

ULTRA DRYS VOTE DOWN AMENDMENTS

Every Attempt to Eliminate Drastic Provisions of Prohibition Bill Rejected in House.

By the Associated Press.

WASHINGTON, July 17.—Prohibition forces voted down in the house today every attempt to eliminate drastic provisions of the recent enforcement bill, and while in full and absolute control shot of debate at the work of their leader despite the violent protest of the minority.

When they had reached through the vote enforcement portion of the three part bill and got into the constitutional prohibition measure proper, there were only 63 members on the floor and so much confusion that a speaker could not make himself heard. It was seven o'clock tonight when the long roll call to obtain a quorum was started, and when there had gone home, after declaring there was no good reason for trying to force through a bill to take care of the situation that would not arise until January.

Before the house got into a quarrel, however, the prohibition faction had fought off every attack on their bill. An amendment to strike out the minimum fine for those convicted of violating the war time act, was fought over and defeated 68 to 51. This was offered by Representative Ryan, republican, Nebraska, a prohibition member of the judiciary committee, Chairman of the select committee, and patron of the bill, presented an amendment which was adopted without debate and which made the measure a bit more drastic in that it added the word "manufacture" to the many things a man may not do with liquor in his office or home.

For a brief moment late in the day the minority—described by the prohibitionists as the "wags"—seizing the power, only to be driven out by a demand for tellers, which meant an accurate count on a vote to amend the bill so that a person charged with violating a liquor selling injunction might demand and obtain a trial by jury.

This motion, offered by Representative Gard, democrat, Ohio, and warmly supported by former Speaker Clark, had provoked an hour's debate which was bitter at times, when the house put on the lid and started to vote. There was a "day shout from

the ages, who appeared to have won. Instantly there was a demand for a division and after numbers had been counted, the result was announced—70 yeas 66.

The victory was not expected, even by the wags, and they realized they could not have won except before the large number of absentees on the other side. While the hopes were surging, through the center aisle to be counted after demand for tellers had been made, division calls were sent out for prohibition members who came piling in in sufficient numbers to let the jury trial amendment by two votes—78 to 76.

After rounding up a quorum, the house took up the constitutional prohibition enforcement bill not down as part two of the measure, and defeated, 71 to 35, an amendment by Representative Tracy, democrat, Missouri, eliminating the definition of intoxicants. This was precisely what was done the other day to the war time act, and was in accord with expectations.

TO REORGANIZE TAX COLLECTION SERVICE

Plan to Be Made Separate District—Consolidations Are Made in Other States.

By the Associated Press.

WASHINGTON, July 17.—Vast increase in the work of the bureau of internal revenue has brought about reorganization of the entire collection service, details of which were announced today by Commissioner Hooper. Each state, with the exception of Nevada, will be made a separate collection district and permanent personal service headquarters will be established in every important city to furnish blanks and copies to taxpayers so that they may fulfill their obligations to the government.

Ten collection districts are abolished, effective August 1, being consolidated with other districts to permit the creation of ten new districts in states which heretofore have not had separate districts. Creation of the new districts will date from the appointment and confirmation of the collector in each.

Appointment of a large number of new employees is not contemplated as the commission expects the more efficient utilization of the present field forces will obviate the necessity for taking on new men. The number of collection districts is limited by law to sixty-four.

Among changes in districts are the following:

The five districts in Kentucky are consolidated to permit the establishment of separate collection districts in the states of Arizona, Utah, Idaho and Wyoming.

The first (Milwaukee) Wisconsin district is combined with the second (Minneapolis) district with headquarters at Milwaukee to permit the establishment of a separate collection district for the state of North Dakota.

Nevada remains a part of the first California district.

AVERS I.W.W. RULE GARMENT WORKERS

With Membership of 70,000 Organization Most Important Factor in Spreading Radicalism.

By the Associated Press.

NEW YORK, July 17.—James P. Holland, president of the New York state federation of labor, testifying today before the joint legislative committee investigating radical and secession activities in this state, declared that the I. W. W. had organized many thousands of workers throughout the country on a platform which included in its plank one calling for the destruction of the American government.

The most powerful of the radical organizations, Mr. Holland asserted, was the Amalgamated Garment Workers of America, with a membership which he estimated at 70,000.

As an evidence of the wide sweeping plans of the I. W. W., letters were read into the testimony in which I. W. W. leaders urged European and South American workers to join in a scheme for an "international revolutionary industrial union." One of the most ambitious projects was the organization of the machine workers of the two countries into "one big union."

The most fruitful field found by the radicals in this country, according to Mr. Holland, has been the garment industry, the second greatest industry in the United States. Asked what was the principal source of the organization formed by the I. W. W. among the garment workers, Mr. Holland replied:

"They don't believe in government. They preach that behind closed doors now and some of them preach it out of doors."

The witness was then asked if it ever had been brought to his attention that the Amalgamated Garment Workers favored a soviet form of government.

"It has not only been brought to my attention, but it has been rammed down my throat," replied Mr. Holland. "But the majority of the working men and working women are Americans first and not soviet, as some would have us believe."

DECENTRALIZATION OF W.R.I.B. URGED

Committee Headed by Charles Evans Hughes Declares Work Too Stagnant for One Office.

By the Associated Press.

WASHINGTON, July 17.—(Special.) Decentralization of the bureau of work insurance by the establishment of suitable points throughout the country of local offices for the more effective transaction of business was recommended today by the advisory committee of thirteen, headed by Charles Evans Hughes, which had been in conference for three days with Director (Cordell) Jones and his assistants.

Work undertaken by the bureau was declared to be "stagnant" in which the greatest difficulty a present was the fact that about thirty per cent of the addressees of discharged service men are incorrect, so that the bureau is unable to communicate with them regarding the continuance of their payments and conversion of the term policies to permanent insurance.

It was stated that approximately three-fourths of the holders of existing policies, which aggregate \$40,000,000, have not continued their payments. Policies were written for about 4,000,000 men.

"This vast undertaking," the report said, "cannot be carried out merely through correspondence with a central office in Washington. To attempt to do so would inevitably cause delays and misunderstandings and create a widespread dissatisfaction with an enterprise which to be successful must command a high degree of confidence.

"We are informed that a considerable number of applications for permanent insurance have been received. It is to be hoped that there will be a general rehabilitation of policies and an acceptance by all of the exceptional opportunity for insurance at low cost which the government has offered. To accomplish this it will be necessary to be in constant touch with the insured during the period of insurance."

The recommendations of the committee were set forth as follows:

"First. We recommend that a qualified representative of the bureau be instructed to proceed immediately to the capital of each state to confer with the governor of the state for the purpose of securing the aid of the state and the officers of ethics and counsel in obtaining correct addresses of soldiers, sailors and marines and their dependents residing within the state. We recommend further, that in order to correct the addresses of persons contacted with the insured soldiers, sailors and marines and their dependents for the local payment of premiums and furnish the necessary and for whatever lost business may be conveniently transacted within the district.

"Second. We recommend that the bureau immediately proceed to establish in each district as it may seem advisable to divide the country for this purpose, to the end that there may be constant provision for personal contact with the insured soldiers, sailors and marines and their dependents for the procuring by them of information with respect to their privileges and obligations, for the local payment of premiums and furnish the necessary and for whatever lost business may be conveniently transacted within the district.

"Third. That the cooperation of voluntary agencies desired to meet the immediate exigencies of the bureau should be secured to the fullest extent possible to the end that their aid may always be available for the purpose of reaching the insured.

"Fourth. There should be started a publicity campaign through adequate advertising for the nature of policies and information to soldiers, sailors and marines and their dependents, with

respect to allotments, allowances and compensation and for the persons directing attention to the importance of the reinstatement of policies.

"Fifth.—We deem it of vital importance that immediate steps should be taken, and appropriate legislation should be secured, for the purpose of adequately organizing the bureau on a permanent business basis."

Among those who signed the report were Mr. Hughes, Secretary Baker and Secretary Daniels.

FORD PUTS BLAME UPON DELAVINGE

Publicly Man Responsible for World Brotherhood Ping, Manufacturer's Testimony Indicates.

By the Associated Press.

MOUNT CLEMENS, Mich., July 17.—Henry Ford's fourth day on the witness stand in his \$1,000,000 libel suit against the Chicago Daily Tribune was much like yesterday in subject matter and in the prolonged multiplying of questions to obtain specific answers.

Today while he was being questioned concerning a letter sent by Theodore Delavigne, who was his public relations man in 1916 to Henry A. Wise Wood, the following went to Mr. Ford: "I don't know anything about letter. I know that he wrote it, sent it out."

Mr. Stevenson: Do you think that he would have made that statement if it were not true?

Attorney Murphy: That is objected to as argumentative.

Mr. Ford: "I don't know. The court: He does not say he did not; he says he doesn't remember. What did you say, Mr. Ford?"

Mr. Ford: "I don't remember; whatever the stenographer has got there."

Mr. Stevenson: You don't remember what?

Mr. Ford: Whatever you asked me. The Delavigne letter concerned a speech by Henry A. Wise Wood in Detroit. Before making the address, Mr. Wood called on Mr. Ford and in his speech quoted Mr. Ford as wishing to ignore all national boundaries and stating that, after the war, he would pull the stars and stripes from his factories and hold a world brotherhood flag.

morning in the Detroit Free Press and that evening the Detroit Evening News had an editorial on it. Mr. Delavigne sent this letter to Mr. Wood in New York:

"Mr. Ford, after reading the story of your address to the board of commerce as printed in the Free Press, today, my regretted to go to mail to you the enclosed editorial from the Detroit News. This Mr. Ford deems it that in necessary to answer your very interesting disclosures of his interview with you, for which he is deeply grateful."

The editorial referred to, was designed to refute Mr. Wood's preparedness arguments. Mr. Ford testified that Mr. Delavigne told him of the flag feature of Mr. Wood's speech, but that Delavigne wrote the Wood letter on his own responsibility. He admitted that he had never asked the Free Press to deny the truth of any portion of the speech, although he said he had denied it often in other quarters.

"Apparently you now think that the statement that you were going to lower the flag was a reflection on you," suggested Mr. Stevenson.

"It was a detrimet; yes, sir."

"You have denied it since? In the senatorial campaign?"

"I don't remember."

"Was it published in the senatorial campaign?"

"I didn't pay any attention to the senatorial campaign. They are liable to say anything in a campaign."

Referred through his testimony it appeared that Mr. Ford asserted the "world flag" to a variety of causes, including bankers, capitalists, makers of alcoholic drinks, kings and John

Reed in his story said he reminded Mr. Ford, who opposed drink, that the French and Germans prosper on wine and beer.

"Yes, and it was one of the causes

of the war," said Mr. Ford.

"How?" asked Reed.

"He made them amputees of each other."

He criticized school books as glorifying wars and the heroes of them, thus instilling the military spirit in the youngsters.

The Detroit manufacturer, in explaining why he forgot so many things said that hundreds of persons visit the factory and that in those days he talked to many of them, making casual remarks which passed from his head almost as soon as made. For instance, he said that he remembered little of what his talk with Mr. Wood was about.

JIMMY WILDE WINS FROM PAL MOORE

Give Decision Over American Dastard in London—Remonstrate the Boss Panther.

By the Associated Press. LONDON, July 17.—Jimmy Wilde, the British flyweight champion, defeated Pal Moore of Memphis, Tenn., in a 20-round bout tonight.

The referee gave the decision to Wilde on points. Twenty thousand persons witnessed the fight. Moore administered much punishment on his antagonist in the early stages in the bout, but at the end of the twelfth round Wilde led slightly on points. In the fourteenth round Moore sent a jab to Wilde's mouth, which made the fight spurt. It was evident in the last rounds that Moore was trying for a knockout, but Wilde's ring craft and cleverness prevented the American from carrying out his plan. If Your Back Hurts or Bladder Bothers Drink Lots of Water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they filter from it 500 gallons of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

The best kind of water you can drink too much; also get out of any pharmacist about four ounces of Jad-Salts take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate the kidneys and to neutralize the acid in urine. It is so gentle that it is a source of irritation, thus obiding blood trouble.

Jad-Salts is inexpensive; cannot injure; and is a delightful aperient. It is a water drink which everyone should take now and then to keep their kidneys clean and active. Try this salt at once on your back-aching and in doubt you will wonder what became of your kidney trouble and backache.

IT'S NECK AND NECK

THE CANDIDATES IN THE CHRONICLE'S BIG AUTOMOBILE CAMPAIGN HAVE REACHED THE TURN, MANEUVERED THEMSELVES INTO POSITION FOR THE FINAL GO, AND FROM NOW ON UNTIL 10 O'CLOCK MONDAY NIGHT—THE END OF THE BIG VOTES—WILL BE BATTLING FOR SUPREMACY UNDER WHIP AND SPUR.

SO EVENLY HAVE HONORS BEEN DIVIDED UP TO THE PRESENT TIME THAT IT DEPENDS ALMOST ENTIRELY UPON THE AMOUNT OF SUBSCRIPTIONS TURNED IN BEFORE THE CLOSE OF THE "FIRST PERIOD" AS TO WHO THE ULTIMATE WINNERS WILL BE, AND EACH HAS ENTERED THE FINAL LAP WITH THE GRIM DETERMINATION OF BEING DECLARED THE VICTOR OR KNOW THE REASON WHY.

A Word of Advice to Candidates

DON'T FLATTER YOURSELF THAT YOU ALREADY HAVE ENOUGH VOTES TO WIN, FOR YOU HAVEN'T. DON'T TRY TO FIGURE JUST EXACTLY HOW MANY VOTES IT WILL TAKE TO WIN, FOR YOU WILL SURELY FAIL TO GET ENOUGH. DON'T BE AFRAID OF HAVING TOO MANY VOTES—YOU CAN'T GET TOO MANY. IT WOULD BE BETTER TO WIN THE PRIZE YOU MOST DESIRE BY A MILLION VOTES MORE THAN TO LOSE OUT BY A MERE HANDFUL OF SUBSCRIPTIONS, REPRESENTING THE RESULTS OF ONE DAY'S EFFORTS. DON'T LET THIS HAPPEN TO YOU! YOU WOULD NEVER FORGIVE YOURSELF THE FATAL ERROR—THERE WILL BE NO CAUSE FOR REGRETS IF YOU HEED EXPERT ADVICE AND BACK IT UP WITH A GOODLY NUMBER OF SUBSCRIPTIONS. TEN O'CLOCK THIS MONDAY NIGHT, JULY 21, IS YOUR LAST CHANCE TO ENTER SUBSCRIPTIONS AND SECURE "FIRST PERIOD" VOTES. MAKE EVERY DAY, YES, EVERY HOUR COUNT WHILE YET YOU MAY.

- HON. J. H. SEAVEL, State Senator, Castleford; R. E. MOOREHOUSE, Postmaster, Hollister.

All of these gentlemen are well known to everyone in Twin Falls and surrounding territory, and the final results, as given out by them, will be beyond dispute.
