WILSON TAKES UP WORK WITH DEPARTMENTS

Mexican Situation and Treaty Matters Discussed With Acting Secretary

LAYS PLANS FOR LANSING'S RETURN

Holds Himself Ready for Discussion of Treaty Provisions With Members of the Senate

By the Associated Press.
WASHINGTON, July 11.—President Wilson had another busy day today. He spent many hours in his office working on business which accumulated while he was returning from Paris, conferred with two cabinet officers and later in the day signed the army, navy, deficiency and District of Columbia appropriation bills and the resolution regarding the act under which the telephone, telegraph and cable companies were taken over during the war.

The president still had before him the question of the veto of the repeal of the daylight saving law and the huge sundry bill which will appropriate for the shipping board and the campaign against bomb throwers and other radicals. Many petitions both for and against repeal of daylight law were before the president and he was reportedly in giving this matter much thought.

His New Laws.
All of the appropriation measures signed by the president became law yesterday. The sundry bill was retroactive to July 1, but the veto resolution does not become effective until the end of the month when the properties will be returned to their owners. Under the resolution interstate telephone rates established under government control will remain effective for four months unless sooner modified by state rate making bodies.

President Plays Golf

President Wilson began the day with an early morning round of golf with Mrs. Wilson at a country club close to the White House. Returning to the White House he spent an hour at his desk and then made an unexpected visit to the state, war and navy building to confer with Acting Secretary Polk at the state department and Secretary of the Navy Daniels. The president continued in Mr. Polk's office for more than an hour. He had with him a package of official papers, and while no announcement was made, it was said that the Mexican situation and peace conference affairs were among those the president had desired to discuss.

Folk Goes to Park

Mr. Polk will leave for Durban July 21 to replace Secretary Lansing as the head of the American peace delegation. Mr. Lansing will arrive in New York July 19 and will confer with Mr. Polk before the under secretary at that time.

Leaving Mr. Polk's office the president called on Secretary Daniels and remained half an hour. After returning to the White House Mr. Wilson was busy until late in the afternoon when he and Mrs. Wilson went for an automobile ride.

No engagements were made for the president during the day, but he was represented as holding himself in readiness for conferences with members of the senate foreign relations committee and other senators who might desire to discuss the peace treaty.

LANSING SAYS GOOD BYE

PARIS, July 11.—Robert Lansing, American secretary of state, said good bye to President Wilson tonight. He will leave tomorrow evening for Britain on his way to America. Secretary Lansing expects to see Acting Secretary of State Polk before the latter sails for France to take his place at the peace conference.

COAL CONVENTION SHORTENED

By the Associated Press.
SALT LAKE CITY, July 11.—Because many delegates to the convention of the Rocky Mountain Coal Mining Institute left Salt Lake Tuesday night, the convention was adjourned this morning. The next convention will be held in Denver. The program arranged for today was cancelled.

everybody wore a victory smile, as the picture shows. This exclusive news photograph was brought to America by the first trans-Atlantic flight—the famous 12-24. As a result "The Chronicle" is able to publish it just 14 days after the signing of the treaty and just three days after the return to this country of President Wilson from France. This is the first news photograph ever carried across the ocean by an airplane.

LINES DRAWN FOR CONTEST ON TREATY

Rules May Interfere With Senate Plan for Dismembering Document.

PRESIDENT APPEARS TO BE UNCONCERNED

No Indications as to Course of Foreign Relations Committee in Relation to Executive.

By the Associated Press.
WASHINGTON, July 11.—Senate leaders in the league of nations controversy continued their conferences today in preparation for the ratification fight which will begin when the senate reconvenes next Monday. While it was said the exact lines of division might not be drawn for some days, further progress in settling their forces was claimed by both sides.

PRESIDENT DISMISSES MATTER

President Wilson, having delivered the treaty to the senate and offered to supplement it with all the information in his possession, apparently put the matter temporarily out of his mind. He saw none of the senators who have been active in the fight and while he conferred with Acting Secretary Polk at the state department, it was understood, other subjects furnished the basis of his discussion.

MAY APPEAR ANYHOW

Whether the president's offer is to be adopted by the foreign relations committee remained an open question. Some of the opposition leaders are known to oppose inviting him before the committee; but his supporters believe they can secure his appearance should he request that they do so.

Rules Question Raised.

There was continued discussion during the day of Mr. Wilson's reported declaration that a two-thirds vote would be necessary to make any reservations in ratifying the treaty. The opposition leaders have proceeded on the belief that only a majority would be necessary and they declare their position is amply fortified by senate rules.

May Mean New Turn.

In some quarters it was suggested that the president's declaration might mean a new turn in the reservation fight. It was asserted he may have meant that after a majority has written reservations to the ratification resolution, two-thirds must then support.

R-34 SUFFERER ENGINE TROUBLE

Latest Report Indicates Big Blimp Is Making 10 Knots an Hour in Spite of Difficulty.

By the Associated Press.
LONDON, Saturday, July 12.—The British dirigible R-34 reported 12 o'clock this morning. Greenwich mean time (her position was 61 degrees and 12 minutes north latitude and 20 degrees west longitude. At that time the craft was making 10 knots per hour. The R-34 at 2:30 o'clock this afternoon, Greenwich time (11:20 a. m. New York time), had reached 48 degrees 32 minutes north latitude, 33 degrees 28 minutes west longitude, according to latest address from the dirigible. One of the altimeter gauges had become disconnected. The message said it proposed to land at East Fortune.

The above report indicates that the R-34 has covered approximately 1,600 miles of her journey to Scotland. Since the last report the speed of the dirigible has been slackened to about 43 miles an hour, due probably to the broken down engine. The airship's course as given in the 2:30 o'clock Greenwich time report, is about 25 miles north of that given in the previous message.

REPORT FROM MONTA-BU-GA-GA

LONDON, July 11.—The air ministry has received the following report from Ponta Delgada, Azores: "The R-34 at 8:10 p. m. Greenwich time is 4,010 feet in the air, cloud and, despite a disabled engine, is going strong. We are just about to descend to look at the sea. All well."

SECRET SERVICE MAN MURDERED?

By the Associated Press.
SEATTLE, Wash., July 11.—Government agents, it became known today, have begun an investigation of the death of F. A. Dowsey, secret service agent, whose body was found May 2 in a wash room in a local office building. Dowsey's death occurred, it was said, a day before he was to have filed a report on an investigation of operations involving possible fraud against the government.

RUMANIA FAVORABLE TO U. S. ON TREATY SIGNING

By the Associated Press.
WASHINGTON, July 11.—Rumania places her trust in the spirit of friendship of the president and the people of the United States. King Ferdinand of that country called today in a message of congratulation to President Wilson upon the signing of the peace treaty by Germany. "I hope with all my heart," the king said, "that this act will be recognized and maintained the rights of all nations, great and small, who have suffered so cruelly by war, to be equally free and independent."

ENGLISH IN OPPOSITION TO KAISER TRIAL

Papers Declare People Are Against Plan to Be Hosts to Former Emperor

MIGHT BE LYCHING SAYS ONE COMMENTATOR

Northcliffe Periodicals Only Ones Not Yet Taking a Stand Against the Tribunal.

LONDON, July 11.—Predictions that the project to bring the former emperor to trial in England will be abandoned are growing in view of the almost unanimous opposition of the newspapers of all parties. Virtually all the leading papers, with the exception of the Northcliffe press, are denouncing the plan.

The Northcliffe papers have taken no stand in the matter, but print many letters from prominent persons opposing the trial. The influential weekly reviews all oppose or deride the plan.

Might Lynch Him.

Walter Runciman, former member of the cabinet, writes: "Feeling in this country is justifiably bitter against the Kaiser. Indeed it is so bitter that the public might take the law into their own hands and lynch him."

The Saturday Review says: "It is a mistake of taste, a want of tact, that ought to have been chosen, first because the English are the chief enemies of the Germans, according to the Germans; secondly, because London is the capital of William of Holland's first cousin, and the home of his illustrious grandmothers; thirdly, because William has often been our guest. King George and the emperor must in their younger days have lived in some intimacy."

Dutch Can Out Knot.

"The New Statesman says: "Let us hope that the Dutch government will put the knot for and save us from the blunder of reinstating the last of the Hohenzollerns in the hearts of the disillusioned countrymen."

THEONE LARSON UNDERGOES OPERATION ON TONSILLS

Theone "Mickey" Larson of The Chronicle mechanical force, was operated on yesterday morning, having his tonsils removed. The lad is reported as doing nicely.

IRISH AVIATOR IS KILLED IN FALL

DAYTON, O., July 11.—Lieutenant Frank S. Caldwell of Holfast, Ireland, member of the British royal air force, was killed this afternoon at McCook field in a severe crash landing from an airplane. Lieutenant Caldwell, who came here to make a series of tests of parachutes used in connection with airplanes, during the afternoon made several successful descents. In his final flight the ropes attached to his body harness snapped under his weight before the envelopes could open. Lieutenants Caldwell spent four and a half years on the front in France.

ONE KILLED AT LAWTON.

LAWTON, Okla., July 11.—Blaine Thomas of Lawton, Okla., was killed today when his airplane fell from a low altitude. He fell to death while doing flying "stunts."

HUNS OBJECT TO BEING SENT HOME

Attempt to Escape Concentration Camp When They Were to Be Sent to Germany.

SPYNGER, Australia, July 11.—Several hundred German and Austrian prisoners made an attempt to escape by tunnelling from the Holbrowyn concentration camp here recently in order to foil the purpose of the Australian authorities to send them back to Germany and Austria.

The military authorities had previously notified the "international" organizations that they were soon to be returned to their native countries. Shortly before they were to be taken out of the internment camp, the authorities discovered a tunnel 150 feet long which led from one of the barracks underneath the fence enclosing the camp and thence to the surface outside.

They had planned to break free from the camp on the night before the pulling of the curtain for England.

EUROPE IN NEED OF AMERICAN GOAL

WASHINGTON, July 11.—"The reports are that the American coal industry will be called upon to furnish a minimum of 25,000,000 tons and possibly 40,000,000 tons of coal for European countries during the coming year, according to a report of conditions abroad" by George S. Rice, chief engineer of the bureau of mines, made public today. Coinciding with the report was received by Rice while a member of a special commission studying the situation in Europe.

The great demand for American coal, the report says, will result largely from increased production in England due to the seven hour day obtained by English mines.

France, Italy, Norway and Spain, it is added, have been largely dependent on England in the past for fuel. French mines destroyed by the Germans will not be repaired for full production within ten years.

GLOUDBURST GUTS ROAD AT NOGALES

NOGALES, Ariz., July 11.—This town was isolated today by a cloudburst which washed out railroad and automobile roads. Some of the breaks in the lines are the Southern Pacific and Tucson are ten feet deep and early tonight were still filled with running water. No trains are expected to reach here within the next 24 hours.

WANT CLOTHING AND SHOES

BERLIN, July 11.—In connection with the imminent raising of the blockade it is stated importation of necessities such as footwear and clothing will be made quite freely. But the cabinet insists that the necessities and raw materials only to the extent thought advantageous from the economic viewpoint.

As individual firms lack credit facilities, the cabinet takes the standpoint that import syndicates must be formed and these will only proceed if the government participates in their direction.

WANT FUND TO MARK NEW YORK MEDICAL CENTER

By the Associated Press.
NEW YORK, July 11.—Plans to make New York a world medical center by creation of a \$50,000,000 medical college were announced here today by Dr. Royal B. Copeland, commissioner of health, after a meeting of prominent physicians and surgeons, at which the New York association for the advancement of medical education and medical sciences was organized.

GATE IS OPEN FOR BUSINESS WITH GERMANY

Bars Are Let Down, Permitting Trade With the Teutons.

SHOES AND CLOTHING ARE GREATEST NEED

Wheat, Cotton and Copper Are in Demand—America Is to Supply Wants.

By the Associated Press.
PARIS, July 11.—The council of the league has decided to raise the blockade against Germany tomorrow, it was announced tonight.

WASHINGTON, July 11.—With the lifting tomorrow of the blockade against Germany, trading between that country and the United States as well as the other associated powers will begin.

The council's decision was taken after receipt of the report of the league experts declaring the official documents notifying the council of ratification of the treaty by Germany to be in due form.

So far as the action of the council concerning France, the measure will be effective only after publication in the Journal Officiel of a decree annulling the preceding decrees regarding the blockade.

Acting Secretary of State Polk announced today that "freedom of American firms and that the goods would flow again within 24 hours after the lifting by legal experts to a German proclamation by the president would be necessary.

Trading in all commodities, except the staple, wheat, and potatoes, could now be resumed as a result of the restrictions committee set up by the peace treaty, will be introduced, it was said. American firms doing business with Germany must send their agents into that country without passport, however, as these could not be issued until the proclamation of peace. It also was said at the state department that there was no certainty when American consuls would be sent to Germany.

Payment for the goods which this country sends to Germany must be made under a system of credits to be arranged later through private capital, officials said. Details as to this system have not been worked out.

While Germany has large quantities of goods ready to be exported officially, commodities such as wheat, iron and steel, will be as any great demand for them, this country and consequently the trade balance in favor of the United States is expected to be large.

Germany was said to be in immediate and pressing need of raw materials such as cotton and copper in order to rehabilitate her industries. Large amounts of food have been sent into that country under direction of the international relief commission, but it is believed that the demand for grain and other cereals will be great. Clothing of all kinds also is needed.

TOWNLEY'S LAWYERS CHARGE FRAMEUP

Court Rules Evidence of Organized Opposition to League Not Relevant in Hays-Libbey Case.

By the Associated Press. JACKSON, Minn., July 11.—Successful objection by the state attorneys to the introduction of evidence which the defense charged would prove a "political frame up" against A. C. Townley and Joseph Gilbert, charged with conspiracy to teach disloyalty, and the appearance of a long line of witnesses who asserted that Townley's speech at Cambridge, Minn., February 18, 1918, was not unpatriotic, marked the afternoon session of court today.

Clarence F. Johnson of Marquette, Minn., who stated he formerly was in the employ of Charles Patterson of St. Paul, alleged by the league to be the head of an organization working against it, was not allowed to testify other than to say that Mr. Patterson was representing an organization the name of which Johnson did not know.

When Attorney Holke asked the witness who comprised the organization, Assistant Attorney General J. J. Markham said: "There is no possible relevancy to this. The defense repeatedly has referred to some organization opposed to the activities of the Non-Partisan league. If there were a dozen of them, it would make no difference so far as the indictments against Townley and Gilbert are concerned."

The state's objection was upheld. The ruling out of the Johnson testimony brought some warm clapping between the attorneys. T. V. Sullivan, representing the league, told Prosecutor Nichols the defense could show that "there is a frame up and you are in it."

PREVENTS SUICIDE CHINESE PATRIOTS

Attempt to End Lives Made by Chinese in Presence of President of Faculty.

By the Associated Press. SAN FRANCISCO, July 11.—Chinese patriots, according to a message received today from Peking by H. C. King, president of the Chinese National Welfare society, endeavored to commit suicide Sunday in the presence of Hsu Shih Cheng, president of China, in protest against the transfer of Shanghai province to Japan by the peace treaty.

Three members of the delegation of merchants, teachers and students succeeded in wounding themselves severely before police guards could stop them. President Hsu told the delegation the treaty which gives Japan control of Shanghai must be signed, the message stated.

STARVING BABES LAY AMONG DEAD

Dogs Tear At Bodies of Bristol Bay Indians Dead From Invasions of Influenza.

By the Associated Press. SAN FRANCISCO, July 11.—Confirmation of reports that the native Indian population of Bristol Bay, Alaska, virtually was wiped out by an

epidemic of influenza was brought here today with the arrival of the United States cruiser Maibled from a relief expedition to the north. According to Lieutenants W. P. Leahy, senior medical officer of the expedition, 95 per cent of a population of more than 200 persons had died by the time the expedition reached Bristol bay.

Children and babies who appeared immune from the disease but weak from starvation lay among the dead upon which bands of dogs were prowling when the expedition arrived, the officer said.

The Maibled left here with supplies, narcotics and supplies June 4.

FORD'S BIG PLANTS ALL ON WAR WORK

When Armistice Was Signed Detroit Concern Was Entirely Given Over to America's Needs.

By the Associated Press. MOUNT CLEMENS, Mich., July 11.—When the armistice was signed on November 11, 1918, the great Ford Motor company plant at Detroit was entirely given over to war work, according to Edsel B. Ford, president of the company.

Mr. Ford occupied the entire session of court today testifying in the suit of his father, Henry Ford, against the Chicago Daily Tribune, in which he seeks \$1,000,000 damages on a charge of libel. Henry Ford was in court, waiting to testify.

The Ford company manufactured Liberty airplane motors, Mr. Ford testified, and by a new process cheapened the production of cylinders for this motor and manufactured all of the cylinders used by the Ford company and other companies making Liberty motors and likewise the bearings; it made nine or ten thousand artillery cannons; did the finishing work on two million helmets; perfected and produced a new light armor for tanks which withstood the shock of older armor; and by the Ford company produced sixteen or seventeen tanks, and had an order for 15,000 of them when the war stopped; turbines, gears and boilers for the Eagle boats; tractors to increase food production in England; and in a separate plant at River Rouge produced hulls for the Pacific boats.

Henry Ford, witness continued, maintained in England throughout the war a hospital for Belgian refugees, and in the United States turned over to government use large buildings in Cambridge, Mass.; Atlanta, St. Louis, Cleveland, Long Island City, Washington and Detroit. This testimony was largely destroyed as an answer to the Tribune allegation that in 1916 Mr. Ford's pacifist utterances and attitude so threatened to weaken the military powers of the United States, this destroying argument, that the newspaper was justified in calling him an armistice, as it did in an editorial June 23, 1916.

IRISH LANGUAGE AN ESSENTIAL FOR NEW STATE

DUBLIN, July 11.—Extreme importance attached by the Sinn Fein leaders to the Irish language question. This has been made evident in several speeches lately.

Arthur Griffith, member of parliament, said they were only building an independent nation because against an Irish speaking and Irish thinking nation.

SOLONS PULVERIZE BLACK DEMON RUM

Talkiest in House Permits Diversity of Opinion on Iniquities of John Harteyorn.

WASHINGTON, July 11.—In the course of a five-hour debate in the house today on the prohibition bill, the liquor traffic was likened to a convicted criminal, appealing for reprieve while some of the more drastic provisions of the measure were denounced as invasion of the liberty, hospitality and habits of the home.

It probably was the last great day of prohibition oratory in the house. Not all of the twelve hours set aside for general debate had been used at the close of an all-day discussion which ranged from a technical argument on constitutional questions to a straight stump speech for prohibition and its enforcement.

Chairman Volstead of the judiciary committee, in charge of the bill and Representative Rice, democrat, Missouri, leader of the minority, were invited to state all of the time desired by members anxious to be heard. There were more demands than there was time to give, with everybody wanting a word. Time and again there was the droning call, "the gentleman makes permission to extend and give his remarks." The speech-making will continue tomorrow, but the house will not begin actual work on the bill, section by section, until Monday.

Again today, ardent prohibitionists declared they could not support the enforcement bill because it would allow Congress to define intoxicating liquors as a beverage containing one-half of one per cent alcohol the federal law for such enforcement cannot become effective without concurrent action by the several states.

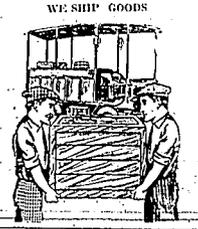

The principal "dry" argument against the measure today was made by Representative Moon, democrat, of Tennessee, who declared that unless it was materially amended he would feel in duty bound to vote against it or else express his disapproval by not voting at all.

For twenty-two years, Mr. Moon said, he had stood upon the floor of the house and upheld the cause of prohibition, but the enforcement bill, which he characterized as "impracticable and senseless as anything ever suggested" should be opposed "because it is worse in all its features than the infamous Proca bill." He accused Congress of going beyond its constitutional powers in attempting to say a man should not put liquor in his home, and in attempting to define intoxicating liquors by limiting the alcoholic content to one-half of one per cent.

It was apparent tonight that prohibition leaders were somewhat disconcerted by persistent attacks on the enforcement bill by members of the house regarded heretofore as certain to support it. They still clung, however, to have votes enough to put it through substantially as drafted, although they said radical changes undoubtedly would be made by the senate. The drive by the "wets" apparently had broken up all attempts, throughout several days ago, to make the bill more drastic than in its present form.

TO HAVE BUTTONS FOR VETS. SHORTLY

Announcement was made yesterday by the Twin Falls recruiting office that it is anticipated that the Victory buttons to be given to veterans of the late war will be here within a few days and that distribution will be made immediately. It will be necessary for a man to produce his discharge to secure one of the buttons and the discharge will be stamped similar to the stamp placed on the papers when transportation was issued. Wounded veterans will receive a silver button; all others will get a bronze button.

Stephan filed a complaint making this charge yesterday afternoon. Grosvenor was released on \$7500 bond pending his hearing. The accused man, who was a defender, and Van Ripper had a dispute last Saturday. Grosvenor says that he struck Van Ripper in self defense. Van Ripper, who was one of the best known farmers of the Bull settlement, passed away Wednesday morning. Seventeen of the man's neighbors signed the bond. Grosvenor was represented by Bethwell & Chapman.

NO HELP IN SIGHT FOR M'KAY'S DAM

Unsettled Project Can Not Be Reached, Information Service Tells Senator Chamberlain.

By the Associated Press. PORTLAND, Ore., July 11.—The reclamation service finds it impossible to extend the Unsettled project by building the McKay dam and other works that would go with it, according to a letter to Senator Chamberlain from the service, a Washington dispatch received today stated. Failure by congress to approve the amendment to the sundry civil bill offered by Senator Jones of Washington.

Don appropriating \$50,000.00 to replenish the reclamation fund makes it impossible to take up any further projects. Mr. and Mrs. P. Bondell of Wendell are among business visitors in Twin Falls.

COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to Keep Her Locks Dark, Glossy, Beautiful.

The old-time mixture of Sage Tea and Sulphur for darkening gray, straggled and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite possible, as you are living in an age when a youthful appearance is of the greatest advantage. Nowadays though, we don't have the tediousness, junk of gathering the sage and the messy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wysil's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the laundress with Wysil's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also produces that soft and lustrous appearance of abundance, which is so attractive. This ready-to-use preparation is a beautiful toilet requisite for those who desire a neat, youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

URGES TEACHERS TO FIGHT ALL FORMS OF BOLSHEVISM

BURKLEY, Cal., July 11.—An appeal to the teachers of the state to fight Bolshevism was made at today's session of the convention of the California High School Teachers' association.

Dr. David P. Barrows recently returned from Russia, where he spent a year in the service of the government, urged the educators to fight all evidence of Bolshevism in the open and to meet its attacks with return ammunition.

Dr. Berg of Burley was in Twin Falls yesterday on business.

In Dolso last month the men were arrested in the boxing bout that will take place in Dolso next week between Harry Gillum, "the Fighting Shipbuilder," and Al Bonner, former soldier. The Twin Falls contingent rooted for Kravosky who was knocked out by Gillum during their visit in Dolso because Kravosky had worn the uniform while Gillum confined his war activities to working in the Portland shipyards. With another soldier facing the Dolso man, hopes here are that the service will be better represented than formerly. Bonner is a tough nut and if Gillum puts the K. O. over on him he will deserve matches with more classy boxers than he has been stalling with in Dolso the past several years. Bonner fought in Wallace, Idaho, several times before entering the service, and at all times he gave the fans a good run for their money. Among his victories was one over Jack Torres, a Colorado Mexican, who was a great favorite in the Panhandle until he met Bonner.

AIRPLANE TOURING

Alpine tours on the plan of the famous Olden automobile tours are to be started next month in this country. The idea is to interest the public more generally in the airplane as a pleasure craft as a means of transportation, and to stimulate a market for the many planes manufactured for government use but now idle.

The tours will be divided into four classes, day, week-end, vacation, lasting two weeks, and 2,000 mile tours lasting ten days. Owners of airplanes, groups of people interested, newspapers and periodicals are all eligible to offer entries, and prizes and cups will be given for fine performance in speed, reliability, etc.

There may not be a crowd of entries for the first tour. Individual ownership of planes is a little limited, and the thing will loom rather large financially even as an advertising medium for newspapers of big business concerns. Nevertheless, it is one more indication that the airplane is here to stay, to become a common part of our everyday life as is the automobile.

At least, the tours offer a suggestion to the person who has been wondering where in thunder to go for a vacation this year.

THE GRAPE INDUSTRY

When the prohibition regime was still dilatory, the grape-growers of California and Ohio were asking in dismay, "What will we do with our grapes?"

Now they know. They will make grape juice and grape jam and grape jelly and grape strap out of them. And from the present demand and present prices, it is evident that they will make more profit from these products than they ever made from their wine.

Producers of grains, hops and nearly all the other things which formerly entered into the manufacture of alcoholic liquors are having a similar experience. Their product can be used for temperance drinks and for food stuffs for which the market is expanding.

This happy discovery serves once more to justify the famous aphorism of the Boston Globe: "I am an old man, and have had many troubles, but most of them never happened."

LOOKING BACKWARD

Somebody has dug up a letter written to a man in Hartford, Conn., in 1820, by a pioneering brother who had settled in Ohio. It contains this interesting reference to the liquor situation of that period:

"Whiskey is the principal drink used in all this western country, and is drunk in great abundance. The principal reason of this, probably, is the want of a market for their surplus quantity of grain, which induces the habitues to convert it into whiskey, which is very cheaply produced."

There seems to have been little "problem" about it in those days. It was evidently not thought of as a moral problem or efficiency problem. They had more grain than they could get or sell, so they made their surplus into whiskey and drank the whiskey. This experience was duplicated in many parts of the United States in the early days—and to some extent in days not so early.

The present generation has been a hard-headed, stuffy, self-satisfied generation. With all the virtues professed by those of a former generation, they have hardly realized as high a standard as it has among their descendents of recent decades. And they would have been amazed at the public suggestion that their grandchildren and great-grandchildren would pronounce alcohol an intolerable evil.

FRENCH PREPARE TO STUDY PEACE TREATY

Commission to Be Increased by Nine Members to Move On - Hela Kun.

By the Associated Press.

PARIS, July 11.—(By French Wireless Service.)—The Senate has decided to entrust the examination of the peace treaty to its ordinary commission of foreign affairs. The number of its members, however, will be increased by nine. The new members will be selected from the different parties and it is expected that among the number will be two former presidents, Emile Combes and Leon Bourgeois.

Marshall Foch and representatives of Czechoslovakia and Jugoslavia were before the supreme council of the peace conference today for a discussion of the movement of the purloins of Hela Kun, Hungarian communist foreign minister, against Czechoslovakia and Austria, and the indivisibility of combined military action against them.

The different representatives were asked to agree with their governments to find out to what extent they are ready to participate in military operations against Hela Kun's forces. No decision will be reached until their reports are received.

Advices received here outlining the composition of the new Czechoslovak cabinet says Dr. Krcak-Kramarz, the former premier whose cabinet resigned recently will not be a member. The ministry is composed of four national socialists, four social democrats, two agrarians, socialists, and two Slovaks.

HUNGARY TO BE HANS

LONDON, July 11.—An Exchange Telegraph dispatch from Copenhagen quoting advice from Budapest, says the mission sent to Moscow by Bela Kun, the Hungarian communist leader, has returned after a long conference with Lenin and Trotsky. Bela Kun has received a letter from Lenin saying Hungary is to be the basis for bolshevik propaganda against the western European powers. The mission is said to have obtained several million embers of English and French bank notes to be used in furthering the propaganda.

WORLD BUREAU SOCIALISTS

VIENNA, Thursday, July 10.—The national socialists in the Czech partition are attempting to break up the socialist majority and overthrow the new ministry because Premier Tuzar did not appoint their candidates for the portfolios of transportation, commerce and public works. The finance minister has announced a deficit in the Czechoslovak treasury of 5,000,000 crowns.

PROMISES FULFILLMENT

PARIS, July 11.—The German ratification document consists of the text of the peace treaty, the terms and the ratification dealing with the occupation of the Rhinland. The ratification concludes with the following paragraph: "Having been approved by the legislative body of the German empire, and having been submitted to me I declare that I ratify the treaty, protocol and convention and I promise to fulfill and ensure the execution of their clauses." (Signed) "Ebert, President of the German Empire." Berlin, 2th of July, 1919.

NETT ATTACKED BY HIS OPPONENTS IN CHAMBER

By the Associated Press.
ROME, July 11.—Premier Francesco Selli was attacked in the Chamber of Deputies today by his opponents brought forward in an attempt to demonstrate the unpopularity of Premier Nitti with the allies. He was one of the effect that an allied ambassador had presented against the resignation of Premier Nitti when the latter went in America as a member of the Italian mission. Deputy Giuseppe Pisonelli also declared that an interview given by the premier to the Associated Press had been "spoiled" by the responsibility.

Premier Nitti protested indignantly at the first assertion, saying that the author of the report was a "liar." Regarding the interview, he said, it was true that at the beginning of the

other had he had given an interview to the Associated Press in which he urged the dispatch of American soldiers to the Italian front.

"Was this anti-patriotic?" asked the president amid the approbation of the chamber.

GERMAN BANK PLANS THE FORMALITY OF A "WALKER"

By the Associated Press.
NEW YORK, July 11.—Seven leading German banks are considering recognition of a "walker" for the handling of all foreign business, according to a report current in financial circles here today. According to this report the plan calls for establishment of a branch in New York with possibly branches in other American cities.

It was pointed out by financial experts that if this plan were carried out it might abolish the business of dealing in foreign exchange in German cities.

TWO HUNDRED THOUSAND IMMIGRANTS ARE DOOMED

By the Associated Press.
NEW YORK, July 11.—Declaring it now is too late to save from death 200,000 of the 700,000 starving Armenian refugees in the Caucasus, the American relief administration announced tonight that the American committee for Armenian and Syrian relief had "pledged every dollar; at its command" to aid in relieving distress in that stricken district.

COPIES DON'T AGREE

WASHINGTON, July 11.—It was stated today that some of the "copies" which has been sent to the government's hand for connection with recurring fears of a secret treaty between Japan and Germany corresponding entirely with photostatic copies of the alleged treaty which have been circulated among senators. The photostatic copies reproduce a publication of several weeks ago in a publication at Shanghai.

FOUR GREAT POWERS CLAIMED

PARIS, July 11.—Premier Clemenceau appeared before the committee of the chamber of deputies which is considering the peace treaty today and reviewed the circumstances under which the treaty was framed. He said that the difficulties the allies encountered during the war confronted them in a checked degree when they came to make peace.

DISCHARGE

In the District Court of the United States for the District of Idaho, Southern Division.
In the matter of George W. Wako, Bankrupt.
Notice is hereby given that George W. Wako has filed in the United States District Court of Idaho his application for discharge in Bankruptcy, and that all creditors and other persons in interest are required to show cause, if they have any, why the prayer of said petitioner should not be granted by entering their objections in said proceedings on or before the 21st day of July, 1919, and within ten (10) days thereafter filing the petitioning grounds of their objections in the office of the clerk of the said court.

Given under the authority of the several orders of said court and by a special order of the undersigned July 15th day of June, 1919.

W. GHR CHAPMAN, Referee.

June 28, 1919.

How to Jump Into First Place.

On each 2-year subscription to The Chronicle or approximately its equivalent in shorter term orders, 40,000 votes are allowed—providing same is received at the campaign department before 9 o'clock Monday night, July 21.

Then, in addition to that, 50,000 SPECIAL EXTRA votes are allowed on every "club" of \$24.00 turned in.

Therefore, two 2-year subscriptions (amounting to \$24.00 in business) means 130,000 votes.

It can readily be seen by glancing at the vote totals above that just a few such subscriptions for any candidate would furnish a new leader in the race; in fact, an ENTIRELY NEW CANDIDATE what at this time has no votes at all, could, by a little enthusiastic action on the part of themselves and friends, climb to the top of the list and thereby acquire the leadership for the big prize automobile.

And, when one takes into consideration the value of the prizes to be awarded and the short time the competition is in force, they are well worth any effort they might take to secure.

REDS TIE GIANTS BY WINNING TWICE

Table with columns: Team, Won, Lost, Pct. Rows include New York, Cincinnati, Chicago, Pittsburgh, Brooklyn, St. Louis, Philadelphia.

REDS TAKE TWO BOSTON, July 11.—Cincinnati took both games today from Boston, the first 4 to 2 in 12 innings and the second 6 to 2. The visitors tied the first game in the eighth when with one on base, Hardin's drive to left center bounded into a hole into the score board for a home run, Dunbar opened the thirteenth inning with a single and scored on Gray's home run to right. The scores: First game: R. H. E. Cincinnati 4 2 1 Boston 2 3 0 Batteries: Reuther and Hardin; Neft and Gowdy. Second game: R. H. E. Cincinnati 5 12 1 Boston 2 5 3 Batteries: Eller and Wingo; Kentling, Demarco and Gowdy.

NEW YORK 2, ST. LOUIS 0. NEW YORK, July 11.—New York made 11-two out of three today from St. Louis, Barnes shutting out the Cardinals in the first game of the series 2 to 0. Barnes defeated St. Louis for only the second time during the entire National League career. Score: R. H. E. St. Louis 2 9 2 New York 0 0 0 Batteries: May and Dilbecker; Barnes and Gonzalez.

ENFORCEMENT BILL JUSTIFIED SAYS WILLIARD. By the Associated Press. WASHINGTON, July 11.—(AP) new law of the prohibition enforcement bill now under attack in congress has a precedent in laws existing in prohibition states, Wayne C. Wheeler, general counsel of the Anti-Saloon league asserted tonight in a statement. Mr. Wheeler declared the measure was being grossly misrepresented, and said that soft drink dealers and extract manufacturers had nothing to fear from its provisions.

Cincinnati is still cheerful, though somewhat in hiding here. From all Lake Erie to the Ohio river the baseball fans of the Buckeye state have been paying for two months, and can't get satisfied with the Washington newspaper fight it wants the world's series. Imagine a world's series being fought off in Ohio! It wouldn't be worth a line in New York and Chicago papers. If the Reds win the present the beer-drinking population of the river towns will feel they have been wronged for the loss of their heroes. They can get drunk on baseball dope, and stay so all winter. Hope springs eternal in the hearts of Cincinnati, Cleveland and St. Louis baseball fans. And if it were not so four baseball managers would now be in the real estate game or selling life insurance.

WILLARD DOESN'T VISIT GOTHAM. Jess Willard was so confident of beating Jack Dempsey he had planned to visit New York, and spend a month or six weeks there. The beating he took at the hands of the younger man spoiled the program and Jess left Toledo for his Kansas farm in a motor car. Chicago in his public statements the ex-champion is nevertheless very sensitive over his defeat. He has no hankering to mingle with the crowds and hear references to the Toledo battle, neither he would go into retirement while in his quiet Kansas home. Later when the sport world forgets Jess will venture forth and resume all business in Texas.

DRUGS EXCITE YOUR KIDNEYS, USE SALTS

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate that entire organ. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they eliminate from it 600 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jald Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will be renewed—this famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys and to neutralize the acid in the urine. It is no laxative, but a water of irritation, thus ending bladder trouble.

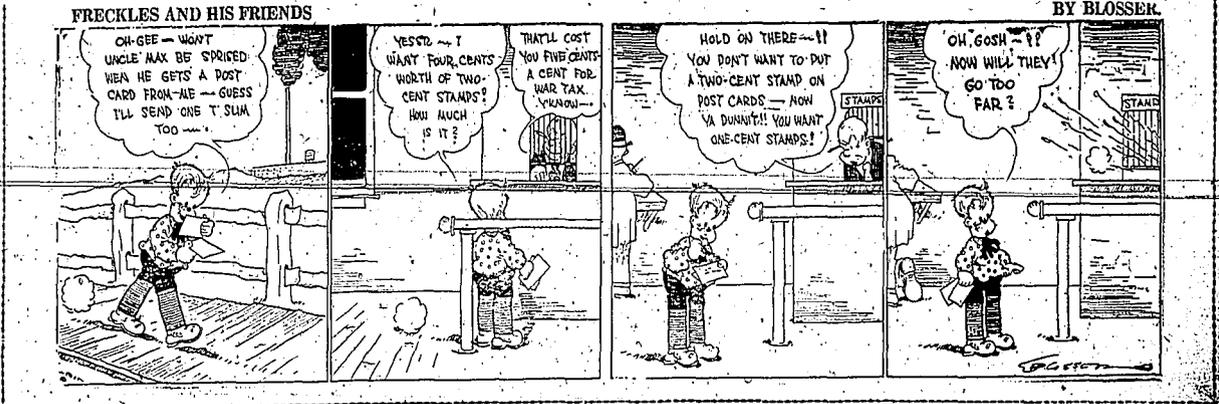

Jald Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water-drinking, and a doubt you will wonder what became of your kidney trouble and backache.

Your Ultimate Success

depends to a very large extent on what you accomplish these "Big Vote Sched-ule" days. Hard work now will count for more than all the regrets in the world when the race is over.

Advisory Board

"It is the sincere aim of this newspaper to conduct this contest, from start to finish, in a fair, honorable and impartial manner. Every precaution has been taken to safeguard the interests of participants, and absolute honesty in all dealings is guaranteed.

However, not all wisdom lies with any one man or institution, and for that reason an Advisory Board has been decided upon, whose functions shall be to decide any question of sufficient moment that might happen to arise during the competition and from which a committee shall be selected to act as judges and count the votes the last night of the contest. The personnel of this board is as follows:

W. H. BUCHHEI, Mayor Twin Falls; LEO F. THOCKERT, Cashier Idaho State Bank, Twin Falls; A. H. COLWELL, District Attorney Twin Falls; H. OSTERMANN, City Comptroller, Twin Falls; J. M. SHANKS, Esq., Probate Judge and Attorney, TWIN FALLS; W. P. SHANKS, Postmaster, TWIN FALLS; H. THURMAN, Banker, Kimberly; JOHN J. H. SEAVIER, State Senator, Castleford; H. F. MOORHOUSE, Postmaster, Hollister.

All of these gentlemen are well known to everyone in Twin Falls and surrounding territory, and the final results, as given out by them, will be beyond dispute.

FIRST PERIOD

Embracing the first few weeks (terminating July 21) the fol-lowing number of votes will be issued on subscriptions:
Six months \$ 3.25 6,000
One year 6.00 12,000
Two years 12.00 24,000

SECOND PERIOD

Embracing the next 10 days (terminating Aug. 2) the fol-lowing number of votes will be issued on subscriptions:
Six months \$ 3.25 4,000
One Year 6.00 12,000
Two years 12.00 24,000

THIRD PERIOD

Embracing the last week (ter-minating Aug. 2) the following number of votes will be issued on subscriptions:
Six months \$ 3.25 3,000
One year 6.00 10,000
Two years 12.00 20,000

The above schedule of 1919, which is on a declining scale basis, positions not to be changed during the competition. A special ballot, good for 50,000 votes, will be issued on every "3 O'clock" of 1919. This arrangement will be in effect throughout the entire campaign and is to be considered a part of the regular schedule. There will be no extra votes offered, extra prizes given, or any other inducements whatever in- augurated during this campaign. Remember this and lay your plans accordingly.

Grain

CHICAGO, July 11.—Corn weakened today for old crop deliveries, but strengthened for the new crop month, December. There was much sentiment that July and September were up to near the basic price of wheat. On the other hand, notice that trade relations with Germany could at once be resumed led to some speculative buying of December corn. The close was unsettled, varying from 2 1/2c net decline to an advance of 2c, with September \$1.92 1/2 to \$1.93 1/2, and December \$1.97 1/2 to \$1.98 1/2. Oats and rye advanced to 2 1/4 to 2 1/2c. The final in provisions ranged from 30c setback to 12c net advance.

Most of the corn trade was in the December option, and there was evidence that the bulls' especially had transferred their sentiment to that month. The day's top figures for December were reached just at the close when attention was focused chiefly on the subject of renewed business with Germany.

Oats climbed to the highest price yet this season. Resealed buying and unfavorable crop reports were responsible. Absence of demand weakened provisions notwithstanding new top record prices in the hog market.

SEEKS TO CLARIFY RIGHTS TO WATER

Suit is Filed Against Several Parties by Bernard et al.—Injunction is Sought.

Suit was filed in the district court yesterday by Bernard Arnold and others against Henry Squires and others seeking to enjoin the defendants from using water alleged to more than the amount the defendants are entitled to use. According to the complaint, Squires and the other defendants secure from the Twin Falls Canal company water from Lateral 5 A 2 and that the water, more than they are entitled to, is then conveyed by private ditch to the lands of the defendants. An injunction is sought by the plaintiffs.

RUSS TWIN FALLS FOR \$6000.

Suit was filed in the district court yesterday by the Elko Milling company against the city of Twin Falls for \$6000. The suit is the outgrowth of the recent breach in the water mains in Twin Falls in which the basement of the millinery company was flooded. The city has alleged that the fault lies with the company which furnished the pipe, but has been unable to make a settlement with that concern. Several other concerns which were flooded have filed claims against the city.

Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folks habitually insist on loading their system with drugs. "What an inside battle you say? Well, it is guaranteed to perform miracles of you could be have those hot water enthusiasts.

There are vast numbers of men and women, to who, immediately upon arising in the morning drink a glass of hot water with a tablespoonful of lime-saline phosphate-in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour, stale and indigestible material left over in the body which if not eliminated every day becomes a real foe to the flow of bacteria which infect the bowels, of the quick result in poisons and toxins which are then absorbed into the blood causing headache, dizziness, attacks, foul breath, bad taste, cold, stomach troubles, kidney misery, indigestion and all depressions and ailments.

People who feel good one day and badly the next but who simply cannot get feeling right are urged to obtain a quarter pound of limestone phosphate as the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

Just as soap and hot water act on the skin, cleansing, sweetening so hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

DOINGS OF THE DUFFS

NEXT EIGHT DAYS CRUX OF CHRONICLE'S BIG CAMPAIGN

The coming eight days will undoubtedly prove the most important of the entire Chronicle Election to our candidates. The greatest vote of the entire campaign is now in force and offers the opportunity for candidates, both present and prospective, to get a lead in the race. Those who are wise will not busy at home and gather in a harvest of extra votes during this present vote schedule.

Those who have been thinking of entering the big Gift Distribution campaign and those whose names now appear in the list, but as yet have not started an active campaign will find no better time to do so than right now. With the present big vote schedule in effect, giving a new candidate a chance to pile up votes on the double catch, no one should delay entering the big campaign with determination and earnestness to win this very week.

The Chronicle's big election offers the people of this community an opportunity to choose from the greatest and most capable of our citizens as leaders in this part of the state. The beautiful Paige car of the very latest

"MEX" CONFISCATES BIG OIL PROPERTY

British Government Makes Strong Representations to Carranza—U. S. Watching Transition.

By the Associated Press. WASHINGTON, July 11.—Confiscation by the Mexican government of the property of the Scottish-Mexican Oil company, a British company, with several American stockholders—the first actual confiscation since the Carranza decree, which has been the subject of protests from Great Britain, Holland, France and the United States—was reported today to the state department.

The property of the Scottish-Mexican company, it was said, now was being operated by the Mexicans, who have brought in a 50,000 barrel oil well on the land. The British government, it was learned, has taken up the matter of the seizure with the Mexican government and has advised the central committee acting to continue to fulfill its obligations under Mexican law.

The land on which the company operated, according to company officials, was leased in 1910, conforming in every respect to the laws of Mexico.

The state department, although interested in this confiscation because of the number of American stockholders in the company, has not taken any steps in the matter but is watching closely the steps being taken by the British government.

CANADIANS KICK OVER U. S. GOAL

Object of Buying Output of West Virginia Mines, While They Are Idle.

By the Associated Press. SYDNEY, N. S. W., July 11.—Frustration of a general strike as a protest against the action of the dominion government in permitting the Canadian national railways to purchase coal in West Virginia, while Nova Scotia miners are out of work, were made at a mass meeting of unemployed at Sydney mines today.

In connection with the fact that Nova Scotia miners are now working but half time, D. A. Cameron, M. P., tonight issued a statement in which he said the situation might be laid to three causes:

First—Commencing by the Imperial government of vessels used in the St. Lawrence coal trade even though it contained preferred freight rates would be maintained.

Second—Increased freight rates charged by the Canadian national railways.

Third, the fact that coal of excellent quality in Nova Scotia is discarded even as far east as Montreal or Campbellton, N. B.

STEEL WORKERS MAKE PLANS FOR NATION-WIDE STRIKE; VOTE

By the Associated Press. WASHINGTON, July 11.—Representatives of 24 affiliated unions of workers in the steel industry, at a meeting here today adopted a resolution recommending that a strike vote be taken among their members. Definite action on the recommendation will be taken at a conference of the international union presidents to be held at Pittsburgh July 20th.

SCANDINAVIANS ASKED TO JOIN IN SWEDEN'S REVOLT

WASHINGTON, July 11.—Copies of a circular inviting Swedes, especially those of Scandinavian ancestry, to join

in the explosion of a gas tank. Mr. Hensell, proprietor of the establishment, was at work in the basement at the time of the explosion and was rendered unconscious. The fire department soon arrived and led the blaze under control in a short time.

Fred Reynolds made his way into the room and rescued Henry and he, too, was overcome by the fumes.

A returned soldier by the name of Parley got his gas mask and soon carried both men to safety. They were taken to the hospital, where Reynolds was soon revived. Reynolds was unconscious for about two hours, after which he slowly regained consciousness. His arms were badly burned and the attending physicians hold little hope for his recovery. The damage to building and contents was very light.

FAIL TO REACH AGREEMENT TO END MARINE WALK-OUT

By the Associated Press. WASHINGTON, July 11.—Representatives of the International Seamen's union and Vice Chairman Stevens and other officials of the shipping board failed to reach any agreement today toward ending the strike of marine engineers, oilers and firemen, which began yesterday on the Atlantic and Gulf coasts.

MEXICAN GUN TO JAPAN SHIP LEASES ARE PLANNED

TOKIO, July 11.—Japanese interests are planning shipping permits direct from the Gulf of Mexico to Japan to supply this country with the cotton she buys from the United States. The cost of shipping will be far below the present rail transport in New York. Vice Chairman Stevens and a number of shipping board officials will go to New York early tomorrow.

BELGIANS PURCHASE MODERN TOOLS FROM AMERICAN ARMY

BRUSSELS, July 11.—Heads of the Belgian metal establishments have concluded an arrangement with the United States army for the purchase of machine tools which were in use by the American forces in Europe, of which were awaiting shipment from the United States. This sale, and its conditions, will do much to make possible rapid re-establishment of many metal plants.

SEMINOFF, COSSACK CHIEF WOULD BE SIBERIA'S KING

Eastern Napoleon Plans to Seize Power—"His One Great Weakness—Her Name Is Josephine."

BY PEGGY HULL. (Only MURPHY WOMAN, Writer Watching the Bolshevik War in Siberia.)

With the Americans in Siberia, "There are violent and disturbing evidences of the coming of a new king in the neighborhood of a conqueror and the qualifications of a conqueror and the inevitable record of accomplished everything he has attempted. Even governments have honored his wishes although he is only a Cossack chief and if he carries out his threat to establish his own kingdom the better is all on his side that will succeed. Ataman Seminoff, with his 100,000 army of Chinese bandits, Mongolian outlaws and Cossacks, was the chief opposition in the beginning against the Bolsheviks in Siberia. He lost no battles and from some mysterious foreign power he enjoyed unlimited financial and armament support. His armored train was the envy of the struggling Czech-Slovak troops and whenever Seminoff wanted a village or a strategic point along the railway he backed his private egg and took it. Seminoff's chief adviser, Admiral Kolchak placed himself at the head of the government in Omsk last November. He had personal reasons. Kolchak looked upon the Cossack as a good soldier, but he was not in sympathy with the latter's ambitions. Seminoff knew his chances of becoming the military chief of the Far Eastern troops had dwindled to nothing with Kolchak on the job, so he decided to play a high-handed game.

PAPA JOFFRE TO ACCOMPANY FOCH AT HEAD OF PARADE

By the Associated Press. PARIS, July 11.—An official note issued this evening announces that General Foch will accompany Marshal Foch at the head of the victory parade July 14 over the entire route through Paris. This, it is pointed out, will give satisfaction to Marshal Joffre's friends who are indignant that his name was left off the original official program.

MILITIA IN CHARGE OF RACE-MAD CITY

Units Follow Closely Negroes, Whites and Negroes in Texas—Troops Are Called.

By the Associated Press. LONG VIEW, Tex., July 11.—Nearly 200 members of the Texas National guard from Dallas and Nacogdoches, ordered here today by Governor W. P. Hobby to prevent further clashes between whites and negroes, were arrested tonight by train and automobile. The situation remains quiet after a clash early today in which four white men were wounded when a small party of whites was fired upon by negroes, estimated to have numbered about 75. Reports that one negro had been killed could not be confirmed and as far as known none was wounded.

ADDITIONAL TROOPS ARE REQUESTED TO RELIEVE THE SOLDIERS TOMORROW

The trouble today occurred when 12 or 15 white men were waylaid and fired upon in the negro section of Long View, where they had come in search of P. L. Jones, a negro school teacher, accused of raising the prohibition of statements derogatory to a young woman of this county in a negro newspaper published in Chicago. The whites returned the fire of the negroes who were hidden in various places and a killing when their ammunition was exhausted.

A general alarm was sounded and the whites with reinforcements soon returned to the scene to find that the negroes had dispersed. Two of the practical negro residences were then burned by the whites.

SEMINOFF, COSSACK CHIEF WOULD BE SIBERIA'S KING

Eastern Napoleon Plans to Seize Power—"His One Great Weakness—Her Name Is Josephine."

BY PEGGY HULL. (Only MURPHY WOMAN, Writer Watching the Bolshevik War in Siberia.)

With the Americans in Siberia, "There are violent and disturbing evidences of the coming of a new king in the neighborhood of a conqueror and the qualifications of a conqueror and the inevitable record of accomplished everything he has attempted. Even governments have honored his wishes although he is only a Cossack chief and if he carries out his threat to establish his own kingdom the better is all on his side that will succeed. Ataman Seminoff, with his 100,000 army of Chinese bandits, Mongolian outlaws and Cossacks, was the chief opposition in the beginning against the Bolsheviks in Siberia. He lost no battles and from some mysterious foreign power he enjoyed unlimited financial and armament support. His armored train was the envy of the struggling Czech-Slovak troops and whenever Seminoff wanted a village or a strategic point along the railway he backed his private egg and took it. Seminoff's chief adviser, Admiral Kolchak placed himself at the head of the government in Omsk last November. He had personal reasons. Kolchak looked upon the Cossack as a good soldier, but he was not in sympathy with the latter's ambitions. Seminoff knew his chances of becoming the military chief of the Far Eastern troops had dwindled to nothing with Kolchak on the job, so he decided to play a high-handed game.

Seminoff talked repeatedly of Kolchak's misunderstanding and declared emphatically he was not a traitor. He denied Kolchak's right to put himself up as the head of the government and then denounce where and when he pleased, the officers who had been fighting the Bolsheviks.

The man on his staff compared him to Napoleon. "They would so enthusiastically on the subject that they declared he alone could save the Russian empire from suicide. Tobolsk, Astrak and other people prominent in the French revolution ran through their conversation. They were standardizing themselves in relative position with their own revolution.

Like warriors of old who fought their battles well, Seminoff has created his own code and public opinion and a healthy so flagrant that any moving picture director in the United States wouldn't hesitate a second to let her name her price on sight.
