PRICE FIVE CENTS

ROYAL WELCOME PLANNED FOR BOYS ON THEIR RETURN

Citizens Are to Meet Lads at Minidoka Junction.

BAND, SMOKES, EATS ARE TO ADD ZEST

July Third Set Apart for the Big Do-in and Great Mothers' Dinner for the Soldiers.

Twin Falls will welcome the boys home not with a parade, but with an outburst from our people. The committee, named by Mayor Eldridge last night arranged that citizens generally who wish will go to Minidoka, there to meet the boys and escort to Twin Falls with them. A band will accompany the citizens, mothers, fathers, sisters and brothers of the boys to Minidoka. Refreshments will be provided on the train, greetings will be tendered and the welcome home speeches will feature the general social.

Parade in Town

There will be no parade when the boys reach Twin Falls. These lads have had enough of parades and the step-step of parades. They will want the freedom of the town, which they have been denied and the citizens of Twin Falls will be glad to give it to them. The committee will be glad to furnish the thoroughfare, and none but patriots will be permitted thereon.

Welcome Will be Complete

The streets will be for the lads the welcome for returning heroes. There will be no speaking—just wholesome and wholesome welcome—home—home to Twin Falls and the homes from which these boys went for their part in the struggle for world freedom.

The committee, however, did not stop with the welcome home. Preparations were made for a returned soldiers' day, July 2nd, when a genuine Mothers' Dinner will be spread in the big city park, and a program provided for all returned service men.

That day, the lodge of Elks, has set apart for soldiers. Every form of amusement in the city will be open to them free of charge. They may go to the round-up, see the shows about town, enjoy the dances and other forms of entertainment, and all as the guests of the patriotic people of Twin Falls.

Thorpe on Committee

Jack Thorpe, who will reach Twin Falls Thursday, has been added to the committee, and will accompany the citizens on the trip to Minidoka. Arthur Alsworth, head of the American Legion post in Twin Falls, Captain McRoberts and other members of the post will also make the trip with the citizens and the committee.

The committee last night organized with E. L. MacVicar as chairman and Arthur J. Peavey secretary. The committee as a whole will act as reception and entertainment committee Saturday and on the day of the big entertainment, July 3rd. Members of the committee present last night were: E. L. MacVicar, V. H. Docker, S. L. Wadell, C. E. Munson, George Ealey, C. D. Thomas, C. L. Longler, C. E. Booth, Arthur J. Peavey, George M. Dow, H. H. Stevenson and W. B. Peltola.

By the Associated Press. WINNIPEG, June 24.—The general sympathy strike which has been in progress here since May 15, was called off tonight.

Strikers have been told to return to work next Thursday morning at 11 o'clock.

The decision of the strike committee will have ended a struggle that will have been six weeks in effect at 11 o'clock. Thursday's following 100,000 men of delegates of the strike committee with Premier Norris and members of the provincial government this morning.

They put forward the proposition that if the government would appoint a commission to investigate into the strike and settle all disputes they would call off the general strike.

The reply of the government was that it had not changed from its original position that the general strike must be called off first. If that were done, then a commission headed by H. A. Robertson, K. C., would be appointed. It was intimated that it had been the intention of the government to have a commission to investigate the commission, but after the strike committee was called in regard to calling off the strike.

By the Associated Press. WASHINGTON, June 24.—Demobilization of the navy is proceeding rapidly and satisfactorily, Secretary Daniels announced today, with the news that the total strength will have been reduced to 250,000 men by the end of the month.

Since the signing of the armistice more than 250,000 men have been discharged from the navy or released from active duty in the navy.

Between July 1 and October 1, 50,000 additional men will be released in order to meet the reduction fixed in the new navy bill. Mr. Daniels said that after peace was signed there would be a steady flow of American naval forces in European waters, but that many of the ships now on duty abroad would be stationed there for some time.

GERMANS IN DOUBT AS TO INDIVIDUALS

Haughty Huns Now Humbled Cringe in Face of the Necessity Confronting Them.

By the Associated Press. PARIS, June 24.—Unofficially Friday afternoon has been set as the time for the signing of the peace treaty of the allied and associated powers on behalf of Germany.

While the German plenipotentiaries have not yet been announced, it is believed that they will arrive in Versailles Friday morning.

Clemenceau Will Open

M. Clemenceau will open the ceremonies with a brief introduction. No speech is expected from the Germans.

After the treaty is brought back to the signatories table the names of the other delegates will be called and they will advance and sign.

It is expected that the signing will require two hours. The seals of all the delegates will be affixed in advance.

President Wilson is using the president's seal, which is an eagle, with the words, "seal of the president of the United States."

Some of the seals supplied by the delegates are merely monograms arranged. The French foreign affairs department, the Chinese and Japanese seals are the most artistic. These are chiefly in the names of the delegates in order to be read and are adorned with flowers and quaint figures.

The personal seals of the president and the German plenipotentiaries will be used, but, like the personal seals of the president and the German plenipotentiaries will be used, but, like the personal seals of the president and the German plenipotentiaries will be used.

LULL STRIKES THE SENATE TALKFEST

By the Associated Press. WASHINGTON, June 24.—There was a temporary lull today in the lull of nations debate which has been almost continuous since the new session convened. It was the first lull in more than a month that an entire session passed without a motion on the peace treaty.

The senate did not take up the amendment presented by a Senate Republican of New Mexico, and favored by many league opponents, to declare the war at an end.

When the amendment finally is reached, the project is that it will be properly. In the event it is thus rejected, the project is that it will be properly. In the event it is thus rejected, the project is that it will be properly.

NOW IS TIME TO ENTER BIG AUTO CONTEST

Interest Grows in "Everybody Wins" Hustle for Paige Car.

EARLY SUBSCRIPTIONS COUNT THE HEAVIEST

County Alive With Enthusiastic People Over the Line of Big Prizes.

Booming rapidly, along on the wings of popularity, with the stamp of public approval placed upon it and with interest increasing by leaps and bounds, The Chronicle's "Everybody Wins" contest, in connection with the new Paige car, is now a contest of valuable gifts, including a beautiful Paige touring car, are to be given away absolutely free within the next few weeks, is fast becoming the chief topic of interest and conversation in Twin Falls and surrounding country.

Everywhere in this community, intense interest is being manifested in the wonderful offer which presents to everyone the opportunity of obtaining a handsome automobile, the most beautiful car in America, simply in exchange for a little effort during spare moments, moments that would otherwise be wasted.

Yesterday again, the Election Headquarters at the Chronicle office was kept busy answering questions. Many men, women and boys and girls visited the headquarters to find out the details of the contest, and to know the details of the whole proposition. Several of them brought in a number of the 100,000 coupons which they had collected and either cast them for their wives or for some friend whom they nominated. Telephone calls were frequent—so much so that the pretty young lady who answers the office phone was unable to go out and get her daily allotment of telephone calls.

One of the interesting features of the opening days has been the even percentages of men and women and boys and girls who were inquirers about the election. Interest is evident in the contest, and it is expected that there will be almost as many men interested in the distribution of gifts as women and girls.

A Real Feature.

The feature of the election, which attracts the attention and amazement of so many callers was the fact that a participant CANNOT LOSE. Every active candidate is guaranteed either a cash prize or a greater award—and when it is considered that the cash guarantee on every "Everybody Wins" subscription is TWENTY PER CENT, it will be realized readily how much money is in store even for those who do not land the car or one of the many other mammoth prizes. On every "Everybody Wins" subscription, the contestant in whose favor it is cast, receives one dollar and twenty cents for his or her efforts in securing it. On every two-year subscription, he or she receives two dollars and forty cents. By the time the contest is over, every active person who is eligible to enter, can compete.

Indeed, the wholesome spirit of fairness with which The Chronicle will distribute this vast array of gifts, dividing equally between the city and

THE AIRPLANE NUISANCE

The enthusiasm over airplane progress is not unanimous. In the midst of the chorus of praise for such achievements as those of the trans-Atlantic fliers comes a discordant note. A resident of Harbor Grace, Newfoundland, writing to a St. Johns paper just after Alcock's flight had started for Ireland, said:

"It wish to voice a protest against an airplane being allowed to fly over the city, frightening our poultry and thereby interfering with the supply of eggs so important during the present shortage of food. This nuisance is only just beginning, and now is the time to stop it, before the airplane becomes as great a pest as the bicycle and the motor car."

The evil he complains of has already been noticed in the United States, though it does not seem to have elicited any such vigorous protests in this country. An airplane is not unreasonably mistaken by numerous flocks for a chicken-hawk, causing panic, and possibly a lowered egg-production, in many a poultry pen and farmyard.

Something surely ought to be done about it, if airplanes continue to increase with the hen's peace of mind, how can they be tolerated in any or, deity community?

A VERDICT ON THE LEAGUE.

The Saturday Evening Post, which generally represents pretty well the dominant opinion of intelligent Americans, finds fault with the league of nations not because it sets up an strong an international organization, but because, by compromise in the course of negotiations it has lost some of the strength expected of it.

Nevertheless the Post declares in favor of the covenant, saying:

"The league of nations, compromised at points though it is, is still the only practicable step toward assured peace. The puff of conditions will strengthen it. We take half a loaf, and shall presently get the other half."

BOOZE SUPPLY IS LEFT UNMOLESTED

Effort to Strike Out Right to Receive for Dry Spell Beaten in Committee

WASHINGTON, June 24.—A man's fight to strike liquor out of his home for the long dry period after July 1 stood up today against an attack on that provision of the prohibition enforcement bill before the house judiciary committee.

Near the end of an all-day session the committee voted to amend an amendment which would have made it unlawful for a citizen to have liquor in his possession; struck out a section which would have prevented "use" by a citizen of liquor in his private dwelling, and decided that in the matter of general enforcement there would have been no difference between war time and constitutional prohibition.

Even with this and other conditions the bill as it will be reported out tomorrow or Thursday is considered as all-embracing. So drastic are its provisions, members of the committee said, that while a man may put a keg of beer in his cellar he may be convicted and fined if, for instance, he wears a watch fob on which there is a picture of the keg as an advertisement.

In a general consideration of the measure the committee made a number of minor changes, but the principal fight was over the question of the right of home storage for personal use. Representative Morgan, Republican of Oklahoma, endeavored to have stricken out the section reading that "it shall not be unlawful to store liquor in one's private dwelling while

the same is occupied and used by him only as his dwelling."

Ardent prohibitionists on the committee voted against the Morgan proposal for the reason, they said, that nothing was to be gained by enacting a law so drastic as to arouse the hostility of people who rejoiced that the day of the saloon had ended. Prohibition members supported an amendment eliminating the provision that the license must be obtained and placed in storage prior to date the act would become effective. As amended the section reads: "That such liquor need not be reported, provided the burden of showing that the possession is legal is upon the possessor."

Representative Gard, Democrat of Ohio, led the fight to strike from the bill the word "use," as applied to the right of home consumption. His motion to amend also included the striking out of the words "private dwelling" and "possession," but the committee insisted that these should stand. It was said there was no particular fight on Mr. Gard's proposal, and as amended the section.

Only Fraction of Per Cent.

"That no person shall own or after the date when the bill mentioned in the Constitution of the United States goes into effect—own—while the war prohibition act shall be in force, manufacture, sell, barter, give away, transport, import, deliver, furnish, receive or possess any intoxicating liquor as a beverage may be prohibited. Liquor for non-beverage purposes and wine for sacramental purposes may be purchased, sold, transported and used as herein provided."

IRISH REPUBLIC TO FLOAT BONDS

Offer Issue to Peddle at Once Decision to Go to Paris; Will Appoint Consul.

NEW YORK, June 24.—The Irish republic proposes to issue bonds to the amount of one million pounds sterling, President Eamon De Valera announced today. The issue will be offered to the public for immediate subscription, 250,000 pounds in Ireland and 250,000 pounds abroad. The bonds will be of small denomination.

"We intend to obtain for our own government and for the Irish republic," Mr. De Valera said, "we shall send at once our accredited representatives to Paris to the peace conference and to the league of nations."

He said he would also to other countries a number of well accredited agents and consuls—also that the position of Ireland is understood as it truly is, and not an English propaganda would represent it and in general to see that the interests of Ireland in these countries are in no way neglected.

"At the present time of general reconstruction it is most important that the material interests of the country at home be also looked after and by Irishmen. It will be the duty of our ministry to secure the co-operation and to co-ordinate the activities of the various bodies which have taken voluntarily on themselves the safeguarding and advancement of these interests. Towards English legislation interfering with these interests we shall act as we think best for the general good."

Mr. De Valera said, six months after the English ways and communications bill, designed as regards Ireland to prevent Irishmen from using the natural resources of their own country, we shall offer the best resistance we command as being both in Ireland and in America.

SAY SECULAR IDEA PRUSSIAN THEORY

Is After Anarchists

Byron, for 30 years head of the secret service, has been engaged to direct the ferreting out of anarchists responsible for recent bomb plots in many cities. During the war Flynn aided the department of justice in running down spies and disloyalists.

Wash and Dunes, representatives of American Irish societies, that the prosecution of Countess Markievicz, Sinn Féin leader, was in retaliation for the contents in having given information concerning brutalities against Irish women, an official denial of this charge was issued at Dublin castle today.

The denial says the countess was ordered presented May 26, long before the first statements of the delegates were made.

Angus McDonald, a mining man of Jarbridge, who has been in a local hospital with a broken leg, was able to return to Jarbridge yesterday.

Anko and Garrett Bos of Amaterdam were among the out of town visitors in Twin Falls yesterday.

Miss Mary Hutton of Wendell was in Twin Falls yesterday for a brief visit.

Help Congress Decide

The last congress ignored the proposal to provide ready equipped farms for returned soldiers.

Secretary of the Interior Lane suggested a plan whereby returned soldiers might go to work clearing, draining, improving land now idle and useless, converting millions of acres into productive farms. It now asked for \$50,000,000 with which to start the reclamation scheme.

The idea is to pay the soldiers for what work they do improving the land, and then permit them to pay down and take balance over a long period of years.

There are several hundred million uncultivated acres, many of them now useless.

Great stretches of arid land can be reclaimed in Idaho.

Several hundred thousand returned soldiers want to go on farms.

ASSERT FORD MEN WITHOUT ANY PAY

Reporter Testifies Managers Said Ford Men Were Working for the Government.

By the Associated Press. MOUNT CLEMENS, Mich., June 24.—Two more newspaper men who witnessed today for the Chicago Daily Tribune, which is being sued for alleged libel by Henry Ford.

The witnesses were William Colman, a reporter for the Detroit Journal in 1916, and John Dunsmuir, assistant managing editor of the Detroit Free Press, who, in 1916, when the Tribune printed its editorial headed "Ford Is an Anarchist," was a reporter for that paper.

Dunsmuir testified that in the week of June 12, 1916, he telephoned F. L. Klingensmith, general manager of the Ford Motor company, and asked him if the company would pay the employees who went to Toxas.

"I don't see why we should pay them; they are working for the government, aren't they?" witness quoted Mr. Klingensmith as replying.

Colman testified that he asked Mr. Ford personally if his company would pay the differences between the pay received by his men while they were in the army and what they received in the factory. He said that the manufacturer did not reply.

Claims She Suffered. An investigator for the Detroit police had testified last week that she found Mrs. Ernest Prall, mother of the witness, and her two children suffering from malnutrition and in dire poverty when she called at the Prall home.

Mrs. Prall confirmed the investigation. Her husband left her almost penniless.

allow with a third child on the way, she said.

"I went to the Ford offices to ask what they were going to do for the wives of soldiers," she testified. "I went first to the second floor where there were a lot of men working and they seemed to know nothing about it. One of them directed me back to the first floor to an old man. I found him and he said he didn't know. I was carrying my baby in my arms at the time and didn't even have a carfare."

Witness said she subsisted herself and children for a time on small gifts from friends and neighbors. Later the Detroit patriotic fund came to her aid and the Associated Charities sent her to a health resort with her children for two weeks.

Mr. and Mrs. Henry Varny of Jerome were in Twin Falls yesterday.

BETTER SAYE THAN BEG OR BORROW

After the Revolution, when questions of National finance were uppermost in the minds of all who desired the prosperity and success of the new government, Benjamin Franklin remarked: "A small increase in industry in every American male and female with a small diminution of luxury, would produce a sum far superior to all we can hope to beg or borrow from all our friends in Europe."

This observation of Franklin has its application to the building of a home. A little more industry, a little denial of luxuries, and one might add, a little foresight, will combine to make home ownership a reality. One of the strongest inducements to the habit of saving is having in mind all the time a definite purpose; and of all the definite purposes one might have, none is more worthy, none sounder economically and none more promotive of happiness and security than the building of a home.

The man who today saves for buying a home does so because he can look a little farther into the future than the man who just spends all his earnings while living in a rented house, and leaves the future to take care of itself. He looks the imagination to project himself into the future ten, fifteen or twenty years, to a period of his life when ownership of a home would afford him the peace and comfort that no other possession can give.

TWIN FALLS, IDAHO

NOMINATIONS

MUST BE MADE NOW

PAIGE

The Most Beautiful Car in America

All Names of Persons Who Are to Share in The Chronicle's Gigantic Gift Distribution Must Be Sent in Immediately. **HERE'S HOW TO WIN:**

The Plan in Brief

The object of this big prize distribution is two fold; primarily to increase the already large subscription lists of The Twin Falls Daily Chronicle, to collect arrears and advance subscription payments from present or old subscribers, and at the same time to afford our friends and readers an unparalleled opportunity to profit, and in a big way, through their spare time during the next few weeks! So, it is a plan that works both ways, and to the ultimate good of all concerned.

In order to gain this end quickly and advantageously, the most valuable and attractive list of prizes ever offered by a local newspaper in this section of the country, has been made ready for distribution among those who participate most heartily. Ambition and energy are the only requisites for success.

The plan adopted is the fairest and most impartial conceivable. There will be no "double vote" offers, extra prizes given or any other inducements whatever inaugurated during this competition. Neither will there be any long-term subscriptions accepted. The plan of the campaign is straight-forward and simple, and is fully outlined in this announcement.

Let it be understood at the very outset that this is not a "beauty" nor "popularity" contest, but a strictly legitimate competitive proposition for enterprising men and women and boys and girls, and one into which no element of chance enters. One feature of this competition is the fact that there will be no losers in this race.

How to Enter the Contest

The first step, in order to become a candidate and compete for a prize, is to clip the nomination coupon appearing in this issue; fill in your name and address and mail or deliver to the campaign department of The Daily Chronicle, Twin Falls, Idaho. This coupon entitles you, or the person whom you might nominate, to 5000 FREE votes. These votes are given you as a starter, and speeds you on your way to win. Only one such nomination coupon will be accepted for each candidate entered.

The next step is to call on or write the campaign department for a free working outfit (consisting of a special receipt book, sample copies of the paper and other information relative to launching an active campaign).

Thus equipped, you have but to see your friends and neighbors, relatives and acquaintances and have them clip the free coupons from their papers, and pay up a subscription to The Chronicle through you. THAT'S ALL THERE IS TO IT. However, you will never win anything unless you make the start; and, while it will not be a very difficult matter to capture one of the big prizes, nevertheless it will be no child's game. You must plan out your campaign the same as any successful business man plans out his work for a season, and, above everything else, let no one discourage you, but stick to the finish. Anything worth having is worth striving for. Six short weeks and you may be riding in your own automobile.

How Votes Are Secured

It takes votes to win, and votes are secured in two ways. First, by clipping the coupons appearing in each issue of The Chronicle. Begin gathering them NOW. After next week these coupons will be reduced to a lesser number of votes. The only restriction placed on voting these coupons is that they must be deposited at the campaign department of The Chronicle on or before the expiration date printed thereon. Get your friends to saving these coupons for you—they all count.

The other, and faster, way, to get votes is by securing new and renewal subscriptions to The Chronicle. On each subscription turned in a certain number of votes are issued, the number varying according to the amount paid and during which "period" same are received at the campaign department (see schedule of votes below). So, you see, the more subscriptions you secure the more votes you get and the better your chances are to capture the grand capital prize.

Early Start Means Easy Finish

The advantages of an early start are manifest. Not only do you have the FULL SIX WEEKS in which to secure the winning votes; but now and up to and including Monday, July 21st, you will receive the maximum schedule of votes on subscriptions. Then, too, the first in the field will undoubtedly get the "cream" of votes and subscriptions, while those who put off entering until a later date will have to take what is left.

Don't lose valuable time waiting to "see what the other fellow is going to do" but pitch right in and show the "other fellow" how to do it.

Advisory Board

It is the special aim of this newspaper to conduct this contest, from start to finish, in a fair, honorable and impartial manner. Every precaution has been taken to safeguard the interests of participants, and absolute honesty in all dealing is guaranteed.

However, not all wisdom lies with any one man or institution, and for that reason an Advisory Board has been decided upon, whose functions shall be to decide any question of sufficient moment that might happen to arise during the competition and from which a committee shall be selected to act as judges and count the votes the last night of the contest. The personnel of this board is as follows:

W. H. ELDRIDGE, Mayor Twin Falls; LEO F. BROCKEN, Cashier Idaho State Bank, Twin Falls; A. B. COLWELL, Druggist, Twin Falls; E. J. OSTRANDER, City Councilman, Twin Falls; J. M. SHANK, ex-Probate Judge and Attorney, Buhl; W. P. SHINN, Postmaster, Picher; W. H. TURNER, Banker, Kimberly; HON. J. H. SEAVER, State Senator, Castleford; R. E. MOOREHOUSE, Postmaster, Hollister.

All of these gentlemen are well known to everyone in Twin Falls and surrounding territory, and the final results, as given out by them, will be beyond dispute.

FIRST PERIOD	SECOND PERIOD	THIRD PERIOD
Embracing the first few weeks (terminating July 21) the following number of votes will be issued on subscriptions:	Embracing the next 10 days (terminating Aug. 2) the following number of votes will be issued on subscriptions:	Embracing the last week (terminating Aug. 9) the following number of votes will be issued on subscriptions:
Six months \$ 3.25 6,000	Six months \$ 3.25 4,000	Six months \$ 3.25 3,000
One year 6.00 10,000	One Year 6.00 12,000	One year 6.00 10,000
Two years 12.00 20,000	Two years 12.00 25,000	Two years 12.00 15,000

The above schedule of votes, which is on a declining scale basis, positively not to be changed during the competition. A special ballot, good for 50,000 votes, will be issued on every "club" of \$24 turned in. This arrangement will be in effect throughout the entire campaign and is to be considered a part of the regular schedule. There will be no extra votes offered, extra prizes given, or any other inducements whatever inaugurated during this campaign. Remember this and lay your plans accordingly.

An Open Invitation

Consider this a personal invitation from the publisher to enter this competition and share in the distribution of awards Saturday night, August 9.

The prizes have been all arranged for, and it only remains for the ambitious and enterprising men and women of this community to get in the game and get their share of the good things offered.

This is positively the greatest and most liberal public offering ever made the newspaper reading public of Twin Falls and Twin Falls county; an opportunity that may never come your way again. Grasp it.

HARE SALARY CUT DOWN BY SENATE

Discussion On War Department Obsolete Party Line, Democrats Censure, Republicans Defend.

WASHINGTON, June 24.—The senate adopted an amendment offered by Senator Francis, republican of Maryland, limiting the salary of C. W. Hare, director of sales and in charge of disposal of surplus war materials to \$12,000. Mr. Hare now is being paid at the rate of \$26,000 a year.

During the discussion Senators McClellan and Cavanaugh were criticized in the manner in which war materials were being disposed of by the government, and especially the surplus supply of meat, estimated to be worth \$48,000. Senator McClellan called attention to the fact that which said all bids for this meat had been rejected because they were too low, and charged that the packers were being especially favored by the war department in the disposal of this meat. He asserted that Mr. Hare "is the only man in the United States that can be found who says the meat must not be sold so that the people can get the benefit, but that it must be put on the market so that only packers can get it."

WADSWORTH'S DEFENSE

Chairman Wadsworth asserted if this meat were sold in smaller quantities or if the government were compelled to open stores for the purpose of retailing it, that a much larger appropriation would be required. He said that applications for bids had been sent to forty thousand retail outlets and others by the war department.

"I cannot see," he added, "that anybody is criminally negligent in this matter."

Senator Reed criticized the sale of \$20,000 worth of surplus for \$2,000,000 by the war department, and said he thought some explanation of this matter should be made.

The senate also accepted the committee amendment authorizing the war department to turn over to the Red Cross medical and hospital supplies not needed by the American expeditionary force, for relief work in Europe.

REFEREE PROBLEM STILL A WORRY

Effort Made to Straighten Out Tangle for the Big Fight on July 1.

By the Associated Press. TOLEDO, O., June 24.—The Eickard, promoter of the heavyweight championship contest between Willard and Dempsey July 4, tonight met with Willard and Jack Kearns, manager of the challenger, and officials of the army, navy and civilian board of boxing control in an effort to solve the problem of selecting a referee.

W. A. Guvin, a member of the executive committee board and Adam Emple, secretary, profess to believe their situation is not a serious one and that the question will be settled with, in two or three days.

Hope for Adjustment. Various reports were current tonight that Willard had declared that he would accept the fight on July 4, and no one else. Another report was that Kearns would insist upon Albean Jack Welch of San Francisco, or Billy Brown of New York. Willard is opposed to the plan of having two judges in addition to a referee.

Dempsey was 34 years old today and "In 'his' by-far" celebrated the occasion with a birthday party tonight by entertaining twenty-four children of the neighborhood. Twenty-three hundred persons paid 25 cents today to visit the champion's camp in participation of seeing him flatten out his sparring partners. Sergeant Bill Tate, who was knocked out yesterday and the Jamaica Kid, another negro sparring mate, kept their chin's out of harm's way, but both were considerably shaken up.

Worked Flat-Footed. Willard boxed ten exceedingly tame rounds and refrained from doing anything impressive, although he worked in the ring for fifty-nine minutes. He continually stood flat-footed and allowed his sparring mate to hit him in the stomach. John J. Heiler removed the last possible legal obstacle to the contest today when he announced he would not take his case to the United States court at this time. Heiler claims to have a contract to manage Dempsey.

Market News

Grain

CHICAGO, June 24.—Acute weakness in the corn market today resulted largely from general belief that bullish effects of peace had been well counted in advance. After a fall of about 6 cents from yesterday's top, the market closed nervous, three to four cents net lower, with September 1.74 1/2 to 1.74 3/4 and December 1.53 1/2 to 1.52 1/2. Oats lost 1 1/2 to 2 1/2 and provisions 15 to 17c.

Sharp break in corn prices occurred after midday when liquidating sales by holders broadened out, and the fact was evident that the market had been conspicuous of late. Opinion that the climax of eleventh hour peace buying was reached yesterday, and that a reaction was due, prevailed from the opening and became more and more emphatic until "support" gave way completely at 11:30 beginning with a pronounced drop in hog quotations. Besides, weather conditions were the right sort for the growth of the new corn crop.

Oats tumbled with corn. Omaha interests led the selling. A weakness was the rule in provisions owing to the downward course of grain and hogs. The lard market, especially, was weak.

REPUBLICAN MISSION TO SAVE NATION

Poindexter has Prescription Against National Disintegration.

AVERS PARTY NEED OF UNITED STATES

Washington Senator Makes Clear His Position in Connection With League of Nations.

By the Associated Press.

NEW YORK, June 24.—Senator Poindexter, republican, Washington, told the fifteenth district republican club tonight "the mission of the republican party in the immediate future is to save the republic from the process of national disintegration in progress during the present administration."

Denouncing democratic vacillation and weakness in dealing with Mexico, Senator Poindexter said the republican party shall elect a president who would fulfill the responsibilities the nation had assumed in Mexico and respect American honor and self-respect, so that our citizens, lawfully in that country, would not be forced to "risk their lives with money."

Talk to Principals.

The suggestion now made in some quarters that the United States should be invited to restore order in Mexico should be denounced as false to our fundamental policies, and a republican congress should restore order in Mexico and adjust on correct principles its international obligations.

Senator Poindexter advocated repeal of the act of the democratic congress and president internationalizing the Panama canal, repudiation of the promises of the democratic administration to hand over the Alaskan flag in the Philippine islands, repeal of the extraordinary powers vested in the president during the emergency and speedy reduction of war laws through elimination of what he termed the "war emergency of a tariff bill to protect industry and maintain wages."

Attacks the Radical.

Turning his attention to radical agitators the senator said it should be the first care of a republican administration to stamp out of the country the propaganda of anarchy and revolution.

"The alien advocates of enforced communism and confiscation," he said, "should be returned at once and without exception to the country whence they came, and their alien status should be made a condition of their return to the revolutionary cause, and the officials of the government of high and low degree, who have encouraged Bolshevik activities, should be exposed and punished."

"The new doctrine of internationalism advocated alike by the labor and socialist followers and by the anarchists and bolshewists of Russia and America should be combated as fatal to our institutions."

though many new blazes have been reported.

Fifty fire fighters were sent to Big Creek in the Lolo forest and to the Salmon mountains, where five new fires are burning. Three new fires reported in the Madison forest, where a fire on the Lolo forest, a fire on Deep creek toward Kitzins was cleared to have covered 700 acres.

COCCHI SAYS WIFE WAS THE MURDERER

Declares He Made His Former Confession for Her Protection, Following Which She Departed Him.

By the Associated Press.

BOLOGNA, June 24.—Fighting for acquittal, Alfredo Cocchi, charged with the murder of Ruth Cruger in New York in 1917, presented to the court today a vivid description of the killing of the girl. He contended that his wife was the guilty one. He explained that he had made his former confession for her protection, but declared that, now she had abandoned him, he would tell the truth.

Cocchi said "I was talking to her on the back of the head with one of my fists. It was not I who struck the fatal blow; it was my wife. I hid the body to protect my wife."

To this Signor Bagnoli, president of the court replied: "But the American tribunaals have exonerated your wife and found her innocent."

Cocchi answered: "It is impossible for any one to call her innocent. No body could have an opinion on the affair unless he were there to see it."

CARDINAL GIBBONS TELLS OF MEETING

Received De Valera for Chat, but Did Not Discuss Affairs of Ireland, Says Prelate.

By the Associated Press.

BALTIMORE, Md., June 24.—Cardinal Gibbons this evening stated that Edmond De Valera paid him an unexpected visit at St. Peter's church, accompanied by his secretary, H. J. De Land and a number of prominent Irishmen.

"I had not been advised of his coming, so his visit was in the nature of a surprise," Cardinal Gibbons said. "He told me that he had come to pay his respects and so we chatted for some time. In a most pleasant manner. Not once did he touch upon the Irish situation and there was nothing in his visit to indicate that he had come to talk upon important matters."

Cardinal Gibbons would not express any opinion about the Irish situation or what effect Mr. De Valera's visit would have on the Irish in this country.

Literature received today in Topeka indicates that of the I. W. W. or Agricultural Workers' International Union, said to be an offshoot of the I. W. W. Harvest hands are warned in this literature not to be slackers, but to do their bill.

TOWNLEY WILL BE TRIED BY 12 FARMERS

Selection of Jury Occupies Time Pending Arrival of League's Head.

MEN QUESTIONED AS TO PREJUDICE

Care in Selection Indicates That Case May Drag Through Many Days.

By the Associated Press.

JACKSON, Minn., June 24.—A jury of twelve was obtained in Jackson county late today to try President A. C. Townley of the Non-Partisan league and Joseph Gilbert, a former member of the league, on the charge of conspiracy to teach disloyalty.

Few Are Challenged.

Selection of the jury began this morning and only a few men on the panel were challenged or dismissed for cause.

None of the jurors live in the city of Jackson.

Attorneys for the prosecution, as well as the defense, asked the jury men as to whether any friends or acquaintances had "sworn them out" regarding their views, prior to or since the case was called for trial.

Admits Prejudice.

Louis Bachman, a prospective juror, declared shortly after the afternoon session he held a barber at noon he thought it would be difficult to get a jury, because "they all are prejudiced against the Non-Partisan league."

Bachman made this statement after Attorney Hoke, chief counsel for Townley, asked Bachman, who was in the stand, whether he had discussed the case while in a barber shop on that day.

Judge Dean said Judge C. E. Dean, after Bachman was excused, that information came to him by accident.

Trying to Draw Juror Out.

"It looked as if somebody was trying to draw out the jurymen," said the judge to Hoke. After calling his attention to the fact that just before the noon recess, he had urged the jurors and the prospective jurors not to discuss the case with anyone.

The jurors chosen and the towns which they live in follow: Ben C. Hill, Dolomite; Chris Jensen, Wisconsin; H. J. Yeakle, Alpha; Harry Andrews, Middleton; John Hunter, Weimer; William Bender, Hunter; Orville Benson, Kimball; John Gelin, Middleton; Ole Seng, DeFoli; Otto Petzel, Leavenworth; C. A. Johnson, DeFoli; and Frank Beaver, Alpha.

Judge Dean dismissed the remainder of the jury panel until Friday and set the trial for the trial night but until next week. Townley, who has been campaigning in North Dakota, is expected to arrive in Jackson tomorrow.

Taking of testimony will begin tomorrow forenoon.

PEANUT BOYS AND CRITICS TAX FREE

Shows May Adult Reporters and Ball Parks the Score Card Boy, Says Stullig.

By the Associated Press.

WASHINGTON, June 24.—Critics who review theatrical performances, the boy who returns the ball after a home run over the fence and gets to see the game free, sport writers, boys selling soda drinks and peanuts, a philosopher called in to attend a spectator taken sick in a theatre, and a few others are exempt from admission taxes under regulations issued today by the bureau of internal revenue.

Critics and others are exempt so long as they employ of the public they attend. "Fees" is given a very broad meaning, including not only theatres, cabarets, windows overlooking parks and athletic grounds, but also outdoor amusement parks and such attractions there as bumper-cars, dip-the-dips and liability balls.

And in the case of carnivals where the price of admission is included in whole or in part in the cost of food, the tax is only one-half cent for each ten cents of 20 per cent of the bill.

FIRE UNDER CONTROL

Continued From Page One.

HELENA, Mont., June 24.—The brush fire in the state timberlands in the Spokane hills east of Helena has been brought under control after having burned over an area of between 4,000 and 5,000 acres and extended over a front of six miles. The timber was small, but much valuable range was destroyed.

BELGIUM GETS PRIORITY IN REPARATIONS

Will Receive Two and Half Billion Francs at an Early Date.

ALLIES TAKE GERMAN BONDS FOR BELGIANS

Division of Liabilities Held Up Treaty With the Austrians—Receipts Are to Be Pooled.

By the Associated Press.

PARIS, June 24.—The council today signed a document giving formal approval to priority for Belgium in reparations to be paid by Germany to the amount of 2,500,000,000 francs, and confirmed the plan to wipe out the Belgian war debt through substitution of German bonds for the Belgium obligations, the four great powers, subject to the approval of their respective legislative bodies.

The bonds are of a special issue which the peace terms require Germany to make, to reimburse Belgium for all the sums she was obliged to borrow in consequence of the violation of the treaty of 1919.

Reparations to Austria.

The question of reparations is still delaying completion of the Austrian treaty owing to the difficulty of aligning the small eastern states on any general scheme for a division of the financial obligations, and the claims resulting from the breakup of the Hapsburg monarchy, with consequent elimination of its responsibility for reparations.

American experts have conducted negotiations with representatives of the states liberating parts of the Hapsburg domain for several weeks, but the results have been unsatisfactory to the council of four and French experts are now trying their hand.

Complicated Problem.

The problem is decidedly complicated because, on the one hand, it is planned to charge those states with a share of the Austro-Hungarian financial responsibilities proportionate to the area and resources of the Hapsburg territories acquired by them, under the guise of "contribution to the cost of the war" or "deliberations" while on the other hand, Rumania and Serbia are entitled to offsets for reparations due them.

Poland and Czech-Slovakia are not entitled to reparations under the general principle of the Austrian and German treaties, which limit reparations to the actual belligerents during the war.

Poor Results.

All sums delivered from Austrian, Hungarian and Bulgarian reparations will be pooled with the proceeds of the German reparations for division among the interested states in proportion to the proved claims. This is a departure from the plan contemplated in the German instrument, which provides for a division according to pre-war quotas, the original apportionment assigning fifty-five per cent to France and twenty-five per cent to England, the other states receiving smaller percentages.

FOREST FIRE CONDITIONS ARE IMPROVED IN MONTANA DISTRICT

By the Associated Press.

MISOULA, Mont., June 24.—The forest fire conditions in District No. 1 of the forestry service seem improved today, according to reports to the headquarters here. While probably fifteen small fires were newly reported, the workers' messages stated control lines had been established about a number of the blazes.

Two new fires in the Kootenai and three in the Madison forests were reported though none of them were regarded as dangerous. The destructive fire at Hagen in engaging the attention of 250 firemen and it is believed that it will be entrenched within a few hours.

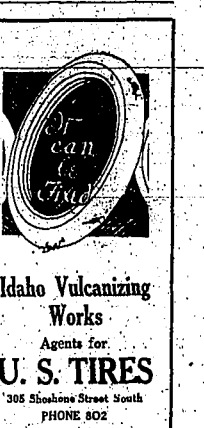

DIETY BIRTHRIGHT SHOWN IN COURT

Poster Model of Football Coach Says His Nailed Birthright As Her Own Child.

By the Associated Press.

SPOKANE, Wash., June 24.—The claim of William (Lone Star) Diety, football coach, that he is a Sioux Indian, was supported today in the United States district court where Diety is on trial on charges of falsifying his draft questionnaires by Mrs. Loana Howard Lewis, who "the government contends is the defendant's mother."

Mrs. Lewis, his divorced wife of William Wallace Diety, father of the defendant, testified that when her own child died at birth she consented to her husband bringing to their home a baby of whom he told her he was the father and an Indian woman the mother. She said the substitution was made without the knowledge of other persons and that the child was reared as their own son.
