14 R.R. UNIONS TO ACT AS ONE

Director Hines Told that Wage Question Must Be Acted Upon Immediately.

MAKE THREAT OF A NATION-WIDE STRIKE

Present Situation More Dangerous to Country Than That of Brotherhoods Three Years Ago.

WASHINGTON, Aug. 6.—Acting as a unit for the first time in the presentation of wage demands, the fourteen principal railroad unions today in expressing to Director General Hines their disapproval of President Wilson's proposal that congress create a commission to consider increased pay, declared that wage question must be settled immediately.

A general program to meet the present crisis, involving the threat of a nationwide strike, was submitted to the director general. It suggested that the money to provide increased pay should come from an appropriation by congress, to be followed by appropriate freight rate advances. This "temporary relief" must be accompanied by a determined effort to reduce the cost of living.

Seek Early Passage of Bill.

Formulation of the railroad problem was declared to depend upon the removal of returns to capital as the sole purpose of operation and the director general, accordingly, was asked to recommend to President Wilson that he attempt to obtain an early passage by congress of organized labor's bill to eliminate private capital from control of the railroads and to give the employees a share in the profits. The unions declared the belief that the workers' transportation rates should be sufficient to guarantee that wages, maintain the properties and give suitable returns on money invested.

Two Millions Behind Demand.

Interesting fact was the suggestion removing the amount of the railroad strike, the unified action of the fourteen organizations attracted equal attention. Labor leaders who were questioned—declined to say whether the unions would act as a whole in the future, but declared they were going through with the present situation as one body. The result will be to put the total weight of 2,000,000 persons, virtually the entire rail transportation personnel of the United States, back of the wage question, with the possibility as never before of the nation's life if a general strike should ensue.

Cooperation between the four great brotherhoods—engineers, firemen, conductors and trainmen—has for the first time, several years ago, given the power of united action in passage of the Adamson act.

Situation Is Dangerous.

The present situation "is said to be so serious, but infinitely more dangerous than that of the four brotherhoods involved, but all the other unions also which have to deal with maintenance of equipment and the moving of trains.

The program submitted to Director General Hines declared that the employees were entitled to compensation which would at least re-establish the pre-war purchasing power of their wages. Rates of pay, it was said, were, in no way, correlated to transportation charges. The plan for a congressional commission was dropped because "it means months of delay at a time when the question involved require immediate settlement," the program said, continuing:

"You already have in the board of railroad wages and working conditions the necessary machinery to discuss these questions, and we ask that their functions be restored and they be allowed to hear from the unions submitted to them and that their findings be placed before representatives of the recognized organizations for the consideration and be mutually agreed upon before being issued.

"The money's with you to pay"

SEEKS BRIDE IN AMERICA?

THE PRINCE OF WALES

England's future king left his home land Tuesday for a trip to Canada and the United States. His portrait reveals a rather good looking Englishman of 25. One of the reasons for his trip to America is said to be a desire to find a suitable young woman who would become his bride and eventually the queen of England.

Fleet Made Spic and Span For the Big Naval Review

SAN DIEGO, Cal., Aug. 6.—The Pacific fleet of American dreadnoughts became a reality today when six of the heaviest line battleships, in command of Admiral Hugh Rodman, dropped their anchors off Los Coronados and made ready to receive tomorrow a welcome to their new home in the waters of the Pacific from Secretary of the Navy Daniels and the people of the western coast. Secretary Daniels reached San Diego tonight and went over final plans for the reviewing of the naval parade off Coronados beach tomorrow morning.

AUSTRIANS AVER TERMS TOO HARSH

Declare That Their Propriety of the Austro-Hungarian Debt Is Too Much.

By the Associated Press. PARIS, Aug. 6.—The Austrian court proposal to the peace terms were handed to the allied mission at St. Germain-in-Lay at 12:15 o'clock today. The court proposals were brought at once to Paris and delivered to the supreme council of the peace conference.

The Austrians state they also believe they have been grossly overcharged, as two-thirds of the debt of the Austro-Hungarian state is being loaded upon them. They say the proportion is too heavy, considering their small population and they are not sure they can live under such conditions.

DANIELS LEAVES LOS ANGELES

LOS ANGELES, Aug. 6.—Joseph Daniels, secretary of the navy, left Los Angeles today for San Diego where he will meet and review the Pacific fleet tomorrow. The secretary is accompanied by Mrs. Daniels.

Secretary Daniels will be formally welcomed to the city when he returns Saturday with the fleet for a few days stay at San Pedro, the harbor of Los Angeles.

LANSHING SAYS PACT FAULTY BUT SUITABLE

Secretary Declares It Does Not Square With Wilson's 14 Points.

SHANTUNG NOT PAWN FOR JAP'S SIGNING

"Ask the President," Tells Committee When Questioned Concerning Many Features.

By the Associated Press. WASHINGTON, Aug. 6.—Secretary Lansing before the senate foreign relations committee today expressed the opinion that the Shantung provision of the peace treaty did not square with President Wilson's enunciated principle of self-determination, but maintained that the treaty as a whole could not be "substantially" the president's fourteen points. Declaring his unfamiliarity with many details of the peace negotiations and of the treaty itself, the secretary told the committee he was unable to answer many of its questions and requested solutions in writing and others that he was merely expressing his own personal views.

Ask the President.

"Ask the president," the secretary said when pressed for details of the Shantung and league of nations negotiations. On three of the points raised by the committee, he gave the necessary and made a statement to the committee later and when he was asked for a detailed construction of the labor and reparations clauses he protested that he could not be expected to carry the minutiae of an 80,000-word document in his mind. He reminded the committee it was his endeavor to "ask questions prepared beforehand," than to answer them off-hand.

Japan's Signature Certain.

Mr. Lansing said in his opinion Japan had not yet signed the treaty without the Shantung provision that the United States should ask no part of German reparations; that the latter could not be legally tried, and that the mutual-guarantee-of-territorial integrity from external aggression, as contained in article 10 of the league covenant, imposed a moral obligation but not a legal one.

Committee Will Not Aid Director

Refuses to Consider Legislation to Investigate Urges of Italian Workers.

By the Associated Press. WASHINGTON, Aug. 6.—The senate interstate commerce committee today by unanimous vote directed Chairman Cummins to reply to President Wilson's suggestion for legislation to create a special railroad wage board. Senator Cummins' letter will not be made public until tomorrow, but it is understood to advise the president that he has full authority without further legislation.

The senate committee also declined without dissent, to take no action of other suggestions in the wage situation and will not attempt an inquiry proposed into the relation of railroad employees wages to living costs.

Committee is suspected to take the position that there was nothing in the president's letter to Chairman Cummins which required action by congress. The senate, it was said, including all democrats as well as republicans, also takes the view that while the railroads are under government control the president and director-general have ample power to adjust both wages of employees and rates and that a special legislative wage board is neither necessary nor desirable.

Both the Shantung provision and the league covenant, the witness said, have been nullified by the action of the president who, alone of the American delegates, would be able to reveal details of the discussions.

The secretary was before the committee during the whole of an all-day session, and although not particularly well finished, their questioning of him when adjournment was taken tonight, "it was thought likely" that other points might be brought up

when he appears again next Monday. Leaving Asks Time.

Mr. Lansing asked to be given until this time to prepare his statements in reply to questions asked today about the Lansing-Jellic agreement, the attitude of the United States toward Japan's demands on China in 1915, and what part the government took toward bringing China into the war.

Not Followed With Shantung. Senator Johnson recalled Mr. Lansing had stated that American peace commissioners went on the policy that "expediency should not rule principle" and asked whether that policy was followed as to the Shantung provision.

"No entirely," said Mr. Lansing. "Was the Shantung decision made in order to have Japan's signature to the league of nations?"

"I really haven't the facts about that."

"Could Japan's signature to the league have been obtained without the Shantung decision?"

"I think so."

China Would Have Signed.

Senator Johnson suggested that had the Shantung clause not been adopted, the treaty might have been adopted, but had another alternative.

"We would have had China's," Mr. Lansing agreed.

"So the result was simply to lose China?" suggested Senator Johnson.

"That is my personal view," the secretary answered, adding that the Shantung provision was accepted by decision of President Wilson.

"The decision was his then and not yours?"

"Necessarily."

Never Talked to House.

Senator Johnson asked if Secretary Lansing had said officially any reason for the Shantung agreement. Mr. Lansing replied negatively, adding he had never discussed the matter with Colonel House.

Questioned in detail Secretary Lansing reaffirmed his statement that the four points were "substantially" carried out.

Regarding the first point, dealing with open covenants openly arrived at, he said:

"I am certain that was carried out, on the third point. The fourth, for reduction of armaments, has not been done in public or at a public hearing."

Did Not Attend Negotiations. Freedom of the seas, the second point, the secretary said, did not enter into the negotiations.

"It is a fact that England would not let it be considered," asked Senator Johnson.

"No, it never came up."

Equality of trade conditions were emphasized, the secretary said, on the third point. The fourth, for reduction of armaments, he declared, was effected by the league covenant.

"But there is no arrangement for reduction there except at the option of nations," protested Senator Johnson.

Imposes Moral Obligation.

"The covenant imposes a moral obligation," the secretary replied.

"That's quite true of the entire covenant. Every nation ultimately has a veto. There is no moral modification of sovereignty that there is in the treaty by which we guaranteed the sovereignty of Panama."

Many Mandatories Suggested. Discussing the fifth point, relative to Germany's colonial possessions, the secretary said the mandatory system fell from the president.

"Have any mandatories been suggested for the United States?" Senator Johnson asked.

"Oh, many."

"What if the United States has tentatively agreed to it?"

"None."

The Russian problem dealt with by the sixth point could not be taken up by the conference, the secretary said, while the seventh and eighth relative to Belgium and France had been carried out. The point relative to Italian borders was to be worked out in other treaties. The tenth, eleventh and twelfth, regarding Balkan conditions and Turkey, also would be worked out later. The thirteenth and fourteenth points, relative to Poland and the league, the secretary said, considered carried out.

Self-Determination Violated. Senator Lodge quoted the principle of self-determination laid down by President Wilson and Senator Johnson asked whether that was not violated by the Shantung provision.

"Yes," said Secretary Lansing.

When Senator Johnson began a series of questions regarding the reparations commission, the secretary protested that it was impossible for him to be personally familiar with all the details of the reparations commission.

"It is much easier," said Mr. Lansing, "to ask questions prepared beforehand than it is to answer them without detailed preparation."

Ship in the League. Secretary Lansing will appear before the committee again Monday to make several detailed statements in reply to questions he said he was unprepared to answer today.

START FIGHT UPON H.C.L.

Packers First One Struck at in Drive by the Administration.

WILSON DEMANDS TO MEET CONGRESS

Insists Upon Addressing Members Friday, Although Leader Mondell Asks for a Postponement.

WASHINGTON, Aug. 6.—Anti-trust bills against the great meat packing firms were announced today by Attorney General Palmer as the first concrete development of the government's campaign to reduce the high cost of living.

Arthur, Swift, Morris, Wilson and Cudahy, who have been pleading for a just sentence for a violation. There are evidence that the government hopes for some in the present campaign.

While he was announcing prosecutions of the packers, Attorney General Palmer was unveiling his special pleading and food hoarding. These prosecutions come under the food control law.

Hope for Jail Sentence.

The history of all the government's anti-trust prosecutions in 25 years does not show a single individual ever sentenced to jail for a violation. There are evidence that the government hopes for some in the present campaign.

While he was announcing prosecutions of the packers, Attorney General Palmer was unveiling his special pleading and food hoarding. These prosecutions come under the food control law.

All United States attorneys were instructed to ferret out food hoards and illegal trade under the law.

TO SUBMITTAL ALL ELSE.

"This is the most important business before the country today," announced the attorney general, "and I propose to have the law enforcement machinery of the government's attention everything to this job."

President Wilson continued to give close attention to the food cost problem and declined a proposal to postpone his address to congress until Tuesday next week instead of this Friday.

Refuses to Accede. Republican Floor Leader Mondell of the house suggested the postponement of his address to members from Washington, but the president declined in the following letter to the republican leader:

The president in reply said:

"I am very sorry indeed that I cannot comply with your suggestion that I delay the matter of my address to a joint session of congress. The situation which compelled me last week to ask congress to postpone its recess until my recommendations could be submitted is still acute. I have had under very serious consideration the proper action of the government with reference to the high cost of living, and I feel that it is my duty at the earliest possible moment to present certain recommendations now ready for submission to congress."

"I have, therefore, asked the vice president and the speaker to arrange, if possible, for a joint session for Friday afternoon next at 4 o'clock."

No-Interruption Given. There was no interruption from the White House as to the nature of the recommendations the president would make in addressing congress. From the text of the government's activities in an attempt to solve the living cost problem, however, in the view of several officials, the president probably would deal with those subjects.

Enforcement of the provisions of the Lever food control law.

LEGION WANTS ALL MEN REPATRIATED

Believes Condition Such That It Should Not Be Necessary to Go to Courts

Legislation to restore to citizenship automatically Americans who served in the military and naval forces of the allied nations prior to the declaration of war by the United States will be fostered by the American Legion, according to word received by Arthur Alworth, president of the Twin Falls Post. If the immigration committee of the senate and the house, respectively, do not contemplate such legislation, the legislative committee of the legion, of which former Congressman Thomas W. Miller and former Senator Luke Lea are joint chairmen, will prepare a bill and have it introduced in congress.

According to the act of March 2, 1907, no American citizen could expatriate himself while the country was at war that Americans who entered the service of foreign governments after April 6, 1917, remained citizens. If those who took the oath of allegiance to any of the nations allied against Germany prior to April 6, 1917, did expatriate themselves and must apply for reinstatement as an American citizen.

Citizenship acquired in special instances by any court of the United States or any state court authorized by law to naturalize aliens and take the prescribed oath of allegiance to the United States. If they are still serving abroad, the oath may be taken before any United States consul.

It was the unanimous opinion of the soldier, sailor and marine delegates at the St. Louis caucus of the American Legion, confirmed by recent reports from state branches, that the government is violating an injustice on the Americans who served with the allies by requiring them to take again their oath of allegiance to the United States and that, regardless of their present legal status, legislation should be passed immediately which would restore them automatically to the full benefits of citizenship.

FARMERS FORM AN ASSOCIATION

The Twin Falls County Farmers association was organized Sunday at a meeting held in Twin Falls. The object of the organization as stated by the officers is to promote the economic interests of farmers of the vicinity. The officers elected are A. L. Honebelling, president; William Mikesch, vice president; Dr. J. E. White, secretary; T. Parikh, treasurer. It is stated that the association has started with a membership of fifty.

FAIL TO COUNT THE DOUGHNUTS

NEW YORK, Aug. 6.—One item in the report of Salvation Army committee in meeting transcripts at this port is incomplete, and probably never will

be accurately set down. That is the number of doughnuts made and given to returning soldiers. Statisticians attempted to count them, but they disappeared by the thousands as fast as the men could snatch for them.

From December 22 to February 1, Salvation Army workers met 50 transients which carried 11,870 men.

Among these men they distributed 1008,000 bars of chocolate, 1900 handkerchiefs, 81,647 postcards, 4856 newspapers and 6000 pieces of writing paper and envelopes.

Twenty thousand five hundred and four-hundred telegrams were sent to relatives, notifying them of the safe arrival of their boys.

VICTORY BUTTONS BE GIVEN FRIDAY

Captain Frank C. Bird of the recruiting station in Salt Lake will be distributing Victory buttons in Twin Falls Friday, at which time he will distribute Victory buttons to ex-servicemen. In order to receive a button it is stated that the servicemen must show their discharge or order for discharge. Captain Bird will be in Twin Falls one day and it is necessary servicemen now apply to him at the recruiting station Friday in order to receive their buttons.

CORN REGAINS ITS LOSS OF TUESDAY

Wild Excitement Prevails On Board of Trade Exceeding Wildest Days of War Period.

CHICAGO, Aug. 6.—Scenes of wild excitement prevailed again today at the board of trade where corn prices jumped up ten cents a bushel, after having suffered an equal drop yesterday. It is stated that the excitement surpassed in the wild scramble to purchase today.

Even in the hectic days of the war transport fluctuations in grain in a single day were rare.

All transactions here turned on the news from the board of trade in government, contrary to the outlook yesterday, would not adopt a sacrifice selling of wheat, as a means of attacking the prevalent high cost of living. This decision, although unexpected on the board of trade and notwithstanding the rebound in prices, was said to result, did not elicit much unfavorable comment. At most, the cut in flour prices which would have been the consequence of the government sacrifice of wheat was popularly estimated at 2 1/2 cents. The actual cut of 1 1/2 cents was announced simultaneously with the decision to maintain the guaranteed price on wheat appeared to be virtually ignored today as a market factor.

According to one authority, the complete indifference with which the 41 a barrel cut in flour prices was received here grew out of the fact that the average per capita consumption of flour is but one barrel a year, and meant just to nothing in the cost of bread for most. With this aspect of conditions in mind, little disposition was evinced on 'change to wisdom at present of the maintenance of the existing wheat policy of the government.

PEACH GOOD MORE THAN LAST YEAR

Forecast of Carlot Shipment is 34,000, Compared to 15,903 Last Year.

The prospective commercial peach crop of 30,000 bushels, forecast July 9 by the Bureau of Crop Estimates, United States department of agriculture, appears liberal beside the very light crop of 20,000,000 to 21,000,000 last year, but the present crop is modern when compared with those of recent years. A similar statement appears more limited when it is considered that fully half the crop, or over 16,000,000 bushels, is credited to California, says a report from the bureau of markets. Nearly 90 per cent of the California crop is commonly used for drying and canning, which would leave only about 3,600 cars to be shipped as fresh fruit. Actual shipments may equal 4,000 cars. In previous years the California crop has not been over one-third the total. Georgia, the leading southeastern producing section, according to early indications, will ship 1,700 cars, including 3,000 cars of Elberta, compared with 8,400 last year's totals. Arkansas, leading in the south central section, may ship 1,500 cars, or nearly half as many as Georgia. Oklahoma is likely to become a fairly heavy shipping section for the first time, with possibly 800 cars. New York, usually the heaviest shipping state of the northwest, may have twice the very short crop of last year. The forecast of carlot shipments is 34,000 compared with 15,903 cars shipped last year.

LEGUMES BRING PROFITS TO DAIRY

Alfalfa Fed Cows Yield 6805 Pounds of Milk—Butter Fat 281 Pounds.

That profits may sometimes be increased by the substitution of legumes for a large part of the concentrate in the dairy ration, is brought out by cow-testing association records obtained by the dairy division of the United States department of agriculture. The records from six associations where alfalfa formed a large part of the dairy ration was compared with the records from eight associations where legumes were fed sparingly with the following results:

In the alfalfa district the cost of grain was 16 per cent of the total feed cost, and in the other district the cost of grain was 41 per cent of the total feed cost. The average milk yield of the alfalfa-fed cows was 6805 pounds and the average yield of butter fat was 238 pounds. For the alfalfa-fed cows the average income over cost of feed was \$22.

The alfalfa-fed cows may have been better adapted to dairying, but as both districts are favorably known for their dairy products it may be assumed that the cows were of good quality and well cared for in both districts. It seems fair, therefore, to conclude that the higher production and greater income above feed cost of the alfalfa-fed cows was due largely to the feeding of home-grown legumes. In any case it is well worth while for the farmer of one district to study the feeding practices of other districts. If legumes add to net profits, why not grow and feed more legumes? If the soil is not adapted to legumes it may pay to add lime for manure or whatever else it lacks in order that the dairy herd may be supplied with an abundance of home-grown legumes.

LOST ROCK CREEK MAN IS FOUND

John Cline of Rock Creek was found Sunday afternoon hiding in some brush in a deep coniferous woods from his home. He had been missing since Thursday. He is reported in bad condition—both mentally and physically.

Cline had been staying at the home of his son-in-law, Henry Hansen, and left Thursday for the home of his son, Charles. Later it was discovered that he had not reached his son's home. A posse of searchers was organized Sunday and the man was found hiding under the brush.

Work will begin next week on the Lily grade south of Hagerman. This is a part of the highway district program. The grade is a dirt road and considerable grading will be done.

On Friday, Twin Falls highway commissioners and officers will go to Jerome to attend a conference with Jerome commissioners. Several other highway districts will also be represented at the meeting.

KEEPING AN EYE ON WOMENFOLK

The newly enfranchised women of Providence, Rhode Island, celebrated a feminine independence day of July 1. More than 500 women registered as new voters in a single day. The law permitted them a year to register—but in anticipation of their new right and privilege these 500 flocked to the city hall the first day the registration books were open. The day ended with a true banquet for women voters and city officials.

The latest attempt to join the ranks of those to ratify the federal amendment are Nebraska and Arkansas. Governor Pleasant of Louisiana behaved most unpleasantly in his effort to persuade all southern governors to refuse to call special sessions of the state legislatures for ratification of the amendment—and Governor Hrough of Arkansas was the first to refuse the southern gentleman's machinations request.

The minimum wage board of the District of Columbia has just agreed on an order which will go into effect November 1st, by which a minimum wage for women of \$16.50 a week will be the standard for the District. The \$16.50 wage is for workers having at least seven months' experience. Beginners are to receive \$12.50 per week for three months.

\$44,338.14 IN TAXES STILL DUE

It has been announced in the office of County Treasurer Emma Lonley Warren that \$22,523.25 of the \$23,520.52 taxes due for the second quarter, ending July 7 last, were collected. This leaves a delinquency of \$44,338.14. It will be necessary to pay a 6 per cent penalty and 12 per cent interest since January 13 on the delinquent taxes.

NOTICE

At the regular meeting of the Board of Education to be held in the superintendent's office in the high school building next Monday evening, AUG. 11, drivers for the various scout wagons will be elected for the school year opening September 2, 1919.

The salary paid to a driver depends upon the length of the wagon route. The salaries range from sixty dollars per school month to one hundred dollars per school month. The Board of Education furnishes the wagon. The driver furnishes the team and cares for the wagon.

All applications should be mailed to the Superintendent of Schools or to any one of the following wagon committees: David G. Clark, William W. Parsh and George W. Ilce. If anyone is interested in securing a wagon, he should attend to this matter at once. H. J. BLAIR, Superintendent of Schools.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowels pores do. For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or "sucked" into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of red hot water with a teaspoonful of Eucalyptus phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach. Herk, Kohnen and Baker's "Eucalyptus" is best, and, by washing the entire alimentary canal before putting more food into the stomach.

A quarter pound of Eucalyptus phosphate costs but very little at a drug store, but is sufficient to make anyone an enthusiast on inside bathing. Men and women who are accustomed to wake up with a dull aching head or others who have bilious attacks, have furrowed foreheads, bad taste, heavy breath, yellow complexion, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

Details of the Final Count

In order to maintain the strictest secrecy as to the number of subscriptions turned in by each candidate during this, the last week of The Chronicle's big automobile prize campaign, the race will be brought to a close under a sealed ballot box.

No subscriptions whatever will be accepted through the campaign department this week, but instead, candidates themselves will deposit their final collections in the sealed ballot box—located at the First National Bank of this city. By so doing no one, not even the Campaign manager, nor the publisher, can possibly know the voting strength of the respective candidates, which precludes any possibility of favoritism and insures fairness to the minutest degree.

Locked and sealed, the ballot box now reposes in the vaults of the First National Bank, where it will remain until the closing hour of the campaign—10 o'clock Saturday night, August 9th.

When the final hour arrives the campaign will be declared closed. The judges will break the seals, unlock the box, and immediately thereafter, or as soon as votes can be issued on the subscriptions contained therein, the last count will begin.

The winners will be determined by merely adding the published vote totals, which will appear for the last time in Tuesday's issue, to the reserve votes and those contained in the ballot box. There will be no waiting; no complicated count, but simply a matter of adding the vote totals and announcing the winners.

It is calculated that it will require some time to canvass the findings in the box and to determine the winner. The official results will be published in next Sunday's issue of The Chronicle.

Out-of-Town Candidates Attention!

Heretofore out-of-town candidates have had the privilege of mailing their letters containing subscriptions from their home town as late as the closing hour of the various "periods." This will not be permitted the last night of the contest. ALL VOTES AND SUBSCRIPTIONS MUST BE IN THE SEALED BALLOT BOX WHEN THE RACE IS DECLARED CLOSED AT TEN O'CLOCK SHARP.

Out-of-town candidates should, where it is possible to do so, arrange to deposit their envelopes in person at the bank, but where this cannot be done letters containing final remittances should be addressed to "Campaign Department," Chronicle, Twin Falls, Idaho, and plainly marked, "For sealed ballot box. Not to be opened." Particular care should be taken to post such letters in good time to reach this office before the final hour, and it is advisable that same should be sent under special delivery stamp.

Important Notice

All subscriptions deposited in the sealed ballot box MUST BE ACCOMPANIED BY CASH, MONEY ORDER OR CERTIFIED CHECK FOR THE FULL AMOUNT TO COVER. Personal checks up to \$10.00 are acceptable, providing no two checks are signed by the same party. This ruling is made in fairness to all candidates, and will be strictly adhered to.

The Judges

Some of the members of the Advisory Board, selected at the beginning of the campaign will be asked to act as judges; to canvass the findings in the ballot box, and to award the prizes. The personnel of this board is as follows:

- W. H. ELDRIDGE, Mayor Twin Falls; LEO F. BRACKEN, Cashier Idaho State Bank, Twin Falls; A. B. COLWELL, Druggist, Twin Falls; E. J. OSTRANDER, City Councilman, Twin Falls; J. M. SHANK, ex-Probate Judge and Attorney, Buhl; W. P. SHINN, Postmaster, Filer; W. H. TURNER, Banker; Kimberly; HON. J. H. SEAVER, State Senator Castleford; R. E. MOOREHOUSE, Postmaster, Hollister.

All of these gentlemen are well known to everyone in Twin Falls and surrounding territory, and the final results, as given out by them, will be beyond dispute.

M'GREGOR WINNER OF \$3,000 PURSE

Walter H. Cox, Driver, Beats Over Another Victor in Mignola in 2:07 Trot.

By the Associated Press.
—(SPECIALIST)—Aug. 6.—McGregor, the Great, owned and driven by Walter H. Cox of Duver, S. H., won the \$3,000 purse stake for 2:17 trotters the feature event of today's grand circuit meeting at North Randall, Cox made it two straight when he drove Mignola to victory in the 2:07 class trot. Both horses completely outclassed their fields, and won in straight heats at prohibitive odds, their best time being respectively 2:03 1-4 and 2:06 1-2.

After winning the first heat of the 2:12 pace yesterday, Double G, the favorite, assembled today to Twin Fall outside in the betting. Double G finished a poor eighth in the second heat and Valentine was substituted for Sturgeon in the sulky in the third heat, but Double G could not finish better than fourth. Ten-mach heat time was 2:05 1-4.

Gold Quartz was the third favorite of the day, finishing first in the 2:17 pace in straight heats. Belle Chaffin, which finished second in the first heat, was drawn after pacing fourth in the second heat. Gold Quartz' best time was in the second heat, paced in 2:10 3-4.

SEEK WESTERN MEN FOR WESTERN FLEET

New "Gobs" to Be Given Choice of Ships or Post to Visit Under Italing.

SAN FRANCISCO, Aug. 6.—"Man the Pacific fleet with western men," will be the slogan of the intensive recruiting campaign to be launched at every port visited by the fleet upon its arrival on the coast.

Men will be enlisted at war time to pay for two, three or four year terms. The shorter term is expected to be especially attractive to young boys just completing their schooling. To those and all who enlist will be given opportunity, it has been announced to choose the ship they wish to join. Cruises to many points in the Pacific

at frequent intervals also is expected to lure many.
Manning the ships with western men also, it was said, will tend to keep individual ships permanently stationed in western waters, as the desire of the men and officers will do to have their ships based at home ports.

In this connection some navy men look to see some ships almost completely manned by officers and crew from an individual city or district at which it would have its base. In the past many times ships have been transferred from one base to another because a preponderance of crew and officers lived at a certain port or base.

FANS MUST FORK OVER "JACK" TODAY

If \$2000 Is Not Raised Before Night-fall Ball Team Will Pass Out of Existence.

Today will decide whether or not Twin Falls stays on the baseball map this year. By tonight \$2000 will have been raised for getting players, or Twin Falls as a baseball town will be wiped out the map.

Tyler Christian, manager of the local team, met with fans at the ball lodge room last evening and discussed plans for the club. J. C. Gruyden, Frank Mattison and Jack Stroud were appointed as a committee to raise the money today.

In speaking of the club, Tyler said, "If the 'jack' is raised today we will immediately get some ball players here. If not I am going back to my ranch and raise jack rabbits. The wife says she'll welcome me back to the dignitee any time I want to come."

"The team as it now stands is a disgrace to Twin Falls, the town will be disgraced if the money cannot be raised and I am not going to stay here and be disgraced with it."

PERCENT INCREASES ON CHICAGO STRAPFARE LINES

By the Associated Press.
CHICAGO, Aug. 6.—Increases from 5 to 7 cents on the surface lines and from 6 to 8 cents on the elevated railroads, effective at midnight tomorrow night, were granted the street railway companies today by the Illinois public utilities commission. Half fares for children between 7 and 12 years on the surface routes were advanced to 4 cents.

DECLARES SUIT WONT STOP H.C.L.

By the Associated Press.

WASHINGTON, Aug. 6.—Anti-trust suits against the five big meat packers will be instituted immediately by the department of justice. Thomas E. Wilson, president of the Institute of American Meat Packers, comprising about 200 packing interests, upon learning of the decision of the department of justice made this statement:

"The facts shown by the federal trade commission do not justify a suit by the government. The department of justice is looking around for somebody to blame and naturally they intend to make the packers the mark. I don't think the suits are the way to go about it. The department of justice will get no satisfaction out of the packers and will do no good in reducing prices."

SOLDIER IS SHOT BY COP WHEN ENTERING DANCE HALL

By the Associated Press.

DES MOINES, Ia., Aug. 6.—Private Hiram Deeben, member of one Fourth Division regular army, stationed at Camp Dodge, Iowa, was shot by Police Officer George Welsh at a local dance hall tonight. He was taken to Mercy hospital, where he died at midnight.

The shooting was the result of a dispute between the police and the soldier over Deeben's name. Deeben and another soldier to the hall. The policeman claims the shooting was accidental. He said he was using his gun as a club when it went off.

ANNOUNCE RULES TO LEAVE HOMESTEADS

Entrymen May Do Other Work If Drought Has Caused Hunger With His Crop.

Regulations covering the leave of absence granted to homesteaders in drought areas promulgated by the general land office have been received in Twin Falls from Congressman Addison T. Smith...

That any homesteader settler or entrymen who, during the calendar year 1919, finds it necessary to leave his homestead to seek employment in order to obtain food and other necessaries of life for himself, family, and work stock, because of great and serious drought conditions, causing total or partial failures of crops, may upon filing with the register and receiver proof of such conditions in the form of a corroborated affidavit, be excused from residence upon his homestead during all or part of the calendar year 1919...

LESS MEAT IF BACK AND KIDNEYS HURT

Take a Glass of Salls to Flush Kidneys If Suffered With Back Pain.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well known authority because the uric acid in meat accumulates in the kidneys, they become overworked, get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region.

The moment your back hurts or kidneys aren't acting right, or if bladder troubles you, get about four ounces of Jad Salls from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acid in the urine so it no longer irritates, thus ending bladder troubles.

Jad Salls cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take in the now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

"ZERO HOUR" IS REACHED IN CHRONICLE'S CAMPAIGN

Candidates Charging "Over the Top" in Effort to Capture the Big Objective, the Beautiful Paige Car.

Standing today with their faces to the future and the thoughts of "now or never" hovering in their minds, candidates in the Chronicle's gigantic prize campaign are rallying their forces and marshaling their aids, as would a general on the eve of battle; preparing with feverish haste and industry to make their final dash for victory before 10 o'clock Saturday night—the last night—while all of Twin Falls and the surrounding territory are watching, wondering—and hoping for their favorites.

Leading candidates are seething with the bustle of preparation for the final dash, and with one accord, are fighting valiantly and determinedly to reach the goal—where the big prize automobile awaits.

THE LAST STAGE

Seven weeks of hard work and anxiety culminated in the closing scene, 10 o'clock Saturday night, at which time the big automobile contest ended. Through all close and the most successful candidates will claim the magnificent prize—headed by that splendid, brand new Paige car, worth \$1725.

Success in an affair of this kind depends upon keen judgment and immediate action. Through all history people possessing the faculty of knowing an opportunity when they see it, and grasping it at the right moment, have won frequently on the last turn of the cards, the good things of this world, while those undecided and

afraid stand back and talk about what they could have done.

TO-THE-CANDIDATES
The end is but a few days away. If you can trust your own judgment as to your competitor's strength, based on facts and observations and lay your plans accordingly, there is time yet to stem the tide and turn it to sweeping victory.

Are you going to be the one to finish triumphantly with an overwhelming number of votes, or are you going to be content with what you now have and see the efforts of these many weary weeks go to waste and the rewards of the campaign wrested from your grasp by more enterprising competitors. It is up to you now, or let your rivals beat you to it.

Don't try to figure just how many votes it will take to win, for you will surely fail to get enough. Don't be afraid of having too many votes, for you CAN'T HAVE TOO MANY. It would be better to win by a million votes or so more than enough than to get left by a few thousand.

Over-confidence has lost many battles. Relaxation at this stage of the campaign is suicidal to success. Determination to win, coupled with relentless activity in vote-getting, will make any candidate a winner. There is no time to hesitate. What is intended to be done must be done now. To postpone is to let some other competitor sweep ahead and claim the prize that would have been yours.

COUNCIL DISCUSSES METER PROBLEM

But Few Protestants Present—Firemen's Wages Are Raised 10 Per Cent.

City council was last evening interrogated concerning its reasons for planning to put in water meters. While predictions had been made that there would be a large crowd present to make protests there were but few there. In spite of the small showing of protestants the question was thoroughly discussed.

Cats of running the present system and the anticipated revenue under the meter system were sought by Thomas Warner. Mr. Warner asked council many questions on the subject and made several suggestions which councilmen declared were well taken.

Councilman Hecquenriden told of watching his own water use during the past few weeks. He asserted that, as a result of the agitation, he was able to save, in his judgment, one-fourth of the water that he had been using previously. He declared that by judicious use of water on his lawn and by watering it one week, instead of having it watered every day by other members of his family, the lawn was in better shape.

Members of the waterworks committee reported the purchase of 500 meters and that committee members of a plan to purchase the remaining number needed, the firm from which the committee had secured the meters offering a reduction of 2 per cent on a contract for 1500 meters and 2000 housings. The matter was referred back to the waterworks committee.

Rate Firemen's Wages.
Wages of firemen were raised by council. Men now receiving \$100 a month will in the future be paid \$110, those getting \$110 will get \$120 and those being paid \$125 will be paid \$140. The firemen had asked for a raise of 20 per cent.

Asks Money For Damages.
County Attorney Frank Stephon appeared before council in behalf of Judge W. A. Habcock, asking for \$115.32 for damages to Judge Habcock's car last April when it ran into a tree on its way to the market. The matter was referred to a sub-committee on investigation.

An order of \$16 for the lumber in the old river house was rejected by council.

Next in and codified ordinances of Twin Falls were approved and an ordinance passed declaring the codified printing to be the law of the city.

Seven other matters of minor importance were considered and adopted by council.

WILSON GIVES STATEMENT ON JAPAN POLICY

Declares that Uchida Failed to Mention Agreement Reached in Paris Conference

GIVES OUTLINE OF "THE UNDERSTANDING"

Nippon to Retain Only Economic Rights Held by Germans Previous to the Great War.

WASHINGTON, Aug. 6.—President Wilson issued a formal statement tonight saying that the "Frank statements" made by Viscount Uchida as to Japan's policy regarding Shantung ought to serve to remove many of the misapprehensions which had been accumulating around the "question."

Wilson's Statement.

The president's statement, made public through the state department follows:

"The government of the United States has noted with the greatest interest the frank statement made by Viscount Uchida with regard to Japan's future policy respecting Shantung. The statement ought to serve to remove many of the misapprehensions, which had begun to accumulate about this question. But there are references in the statement to an agreement entered into between Japan and China in 1915, which might be misleading, if not commented upon in the light of what occurred in Paris when the clauses of the treaty affecting Shantung were under discussion. I, therefore, take the liberty of supplementing Viscount Uchida's statement with the following:

To Gvo Back Shantung.
"In the conference of the thirtieth

of April last, where this matter was brought to a "conclusion" among the heads of the principal allied and associated powers, the Japanese delegates Baron Makino and Viscount Chinda, in reply to a question put by myself, declared that:

"The policy of Japan is to build back the Shantung privileges in full sovereignty to China, retaining only the economic privileges granted to Germany, and the right to establish a settlement under the usual conditions at Tsin Tsu.

"The owners of the railway will use special police only to insure security for traffic. They will be used for no other purpose.

"The police forces which will be composed of Chinese and such Japanese inspectors as the directors of the railway may select, will be appointed by the Chinese government."

Not dependent on 1915.
"No reference was made to this policy being in any way dependent upon the execution of the agreement of 1915 to which Count Uchida appears to have referred. Indeed, I felt it my duty to say that nothing that I agreed to must be construed as an acquiescence on the part of the government of the United States on the policy of the notes exchanged between China and Japan in 1915 and in 1918; and reference was made in the discussion to the enforcement of the agreements of 1915 and 1918 only in case China failed to cooperate fully in carrying out the policy outlined in the statement of Baron Makino and Viscount Chinda.

Not Corrupting Uchida.
"I have, of course, no doubt that Viscount Uchida had been apprised of all the particulars of the discussion in Paris and I am not making this statement with the idea of correcting him, but only to throw a fuller light of clarification upon a situation which ought to be relieved of every shadow of obscurity or misapprehension.

STORAGE PREMIUMS NOT TO BE ADDED TO WHEAT PRICES

By the Associated Press.
NEW YORK, Aug. 6.—The United States Grain corporation announced tonight that no storage premiums would be added to the basic prices in 1919 and 1920, but that it was not making "until there accumulates in the grain corporation's hands a sufficient reserve of wheat to secure a measure of protection for future home requirements."

In accordance with this policy, it was stated the wheat director is refusing proffered contracts which for-

HOW TO GAIN A MILLION VOTES

A five-year subscription to The Chronicle counts 70,000 votes. Right such subscriptions will secure, therefore, 500,000 votes, representing in addition to these regular votes, 50,000 EXTRA VOTES, as each voice are issued on each "club" of twenty-four dollars; so these same subscriptions would also be entitled to 500,000 EXTRA CLUB VOTES.

Consequently, just eight five-year subscriptions would secure 500,000 plus 500,000 or a grand total of 1,000,000 votes.

It can readily be seen that a little work on these among their friends and relatives would place any candidate in a position to win.

A prize worth nearly \$2000 awaits the winner. Time is limited. The big race closes forever at ten o'clock Saturday night.
