TWIN FALLS LIKELY TO GET BIG MEET

Delegation From Local Post Takes Active Part in Gathering in the State Capital

(By D. Harold McGrath.) BOISE, Ida., June 25.—One hundred and fifty returning service men gathered in Boise today for the first state convention of the American Legion.

The objective of the annual convention the gathering was composed almost entirely of men in their twenties. Yet the convention was carried on with the presence of veterans. A constitution was adopted. Harmony ruled throughout the first day of the gathering. The resolution was called to order at 10:30 a. m. by Major D. W. Davis, temporary chairman of the temporary committee. Governor D. W. Davis welcomed the boys to the city.

He declared that upon the return men who belonged to the American Legion, would be given the same treatment as the other citizens of the state.

Major English also spoke, as did Thomas L. Martin of the Boise command. He said that the American Legion is a national organization and that the boys of the Legion are the backbone of the nation.

Following the address, temporary officers were elected. Captain Edgar T. Hawley, Boise, was named temporary chairman; Laverna R. Collier of Pocatello was selected temporary secretary.

The same resolution asks for deportation of aliens who attempted to evade full performance of military duty by reason of their alien status.

Indorsement of the Mondell bill was given in an exceptionally strong resolution and condemnation of a reported attack on the bill by an alleged organization of agriculturalists was made. The resolution declared such an attack

SUMMARY OF THE INTERNATIONAL SITUATION

Another day has passed with the delegates of the allied and associated powers in Paris waiting in vain for the word from the Germans as to when they will be ready to sign the peace treaty. Unofficial opinion in the French capital is that the momentous event will not take place before August 1st, and possibly not until Monday.

The council of four was informed that during Wednesday the German government was busily engaged in trying to arrange the personnel of its delegation in Versailles.

The Germans thus far have given no indication as to what terms are to be the choice of the Allies, government. Unofficial advice indicates that the cabinet is experiencing great difficulty in reaching men who are willing to take upon their shoulders the duty of acknowledging, in a document which will become world history, Germany's utter defeat in the war and her unqualified acquiescence to the terms of the victors.

Reports are that Herman Goerlitz, foreign secretary in the Kaiser cabinet, has declined to accept the terms of the peace treaty. He is reportedly, however, somewhat more leniently disposed to the terms of the victors.

Paris dispatches assert that owing to the uncertainty of the situation, the heads of the allied and associated powers are contemplating a day and a time satisfactory to them for the appearance of the Germans before the peace congress to sign the treaty.

CUMMINGS FLAYS HOSTILE SENATORS

Says Jealousy of President Provokes Opposition to League of Nations Covenant

LOS ANGELES, June 25.—The thirty-seven "round robin" senators who opposed the league of nations covenant based their attitude on an unaccountable jealousy of the president, Homer S. Cummings, chairman of the democratic committee of southern California assembled at a banquet here tonight.

Mr. Cummings reviewed the history of the progress branch of the republican party and declared many of the planks of this party platform had been carried out during President Wilson's administration.

"All the best thought of the earth for the years and years has been looking for the time when peace will be secured, when there would no longer be necessary," Mr. Cummings said. "Men have dreamed about it, poets have written about it, thinkers have philosophized about it. Now, here for the first time in the history of the world it is possible to

ARE YOU IN THE BIG RACE FOR A PAIGE

Automobile Contest Nominations Must Be in Now For Results

DO NOT OVERLOOK CHANCES TO WIN

No Such Rich Prizes Were Ever Offered to the People of Southern Idaho.

Those persons contemplating entering the Chronicle's gigantic gift allocation should send in their nomination immediately. All nominations received now will be given credit with 5000 votes.

Remember, there is only one way in which to make nominations. Candidates must either nominate themselves, or be the victim of some one who will do it for them. The management is not going to place any names in the campaign, and if you want to be sure that your name is among those from which the owners of the prizes will be chosen, the name of your own name on your nomination blank yourself.

Office Open Evening. During the big prize campaign the election headquarters at The Chronicle will be open every evening from 7:00 to 10:00 p. m. to receive nominations, votes, etc.

Be a Winner. It will not take long to win one of the big prizes. The campaign will be a very short one. And at its close, the votes will be counted by a committee of prominent business men and those persons who have obtained the greatest number of votes will be formally presented with the handsome prizes.

Now. Right now. Is the time to begin. If you want an automobile, if you want to have one of your own so that you can drive when you wish and take your friends or your family wherever you wish, you can win it by taking a car that has a reputation for reliability and goodness through and through; if you really want a car and are willing to put forth a little effort and a little hustle and a little energy, there is no reason on earth why you should not win it.

Nearly every candidate will say "Oh, I will try but I know that I can't win it." All will be about of the same opinion, but the man or woman who first decides that he or she is going to win and has the confidence to do their very best is very likely to be proclaimed among the winners of the very biggest of the prizes.

Remember, too, that there will be more votes given for subscriptions at the beginning of the campaign than at the end. This is done in fairness to the ones that get out and hustle at the start and will not allow anyone a chance to step in at the last minute and win.

You can't buy these prizes—but you can win them by your own effort. Votes positively will not be sold. Get Started Today.

But you can do nothing unless you get started. Therefore, cut out the nomination blank in this issue and send or bring it in this very day. Good luck.

(Continued on Page Five)

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a Glass of Salts If Your Back Hurts Or Bladder Bothers.

The American man and woman must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish, the eliminative tissue dies and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like mud of lead; your back hurts or the urine is red, get a glass of salts.

NOMINATIONS MUST BE MADE NOW

PAIGE
The Most Beautiful Car in America

All Names of Persons Who Are to Share in The Chronicle's Gigantic Gift Distribution Must Be Sent in Immediately. **HERE'S HOW TO WIN:**

The Plan in Brief

The object of this big prize distribution is two fold; primarily to increase the already large subscription lists of The Twin Falls Daily Chronicle, to collect arrearages and advance subscription payments from present or old subscribers, and at the same time to afford our friends and readers an unparalleled opportunity to profit, and in a big way, through their spare time during the next few weeks. So, it is a plan that works both ways, and to the ultimate good of all concerned.

In order to gain this end quickly and advantageously, the most valuable and attractive list of prizes ever offered by a local newspaper in this section of the country, has been made ready for distribution among those who participate most heartily. Ambition and energy are the only requisites for success.

The plan adopted is the fairest and most impartial conceivable. There will be no "double vote" offers, extra prize given or any other inducements whatever inaugurated during this competition. Neither will there be any long-term subscriptions accepted. The plan of the campaign is straight-forward and simple, and is fully outlined in this announcement.

Let it be understood at the very outset that this is not a "beauty" nor "popularity" contest; but a strictly legitimate competitive proposition for enterprising men and women and boys and girls, and one into which no element of chance enters. One feature of this competition is the fact that there will be no losers in this race.

How to Enter the Contest

The first step, in order to become a candidate and compete for a prize, is to clip the nomination coupon appearing in this issue; fill in your name and address and mail or deliver to the campaign department of The Daily Chronicle, Twin Falls, Idaho. This coupon entitles you, or the person whom you might nominate, to 5000 FREE votes. These votes are given you as a starter, and speeds you on your way to win. Only one such nomination coupon will be accepted for each candidate entered.

The next step is to call on or write the campaign department for a free working outfit (consisting of a special receipt book, sample copies of the paper and other information relative to launching an active campaign).

Thus equipped, you have but to see your friends and neighbors, relatives and acquaintances and have them clip the free coupons from their papers, and pay up a subscription to The Chronicle through you. THAT'S ALL THERE IS TO IT. However, you will never win anything unless you make the start; and, while it will not be a very difficult matter to capture one of the big prizes, nevertheless it will be no child's game. You must plan out your campaign the same as any successful business man plans out his work for a season, and above everything else, let no one discourage you; but stick to the finish. Anything worth having is worth striving for. Six short weeks and you may be riding in your own automobile.

How Votes Are Secured

It takes votes to win, and votes are secured in two ways: First, by clipping the coupons appearing in each issue of The Chronicle. Begin gathering them NOW, after next week these coupons will be reduced to a lesser number of votes. The only restriction placed on voting these coupons is that they must be deposited at the campaign department of The Chronicle on or before the expiration date printed thereon. Get your friends to saving these coupons for you—they all count.

The other, and faster way, to get votes is by securing new and renewal subscriptions to The Chronicle. On each subscription turned in a certain number of votes are issued, the number varying according to the amount paid and during which "period" same are received at the campaign department (see schedule of votes below). So, you see, the more subscriptions you secure the more votes you get and the better your chances are to capture the grand capital prize.

Early Start Means Easy Finish

The advantages of an early start are manifest. Not only do you have the FULL SIX WEEKS in which to secure the winning votes, but now and up to and including Monday, July 31st, you will receive the maximum schedule of votes on subscriptions. Then, too, the first in the field will undoubtedly get the "cream" of votes and subscriptions, while those who put off entering until a later date will have to take what is left.

Don't lose valuable time waiting to "see what the other fellow is going to do" but pitch right in and show this "other fellow" how to do it.

Advisory Board

It is the sincere aim of this newspaper to conduct this contest, from start to finish, in a fair, honorable and impartial manner. Every precaution has been taken to safeguard the interests of participants, and absolute honesty in all dealings is guaranteed.

However, not all questions that will arise with any one man or institution, and for that reason an Advisory Board has been decided upon, whose functions shall be to decide any question of sufficient moment that might happen to arise during the competition and from which a committee shall be selected to act as judges and count the votes the last night of the contest. The personnel of this board is as follows:

W. H. ELDREDGE, Mayor Twin Falls; LEO F. BROCKEN, Cashier Idaho State Bank, Twin Falls; A. T. COLWELL, Druggist, Twin Falls; E. J. OSTRANDER, City Councilman, Twin Falls; J. M. SHANK, ex-Probate Judge and Attorney, Buhl; W. F. SHINN, Postmaster, Filer; W. H. TURNER, Banker, Klamath; HON. J. H. SEAVET, State Senator, Castledorf; R. E. MOOREHOUSE, Postmaster, Hollister.

All of these gentlemen are well known to everyone in Twin Falls and surrounding territory, and the final results, as given out by them, will be beyond dispute.

FIRST PERIOD	SECOND PERIOD	THIRD PERIOD
Embracing the first few weeks (terminating July 31) the following number of votes will be issued on subscriptions:	Embracing the next 10 days (terminating Aug. 3) the following number of votes will be issued on subscriptions:	Embracing the last week (terminating Aug. 9) the following number of votes will be issued on subscriptions:
Six months — \$ 2.25 6,000	Six months — \$ 2.25 4,000	Six months — \$ 2.25 2,000
One year — 6.00 15,000	One Year — 6.00 12,000	One year — 6.00 10,000
Two years — 12.00 40,000	Two years — 12.00 32,000	Two years — 12.00 25,000

The above schedule of votes, which is on a declining scale basis, positively not to be changed during the competition. A special ballot, good for 10,000 votes, will be issued on every "dash" of 124 turned in. This arrangement will be in effect throughout the entire campaign and is to be considered a part of the regular schedule. There will be no extra votes offered, extra-prize given, or any other inducements whatever inaugurated during this campaign. Remember this and lay your plans accordingly.

An Open Invitation

Consider this a personal invitation from the publisher to enter this competition and share in the distribution of awards Saturday night, August 9.

The prizes have been all arranged for, and it only remains for the ambitious and enterprising men and women of this community to get in the game and get their share of the good things offered.

This is positively the greatest and most liberal prize offering ever made the newspaper reading public of Twin Falls and Twin Falls county; an opportunity that may never come your way again. Grab it.

METHODISM AND THE DRAMA

One of the greatest surprises of this age is the fact that the Methodist church has taken the drama into its fold. It has not arrived at the stage where it recommends the diversions thought necessary in some circles for the tired business man, but has taken the opposite course of making dramatic art serve its own teaching.

At a great centenary exposition and world rally of Methodism held in Columbus, O., a pageant has been staged in a coliseum seating 8,000 people. The play was based, in form on the old "morality" plays. Action solo and chorus were used, and the story was that of a bewildered soul called "The Wayfarer," who was finally convinced that God's purposes rule the world.

This seems like the right angle from which to view art and life. Art is always the attempt to express and interpret life. It succeeds according as the interpretation is sound. To deny the right to exist of any form of art simply because its working out has been unsuccessful in the wrong hand is like trying to sweep back the tide. There are King Canutes in every land and every generation, but the tide continues to come in according to its own great laws.

To adapt an art-form to the needs of any great purpose or time is a constructive thing. If there is indeed a divine purpose running through all life, moulding it according to law, and the Methodists wish to prove it, they could choose no better vehicle than the drama, which appeals at once to eye, to ear and to understanding.

FEDERATION AND LEAGUE

It would hardly be accurate to characterize the federation of labor vote on the league of nations as a straw showing which way the wind blows. It looks more like a wind-blown stack in a tornado. There is no mistaking the fact of its significance.

The vote cast at the Atlantic City convention in behalf of the more than 22,000 local unions represented was 22,750 in favor of the covenant as it stands, and only 420 against it. That is 70 to one.

It cannot be argued logically that this indicates the actual ratio of public opinion on the subject. The unions were strongly influenced by the favorable provisions incorporated in the peace treaty in behalf of labor. But with all due allowances made for this and other determining factors, it looks like a pretty clear

indication of the way the "plain people" feel about the matter.

That vote registers the sentiment of 3,000,000 workers, representing directly with their families, perhaps 15,000,000 people, and indirectly representing many millions more. It seems likely that unorganized labor in general will follow the lead of the federation.

Here is the biggest block of definite public sentiment that has yet appeared in America on either side of the controversy. Opponents of the league may well doubt whether they can muster any weight of hostile sentiment sufficient to counteract it.

TAX COLLECTIONS STILL ARE SLOW

Last Day July 5 and Taxes, Become Delinquent the Monday Thereafter Regardless of Excuse

Tax collectors picked up somewhat yesterday in the office of County Treasurer Eugene Warren, though up to this time they have rather slow.

The last day on which taxes will be received at the office will be Saturday, July 5.

Rules for Matting.

July 6 is the last day under the statute, but as that falls on Sunday this year, the office will, of course, be closed. In the event that a letter should be mailed on Sunday, July 6, and the postmark on the outside of the envelope should show with sufficient clearness the date of mailing, the tax would be received. However, should the government mark fall to the tax collector, the date of stamping the tax for which the payment had been enclosed would be legally delinquent, since the treasurer is not allowed to consider the date of either a check or letter that may be sent by the payor, resulting.

For this reason advice has been given to consider Saturday, July 5, as the last day on which taxes may be remitted.

HEARING IS POSTPONED

The case against the Central Meat Market, contending that it is maintaining a nuisance at its last rendering plant, was postponed yesterday in the police court, pending the filing of an amended complaint by City Attorney Davies. It will probably come up before Police Judge W. A. Minnick on Friday morning.

GOBLINTZ FORCES TO BE RELEASED

When Treaty Is Actually Signed, Three American Divisions Will Start for Home Land.

By the Associated Press.

COBLINTZ, Tuesday, June 25.—The three American divisions which were centered east of the Rhine in the American bridgehead area will remain there until the peace treaty is actually signed, according to an announcement today.

As soon as peace is signed the Americans will begin to return to the quarters they occupied before the concentration of a week ago, which was ordered by Marshal Poch in preparation for an advance into Germany should the Germans not accept the peace conditions. It is expected the troops will remain in these quarters until orders come to start for home.

The Third army consists of five divisions and the auxiliary units of the Third corps, and approximately 14,000 men. Transportation officers said today that the divisions of the various units could be out of Germany by August 1 if general headquarters gave orders to that effect.

According to present plans the Fifth division, which occupied part of Luxemburg, will start for France probably within a day or two after peace is signed. The Third and Fourth divisions will be the next to move westward. The First and Second divisions, which held the east bank of the Rhine, will be the last to depart in the event that no complete American division is to remain in Germany as part of the permanent army of occupation.

PRESS OBSERVED ALL WAR REQUESTS

Censorship Was Wholly Self-Imposed and a Matter of Honor, Says Creel.

By the Associated Press.

SAN FRANCISCO, June 25.—"The United States was without a censor during the war," declared George Creel, chairman of the committee on public information in an address before the San Francisco Advertising club today.

"But a voluntary request to the press, without power of enforcement by law, based solely upon their honor and patriotism, was far more effective than any censorship provided by the iron prohibition of any other belligerent."

"The committee on public information placed trained news men in every department of the government to observe the business of the government to the people. Its main function was to open the channel of news of information to the people. All of its aims were of expression, never repression."

He told of the distribution of films and making the German monopoly over motion picture houses in all neutral countries by controlling the export of American amusement films, which deprived these houses of the entertainment part of the program. This move was followed by granting these films to the foreign houses only on provision that no German propaganda films be shown, and that at least one-third of the program consist of American films prepared by

the committee, showing American life and activities.

The committee spent a little over \$7,000,000 in 18 months, but through the films and other agencies earned \$7,000,000 making the cost of the work \$4,000,000.

ARIZONA STARTING BUSINESS PROJECT

Statement Launched to Co-ordinate All Irrigation and Reclamation Projects in the State.

By the Associated Press.

PHOENIX, Ariz., June 25.—Representatives of civic and business bodies and irrigation projects throughout the state, backed by Governor Campbell today, launched a movement for the coordination of every irrigation and reclamation plan in Arizona and the conservation and utilizing of all the water on the watersheds of the state.

After appointing a committee with Guy P. Nevitt, of Phoenix, as chairman, to draft a comprehensive plan for submission at a conference here

August 6, the outlines of the general Arizona committee on reclamation were given as follows:

West Area Irrigated.

"To accomplish the complete conservation and utilization of all water on the Arizona water sheds and the utilization of Colorado river for the reclamation had permanent irrigation of the largest possible area of land in Arizona. With regulations under the Newlands-Olmstead plan of the flow of all Arizona rivers and all their tributaries, so as to control floods and standardize their flow to bring into harmonious cooperation all irrigation projects and all civic and commercial organizations in the state."

It was stated at today's meeting that from 1,500,000 to 2,000,000 acres of land could be reclaimed and reseeded productive under the tentative proposal.

GRANDMA USED SAGE TEA TO DARKEN HAIR

She Mixed Sulphur With It to Restore Color, Glass, You'll find.

Common garden sage brewed into a heavy tea with sulphur "dresses" hair from gray streaks and fades hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

HOUSE COMMITTEE READY TO REPORT

Temporary Measure to Be Divorced From Constitutional Amendment Under Arrangements.

WASHINGTON, June 25.—A straight, clear cut bill for enforcement of war time prohibition will be reported tomorrow by the house judiciary committee.

Decision to separate the war time from the constitutional prohibition enforcement measure—said to be the most drastic liquor bill ever presented to congress—was reached after an all day session. A proposal that two distinct bills be enacted was rejected yesterday, but it was brought up again today by Representative Walsh, of Massachusetts and was pending when a motion to adjourn abruptly ended the discussion.

COMMITTEE IS AGREED

There was no indication as to how the committee would have voted, but several of the leading prohibition members agreed that in view of the manifest differences between the two issues and the possibility that the prohibition fight might be postponed until next year, a presidential proclamation, the wisest thing to do was to report out the war time bill the first thing tomorrow, and the constitutional bill later in the day. In this way there is every assurance, they said, that the war time measure passed by both houses before the end of the month, at which time the "dry" act becomes effective.

Interment Agreed Upon Made Provision of Scuttling Improbable Says Admiralty.

By the Associated Press.
LONDON, June 25.—(Via Montreal.)—Speaking in the house of commons today on the preparation for the signing of the German war ships, Walter Hume Long, first lord of the admiralty, said the allied representatives in Paris had this under consideration. The statement that the crews were changed periodically was not correct, he declared, but that the crews were to be changed periodically and maintenance party had been reduced from 4700 to about 1,500.

Mr. Long explained it was impossible for the admiralty to take precautions "to prevent" the sinking, because the ships were not surrendered. Therefore, the admiralty had no power to place guards on them.

The first lord denied the admiralty had recommended internment, emphasizing the point that the decision of the allied heads of state controlled the situation and made provision of the scuttling improbable.
