WORLD STILL FACES PERIL SAYS LANSING

Signing of Treaty Results in Unwarranted Apathy, Secretary Believes.

TREATY NECESSARILY ONE OF COMPROMISE

Weaknesses of Omission and Commission Inevitable in a Document of Such Moment.

PARIS, July 12.—Before leaving for the United States tonight, Secretary Lansing made the following statement to the American correspondents: "Many thoughts run to mind on leaving the peace conference after six months of effort. Never before has such an international gathering been held, for here has been the meeting ground of twenty-seven nations to liquidate a world war and establish a new order and a laboratory where already a system of world cooperation has been born, out of necessity."

Lays Down New Order.

"Out of all has come the most important international document ever drawn—the treaty of peace with Germany—a document which not only marks the closure of the present war, but also lays down new agreements of the most helpful and most hopeful character. The struggle are bound together to avert another world catastrophe. The ordinary people are given a new hope for the future. The rights and liberties are liberated to form new states—a beginning, I think toward removing unjust economic restrictions, and the great military autocracies of central Europe are destroyed as the first step in a general disarmament."

Many Weaknesses In Pact.

"The treaty is, of course, not all that we had hoped for. It could hardly be expected to be. Too many conflicting interests were involved as well as the many limitations of documents which would tax the most perfectly balanced mind. Nearly every one will find in its weaknesses both his omission and commission, provisions inserted which might better have been left out, and provisions left out which might better have been inserted."

Such a document, however, he examined both against the background of its creation and in the large sweep of its spirit.

Signifying Steps to New Epoch.

"From that point of view we may call it a stepping stone from the old international methods to the new. If it still holds some of the distrust and hatreds of the war which Germany has still carried for herself, if its construction has been hobbled by memories of secret pacts and promises, it must be borne in mind that it carries with it the evident purpose to throw off the old methods of international intrigue and plotting. "The peace treaty has been met by the starting point of world reconstruction. Now that the general principle has been laid down it remains to execute them. And by that I mean, not so much retributive action against the present enemy as by the attack in the world, but rather the cleansing and healing processes that shall really make good our hopes and aspirations."

Great Danger to World Today.

"Undoubtedly there is a great danger in the world today. Many people have thought that the mere signing of the treaty by Germany marks the ending of the world peril. Public opinion seems to have breathed a sigh of relief and lapsed back into apathy. Concentration of thought on world problems is wanting now when it is most essential. The forces of discrimination and reaction have not given a freedom of action far greater than when the world was on its guard. Civilization is in danger."

The situation today is serious.

Western civilization and a half world of destruction. Industry and commerce are not yet restored. All of Europe is impoverished; parts of it are starving. Its whole political life has been shot through by subversive political theories. Austria-Hungary and Turkey as empires have ceased to be; Poland and Czechoslovakia are slipping."

DEBATE IS FINISHED R-34 NEARS GOAL; ON DRY MEASURE ORDERED TO LONDON

Anticipate That Vote Will Be Taken by Next Saturday—Fight to Be Bitter One.

By the Associated Press. WASHINGTON, July 12.—General debate on the prohibition enforcement bill—several hours of it—was concluded today. The hour and advocates and opponents of the measure made ready for the real battle that will begin Monday when it is taken up for amendment. "Prohibition leaders admitted to fight that it was doubtful whether a vote would be reached before Saturday."

"After what will be a fight in every line of the printed text," they said, first of which will be over an attempt to split the three-part bill so as to take up separately a straight measure for enforcement of the war-time law."

Representative Igo, democrat, Missouri, started some of the prohibition advocates by suggesting that they raise no point of order against a proposal to let the house vote on an amendment to repeal the war-time law."

"This action had been expected and half a dozen were known to be ready with the contention that such an amendment was not in order."

Mr. Igo, in charge of the minority attack on the bill, registered his objection to the order changing the subject matter of the bill, to show that the repeal motion would have no chance in the house."

"In view of the fact," said Mr. Igo, "that the prohibitionists control the majority of the people are in favor of the policy contained in the bill, you will not give the house a chance to vote on a straight-out repeal?"

"That is a question I cannot answer," Mr. Volstead replied. "I haven't had time to consider it or to take the matter up with those who would have to be consulted."

"That was all that was said on the subject. But it was, enough, opponents of the bill said, to show that the repeal motion would have no chance in the house."

By the Associated Press. PARIS, July 12.—General John J. Pershing today left American headquarters at Chaumont for Paris, where American headquarters is now to be located. As his last official act in France, he will be receiving the decorations of the mayor, Léon Alphandry, who is a captain in the French army, with the American distinguished service medal.

An General Pershing stepped out of the city hall where the ceremony took place, he was surrounded by citizens who attempted to grasp his hands.

GUILTY SAYS JURY TRYING A. C. TOWNLEY

Verdict Reached Late Last Night, Following Long Hearing.

GILBERT CONVICTED WITH HIS SUPERIOR

League Head Fails in Effort to Argue His Own Case—Fires His Attorney.

JACKSON, Minn., July 12.—The jury in the trial of President A. C. Townley and Joseph Gilbert of the Nonpartisan league, today found the defendants guilty of the charge of conspiracy to teach disloyalty in violation of the Minnesota law.

The jury announced at 11:32 p. m. that it had reached a verdict. Judge Dean, the defendants and attorneys in the case were summoned.

The jury was out two hours. Neither Townley nor Gilbert showed any emotion.

Took but Two Ballots. The jurors announced that they took two ballots. The first was nine to three for conviction. The second was unanimous for conviction.

After receiving the verdict Townley made the following statement: "Judges and lawyers may quibble, but in the court of public opinion the common sense of the people will never approve a ruling that says a man may merely deny he is disloyal and is forbidden to prove by constructive testimony that he is loyal."

The defense asserted that speeches by Townley and Gilbert at mass meetings in Minnesota in 1918, were not disloyal in their references to the government and prosecution of the war. These speeches were made the following day at the headquarters of the Nonpartisan league's so-called war program over Townley's signature.

Grants Stay of Sentence. Judge E. C. Dean granted a stay of sentence until September 15 to permit the preparation of the court record and the making of motions for a new trial.

The other two criminal actions against Gilbert were continued until the January term of court. He was continued in justice court at Jackson of unlawful assemblies, sentenced to ninety days in jail and appealed to the district court. Both charges are based upon the speech which Gilbert made at Lakefield, June 23, 1918.

Prosecutor Nicholson, in his address to the jury, charged that this state had proven its conspiracy charge against the two Nonpartisan league members. His testimony and evidence which he had heard various speeches made by the defendants, through evidence in the form of league literature and through the testimony of the state's leading witnesses, one of whom was F. H. Nichols, a member of the league, who declared that Townley told him in 1917 "we are against this war, but we can't afford to advertise it."

After Nicholson closed his argument, Townley stepped before the court. "I am sorry," he said, "I have discharged my counsel. I feel that I and the organization are on trial and that I can handle this defense better than my attorneys. I do not know what Mr. Gilbert is going to do about it."

At this point George Hicks, who had been chief counsel for the defendants, announced that Gilbert had waived his right to be represented by counsel. "I ask your honor that I may be permitted to make my own plea to the jury. The attitude of more than 250,000 farmers and a million of people throughout this northwestern state depend upon the decision of the jury."

Judge Dean questioned whether the law would permit one of the defendants to try his own case in an action of this kind, without legally representing the other defendant. Townley is not a lawyer.

Assistant Attorney General J. E. Markham objected, holding that the court could not properly grant the defendants request. Judge Dean, then asked the attorneys to submit authority on the issue and Townley took the chair while the lawyers argued. The case went to the jury at 9:45.

RICH GOLD FIND IN NORTHERN IDAHO

By the Associated Press. SPOKANE, Wash., July 12.—Reported discovery of a five foot vein of rich bearing ore on the Clearwater river in central Idaho has created a veritable "stampede" for that section, according to information received today.

The reported strike is near the mouth of Crooked river, on the south fork of the Clearwater.

Twenty-six claims have been filed since the discovery.

MAY ASK WILSON TO EXPLAIN PEACE PACT

Opponents Urge Scheme to Prevent Unreserved Ratification of the Treaty.

By the Associated Press. WASHINGTON, July 12.—Plans for preventing unreserved ratification of the peace treaty were discussed today at conferences of senate opponents of the league of nations, but it was said no decision was reached on the question whether President Wilson should be invited before the foreign relations committee when he takes up the treaty Monday.

The subject of the president's appointment will be taken up tomorrow when it will supplant members of the committee will endeavor to agree on united action. Some of them are understood to favor inviting the president to sit with the committee. Others are opposed to the ground that the treaty now is out of his hands and the senate alone is responsible.

Mr. Wilson's supporters were, privately proferring tonight that the first invitation to be passed at Monday's meeting will be taken up tomorrow, leaving him to be present at subsequent sessions.

TWENTY-TWO FIRMS RAGE IN NORTHERN IDAHO DISTRICT

By the Associated Press. MISSOULA, Mont., July 12.—Twenty-two firms were burning today in the forests of district No. 1, United States forest service, including western Montana and northern Idaho, in the past year. E. W. DeWamp and others here. Of these it was believed ten probably are under control or will be controlled by night.

AMERICAN BLIGHT COMPLETES 18-HOUR FIGHT SUCCESSFULLY

By the Associated Press. WASHINGTON, July 12.—Starting out from Akron, O., last night the army dirigible A-4, flying against strong head winds, reached here this morning, after a flight of 1,200 miles and having been delayed by a storm.

Reports to aviation headquarters said the dirigible, covered the distance of 407 miles in 18 hours flying time, at an average speed of more than 21 miles an hour.

GROUPS PLAN UNWORKABLE SAYS LOVETT

Proposed Railroad Consolidations Would Hamper Credits.

STRONGER SYSTEMS WOULD FEEL BLOW

Weaker Roads Could Not Be Benefitted—Cash for Improvements Is a Big Problem.

By the Associated Press. NEW YORK, July 12.—"Consolidation of all the railroads of the United States into a few large systems—from twelve to twenty-five, as a possible solution of the nation's railroad problem, is opposed by H. S. Lovett, former president of Union Pacific railroad, in a memorandum to congress made public here today. Judge Lovett for a time was director of the division of capital expenditures of the government railroad administration under William G. McAdoo as director general.

Would Impair Strong. The effect of the proposed consolidation would be in his opinion "to impair the credit of the strong road, instead of improving the credit of the weak road. The inevitable effect would be to reduce the average of the credit of all the roads."

"Congress," he asserted, "has no right to compel any railroad to consolidate with another. It may give one the right to acquire the property of the other by condemnation but it must pay for it, and here is the difficulty, pay for it in cash."

Cash Is Not Available. "The underwriting of a palatial amount would be provided," will necessarily appropriate the billions necessary? Have we bankers enough to provide the money except through a series of years? And what will happen to the welfare of the country in the meantime?"

Consolidation of all the railroads of the country into a few companies, because I believe the companies will be too large and unwieldy for efficient and economical management. "The consolidation of the transportation of the trunk lines, upon fair terms, should be promoted, but competition in service and facilities should not only be preserved but should be extended."

OPPOSE POLICE ARMING

Judge Lovett also expressed the plan which has been discussed for pooling the not infrequently occurring of the same of the weak lines by the trunk lines, upon fair terms, should be promoted, but competition in service and facilities should not only be preserved but should be extended."

Guarantee Are Impractical. If a small return of two, three or four per cent were guaranteed, he said, this would not be sufficient to pay the interest on bonds already outstanding.

"It would make doubly secure what is already abundantly secured," he continued, "but it would afford no collateral, for new issues nor secure new loans."

The importance of establishing railroad credit cannot be overestimated," he said. "The credit of the railroads is already abundantly secured. It is already abundantly secured. It is already abundantly secured. It is already abundantly secured."

By the Associated Press. BUREAU, July 12.—L. B. Russell, minister of economics, intends to resign his post and definitely leave the government, according to the Yonkers Zeitung.

PECKINPAUGH HITS TOP IN AMERICAN

Jim Thorpe Continues to Lead in National League Batting Average, Says the Dispatch.

By the Associated Press. CHICAGO, July 12.—Hogor Peckinpaugh, New York, was hit safely in 29 consecutive games, including last Wednesday's contest, continues to lead the regulars in batting in the American league, his mark .382, remaining unchanged from last week, according to averages released today. Joe Jackson of the White Sox, has climbed from seventh to second place with an average of .460. He also holds the total base honors, held last week by Sister, St. Louis. Jackson's mark is .122 and Sister's .121.

Peckinpaugh, besides leading the batters, chalked up five more runs to his credit and leads the run getters. He has registered 61 runs.

Three Hitts—Boston, banged two more homers and leads the circuit drive hitters with 9. Ray Chapman, Cleveland, who still is out of the game, has been passed by Vint, Boston, in the amount. Vint has 25 to Chapman's 22. The 12 thirties of Johnston, Cleveland, have put him first among the base stealers.

Other leading batters for 25 or more games: Veach, Detroit, .347; Flagstead, Detroit, .332; Cobb, Detroit, .333; Johnson, Cleveland, .326; Sister, St. Louis, .324; Kinney, Philadelphia, .324; Ruth, Boston, .320; Roth, Boston, .312; Milan, Washington, .308; Rice, Washington, .307; Smith, Cleveland, .305; Boale, New York, .305.

Jim Thorpe, the versatile Indian athlete, continued to lead the National League hitters with .397. His 15 errors of Brooklyn showed the real class among the batters, however, by clubbing from 22nd place among the regulars last week with a mark of .297 to 1st for third place this week with an average of .322. Max Fleck, Chicago, hooked the tie ahead with Chicago, Brooklyn, last week in number of runs scored and leads with 46 tallies to his credit. Benny Kauff, New York slugger, took the total base honors from Garry Cravath, Philadelphia, but the veteran continued to hold his lead among the home run hitters. Kauff's total bases number 113, while Garry had made nine circuit drives.

Daubert, Cincinnati, continued in front among the sacrifice hitters with 20, while Diggins, Pittsburgh, continued

opening the way to the base stealers with 21 thefts. Other leading batters for 27 or more games: Young, New York, .322; Williams, Philadelphia, .320; Kauff, New York, .318; Roush, Cincinnati, .316; Wingo, Cincinnati, .314; Holke, Boston, .311; Hooton, St. Louis, .299; Thrane, New York, .299; Mousal, Philadelphia, .299; McHenry, St. Louis, .292.

SOCIETY

Lloyd Garrett was host at a little party in honor of his eighth birthday yesterday afternoon. The time was spent with games and contests. Mrs. Garrett served refreshments at the close of the frolic.

HILL TO BE TRIED ON PERJURY CHARGE

Witness in Wool Case Held for Verdict Between Stories on Stand and to Prosecution.

Leo Hill, who was severely crippled on the witness stand Tuesday by Prosecuting Attorney Frank L. Stephan while testifying in the case against W. J. Robertson, charged with stealing wool, will face a charge of perjury.

Complaint against the man was filed in the probate court yesterday afternoon.

Hill is alleged to have told the prosecuting attorney in the presence of Deputy Sheriff Harriman, Judge K. L. Pecky and Sheriff Sprague that Frank Clark and Robertson, both of whom have been held to the district court on the charge, had waked him on the morning of June 25 when they returned from somewhere to the dark camp where Hill was working. Hill denied this on the witness stand.

Hill, who has been in jail on a similar charge in that against Clark and Robertson, was served with the perjury warrant last night.

LOAN ASSOCIATION RENEWS ACTIVITY

Twin Falls Owned Concern Has Many Features Appealing to Both Investors and Borrowers.

With the adoption of amendments to its by-laws that makes its method of business unusually attractive to both investors and borrowers, the Twin Falls Building & Loan association completed its plans Friday evening to make an extensive campaign for home building in Twin Falls.

Organized just previous to the outbreak of the war, the Twin Falls Building & Loan association has been making time since then for patriotic reasons. The officers of the organization had no desire to interfere with the government's plans for war savings. It is now realized that the time has become opportune for the renewal of work by the association.

The Twin Falls association has many features that make it more appealing to both the investor and borrower that do not obtain in other loan associations. The most prominent of these is the fact that under the by-laws investors can secure their money any time that they wish while borrowers can pay off the loans at any time, not having to wait until maturity, as is usual in other associations.

Sale of stock in the association is now in progress. The fact that the organization is a mutual one, with the investors and borrowers residents of Twin Falls, is advanced as one of the best reasons for support of the association locally.

It is the realization of the officers of the association that the demand for homes in Twin Falls will increase rather than diminish during the next few years and that an equitable method of securing loans for the construction of these homes is needed.

Officers and directors of the association served without pay. At the meeting Thursday evening at the Idaho State bank Frank Gr. Lechletter was elected secretary. Mr. Lechletter has already commenced active work in behalf of the investors and borrowers of Twin Falls.

The office of the association has been in the Idaho State bank previously, but will now be at 129 shoehorn street west, in the Perrine hotel building.

Officers of the association, all well known local people, are: O. J. Johnson, president; G. H. Seely, vice president; Frank G. Lechletter, secretary; Dr. G. H. Caldwell, treasurer; Messrs. Johnson, Seely and Caldwell, with E. A. Moon, C. P. McMarlin, J. A. Read, E. J. Finch, H. C. Hazel and John Wolfenden form the board of directors.

TO GO ON VACATION TRIP COMMENCING NEXT MONDAY

Miss Opal Millington, assistant to county Superintendent of schools, Miss Brittonart Wolfe, will leave the office Monday for her summer vacation. Miss Millington will be absent two weeks. She anticipates taking a short trip to the mountains during the vacation.

CROWDS GREET DE VALERA ON CHICAGO TOUR

Emphasizes Right of Self Determination for Irish Peoples.

CARSON IN BELFAST SAYS MOVE IS GERMAN

Warns America to Keep Hands Off and Criticizes Delegation's Visit to Emerald Isle.

CHICAGO, July 12.—A fifteen-minute demonstration group of Irish men gathered in front of the Waldorf-Astoria hotel today, when he rose to speak at a luncheon in his honor today. He was turned on the shoulders of men and women around the room as he waved an Irish flag in one hand and an American flag in the other.

Mr. De Valera came to Chicago this morning and was received by a crowd of 100 and a large crowd. Among the events on his program tomorrow is a mass meeting at the National League luncheon parlors.

In his luncheon address Mr. De Valera told his auditors they are "like those whom your great Lincoln fearlessly defied as upholders of the great principle that if one man makes a slave of another it is nobody else's business."

Favors Self-Determination.

The principle of "self-determination" of people to select their own government, he said, was the basis of fewer than ten of the fourteen points which "your president put forward in America's aims in the war and the grounds on which America would peace." So, he said, the Irish people had "seized the opportunity of the recent elections to prove in a peaceful manner that they desired an independent republic."

"The word 'secession' as applied to our movement for the term, is a misapplication of the term, for there has been no previous voluntary union or partnership," he said.

"Our only demand of England is

COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to Keep Her Locks Dark, Glossy, Beautiful.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays though, we don't have the troublesome task of gathering the sage and the musky mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft and lustrous appearance of abundance which is so attractive. This ready to use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

that her forces of occupation be removed in order that the government be run by the Irish people, the de jure government of which I have the honor to be the chief executive, may consent as the people desire it to function.

"The recognition of the government and of the republic by the American nation on the true principle of Ireland will mean simply assistance in our efforts to carry out the will of the people. I feel certain that the American government will be good friends with the American people, and I believe that this demonstration today is a clear indication of the wishes of the people of this great city."

The Wilson Incident. Referring to the heading of the name of President Wilson at the Yale-London New York meeting, the speaker said:

"What I think is that I would be deeply humiliated if my presence here in your country and my advocacy of the just and reasonable claims of the Irish people should be made the occasion of any demonstrations of hostility to your president. He is your president, and whilst as Americans you will be right to doubt to criticize, you will not go too far for saying I feel that I am here to get the aid of all lovers of liberty in America, and they cannot all receive those who would identify us with any sections and those who are unworthy of what is a holy cause, are, even though it is unconsciously, the worst enemies of Ireland.

"Finally, I cannot see any good purpose that is served by the press campaign against the Wilson Tour incident. It is pointed out this morning, one by one in a meeting can make a grandiose and it would be a very obvious device for those who are opposed, our cause to send agents for that purpose.

CARSON BLAMES DELEGATES BELFAST.—Ireland, July 12.—The 12th of July celebrations were carried out today in Ulster on a large scale. Sir Edward Carson, the Irish unionist leader, speaking at the Orange demonstration at Holywood, Belfast, said: "There is a campaign going on in America fostered by the Catholic church which will soon be joined by the Germans and their funds, in order to create a great anti-British feeling."

Warns Americans.—"Heaven knows I want good fellowship between America and this country, but believe the whole future of the world probably depends upon the relation between the United States of America and ourselves but I am not going to contribute to this kind of a campaign, whether for friendship or any other purpose.

"I seriously say to America, today, you attend to your own affairs; we will attend to ours. You look after your own questions at home; we will look after ours. We will brook no interference in our own affairs by any country, however powerful. It is not for that we waged the great war of independence which has just been concluded. What right had an American mission to come to this country and here is a bunch of hangers-on trying to interfere in our affairs by setting up a strike in matters in which they were not connected?

Visit Causes Trouble. "The encouragement those men gave the Sinn Fein party has created for the British government far more difficulties than ever before. I believe that the visit of these men and the encouragement they gave to lawlessness, which is being preached throughout the land, has added greatly to the campaign of assassination of innocent policemen who were only doing their duty to their king and country and who were foully murdered on the roadside, with men looking on who had not the courage to arrest the assassins or give such information as would bring them to justice."

Sir Edward Carson denounced Sir Horace Plunkett, who, he said, was elected chairman of the Irish convention because he was "thoroughly hated and distrusted by both sides," and added the speaker, "a nice mess he made of it."

Mr. and Mrs. C. E. Booth will motor to Robleson Bar today. Mrs. Booth will remain there during the time Mr. Booth is in the east.

PLEADS GUILTY TO PURLOINING WATER

A. H. Utter Is Fined \$250 by Probate Judge for Larceny of Water

A. H. Utter, charged with purloining water, yesterday entered a plea of guilty to the charge in the probate court. Judge O. P. Duvall assessed \$250 and costs which Utter paid. The charge against Utter was filed several days ago and the case was set for hearing Friday afternoon at 2 o'clock. Just before the hearing was called Prosecuting Attorney Frank J. Stephan filed an affidavit stating that John Pateola, a material witness, was needed and was being sought.

According to Mr. Stephan this witness would testify that Utter had told him that he had taken the water and that he expected that he had just as much confidence and pay a fine of \$100. According to the prosecutor, Utter had been suspected of taking water for some time by the ditch rider but sufficient evidence could not be secured.

Utter it developed, according to Mr. Stephan, that the man is said to have visited the ditch, one night, driven in the staple on which the lock to the gate was hooked and hooked the staple in two. He then placed it back into the wood so that it could not be drawn out. When investigated by the ditch rider the staple was apparently in the position of having been left in.

VALUE OF CREDIT

A checking account is the first step toward establishing credit with a bank.

And credit today is a real asset. Yet it is what you make it. The right credit at the right time, at the right bank may be worth more to you than a batch of letters presented by you as a stranger.

We seek growing accounts of growing business men—men who will come to us for advice, and who will want the friendship of a strong bank when credit is needed.

This bank will be glad to meet you and serve you. It is a pleasure, as well as good business, to have young men grow with us.

"EAT MORE BEEF"

The department of agriculture urges the public to eat more meat, especially beef. The appeal is made for the benefit of the cattle industry.

The cattle men are said to be threatened with ruin because of the sudden change in market conditions caused by the end of the war. During the war years, under the stimulus of an abnormal demand abroad, American beef was greatly increased. It was made possible to export last year nearly 600,000,000 pounds of beef, about four times as much as the 1914 export, without depleting the national supply of livestock. In fact, the herds seem to have kept right on increasing.

Now the export demand has suddenly fallen off. Europe is getting beef from Australia and South America, though it still demands American pork. Thus there is much more beef than usual available for the domestic market.

The domestic demand, however, remains below normal. There are two reasons for this. One is a continuance of the self-denial practiced during the war, from patriotic instinct. Millions of people have an impression that they ought to keep on saving meat, though the need of that has passed.

The other reason is the continuance of high prices. It is no use to ask the public to increase its beef consumption very much as long as the beef costs as much as it does at present. The same statement, in which the department of agriculture asks for increased consumption shows the injustice of these prices. Federal investigators have found that while the cattle-raisers are getting about 35 percent less for their cattle than they

"Yes, Verily! There are 'hurries of Prussian militarists and junkies hunting for new jobs now, thank heaven! Somebody will hire Van Jangow. Surely he's good for some sort of employment. The mess he made of the German exchange of notes with the United States before we entered the war is sufficient guarantee that he will never get another job as a diplomat, even in Germany; but a diplomat can find work as a head-waiter in a restaurant, or floor-walker in a dry-goods store, or even as somebody's private secretary, when German business picks up.

Every man finds his proper place, if he looks for it long enough.

WORLD STILL

Continued From Page One.

ging to their feet as members of the family of nations." All that complicated machinery of society which took decades to elaborate and a world war to tear down cannot be replaced overnight by a wholly different machinery.

"Many problems remain unsettled. Territorial adjustments to secure the rights of people to live under their own flag as far as possible in the tangled skein of European nationalities may be made effective. Attainment of the Polish frontiers on all sides, particularly in east Prussia is very difficult.

Conflicts continue.

"The Russian civil fields are still a source of contention between Poland and Czech-Slovakia. Hungary is invading the 'void' of all central Europe. The Adriatic problem is still unsolved, as well as the fate of those large territories formerly under the Turkish-Austrian, especially Asia-Minor and Armenia.

Public Opinion Must Be Alert.

"World statehood will be sorely tried in the next few years. Two things are essential, first, an alert intelligent interested public opinion, and second, cooperation of the nations. The former is needed both as a check on any sinister purposes that may crop up and as the great support for common action. The second is essential, unless the nations are to return to a selfish particularism which can only breed the most dangerous disputes.

"The peace conference has been history's greatest instance of a unified world statesmanship directing the moral and material resources of the world's family of nations. To allow the spirit behind it to disintegrate at this moment of emergency, when united action is imperative, would be fatal to all the hopes of permanent peace with which we entered the war.

"It is true that one nation can destroy the equilibrium of all. It is all the more true that each nation is bound by its own law of self-preservation to cooperate with the others to check troubles before they get their headway.

NEGRO FIRES UPON WHITES; RENEW FIGHT

Marital Law Declared in Texas. Town—Four Colored Men Removed From Scene.

By the Associated Press.

LONGVIEW, Texas, July 12.—Tension in the situation here in connection with the Friday's clash between whites and blacks was relieved late last night when a negro named Hureh, father-in-law of R. L. Jones, alleged negro ringleader, fired upon a party of officers who visited his home. Marital law will be declared today, according to announcement by G. A. Hadenholm at 1 o'clock this morning.

Mayor Hadenholm said he talked with Governor W. P. Hobby at Austin over the telephone at 1 o'clock and the governor said he would order 200 additional national guardsmen to come here, probably from Dallas. Marital law, the mayor said, would be declared upon the arrival of these men.

County officers went to the Hureh's home and asked admittance. The negro, according to the officers, fired five shots, none of which struck the officers. The negro escaped in the darkness and bloodhounds early today were put on his trail. He was captured at 2 a. m.

REMOVE NEGROES TO DALLAS. LONGVIEW, Tex., July 12.—Removal tonight to Dallas or Smith of four negroes held in connection with the clash Friday between white men and negroes is expected to quiet a

marked lessening of tension and make possible the early release of most of the state troops sent here last night.

Evidence being gathered by Texas rangers in connection with the clash in which four white men were injured and several negro residences burned will be presented to a special grand jury.

It was expected the troops would return to their homes tomorrow, leaving rangers in charge of the situation.

HENRY WHITE REPRESENTS THE UNITED STATES IN COUNCIL

By the Associated Press.

PAIRIE, July 12.—Henry White represented the United States at the afternoon session of the council of five, Secretary Lansing called to say good bye.

The Italian request that the Austrian congressmen at Tien-Tsin, China, be transferred to Italy, was referred to a committee for consideration.

It was decided by the council to send a message to the Czechs and Poles, declining lift if no agreement is reached regarding the contested Tschuen coal situation within ten days the council will decide the question itself.

Mr. Clemenceau sent a note today to Baron von Lercher, head of the German peace delegation, officially offering the Germans that, having received official notification of the ratification of the peace treaty, the allied and associated governments had given orders that the blockade of Germany should be raised today.

Mrs. M. Churchill of Piner notified at Twin Falls yesterday for the day's shopping.

SOLONS TO PEO F SHIPPING BOARD

By the Associated Press.

WASHINGTON, July 12.—Investigation of the operations and expenditures of the shipping board and the Emergency Fleet corporation by a special house committee was proposed if a resolution introduced today by Representative Walsh, republican,

in agreement with republican leaders.

The resolution provides for "an investigation of contracts, leases, expenditures, receipts and any and all transactions of the United States Shipping Board, the Emergency Fleet corporation, and any other corporations, firms, individuals, or agency in any way associated with or controlled or regulated by the said board or Emergency Fleet corporation."

HART'S

How to Jump Into First Place.

On each 2-year subscription to The Chronicle or approximately its equivalent in shorter term orders, 40,000 votes are allowed—providing same is received at the campaign department before 9 o'clock Monday night, July 21.

Then, in addition to that, 50,000 SPECIAL EXTRA votes are allowed on every "Club" of \$24.00 turned in.

Therefore, two 2-year subscriptions (amounting to \$24.00 in business) means 130,000 votes.

It can readily be seen by glancing at the vote totals above that just a few such subscriptions for any candidate would furnish a new leader in the race; in fact, an ENTIRELY NEW CANDIDATE what at this time has no votes at all, could, by a little enthusiastic action on the part of themselves and friends, climb to the top of the list and thereby acquire the leadership for the big prize automobile.

And, when one takes into consideration the value of the prizes to be awarded and the short time the competition is in force, they are well worth any effort they might take to secure.

WALLA WALLA, Wash., July 12.—John W. Langston, president of the Walla Walla commercial club and one of the leading orchardists of the northwest, has arrived home from an eastern trip. While east he assisted in the organization in Pittsburg of the \$125,000,000 corporation, which is buying orchard and vegetable tracts in various sections throughout the United States. Mr. Langston said today the new organization will standardize the growing, grading, packing and marketing of fruits and vegetables and that it will prove of more benefit to the growers of the northwest than any other movement in recent years.

The corporation has purchased a large orchard in the Yakima and Wenatchee districts, he said, and will probably buy properties in the other fruit districts.

DRUGS EXCITE YOUR KIDNEYS—USE SALTS

If Your Back Hurts or Bladder Bothers Drink Lots of Water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strafe from it 500 quarts of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get just what pharmacist about four ounces of Epsom salt; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of crushed Nat. Epsom salt, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys and to neutralize the acid in urine. It is the only salt known to medicine to filter the blood, thus ending kidney trouble.

And salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this salt today in the name of Epsom salt, and it should give you water what became of your kidney trouble and backache.

Market News

Live Stock

CHICAGO, July 12.—Hog prices have rounded out another even dollar addition for consumers. The market today reached a top of \$23 per hundredweight. The highest price ever before known was \$22.35, a new record made yesterday.

It is explained that packing house producers are making their way into the interior of Europe, rendering necessary the replenishing of stocks by other countries.

Hogs—Receipts 1000; higher, 700, \$23, a new record; bulk, \$21.50@22; heavy weight, \$21.10@22.35; medium weight, \$21.90@23; light weight, \$21.85@23; light light weight, \$20.40@22.65; heavy packing sows, smooth, \$21.55@21.70; packing sows, rough, \$20.50@21.25; pig, \$19.50@20.25.

Cattle—Receipts 1000; compared with week ago; beef steers and fat stock 7c to 13.5c higher, best grades advancing most; canners, low grade cows and calves 5c to 7c higher; bulls, 7c to 11.25 higher; stockers and feeders steady.

Sheep—Receipts 1000; compared with week ago; fat lambs mostly 2c to 5c lower; other feeding and breeding stock, steady.

Grain

CHICAGO, July 12.—Corn advanced rapidly today owing more or less to increased speculation demand which followed routing of the blockade against Germany. The market closed nervous at 2 1/2 to 5 1/2c net advance, with September \$1.08 1/2 to \$1.09 1/2 and December \$1.04 1/2 to \$1.04 3/4. Oats gained 2c to 2 1/2c and provisions 2c to 5c.

Most of the corn trading was in the December delivery, which advanced to a new high level for the season. Sentiment favoring an upturn on the ground of renewed trade with Germany was based largely on opinion that packing house products and other foodstuffs including grain would be in greater export demand. In this connection, the fact that our high price records had again been reached in the hog market formed a decided element of strength. Besides, abnormal high temperature southwest (tended to arouse fear of crop damage by hot winds, and it was urged that the December option had been pressed together too low as compared with September. After such circumstances, even panic buyers cannot hold little desire to rest short.

Oats climbed to its topmost price on record for the September delivery. Advance crop reports were mainly responsible.

Provisions were lifted by the strength of corn and hogs. Trade, however, lacked volume.

CASH GRAIN

CHICAGO, July 12.—Corn: No. 2 mixed, \$1.24 1/2; No. 2 yellow, \$1.25 1/2; No. 2 white, \$1.26 1/2; No. 2 light, \$1.27 1/2; No. 2 heavy, \$1.28 1/2; No. 2 extra, \$1.29 1/2; No. 2 super, \$1.30 1/2; No. 2 white, \$1.31 1/2; No. 2 light, \$1.32 1/2; No. 2 heavy, \$1.33 1/2; No. 2 extra, \$1.34 1/2; No. 2 super, \$1.35 1/2.

DAYLIGHT SAVINGS LAW IS RESCUED

President Vetoes Agricultural Appropriation Bill With Hinder-Handed Funds to Help Crippled Soldiers

By the Associated Press.

WASHINGTON, July 12.—The daylight saving law was rescued from repeal today by President Wilson's veto of the agricultural appropriation bill.

The president also vetoed the sundry civil appropriations bill because, he said, by restricting funds, it crippled the work of rehabilitating and restoring disabled soldiers and sailors to civil life.

The latter veto apparently was accepted by congress without comment and the sundry civil bill went back to committee to be reformed.

Veto of daylight savings was not accepted so readily, although the prevailing opinion was that a necessary two-thirds vote to repeal, it over the president's head probably would not be mustered.

First test will come in the House Monday when, according to announcement of Republican Leader Mondell or Chairman Ferguson of the agriculture committee will move the reapproval of the bill, with the daylight saving re-instated, over the presidential veto.

Both bills provide funds for which agencies of the government long have been waiting. They already are months behind schedule because they failed of ordinary passage in the last congress.

TO ALL OPERATORS OF MOTOR VEHICLES.

GERMAN DEMAND FOR COPPER CAUSES METAL PRICE TO SOAR

NEW YORK, July 12.—Refined copper was quoted at 31 cents a pound by one of the leading selling agencies today. This represents an advance of 2 1/2c for the week and 6 1/2c over the low price of last March.

In trade circles further advances were predicted for high grade copper. Opinions, it is understood, is in the market for enormous quantities of the metal.

Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right without a full glass of hot water.

Millions of folks bathe internally now instead of loading their system with drugs. "What an inside bath!" you say? Well, it is guaranteed to perform miracles, if you could but leave those hot water enthusiasts alone. There are vast numbers of men and women, to who, immediately upon arising in the morning drunk a glass of hot water with a tablespoonful of limestone phosphate in it. This is a very excellent health measure. It is, in fact, to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day becomes food for the millions of bacteria which inhabit the bowels of the body. These bacteria, which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach troubles, kidney misery, impure blood and misapprehensions and all sorts of ailments.

People who feel good one day and bad the next but who simply cannot get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little, but is sufficient to make anyone a real crank on the subject of internal sanitation.

Just as soap and hot water act on the skin, cleansing, sweetening so hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowels force out

ITS NECK AND NECK IN THE \$3000 RACE

Candidates Are Working Fast and Furious and the Votes Are Piling High—Honors Stand About Even.

Developments during the past few days in The Chronicle's big Prince Grand Prize Campaign have been the most sensational and spectacular yet recorded. Thousands of votes were cast; first one candidate would hold sway for supremacy; then another battles are being fought, won and lost and the race waxes fast and furious.

Yet, so closely arrayed and with honors so equally divided up to the present time, that it depends entirely upon the individual efforts of each candidate between now and the close of the "final period"—one week from Monday night—as to who the ultimate winner will be.

No one has a walk-away for the big prize; neither is any one hopelessly beaten. Just the good bunch of subscriptions turned in to the account of anyone of the various contenders would change the entire complexion of affairs and furnish new leaders in the race. In fact, a few long-term subscriptions now from unexpected sources might be the very ones called to stem the tide of defeat and turn it to a sweeping victory.

Face Reaches Uprate Stage. With but seven more days after tomorrow in which to turn in subscriptions and secure the greatest number of votes, and but three more weeks to go before the race finally comes to a close interest in the competition and enthusiasm in the progress of the candidates is growing by leaps and bounds. Each candidate realizes that the grand prize—worth means \$1725 in cold cash—is practically within their grasp, either to be claimed for their own or forfeited to more aggressive opponents during the next few weeks, depending to a very great extent upon their final supreme efforts put forth now with the 3100 VOTES are allowed.

A candidate hates now for a moment; if they weaken for a single day or if they overtake one opportunity to better their chances to win, they are taking the desperate chance of losing the big prize, already partially won, and which really belongs to them. A candidate who fails to do their very utmost during the seven days that remain is almost certain to bring about a dismal disappointment upon himself or herself, as well as upon their friends

who are naturally as much interested as the candidates themselves.

A Fight to a Finish. Candidates should not forget that this is a battle between hard work in what counts—speed at this particular time, too. But the rugged strength and "heart" makes that win any signal victory are persistence, a never-say-die spirit and an absolute determination to win. Every single day this week should be made to add to your standing—if you win, and you can if you but make the proper effort, you are making a salary of over five hundred dollars per week for the next three weeks for your efforts.

Do all within your power these next seven days while subscriptions count for so many values. —THE PRINCE GRAND PRIZE DAYS IN WHICH YOU CAN MAKE WINNERS A GREAT TAINTY.

REMEMBER! 15,000 votes are allowed on yearly subscription during the rest of the period only, while next week only 12,500 are allowed.

Only thousand votes are allowed this week on two year subscriptions and this number, too, is reduced next week greatly.

WORK NOW, IF YOU WISH TO WIN

SPORT JAZZ BY RAZZ BERRY

Cincinnati is in first place.
And Twin Falls plays Burley today.
Two momentous events in sports.
If Moran's Reds keep first place for a while and Twin Falls wins today, Oh, boy.
And by the way—
Pat Moran is going big in Cincinnati. They've got a canal in Cincy they used to call the Rhine. But Pat is allowed on either side of it. Anyway, Pat is taking their minds off something else for the time being. He's been out of commission since the last of May. If it wasn't for Pat those

Cincinnati fishermen might go out and drink the Ohio river dry.
Just when if Cincinnati doesn't suffer the punishment they're having a better time than they ever had before.
And, if Twin Falls don't kick through with the rag this next season the fans here won't have much of a kick coming, for there has been some class, half-played-on-the-foot-of-the-year-by the visiting teams.

Burley will face Stone, ex-National, ex-Federal and ex-Burley twinner to-day. Stone pitched one game in this circuit this year and you'll find Twin Falls was the loser.
If Stone makes good today he may be kept on the pay-roll, although it will be necessary for local fans to dig deep in order to produce the "jack" necessary to hold him.

Miss Thelma Lincoln

Miss Thelma Lincoln, who is proud to be one of the "people" candidates for the beautiful Prince Grand Prize to be awarded in The Chronicle's Mammoth Prize Distribution, is the pretty daughter of Mr. and Mrs. George A. Lincoln, residing five miles west of Twin Falls.

Miss Lincoln is one of the "youngest" contestants in the race, being many friends declare that she will make her competitors step mightily lively if they can keep her out of first honors. She attends the Pleasant View school and graduated from the eighth grade there just last spring.
Mr. George Lincoln, her father, is one of the county's most prominent ranchers and stockraisers and her brother, Ken, is equally as prominent and a director in the Twin Falls Canal company.

METZ'S PETS WILL MEET BURLEY TEAM

Stone, One Tuff St. Louis National League Pitcher, to Be On Mound for Twin Falls.

With lots of hope and some faith, the Twin Falls baseball team will journey to Burley today to meet the S. L. champions in the first game of the second half of the season; Burley should win the game.

Not because Burley has a better team than Twin Falls, for it has, but undoubtedly has the best jinx. And judging from the little fracas on the local lot last Sunday afternoon they have that jinx tied up in a sack so tight that it will take lots of work to break the string.
If Twin Falls gets by the jinx game with a win it is almost certain to cop on the second half of the season for there isn't another nine in the league that can compare with the locals when the team is going good. A little hard luck with last year's "Pat" Stone, "Dad" Stone's mismanagement, Oliver's uncertainty, and Alexander's devil-may-care attitude are the only things that kept the little old rag from flying from the top of the Twin Falls grandstand.

Stone, who set Twin Falls back in their first defeat this year will be on the mound for Twin Falls. Stone has been up among the big leaguers in his time. He was with the St. Louis Nationals then jumped to the Nationals. Alexander will be on hand in case Burley gets to Stone.

DENIES RIGHT TO FIX BOOZE KICK

Entertainer Controls Congress Has No Power to Determine Per Cent of Alcohol Permissible.

WASHINGTON, July 12.—The right of congress to fix the intoxicating beverage was denied today by Samuel Entertainer, a New York lawyer, in testifying before the senate judiciary sub-committee, which is considering prohibition enforcement legislation.

Mr. Entertainer told the committee that neither under the war time prohibition act nor the constitutional amendment would congress say that any particular percentage of alcohol content constituted an intoxicating liquor. Both the act and the amendment, he argued, left this as a question of fact which could be determined only before a jury.

In support of his contention that beer containing 2.75 per cent alcohol was not in fact intoxicating, Mr. Entertainer submitted affidavits, reports on scientific experiments and similar data, much of which was used in behalf of the brewers in the recent 2.34 per cent beer cases in New York.

Mr. Entertainer said that the power of congress to enforce prohibition is not within the power of congress.

Similarly, he said, the dry amendment limited congress to prevention of the manufacture and sale of intoxicating beverages.

Chiefman Steiwer asked if congress had no authority to prohibit the manufacture or sale of even fluids containing no alcohol whatever, but such as might reasonably be employed to cover invasion of the laws against intoxicating beverages. The witness asserted that such power did not exist and any attempt by congress to define intoxicating beverages would be an invasion of the rights of citizens except in the manufacture of such harmful, non-intoxicating beverages as might fall within the classification thus made.

"Then congress is powerless to enforce its own laws or the constitution," said Senator Sherman.

"It is powerless to forbid the manufacture of anything that is not in fact intoxicating," the witness said.

Mr. Entertainer estimated the amount of 2.75 beer now held by the 1200 breweries over the country at 1,000,000 barrels.

There is considerable talk of a bout between Jack Dempsey and Willie Mahon. Why not let Max Kaplan take on Willie? Max is the funniest man in the Dempsey entourage. Max was hired to keep Jack Dempsey in a good humor, but Jess Willard says Max was a poor clown—that Jack was in anything but a good humor the day he was introduced to him at Toledo.
