## KAISER PLANS TO RETURN TO NATIVE LAND

### Hopes to Leave Holland Before Surrender Is Demanded

## DUTCH GOVERNMENT APPROVES DECISION

### Action Following Escape of Crown Prince Is Source of Annoyance to the Allies.

By the Associated Press.  
**BERLIN, June 26.**—Former Emperor William is planning to speedily return to Germany before the entente can demand his surrender from Holland, according to a dispatch to the Neue Berliner Zeitung. The dispatch stated that the Dutch government "thoroughly approves" of his return, as the former emperor is an untimeous guest and his presence in Holland is increasing the problem before that country.

**PARIS, June 26.**—Frederick Wilhelm Hohenzollern, the former German crown-prince, has escaped from Holland and made his way into Germany.

Recent Berlin dispatches printed in the Paris newspapers are retailed in which unnamed but alleged "well placed" persons communicate the "leaking" of the German fleet in Scapa Flow to the British government. It is stated that the British government is to flag, and other equally startling reports might be anticipated.

**Fear More Trouble.**  
Since the Scapa Flow incident the Paris press has insistently alluded to the possibility of the former German emperor's escape from Holland, coupled with the indirect question as to what measures had been taken to prevent such a move.

In military quarters the belief was expressed today that the crown prince and Prince Max of Baden are on their way to East Prussia, where the military reactionary element is strong.

The presence in Germany at this moment of Frederick Wilhelm, when the fate of the peace treaty still hangs in the balance, has caused disquietude in Paris, and there is considerable speculation regarding the next development in the situation.

**Disappointment Is Keen.**  
Disappointment over what is termed the apparent weakness of the present German government is not concealed in peace conference circles, and the feeling has been expressed that the signing of this peace treaty may mean little more than the signing by the Bolsheviks at Brest-Litovsk.

The defiant tone of the German note, which grudgingly agreed to sign the treaty without reservations, created an unfavorable impression on the members of the various delegations and this sentiment has been intensified by the delay of the Germans in arranging for the carrying out of their promises.

The peace treaty contains no provision as to when they must ratify. Consequent delay in ratification may cause the peace conference additional annoyance.

**CONFERENCE ARE SILENT.**  
**PARIS, June 26.**—The peace conference has not yet been officially advised of the escape of the crown prince, the news coming through British sources.

Pending details, official discussion of the event and his bearing on German affairs and the question whether it involves violation of neutrality by Holland is withheld.

**STEAMERS COLLIDE**  
**NEW YORK, June 27.**—A wireless message from the Japanese steamer, *Tsuruga Maru*, at 12:15 this morning said that she had collided with a sailing ship about eight miles outside New York, and that the sailing ship had not been sighted since. The *Tsuruga Maru* said that she was remaining in the vicinity and searching for the missing vessel.

**APPROVE THE GOVERNMENT**  
**BERLIN, June 26.**—The Prussian national assembly has passed a resolution expressing confidence in the government. This action followed a discussion of the peace situation by the assembly.

## Old Company D Boys Return to Twin Falls

The boys of old company D will be home today.

## If You Want That Handsome Paige Car Fill Out Nomination Blank Now

DO YOU KNOW that The Twin Falls Chronicle will, in six short weeks, give away absolutely free the handsomest collection of prizes ever offered in this part of the state in recognition of enterprise and action?  
DO YOU REALIZE that the grand capital prize of this campaign—a brand new 1919 Model T passenger Paige touring car, worth \$1125.00 represents more than the average head of a family earns in a year's time, and is more than most people have in a life time?  
CAN YOU IMAGINE any easier, quicker and more pleasant way to acquire a summer vacation trip—a trip to any spot on the map, with all necessary transportation expense paid—than through this offer this newspaper is making?

**WOULD YOU LIKE** to have a beautiful New Edison Re-creation machine of the very latest model—an instrument that would cost you \$150.00—just cash at the Majestic Pharmacy, the Twin Falls New Edison agency. Two of these are to be given free in the big campaign.

**COULD YOU USE** a sum of \$200 in gold or \$100 in gold? Or wouldn't a little plain money—twenty per cent commission on every dollar you collect if you fail to win a prize—come in handy?

**WERE YOU WOULD!** There's no denying the fact that any one of the above mentioned prizes would be all that anyone could want, and especially so when acquired solely through your spare time and effort and without one penny of cost.

**DO YOU WANT** that splendid 5 passenger Paige touring car or would you like to take a free vacation trip at the expense of The Chronicle? It would you prefer compensation in the form of cash?

**YOU DO!** WELL, you can have any prize in the lot if you will but grasp this opportunity and take immediate action, and you can do it in just a few days—just six weeks from this Saturday night.

"enough" continual growth and expansion is wanted. To make this growth possible the participation of live, energetic men and women (married or single) is necessary; and, in order to obtain the desired interest in this campaign the most elaborate list of prizes ever offered by any newspaper in this section of the state has been made, ready for distribution among those who participate most heartily.  
Here is an opportunity, surely, for the man or woman who looks at a thing from a business standpoint, and who arrives at a conclusion as to its merits by the way it appeals to them as a business proposition. Someone will earn over \$200.00 a week during the next six weeks! How's that for a business proposition?

**Campaign Just Starting.**  
The competition, which is just starting, is now open to any reputable man, woman or child residing in Twin Falls, Twin Falls county, or adjoining counties. All that is necessary to enter the race is to clip the free nomination coupon appearing in this paper; fill in your name and address and mail or deliver to the Campaign Department of The Chronicle, Twin Falls. This coupon entitles you to 5,000 FREE votes and gives you a flying start toward success. Upon receipt of same detailed information, together with a free working outfit will be sent and a representative from this office will call and hand further assistance.

**MISBOULA, Mont., June 26.**—An electrical storm, unaccompanied by rain, passing over western Montana late today, was responsible for five new forest fires reported in the vicinity of Misboula, within four hours. Each of the fires was caused by lightning, according to reports reaching headquarters of forest service district number 1.

Other fires which have been burning in the district for a week were said to have been extinguished by crews of forest rangers.

## OFFENSIVE'S TOLL GROWS TO 120,000

Casualties Aggregated 10 Per Cent More Engaged in the Meuse-Argonne Drive.

By the Associated Press.  
**WASHINGTON, June 26.**—American casualties during the forty-seventh Meuse-Argonne offensive aggregated 120,000 men, or 10 per cent of the total of 1,200,000 engaged, according to a statistical summary of the war with Germany, prepared by Colonel Edward M. Ayers, chief of the statistics branch of the general staff, and published by the war department.  
"Of every one hundred American soldiers and sailors who took part in the war with Germany," the report says, "two were killed or died of wounds during the period of hostilities in the northern army during the war, the number was about one in ten in the other great nations in the world between 1914 and 1918 in each of the years."

Life in America is just one "drive" after another. The end of the war has not stopped it. War experience merely showed the nation how to do it. No sooner has one drive ended than another begins. And it cannot be helped. The objects are all important and worthy.

It isn't that so many more things need to be done now than formerly. The difference is that we used to ignore the needs, whereas now we get busy and do something about them, handling big things in a big way, and putting over money-raising campaigns, membership campaigns, etc. that would have been impossible before, the war just because people thought them impossible.

This is true of national movements, municipal movements, and neighborhood movements. It appears in all sorts of interesting forms. People's ideas have grown bigger. Their spirit is broader. Their methods are more effective. They tackle problems of organization, financing, development, etc., along many lines in a way which, before the war, would have seemed absurdly pretentious and ambitious. And they get away with it, whether it be a Victory Loan, or a Salvation Army fund, or a Boy Scout enrollment, or a local house-building program, or a new church, or an increased club membership, or a business like charitable organization.

INCREASE WHEAT PRICE.
By the Associated Press.
NEW YORK, June 26.—An increase in the government's guaranteed price of wheat from \$2.28 to \$2.80 a bushel at the terminal markets of Galveston and New Orleans, effective July 1, was announced tonight by Julius Barnard, United States wheat director, under the authority granted him in an executive order issued yesterday by President Wilson.

SENTENCE DEB SATURDAY.
John Wesley Francis, Irwin Adams and Marvin Davis, who stole an auto in Buhl on W. L. Norris and took it to Pocatello where they were apprehended, entered a plea of guilty yesterday before Judge W. A. Babcock, who took the matter of sentencing them under advisement until Saturday.

CAPTAIN LANDEN BETTEL.

RUNAWAY'S CASE PUZZLES TO JUVENILE SPECIALIST
Chester Cobb, aged 13 years, is again in custody after running away for an indefinite number of times from the home of his father, Clarence Cobb, in Filser. Chester has no complaint to make of his treatment at home, but has an uncontrollable desire to be out in the world. Usually he stays at home for two weeks, but this time he did not. Probation Officer John Ault is considering what to suggest to Probate Judge O. P. Duwall as a means of breaking him of the habit.

MARRIAGE LICENSE ISSUED.
A license to wed was issued yesterday to Louis Magoffin and Betsy Norris, both of this city.

The hostesses were Mesdames P. H. Crow, F. Cox, G. Campbell and J. H. Moore. The guest list included Mesdames Leopold, Barger, White, Adams and Johnson.

At the close of the luncheon the guests adjourned to the parlors where the afternoon was spent with cards.

Mrs. Sullivan was hostess last evening at a charming little dinner. The invited guests were Mrs. Marks, Miss Glenn, Miss Ormsby and Mrs. Phillips.

The Episcopal Guild held an interesting meeting last evening.

EX-ENGINEER LOOKS AT LILLEY GRADE

Johnson Returns Action Yet Unconvinced of Resolution for Federal Road Saturday.

Engineer W. L. Johnson, of the Twin Falls Independent highway district returned today from a trip to the west end where he went to look over the matter of improving the Lilley grade crossing in connection with the highway improvements now being carried on by P. C. Meredith, manager of the Idaho Land & Development company, who has charge of the Bismarck district development. He will report conditions to the district board.

Mr. Meredith expects to improve and grade all the roads in the district and desires to have the Lilley grade crossing much improved so that the people of Bismarck can reach the improved highway in the Buhl district; the Twin Falls district to maintain them thereafter. No definite action has yet been decided on by the Twin Falls district board regarding the Lilley grade improvement pending the reports and consideration of the report of Mr. Johnson. It has been suggested that in this connection the Buhl district might improve the road leading to the Filser district so that those desiring to come toward the county fair town or to the county seat after crossing the Lilley grade might have a good road all the way, connecting with the Filser district's main road. This road has been partly improved, but there are gaps aggregating three and a half miles not up to the standard of the rest and this militates against its best use, it is said.

In connection with this project in the proposition laid before the county board some time ago, for this county as such, to go into Owyhee county with the consent of the county board there, and construct under the law governing such cases, a bridge at Walsh's crossing. No action has been taken upon this request, as the board is without money until after the next levy. It is understood that errors many existing, the county commissioners who have sole charge of matters of this kind, will examine the ground to determine whether or not the Walsh crossing is the best place to put a bridge. It is reported that the Walsh crossing site might have the bridge in danger from high foot of open shoppers in Twin Falls valley and that the bank is cutting.

That the Walsh crossing site might have the bridge in danger from high foot of open shoppers in Twin Falls valley and that the bank is cutting.

It is that place further up might make better sites for foundations for abutments. A man from the west end said on the street yesterday regarding the matter of the Walsh crossing that it would involve the putting of a star main route which would be of great advantage to the people of Roseworth. Putting this line to Roseworth would divert it from a straight course to the Walsh crossing, according to this gentleman. This route may, it is said, eventually lead to an effort to make it the main thru line to Tardridge, to which place mail now goes by way of Regerson.

PLENTY OF LABOR TO HARVEST CROPS

Farm Bureau Fortunate in Ability to Handle Situation for Twin Falls County.

There is no fear of labor shortage in Twin Falls county, according to the reports at the farm bureau office. The hay season is in full swing and the calls for work still exceed the calls for help. Last week 104 calls for help were made at the Twin Falls farm bureau office while 134 calls for work were made. At the Buhl office 21 calls for help were put in, while during the same time 36 men applied for work.

John Keiser of Filser was a caller at the farm bureau office yesterday.

Miss Edna Ludwig, home demonstrator, and A. I. O'Reilly, boys and girls club leader, attended a club festival at Bismarck yesterday afternoon. Mr. H. Moates is club leader in that district. A splendid time was reported. Games were played and ice cream was served. Mothers of club members were present at the festival.

A club festival was held last evening at the home of Mrs. G. W. Bice west of Twin Falls. A pleasant social evening was enjoyed. Refreshments were served.

Mrs. W. C. Tabor of Richfield, who underwent a serious operation at the Boyd hospital, is reported as getting along nicely at the present time.

Mrs. Hurst and daughter, Mrs. J. H. Hurst, of Buhl, were among the first of the shoppers in Twin Falls yesterday.

GODSEY BOUND TO DISTRICT COURT

Buhl Man Held Under \$500 Bail for Alleged Cutting Down to Reform School.

A. J. Godsey of Buhl was bound over to the district court yesterday under \$500 bail on the charge of having carved up Noah E. Pruitt of the same city, during an altercation at a dance south of the west end metropolitan, and his son, aged 15 years, who ran amuck and took a pot shot at Fred Harris with a .32 rifle on the same occasion. The defendant offered no evidence, though it was indicated that the act was committed in self-defense. Last evening he had no action to take to get out of the territory, after the wish of the elder Godsey had refused, following the application of a piece of coal to his head by one of the other guests, the boy heard that his father had been attacked and perhaps killed, with the idea of defending his parent got the rifle and fired at Harris. The boy can neither read nor write.

# WILSON BIDS FAREWELL TO M. POINCARE

## Says Stay in France Has Enlightened Heart and Mind.

### WORK IS BUT BEGUN SAYS THE PRESIDENT

#### Plan Made Will Broaden the Understanding of Peoples of the Entire Earth.

By the Associated Press.  
PARIS, June 24.—President Wilson tonight gave a dinner to President Poincaré and all the delegates to the peace conference. Mr. Wilson accompanied the president.

Responding to an address made by Mr. Poincaré, President Wilson said: "I thank you most sincerely for the words that you have uttered. I cannot pretend, sir, that the prospect of going home is not very delightful to me, but I can say with the deepest sincerity that the prospect of leaving France is very painful to me.

Received Generous Welcome.  
I have received a peculiarly generous welcome here, and it has been pleasing to me to feel that that welcome was intended not so much for myself as for the people whom I represent. And the people of France know how to give a welcome that makes a man's heart glad. They have a sympathy about them, a simplicity of friendship which is altogether dear to me.

I feel that my stay here, sir, has enlightened both my heart and my mind. It has enabled me personally to see the evidence of the suffering and the sacrifices of France. It has enabled me to come into personal touch with the leaders of the French people and through the medium of intercourse with them to understand better I hope than I understood before, the motives, the ambitions and the principles which actuate this great nation. It has, therefore, been to me a lesson in the roots of friendship in

those things which make the intercourse of nations profitable and serviceable for all the rest of mankind.  
Fondly Remembered.  
"These last months have been months which have woven new fibres of connection between the hearts of our people. And something more than friendship and intimate sympathy has come out of this intercourse. Friendship is a very good thing, but friendship may end with contentment. A new thing that has happened is that we have translated our common principles and our common purposes into a common plan. What we part, we are not going to part with a finished work, but with a work in progress, which is finished, and the other portion of which is only begun.

We have finished the formulation of the peace, but we have begun a plan of cooperation which I believe will broaden and strengthen as the years go by so that the grip of the hand that we have taken now will need to be relaxed. We have been at least a good start. We will continue to be co-workers in tasks which, because they are common, will weave out of our sentiments a common conception of duty, and a common conception of the rights of men of every race and of every clime. It is the truest that has been accomplished, it is a very great thing.

"As I go away from these scenes, I think I shall realize that I have been present at one of the most vital things that has happened in the history of the nations. Nations have formed contracts with each other before, but they never have formed partnerships. They have associated themselves temporarily, but they have never before associated themselves permanently.

"The wrong that was done in the making of this war was a great wrong. It widened the world to a great moral necessity of seeing that it was necessary that men should stand themselves together in order that such a wrong should never be perpetrated again.

"I rarely to beat a nation that was wrong once is not enough. There must follow the warning to all other peoples that would do like things that they in turn will be vanquished and punished if they attempt a dishonorable purpose.

Leaves With Regret.  
"You can see, therefore, sir, with what deep feelings those of us who must now for a little while turn away from France, still leave your shores; and though the ocean is broad it will seem very narrow in the future. It

will be easier to do in the future than it ever was before, and with the confident intercourse of co-operation, the understanding will be strengthened into a more intimate one. Let us educate alike our purpose and our thought.  
"Now, sir, in saying good-bye to France I am only saying a sort of physical good-bye; not a spiritual good-bye. I shall remain in my heart at the nation for which I feel the generous treatment of this great people has generated in my heart. And I wish in my very heart to propose, as you have proposed, that continued and increasing friendship of the two nations be the motto for the future. Let France, the savior of property, the champion of free people, and the strengthening of every influence which instructs the mind and the purpose of humanity."

## Summary of the International Situation

By the Associated Press.

While no official information has yet at hand with regard to the appointment by the German government of plenipotentiaries to proceed to Versailles to sign the peace treaty, the latest unofficial advice arriving in Paris from Germany, are that Dr. Hermann Mueller, foreign minister in the cabinet of Herr Bauer, and Dr. Hell the minister of colonies, have been chosen for the duty. There has been some talk of the treaty also still in doubt. The German delegation, say the reports, will reach Versailles Saturday morning, having been due to depart from Berlin Thursday night. There has been some talk of the possibility of setting Sunday as the day for the function, and Monday also has been spoken of.

No further news from any source has been received regarding the return of the German German corps which had been interned in Holland since hostilities ceased.

Another vote of confidence has been given the new German government by the British national assembly following a discussion of the peace situation.

The dispatches, both in Berlin and Hamburg, where there has been considerable street fighting and looting, apparently are on the whole, more optimistic. Reports from Copenhagen, say 185 persons were killed in the holding at Hamburg. The casualties in Berlin have not been made public.

The allied and associated powers have informed the German government that reparations will be required for the sinking of the German fleet in Scapa Flow and also that the individual guilt of this violation of the armistice will be fixed by a military court. Otherwise reparations is to be required for the burning by the Germans of French battle flags.

Another warning has been sent to the Germans. It is to the effect that the German government will be held to account for failure to withdraw troops from the new Polish territory and for any all rendered the insurgents against the Poles in those regions. The British labor party, which only on despatched vote, in a resolution has called for a revision by the league of nations of "harsh provisions" of the peace treaty which are declared to be not consistent with statements made by the allied governments. The armistice was signed. A protest also was made against the blockade of Germany and failure to incorporate in the peace treaty measures for the restoration of industry throughout Europe with equality in fiscal treatment.

WOULD ROUTE RAIDERS.

## TOWNLEY'S SPEECH GOES IN RECORDS

### Hearing on Dilatory Charge Concluded Without Precedent Absent From Court Room.

JACKSON, Minn., June 24.—Long extracts from "addresses" by A. C. Townley at meetings at New Ulm, Minn., in 1917 and 1918, were read into the record in district court here this afternoon at the trial of President Townley of the national Non-Partisan league and his former lieutenant, Joseph Gilbert, who are charged with conspiracy to commit dilatorily.

Read Townley's Speeches.  
The Townley addresses were made at New Ulm, Minn., Feb. 1917, and February 29, 1918. The report prints first address first printed in the New Ulm Journal was read by Philip Lelach, publisher of the Journal, and the second address was read by Alexander Seltzer, a court reporter, from Springfield, Minnesota, who testified that he copied the speech in shorthand. The report of the speeches were admitted as evidence.

The defendant's attorneys did not question the accuracy of either of them as read in court. In fact, they read into the record long sections of the speeches after the prosecuting attorney introduced sections which he claimed were part of the evidence upon which the dilatory charges are based.

Talks of War Profiteers.  
In both addresses, as read in court, Townley discussed the war and devoted most of his time to consideration of economic issues and to assailing the return of Germany of the former German corps which had been interned in Holland since hostilities ceased.

would be conclusive. As individuals, its members have every motive, as well as every right, to repudiate the actions which have proved so disastrous to their country.

It seems, however, that the claim for complete territorial restoration put forward in the memorandum, as yet based really on the plea that Turkey should not be required to suffer for the sins of her ministers. It has a deeper ground. It appeals to the history of Turkish rule in the past and to the conditions of affairs in the Moslem world.

"History tells us of many Turkish successes, and of many Turkish defeats," of nations conquered and nations freed.

Turks Hail Debating. "The memorandum itself refers to the Turkish empire as the greatest in the territories recently under Ottoman rule in no case to be found, either in Europe or Asia or Africa, in which the establishment of the Turkish rule has followed by a dimension of material progress, or a fall in the level of culture. Nor is there any case to be found in which the withdrawal of Turkish rule has not been followed by a growth in material prosperity and a rise in the level of culture."

The statement of the Turkish memorandum is that the Moslems of Europe are from the Moslems of Syria, Arabia or Africa as the Turks do other than destroy, wherever he has conquered; never has he shown himself able to develop in peace what he has taken from his victims.

"The obvious conclusion from these facts would seem to be that since Turkey has been without least excuse or provocation, deliberately attacked the enfeebled powers and been defeated, she has thrown upon the victors the heavy duty of determining the destiny of the various populations in her heterogeneous empire. This duty the council of the principal allied and associated powers desire to carry out, as far as may be in accordance with the wishes and interests of the populations themselves."

## Holds Conference With Republican Leaders in Effort to Bring About Solidarity.

WASHINGTON, June 26.—Turning aside from the more immediate issues of the league of nations fight, party opponents of the league began a determined effort today toward agreement on a plan for their final fight against ratification of the league covenant in the present form.

Although no definite agreement was reached, a day of conferences served to add impetus to the suggestion of William Root for a ratification resolution making stipulated reservations to further protect "American" interests. What these reservations shall be, however, is a question on which there still is a wide difference of opinion.

Hays Wants Harmony. WILL H. HAYS, chairman of the republican-national committee, spent most of the day at the capitol, and saw many republican senators opposing the covenant. "He would not discuss the conference, however, except to say that he had talked over many things regarding the league of nations here merely, realizing that the question was not a partisan one and that the public should not get the impression that the republican party was opposed to the league."

It was not denied, however, that the treaty fight was one of the subjects discussed at the chairman's conference and the general impression was given that the two favored some compromise which would prevent any possibility of disorganization in republican ranks.

Flunk Republicans Favorable. In addition to league opponents, Mr.

Hays saw Senator McNary of Oregon, a republican who "dislikes" the present covenant. He also talked to Senator Kellogg of Minnesota, and other republicans who have made no definite announcement in their position. Senator Lodge of Massachusetts, the republican leader, also conferred with some of the doubtful senators.

The chief objection to the plan for reservation, it was said, was a fear that the league council "should have some authority to assume what force such amending articles would have in international law. There seemed to be a general feeling that should the plan be adopted, several reservations should be those suggested by Mr. Root would be included.

## Police Helpless Before Hordes of Communists; Jails Are Stormed and Prisoners Are Released.

HAMBURG, June 26.—Hamburg threatens to become a second Munich with even greater bloodshed. The city is completely in the power of the communists and Spartacists, who are killing, robbing, looting for an excuse for their attempt to gain control. In the rioting yesterday they stormed the city hall and overcame the government troops, capturing quantities of ammunition, rifles and machines. Then they swept over the entire city, plundering, killing and destroying. Many of Hamburg's fine buildings were badly damaged. The rioters held the railway station for a time but it was recaptured by the civic guards. The police were utterly helpless, and government troops arrived under way to restore order.

Jails have been stormed and criminals released. The Spartacists are conferring with the idea of establishing a soviet system. In addition to the buildings damaged, the streets are littered with all kinds of debris and "looting" took place in many places, including casualties. The number of dead is unknown, rumors varying between one dozen and sixty. The Spartacists tried unsuccessfully to burn the public buildings, and with particular vandalism, burned all the automobiles they captured.
