PRICE FIVE CENTS

Answer to Counter Proposals Gives Huns Until Monday to Agree to the Terms of Allies; Slight Changes Made

CLEMENCEAU BARES CRIMES OF GERMANY TO WORLD'S HISTORY

Arraigns Prussianism For Its Brutality and Hungry Lust For Power.

Answer to Counter Proposals Yields Nothing in Principle--Makes Slight Changes.

By the Associated Press.

PARIS, June 16.—The Germans have been granted an additional 48 hours in which to make their reply regarding the signing of the peace treaty.

PARIS, June 16.—The final reply of the allied and associated powers to the conditions of peace, handed to the Germans at Versailles May 7, was delivered to the German delegation today and made public shortly afterwards.

ALLOWED FIVE DAYS TO REPLY

The Germans are allowed five days to accept or to refuse the treaty as it stands. If they accept, peace will be signed at once; if they do not accept, the armistice will terminate Saturday (June 21) and the powers will take such steps as may be necessary to enforce their terms.

The principles of the original conditions have been vigorously upheld as establishing a peace of justice, but certain modifications in detail and many explanations of the effect of execution are made. The reply is in two parts—a general covering letter and a series of discussions on the general counter proposals.

The changes include:

- A plebiscite for upper Silesia, with guarantees of coal from that territory.
- Frontier rectifications in west Prussia.
- Omission of the third zone in the Schleswig plebiscite.
- Temporary increase of the German army from 100,000 to 200,000 men.
- Declaration of the intention to submit within a month of signature a list of those accused of violation of the laws and the customs of war.

Offer to cooperate with a German commission on reparations, and to receive suggestions for discharging the obligation.

Certain detailed modifications in the finance, economic and ports of waterways clauses, including abolition of the proposed Kiel canal commission.

Assurance of membership in the league of nations in the early future if Germany fulfills her obligations.

The covering letter is from M. Clemenceau, president of the peace conference, to Count von Brockdorff-Rantzau, president of the German delegation.

In this letter M. Clemenceau says:

"The allied and associated powers have given the most earnest consideration to the observation of the German delegates on the draft treaty of peace. The reply protests against the peace on the ground that it conflicts with the terms upon which the armistice of November 11, 1918 was signed that it

SHORT WINNER IN RECALL ELECTION

Dennis J. W. W. Sympathies in Campaign to Hold Job As Mayor Of Sioux City.

By the Associated Press. SIOUX CITY, June 16.—Mayor Wallace M. Short was the winner in the recall election today, defeating H. T. Clancy by 210 majority. Four hundred more than he received when he was elected in April, 1916, although the total vote was less than that in 1918. The opposition to Short alleged the mayor was in sympathy with the I. W. W. and made the principal fight on short on this issue. The recall movement was launched after Short spoke at a I. W. W. convention here several weeks ago. Short during the campaign denied he was in sympathy with the I. W. W. He was strongly backed by the labor organizations of the city.

TELEGRAMS TELL OF BOYS ARRIVAL

Letter in 146-Field-Artillery Met-In New York by Governor Davis Of Idaho.

"Arrived in New York: Temporary located at Camp Merritt. Well. Will write later."

Commencing early yesterday morning and continuing throughout the day, telegrams like the above were being received in Twin Falls by parents and relatives of the 50 or more men who are in Headquarters company of the 146th field artillery.

Messages of this nature were sent personally, but in cases where this was not so the Salvation Army sent the telegrams.

How long the boys will remain at Camp Merritt has not yet been definitely determined, but it is anticipated that they will be on their way to Fort Bliss in a few days.

Governor D. W. Davis, in New York and will be the head of the reception committee that will entertain the Idaho men in the regiment while it is in the east.

WOMAN IS FOUND DEAD SAID TO HAVE HANGED SELF

Reports were received in Twin Falls last night that Mrs. Charles Arthur, living four miles north of Zuni, had been found dead. It was reported that she killed herself by hanging. Coroner Grossman went to the place to get the body.

American Troops Return to North Side of the Border After Clearing Juarez of Villa's Band of Rebels

EL PASO, Texas, June 16.—American troops that participated in the punitive expedition against the Villa band in and near Juarez last night and today were billeted in barracks and camps on the American side to night and were asleep before dark after 24 hours of campaigning.

As a required to the cavalry, artillery and engineers' columns, which would cover the main front of the river into today, seven rugged, high-built Mexican prisoners were herded toward the Fort Bliss stockade by a detachment of the 2nd Cavalry while another cavalry detachment drove a herd of 100 Mexican horses and ponies, captured from the Villa forces, to the remnants Station.

Kill 60 Villalistas. While no official report of the cavalry operations have yet been prepared for Brigadier General James B. Griffin and Major General Cabell, it was unofficially stated tonight at Fort Bliss that approximately 60 Villa followers were killed, and prisoners, horses and mules captured.

One American of the Seventh cavalry, Corporal Chigas, was shot through the lung by a Mexican rebel on the south bank of the river. After crossing during the night the narrow stream, supported by a battery of the First Artillery, advanced and shells directly over the heads of

FIVE STATE GATHERINGS MEET TODAY

Twin Falls Is Host to Large Number From All Parts Of State.

G. A. R. IN FIRST TO HOLD MEETING

Knights of Pythias Sessions To Start Tomorrow at Elks' Hall—Reception Tonight.

Twin Falls is host to five state gatherings today.

Several hundred delegates are expected to arrive today at noon.

The organizations that are meeting here are the Knights of Pythias with 100 delegates and visitors; the Pythian Sisters, with about 50 delegates; the G. A. R., the Woman's Relief Corps and the Ladies of the G. A. R.

Twin Falls attracted out-in-gate today for the occasion. The city flags which were placed Saturday were left remaining on the streets. Merchants began to decorate in the national colors and those of the Pythian organizations.

The members of the G. A. R. were the first to hold a session, the council at administration meeting yesterday afternoon at the Morrison Hotel.

Present at the meeting were Commander F. D. Page of Welsh, C. F. Drake, assistant adjutant general, and the two men went back.

The two men had gone to the falls with their parents Sunday afternoon for a picnic. Included in the party were H. W. Bourdette, father of the elder boy, and C. O. Bourdette, a brother of the elder boy and father of the younger lad.

The two men and the lads had made their way to an island just above the falls. The parents decided to come home and crossed the stream, going up the hill. The boys failed to appear being about 10 or 15 minutes late. When they had reached the falls the boys had disappeared from sight.

It is thought that one of the lads had slipped while trying to get back to the mainland and that the other was "white" trying to save him. This, however, is mere conjecture.

Announcement was made last night that the G. A. R. committee of arrangements is in need of more rooms, and about 10 or 15 at this time.

The Knights of Pythias meeting will be held at the Elks hall.

This evening the delegates will be received at the Masonic lodge room.

The grand lodge convention will convene tomorrow at nine o'clock.

SERVICE MEN ARE TO MEET TONIGHT

Session to Be Held at Johnson Auto Salesroom at 7 O'clock.

Announcement was made last night that the meeting of members of Twin Falls post, American Legion, had been transferred to the Johnson Auto Sales room. It will be called at 7 o'clock in order to permit those desiring to attend other functions during the evening.

Letters were received yesterday by John S. Green, delegate to the national convention, and D. Harold McGrath, who signed the national call, urging the Twin Falls post to send a roster of members to the state assembly as soon as possible so that the organization's weekly paper can be sent to them. The letters were from the national headquarters.

TWO LADS GO OVER FALLS; DROWNED

Frutle Effort to Recover Bodies—Cause of Accident Is Undetermined.

Harold Bourdette, 16, and Harold Bourdette, 11, were spotted to their death over Thoshone falls Sunday afternoon.

An effort started Sunday and continuing throughout yesterday, to find the bodies of the two lads was of no avail.

The river below the falls was dammed yesterday afternoon under the falls by deputies from the sheriff's office, but without result.

The two lads had gone to the falls with their parents Sunday afternoon for a picnic. Included in the party were H. W. Bourdette, father of the elder boy, and C. O. Bourdette, a brother of the elder boy and father of the younger lad.

The two men and the lads had made their way to an island just above the falls. The parents decided to come home and crossed the stream, going up the hill. The boys failed to appear being about 10 or 15 minutes late. When they had reached the falls the boys had disappeared from sight.

It is thought that one of the lads had slipped while trying to get back to the mainland and that the other was "white" trying to save him. This, however, is mere conjecture.

INTERLEINED IN RED

The revised treaty contained interjections in red ink where changes had been made in it. It had been impossible to print the treaty in time for its presentation today.

The covering note of Premier Clemenceau severely castigates Germany for protesting against the treaty on the ground that the treaty conflicts with the terms of the armistice. M. Clemenceau says Germany fails to understand the position she occupies today in the estimation of the world, being responsible for a war which was the greatest crime against humanity in the history of the people that any nation has ever consciously committed.

DOCUMENT IS DELIVERED

Without ostentation Paul Dubaut, general secretary of the peace conference, at 9 o'clock this evening placed the revised text of the treaty and the note in the German Legation Secretary Simon Baron von Loersner. Herr Simon promised the short time given Germany to make known her intentions.

M. Dubaut arrived at Versailles 9 o'clock, carrying the momentous document in two parcels wrapped in brown paper, and was conducted to the room of the Hotel Reservoir.

RECEIVE FOR PAPERS

Here the party was crowded on the side of the room, and the document was a large, thick, brown paper.

GERMANS ARE GIVEN REPLY OF ALLIES TO COUNTER PROPOSALS

Brockdorff-Rantzau Leaves at Once for Weimar For Council.

Huns Lose No Time in Effort to Carry Document to Frontier—Reply by Monday

By the Associated Press.

VERSAILLES, June 16.—The reply of the allied and associated governments to Germany's counter proposals and a revised copy of the peace treaty tonight are in the hands of Count von Brockdorff-Rantzau, who is on his way to Weimar, there to present to the German national assembly the final words of the victors in the war.

FEW CHANGES ARE MADE

Few changes have been made in the revised treaty. Five days was the allotted period originally fixed for the Germans to answer yes or no to demands of the allies.

Two days additional have been granted because of the insistence of the German delegation that not sufficient time had been allowed for proper consideration of the revised terms. This will extend the time limitation to Monday, June 23. If Germany's reply is yes the treaty will be immediately signed; if Germany declines to accede to the demands the armistice will be automatically terminated and the allied armed forces will take whatever steps they deem requisite to the occasion.

INTERLEINED IN RED. The revised treaty contained interjections in red ink where changes had been made in it. It had been impossible to print the treaty in time for its presentation today.

The covering note of Premier Clemenceau severely castigates Germany for protesting against the treaty on the ground that the treaty conflicts with the terms of the armistice. M. Clemenceau says Germany fails to understand the position she occupies today in the estimation of the world, being responsible for a war which was the greatest crime against humanity in the history of the people that any nation has ever consciously committed.

LADIES G. A. R. AND W. R. C. CONVENE

Two Meetings To Be Held at High School—Many Delegates Arrived Yesterday.

This morning at the high school building executive sessions of the state conventions of the Ladies of the G. A. R. and W. R. C. will be held.

Delegates began arriving yesterday and all are expected to be here by noon today. They will be met at the train by committees who will take them to the Parish hall for registration and assignment to rooms.

Wednesday morning a sightseeing trip is planned for the visitors, at which time they will be taken in auto to Shoshone Falls.

Thursday morning will be devoted to business, including the installation of new officers for the organizations.

Several of the local stores have decorated their windows for the patriotic organizations and the city flags are being used in decorating the streets.

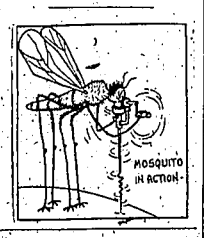

During the afternoon yesterday the delegates spent the time in walking

along the streets through the residence district and many comments were made on the attractive homes and well kept yards.

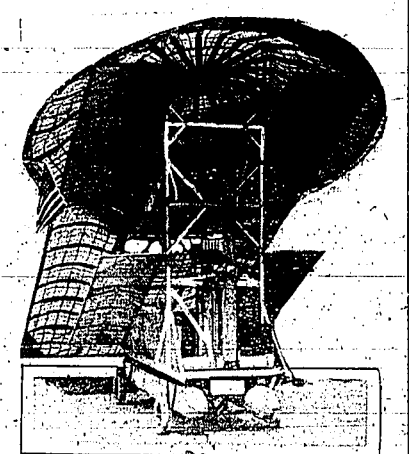

Among the guests arriving yesterday was Mrs. Rose Houghton, of Seattle, national president of the Ladies of the G. A. R.

Overseas Lieutenant Is Given Marriage License. Lieutenant David O. Glass (36) of Salem, Ore., yesterday secured a license to wed Miss Norma Furling (32) of Chicago.

NATIONAL HEAD-OF-G. A. R. LADIES HERE

Attends State Convention of Organization—Proud of War Work.

Mrs. Rose B. Houghton, national president of the Ladies of the G. A. R., arrived yesterday to attend the three days' session of the Idaho state convention of the order.

Mrs. Houghton is enthusiastic over the organization. In speaking of it last evening, she said: "The Ladies of the G. A. R. is an organization that anyone should be proud to be a member of."

She has 75,000 active members in the nation and associated with us are 21,000 veterans and Sons of Veterans. We own and maintain 11 homes in various parts of the country where relatives of veterans, such as sisters, daughters, granddaughters and others may be taken care of.

On being asked what part the Ladies of the G. A. R. took in the world war, Mrs. Houghton answered: "We took part in every form of war work. In fact, the work was wonderful. Our members were active Red Cross workers and the organization spent thousands of dollars in buying liberty bonds, war savings stamps, and organizations doing relief work."

This is my third trip through the United States since last October on work of our organization. I have just come from Deer Lodge, Montana, where the state convention was held.

This is my first visit to your part of the state and I am finding it enjoyable indeed. I have lived in the west in Seattle, however, for 32 years."

Mrs. Houghton stated that she had two sons in the world war, one of whom is still with the army of occupation in Germany.

Mrs. Rachel Baldwin of Boise, state president of the Ladies G. A. R., is also at the Perrine. Mrs. Baldwin stated last night that she was anticipating a splendid meeting here, especially since Mrs. Houghton was able to be here.

Mrs. J. A. McElhinny, president of the Women's Relief Corps is at the Perrine. Mrs. McElhinny is attending a good meeting for their convention. She stated yesterday that she was expecting a large delegation to attend the state meeting, and that already a goodly number had arrived.

SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grimditch's Recipe to Restore Color, Gloss and Attractiveness.

Almost everyone knows that Sage and Sulphur, properly compounded brings back the natural color and lustre to the hair when faded, streaked or gray.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly.

The Twin Falls band will furnish music at the open air pavilion during the entire summer commencing Wednesday, June 18.

Water in the Desert

By Robert H. Moulton

HIDDEN SPRING HERE!

THE most valuable thing in any given region is apt to be that which is hardest to obtain there. In deserts, without any doubt, it is water. And that is the "It-girl" find itself, the desert traveler values any indications of where he will be able to find it—its direction, its distance, its character. The absence or non-existence of such indications often means life or death to him.

A little over a year ago congress began the work of supplementing the few signs that nature affords by marking the desert regions of the United States with printed sign-boards, telling of the nearest water. Moreover, it is mapping the watering-places and improving them. An appropriation of \$10,000 was made as a start, and within a few weeks after it had become available the United States Geological survey had four outfits, each in charge of a geologist, at work in the hottest, driest, and most arid part of the desert region. Within a few months more than 60,000 square miles of the region had been mapped, examined, and re-surveyed.

perished by thirst. It may be somewhat surprising to people in the East, but actually to those in the West to learn that Death Valley, whose unfavorable name and reputation give it a certain terrifying notoriety throughout the country, contains large springs which afforded excellent swimming to the survey party that was in the valley last winter.

The entire region, that is so arid as to require guides to watering-places and sign-posts directing to these watering-places, comprises a fan-shaped area covering approximately 670,000 square miles, or nearly one-sixth of the country. The handle of the fan is in southern California; one side is formed by the Sierra Nevada and Cascade mountains; the other side extends 800 miles along the Mexican border; while the outer edge is traced by a line extending from eastern Oregon, through Salt Lake City and Basin Gap to the mouth of the Snake river. The highly developed coastal section of southern California is situated, so to speak, at the handle of the fan, and the railroads and automobile highways that extend eastward and northward from this section may be regarded as the ribs of the huge fan.

Benefits of the Work.

This region is by no means devoid of natural resources or human activity. It contains prosperous cities, fertile agricultural districts, forested mountains, a large aggregated number of watering-places, rich mines, and an unknown wealth of mineral deposits yet to be discovered and exploited. But the "Joakims" that have water supplies complete, widely separated cases in a vast expanse of almost changeless, unproductive desert whose most impressive feature is its great distances, and whose chief dangers are those of dehydration, are the straight roads that lead from one watering-place to another. To him who has become acquainted with the region it has a peculiar fascination and no serious dangers, but the stranger who penetrates it without adequate information it forever contains the same possibility of perishing by thirst. In the last few years travel in the

region has been greatly increased through the use of automobiles, and this has necessarily increased the need for maps and guides to watering-places.

The large amount of work that has been accomplished in the last year was made possible by using a considerable sum from the regular appropriation for the investigation of water resources, in addition to the appropriation of \$100,000 for desert watering-places. This was justified by the fact that the reconnaissance has yielded a large amount of valuable data on ground-water conditions.

On the basis of the work already done it is estimated that the rest of the region of 670,000 square miles can be covered, after the manner of the first year's work, for \$100,000 which is only about \$3 per township. Obviously the results will be very large for the expenditure involved and it is highly desirable as soon as possible to carry the project to completion. After the region has been covered by the survey and the setting of the sign-posts, it is believed that the government should undertake the systematic development of new watering-places.

The Real Situation

"Loopy drunk, and to all's powder full of dynamite, and his old second hand Ford. Never looked to do right, nor do left when you passes 'er 'quaintances. You isn't got no qualification for think 'er better than common folks."

MAKE PLANS FOR A MODERN THEATER

Demand Grows for Play-House Where Good Shows Can Be Staged.

A deal is on for the erection of a modern playhouse on Main avenue. The deal has developed, and plans may be asked for at an early date.

For some time negotiations have been in progress looking to the erection of a playhouse in Twin Falls. The public has been demanding some amusement house where road shows of high merit may be staged. At present there is no theater of the kind. Lavering hall is sufficient for public meetings, but the acoustic properties are unaltered to good shows; but as they are not suited to intimate seat shows, make no effort in this direction.

The theater-going public has been dissatisfied with facilities. Complaints are constant, and demand for really first-class road shows has been growing.

This sentiment led to investigation on the part of parties interested with the result that a site has been selected and terms reached verbally. Barring hitch in execution of the deal, a new theater will be looking-into-traction within a year.

WIRE STRIKE IS NEAR ITS FINISH

Electrician's Order 'Revived' to Electrical Workers Leave No Motive for Walkout of Workers.

By the Associated Press.

CHICAGO, June 16.—Termination of the nationwide strike of commercial telegraphers, union officials declared tonight, now rest almost wholly in the hands of Postmaster General Burleson. They said a definite statement from Mr. Burleson concerning the scope of the order to electrical workers would be awaited before any move is made.

Officers of the Commercial Telegraphers' Union of America said if the postmaster general's order grants the right of collective bargaining to electrical workers actually covered the striking telegraphers, they probably would be taken to end the walk-out after assurance of no unfair discrimination against the strikers had been obtained.

"But in the meantime we shall continue to work a national 'hot' fight," said some officials who have been extended the electrical workers' S. J. Kosenkamp, international president of the telegraphers' union, told a meeting of strikers tonight.

Glass of Hot Water Before Breakfast a Splendid Habit

Open outlets of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; suffering headache, stuffy nose, cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink before breakfast a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; this cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderful, invigorating. It cleans out all the sour fermentations, gases, vapors and poisons that have gathered in a night's appetite for breakfast and it is said to be but a little while until the roads begin to appear in the cheeks. A quartar pound of limestone phosphate will cost very little at the drug store, but is sufficient to cure anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.

CALIFORNIA COUPLE MOTOR THROUGH TWIN FALLS

Mr. and Mrs. S. Stephenson of Ocean Bluff, California, motored through Twin Falls yesterday on their way to Canada. During their trip they will stop in Montana, North and South Dakota and expect to return to California by the southern route.

Where Reds Fight to Advance Army Westward

Between Vienna and Budapest, around Pressburg Hungarians and Czechoslovaks have been battling, while in the north, around Kaschau, the communist troops of Hungary have been driving back the Czechoslovak soldiers. But on the edge of the battleground, between the two countries around Odolowitz, Hungarian panics have roused against the Bolshevik leadership in Hungary and with everything available from guns to axes they have opposed the efforts to force them into the Red Army, with the result that through Hungary the Bolsheviks of Russia would force the Red Army over the border into Czechoslovakia and Austria.

MORISSET IS A STATE OF GUESSING DIVIDED ALLEGIANCE

BUSHELS, June 16.—There shouldn't be any particular howl from Morisset over the leasing of national program which may give the region to Belgium. Eventually a vote of the people will decide the question, and it was set up by the congress of Vienna as a separate, though not sovereign, state. In allegiance it has been peculiarly divided. Belgium and Germany divided the customs of recruits between them. Each instant—there were 2800 before the war—might determine whether he would accept jurisdiction of German or Belgian courts. Each man would choose whether he would serve in the German or the Belgian army, but he must serve in one or the other. As a matter of fact, the only desire for control of Morisset on either side is because of the rich zinc deposits.

Picturesque Old Church

The church of St. Mark in the Bowery now finds itself in the midst of one of the most picturesque and colorful parts of New York. Second avenue, to which it presents its grand and an angle view of the church, is peculiarly appropriate to see as one walks up the avenue, having quickly ahead the interior of a once famous residence street, has taken on all the bluffs and buildings of a former boulevard, with terraced lawns and restaurants, liberally patronized by foreign residents, and where English is scarcely understood in summer, when Fifth avenue is deserted. Second avenue alone the Bowery is the parity indicator of a seething metropolis—Helen W. Henderson in "A Letter in New York."

declining All The Year Round, back in the sixties. Edmund felt of seeing his employer one day in front of a "little book shop" filled with "a gentleman with long curly hair, dressed in a deer-stalker hat, checked trousers and a red velvet coat with pearl buttons as big as five-shilling pieces." He later discovered the stranger to be Benjamin Disraeli, prime minister of England. One of Edmund's chief duties was to do about the city peddling up posters advertising the latest books and writings of Dickens.

CLEAN SODA FOUNTAINS.

A timely campaign is being carried on in a good many localities to insure that soda fountains and all their appurtenances are kept clean and sanitary.

This is a most necessary proceeding, for the spread of disease by means of improperly sterilized dishes and silver is an old story.

At this season the soda fountain is a busy place, and it is a great temptation to slight the proper cleansing of dishes and spoons. A hasty rinse in cold water, a quick polish with a rag none too clean, and the deed is done.

Such emergency measures are not enough if the health of the community is to be protected. All dishes which are used repeatedly must be washed in boiling hot water after each using and left in the boiling water or steam for at least three minutes of all danger of germ-carrying is to be avoided. Wiping cloths must be immaculate.

Of course the use of paper ice cream saucers, and soda cups is a partial solution of the problem, but this still leaves the spoon to do its deadly work, and it is the most likely to be infected since it goes into the mouth of the consumer.

Spoons of good appearance and good wearing qualities can be bought for a trifle nowadays, and it is a simple matter to have so plentiful a supply as to allow for every one being subjected to the sterilizing bath before it is used a second time.

The soda fountain which can advertise such particular cleanliness and prove it to the health officer and the interested customer, will find all its outlay of time, money and effort well repaid in the number and quality of its customers.

TOBACCO AND PREACHING.

A serious controversy is going on in England as to whether smoking should be permitted in church. It was started by a minister who, observing the slenderness of his Sunday evening congregations, suggested that the empty pews might be filled with the help of tobacco, and that he saw no harm in it. Several other ministers agree with him.

It would hardly be appropriate, they explain, for a man to pray with a cigar or cigarette in his mouth; but they would let the congregation puff away during the sermon just as men commonly do nowadays in the London theaters during the play. If there is any objection to smoking throughout the entire church, they would solve the problem by reserving the gallery or a few rows of pews at the back end of the church for that purpose.

The idea is not altogether novel. It is said that there is a special pew for smokers in the parish church at St. Heliers on the Island of Jersey. Moreover, it used to be customary in the country districts of Scotland, as Walter Scott records, for the farmers to light their pipes as soon as the minister announced his text.

It is even argued that tobacco will help rather than hinder the effectiveness of the service. Speaking of the St. Heliers example, and English writer says, "I have noticed that the smokers' pew is always filled with men interested in what the preacher

is talking about. A pipe in one's mouth seems to have the power of making a good listener."

Many people are instinctively shocked at the suggestion, considering it sacrilegious. There are those, however, who hold that the use of tobacco probably had, in the beginning, a genuinely religious significance, just as incense has had in churches of many different faiths, in all ages.

All of which may be perfectly true without convincing the average American man, or at least the average American woman, that smoking in church is a proper thing.

NO HYPHEN CLUBS.

We note that in several cities they are organizing political clubs among the foreign born and are calling them by the hyphenated name with the American coming last, as usual in the hyphenation.

We note that some of these clubs are being formed because they say President Wilson did not give the "home land" a square deal in the peace conference proceedings.

In short, these citizens of our country are going into politics to uphold the political interests of the land from which they immigrated.

Some of these gentlemen came from nations that were our allies in the late war.

But that is incidental.

We hold that right now is the time to stop this worship of fatherland ideals; this making of foreign politics a local issue, this combining in clubs and societies to further the interests of any nation, but the one where you make your living, and whose institutions you are sworn to uphold.

Every club of this sort perpetuates un-Americanism.

Every foreign issue, no matter what it may be, that becomes a slogan for American citizens, to an extent, divides this nation into national or racial factions.

There is only room in this country for American citizens who have no yearnings or allegiance or traffic with foreign policies.

Unless in this hour, when our recently escaped peril is still in our memories, and the hour when the sacredness of loyal citizenship still seems the greatest thing in the world; unless now we definitely frown on all the hyphenation, this bickering over European issues, these attempts to inject the politics of Rome, or Paris, or Berlin or Petrograd or London or Vienna or Tokio into domestic parties and campaigns, we will, in time, find ourselves divided into cliques and hyphenations, with no national ideas and no strong anchor of patriotism to the lee when the storm breaks.

We look with disfavor on these attempts to make political issues of foreign quarrels. It is a big enough chore for any man to be an American citizen, and perform the duties a loyal citizen should.

Most of these gentlemen who glorify the holidays of the motherland who extol in festive session the heroes of the fatherland, who spend so much of their time following the dodgings of foreign diplomacy have no ear for the cries of the land where they reside.

These gentry, teach this country a meal ticket, and nothing more.

The man who preaches straight Americanism, pure and undefiled, will not be popular in many cities in this country for many years, but it is a message that must be preached in season and out, lest we become a nation of warring sects, as unstable as the old Austrian empire, and as without true ideals of unity as Bolshevik Russia.

Pancho Villa seems determined to refute the belief that he is defunct.

Maybe the Germans will explain that indemnity as the price they paid for winning the war.

Local Briefs

Mr. and Mrs. H. H. Swain motored to Salt Lake Sunday to attend the National convention.

Duane Hart left Monday for a few days' visit on the North Side with T. C. Bacon.

Miss Margaret Williams of Gooding was in the city yesterday for a short time.

J. T. Walker of Boise was in Twin Falls yesterday for a short business trip.

Mr. and Mrs. E. Atkins of Oregon are the house guests of Mr. and Mrs. D. S. Rice.

Miss G. Harrison was the week end guest of Mr. and Mrs. W. S. Harrison of Twin Falls.

Mr. and Mrs. Sam Hart left last Sunday for Salt Lake City to attend the National convention.

Miss J. and M. Hale of Eugene, Oregon, are the house guests of Mrs. E. M. Morgan of Miller.

Mr. R. Baldwin of Boise is in Twin Falls visitor during the C. A. H. convention.

Mr. and Mrs. Earl Boty of Gooding were in Twin Falls Sunday for the day.

Mrs. J. Moody of Boise will be a Twin Falls visitor for the next few days.

Miss Marie Ryan, who has been in Portland for the past three weeks on a vacation, arrived home Sunday afternoon accompanied by Mrs. R. H. Clark.

The Twin Falls band will furnish music at the open air pavilion during the entire summer commencing Wed. night, June 18. Watch for parade, 7-17.

TUBERCULOSIS CAUSES ACTION BY MEDICAL LEADERS

New York, June 16.—Alarmed by the loss of much power caused by tuberculosis during the war, Uncle Sam is polishing up the M. D., which is among the many letters that follow his name and preparing to take a leading part in the national program for the prevention of the disease.

Final tabulation of the draft reject slips just completed, reveals, 62,000 men rejected when called for service in the national army because medical examination showed they had tuberculosis.

Another, 20,000 men were discharged at army camps for the same reason. Six thousand still in service, are now being cared for in the army special tuberculosis hospitals.

As these figures show, the government, at a time of great national emergency, was robbed of the services of approximately enough men for five army divisions by the ravages of this one disease. But this is not all, for

Dr. H. H. Hatfield, National Tuberculosis Association. The situation is so serious, how

although progress has been made in the control of the disease during the past 10 years, it still is the cause of 150,000 deaths annually in this country and as scientific investigation has shown, for every death from the disease there are eight active cases.

This indicates that at the present time there are in the United States at least 1,200,000 active cases of the white plague.

Mr. Hatfield is managing director of what the national program calls for hospital and sanatorium provision in every state in the union that will provide as a minimum at least one bed for every annual death, as well as dispensary and clinic care so that every man, woman and child in the state, who has tuberculosis or thinks he has it, or who may have been exposed to it in any way can receive free advice and treatment at moderate expense.

The Twin Falls band will furnish music at the open air pavilion during the entire summer commencing Wed. night, June 18. Watch for parade, 7-17.

Babes Wrapped In Paper In Czecho-Slovakia Nation

PRAGUE, June 16.—"We have found relief administration, 'have nothing but paper' with which to wrap their little new-born babies. In the hospitals many of the sick children are without covering of any kind, so scarce is clothing and linen. And as for bandages, 'I know of at least one hospital where paper is used exclusively for bandaging.'"

"Besides our great need of clothing," Miss Masaryk continues, "we need food and soap. Tuberculosis and typhus are raging in some districts uncontrolled. Physicians tell me the cause of this can be traced almost directly to the total lack of soap in these districts. It is impossible for the people to keep clean and so contagion is greatly aggravated. Diseases brought on directly from underfeeding are another cause of our high death rate. The children are suffering underfed. I see no way of saving them unless they are given immediate and special care."

This is the question Miss Alice Masaryk daughter of the president of Czecho-Slovakia, put to herself when she first saw the peaked, old faces of the Czech children and their little bodies, weak and stunted in growth under underfeeding.

Miss Masaryk is remembered in America for her settlement work in the slums of Chicago, while her father, Professor Thomas G. Masaryk, was exchange professor in the University of Chicago.

After being held as a hostage in an Austrian prison camp and narrowly escaping the tragic fate of Edith Cavell, Miss Masaryk is now cooperating with the American relief administration in the program for Czecho-Slovakia.

"Our mothers," she writes to Mr. Hoover, director general of the American relief administration, "have recently been appointed president of the Children's Relief Bureau in Czecho-Slovakia."

The Twin Falls band will furnish music at the open air pavilion during the entire summer commencing Wed. night, June 18. Watch for parade, 7-17.

Help Congress Decide

The last congress ignored the proposal to provide ready equipped farms for returned soldiers.

Secretary of the Interior Lane suggested a plan whereby returned soldiers might go to work clearing, draining, improving land now idle and useless, converting millions of acres into productive farms.

There are several hundred million uncultivated acres, many of them now useless.

Several hundred thousand returned soldiers want to go on farms.

What Do You Say? Yes! No!

ERRATIC FIELDING COSTS CUBS GAME

Glants Take Three Straight From Aggregation From Windy City—Pirates Beat Phillies.

Table showing scores for New York, Cincinnati, Chicago, Pittsburgh, St. Louis, Brooklyn, and Boston.

NEW YORK 4, CHICAGO 3

CHICAGO, June 16.—Erratic fielding by Chicago today enabled New York to make it three straight from the locals, 4 to 3 in ten innings.

PITTSBURGH 6, PHILADELPHIA 5

PITTSBURGH, June 16.—Pittsburgh defeated Philadelphia today, 6 to 5.

ST. LOUIS 3, BROOKLYN 0

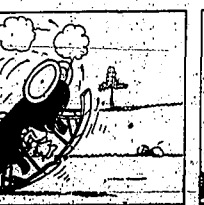

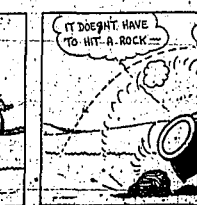

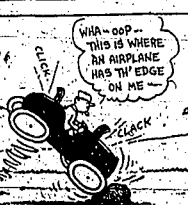

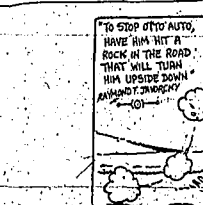

ST. LOUIS, June 16.—St. Louis knocked out of the box in the first inning when the Pirates secured four runs.

The Twin Falls band will furnish music at the open air pavillion during the entire summer commencing Wednesday, June 18.

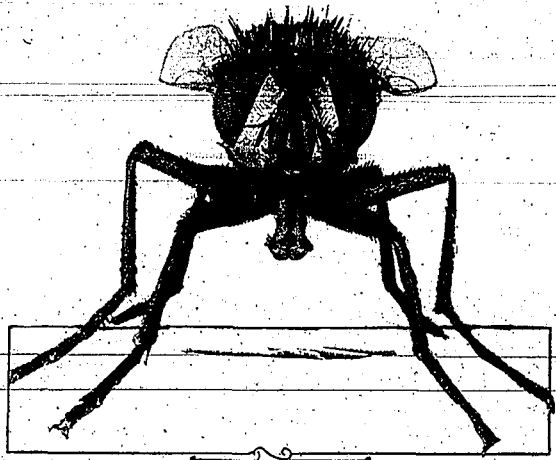

SUES ON ALLEGED ACCOUNT.

Walt was filed in the district court yesterday afternoon by Taylor Gum, as attorney for the Continental

SQUIRREL FOOD

WHAT'S THIS MONSTER?

Honestly folks this is a fierce animal. Kill more human beings every year than all the rattlesnakes have killed in all the years they've rattled. And in addition to being dangerous it is a nuisance.

The government says it and its brothers and sisters, uncles, aunts

and cousins are sweeping over the country.

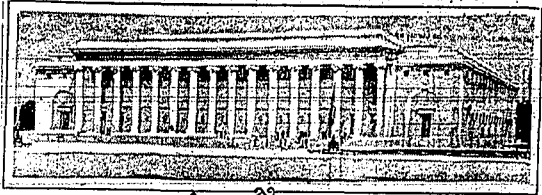

They don't bite, but they carry death on their feet, wings and heads, for they delight in gathering up diseased germs and spreading them in the swarming of people, and especially they are addicted to the habit of killing babies.

This animal, done folks, is the house fly.

The picture above shows a fly coming at you head first. It is enlarged some 40 times.

...best thing to swatting the life out of him is to screen your house against him, and to cover the garbage pull and help starve him.

AMERICA'S VICTORY MEMORIAL

This is America's Victory Memorial, 600,000. Land for the structure, has been granted by congress. The building will have an auditorium to seat 7000, a banquet hall seating 600 and other smaller halls, besides library and historical museum of the war.

Subscriptions already total \$1,000,000 and a drive to raise the other \$9,000,000 starts June 23.

TO ERECT \$1300 STRUCTURE ON FOURTH AVENUE EAST

E. D. Shurliff yesterday secured a permit to erect a \$1300 one-story structure on lot 2, block 44, Fourth avenue east. The building will be 22x28 feet.

BRITISH AIRCRAFT SELLING STRAIGHTENED NAILS

LONDON, June 16.—About 12 tons mostly wire nails, assorted sizes and straightened-for-use, is the first advertisement of the ministry of munitions: dispersal board road. How much it costs to straighten the nails, is a question critics of the government are raising.

RATIFY SUFFRAGE AMENDMENT COLUMBUS, O., June 16.—The Ohio general assembly today ratified the federal woman suffrage amendment and passed a bill that will give Ohio women the right to vote for presidential elections in 1920 should the federal amendment not be in effect at that time.

RAILROADERS JOIN WINNIPEG WALKOUT

Violate Orders of Brotherhood, Which Is Supporting Men for Jobs Vacated by Strikers.

By the Associated Press.

WINNIPEG, Manitoba, June 16.—Freight yards here were badly crippled when a considerable number of firemen, switchmen and engineers joined the general strike today. Brotherhood and railroad officials said their places were rapidly being filled. Strike leaders threatened an extension of the railway walkout to western points at midnight tonight.

The back-to-work contingent today, but not in such large numbers as last week.

No response was made tonight by strikers to the announcement of a collective bargaining plan for settling the disputes leading to the strike.

It was announced this evening that the offer of the employers does not

include recognition of the Metal Trades Council in collective bargaining issues.

Senator Gordon D. Robertson, federal minister of labor, endorsed the offer of the employers and declared it "is entirely in accord with the established practice on our Canadian railways. Robertson said the offer should be accepted as satisfactory to labor."

Important change was noted in the strike situation today. The action of Winnipeg fireman and trimmen's locals in joining the strike has been met by the brotherhoods who, holding the strike vote illegal, have supplied sufficient members to maintain regular service. Freight and switching facilities have not been brought back to normal.

PROCLAMATION

About fifty-four years ago the then remaining members of the army of the defenders and preservers of the Union, their task having been completed, were demobilized and they went their way peacefully to their homes and again became a militant force in the civil life of the nation. The members of this great army subsequently organized themselves into what is now a household name in all parts of what is now a united and prosperous nation, namely, the Grand Army of the Republic.

On the 17th, 18th and 19th days of June, 1919, it will be the precious privilege of the City of Twin Falls to entertain in delegate conventions assembled, The Grand Army of the Republic, Department of Idaho, together with its auxiliary organizations, The Ladies of the Grand Army of the Republic, and the Woman's Relief Corps.

Delegates and members of the Grand Army of the Republic; delegates and members of the Ladies of the Grand Army of the Republic, and delegates and members of the Woman's Relief Corps, I extend to you individually and collectively, a most hearty and sincere welcome, to our City. May peace and health be, with you.

To the citizens and inhabitants of the City I appeal, and ask you, one and all, to make it your individual and collective business and affair to extend to the visiting members of the Grand Army of the Republic, the Ladies of the Grand Army of the Republic, and the Woman's Relief Corps such appreciation, by your words and acts, as within you lie.

Dated at Twin Falls, Idaho, this 16th day of June, 1919.

W. L. GLENDORGE, Mayor of Twin Falls, Idaho.

A. P. Senior spent the week end in Twin Falls with his family.

MORE WOOL USED IN APRIL THAN MARCH

Report Received in Twin Falls Shows Conditions Returning to Normal.

Manufacturers used 11,000,000 pounds more wool during April than in March, 1919, the total being 45,000,000 pounds grease equivalent in April, or an increase of 32 per cent over the amount used in March, according to report just received in Twin Falls. The amount of wool consumed by the manufacturers during April, 1919, was 70,700,000 pounds grease equivalent, of 34 per cent more than in April of this year.

Increased consumption in April in connection with large holdings on March 31 indicate a rapid return to normal conditions according to the bureau of markets, and confirms the optimistic views held by the trade as to future prospects.

The total amount of wool used during April, 1919, by condition, according to the bureau of markets' monthly wool consumption report, are as follows: Grease wool, 31,200,048; scoured wool, 35,780,910; pulled wool, 2,175,537.

W. T. McCall of Boise, state leader of Boys and Girls club, was in Twin Falls yesterday conferring with A. I. O'Reilly. Mr. O'Reilly cancelled his field trip to Clatsford and vicinity in order to confer with Mr. McCall, but will make the trip at a later date.

ON GET-ACQUAINTED TRIP.

Miss Edna Ludwig, new home demonstrator, made a trip to farm homes near here yesterday on a get-acquainted trip.

Mrs. M. J. Sweely left for Shoshone last evening to attend the District Federation of Woman's clubs meeting.

THE WORLD GIVES THANKS FOR A REAL GOOD TUB... FOR A GOOD COLD SHOWER AND A RUB...
