A. F. OF L. TURNS DOWN REDS

Radical Resolutions Fail to Secure Sanction of Convention.

REFUSE TO JOIN IN STRIKE FOR MOONEY

Reject a Motion Favoring Recognition of the Soviet Russian Government Favor Irish Claims

By the Associated Press. ATLANTIC CITY, N. J., June 17.—A mid great union, delegates attending the convention here of the American Federation of Labor today refused to endorse recognition of the soviet Russia, although urging recognition by the United States of the "existing Irish republic," and voted against the general strike proposed for July 4 in behalf of "Tom Mooney," convicted with the preparation of a bomb explosion in San Francisco.

"Diagnoses of Bolshevism developed when the resolutions committee reported a resolution asking withdrawal from Russia of American soldiers, but refused to endorse other demanding recognition of soviet Russia and lifting of the blockade of Russian ports. The committee also demanded recognition of the soviet or any other form of government in Russia until the people of that country by constituent or other form of assembly, should have established a truly democratic form of government."

Turn Down May Day. The debate was said by veteran labor leaders to have been the most bitter they ever heard. It followed rejection by the convention of the strenuous proposal of the radical group of a proposal to change American labor day from the first Monday in September to May 1 "as a bond of affection to unite all the world of labor into universal brotherhood."

Several groups within the federation, led the fight against the May day resolution, asserting that American labor day was "a day for American labor" and not a "political event," as it was in Europe.

On Humanitarian Grounds. Peter Boltenbacher of the Pennsylvania state federation of labor, protest against rejection of his resolution, which called for the lifting of the Russian blockade, declaring he had offered it on humanitarian grounds to bring about relief of women and children. John P. Frey of Cleveland, chairman of the committee, replied that organized labor was going to insist on recall of all American troops from Russia, but that it could hardly favor sending food there for fear the Bolsheviks would use it instead of the women and children.

In response to further argument by radical delegates, Mr. Frey declared the soviet question had been brought to America and into trade union meetings and that he and the other members of the committee were of the opinion that the convention should declare, in no uncertain terms just where organized labor stood toward the introduction of the Mooney resolution, brought another resolution. "O. B. Frey of Los Angeles, opposing the resolution, declared he talked to Mooney three weeks ago and that Mooney was hopeful that the Mooney strike would be carried out, as he was confident it would be carried out," Chairman Frey retorted. In his opinion and that of other members of the committee, a strike not only would prove injurious to the Mooney cause, but would "drive a wedge into organized labor."

Attacks Organized Labor. William B. Patterson of San Francisco, a member of the executive union and a member of the Mooney defense league, was then given the floor by a vote of the convention and launched into a vitriolic attack on organized labor and its leaders in San Francisco. "Out in San Francisco the union labor leaders did not go to the hat for Mooney, so we had to form a committee to do it," he said.

Delegate Murphy of San Francisco labor council, said it was the same rank labor leaders in San Francisco.

PESSIMISM PERMEATES BERLIN; TREATY CHANGES INSUFFICIENT

By the Associated Press. BERLIN, June 17.—The impression of those who were engaged throughout the night in translating the reply of the allied and associated powers, is that it will be utterly impossible to sign and that it is probable a negative reply will be wired to Dr. Daniel von Hainbäumer for submission to M. Clemenceau.

A rumor confirmed possible that Count von Brockdorff-Rantzau will not return to Versailles on account of the demonstration there against the delegates, resulting in injury to Minister Gieseler, Dr. Hainbäumer, and other and others, all of whom were hit with stones. Herr Meyer's eye was injured by glass.

The changes in peace terms, as indicated by red interjections in the text of the old treaty are so slight as to cause universal dismay among those who have had the opportunity of examining the document. The financial modifications are considered important and objectionable, and the terms governing Germany's admission to the league of nations are declared to be unsatisfactory.

Government circles state they do not conceive any government willing to sign such terms, though it is admitted the treaty will be fully discussed, because it is realized that serious attacks, with the spread of Bolshevism in Germany, would be entailed if refusal to sign. The entire answer, also, is considered nothing less than an ultimatum.

Summary of the International Situation

By the Associated Press. A period of waiting has settled over the peace conference while the Germans at Weimar are making up their minds whether to accept or reject the terms of the proposed treaty of peace handed them Monday.

While the Germans are discussing the situation President Wilson is to make his long promised visit to Belgium. The Rev. Dr. Lloyd Garrison will go over the "Woodin" battlefield. Both President Wilson and Mr. Lloyd George are expected to return to Paris Friday and meanwhile it is anticipated that little work will be done.

Accounts of the reception at Weimar of the amended peace treaty and the covering paper written by Premier Clemenceau are that there was deep pessimism and resignation over the alleged cruelty of the terms. The treaty was warmly received at Weimar June 16. Versailles shortly after the treaty and the notes were placed in the hands of the Germans characterized them as extraordinarily rough and harsh.

Unofficial reports vary as to whether the Germans will or will not sign the treaty. A London despatch, quoting a message from Berlin, says seven members of the German cabinet see in favor of signing, but that the other seven are opposed to such action. A Paris newspaper asserts that one of the German peace delegates declared before he left Versailles for Weimar that the Germans would sign because it was realized direct consequences would follow refusal.

Considerable resentment prevails at Weimar by reason of the fact that the German delegation on leaving Versailles, was hooded by a crowd of hoodlums and two members of the delegation were struck by stones. Premier Clemenceau has written a letter of apology to the chief German plenipotentiary.

The council of five met Tuesday and considered the clauses in the Austrian peace treaty.

The Turkish delegation was heard by the council of ten: The main plan of the Turks was that the British empire be not dismembered, the claim being put forth that the Turkish people were not responsible for the country's participation in the war on the side of the Entente allies. Preliminary Chamberlain proposed to make a reply to the memorandum presented.

KNOX PLEADS FOR TIME TO STUDY LEAGUE

Urges Against Ratification of Covenant Before It Is Thoroughly Digested

WILSON TO COME TO AMERICA SHORTLY

Will Address Congress Immediately After Arriving—Will Swing Around the Circle.

By the Associated Press. WASHINGTON, June 17.—A plea against hasty acceptance of the league of nations was made to the senate today by Senator Knox, republican of Pennsylvania in a carefully prepared address analyzing features of the league covenant and cautioning that its ratification would mean a far departure from American traditions.

"The league," declared the former secretary of state would inevitably result in a super-government empowered to act even upon the domestic affairs of member nations and preserve for all time "the territorial boundaries shortly to be fixed by the peace treaty." He asserted the pavlovian doctrine provision would effect that policy from international affairs, and argued that the standard adopted to cover withdrawal of league members would make such withdrawal "absolutely impossible."

The speech marked the beginning of debate on Mr. Knox's resolution declaring the terms of peace should be ratified without delay and the league of nations proposed left for later consideration.

"Ask for time," said the senator, "merely to consider whether or not under the covenant as drawn, the power to put us in a body still rest with us or be placed in a body outside our own government, and if placed outside, whether or not such lodging of the sovereign power is desirable."

"I ask only for time to deliberate whether or not we shall put it beyond our power to increase the size of our army and our navy in times of dire need."

Several American military companies have ordered their American employees to leave for the border as soon as possible.

AMERICANS WERE WARNED

Americans were warned yesterday by the American state department, "get out when they could, according to a telegram read at a meeting of the military officers at the residence of El Paso Chamber of Commerce yesterday afternoon. The telegram was from Congressman Claude B. Hudds with the text:

"Upon receipt of your telegram in Mexico City, I was advised by the military authorities to place the matter before Secretary of War Baker and had an interview with the acting secretary of state. Charge Withdrawal Outrage."

"I stated to him it was my desire to withdraw entirely from Mexico, but I offered Mexico and that anything possible to influence the Villistas toward American soldiers agreed with me and I asked what they proposed to do with American soldiers who were in Mexico. He stated he had wanted to leave yesterday of the state of affairs what Villa would likely do when they had been warned to get out when they could and where they could not would have to make a decision. Line put in by Baker who is considering this now."

The military authorities immediately adopted a resolution strongly opposing Congressmen and their supporters bringing firing into the United States.

SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe to Restore Color, Glenna and Attractiveness.

Almost everybody knows that Sage and Sulphur properly compounded brings back the natural color and lustre to the hair, when faded, streaked or gray. Yours are the only way to get this mixture was to make it at home, which is messy and troublesome. Now, by asking at any drug store for "Wyn's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't say gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge with soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyn's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

No "Missing Link"

By J. H. DUCKWORTH. NEW YORK, June 16.—Prof. R. L. Garner does not believe that the "missing link" lives. But Prof. Garner believes that he found the nearest thing to it on his recent explorations of the West African jungles. He brought back the skin, skull and vital organs of the beast, which he was unable to capture alive, that American scientists might determine just how close it is related to man and to the monkey-world. "Whether this chap" was in life more intelligent than the two live apes which I brought to this country, the only two specimens, ever, seen here, I do not know. You cannot become easily acquainted with an ape when it is perched high on a big tree and you are looking up a rain-sput at him. You must live with him to know him. Prof. Garner once more searched the world, when, after having lived for many months in a cage in the African bush studying apes, he emerged with the announcement that he was convinced that the apes talked to each other. Later he made phonographic records of their "talk" and succeeded in getting the same replies from other apes when he turned on the records to them. ROOT ATTACKS WAR TIME PROHIBITION

Declares Congress Exceeded Its Power When Making His Pica to Court.

By the Associated Press. NEW YORK, June 17.—Ethel Root attacked the war-time prohibition law today in the United States circuit court of appeals here, today against the government's appeal to set aside the temporary injunction granted a month ago by Federal Judges Band and Mayer. The injunction restrains United States District Attorney Caffery and Acting Collector of Internal Revenue McMillant from prosecuting, bringing or interfering with their production of 2 1/2 per cent beer. "There are two clouds that hang over this action," said Mr. Root. "One is the penalty pronounced under the act of November 21, 1918, which will break up and put an end to the brewery business and the other the complication arising from the insubordination of the brewery business to the internal revenue law. The brewers," he went on, "are bound hand and foot under the law even though they are engaged in the manufacture of 2 1/2 per cent beer. They are not alone subject to prosecution under the prohibition measure, but to concerted prosecution under the internal revenue law." Mr. Root, as counsel for the United States Brewers' association, which is backing the case made by the Toledo Hotchkiss Brewing company, of New York, declared that the United States government had violated the law of the state and the United States is threatened with destruction. Hundreds of millions of dollars' worth of property is involved, estimated Mr. Root, and the law is so stated as to be violated by the United States attorney general. Irreparable injury will be done before the hearing of a final hearing in the court.

THE PUBLISHED TREATY

All that fuss about printing the peace treaty seems to be in vain. No sooner did the senate get a copy printed in the Congressional Record than it proved to be obsolete, owing to revisions made in negotiations at Paris.

The only treaty that can be taken as possessing any authority or finality is the treaty that will be submitted to the senate officially by the president, according to the usual procedure, when the negotiations have been concluded.

The senate seems to have a legitimate grievance against the president for not keeping it better informed, through confidential channels, regarding the progress of negotiations, but as far as the text of the treaty is concerned, the senators might have realized that their trouble would be in vain.

Their activity might have been more effective, and would certainly have been more logical, if it had been directed to persuading the president to share with the senate more fully not the temporary and unofficial text of the treaty, but the substance of it and the general trend of the settlement. Nothing less than this was expected from the president's own promise to congress before his departure.

As matters stand, the senate and the president both seem to have made mistakes about the matter.

WHAT SHAPE IS YOUR FACE?

London merchants are demanding egg-faced men as salesmen. A phrenologist lecturing before the Sales Managers' association told the London employers that square jawed men lack imagination, and round-faced men are not to be relied on at all—they are too happy-go-lucky—but the egg-faced individual with the broad brow of the dreamer and a narrow chin will possess forethought, ideals and initiative.

It sounds sensible enough. A salesman needs a lot of imagination, since he must frequently see fictitious superiority in the article he sells. Of course a cheerful chap who stayed happy whether he sold goods or not would drive any employer to drink. But a man who can see the goods as he has to represent them, who can be persuaded to a customer's point of view when necessary, and who is sufficiently cast down by failure to work for success is the man everybody is looking for.

Young men desiring to enter the sales branch of any business should consult their mirrors. Happy and sure of his job will be the youth, who can conclude his application with the words, "I have an egg-shaped face" for he is the lad that could sell matches in hades.

ARROGANT LICHTENSTEIN

Germany is not alone in her arrogance and pride. There is Lichtenstein, which is highly indignant at the treatment accorded it by the peace conference, and which formally threatens to sever communication with Paris, unless it is admitted to the league of nations.

Lichtenstein, it may be mentioned, for the benefit of college graduates and other

citizens with slight knowledge of geography, is a principality, formerly a dependency of Austria, near the Swiss border. Its importance may be gauged from the fact that it is 16 miles long and 5 miles wide, and contains 10,000 inhabitants. Moreover, it is perched 8500 feet in the air, on top of the Alps.

In view of the old ties of friendship and mutual esteem existing between the United States and Lichtenstein, we do hope Lichtenstein will not get unduly excited about the matter. She might fall off her perch. Landslides are common in the Alps, arising often from apparently trivial causes. And just think what an ordinary landslide would do to a country like that.

HOW WE LOSE MONEY

It is commonly believed that the heir to a fortune is more than likely to lose it through business inexperience or through lack of appreciation of the value of the money which he has not earned. The man who has worked and piled up the money, on the other hand, is supposed to know how to hang on to it and generally to do so.

Such is not the case, says a writer in the Magazine of Wall street, according to statistics, a great many people who have accumulated considerable wealth during their working days have lost most of it before they passed middle age.

One of the chief causes of this failure of the ordinary money earner to come out ahead in the financial game is carelessness in business methods. A prominent New York trust company has published a summary of a few very common business errors which lead to loss of funds. Among them are:

- 1. Neglecting to get receipts when bills are paid in cash.
2. Neglecting to keep receipts where they can be located.
3. Neglecting to check up items in current bills.
4. Inability to keep check book balanced.
5. Too easy optimism in starting credit accounts.

There are others, such as signing papers without knowing their contents, handling valuable papers carelessly, cutting into savings for living expenses and investing money in unknown and unreliable stocks and enterprises.

Carelessness in personal business methods is much more ruinous than one realizes when only individual items are considered. But it really is true to a large extent that small things are important and that neglected details endanger success.

Bad manners are contagious. Carranza refused to recognize the league of nations or the Monroe doctrine, and now just when he thought he had his government nicely established, Mexico seems inclined not to recognize him.

Out of 14,000 houses in Rheims, 14 are said to be untouched by German shells. All the reams of paper filled with German protests against the peace terms will not obscure that fact.

The fishing season is here. The annual angler is announcing that he caught a five-pounder with his bare hands. It sounds bare-faced to us.

The astrologers are wise gazabos, sure enough. They say it is written in the stars that there's going to be considerable debate in Washington.

Experts have estimated that 20,000,000 tons of paper pulp can be produced each year from India's bamboos and grasses.

Peter Piper's celebrated feat was nothing compared with that of the Paris plenipotentiaries who picked the pact to pieces.

DENIES WALSH AND DUNNE STATEMENTS

Chief Secretary for Ireland Declares Statements Are Devoid of Foundation.

By the Associated Press. LONDON, June 17.—A detailed and specific reply to the reports on conditions in Ireland made recently by Frank P. Walsh and Edward P. Dunne, American representatives of Irish societies in the United States, was issued today from Dublin, chief secretary James Ian MacPherson, chief secretary for Ireland. In dealing with the general charge of cruelties inflicted on prisoners, the statement says: "Such statements are absolutely devoid of foundation. They are similar to statements recklessly made in connection with the treatment of Sinn Fein prisoners in Belfast prison where the Government appointed a judicial committee to investigate the charges thoroughly. The commission found there was not a word of truth in these statements."

All prisoners, the statement says, "are in properly equipped cells, lighted and heated by hot water pipes, while the prisoners are supplied with books. The prison is enclosed in grounds enclosed by iron railings, but in no wise resembling cages or zoological gardens." The cells described as underground by the Americans, the Irish secretary says are reception cells in which prisoners are not pending medical inspection in order to avoid possible infection. The secretary says the cells are not underground and are furnished and lighted with the usual sized windows.

KNOX PLEADS

emergency without first consulting the wishes or desires of other countries.

McClumber to Answer. The Knox resolution did not come technically before the senate and the senator made his address in the midst of an appropriation bill debate. Tomorrow the first speech against the resolution will be made by Senator McClumber, of North Dakota, a republican member of the foreign relations committee.

Additional plans for the league when speaking tour for the president were revealed today to official circles. It begins to know that the trip probably would cover a period of three weeks and would follow directly the president's appearance before houses to present and sign the treaty and the league covenant. It was said Mr. Wilson would leave France June 24 or 25, should Germany sign the peace treaty and probably would arrive here about July 3.

Hope for Action Paris. Announcement that Germany might act finally on the peace terms by June 23 greatly diminished the hopes of bringing the Knox resolution to a vote before the treaty is signed at Versailles.

Although no definite course had been agreed on tonight, it is likely there will be a desperate effort to have a test vote on some collateral issue Friday or Saturday. An alternative suggestion under consideration is the introduction of a joint resolution to declare the war at an end and thus relieve congress of blame for prolongation of war conditions while ratification of the treaty is delayed.

Thomas to Speak Thursday. It is not considered likely there will be an effort to bring the Knox measure technically before the senate until Friday, when Chairman Lodge of the foreign relations committee returns to the capital. The debate on it will continue, however, Senator Thomas, democrat of Colorado, gave notice today, he would speak Thursday.

In opening his address today Senator Knox said there was a demand everywhere for immediate conclusion of peace so that normal conditions could be resumed. The whole object of his resolution, he said, was to ask the peace conference to write a protocol in the treaty so that peace could be secured at once without coupling with the preliminary action on the league.

HIT BY TRAIN MAY BE SUICIDE EFFORT

G. S. Sweeney, aged 54, was hit by the east bound passenger train last evening. The man was immediately pushed to a hospital where it was declared that he was in a dazed condition but it was not believed that he was injured seriously.

An investigation was made by the sheriff's office, where it was declared that apparently the man had made an attempt to take his own life. A book found on his person asked that the clerk of the W. O. W. be notified, while it was stated that at the bottom of the book was a statement of "God have mercy on me."

It is also said that the man recently laid up his dues in this organization and notified the clerk of his wife's address.

When he was taken to the hospital he murmured that he had a brother-in-law here by the name of Oscar Little, but the authorities were unable to find such a man.

DEMPSEY STRIPS AT 201; SURPRISES FANS

Willard Backers Lose Hope of Sun Burning Out Challenger's Vitality.

By the Associated Press. TOLEDO, O., June 17.—Jack Dempsey gave his admirers their biggest surprise today when he weighed himself on a set of tested scales and tipped the beam at exactly 201 pounds. Dempsey was clad only in a swimming suit and boxing shoes. The challenger's physique was considerable of a jolt to admirers of Willard who had claimed that Dempsey's hard work under a scorching sun would likely burn him out and send him into the ring against the champion in the lightest heavyweight class or around 180 pounds. Dempsey appeared to be in perfect condition. There was not an ounce of surplus flesh on his body. Willard boxed 11 three-minute rounds today. Joe Chip, a middleweight of Newcastles, Penn., and a brother of George Chip, one of the weight champion, joined Willard's staff of sparring partners and furnished the champion with the most interesting workout of the afternoon. Willard boxed three rounds with Jack Henkel, two with Chip, three with Jack Hines and three with Walter Monahan.

WILL NOT INTERFERE

COLUMBUS, O., June 17.—The Ohio legislature tonight refused to interfere with the Willard-Dempsey prize fight at Toledo July 4. The house of representatives defeated the Dunn bill that would have given Governor Cox authority to revoke the permit issued by the city of Toledo if in his judgment the proposed bout would be a prize fight.

Should Not Be Passed Tomorrow

Should this bill be passed tomorrow it is not believed the emergency clause which it carries and which would make it effective at once, will be made. Unless the bill is passed as an emergency, it would not become effective for ninety days.

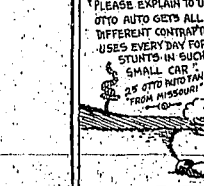

Help Congress Decide

The last congress ignored the proposal to provide ready equipped farms for returned soldiers. Secretary of the Interior Lane suggested a plan whereby returned soldiers might go to work clearing, draining, improving land now idle and useless, converting millions of acres into productive farms. He now asked for \$500,000,000 with which to start the reclamation scheme.

The idea is to pay the soldiers for what work they do improving the land, and then permit them to pay down and the balance over a long period of years. There are several hundred million unimproved acres, many of them now useless. Great stretches of arid land can be reclaimed in Idaho. Several hundred thousand returned soldiers want to go on farms. MILITARY MATTERS ALLOWED IN SUIT

Ruling By Court in Ford-Tribune Suit Pleasing to Both Sides.

By the Associated Press. MOUNT CLEMENS, Mich., June 17.—Council on either side of the Ford-Tribune libel suit professed themselves satisfied with Judge Tucker's ruling today on the question of the extent to which evidence on military preparedness might be introduced.

"It permits us to give the jury everything we regard as essential in presenting a picture of the many considerations which led to the writing of the editorial in which Mr. Ford was designated an anarchist," said Weymouth Kirkland of counsel for the Chicago Tribune.

"We are permitted to show on the other hand, everything that Mr. Ford did to oppose the government's program of correcting conditions on the border and protecting American lives and property in Mexico."

Attorney Alfred Lucking, Mr. Ford's personal counsel, stated his whole object had been to exclude extraneous matters from the suit which otherwise might draw on all summer.

The ruling follows: "The quantity of preparedness necessary, or what Ford thought necessary, is not relevant; what Mr. Ford sought to interfere with what preparedness the government thought necessary, is relevant. Whether what he did or said justified the criticism aimed at him in the editorial in question will be the main question in the case."

Under this ruling, a two column story published in the New York Herald in April, 1916, quoting Mr. Ford, was admitted in evidence. P. B. Ackerman, the reporter who wrote it, testified that it was a correct account of the interview. In it the manufacturer was quoted as confessing his pacifist views. He was reported to have said that the sinking of the Lusitania and the Spanish influenza did not justify a new era of relations with Germany, and that in view of four thousand miles of ocean between America and Europe submarines to guard our ports would be provable navy enough. Counsel for the Tribune placed in evidence a number of editorials that contradicted the plaintiff's charges that the paper advocated intervention in Mexico for ulterior motives, namely, that it would aid Germany and further the financial interests of its temple relatives of the publisher holding stock in the International Harvester company and the Standard Oil company.

LIBRARY SECURES MANY NEW BOOKS

Nineteen Volumes Are Added to Shelves in East Allotments Received.

The Twin Falls Library has been unusually successful in securing for the library shelves the most prominent of the recent books. The last allotment received contained forty non-fiction, six fiction and nine juvenile books. The non-fiction books are Chaplain's "Well Slick to the Plains," Dixon's "Story of the Trenches," French's "Zano Polkema 89" and Forbush's "Boys Problems." The fiction that has just entered the library list are, Weston's "Oh,

Dary Do Careful," Rains' "Shorliff's prolonged discussion of a conference on Otstead's "On Furrough," report on an appropriation bill. Ogden's "Raiders of the Wind," House leaders expected the wire to Richman's "Hot Pepper's Patch," morrow for calendar bills, including that repeating the daylight saving law.

The list of juvenile books, are, Aspernwall's "Short Stories for Short People," "Barbour's "Half-back," Burgess' "Lively City of Licks," Bennett's "Hickety-Pickety Housa," Chance's "Little Folks of Many Lands," Custer's "Boots and Saddles," Husted's "Stories of Indian Children," Perkins' "Dutch Twins" and Pyles' "Caroline Jane."

Westfall is vice president of the Merchants Ice and Storage Company, Swanberg is proprietor of a big downtown cafe, and Russ is secretary and treasurer of the Russ estate, one of the biggest in the city. The offenses were committed between October, 1917 and March 1919, according to the indictments.

GRAND MASTER OF A. F. & A. M. PASSES

Andrew Lounsberry Dies in Local Hospital—Will Be Buried On Monday.

Andrew Lounsberry, Grand Master of the Masonic Lodge for Idaho, died last Monday night at 11 o'clock at a local hospital after a ten days' illness in the city. Mr. Lounsberry was a resident of Albion, Idaho.

Mr. Lounsberry returned to Idaho about two months ago from a trip to California where he had gone for his health, much improved. After a two days' illness in Albion he came to Twin Falls to try the lower altitude, but it was without avail as he passed away last Monday evening, leaving a widow, three daughters and three sons all of whom reside in Idaho.

The funeral will be held in Albion Sunday afternoon conducted by the grand lodge of Idaho. Masons from all over the state will be in attendance. Many of the Twin Falls Masons have signified their intentions of going and will meet at 8:30 a. m. Sunday at Dr. Parrott's office in order to make the trip.

MATURE PLANS TO RECEIVE DIRIGIBLE

Expect R.34 to Arrive at Mineola Flying Field Sunday From Europe.

By the Associated Press. MINNEOLA, N. Y., June 17.—Active preparations for the reception of the giant British dirigible R-34, which is expected here Sunday were begun today with the construction of ten concrete blocks, each seven feet square and eight feet deep to which the airship will be moored. Reception field has been selected as the landing place, as there is no hangar in the country large enough to house the airship, which is 648 feet long from nose to stern. The dirigible

will start from England next Friday. Army and navy authorities are cooperating with a special force of British naval aviation mechanics out here in charge of Master Hugh Fuller of the Royal Air Force to establish an American base. Fifty American naval aviation mechanics, especially qualified in the handling of lighter than air craft, arrived here today from Rockaway Beach, N. Y., to the Preparations, and 250 more are expected from various other stations in the east before the airship's arrival.

Mrs. Alice Ada has an heir house guest her mother Mrs. Lloyd Holgate of Caldwell who is in Twin Falls to attend the W. R. C. convention.

Dr. Boyl went to Shoshone yesterday where he performed an operation at Dr. Dill's hospital.

Mr. and Mrs. A. A. Merrill of Murter were in Twin Falls yesterday for a brief time.

Finance

NEW YORK, June 17.—Stocks rallied briskly today from their sharp reaction of the previous session on removal of tension in the money market. Rates approximated 3,800,000 shares.

Liberty Bonds
NEW YORK, June 17.—Liberty bond prices at 11:30 a. m. today were: 2 1/2%, 109.42; first 4 1/2%, 104.70; second 4 1/2%, 102.80; third 4 1/2%, 105.26; fourth 4 1/2%, 104.02; Victory 3 1/2%, 100.04; Victory 4 1/2%, 99.94.

Produce

CHICAGO, June 17.—Butter, lower; creamery, 46¢ 5/16.
Eggs—Higher; receipts, 43,360 cases; first, 33 1/2¢; ordinary, 28 1/2¢; storage, 23¢.
Potatoes
CHICAGO, June 17.—Potatoes, weak; arrivals, 85 cars; Old: Northern white, U. S. No. 1, car lots, \$1.40; 1.50 cwt. Now: Dixie Triumphs, car lots, \$2.41.

Grain

CHICAGO, June 17.—Sharp settlements in the value of corn today resulted largely from excellent weather conditions for the growing crop. The close was unsettled—7 3/4 to 7 1/2 cts. and September \$1.05 1/2 to \$1.05. Oats, 1 3/4 to 2 1/2 down, and provisions of 37c to 5c.

In addition to the bullish influence of better crop prospects, a decided break in hog quotations tended to force the corn market lower, owing to the shrinkage of feeding profits thus rendered certain. The fact that in some cases the price of corn was up about 13c a bushel compared with a weak Saturday closed likewise in favor of a reaction. Heavy profit-taking sales by houses with eastern connections took place and much more than offset persistent buying that was ordered to purchase for some lot.

ONES WALKER, a top corn country dealer, was moderate buyers on the break.

Provisions were depressed in consequence of the bearish action of cereals and hogs. Besides, an increase was shown in the semi-monthly statement of warehouse stocks here, and it was said that shipping demand, both domestic and export, was rather slow.

MINNEAPOLIS, June 17.—Barley, \$1.05; 1 1/2%, \$1.17; No. 3 white, \$1.76; No. 3 white, \$1.76; No. 3 white, \$1.76; No. 3 white, \$1.76.

IN TWIN FALLS BEFORE

"It has been about six years since I have been in Twin Falls and I am proud to say that I see much improvement," said Mrs. Ella Smith, Grand Child's Pythian Sisters, last evening. "As for Twin Falls, I have always liked it as a place of residence and I was more than glad that this convention is held here."

"Of course the formal opening of the convention not being until tomorrow all of the delegates have not arrived, but I am well pleased with the large list of delegates that are here."

INTERESTED IN ROAD WORK

Wm. Maxwell, county commissioner of Washington county, is in Twin Falls attending the G. A. R. convention. Mr. Maxwell yesterday visited the local county commissioners and was greatly interested in the improvement work in this county, especially road work and airplanes acquired by the county.

William Womer of the Womer m. pair shop, who has been in Salt Lake for the past few days on a business trip, will return today.

EAT LESS AND TAKE SALTS FOR KIDNEYS

"Take a Glass of Salts if Your Back Hurts or Headaches Bothers"
"The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health."
When your kidneys feel like lumps of lead; your back hurts; or the urine is cloudy; full of sediment or you are obliged to seek toilet two or three times during the night; if you suffer with sick headache or dizziness, nervous pelvic acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon—juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders."
Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

TELEPHONE GIRLS OUT IN CALIFORNIA

Declare that Companies Fail to Follow Regulations Laid Down by Burleson.

By the Associated Press. CHICAGO, June 17.—The climax in the nationwide strike of commercial telegraphers probably will be reached within 24 hours, union leaders declared tonight. A telegram was sent to Samuel Gompers, president of the American Federation of Labor, stating that the strikers would abide by decisions reached at a conference to be held by Mr. Gompers and other federation officers and representatives of the telegraphers' union.

O. R. T. Hit Hardest.

Officers of the Order of Railway Telegraphers announced today that 50 per cent of the Western Union business had been affected by refusal of railroad operators to handle commercial business.

This statement was refuted by officers of the Association Western Union Employees who declared business was normal and that strikers are returning to work in many towns.

Telephone Operators Out.

In northern and central California it is estimated 5,000 girl operators, and 1000 male employees are affected. Three thousand labor unions are said to be involved in a strike of the telephone crews in southern California.

Charles P. Ford, secretary of the International Brotherhood of Electrical Workers, with headquarters at Springfield, Illinois, said the California strikes were due to failure of telephone company officials to comply with Postmaster General Burleson's order last Saturday granting the right of collective bargaining.

Collecting Support.

R. J. Koenekamp, international president of the Commercial Telegraphers' Union, claimed that labor bodies in various parts of the country were pledging support to the strikers and that the number of men idle were steadily increasing.

TURN DOWN REDS

(Continued From Page One.)

thought it best to let the law take its course in the Money case.

Use Money Men Wrongly.

Chairman Frey then declared "Information has come to me the resolution committee of the Commercial Telegraphers' Union, claimed that labor bodies in various parts of the country were pledging support to the strikers and that the number of men idle were steadily increasing."

Convention Notes

Legation as to the cause of the evident prosperity of Twin Falls and vicinity feature the meetings of the five big conventions being held here this week. This is the first visit of many of the delegates to this section.

HOW ABOUT BRUNEAU?

"What is this BrunEAU project?" asked R. L. Brainerd, a delegate to the Knights of Pythias meeting. Mr. Brainerd is a newspaper man of Kelso. He stated that several residents of his section, including many soldiers, asked him to secure information on this project while down here.

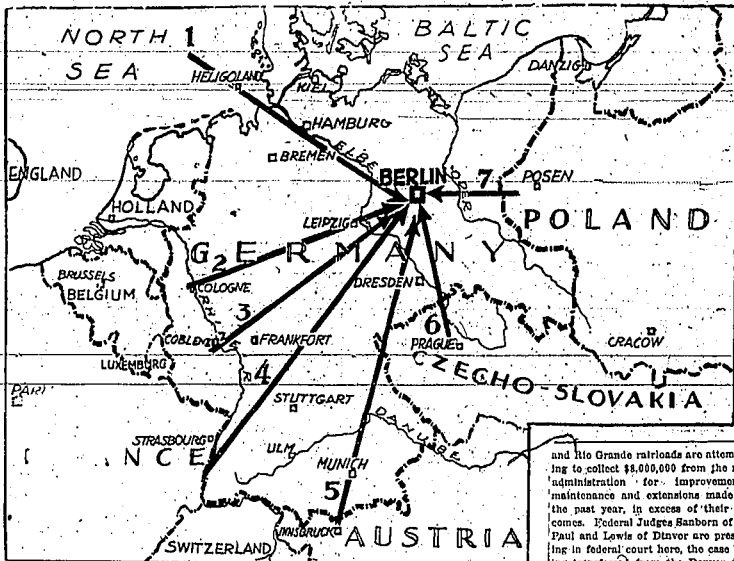

MANY NEWSPAPER MEN HERE.

Newspaper men are playing a prominent part in the Knights of Pythias' meeting and are stating that they will take back excellent reports on this section to the readers of their newspapers.

COEUR D'ALENE PUBLISHER.

O. R. Scott, publisher of the Coeur d'Alene Press, is Keeper of Records and Seals for the Pythians. He has been prominent in the activities in the western part of the state for several years. Until recently he was president of the North Idaho Press association. Mr. Scott states that he

ON TO BERLIN! THE SEVEN ROADS TO A DICTATED PEACE

If Germany rejects the final terms of the allies, seven roads to Berlin lie open to allied armies to force compliance.

- 1.—The allied fleets will land troops on the German coast.
- 2.—British and Belgian soldiers will advance from the occupied region of the Rhine country in the north.
- 3.—American forces will enter from Coblenz.
- 4.—French troops in Alsace and Lorraine will march through Bavaria.
- 5.—Italians will cross Tyrol into Germany and advance almost due north.
- 6.—Czech-Slovak soldiers are but a step across the border from the German capital.
- 7.—The army of the new Polish republic is already fighting with the Huns in eastern Germany, nearest of all to Berlin.

likes this section exceedingly well. He also put in a good word for his own section. He states that Coeur d'Alene will entertain between 30,000 and 40,000 visitors during the week of the Fourth of July. At that time two naval hydro-planes will be exhibited—the first time that these planes have been exhibited inland in the United States.

VETERAN PRINCIPAL HERE.

John Jenifer, for the past 19 years principal of the Lewiston high school, is a delegate to the Pythian convention. Mr. Jenifer has been present at as many grand lodge meetings of this organization and is well known to a large number of the delegates. He says Lewiston is enjoying the greatest prosperity in its history.

HAS GOOD WORD FOR NAMP.

C. J. Vassar of Lewiston declares that all of Idaho seems to be enjoying unusual prosperity. He declared that Nampa, where the Lewiston D. O. K. team last week put on a show, is unusually busy and appears to be the fastest growing town in the state.

TAKE CARE OF G. A. R. MEN

WINNIPEG ARRESTS 10 STRIKE LEADERS

WINNIPEG, Man., June 17.—The federal government today made a dramatic move to end the general strike here. Ten labor leaders, most of whom have played an important part in directing the sympathetic "walkout" tonight are in Stony Mountain penitentiary. Warrants are set for four others.

The arrests were based on warrants charging "inciting the police force to neglect of duty" and responsibility for publication in the Strike Bulletin last Wednesday of a special article containing "false and libelous statements." The story was headed "Police Replaced by Thugs" and vigorously attacked the special returned soldier-consablers. Civic authorities were assaulted for dismissing the regular police force.

The ten men in prison are Alderman John Queen and A. A. Hepp, Rev. William Evans, George Armstrong, H. D. Russell, R. E. Bryn, Moses Charloff, Moses Almsdorf, Mike Berensson and A. Schellert.

The police also raided the labor temple, Ukrainian hall and Lithery hall, where a vast quantity of literature was seized.

The utmost secrecy surrounded the plans for this arrest this morning.

ATTEMPT TO COLLECT FOR U. S. FOIL IMPROVEMENTS

OMAHA, Neb., June 17.—Legal representatives of the Colorado Midland

and Rio Grande railroads are attempting to collect \$4,000,000 from the rail administration for improvements, maintenance and extensions made in the past year, in excess of their incomes. Federal Judge Sanborn of St. Paul and Lewis of Denver are presiding in federal court here, the case being transferred from the Denver district.

DECREASE SHOWN IN WEEK'S WHEAT RECEIPTS

NEW YORK, June 17.—Wheat receipts from farms for the week ending June 5 amounted to 2,817,000 bushels, a decrease from the previous week of 570,000 bushels, according to figures issued tonight by the Food Administration Grain Corporation.

Total stocks of wheat in country elevators, mill and terminal elevators, on June 5 were 52,278,000 bushels.

Production of flour for the week ending June 6, totalled 1,923,000 barrels, a decrease from the previous week of 144,000 barrels.

ATTACK ON HUNS IN PARIS IS REPRESENTATIVE

PARIS, June 17.—In his letter to the head of the German press' organization, published in the demonstration against the Germans at Versailles, M. Clemenceau expressed deep regret for this reprehensible act, which was contrary to the laws of hospitality.

Both the prefect of the department Seine and Oise and the police commissioner have been dismissed from office.

DEMOCRATS TURN HEAVY GUNS ON G. O. LEADERS

SAN FRANCISCO, June 17.—Democratic heavy artillery fire was directed tonight at republican critics of the administration during a reception given by state party leaders to Homer S. Cummings, chairman of the democratic national committee, and Mrs. George Bass of Chicago, chairman of the democratic associate national committee.
