## Wilson's Address to Congress Will Open Bitter Senate Fight

President Expresses Willingness to Appear Before Committees

HOSTILE SOLONS TO PROPOUND QUESTIONS

Washington Is Agog With Speculation as to Outcome of Unusual Proceedings

WASHINGTON, July 9.—President Wilson will present the peace treaty and the league of nations covenant to the senate tomorrow.

The president will deliver a lengthy address, in which he is expected to outline the details of the negotiations recently concluded in Paris and tell why he feels that the United States should endorse the league of nations covenant. His address promises to mark the opening of one of the bitterest fights ever waged in the senate over ratification of a treaty.

**PRESIDENT WILL APPEAR**

It was announced at the White House today that the president would place himself unreservedly at the disposal of the senate in its consideration of the treaty. He was represented as being "anxious and eager" to appear before any committee of the senate or of the house, or both, in open or executive session to answer any questions members might desire to ask with regard to the treaty and the league covenant.

**MAY APPEAR IN COMMITTEE**

While members of the senate foreign relations committee declined to travel whether the president would be present, a general feeling that should he make known directly a desire to appear, he would be given the opportunity. The usual procedure would be for the committee to ask for the diplomat's correspondence leading up to the treaty, and then to hold several public hearings. Some senators believe the alternate course will be to question the principal delegates.

**WOULD VIOLATE PRECEDENT**

Opposing this view, however, is the feeling of some committee members that it would be to provide a departure from precedent to invite a president before any committee of congress. It has been pointed out that the chief executive constitutes in himself a committee as far as the government and as such he should not be directly with such a subordinate body as a senate committee.

Should the president go before the committee, there are indications that the session will be open. Some members are known to be determined to present if any necessary in some consideration of the treaty, and in this stand they expect the co-operation of the president and his supporters on the committee. The effect may be to throw into the open the entire committee consideration of the treaty as well as the debate in the senate chamber. It is considered more than likely, however, that at least some of the committee discussions will be in executive session.

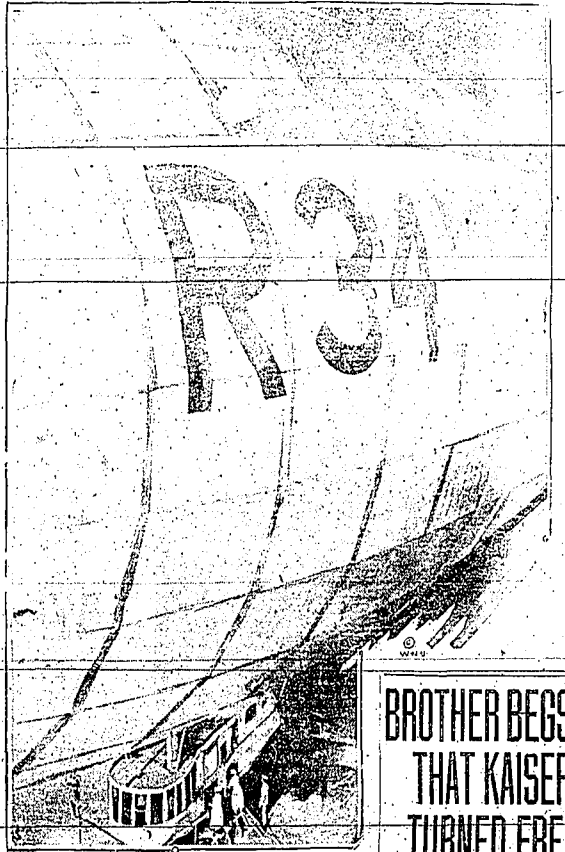

A vigorous questioning undoubtedly will await the president should he appear before the committee. Among the members are some of the most bitter critics of the league of nations and of the president's handling of the Versailles negotiations, including Senators Lodge, Borah of Idaho, Johnson of California, and Fall of New Mexico, all republicans.

The president's first day at the white house since he returned from France was a long and busy one. After sleeping late, he went to the deck before 6 o'clock and remained almost uninterruptedly at work. While carrying in those appropriations of more than two billion dollars were before him, he was unable to find time to consider them.

The president still was working in his study last tonight and was said to be literally elbow deep in papers.

So busy was the president that not a single caller was admitted. A wholly new record was set at the White House and talked with Secretary Tamm. So far as could be ascertained the president did not communicate in any way with members of the foreign relations committee.

## LOOKING DOWN THE SIDE OF THE R-34

From the seat of the airplane one of the big surprises of the R-34 looked very small beneath the huge bulk of its development as she made her landing at Minotau field.

## STATE IS TO SELL BIG BOOIES LAND

Sixty-Nine Thousand Acres to be Disposed of in 60 Days Beginning July 14

By the Associated Press.

BOOIES, Idaho, July 9.—Nearly 70,000 acres of state lands will be sold by the state land department within the next sixty days, beginning July 14.

In addition to 45,000 acres scheduled for sale in southern Idaho counties, the state land board today authorized the sale of an additional 22,000 acres in north Idaho.

## GENERAL STRIKE IS DECLARED IN ROME

Police Garrison Held in Readiness to Prevent Disorders—State of Siege in War Zone

By the Associated Press.

ROME, July 9.—The chamber of labor has proclaimed a general strike from midnight Tuesday, as a sign of protest against the police and military measures adopted by the government to prevent further disorders.

The entire police garrison is held in readiness and strong contingents of troops occupy the principal points in the city, the government buildings and the banks, while armored cars and machine gun crews patrol the different quarters. The chamber of labor maintains that these measures were adopted to prevent the lowering of the price of necessities, as demanded by the people.

The proclamation of a general strike coincides with the reopening of negotiations in the afternoon.

During the morning men attacked several shops, because the shopkeepers refused to sell at low prices, otherwise there were no serious complications.

Food shops were crammed with people today buying provisions in the fear of being caught with scanty supplies.

Pope Pio X, commenting on the situation, says as Teramo is still in the war zone, the maintenance of order in the city has been entrusted to soldiers, who have proclaimed a state of siege. Immediately thereafter the newspaper declares the right existed as if by magic. It asserts that if the same action had been taken elsewhere, no misadventure would have been over now.

## WILSON STRIKE WILSON IS THREAT TO THE MIUNE

By the Associated Press.

CODON, July 9.—Additional intelligence officers have been assigned to July in Colburn, owing to the appearance in the last few days of "small talkers" bearing the name of "Gull strike, Wilson." These were pointed in the city as possible trouble makers.

The wording was printed in colored crayon, the first two words in blue, "Wilson" in red. Handwriting experts said the printing appeared to have been done by someone familiar with the English language. The intelligence officers are endeavoring to ascertain where the paper and crayon were bought.

## SEIK CO-OPERATION TO LIQUIDATE WAR DEBT

By the Associated Press.

PARIS, July 9.—Conversations are going on between France and the allied and associated powers looking to financial co-operation in liquidating the war debt, according to a statement made in the chamber of deputies by Louis Klotz, the minister of finance, during a discussion of a project for a further advance to the government of three billion francs by the Bank of France. The plan embodied the idea of the bank to raise four billion francs more of paper money, bringing the total paper circulation up to 40,000,000,000 francs.

## FACE CABINET CURBS

By the Associated Press.

WEIMAR, July 9.—The unexpected resignation of Herr Wislizen, minister of economics, may lead to a cabinet crisis. His absence, for governmental control and economic reconstruction was defeated in the cabinet.

## BLIMP STARTS RETURN TRIP FOR BRITAIN

Breaks From Leash of 1000 American Balloon Men at 11:55 o'clock.

## BEAUTIFUL SIGHT AS IT LEAVES THE GROUND

Appears Swimming in Radiance of Searchlights as it Heads for New York.

MINNEAPOLIS, July 9.—The British dirigible R-34 left Roosevelt field shortly before midnight on her return enroute to Scotland.

A great ship held in leash by 1,000 American balloon men was released at 11:55 o'clock, and floated joyously up to a height of 200 feet by her motionless tent.

The balloonists began to write and the craft, moving upward headed for New York, Searchlight Light On D.

Three great searchlights playing on the ship made her clearly discernible to the thousands who had gathered to watch her departure. With three engines—two starboard and one forward—running, and two others in reserve the R-34 glided off toward the south, then swinging in a westerly course bringing her nose in the direction of New York.

It took the R-34 about three minutes to rise to the height at which she began cruising. At 11:59 she was about 600 feet up, barely discernible and with no lights visible, was sinking along at a speed of about 25 to 40 miles an hour.

"It's the Only Three England," British Major General Lionel Charlton, British Aviation attaché in the United States said the ship would employ also the three engines on which she started unless unexpected conditions arose.

With favorable conditions Major G. H. Scott, her commander, hopes to make the voyage in seventy hours, sailing over London before proceeding to Great Britain, Scotland, if weather conditions permit.

The great ship, pushed up a beautiful picture as she drifted up into the sky bathed in the white light of three powerful searchlights. Just an absence of moonlight, the bright moon appeared from behind black clouds, partially lighting up the dark field.

At 12:01 lights along the deck of the dirigible were switched on and the great ship herself appeared a long streak of light swimming in the radiance of searchlighting.

Drifts in Air—Points.

At 12:15 the R-34 had drifted sideways in the current of a southwesterly wind. At this hour she nudged into the wind, now sailing at about 500 feet and one minute later she disappeared from the view of the crowds at Roosevelt field.

It was just 11:50 o'clock when the bell rang aboard the R-34, signalling that the hour of departure was at hand. An officer on the ground with a megaphone yelled: "All clear!"

Major Scott leaning out of the port window forward eyed "best effort."

Starts Ahead of Time.

The R-34 had not been scheduled to depart until 3 or 4 o'clock tomorrow morning. The early departure was decided on shortly after 9:20 o'clock, when Major Scott received a report from the United States weather bureau warning that winds dangerous to a moored craft were likely to sweep Roosevelt field within a few hours.

Efforts to get into wireless communication with the R-34 were started at Roosevelt field at noon. An officer had taken the air, but up to 12:31 all efforts had proved unsuccessful. The battleship Pennsylvania was overheard calling her, and the naval and army stations near here also strove in vain to establish communication.

Colonel W. M. Hensley, the American army officer sailing to Scotland in the R-34, received a promise from his wife before the dirigible took the air.

"I'll be on the roof of the Plaza-Carlton with baby when you fly over Manhattan, to wave a good-bye to you," Mrs. Hensley said.

"I'll look for you both," the colonel replied.

## BROTHER BEGS THAT KAISER TURNED FREE

Prince Henry of Prussia Pleads With King of England.

URGES ABANDONMENT OF EX-MONARCH'S TRIAL

Promises to Assist in Effort to Ascertain Truth as to Cause of World-War.

By the Associated Press.

WEIMAR, July 9.—Prince Henry of Prussia, brother of the former German emperor, has now come to the aid of the deposed world war lord and bids his plea to that of the others for abandonment by the allies of their project to bring the former emperor to trial for his crimes against mankind.

Prince Henry, in a telegram to King George, beseeching him to desist in the effort to extradite the former monarch's plea, has offered to assist the king in bringing to light the truth regarding the war and its consequences.

In his message, Prince Henry says that after his conversations with King George in July, 1918, he returned to Belgium and war with the emperor until mobilization began. The telegram continues:

Endeavored to Avert War.

"I can say that the Kaiser and his counselors endeavored by every means to avert the war and debate to mankind. I am ready to refute the calumnies regarding the German Kaiser, which have circulated for years in construction of all truth, and a place myself at your disposal in order to assist your majesty in bringing to light the truth regarding the war and its consequences."

## HOUSE STEERING COMMITTEE WOULD ADJOURN TO AUG. 1

By the Associated Press.

WASHINGTON, July 9.—The republican legislative steering committee at the house today, discussed the possibility of a recess beginning about August 1, but reached no decision. Further consideration will be given Wednesday, to a program of legislation that should be disposed of before beginning any recess, with a decision expected before the end of the week.

## HUNS ACCEPT TREATY PACT IN ASSEMBLY

Ratifying Resolution Is Adopted by a Vote of 208 to 115

## GERMAN LEADERS UNIT IN DENOUNCING TERMS

One Avers That Steal of Alsace-Lorraine in 1871 Was Retribution for the French.

WEIMAR, July 9.—(Via Cologne).—The resolution ratifying the peace treaty was adopted by the German national assembly today by a vote of 208 to 115.

Large Attendance.

Most of the ministers were present at the meeting of the national assembly and there was a full attendance of deputies. Dr. Hermann Müller, foreign minister, in introducing the government bills, explained that the hearing of the ratification order would bring about the ending of the blockade.

"We were about to enter upon a forty years' peace," through a "thousand" he said. "I can find other terms for the path of suffering which fulfillment of the treaty prescribes for us."

Dr. Peter Spahn, leader of the Catholic center party, said: "We agreed in the treat which brought condition to save ourselves from anarchy and to preserve the fatherland from internal ruin."

All Protest Ignored.

Herr Kreising, socialist, Professor Schueking, democrat, Dr. Traub, national party, and Herr Kahl, people's party, all violently protested the ratification of the treaty, the impossibility of its fulfillment, and declaring that the day of Germany's liberation would come.

These speeches were greeted with such thorough applause and hand-clapping that the speaker had to call attention to the fact that hand-clapping was against the rules and threatened to have the galleries cleared. The debate, however, proceeded, with similar speeches by other members and another burst of applause.

The national party introduced an amendment in favor of ratifying with the express reserve that the sanction of international law experts of reputable standing should be obtained concerning the extent of the war and that a neutral court should be created to investigate the responsibility for the war.

Prince Albert-Lorraine.

Prince Albert-Lorraine protested against Albert-Lorraine being torn from Germany. He said that the treaty of 1871 simply handed over what had been stolen from Germany 150 years before. He hoped that the people of Alsace-Lorraine would preserve their German character, customs and civilization.

Ninety-nine deputies abstained from voting on the resolution to ratify the peace treaty.

Articles 227 to 230 relate to penalties. Article 227 alleges the former German emperor for "a supreme offense against international morality and the sanctity of treaties."

The article also alleges the former German emperor for being accused of having committed acts in violation of the laws and customs of war.

## HOCHSTADT IS PROBLEME

WASHINGTON, July 10.—The committee on the treaty, by the German national assembly at Weimar today makes possible the ratification of the blockade of Germany, it will be for Attorney General Palmer to determine what extent commercial relations between the United States and Germany may be resumed. Should the allied and associated powers agree to lift the blockade, Attorney General Palmer will have to render an opinion as to whether provisions of the treaty with the United States act as suspended or absorbed by executive order in advance of the formal termination of the war through final exchange of ratification of the peace treaty.

Must Continue In Force.

The attorney general in informal statements has declared the trading with the enemy act must continue in force until the date of the proclamation of exchange of peace treaties, in force.

### NEWS MOTHER TO FINANCE DEFENSE

Because of Nervous Tension, She Does Not Visit Condemned Slaves in Ill. Cell.

By the Associated Press. LOS ANGELES, Cal., July 9.—Firm belief that her son, Harry R. New, is not guilty of the murder of Miss Price de Lessor, his fiancée, in Tappan canyon, last Friday night was expressed late today by Mrs. Lulu Burger upon her arrival from Indianapolis. Mrs. Burger was said to be upon the verge of a nervous collapse and upon advice of her physician did not visit her son in the city jail, but communicated with him through his attorney.

Temporary insanity will be New's defense, according to his counsel. That the theory that Miss Lessor committed suicide as the only way out of her dilemma, may also be introduced by the defense, the attorney admitted. "I am convinced that New does not know what happened from the moment Miss Lessor told him she wouldn't marry him until he discovered her dead body in the rear of the machine. New's confession that he killed his fiancée may well have grown from his discovery of himself beside her, the attorney said.

Several hundred persons sought to attend the funeral services of Miss Lessor here today. None but close friends and relatives were admitted, however.

Relatives said the body would be interred later at Birmingham, Ala.

### RUSH HARVEST HANDS TO WHEAT FIELDS IN NEBRASKA

By the Associated Press. LINCOLN, Neb., July 9.—Within 48 hours Nebraska wheat farmers who

have been pleading for help to harvest the grain, may expect relief, according to J. R. Schofield of Kansas City, representative of the United States employment bureau. Several thousand harvesters will be liberated from the Kansas wheat fields within a day or two, Mr. Schofield, who arrived in Lincoln today, said, and most of them will be sent over the Nebraska line. From Nebraska they will be sent northward.

### SOCIETY

Miss Elsie Baker was hostess at a charming little card party Tuesday evening at her home. The house was tastefully decorated with blue and white. As the guests entered the dining room each was presented with three cards tied together with tiny blue ribbons which contained the names of Miss Elsie Baker, Raymond E. Larnby, and September. After all of the guests had entered Miss Baker was presented with a beautiful diamond ring, the gift of her fiancé. The table had as its centerpiece a Kenzie in blue with white ribbons running over the table to the place cards which were of the same color scheme with a swastika attached.

The guest list included Corinne Taylor, Ruth Underwood, Nellie Corlie, Frances Daunte, Edna Crane, Ruth Glasgow, Michel Muscell, Maria Woods, Fern Haynes, Jennie Walker, Sibyl Hurst, Hazel Haugow, Birdie Jacobs, Edna Beauchamp, Virginia Reynolds, Madeline J. R. Green, F. Davis, G. Killeberry, E. Suttler, F. Williams, A. Child of Jerome, M. P. Seale, of Hurley, D. Watson and W. C. McHenken of Duhl.

The Rotary club held its weekly luncheon at the Rogerson hotel yesterday noon. President W. H. Eider presided.

The meeting of the Women's Home Missionary society of the M. E. church will be held at the home of Mrs. W. W. W. this afternoon.

Mr. and Mrs. T. J. Douglas of Hollister, accompanied by Mrs. C. Hall and Miss Mildred Hall, and Mrs. W. Harzard, will leave Friday for an extended trip through Yellowstone park.

### WAR COSTS UNCLE SAM \$30,177,000,000

Colo-ral Sum Includes Expenses for Month of June—Third of Amount Paid by Taxes.

By the Associated Press. WASHINGTON, July 9.—The war cost to the United States was \$30,177,000,000 up to June 30, 1919. Secretary Glass made this estimate today in submitting to the congressional appropriations committee the preliminary statements of the treasury on the condition of the nation's affairs. He arrived at the estimate by subtracting the average peace time expenses for the same length of time, at the rate of \$1,000,000,000 annually, from the total expenditures, \$32,427,000,000, during the war.

Taxes and other revenues than borrowed money took care of 42,384,000,000 or about 25 per cent of the war cost. The remainder came from Liberty bonds and victory note issues and saving stamps.

Further issues of bonds, Mr. Glass said, will be necessary to meet the cost of redemption of the victory notes, which have four years to run. "While it is impossible to estimate the expenses to be incurred during the present fiscal year, the secretary is confident that treasury certificates implemented by short term notes will provide the necessary funds to pay the government's debts. "I need scarcely to say," the secretary added, "that the realization of these sanguine expectations is contingent upon the practice of the most rigid economy by the government and the continuance of ample revenues from taxation. Such a course, accompanied by the practice of sober economy and wise investment by our people and strict avoidance of speculation, will make it possible for the American people to respond to the demands to be made upon them privately for capital and credit by the nations of Europe—demands which are reinforced by the strongest and most vital ties of sympathy for the allies who fought and won the war with us—no less so by the most obvious dictates of self-interest."

# M'CORMICK TAKES STAND IN HEARING

Publisher of Chicago-Tribune Tells of Authorizing the Editorial Attacking Henry Ford.

By the Associated Press. MOUNT CLEMENS, Mich., July 9.—Colonel R. H. McCormick, president of the Tribune company of Chicago, which is being sued for \$1,000,000 by Henry Ford on a charge of libel, was on the witness stand practically all of today's session of court. Mr. Ford and his son, Edsel, are expected to testify tomorrow.

Mr. McCormick advised that while the Tribune paid salaries of the employes who went to militia encampments or to the Mexican border in 1916, the practice was not followed in the European war.

"That was because the war department issued an order removing armed men from the national guard and at the same time doubted the loyalty of those who remained. It thus eliminated the problem of dependents and took the burden to pay off the shoulders of private concerns and spread it over the public generally, as was proper," said Colonel McCormick.

It was with Colonel McCormick's approval that the Tribune published on June 23, 1916, the alleged libel suit headed "Ford is an anarchist," it developed.

He had just returned from Canada and it appeared that, as he had formed opinions derogatory to Mr. Ford, he gave the article a cursory reading, and said "go ahead."

Attorney Weymouth Kirkland, on direct examination, was permitted to elicit testimony to show the state of mind of Colonel McCormick at the time.

"I was thinking more of the national guard at the time than of the newspaper business," said the witness. "I had read that American troops had been massacred at Chihuahua by Mexicans because they were not equipped with machine guns. I was at that time a major in the First Illinois cavalry and had organized the machine gun battalion of the regiment. We had everything but guns. I made a trip to Washington but could not get them. Then I raised money by private subscription but could not find a machine gun for sale in the whole United States. I was worried to think of my regiment, or to other regiment, going to the border to retaliate and lacking such important equipment."

In a general way the witness said, he was familiar with the attitude and utterances of Mr. Ford in opposition to the war and in particular with Mr. Ford's page advertisement opposing sending of the national guard to the Mexican border. These things were on his mind when he approved the editorial, but mainly, he was thinking of the lack of machine guns, he said. "And Mr. Ford was one of the reasons we could not get them," he interjected. On objection by the plaintiff

Law, a fourth choice, took the first heat in 2:04 1-2, trotting the fastest heat of the year. Charlie Penn, another outsider, took the first division of the 2:12 class trotting. Fenwick, the favorite, took the second division. Peter Coley, a third choice won the 2:16 class trotting, and Goldie Todd, the favorite, took the 2:14 class pacing in straight heats. Goldie Todd paced the fastest two heats of the year by covering the first two miles in 2:04 3-4.

# SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe to Restore Color, Gloss and Attractiveness.

Almost everyone knows that Sage and Sulphur, properly compounded brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyneth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe improved by the addition of other ingredients at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge with water and draw the mixture through your hair, taking one small strand at a time, by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyneth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

## "PEACE HATS" ARE TO BE INNOVATION SAY MARKERS

LONDON, July 5.—The "peace hat" is a new kind of headgear about to be offered to London men. Mystery veils its shape and material and hat-makers thus far have managed to keep the secret strictly guarded, but they have hinted enough about a revolution in men's head covering to stir up a lot of curiosity.

"Men are tired of the old time honored bowlers (derbies), toppers, straw and flomburgs," said one hat-creator, "and they want something new.—The need is urgent for a new hat—the 'Peace hat'."

A London milliner said she favored an innovation.

"It's quite time," she said. "Men's hats at present are undoubtedly the dullest thing in life."

**Advisory Board**

It is the sincere aim of this newspaper to conduct this contest, from start to finish, in a fair, honorable and impartial manner. Every precaution has been taken to safeguard the interests of participants, and absolute honesty in all dealing is guaranteed.

However, not all wisdom lies with any one man or institution, and for that reason an Advisory Board has been decided upon, whose functions shall be to decide any question of sufficient moment that might happen to arise during the competition and from which a committee shall be selected to act as judges and count the votes the last night of the contest. The personnel of this board is as follows:

W. H. ELDREDGE, Mayor, Twin Falls; LEO F. BROCKEN, Cashier, Idaho State Bank, Twin Falls; A. R. COLWELL, Druggist, Twin Falls; E. J. OSTRANDER, City Comptroller, Twin Falls; J. M. SHANT, ex-Probate Judge and Attorney, Buhl; W. P. SHINN, Postmaster, Filer; W. H. TURNER, Banker, Kimberly; HON. J. H. SEAYER, State Senator, Castleford; R. L. MOOREHOUSE, Postmaster, Hollister.

All of these gentlemen are well known to everyone in Twin Falls and surrounding territory, and the final results, as given out by them, will be beyond dispute.

**FIRST PERIOD**

Embracing the first four weeks (terminating July 21) the following number of votes will be issued on subscriptions:  
Six months ..... \$ 2.25 ..... 6,000  
One year ..... 4.00 ..... 10,000  
Two years ..... 12.00 ..... 30,000

**SECOND PERIOD**

Embracing the next 10 days (terminating Aug. 3) the following number of votes will be issued on subscriptions:  
Six months ..... \$ 2.25 ..... 4,000  
One Year ..... 4.00 ..... 10,000  
Two years ..... 12.00 ..... 30,000

**THIRD PERIOD**

Embracing the last week (terminating Aug. 3) the following number of votes will be issued on subscriptions:  
Six months ..... \$ 2.25 ..... 2,000  
One year ..... 4.00 ..... 10,000  
Two years ..... 12.00 ..... 30,000

The above schedule of votes, which is on a declining scale basis, positively not to be changed during the competition. A special ballot, good for 50,000 votes, will be issued on every "club" of \$24 turned in. This arrangement will be in effect throughout the entire campaign and is to be considered a part of the regular schedule. There will be no extra votes offered, extra prizes given, or any other inducements whatever inaugurated during this campaign. Remember this and lay your plans accordingly.

## Grain

**CHICAGO, July 9.**—Two dollars a bushel for corn, a price once regarded as fabulous, was surpassed today in the market here. Scarcity of available supplies, together with new top record quotations on hogs, had much to do with the advance. The market closed nervous at 5/8 decline to 3/4c from 1 1/2c on September 11, 1919, to 1 1/2c on December 11, 1919, to 1 1/4c. Oats finished 1 1/2 to 2 1/2 up. In provisions, the outcome was unchanged to 3/8 down.

**Ordinary No. 2 yellow corn** of the usual contract grade commanded \$2.00 for immediate delivery, and No. 2 white 12.02. July options reached an eight as 1 1/2; an upturn of six quarters came within 24 hours. At first, however, a majority of dealers seemed to believe that excellent crop conditions prevailing warranted a setback in values. But this view was quickly dispelled by an unusual lack of offerings and by general notice of the soaring of hog values.

Oats displayed independent strength owing to crop damage advices and to improved export demand.

Provisions sympathized with grain and hogs, but, the effect was later more than counterbalanced by selling on the part of commission houses.

# BUMPER CROPS ARE NEARING HARVEST

Record Production in Winter Wheat, Hye, Sweet Potatoes and Hops Is Being Gartered.

**By the Associated Press.**

**WASHINGTON, July 9.**—Bountiful farm crops this year were indicated today in the department of agriculture July forecasts based on conditions existing the first of the month. Winter wheat and rye, now being harvested, showed the largest production ever attained. Record crops of sweet potatoes, tobacco and rice also were predicted and the production of spring wheat, corn, oats, barley, white potatoes and hay is expected to be larger than the average for the five years, 1913-17.

Value of the wheat, corn and oat crop combined amounts to \$8,340,622,000, based on July farm prices. The value of corn is 14,758,475,000; wheat, \$2,577,450,000 and oats \$254,732,000.

"Plant diseases and other conditions, however, made heavy inroads during June on prospective wheat and oats production. The forecast shows a loss of 75,000,000 bushels of wheat when the June estimate and a reduction of 430,000,000 bushels in the prospective oat crop. High temperatures caused deterioration in the condition of winter wheat in some sections while plant diseases increased in control districts. The heat also affected spring wheat in some part of the belt where black rust has appeared and somewhat damaged the crop.

The area planted to corn, white potatoes, flax and rye is smaller than last year, while the acreage of sweet potatoes and tobacco is larger.

**WHEN YOU WAKE UP DRINK GLASS OF HOT WATER.**

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes any one look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness while the bowels purge do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should seek only nourishment to maintain the body.

If splendid health measure is to start after breakfast each day, a glass of red hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels, the cleaning, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate cost but very little at a drug store but is sufficient to make any one an enthusiast on inside bathing. Men and women who are accustomed to wake up with a dull aching head or others who have bilious attacks, have tired, swollen, bad taste nasty, brown, yellow complexion acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

CANDIDATES STUDY WAY TO REACH FIRST PLACE

Candidates in the Chronicle's big automobile campaign as well as a lot of those who have not yet entered the race, are busy with pencil and paper these days, figuring what it would take in subscriptions to acquire the leadership for the beautiful prize...

The published vote standing, as it appears today, shows that the highest candidate is in the neighborhood of the 300,000 mark, some a little higher and others a trifle less and while this is an excellent showing, it does not necessarily follow that the leader today has a 'walk-over' for the big prize by any means.

MAN'S LIFE SAVED BY ARMY GAS MASK

H. H. Thompson, Overcome by Cyanide Fumes, Taken Out of Pit by Recruiting Officer.

The life of H. H. Thompson, an employe of the Twin Falls Mining company, was saved yesterday morning by the utilization of an army gas mask.

Thompson was overcome by cyanide fumes in a deep elevator pit at the mill when he went to the aid of C. H. Holland. Others being unable to rescue the man called on the army recruiting station for aid, which was readily given, the man being taken out of the pit.

Suddenly Holland became faint and Thompson rushed to his aid. Thompson, himself, was quickly overcome by the heavy fumes, which were drawn out of the pit by others in the mill, but they could not rescue Thompson. It was then that the army call was sent to the recruiting station with the result that the man was saved.

Thompson was taken to a hospital, where he will remain until he fully recovers from the effects of the fumes.

URGISH-WILSON TO HALT STRIKE ON THE COAST

SAN FRANCISCO, July 8.—Mayor James Rolph of San Francisco appointed today to head off a strike of telephone workers. The strike has brought about a serious stoppage of the Pacific coast, but the mayor's orders said, and unions agree that the telephone employees are about to become involved.

BIDDYARDS REMAIN CLOSED THROUGH STRIKE IS EXHIBED

PORTLAND, Ore., July 8.—Although the Mooney strike ended last night only one yard in this district opened today on a normal basis. Others had not yet resumed their normal orders closing their yards until July 14.

How to Jump Into First Place.

On each 2-year subscription to The Chronicle or approximately its equivalent in shorter term orders, 40,000 votes are allowed—providing same is received at the campaign department before 9 o'clock Monday night, July 21.

Then, in addition to that, 50,000 SPECIAL EXTRA votes are allowed on every "club" of \$24.00 turned in.

Therefore, two 2-year subscriptions (amounting to \$24.00 in business) means 130,000 votes.

It can readily be seen by glancing at the vote totals above that just a few such subscriptions for any candidate would furnish a new leader in the race; in fact, an ENTIRELY-NEW CANDIDATE what at this time has no votes at all, could, by a little enthusiastic action on the part of themselves and friends, climb to the top of the list and thereby acquire the leadership for the big prize automobile.

And, when one takes into consideration the value of the prizes to be awarded and the short time the competition is in force, they are well worth any effort they might take to secure.

State association has met here, the last two being in 1918. Present officers of the organization are A. Sutton of Caldwell, president, and Norman E. Beckwith of Boise, secretary.

TO ESTABLISH WITNESS IN CONDEMN TO BRIBERY STRIKE

DEWNEY, July 9.—Mayor Dewey C. Healy announced tonight that he was considering a bill to establish a witness in the case of the city council that the city expended \$200,000 for establishment of a municipal motor service to take the place of the Denver Tramway company, whose service is now being followed by a strike of its employees following a reduction in wages.

"London ended its street car strike with motor trolleys," the mayor said. "With more than 1000 automobiles licensed to carry passengers, Mayor Healy declared that the transportation problem has been solved. Nine attempts by the Denver Tramway company to operate cars met with interference and Mr. Healy declared strike breakers would not be imported."

GOMPERS OPPOSES OPEN IMMIGRATION

Would Restrict Inflow for Period of Four Years, During Recession Period.

By the Associated Press. NEW YORK, July 9.—Opposition of the American Federation of Labor to unrestricted immigration during the next four years, is based largely on a desire to checkmate a combination of corporations, trusts and shipping companies to bring immigrants to the United States under contracts which would then virtually "slave" to these trusts. Samuel Gompers, president of the federation declared in an address before the Pan-American Federation of Labor here tonight.

Discussing the alleged "combination," Mr. Gompers said: "This country needs industrial fruits and corporations but with those people were of such a character that the people were for years slaves to these trusts. Persons who observed vessels coming into this country could note the immigrants, each with nothing more than a bundle of herried into trains and taken to factories, stockyards, steel plants and other industrial establishments."

"To such a pass did the situation come that the trust magnate would advertise in American newspapers the names of other countries that they wanted men but did not want American workers."

Mr. Gompers argued that the federation had been looking for years for a way to curb the pouring in of iron and steel articles but had not with little success because "that iron had been kept in bondage and have been allowed only their own language newspapers, which taught them they should hate the American labor movement and not join it."

Mr. Gompers added that a period of non-immigration would materially aid America's campaign to Americanize all her inhabitants. "This is a critical time, a time unprecedented on the globe," Mr. Gompers continued, "and it simply means we must protect ourselves and be over-protected. When this critical period is past, America can again become the center of the world, voluntarily come to nations homes and to live according to our standards."

We will extend the hand of welcome to those who come in that spirit. The formation selected Mexico City as the venue for the third annual convention, which will be held next July.

JULY IS MONTH TO MAKE WAR ON INSECTS

WASHINGTON, July 9.—July 7 is the month to kill enemy insects, says a statement from the American Insectary association. Charles Lathrop, president of the association, estimates the annual cost of enemy insects could this country \$400,000,000. To check this annual feed the association makes these suggestions for spray:

"Spray fruit trees with Bordeaux. Spray elm for elm leaf beetle with arsenate of lead, one pound to ten gallons of water. Spray for forest cut caterpillars with borax, one pound per gallon of water. Spray for leaf frame preparation. Spray for locust with any other leaf eating insects and arsenate of lead (same proportion)."

"The woolly aphis is found on either side of the leaf. Spray with white oil, one pound to ten gallons of water. Use the same combination on the red spider that may be found on prostrate junipers and yew. The weevils which injure the young of a white woolly aphis on the inside of a leaf, can be caused them to curl and wilt. Get the Bordeaux mixture in proportions of one pound to eight gallons of water."

TENNIS TOURNAMENT'S HOT. PRIZEY GILLS OF GOOD LOOKS

LONDON, July 8.—Tennis tournament rob a pretty girl of her good

looks by the opinion of class observers of the main here. "I have known pretty girls who, after a season or two of tournament, have become completely changed in appearance and manner that old friends have failed to recognize them."

well-known player "which have become hard and lined, their youthful bloom entirely disappears and they lose much of their feminine charm. I have told my own daughter that she can play in no more than two tournaments a season. When women see cannot hope to become first-class, but I would prefer her to remain an attractive woman."

LANCASHIRE UNHANDICAPPED DECLARES COMMERCE CHAMBER

LONDON, July 9.—It has come to the attention of the American chamber of commerce in London that an impression may be cast in the United States that due to wartime diversion of mills, the Lancashire cotton industry will have all it can do now to supply British and Dominion markets and that the trade in Lancashire formerly enjoyed by other overseas countries will now fall to the United States. "Lancashire is not seriously handicapped in any way, says the chamber of commerce. As one reliable authority states, so far there has been no demand which Great Britain has not been able to supply."

GHENT IS CONCERNED OVER HAZ ON LIVE PLANTS

BRUSSELS, July 9.—The city of Ghent, which is noted for its magnificent botanical gardens, is greatly concerned over the selling of the American department of agriculture, prohibiting the importation of live plants owing to danger of insect infestation. It is stated that this will mean a yearly loss of business amounting to two million francs. As no shipments have been made to America for the last three years it is felt that Americans have no proof as to the existence of insect menace and the authorities have requested through the consular channels that an American expert be sent to Ghent to test the soil and plants, in the hope that the prohibition will be withdrawn.

STARVING CHILDREN WILL SPEND SUMMER ON LAKE

BERNE, July 8.—About one thousand starving Czech-Slovak children from Prague and other Bohemian towns will shortly arrive to spend their summer holidays on the border

of Lake Neuchâtel. The party was organized by Miss Stasary, daughter of the Czech-Slovak minister, president.

A further party consisting of 700 children from southern Germany, also coming to Switzerland, which is becoming known as the "International Children's Home."

LEAD INDEPENDENCE RIOT

SEOUL, Korea, July 9.—Five Koreans who were arrested on the charges of leading an independent riot in the streets of Seoul recently tried to commit suicide but were prevented by the police. One of the men, Yi Huiun, is 71 years of age, and is said to be the father of one of the Korean leaders now in Paris. Another, An Tal-shun, is declared to be the uncle of the consort of Prince Ito who was shot at Harbin in 1909. Anti-Japanese propaganda continues to circulate in Korea.
