Every Morning

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so lets make our stay agreeable. Let us live well, eat well, digest well, sleep well and look well. What a glorious condition to attain, and yet, how very easy it is if one will adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from cold, foul tongue, naggy breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing sick or well should, each morning before breakfast, drink a glass of hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins, thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully purifying. It cleans out all the toxic germs, acids, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spots, stomach trouble; or others who have swollen veins, blood disorders and acidity complaints are urged to get a quart, for drug of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of inside bathing before breakfast.

### TRACTION TIE-UP ENDS IN DETROIT

Carman Reach Agreement to Return to Work Under Increased Scale of Wages.

By the Associated Press.

DETROIT, June 12.—Detroit's traction tie-up, which became effective last Saturday night, came to an end early this evening when the striking carmen of the Detroit United Railways voted to accept an offer by the company of wage increases from 47, 48 and 49, to 50, 54 and 50 cents an hour. The men had asked an increase of 33 cents.

The carmen accepted the company's compromise after an all-day debate. W. H. Mahon, president of the Amalgamated Association of Street and Electric Railway Employees prevailed upon the men to accept the offer, which, he said, constituted the highest wage paid street carmen in the United States. The men will receive 50 cents an hour for the first three months of the year, 54 cents for the next nine months and 50 cents for the next nine months and no overtime.

### ROMANIA STRIPPED OF ROLLING STOCK

Only Eighty-Four Locomotives Were Left By Germans in Entrance Country.

ATHENS, June 12.—Germany has stripped Rumania of everything which was a Red Cross agent from Budapest. There are only eighty-four locomotives in the whole country for the transport of troops, munitions and supplies. Of her seventeen thousand divisions (locomotives) have had to be mobilized for lack of food and equipment. There are not sufficient horses to transport field artillery, no tractors for the field artillery, forty per cent of the Rumanian medical staffs have died during the war and there are virtually no airplanes, armored cars or tanks.

Despite efforts of the authorities, the country is harboring Bolshevik agents smuggled in by Russia, Hungary and Bulgaria. An 80 per cent of Rumania is illiterate the Bolshevik danger is apparent.

The greatest need is food. Food for the army and food for the civilian population. America has sent a dozen food ships to Rumania and the American Red Cross is distributing food at caucuses and by means of rolling soup kitchens wherever the need is greatest. In the Dobruja where the smallpox epidemic is at its worst the American Red Cross has many doctors and nurses. Rumania has loaned Rumania \$5,000,000 but the financial situation of the country remains critical, writes the Red Cross man. This he attributes to Rumania's inability to export and to the broadcast issue during the German occupation of worthless banknotes.

In addition to food the Rumanian army and civilian population desperately need clothing. Cloth for a suit of clothes costs sixty dollars a yard, a yard of linen for a shirt costs a dollar and a shirt of ordinary quality \$40. A pound of butter costs \$5.50.

"How can America help Rumania?" a Rumanian officer was asked.

"Continue your special shipments of food through the American Army Food Mission and the American Red Cross," replied the officer. Send us propaganda written by Americans to be dropped by airplanes in the Bolshevik zone. We are fighting with lack. Our railroads and trunk port system is a wreck. Send us some of the American railroad men who did such wonderful work in Russia."

### SHORTHORN SALE TO BE HELD JUNE 20

First Auction of Kind in Idaho—Hope to Promulgate Stock's Growth Here.

Efforts of bankers and stock raisers to promote the raising of Scotch Shorthorn in Twin Falls county will come to a head June 20 when an auction sale of pure Scotch Shorthorn cows, heifers and bulls will be held at the Twin Falls sale barn.

It is the plan of those conducting the sale to arrive at this time to introduce as many Shorthorns as possible as foundation stock on farms in this section.

This is the first sale of pure Scotch Shorthorn cattle that has ever been held in Idaho. If it is a success it is anticipated that other similar sales will be held.

According to breeders in this section, conditions are such as to make for excellent results from the raising of this class of cattle here.

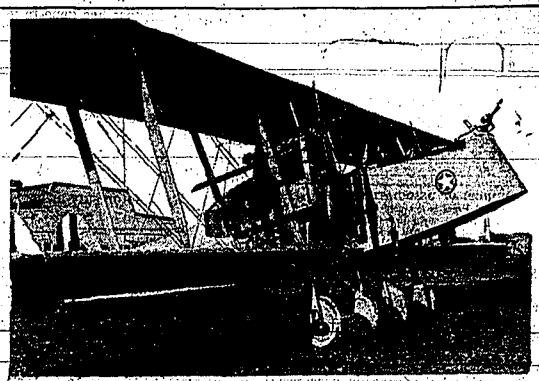

More and more intensive farming is becoming the method used in Twin Falls county. The county farm bureau is working with this purpose in view, while large farmers as well as small ones have approved the raising of some cattle is essential. Twin Falls county has been one of the leading hay producing counties in the state for years but at times financial results obtained have been less than desired. Those advocating more intensive farming declare that there can be no loss if enough cattle are raised to use up any surplus of hay raised.

FIRST LAMBS BIRING 14 CENTH OF THE FIRST LAMBS OF THE SECTION WAS MADE LAST WEEK, according to an announcement by H. H. Schindler, who stated that the purchasers paid 14 cents a pound which equals that offered by packers of Salt Lake and Ogden. According to a report made by the farm bureau this price will probably be the top price the market declining rather than strengthening. The lambs sold no far have been tops of the different flocks raised on the tract.

FRUIT SPECIALISTS HERE.

L. C. Longley and Charles W. Hungerford of the University of Idaho, who are making a survey of plant diseases found in this part of the state arrived here yesterday and a day ahead of time they were expected. They spent yesterday with County Agent Bohrer visiting several tracts.

### Martin Bomber Picked to Cross Continent in Two Big Hops

This is the twin-motored Martin bombing plane, of the type picked to cross the continent from Mincola, N. Y., to San Francisco with but one stop, North Platte, Nebraska.

### EDITORIALS PLAY PART IN HEARING

Berger's Statements in the Milwaukee Leader Coupled With Socialist Platform, Is Evidence.

By the Associated Press.

WASHINGTON, June 12.—After Milwaukee Leader editorials which led to the indictment of Victor Berger for violation of the espionage act had been put into the record today, the house special elections committee, investigating his right to a seat in the house adjourned hearings until July 7.

Adjournment was taken at Mr. Berger's request in order to give him opportunity to prepare evidence to meet charges of ineffectuality. Henry F. Cochen, counsel for Berger, asked the committee to put immediately before the house his challenge as to its jurisdiction.

With the editorials from the Leader, Harry R. McLogan, counsel for Joseph P. Carney, who is challenging the election, submitted the national socialist party platform, partly framed by Mr. Berger, and which showed he contended that the member-slots from the fifth Wisconsin district had given aid and comfort to the enemy by at-

tempting to obstruct the operation of the American machinery of war.

### BOY SCOUTS MEET TONIGHT

An important business meeting of troops 1 and 2 of Boy Scouts will be held this evening in the high school auditorium.

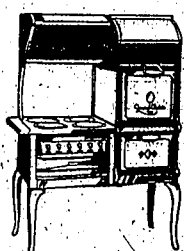

Meeting. Important matters will be taken up at the Monday morning meeting.

L. E. Longley of Moscow is among the out of town visitors in Twin Falls.

Miss R. T. Vanvorner, southern Idaho home service field worker, will return here from Buhl today to take up her work in the city.

NEW YORK CROWDS WHITE SOX DOWN

Wins From Detroit White Chicago Leads Drop One to Boston—Race Tightens.

By the Associated Press. HOW THEY STAND.

Table with columns: Won, Lost, P.C. for New York, Chicago, Cleveland, St. Louis, Boston, Detroit, Washington, Philadelphia.

NEW YORK, June 12.—New York took the lead in the American league race today, winning the third straight game from Detroit, 6 to 1.

BOSTON 4, CHICAGO 0. BOSTON, June 12.—Boston concentrated six hits in the sixth inning today, including a double by Ruth and a triple by Schanz, for four runs and beat Chicago 4 to 0.

CLEVELAND 5, WASHINGTON 1. WASHINGTON, June 12.—Errors by Shantzle convinced Cleveland to take the third game of the series from Washington today by a score of 5 to 1.

ST. LOUIS 5, PHILADELPHIA 0. PHILADELPHIA, June 12.—St. Louis, aided by Philadelphia's errors, won, 5 to 0, today. Gallia was steady in the pitcher and backed by stellar support held the Athletics safe.

DISCUSS DIVISION OF POST-SEASON SERIES SPONDULICHS. BY THE ASSOCIATED PRESS. CINCINNATI, June 11.—After a brief session today the national baseball commission adjourned without making any announcement relative to the division of money of the world's championship baseball series next fall.

HAGEN WINS HONORS. NEWTON, Mass., June 12.—Walter C. Hagen of the Oakland Country club, Detroit, won the open, golf championship of the United States at Brne Barn today, defeating Michael J. Brady of Oakley, by a single stroke in an eighteen hole play for the title.

PITTSBURG 5, BROOKLYN 1. PITTSBURG, June 12.—Pittsburg

JESS SURPRISES FANS IN WORKOUT

By FRED TURBYVILLE. Jess Willard has been hammered a lot since he won the heavyweight championship five years ago—hammered by the fans and not by opponents.

they grew so bold as to say, "Dempsey will knock his block off." "But that was before Jess was on the ground. He came in with a smile, without a "fella" and jumped into training the second day.

notice. They found Willard in shape. He was fast, blocked more cleverly than at any other period in his career, and allowed his sparring partners to punner him about the waist as they pleased.

MILLER WEAKENS IN CLOSING INNINGS

Reds Drop Hard One to Giants—Pittsburg Again Walks Brooklyn.

Table with columns: Won, Lost, P.C. for New York, Cincinnati, Chicago, St. Louis, Philadelphia, Boston.

NEW YORK 3, CINCINNATI 1. CINCINNATI, June 11.—Elied held New York safe for six innings today, but weakened in the later rounds.

PITTSBURG 5, BROOKLYN 1. PITTSBURG, June 12.—Pittsburg

defeated Brooklyn for the third consecutive time today, 5 to 1. The visitors bunched hits off Miller in the second and eighth innings, scoring two runs in the eighth, which scored Heathcote ahead of him, gave St. Louis a 3 to 1 victory over Boston today.

ST. LOUIS 3, BOSTON 1. ST. LOUIS, June 12.—McIntery's home run in the eighth, which scored Heathcote ahead of him, gave St. Louis a 3 to 1 victory over Boston today.

CHICAGO 3, PHILADELPHIA 0. CHICAGO, June 12.—Chicago won its sixth straight game today by shutting out Philadelphia, 3 to 0.

innings when the locals bunched six hits. Score: Philadelphia 0 R. H. E. 0 7 0. Batteries—Jacobs and Adams; Alexander and Killifer.

AT PORTLAND. Score: R. H. E. 2 8 0. Portland (Called first half of eighth; darkness). Batteries—Gale, Malns and Spencer; Penner and Baker.

AT LOS ANGELES. Score: R. H. E. 7 16 5. Los Angeles (Called first half of eighth; darkness). Batteries—Falkenburg; Frammer and Miller; Pitsory, Crandall, Calderon and Baesler.

Table with columns: At Seattle, Sacramento, San Francisco, At Oakland, Yonkers, San Francisco, Batteries.

Help Congress Decide

WILLARD REVELS IN BLISTERING SUN

TOLEDO, June 12.—Working under the burning rays of sun that seemed to affect everybody except the champion himself, Jess Willard boxed six rounds today after feeling off five miles on the road early in the morning.

Don Donnell returned home Wednesday for a ten day furlough and is visiting his parents at Curry. He was with the field hospital corps.

### CAN Y'IMAGINE IT?

Camouflaged is supposed to hide things. Bathing suits seem built to reveal. Yet here are these beach nymphs in paradoxical camouflaged bathing suits.

### COUNTS 47 BODIES AFTER MEX RAID

Ford-Arthur Hearing Continues to Delve Into History of Border Outrages and Raids.

By the Associated Press. MOUNT CLEMENS, Mich., June 12.—Wrangles over the much-discussed "plan of San Diego," in the course of which Attorneys William Rocking and Alfred J. Murphy of the Ford counsel, were suddenly sworn and questioned and personal narratives of witnesses to the Villa raid, on Columbus, N. M., March 9, 1916, marked the progress of the libel suit of Henry Ford against the Chicago Daily Tribune today.

The Columbus witnesses were: Louis M. Carl, a civil engineer, who said he counted the bodies of 47 dead Mexicans after the incursion; Samuel N. McCullough, a section foreman who managed to get his wife and four children to a place of safety; Leo A. Riggs, a customs official; Mrs. Riggs, wife, and Arthur Havel, a Hobrow refugee from Russia. In addition there was testimony from Clarence A. Monahan, chief of the fire department of Brownsville, Texas, and from Ellsworth P. Reynolds, chief of the immigration service in the Brownsville district, recalled for further cross examination regarding the "plan of San Diego."

Havel, now 19 years of age, is one of four brothers conducting a general store which was raided by the bandits. "The witness said that when the fighting began he first crawled under a bed. Then he ran into the street, where, he said, bullets were flying and he saw many Mexicans fall. "Where did you go?" asked Attorney William Hooser of counsel for the Tribune. "I went about two and a half

miles," replied the witness amid laughter. "How were you dressed?" "I wasn't dressed." McCullough and his family, like Mr. and Mrs. Riggs and others, found refuge during the raid in the camp hospital.

Reynolds was questioned regarding the "plan of San Diego," which was taken from the person of one, Basilio Ramos, when he was captured in Texas. Reynolds in his official capacity examined Ramos at length at the time. All the memoranda in the case, including verbatim reports of questions and answers, he said he believed, were now in Washington in the department of justice. "What counsel for the Tribune produced in court was a translation of the "plan of San Diego," he said. This "plan," while much discussed, in the case has not yet been taken in evidence.

FOR GOVERNMENT OWNERSHIP DES MOINES, Iowa, June 12.—Government ownership of railroads and support of the league of nations was urged upon the Brotherhood of Locomotive Engineers by Warren S. Stone, its president, at tonight's session of the two-day national reconstruction convention of the order.

Mr. Stone declared government ownership had not had a fair trial, saying it was unfair to use the war time record as a criterion of what might be done. In regard to the league of nations, he said all men of the working people favor it. Both questions may come before the convention tomorrow.

WAR MOTHERS TO MEET NEXT MONDAY AFTERNOON The association of war mothers will meet Monday afternoon in the basement of the Presbyterian church. The state convention of war mothers will be held in Pocatello June 19 and several delegates from the local organization are planning to attend that meeting.

### HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat Less Meat If You Feel Backache Or Have Bladder Trouble.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which, excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the wastes and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, dropsicalness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, frequent or attended by a sensation of scalding, stop eating meat and get your four ounces of Jad Balls from any pharmacy, take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize acids in the urine so it no longer irritates; thus ending bladder weakness.

Jad Balls is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean, all active and the blood pure, thereby avoiding serious kidney complications.

T. H. Cooper who returned to California some time ago, returned to Twin Falls yesterday afternoon. C. W. Hunsberger of Moscow is in Twin Falls for a short time.

### SEEK RICHES IN SUNKEN VESSELS

Spire of Adventure Leads Many to Help in Recovering Shipwreck Sunk by U-boats.

By the Associated Press. LONDON, June 12.—There is a spire of adventure in the salvaging of steamers sunk by German raiders. Round the British Isles, in the Mediterranean and off the Murman coast, are rich fields for the salvage service as well as private enterprise. In the North Sea the water is too deep to make any considerable success but in shallow water not only cargoes but ships are being saved.

Some of the sunken vessels contain huge fortunes in gold or goods.—One is known to have carried \$500,000 in gold.—The live boat, however, is the ship's strong box but did not record whether he retrieved the gold.

If the divers after an investigation decide to attempt to float the ship, barges are moored over her at low tide. Nine inch ropes are then passed under it and fastened to the barges above. As the tide rises the barges rise with it, bringing the ship along, as it lies in the great wire cradle. The damaged ship is then towed into shallow water and the necessary repairs made.

In the case of vessels only partly submerged compressed air is sometimes pumped into her hold, driving out the water while the ship slowly floats to the surface. Occasionally it is necessary, when the hole is too large, to make a great patch, float it up to the hole, and then fasten it sufficiently tight in position until the ship can be pumped out and floated.

One vessel was torpedoed in the channel, but almost reached the shore before it went down.—When it finally sunk it was exposed at low tide, and not so very far from a railroad. Heavy locomotives pulled the vessel into a perpendicular position and the vessel finally refloated.

While these salvage operations have been remarkably successful, leaders in the industry declare that it is not so impossible to save a ship lying in water deeper than her masts, and that very many ships will never be brought up. But they do not despair.—So far the "Big Three" have raised less than 200 feet of water. Divers can operate with comparative ease at that depth.

Many sailors recently demobilized have cast their lot with the government salvage corps or with some of the private corporations which have taken up the work. The pay is good while there is always an element of danger.

### HEALTH PLANS TO HAVE ATTENTION

Government and State Authorities to Confer in Campaign Against White Plague.

ATLANTIC CITY, N. J., June 12.—Plans for a countrywide program for the protection of the people's health during the construction era will be discussed by government experts and health authorities from every state in the Union at the annual meeting of the National Tuberculosis Association which opens here Saturday, June 14. The sessions will continue until June 17.

Fifteen hundred state and local voluntary anti-tuberculosis organizations which have led the fight against the disease in the past ten years will be represented by delegates, who will make a strong plea for further cooperation on the part of the government in their campaign. As a result of their representations, based on wartime revelations, they hope that a division of tuberculosis will be created in the United States public health service. New truths about tuberculosis learned during the war will be presented by army and medical men who

fought the disease both overseas and in the military hospitals here. Among those who will address the meetings are: Dr. Livingston Farrand, director general, American Red Cross; Colonel George E. Bushnell of the surgeon general's office; John R. Commons, professor of government, University of Wisconsin; Dr. Victor C. Vaughan, dean of the Medical School University of Michigan and Dr. David R. Lyman, president of the National Tuberculosis association.

### SMITH SUCCEEDS VANDERBILT

By the Associated Press. NEW YORK, June 11.—A. H. Smith, president of the New York Central railroad, was today elected president of the big four to succeed W. K. Vanderbilt, Jr., who resigned. J. B. Lovett was elected director.

### NOTICE TO CREDITORS

In the District Court of the United States for the District of Idaho, Southern Division. In the matter of John Finko, Voluntary Bankrupt.

In Bankruptcy No. 1147. The first meeting of creditors of said bankrupt is hereby called for the 23rd day of June, A. D. 1919, at 10 o'clock a. m., at the office of the undersigned referee in Twin Falls, County of Twin Falls, State of Idaho; such meeting to be held for the allowance of claims, appointment of Trustee and examination of Bankrupt.

Dated at Twin Falls, Idaho, June 10, 1919.

W. ORR CHAPMAN, Referee in Bankruptcy, June 13-June 20.

### ROOSEVELT DAM POWER PLANT REOPENED AGAIN

By the Associated Press. PHOENIX, Ariz., June 12.—The Roosevelt dam power plant, one of the four units there, which was tied up last Saturday by a strike of operators and linemen, was reopened today with non-union men, according to announcements tonight by officials of the Salt River Valley Water Users' association, distributors of Roosevelt power.

The Big Three  
To get all the profits due you—to make life comfortable—modernize your farm. The Big Three—Kewanee Electric Light, Running Water and Sewage Disposal System will pay you actual money dividends, protect your family and save you an enormous amount of labor. The money dividends will be paid in increased output and better working order throughout the entire farm.  
KEWANEE  
Electric Light, Running Water, Sewage Disposal, Combination Electric Light and Running Water Systems.  
Old fashioned implements and the work of your two hands will never accomplish the big results that depend on the use of modern machinery. You can have power to run countless labor saving devices—you can have safe, clean electric light at the turn of a switch. Hot and cold running water for all purposes, under strong pressure, will be yours at the turn of the faucet. A sanitary system of sewage disposal will insure healthful living conditions for your family. Kewanee plans last a lifetime, are joy in cost-perfect operation. Can be run by anyone. There is a Kewanee System built to meet your exact needs, no matter what they are. Come in and see us or for free bulletins on Kewanee Electric Light, Running Water, Sewage Disposal, Combination Light and Water Systems.

### GERMANY BUILDS MOTORLESS PLANE

This motorless plane is a German invention. It is said to have flown to a height of 150 feet. The wing span is about 45 feet. The data which accompanied the picture when it was sent out of Germany did not reveal the secret of operation, but the pilot may be seen sitting on the wings.

Cattle

CHICAGO, June 12.—Demand for corn broadened out to a substantial one today owing to the unfavorable crop conditions and to talk of falling off in rural consumption. The market closed steady, 1/4c to 1/2c higher, with July 1919 at \$1.74 1/2 and September 1.64 1/2 to 1.65. Data gained 1/4c to 1/2c and provisions 7c to 1/8c. Highest prices set this season were reached in corn by the July delivery, which with other months delivered virtually the top level of the day. Successive months' rice predictions of more to follow has led to many and more climatic on domestic crop losses. At the same time, foreign receipts from drought in Africa and Great Britain attracted a good deal of notice. Rice fresh arrivals in the value of hogs.

DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Sage Tea and Sulphur Darkens So Naturally That Nobody Can Tell. Hair that loses its color and luster, or when it fades, turns gray, dull and hollow, is caused by a lack of sulphur in the hair. Our granulated sulphur is a mixture of Sage Tea and Sulphur to keep hair locks dark and beautiful, and thousands of women and men value that "even color" that beautiful dark shade of hair which is so attractive, was only this old time recipe. Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wynia's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Wynia's Sage and Sulphur compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and shine, and gives it an appearance of abundance. Wynia's Sage and Sulphur compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

Open Bids for City Bonds

Anticipated That Between Eight and Ten Firms Will Participate in Offerings. Bids will be submitted this evening to the city council for \$200,000 worth of bonds recently authorized by the taxpayers for paving, bridge building, sewerage and other improvements. According to the city clerk's office it is anticipated that there will be between eight and ten bidders for the issue. Among the concerns applying for the bonds are the following: the Lumbermen's Trust Company of Portland, W. S. Bruce, who represented the several concerns that purchased the waterworks bonds, the Twin Falls Bank & Trust company, the Idaho State bank and the First National bank. In addition to the matter of bids council will consider several other questions, including the authorization of the drafting of specifications for the Rock creek bridge and the matter of breaks in the water pipes during the past week since the turning on of the new system.

Stecher and Lewis Matched

By the Associated Press. —OMAHA, June 12.—Gene Malady, local promoter, today signed Joe Stecher and "Brimmer" Lewis for a third match in Omaha on July 1. Stecher, 30, and Lewis, 29, are both from Lewis; each posted a fight of \$1500 to bind the match. They will wrestle for 60 per cent of the gross receipts on a winner-take-all basis.
