## ERZBERGER DISCLOSES ENGLAND'S PEACE PLEA SPURNED BY GERMANY

### Iron Rule of Militarists Refused to Enter Negotiations.

### PROFFER WAS MADE THROUGH POPE'S OFFICE

### French Government Agreed to British Proposal—Fatherland Merits Conditions.

By the Associated Press. BRUSSELS, Friday, July 25.—Peace overtures to Germany by Great Britain and France were made through the Vatican in August, 1917, Matthias Erzberger, vice premier and minister of finance, declined in the imperial assembly today. He said Germany rejected these overtures.

French Government Assented. Monsignor Paselli, papal nuncio to Munich, on August 13, 1917, addressed a note to imperial Chancellor Michaelis, enclosing a telegram from the British minister at the Vatican to the papal secretary of state to which the French government assented. The British note, Herr Erzberger explained, asked for a German declaration of Belgium independence and compensation, and inquired as to what guarantees Germany would need for herself.

Chancellor Michaelis did not answer for four weeks; then, September 14, he wrote that the situation was not yet sufficiently clear.

Promises More Revelations. Herr Erzberger promised more important revelations within a few days. Monsignor Paselli's note reads:

"I have the honor herewith to transmit to your excellency a copy of a telegram which his excellency, the king of England's minister at the Vatican, has handed to the cardinal secretary of state. The French government gives its assent to the aforementioned telegram. His excellency earnestly desires actively to continue his efforts for the speedy attainment of a just and lasting peace, such as the imperial government has shown a conciliatory readiness to accept."

World Protest Attention. "Your excellency's attention is particularly drawn to the point in the telegram relative to Belgium, with a view to obtaining, firstly, a positive declaration regarding the imperial government's intentions with respect to Belgium's complete independence and compensation for damage caused Belgium through the war; secondly, a definite statement of guarantees for political, economic and military independence which Germany offers as a way for peace."

"If these declarations have a satisfactory effect, His Excellency thinks an important step will have been taken towards the further development of negotiations. As a matter of fact, the minister of Great Britain has informed his government that the Holy See will reply to the communications made in the aforementioned telegram as soon as it has received the imperial government's reply."

"I am permitted for my part to give expression to my firm conviction that by using your influence in all highest quarters on behalf of the proposal and for this peace work your excellency will gain the gratitude of the fatherland and the whole of humanity. If a conciliatory reply be obtained which can open up the prospect of peace negotiations."

Without British Note. Herr Erzberger said that the government had asked permission to publish the contents of the British dispatch, but that such permission had not been received.

The reading of the note caused commenting. Herr Erzberger said: "In 1916, President Wilson used every effort to bring about peace, but Mr. Wilson's peace work was sabotaged by the proclamation of unrestricted submarine warfare, and at least twice an honorable peace could have been brought about; but a fight with the military party both times prevented it." At the end of September,

## NITTI TELLS OF ITALIAN NEEDS

ROME, July 26.—Premier Nitti, speaking before the senate today said Italy must raise a foreign loan of 15,000,000,000 lire for the purchase of raw material. He pointed out that the refusal of the United States to grant more credits to Italy was not a great misfortune, for the United States had lent Italy during the war money at a rate of 3-1/2 per cent whereas the rate paid on loans raised in Italy was 5-1/2 per cent.

"The United States have accomplished their task," said the premier, "and it is now a question of making them for an act of friendship and we must also act in a friendly manner." A favorable issue in the difficulties surrounding Italy's foreign policy is well hoped for by Premier Nitti.

"There is no need to say that because one of our national aspirations is unattained we have lost the war, for Italy has won the war and the rest of the world will acquire in the world in which we were slain by our riches. We have overthrown a century-old empire. In spite of treaties which we had made, as a result of which we ought to have been supported in our struggle against the Austro-Hungarian empire, we were alone in the combat. None can say we did not win the war."

The senate passed a resolution expressing confidence in the new ministry.

## MATURE PLANS TO SEND HUNS HOME

By the Associated Press. LONDON, July 26.—British plans for repatriation of German prisoners of war are complete. These plans are subject to arrangements to be made by the joint prisoners commission to meet in Paris.

Up to July 23, prisoners held in Great Britain numbered 84,604. This number included 176 army aircraft, 2,318 soldiers, 48 naval aviators and 4,302 civilian aliens. The majority of the sick and badly wounded have been sent home. Among those recently returned were Captain Karl von Mueller, commander of the Hunter Zenden, Admiral von Reuter, who was held prisoner to answer for the sinking of the German fleet at Scapa Flow, and a son of Admiral von Tirpitz. Twenty-six thousand prisoners are engaged in agricultural pursuits and about 10,000 are employed by the military authorities filling trenches. They are paid up to two pence an hour, the same as British soldiers.

## RUSS SHOULD BE LEFT TO SELVES

LONDON, July 26.—The former prime minister, H. H. Asquith, speaking at Edgeacre today said:

"I regard with bewilderment and apprehension that this country is playing in Russia. The country wants a clearer definition than has been given of what are commitments, definite and prospective. I hope that the attempt to commit us further in this matter will be successfully resisted. The future government of this country is a matter for the Russian people and for no one else.

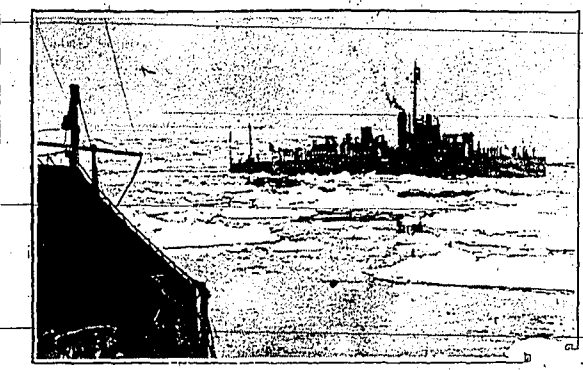

"The economic conditions of the world and of our country were never more menacing."

## OUT OF TOWN MEN GIVEN NEW CHANGE

Three out-of-town men were hailed yesterday by Judge W. A. Minick in charges of violating traffic regulations of the city. All three were released under suspended sentences following the policy of the city to let those living in outlying points know of the ordinances before punishing them. Those hailed, besides Judge Minick's son, G. Robinson of Heyburn, Jimmie Galt of Buhl and Jack Lonsberry of Filer.

HATHIER HOT IN SIOUX CITY. By the Associated Press. SIOUX CITY, July 26.—Today was the hottest day in eight years here, the temperature reaching 101.

## EAGLE BOAT IN ICEBOUND MURMANSK HARBOR

The staunch little Eagle boats that were built to play a part in ridding the sea of Hun submarines are getting a stiff test now. Here is one of them in the ice-bound Murmansk harbor. It's there to aid the Yanks while they remain and to help them get clear of Russian soil.

## WOULD PLACE CARRANZA ON "BLACK LIST"

Texas Congressman Urges That Recognition of His Government Be Withdrawn.

NEW OUTBREAK AGAINST U. S. SOUTH OF RIVER Greaser Embassy Compares Conditions in His Country to South After the Civil War.

By the Associated Press. WASHINGTON, July 26.—Outstanding developments today in the Mexican situation can be summarized as follows:

Redoubting of efforts by the government to prevent smuggling of arms across the border and a warning by the president to citizens that violation of the anti-smuggling law would be rigorously prosecuted.

An address in the house by Representative Huijiboth, democrat, Texas, urging withdrawal of the recognition of the Carranza government and military occupation of Mexico by American forces until a stable government has been established.

Dispatch of messages to members of the Mexican senate and house of representatives by Henry P. Fletcher, American ambassador to Mexico, asking their co-operation towards securing more efficient and adequate protection for American lives in the southern republic.

Holl American Boy. Receipts of advices by the state department that Philip Thompson, 14-year-old son of an American citizen, had been kidnaped by bandits from his father's ranch 35 miles from Mexico City and was being held for 1500 pesos ransom.

Reports of a new outbreak of anti-American propaganda by Mexican newspapers, especially those controlled as Carranza organs in Mexico City. Officials believe the kidnaping of young Thompson is a direct result of the inflammation of public opinion by this propaganda.

Issuing of a statement by the Mexican embassy declaring that Mexico today has a stable government, although bandits are at large in some districts and reminding the American people that it was several years after the civil war before order was fully restored throughout the south.

MEXICAN GOVERNMENT STABLE. WASHINGTON, July 26.—Despite the operation of a few bandits in some districts, Mexico has a stable government. Ambassador Bonilla, regarding every protection, Ambassador Bonilla declared today in a statement on the situation in the southern republic, addressed to the American people.

## ATTACKS WILSON FOR R.R. RATES

By the Associated Press. WASHINGTON, July 26.—Criticism of the railroad administration for reducing freight rates on imports received on the Pacific was voiced in the house today by Representative Fordney, republican, Michigan, chairman of the ways and means committee. The result was a discrimination against American manufacturers a hardship to workers, and in effect a reduction of tariff duties, he said.

Mr. Fordney referred to President Wilson "as our general manager," and added that he had "discriminated against the people in favor of the officials, South American and Mexico."

"If you had in your employ," said Mr. Fordney, "a superintendent of a mill and were to find he was discriminating against you, would you also like wages? No, you would like, change him."

Mr. Fordney said he had a list of 433 articles on which the freight rates were lower on the foreign product than on the American.

Increased revenue for the railroads while under government control, he continued, had been obtained at a price to the general public:

"For every 77 cents of increased revenue of the railroads," he asserted, "we have spent 123 cents. If that is not outrageous, I know what it is; it is incompetent."

## THOUSANDS SEE AERIAL WEDDING

NEW YORK, July 26.—Traveling 80 miles an hour, 2,000 feet in the air, Lieutenant George Burgess, army aviator corps, and Miss Emily Schaefer of Brooklyn, were married today by wireless telephone.

The ceremony was conducted by the Rev. Alton Wooters from another airplane, aloft by Lieutenant Burgess.

Dispatch of messages to members of the Mexican senate and house of representatives by Henry P. Fletcher, American ambassador to Mexico, asking their co-operation towards securing more efficient and adequate protection for American lives in the southern republic.

## BUILDING RECORD ADVANCES \$4725

Issuance of \$4725 worth of building permits yesterday by City Clerk Minick brings the total of the month of July to \$17,445. This is the second best month of the year for the issuance of permits. Like the month of May when the permits totaled \$371,500 the major portion of the permits are for residences. The largest permit issued for the construction of a modern apartment house.

Following are the permits issued yesterday: Lot 2, block 2, Senior addition, 12x16 garage, George H. Near, \$25; lot 2, block 2, East Lawn addition, 25x40, one story residence, P. R. Thompson, \$4000; lot 16, block 53, garage, P. R. Thompson, \$200; lot 20, block 1-East Lawn, P. R. Thompson, \$300.

## STATEMENT ON RESERVATIONS NOW EXPECTED

Anticipate That the President Will Disclose Attitude Toward Spencer Plan.

EXECUTIVE FEARS TO REOPEN NEGOTIATIONS Is Planning on Sending Papers in Connection With Congress, Senate Is Told.

By the Associated Press. WASHINGTON, July 26.—The next important move in the senate disagreement over reservations to the peace treaty is expected to come from President Wilson.

Having canvassed the senate situation in his conferences with fifteen republican senators, all of whom are said to have told him they would support certain reservations, it is expected the president soon will make known definitely his attitude toward such a course.

May Hasten Statement. It was indicated at the white house today that expression of his views on the subject might not await his speaking tour to begin two weeks hence, but might be embodied in a public statement in a few days.

This aroused great interest among republican senators. Several republicans have told Mr. Wilson that they never could be ratified without interpretative qualifications, and yesterday at the suggestion, it is understood, of Republican Leader Lodge, a tentative draft of reservations including in a general way the suggestions of many republican senators was prepared by Senator Spencer, republican, Missouri.

Now Up to President. Leaders for reservations any it is now the president's move.

The group of republicans who, under the lead of Senator McCumber, North Dakota, and McNary, Oregon, are working on a reservation program designed to clarify the league of nations covenant without vitally weakening it, believe the president will announce his acceptance of such a course and that quick ratification of the treaty will ensue, in their talks with Mr. Wilson, they say, he had indicated no radical antagonism to senate qualifications, his only fear being that the whole subject might be thrown back into re-consideration.

Take Different View. The president's democratic supporters in the senate are not in accord with this view and predict he will assert himself for universal ratification and then go to the country to urge support to fortify public sentiment behind that stand.

The president saw no republican senators today, but in a letter to Mr. Lodge related to inquiries about the treaty sent to the white house by the foreign relations committee. He wrote that no "final" view, no decision had been reached for division of opinion.

Call for Additional Men Comes From Thunder Mountain and the Cascade Sections.

MISSOULA, Mont., July 26.—A crew of nearly seventy men, fighting a fire in the Selway forest last Thursday, were trapped by the flames and saved themselves by leaping into a stream where they remained on their backs until the fire had passed. One horse was lost and several were badly injured, their saddles being burned from their backs. All the men's camping equipment was destroyed. None of the narrow escape reached district headquarters here today.

## STREAM SAVES LIVES OF 70 IN FIRE ZONE

### Fighters in Selway Forest Are Forced to Go Into Water—by Roaring Inferno.

### FITZUM AND HAZARD BLAZES STILL RAGE

### Call for Additional Men Comes From Thunder Mountain and the Cascade Sections.

MISSOULA, Mont., July 26.—A crew of nearly seventy men, fighting a fire in the Selway forest last Thursday, were trapped by the flames and saved themselves by leaping into a stream where they remained on their backs until the fire had passed. One horse was lost and several were badly injured, their saddles being burned from their backs. All the men's camping equipment was destroyed. None of the narrow escape reached district headquarters here today.

BLAZES ARE HEAVY. MISSOULA, July 26.—Jopes of federal forestry and interior department representatives here directing forest fire campaigns this afternoon that conditions were in the forest and on the public domain where fires have been raging the last four weeks, were given a setback this evening when reports received from the Fitzum and Hazard creek blazes indicated a serious situation.

Reports from these fires were that the high winds of Friday afternoon continued into the night, and if this is the condition at other points in the fire areas the fires may have reached alarming proportions. Telephone service between fire fighting crews and the local office today was had, and no reports have been received from several of the fires that were threatening to overpower the crews Friday afternoon.

Edith Waters-hud. On Fitzum creek, the flames have destroyed the entire watershed, about sections, and late this evening were reported entering the Buckhorn watershed adjoining. A call for additional men and pack horses for use in this section, which is west of the Thunder mountain region where the first Idaho forest fire started about a month ago, was received by Walter G. Mann, Payette national forest supervisor.

An all-night wild almost drove the fire fighters from their lines on Hazard creek Friday night, but this afternoon they reported the situation somewhat better, and expected to hold their lines, they reported.

Needs 50 More Men. Special Agent T. E. Hunt wired from Cascade today a request for 50 more men to join the crew on Johnson creek in the Thunder mountain section, other work was received from the Thunder mountain region proper.

A new fire in timber protected by the Southern Idaho Co-operative Fire Protective association was reported to be burning on the road between Emmet and Cascade, about a half mile south of the Payette national forest boundary. A crew from a near-by sawmill put it under control.

The fire on Gold Fork creek, which gave considerable trouble Friday because of high winds, was under control tonight.

A fire in Bear valley, Payette national forest, was sighted by a lookout in the Sawtooth national forest today.

SITUATION IS CRITICAL. SPOKANE, Wash., July 26.—With new fires springing up in western Montana and northern Idaho and the supply of labor rapidly being drained from the forest fire situation, has reached a "stage" where, according to their statement today, it carries serious alarm on the part of the federal forest service officials.

Three New Blazes. There have been three reported in the Lolo national forest, three in the Selway forest and twelve in the Clearwater forest which have been burning for weeks, continuing to threaten. It is expected that the situation will be worse.

# WANT GOVERNMENT TO FIX ALL PRICES

Former Chairman of War Labor Board Says Consciousness Must Be Regulating

By the Associated Press. NEW YORK, July 26.—Price-fixing commissions by the government are the only remedy for profiteering in the necessities of life in the opinion of William Harmon Black, formerly vice chairman of the war labor board, who said today for the United States. He declared that even men who intended to be fair had been forced into exactions not warranted by the situation.

"The pressing problem," he said, "is the sky-rocket cost of living. It is not the fault of the consumer. The country believes that nearly everybody who can is profiteering. Nearly every man is raising the price of everything he sells. If nothing is done to check this abnormal inflation in prices the stage finally will be reached where there will be a breaking point to relieve the tension."

Suggesting the remedy of price-fixing commissions, Mr. Black said that he has for the power of the government to create artificial restrictions upon the sale of the goods which would read the rule of reason into the Sherman act would read fair prices into a decision which would validate an act creating price-fixing commissions."

# DECLARES KEHOE'S STORY INACCURATE

President Says Reports of Cruelty to Prisoners Is Without Foundation

By the Associated Press.

WASHINGTON, July 26.—President Wilson, in a letter to Representative Dallinger, republican of Massachusetts made public tonight, characterized as "entirely inaccurate" a recently published statement by John W. Kehoe, a hospital superintendent of the Knights of Columbus, that Mrs. Wilson obtained personal evidence in Paris of brutal treatment of American military prisoners.

A dispatch from New York quoted Mr. Kehoe as saying Mrs. Wilson while at luncheon hospital number 57 was beckoned to the cot of a soldier who displayed "numerous welts on his arms and back," and that she reported this to the president with the result that "the entire staff sent were brought up on charges and removed."

In the correspondence with the president, given out by Mr. Dallinger, the latter quoted from the newspaper account and asked for additional information as to this alleged "scandal" from the war department the punishment meted out to those guilty.

The president replied as follows: "My dear Mr. Dallinger: The newspaper article to which you refer was entirely inaccurate. Mrs. Wilson saw no evidence of violence on the patient whom she met in hospital number 57 and her inquiries brought out the fact that whereas one of the prisoners used by the American army in Paris had been delivered over to them in a very bad condition, the conditions had been rapidly corrected, and such harsh treatment as had been practiced in one or two instances had been promptly checked.

"Very sincerely yours,

"WOODROW WILSON."

With the correspondence Mr. Dallinger gave out a statement to the effect that he could not reconcile the president's favorable references to prisoners with the recent testimony of General March, chief of staff of the army, "showing conditions rivaling those of Siberian prison camps."

according to an announcement today by Arthur Shih, who sailed today for France on the liner Royal George. He was accompanied by five Chinese students from Yale university and the Researcher Polytechnic institute to investigate the work. There are now in France, Mr. Shih said, 156,000 Chinese laborers.

# REPUBLICANS BALK PLANS OF PROHIB

House in Adjourn From August 2 to September 8, by Party

By the Associated Press.

WASHINGTON, July 26.—Legislation for the enforcement of war time and constitutional prohibition probably will not be enacted for two months as the result of the decision today of republican leaders to have the house recess from August 2 to September 8.

Senate leaders have indicated that many changes would be made in the house bill and should the senate pass its measure before the house recess in September congressional time would lapse before final enactment as the differences between the senate and house would have to be thrashed out in conference.

Final decision to have the house recess was reached today after conferences between republican leaders of the two houses. Little opposition to the plan was expressed by senators, it was said but there was no suggestion that the senate would...

# WATER MEETING TO BE HELD WEDNESDAY

Farm Bureau Executive Committee Makes Plans to Save Late Crops

By the Associated Press.

At a meeting of the executive committee of the farm bureau yesterday afternoon a call was issued for a meeting at the farm bureau next Wednesday, July 30, of farmers who are in need of additional water and of those farmers who can spare water for transfer. This meeting will be called at 8 o'clock in the evening.

J. C. Wheeler, manager of the Twin Falls Canal company, was present at the executive meeting yesterday and discussed the situation. He will also be present at the meeting Wednesday.

It is stated that a large amount of orchard land which has a prospect of a fine crop of apples is in need of additional water to mature the fruit and a little additional water may make a difference of several hundred carloads of apples to this tract. Also some beet growers who have a relatively large acreage of sugar beets in this year would be very anxious to purchase a water lease for the remainder of the season. This applies also to some other crops, such as potatoes and beans.

If the farm bureau office should not be large enough to accommodate the crowd it is expected to adjourn to the city park. It is hoped to have representative growers of different crops from all parts of the Twin Falls tract present at this meeting.

# MATURE PLANS FOR C.A.R. GATHERING

Tickets for Columbus Encampment to Be Placed on Sale August 15, Announcers Adjourn Here

James M. Hise, adjutant for the Dan McCook post, No. 33, G. A. R., yesterday received notification from the department headquarters that railroad tickets for the national encampment at Columbus on September 7 will be on sale August 15. The tickets will be good for 8 days from the date of sale with stop-over privileges both days. Tickets will be sold to only those holding certificates and those will be issued to only members of the G. A. R. posts and to members of auxiliary and allied organizations. The adjutant has issued a request that all intending to go should report to him so that the certificates can be secured from the department headquarters.

# JURIST QUICKLY SEVERS MARRIAGE

Within an hour after the filing of the complaint, Clarence H. Davis was yesterday granted a divorce from Sarah Davis by Judge W. A. Babcock sitting in chambers. Davis filed his request for a divorce yesterday morning. A demurrer was filed immediately by the attorney for Mrs. Davis. It was overruled and the defendants refused to plead further. The plaintiff testified and his testimony was verified by another witness and the court granted the decree. Davis alleged desertion.

# Many More Miles From Your Old Tires

The Miller Ad-On-A-Tire Saves 75% of Tire Value

Don't throw your tires away simply because the tread is worn off. To do that, is waste. You lose 75 per cent of your tire value.

When you put Miller Ad-On-A-Tire on your old tires you are not merely putting on a new tread. You are virtually rebuilding your tires.

The Miller Ad-On-A-Tire is built of tough, buoyant rubber. It has several layers of fabric, breaker strip, tread, and side walls which completely cover the tire and clinch under the rim. It has the famous Miller Geared-to-the-Road tread.

Our method makes it an integral part of the tire. It cannot come loose or creep. It fits any size of any make of tire. Get 75 per cent more mileage from your old tires. Bring them to us today.

ROOSEVELT ON THE LEAGUE

There has been considerable speculation of late as to what position Theodore Roosevelt would have taken with regard to the peace treaty...

It is impossible, naturally, for any living man to say precisely what he would have thought of the document as it is drawn.

Mr. Roosevelt has written a great deal in favor of a world federation before the war.

The one permanent move for obtaining peace which has been suggested with any reasonable chance of attaining its object is by an agreement among the great powers...

"The nations (members of the league) should agree to certain rights which should not be questioned, such as territorial integrity, their rights to deal with their own domestic affairs..."

Recommending, as part of the league organization, "an amplified League court," he maintained that member nations should "agree not only to abide, each of them, by the decision of the court, but all of them to enforce with their military forces to enforce the decree of the court against any recalcitrant member."

As for the results which might reasonably be expected from such a league:

"It would be impossible to say that such an agreement would at once and permanently bring universal peace, but it would certainly mark an important advance. It would certainly mean that the chances of war are minimized and the prospects of ending and reducing war immensely increased."

Such a scheme will mean that at last a long stride has been taken in the effort to put the collective strength of civilized mankind behind the collective power of mankind to secure the peace of righteousness, the peace of justice, among the nations of the earth."

NO FLYERS FOR MEXICO.
Congress is much concerned because, as the Mexican situation appears more serious, it develops that the army has no adequate aviation force to use either for border protection or invasion, and so prospect of any. And for once, congress is not blaming anybody but itself.

Members of both parties are indulging in a rare and wholesome bit of self-criticism. They recognize now, after the deed is done, that the present inadequacy of the air service is due to their refusal to appropriate enough money for it.

The army has the planes about 5,000 of them, but they are not the men to use them, or will not have, shortly. Nearly all of the trained flyers are national army men, who will be scattered out in a few weeks.

The 425,000 man army air appropriation makes no provision for men to take their places, Senator Walworth says:

"There will not be a single enemy officer in the army after September 30, because of the limited appropriation in 1919. This will have the effect of cutting the number of officers in the air service down to 275. All of these will be needed for administrative duties, so in effect we will have no flyers at all."

If this is an accurate portrayal of the situation, it behooves congress to remedy matters. If the deficit of flyers cannot be supplied otherwise, it is surely possible to vote a special fund for the purpose.

It would be desirable, quite aside from this particular emergency, The American people do not want to lag so far behind England and France in aviation progress as will be inevitable unless more provision is made for maintaining the army air corps.

The appropriation might be doubted, and will be only one-fifth as much as Great Britain is spending on her aviation program.

BRINK ONLY PURE WATER.
If people want to come back from fumes as well as when they left home, they should carry their own drinking water with them.

It is one of the ironies of fate that the pleasantest walking winter summer affords is fraught with a danger so menacing as typhoid fever.

Country wells, clear, tempting brooks, cool, inland lakes, all are likely to be germ-laden. Unless the drinker knows for certain that the water is pure he is taking a very serious chance in drinking it.

In these days of thermos bottles it means very little additional weight or labor to carry water known to be safe for drinking purposes, as a part of the luncheon.

Swimmers, too, should bear in mind the uncertain quality of unknown water, and try to refrain from swallowing it, even if they take it into their mouths in the process of swimming.

and lanternary tubes in lieu of the present gross tax of 10 per cent on sales also was recommended.

Action on the bill for the protection of the dye industry was deferred pending a re-drafting of the measure by its sponsor, Representative Longworth, republican, Ohio.

The measure levies a tariff on imports and authorizes creation of a board to control imports through a licensing system. Mr. Longworth has rewritten the bill and expects action next week.

Many's indemnity payments under the treaty's provision that it shall be settled among her enemies...

In response to your letter of July 25, representing the National League, a committee on foreign relations was sent to the committee the agreement referred to in article 23 of the treaty with Germany, in the event that such an agreement has been determined upon by the allied and associated governments.

"My I not add with regard to the other request which I have received from the committee for papers and information of various sorts, that I was not able to bring from Paris a complete file of papers. I brought with me only those which happened to be in my hands when I left France. These alone constitute a considerable mass of papers, and I have been going over them as rapidly as time and my engagements permitted."

Tearney Says That Understanding Won't Be Reached Concerning Purchase of Players.

By the Associated Press.
CHICAGO, July 26.—A. H. Tearney, president of the Western and Three-I leagues, and chairman of a special committee representing the National Association of Minor Leagues tonight charged the National League with breaking faith with the minors in regard to drawing up a new agreement to take the place of the so-called national agreement which the minors abrogated.

John A. Heydler, president of the National League, advised Chairman Tearney that the National League would not enter into any formal agreement with the minors unless the right of the major leagues to draft players from the minors was included so as to enable both players to advance in their profession, as provided by the national agreement.

The minor leagues are demanding that the minors buy promising players outright instead of drafting them.

Tearney said that Chairman Heydler, representing the major leagues, made a verbal agreement with the minor leagues at the joint meeting in New York last January, contented to the abrogation of the national agreement and the independent operation of the minors.

Chairman Tearney has sent the communication from President Heydler to the presidents of all minor leagues for their consideration.

A dam of soldiers in fighting the forest fire has been taken by the Montana state council of defense. Governor V. Stewart of Montana had previously asked if troops could be sent in case of an emergency. High water, according to the report of the council of defense, has fanned the forest blazes to a strength which makes their control by present forces, tried out by weeks of dry, protracted rain.

The joining of the Gold creek fire with the blaze coming down Lone Gulch creek in the Lolo forest caused a fire which spread in three directions at a dangerous pace, though it was temporarily checked when it reached the old Blackfoot camp.

The Harker creek fire in the Litter Root forest jumped the control lines several times. Although the flames are being held on the south side of the creek, this is one of the biggest fires of the district and is considered very dangerous.

The running creek fire has cleared the Salmon mountains, jumped into Montana and is now burning over a large area. Large crews are fighting the Evans fire and are holding the blaze on the west side of the mountain, spreading rapidly and is classified serious.

PROPAGANDA IS BLAMED FOR CAQUORRITO DISASTER
By the Associated Press.
ROME, July 26.—The findings of the government commission appointed to investigate the disaster to the Italian liner Caquorrito, which was lost in October, 1917, where the Italian line was broken by the great Austro-German attack, were published here today.

The commission's report attributes the hull's sinking to three sets of causes, which were:

1. The powerful influence of unfavorable propaganda which seriously affected the morale of the Italian crew.

2. Political meddling with military stores.

3. The military's lack of vision, necessary in modern warfare, and lack of preparation and material.

General Hugo Ippolito, who commanded a part of the Italian line of the Isonzo, was acquitted by a court martial in March, 1919, of charges that grew out of the Caporetto catastrophe.

Some circles of opinion stated that Ippolito firmly was being placed around also he is to prevent war.

cell houses and machine guns were placed to rake the grounds when the prisoners in one wing were given command to line up. The prisoners were marched into the yard, searched and the sixth will be searched tomorrow. No dynamite or revolvers were found, but jackknives and daggers made from table knives were discovered.

Colonel Hite stated tonight that he would probably put the prisoners to work Monday. They will be given a full ration meal before going to work.

COMB SAGE TEA IN
HAIPO TO DARKEN IT
It's Grandmother's Recipe to Keep Her Locks Dark, Glossy, Beautiful.

The old-time mixture of Sage Tea and Sulphur for darkening, gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are, living in all ages when a youthful appearance is of the greatest advantage.

Nobody's though, we don't have the troublesome task of gathering the sage and the honey mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, such as "Weych's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply wash your hair with it, brush it with the gray hair dressings, and what delights the ladies with Weych's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces soft and lustrous appearance and abundance which is an attractive. This ready to use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

BASEBALL SPORTS BOXING

EAST GAME TO BE PLAYED THIS P.M.

Filer Comes Greatly Strengthened in Effort to Show Twin Falls Into Collar.

Filer, strengthened by the addition of some jassy material, will be in Twin Falls this afternoon for a contest with Tyler Christian's Very Own.

Both teams have much to win in today's game. A victory for either side would kill the pennant hopes of the other.

Filer has always been an enemy to the fans because of the class of ball put up. "This after" this has made the league leaders up and has earned victories unexpectedly, but at other times the nine has played rotten ball.

Reports received here through indicate that this waywardness is no more.

That Christian realized this and is taking no chances in evading the work-out that he has put his men through during the past week-end.

Glance over the line-up to be presented also shows that the Twin Falls team will put up some game.

Alexander will probably be doing the fanning for Filer. He is said to be their ace in the hole.

SOVIET MAGIC FORCE DECLARE: BOLSHEVIKI VIENNA, Thursday, July 14.

George Tchicherin, Russian Bolshevik foreign minister, answering an inquiry made by a Vienna newspaper as to the present situation of the revolution is quoted as follows:

"We are stronger than ever. Our revolution has vanquished the Hohenzollerns and the entire line of emperors and the entire line of emperors is progressing, but breakers absorbors.

are still absent. Kolechak has foreign backing; he has gathered a large army. Doubtless he will equipped.

"Despite difficulties, the revolution is gaining ground, disorganizing imperialism. The empires armies are crumbling away. All the oppressed recognize the soviet as a single force and that they must ultimately initiate it."

WEDNESDAY GAMES URGED FOR LEAGUE

Would Help Pay Costs of Carrying on the Schedule, Advocates Declare.

Minutes of the South Idaho base ball league are now circulating and their supporters as to the advisability of having Wednesday games in addition to those on Sunday.

The suggestion was first handled in Hurley, following which it was made to the S. I. L. in getting better right league, would really strengthen the league financially.

It is also suggested that the receipts be pooled and divided six ways. This, it is said, would be a great boon to the teams at Piler and Paul where receipts are not up to standard.

It is believed that the two west-end teams could get their share of this pooled pot.

The matter will be settled at a meeting this week.

SPORT JAZZ BY RAZZ BERRY. Illustration of a man playing a saxophone.

It's up to the Fans today. Good patronage. Good team. Poor patronage. No team.

Yes, if the patronage isn't good today the Twin Falls team MIGHT take it in their hand to play the rest of the season on their toes.

A is that, you know. Pretty good idea, that Wednesday baseball game.

It would be a life saver to Paul and Piler. And would help Twin Falls finance its side.

With a little extra "Jack" wouldn't hurt any of the others.

The matter is now up to the merchants of the Piler city.

Always helps Christian boys. They're having as hard a time organizing the league of amateurs as they did getting the old Federal league started.

DRUGS EXCITE YOUR KIDNEYS, USE SALTS

If Your Back Hurts or Bladder Bothers, Drink Lots Of Water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract.

Keep your kidneys clean by using your bowels clean by using Dr. Williams' Pink Pills for Pale People.

Think lots of water—you can't drink too much; also get from any pharmacist about four ounces of Epsom Salt; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine.

This "tamara" salt is made from the acid of grapes and lemon juice, combined with bicarbonate and has been used for generations to clean and stimulate clogged kidneys and to neutralize the acid in urine.

Soil Salts is an important element in the making of a beneficial effervescent health-water drink which everyone should take now and then to keep their kidneys clean and active.

# The "Second Period" Ends Next Saturday Night

Contestants are again warned that the "second period" of the great Battle of Ballots ends Saturday night at 10 o'clock. After that hour the vote schedule is reduced and subscriptions count for less votes. The entire race comes to a final close one week from Saturday night. The prizes will be awarded immediately after.

So close is the competition at the present moment that this week (while the "second period" vote schedule remains in effect) is of supreme importance to those who wish to win.

## Every Hour Counts

# The Grand Capital Prize Is Valued at \$1725

\*\*\*\*\*  
**HURRY! THIS GOES FOR YOURSELF!**  
 \*\*\*\*\*  
 Here's an Example of How Easy It is to Secure Over Half a Million Votes in the Chronicle Campaign.  
 \*\*\*\*\*  
 32,000 votes are allowed on every two-year subscription (new or renewal) to The Chronicle, providing same be turned in before the close of the "second period" terminating Saturday night, August 2nd.  
 \*\*\*\*\*  
 Ten such subscriptions would entitle you to 320,000 votes, and would also entitle you to 250,000 extra special club votes, making a grand total of 570,000 votes.  
 \*\*\*\*\*  
 Therefore, ten such subscriptions, or approximately its equivalent in shorter term orders, would mean over HALF A MILLION VOTES.  
 \*\*\*\*\*  
 Haven't you got ten friends who would help you to the extent of a two-year subscription to The Chronicle (only \$12) toward winning that beautiful Paljo automobile, valued at \$1725, which is to be given away week after week?  
 \*\*\*\*\*  
 Surely you have. Try it and see.
