HINES IS AUTHORIZED TO SETTLE RAIL STRIKE

WILSON MAKES NEEDED ORDER

President Declares That Cummins Letter Opens Way for Action Taken
CONDEMNNS ACTION OF THE SHOPMEN
Director General Will Not Act Until the Men Now Out Have Returned to Their Work.

WASHINGTON, Aug. 7.—President Wilson tonight notified Director General Hines that he was authorized to take up the case of the thousands of railroad shop employees for higher wages and decide them on their merits.

"The president said that the letter sent him by Senator Cummins, chairman of the committee on interstate commerce, should not be sent to me. I think I have with the difficult question of wages of certain classes of the railroad employees," but added: "MEN ARE AN OBSTACLE. The chief obstacle to a decision has been created by the men themselves. They have gone out on a strike and repudiated the authority of their officers at the very moment when they were urging action in regard to their interests."

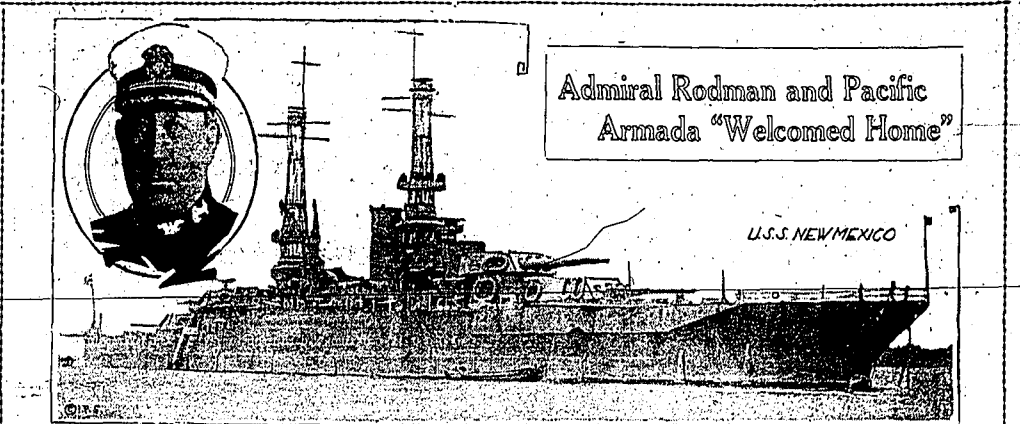

The president's decision was announced tonight from the white house in the form of a letter sent by Mr. Hines. The president said that until the employees return to work and again recognize the authority of their organization, the whole matter must be at a standstill.

The president's letter follows: "I am just in receipt of the letter from Senator Albert B. Cummins, chairman of the senate committee on interstate commerce, which set me free to deal as I think best with the difficult question of the wages of certain classes of the railroad employees. I take advantage of the occasion to write you this letter, in order that I may both in the public interest and in the interests of the railroad employees themselves make the present situation clear and state my own position. "I thought it my duty to lay the question in its present pressing form before the committee of the senate, because I thought I should not act upon this matter without the brief opinion of government officials remaining without their acquiescence and approval. Senator Cummins' letter, which speaks the unanimous judgment of the committee, leaves me free and indeed imposes upon me the duty to act.

Recounts the Details. "The question of the wages of railroad shopmen was submitted, you will remember to the board of railroad wages and working conditions of the railroad administration that February, but was not reported upon by the board until the 15th of July. The delay was unavoidable because the board was continuously engaged in dealing with several wage matters affecting classes of employees who had not previously received consideration. The board now having applied up to this inability, at any rate, for the time being, to agree upon recommendation, it is clearly our duty to proceed with the matter in the hope of disposing of it.

Considered On Their Merits. "You are therefore authorized to say to the railroad shop employees that the question of wages they have raised will be taken up and considered on its merits by the administration in conference with their duly accredited representatives. I hope that you will make it clear to the men concerned that the railroad administration cannot deal with problems of this sort or with any problems affecting the men, except through the duly chosen international officers of the regularly con-

SAN DIEGO, Cal., Aug. 7.—An American armada—the greatest that has ever turned a propeller blade in the Pacific, came today to make the most under the Sierra and Cascade slopes, its home. In an inspiring naval parade Admiral Hugh Rodman's newly created fleet passed in review of Secretary of the Navy Daniels and governors and mayors of western states and cities

aboard the cruiser Montana anchored off Coronado beach, while thousands lined the shore to see in the welcome. Six miles of war vessels, thirty-one in number—some of which had held guard with the British in the North sea—waved past the reviewing ship, firing from the dreadnaughts salutes of nineteen guns in honor of the secretary of the navy as they came aboard

the Montana. It required one hour for this vast fleet of dreadnaughts, battleships of lesser type and 21 sleek and speedy destroyers to pass the welcoming party. The war vessels turned in shore by the Montana, then stood away to the southward for three miles, came about and steamed into the north-west, making almost a complete circle and then the dreadnaughts

took up their anchorages off the beach while the battleships and destroyers came into the bay. Secretary of the Navy Daniels, turning from the bridge of the Montana after the last destroyer had passed, said: "This is realization of a dream I kept constantly in view for six years since I first came to the Pacific coast shortly after induction into office to study naval conditions here. I conceived

an American fleet that was truly an American fleet, equal at home and in equal strength, on both coasts. This organization into two powerful fleets is an epoch-making event in naval history and prepares the day when the whole fleet, now composed of more than 1,000,000 tons, with 5,000,000 more tons building, will make the magnitude of this review seem small in comparison."

STOCKYARDS WHITES OUT UPON STRIKE

Will Not Work Under Guards Placed to Protect the Negroes.

DO NOT OBJECT TO COLOR IS CLAIM

But Black Men Are Non-Union—Thompson and Lowden Refuse to See Committee

By the Associated Press. CHICAGO, Aug. 7.—Representatives of forty-two union locals of stockyards employees voted tonight for a general strike tomorrow unless military, policemen and deputy sheriffs are withdrawn from the yards. More than 100,000 persons are employed in the stockyards.

Negroes Are Non-Union. A strike was virtually begun today when hundreds of white men quit their work after about 2,000 of the 15,000 negro workers returned to work under troop protection following virtual exit of more than a week due to the race riot. Union men declared their objection based on the presence of the guards, and that while they held no prejudice against the negro's color, the majority of the negroes were non-union. While union men said about 5,000 men had walked out, packing company officials placed the number at about 450.

Previous to the strike vote of the local representatives, officials of the stockyards labor council held a conference with Federal Judge Ablett, federal arbitrator in stockyard controversies. It is known that the negro situation was discussed, and it was believed that the judge's aid in having the guards withdrawn was sought.

Two Mexicans Injured. While the grand jury continued to hear evidence in the riot case and voted indictments against 22 negroes, making a total of 24 negroes indicted thus far, there was little evidence of race feeling in the riot zone. Two Mexicans were injured in the riotous neighborhood both supposedly mistaken for negroes. A negro, who was beaten during the

STRICTOR BOARDS PACIFIC FLEET

By the Associated Press. SAN DIEGO, Cal., Aug. 7.—A boat constructor is believed to be hiding on board one of the dreadnaughts at anchor here today. While the fleet was visiting Panama ten days ago a party of sailors scouted among mountains and found the constructor sleeping under a tree where it had gored himself on a Panamanian goat. Eight sailors charged the snake and carried into Balboa the writhing serpent which was reported to have slithered aboard one of the dreadnaughts at dark just before the fleet sailed. The boat is reported to have glided off into the darkness and hidden himself among the ship's stores. No one has been able to find it.

ABANDON PLANS FOR LANT CONFERENCE AT SALT LAKE

By the Associated Press. SPOKANE, Wash., Aug. 7.—Governor Louis F. Hart will not call a conference of western governors to meet at Salt Lake City August 14, as had been suggested, he announced here. He said he did not receive replies from governors in time to call a meeting at that time in an effort to coordinate western efforts before congress in behalf of reclamation legislation. "I expect the matter will be taken up at the conference of governors to be held at Salt Lake City August 14, and a time set then for a later meeting," Governor Hart said.

CUBANS WOULD SET PRICE UPON 1919-20 SUGAR CROP

By the Associated Press. HAVANA, Aug. 7.—A resolution which would authorize the president not to permit the exportation of sugar corresponding to the 1919-20 crop at a price less than 5-1/2 cents per pound, free on board" was presented in the house of representatives today. No action was taken on the resolution today.

TIME TABLE SUSPENDED ON N. Y. N. H. & H. R. R.

By the Associated Press. NEW HAVEN, Conn., Aug. 7.—The discontinuance of 103 passenger trains on the New York, New Haven and Hartford railroad because of the strike of shopmen and mechanics was announced at the local offices of the railroad late tonight. All dining and parlor car service is discontinued and the present time table is suspended.

MANY CALLS FOR DOMESTIC HELP RECEIVED AT BUREAU

Calls for domestic help are coming in every day at the employment office at the farm bureau. The demand for such help far exceeds the calls for work. The calls for general farm work hands has about equalled the supply during the past few days.

INSIST UPON RESERVATIONS PART OF PACT

Says Republicans Want to Force Other Nations to Approve Qualifications.

SEPARATE RESOLUTION ABSOLUTELY FUTILE

Judiciary Committee is Asked Whether or Not French Treaty Can Be Legally Approved.

By the Associated Press. WASHINGTON, Aug. 7.—A determination to stand against any reservations to the peace treaty which do not specifically require reciprocity by the other powers before the United States enters the league of nations was voiced in senate debate today by republican leaders.

Senator Lodge, chairman of foreign relations committee, declared that while in general practice a reservation might become valid if unobjectioned to by the other parties to the treaty, he hoped there would be a definite declaration by the senate that to make the treaty binding the other powers might accept the reservations made by this government. The suggestion was seconded by Senator Handegan, republican, Connecticut, and later Senator Borah, republican, Idaho, declared that "to a certain number" the opponents of unreserved ratification would insist upon such a course.

"ABSOLUTELY FUTILE." A proposal by Senator Pittman, democrat, Nevada, that reservations be embodied in a separate resolution and not made physically a part of the ratification was opposed by the opposition leaders as "absolutely futile." The senate adopted a resolution by Senator Walsh, democrat, Montana, asking the judiciary committee whether there were any constitutional objections to the ratification of the special treaty with France. Some senators have argued that because it obligates the United States to help repay any unprovoked attack by Germany on France, the treaty curtails the constitutional power of congress to decide when the nation shall go to war. Senator Kellogg declared it was

5000 SHOPMEN IN N.W. ARE OUT

By the Associated Press. SPOKANE, Wash., Aug. 7.—Close to 5,000 railroad shopmen in the Pacific northwest were on strike tonight, according to estimates made by both railroad and union officials. Virtually all of the railroad lines west of the Cascade mountains, while on the roads entering Spokane the estimates were placed at from 1,850 to 2,000.

Practically every railroad entering Spokane when car cleaners. In one Seattle situation worked, out, and Northern Pacific car repairers at Tacoma quit work. All workers at Ellensburg and Adams, Wash., with the exception of Northern Pacific car repairers, have left their work. Seattle railroad officials have been advised by Regional Director H. H. Ainslie at Chicago they say, to accept all classes of freight subject to delay.

RODMAN IS ORDERED NOT TO MAKE SPEECH

By the Associated Press. SAN DIEGO, Cal., Aug. 7.—A speech prepared by Admiral Hugh Rodman, commander in chief of the Pacific fleet, to be delivered by him at a banquet tendered by citizens of San Diego at the Hotel Del Coronado, across the bay from here, tonight, was censored and he was told not to deliver it. A letter from President Daniels, Admiral Rodman said when he was called upon to respond to a toast which was to have been the occasion for the speech.

WILSON CANNOT COME TO GOVERNOR'S MEETING

By the Associated Press. SALT LAKE CITY, Utah, Aug. 7.—Governor Simon Bamberger today received a letter from President Wilson in which he said that his present unmet plans made it impossible for him to promise attendance at the annual conference of governors to be held here August 13 to 24. The president expressed his regret and added that he had gained much inspiration from previous conferences of governors.

TWELFTH OVERSIGHTS UNDER THE TREASURY CERTIFICATES

By the Associated Press. SAN FRANCISCO, Aug. 7.—The twelfth federal reserve district had oversubscribed by \$1,000,000 its \$15,000,000 issue of new treasury certificates due August and maturing January 2, 1920, the district bank announced here today. The next issue of certificate will be on file August 15. It is planned to float a similar issue semi-monthly for the remainder of the year.

H.C.L. TO BE DISCUSSED BY WILSON TODAY

Leaders Scurry to Secure a Quorum to Hear Address of Chief Executive.

WILL NOT ASK FOR LICENSED CONTROL

Extension of Lever Act Believed to Be Method the President Will Use to Combat Situation.

WASHINGTON, Aug. 7.—President Wilson put the finishing touches on his high cost of living address to congress tonight and prepared to deliver it in person tomorrow afternoon at 4 o'clock. One possibility loomed up to threaten the president's plans. It was that the leaders might not be able to round up a quorum in the house, and that some member insisting on parliamentary rules by raising the point, might forestall the joint session of house and senate.

Representative Blanton, democrat of Texas, served notice on Republican Leader Mondell that he, for one, would insist on a legal quorum. Republican and democratic leaders both, accordingly, made the telephone wires hot tonight with messages ordering absentees back in time for tomorrow afternoon.

The address will be confined to laying before congress what measures, in the opinion of the president and of the sub-committee appointed by Attorney General Palmer, should be enacted as to being relief to the public from the existing high prices. All the elements that have helped create the condition the country finds itself in today, in the view of these men, will be dealt with. These include, it was learned, subjectively labor problems and strikes resulting from them, and production which would be interfered with by strikes. To this extent, the matter of railroads, which was included in the address, but a solution of the entire railroad problem will not be suggested beyond the suggestion already made.

KELLOGG COMES OUT FOR LEAGUE PACT

Does Not Believe It Will Permanently Prevent War, but Will Help to Do So.

By the Associated Press. WASHINGTON, Aug. 7.—Provision on the league of nations covenant imposing obligations on congress do not violate the American constitution and the covenant can be ratified with interpretative reservations without requiring legislation to the other nations, in the opinion of Senator Kellogg, republican, expressed in a legal argument in the senate today.

Senator Kellogg said he was willing to sign the league, though he did not believe it would permanently prevent war. The speaker said there was ample precedent for various guarantees in the covenant which have been objected to on the ground of constitutionality.

"It is claimed that we cannot enter into a binding agreement with a treaty which congress alone can revise and support armies and provide for a navy. By a treaty with Great Britain in 1817 we agreed to limit armament on the Great Lakes and no question has ever arisen as to its validity."

"The proponents of the league," he continued, "claim that the Monroe doctrine is extended from the exclusion of the council and the assembly of the league. If this is true, it would seem entirely proper for the senate to declare its interpretation of this clause."

"Article 15 would seem to confer upon the countries which are parties to the terms whether a particular question which may arise in or out of international law solely within the jurisdiction of a party to the dispute, for example, questions relating to immigration, consular traffic, tariff and other matters. It would seem, therefore, the duty of the senate to declare its understanding that these questions are solely within the jurisdiction of the United States."

"Respecting article 10 the question is somewhat different. I believe there should be some reservation concerning this clause in such a way that it shall be absolutely clear and certain that the function of the council is simply to

to serve in an advisory capacity so that the other signatory powers will thoroughly understand that the congress of the United States has the sole and exclusive power to declare war."

HUNG HUMANIANS TO CONFORM TO ENTENTEN-DECISIONS
By the Associated Press. PARIS, Aug. 7.—The supreme council has sent a note to the Hunanians authorities begging them to conform to the decisions of the entente and not to embarrass by previous decisions the work of the inter-allied friendly commission sent to Budapest.

FIND MURPHY WAS BATTLING FOR U.S.

The action against J. F. Murphy, who was charged with fighting, was dismissed in police court yesterday morning. Murphy, on appearing yesterday, changed his plea from "not guilty to guilty, but declared that he fought in defense of his country's honor. Investigation proved to the satisfaction of Police Judge Minick that Murphy was not to blame in the case, the battle resulting from a confusion over allegiance. Murphy had just returned from overseas.

MAKE PLANS TO STOP SPEEDING

Plans are being made for stopping speeding in the residence districts in Twin Falls. Many complaints have come before the mayor and council. The opinion has been voiced that special deputies should be stationed in the residential sections to report drivers or numbers of car to police headquarters, arrests and prosecutions to follow.

KOREAN CHRISTIANS BURNED TO DEATH IN CHURCH BY JAPANESE

By PEGGY HULL

World War Correspondent of the Associated Press Association, who has just returned from Siberia. In Chemul, Korea, Japanese soldiers recently ordered all Christians in the village to report at the church immediately. After a much-extended waiting period, the Christians were rounded up. Without warning or explanation the soldiers fired into the little crowd. They then closed and bolted the door and set fire to the building.

H. H. Underwood, a British subject, and resident of Seoul, Korea, arrested all the Christians in the village and set the building on fire. He saw the bodies of the victims and was able to take photographs. These pictures were given to the British consul who sent them before the governor general. The bodies were buried in a mass grave. Fifteen villages in all, the majority of them Christian centers, had suffered the same fate as Chemul. Homes and the male members of the churches were destroyed. There had been no violent demonstrations of behalf of independence, the evidence showed. In a few places the people had waved flags and cried "mianseul" in terms of any kind or means of getting them out of the country.

The foreign residents of Korea were so aroused over the latest atrocities that they made special excursion to acquaint themselves with the details and on the afternoon of which they returned to America there were av-

erage missionaries and English and American business men who were traveling to the United States to make personal reports in Washington. "One student showed me his injuries," said a returning missionary. "He had been arrested by the police and they were attempting to force him to tell who the leaders of the independent movement were. One of their torture methods was an upright plank which operated with a screw from the back. As this was tightened all four sides closed in. As I couldn't give them the information they wanted, a Ford was tied around the middle finger of his right hand. This was run through a hook in the ceiling and his body pulled up until it rested on his toes. He became unconscious under this torture, and when he came to was released from arrest. His hand was so badly swollen it had to be lanced along with a full report of the massacre."

The governor general of Korea issued a statement as soon as the reports reached him that no orders for such violent and inhuman acts, and that the authorities who permitted such conditions to exist would be court-martialed and punished. Premier T. Hara of Japan publicly regretted the whole affair in an address to the foreign residents of Japan. He admitted that Japanese methods in Korea had been made. He promised an immediate change, and said recent investigation by foreigners had brought to light conditions which he was grieved to know had existed under Japanese control. White residents of the Far East are now watching Korea to see if Premier Hara's promises are fulfilled.

WINNEMUCCA FIRE LOSS ESTIMATED AT \$100,000

By the Associated Press. WINNEMUCCA, Nev., Aug. 7.—The total loss in the fire here last night was estimated at \$100,000 today. The Lafayette hotel, where the fire started, is a total loss, while three other buildings in the same block and the big Hawkins warehouse and coal yard is also a total loss. A big pile of coal which was unloaded last week by Hoekins is still burning. The burned area is in the old part of Winnemucca and faces the railroad. The southern part of the warehouse was saved through the use of wet blankets and water from the railroad yards.
One man was slightly injured when he was struck by a live wire which fell when several poles were destroyed.

SALVATION ARMY AIDS BARTENDER

Will Help Men to Get Work in the Future Declares Head of Organization in Seattle.

SEATTLE, Aug. 7.—Doubtless one of the greatest tasks ever attempted by a welfare organization has been undertaken by the Salvation Army. It is to find positions for the thousands of bartenders who were thrown out of employment when prohibition went into effect.
Lieutenant Colonel W. T. Scott, regional officer for California, stated today that the plight of the ex-bartenders was so serious that the Salvation Army would throw the entire support of its nation-wide employment bureau into the task and that it would make a vigorous campaign in their behalf.
"We shall give these men a square deal," said Scott. "Many of them have been antagonistic to our organization in the past but that will make no difference. We are here to help

PLUMB PAINTS DARK PICTURE FOR NATION

Avers Laboring Man May Cease Activities Because He Can No Longer Stand Still.

WASHINGTON, Aug. 8.—Warning that the laboring man has reached that point where his activities may cease "because he cannot march longer along the diminishing return for his work," was expressed today by Glenn E. Plumb, counsel for railway brotherhoods, in urging enactment by congress of a bill drawn by him for public ownership of railroads.

This gloomy view of conditions was given by Mr. Plumb at the close of a five-hour appearance on the witness stand, during which he charged systematic plundering of the transportation highways of the country, and denied that he had come forward with the Plumb plan for solving railway problems in this time in order to link up with the high cost of living on which the nation's attention has turned.

Mr. Plumb apparently was cognizant of the rumors sweeping through the capital that he had picked an unusually propitious time for presenting his bill, which he has claimed will help put down the living cost through reduction of freight rates and elimination of private capital from every transportation company in the United States. Except for the invitation from Chairman Each of the interstate commerce committee, conducting hearings on all plans for railroad control, the Plumb plan, he said, would not have seen the light of day until early fall.

But it was while speaking through the country in its behalf, the witness declared, that he has been overhauling sentiment for radical change from the old system of railroad control. There was no doubt, he said, of great industrial unrest due to the mounting cost of living. Pressed for an explanation of his statement that he would not be surprised to see anything happen, the witness said this did not mean halting of business activities, great destruction of industry or a cataclysm, but the feeling in the minds of millions of workers was that something had to be done quickly in their behalf.

"The feeling of unrest," he declared with earnestness, "is accentuated by this ever-rising cost of living, and the necessity of finding some way to meet it."

HOUSEMAIDS SCHOOL PLAN IN CALIFORNIA

Hope to Make Graduates Skillful, Halting the Dignity of the Profession.

LOS ANGELES, Cal., Aug. 7.—A school of housemaids will be established in Los Angeles, according to plans announced today by Mrs. A. Knapp, formerly a newspaper woman of Kansas City, and more recently director of publicity for the General Federation of Women's Clubs.

Mrs. Knapp believes that through a course of training and the subsequent employment of graduates who know every detail of such services, the work will be raised to the dignity of a skilled trade if not a profession.

Mrs. Knapp said the plan had been tried successfully in Kansas City, where women trained in a similar school by the board of education. The prospective maids are trained for housework just as others are trained for teaching, with higher standards of service pay and recognition with other skilled workers.

HOME MAKERS OFF ON TOUR TODAY

Thirty Women Signify Intention of Participating in Unique Visits Over Country.

This morning promptly at 9 o'clock the women to make the home-makers' trip will leave in cars from the farm bureau office. Thirty women had last night signified their intention of going.

The object of the trip is to visit four modern homes in the Buhl section, paying particular attention to built-in features, home decoration and labor-saving devices.

The party leaving from Twin Falls will be joined by two cars from Coeur d'Alene. According to Miss Edith Lutz, who is demonstrating the trip, will require the entire day and the cars will leave promptly on schedule time, and any one late will not be able to make the trip.

WASHINGTON, Aug. 7.—Forty-six vessels aggregating 162,356 gross tons were delivered to the shipping board during the week ending August 1. It was announced today. This brought the total number of vessels delivered to 1,182, representing more than 4,342,000 gross tons.

NOTICE

At the regular meeting of the Board of Education to be held in the superintendent's office in the high school building next Monday evening, Aug. 11, drivers for the various school wagons will be elected for the school year opening September 2, 1919.

The salary paid to a driver depends upon the length of the wagon route. The salaries range from sixty dollars per school month to one hundred dollars per school month. The Board of Education furnishes the wagon. The driver furnishes the team and cares for the wagon.

All applications should be mailed to the Superintendent of Schools or to any one of the following wagon committees: David G. Clark, William W. Parish and George W. Blee. If any one is interested in securing a wagon, he should attend to this matter at once.

H. H. BLUE, Superintendent of Schools.

Details of the Final Count

In order to maintain the strictest secrecy as to the number of subscriptions turned in by each candidate during this, the last week of The Chronicle's big automobile prize campaign, the race will be brought to a close under a sealed ballot box.

No subscriptions whatever will be accepted through the campaign department this week, but instead, candidates themselves will deposit their final collections in the sealed ballot box—located at the First National Bank of this city. By so doing no one, not even the Campaign manager, nor the publisher, can possibly know the voting strength of the respective candidates, which precludes any possibility of favoritism and insures fairness to the minutest degree.

Locked and sealed, the ballot box now resides in the vaults of the First National Bank, where it will remain until the closing hour of the campaign—10 o'clock Saturday night, August 9th.

When the final hour arrives the car paign will be exhibited closed. The judges will break the seals, unlock the box, and immediately thereafter, or as soon as votes can be issued on the subscriptions contained therein, the last count will begin.

The winners will be determined by merely adding the published vote totals, which will appear for the last time in Tuesday's issue, to the reserve votes and those contained in the ballot box. There will be no waiting; no complicated count, but simply a matter of adding the vote totals and announcing the winners.

It is calculated that it will require some time to canvass the findings in the box and to determine the winner. The official results will be published in next Sunday's issue of The Chronicle.

Out-of-Town Candidates Attention!

Heretofore out-of-town candidates have had the privilege of mailing their letters containing subscriptions from their home town as late as the closing hour of the various "periods." This will not be permitted the last night of the contest. ALL VOTES AND SUBSCRIPTIONS MUST BE IN THE SEALED BALLOT BOX WHEN THE RACE IS DECLARED CLOSED AT TEN O'CLOCK SHARP.

Out-of-town candidates should, where it is possible to do so, arrange to deposit their envelopes in person at the bank, but where this cannot be done letters containing final remittances should be addressed to "Campaign Department," Chronicle, Twin Falls, Idaho, and plainly marked, "For sealed ballot box. Not to be opened." Particular care should be taken to post such letters in good time to reach this office before the final hour, and it is advisable that same should be sent under special delivery stamp.

Important Notice

All subscriptions deposited in the sealed ballot box MUST BE ACCOMPANIED BY CASH, MONEY ORDER OR CERTIFIED CHECK FOR THE FULL AMOUNT TO COVER. Personal checks up to \$10.00 are acceptable, providing no two checks are signed by the same party. This ruling is made in fairness to all candidates, and will be strictly adhered to.

The Judges

Some of the members of the Advisory Board, selected at the beginning of the campaign will be asked to act as judges; to canvass the findings in the ballot box, and to award the prizes. The personnel of this board is as follows:

- W. H. ELDRIDGE, Mayor Twin Falls; LEO F. BRACKEN, Cashier Idaho State Bank; Twin Falls; A. B. COLWELL, Druggist, Twin Falls; E. J. OSTRANDER, City Councilman, Twin Falls; J. M. SHANK, ex-Probate Judge and Attorney, Buhl; W. P. SHINN, Postmaster, Filer; W. H. TURNER, Banker, Kimberly; HON. J. H. SEAVER, State Senator Castleford; R. E. MOOREHOUSE, Postmaster, Hollister.

All of these gentlemen are well known to everyone in Twin Falls and surrounding territory, and the final results, as given out by them, will be beyond dispute.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Bays trials—bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowels pores do.

For Every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymphatic system, which should suck only nourishment to sustain the body.

A plentiful—health measure is to drink, before breakfast each day, a glass of pure hot water with a teaspoon of Limestone phosphate in it. This is a natural way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels thus cleaning, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

It is a quarter pound of limestone phosphate costs but very little at a drug store but is sufficient to make anyone an enthusiast on inside bathing. Men and women who are accustomed to waking up with a dull aching head or others who have blituous attacks, have furrowed (tongue), bad taste (nausea), breath, sallow complexion, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

Right Now

With the end of the campaign but a few hours away, and the race apparently so close that a few big subscriptions now from unexpected sources might be the very ones necessary to stem the tide of defeat and turn it to sweeping victory, candidates are straining every nerve in their final efforts for supremacy, while all of Twin Falls county is watching, waiting, wondering—and hustling for their favorites.

Now is the time, if ever, to help YOUR favorite in this race for rich prizes, the winning of which means real honor, real glory and the equivalent of a small fortune. Your subscription now for one, two or five years may be the deciding factor in this race. Here's an opportunity to do a real kindness for a friend; a little "lift" that may mean a prize worth \$1725 for him or her, and without costing you one cent more than you would pay for your paper anyway. Don't wait to be asked to subscribe, for in this last frantic days the one you would like to help may not be able to reach you. Act now before it is too late. Campaign closes promptly at ten o'clock tomorrow night, Satur day, August 9th.

CLIMAX IN CHRONICLE CAMPAIGN TOMORROW

The climax comes tomorrow night. Seven weeks of enthusiastic work and hustling on the part of the candidates in The Chronicle's big automobile contest will culminate in the final vote tomorrow, Saturday night, August 23, at ten o'clock. The awards of the valuable prizes will be announced in Sunday morning's Chronicle, if it is possible to complete the official count by the judges by present time.

The list of prizes includes a beautiful new 1725 Paige touring car, two hundred dollar prizes, two magnificent new Edison Re-creating machines, value \$155 each, two magnificent double prizes and "Big" \$100 dollars' prizes. Cash commissions will be paid to all other candidates who have remained active throughout the campaign, as indicated in the formal announcement at the beginning of the enterprise. Never before in the history of the Twin Falls country has there been such a distribution of costly awards—and never before has there been such an exciting battle to land them.

As voters can be listed on the subscriptions contained therein, the final count will begin.

Most Successful Campaign. And never before in this section of the state has there been such a successful subscription campaign. Each of the leading candidates has turned in hundreds of new as well as renewal subscriptions, and the enthusiasm of the contestants has been augmented by the hearty response the people have made to their solicitations. The final week will give the total volume of the campaign the boost.

Each contestant is now devoting every minute of their time to getting in all the votes before the closing hour, and the enthusiastic boosting of their friends is proving an important factor in the race. The awarding of the prizes will be the biggest event in the history of Twin Falls. Interest bordering on excitement will prevail all day Saturday.

Absolute Fairness to All.

In order to maintain the strictest secrecy as to the number of subscriptions turned in by each individual candidate during this, the last week of the contest, the race is being brought to a close under a sealed ballot box.

No subscriptions whatever are being accepted through the campaign department this week. All individual collections in the sealed ballot box—located at the First National Bank. By no means, no one, not even the campaign manager, can possibly know the voting strength of the respective candidates, which precludes any possibility of favoritism and insures fairness to the minutest degree.

Locked and sealed, the ballot box now resides in the vaults of The First National Bank where it will remain until the closing hour of the contest—ten o'clock Saturday night.

When the final hour arrives, the contest will be declared closed. The judges will then break the seals, unlock the box, and immediately thereupon, or as soon

to congress by the president in his letter to the chairman of the senate committee on interstate commerce committee.

NOT TO ASK MANY LAWS.

No recommendation will be made for a licensing system of producers, manufacturers or dealers.

No recommendation will be made for a law limiting the margin of profit on commodities.

No concrete law clearly defining hoarding and profiteering will be asked, although recommendations will be made for laws designed to bolster up the existing laws under which the attorney general is expected to prosecute price gougers and hoarders.

Would Extend Jayce Act.

The president will ask for an extension of the Leaver food control act to make it applicable as a peace time measure and to include all commodities, shoes, clothing and life necessities as well as food.

Such as to the contents of the address, was learned after President Wilson had called into conference his top military chiefs of the cabinet and the military, submarine and naval divisions to meet their suggestions.

For Patience Publicity.

It is considered probable by officials, that the president also will suggest the necessity for throwing the "full light of publicity" on the question of costs, with a view to enabling the public to protect itself against extortion. This idea may even go as far as to include marking the cost of manufacture on the article.

Republican Leader Mondell had the resolution providing for a joint session, ready today, but got no opportunity to present it, because the house was forced to adjourn while Representative Blanton was attempting to speak on the question of personal privilege.

Representative Nolan, republican, California, raised a "no more amendments" and Mr. Blanton announced his intention on adjourning the main point tomorrow, if he thought it justified, when the joint session resolution is presented. Unless a quorum can be maintained for its passage there can be no joint session to hear the president.

Judicial Rights Activist.

The legal department of the government today was actively proceeding with its program for immediate prosecution for hoarding and profiteering under existing laws.

United States District Attorney Charles F. Clyde of Chicago, disclosed that the government would ask indictments against the big meat pack-

ers when the federal grand jury meets at Chicago three weeks hence. The indictments will be asked under the Sherman anti-trust law and under the Leaver food control law for hoarding, he said. Civil suits, he added, will be filed also under the Sherman law.

The department of justice today received reports from many district attorneys that they were proceeding with investigations in their territory.

P. O. Clerks Want Raise.

A delegation of postoffice and postal employees headed by Frank Morrison, secretary of the American Federation of Labor, left a letter at the White House for the president asking him to recommend that congress grant wage increases for these employees averaging fifty per cent. The postal wage problem is as fully pressing as that of railway wages, the letter stated.

Another contribution to the investigation into high prices was a report today by the federal trade commission showing that stocks of food in storage were higher by 10 per cent last June 1 than they were a year ago with prices of all foods showing an increase.

ACTORS STRIKE; HOUSES "DARK"

(Continued From Page One)

NEW YORK, Aug. 7.—Thirteen of New York's leading theaters were closed tonight by an actors' strike called an hour before the curtain was to go up, by the Actor's Equity association.

More than 15,000 theater attendees were disappointed.

The following theaters were affected:

Broadhurst, Forty-Fourth street; Booth, Shubert, Gayle, Anjo, Princess, Republic, Lyric, Selwyn, Conan and Harrah; Playhouse and Knickerbocker.

The strike order followed close on the heels of rejection by the Theater Managers Protective association of an ultimatum demanding action by 7 p. m. in demands which had been submitted several days ago.

Three demands included recognition of the Actor's Equity association, which recently was affiliated with the American Federation of Labor, extra compensation for performances in excess of eight a week and continuation of the standard "equity" form of contract in use in 1917.

Officials of the managers' association have announced that they are "ready for a fight" and that steps have been taken for an organization of the "legitimate" vaudeville, burlesque and moving picture interests to combat the efforts for unionization of the actor and screen artists.

Joseph Weber, president of the American Federation of Musicians, indicated that a meeting of the New York local of the musicians union would be called tomorrow to consider a sympathetic strike.

REPORT OIL SAND IN T.F.D. WELL

Twin Falls people who are interested in the Twin Falls Development company which is drilling for oil near Basin, Wyoming, yesterday received word that the showing is greatly improved.

The following telegram was received by G. D. Alken from W. G. Stevens who has charge of the operations:—"Just got sand at 1800 feet and have good showing. Shut down for oil saver. Hit to send to Basin, thirty miles away. Am afraid to drill any deeper until I get it. Will have to move boiler back to keep from setting it afire. Will start letting again in two days."

TRY TO ORGANIZE AN ALFALFA MILL

A meeting will be held this afternoon at the office of Taylor Cummings by several residents of Kimberley and a few Twin Falls men to attempt to organize a corporation to erect an alfalfa mill at Kimberley. A meeting was attempted yesterday at the meeting nothing was accomplished. Hubert J. Rogerson of Twin Falls is one of the Twin Falls men who are interested in this movement.

AGRICULTURAL DEPARTMENT PLANE FALLS; TWO KILLED

EAGLE PASS, TEX., Aug. 7.—Lieutenant W. H. Tjellseth of Minneapolis, Minn., stationed at Ellington flying field, Houston, Texas, and E. L. Davison, of the Texas department of agriculture, were killed instantly and their bodies burned when their airplane fell 100-foot here today. The plane was being used by the agricultural department to seek out cotton fields affected by the pinkish worm.

BOYS AND GIRLS CLUBS PRAISED

Me. V. Pay Fowler Especially Pleased With Work of One Lad.

W. T. McCall, State Boys' and Girls' club leader, and Miss Z. Pay Fowler, assistant state leader, who have spent the last seven days in the district have been greatly pleased with the showings for the clubs. Tuesday, they spent at Maroon, Curry and Elmer where they paid particular attention to the pig clubs with a view to determining what ones should be sent to the state fair as exhibitors.

In speaking of the exhibits of different clubs visited, Miss Fowler praised highly the work of John Holman, who has an splendid six acre tract of bonas.

Other boys and girls who were mentioned specially for their work are John Jordan, Lloyd Chidester, Beale and Mary Dolan and Ruby Cox of J. A. Grims' club in district 59; Earl, Wayne and Ray Smith of Michael Quigley's club at Sunnyside; and Missified Girls in Miss Laura Lyall's club at Poplar Grove. These boys and girls are doing club work with sheep, pigs and gardens.

Miss Fowler will meet with parents and club members at the Drury home this evening when Mrs. A. S. Miller will give a musical.

Miss Fowler will talk to the boys and girls during the business session. Games have been arranged and refreshments will be served.

ELKS HANDLE DRIVE OF SALVATION ARMY

Arrangements Made to Have Quota for Organization in Twin Falls County Through B. P. O. E.

Twin Falls lodge 1153 B. P. O. E. will handle the drive for Twin Falls county's quota of the state's allotment for the Salvation Army. This decision was reached at the regular meeting of the lodge last night, after a well attended session. Miss Fowler will talk to the boys and girls during the business session. Games have been arranged and refreshments will be served.

In all important points throughout the country, Elk lodges have taken over the work of conducting the drive for funds for the "Salvation Army" and Twin Falls Elks in their efforts to help the poor but following out the precedent set throughout the nation.

The drive will open September 1. Committees for handling the work will be named within a few days.

Seven committees were initiated last night as follows:

Lyoni C. Baumhump, John H. Sinner, Chas. W. Austin, E. M. Wolfe, R. V. Elliott, C. A. Elliott, Scott Gudmundson.

CUBA IS MENAGED BY THE VODOOS

Camille-Lite Practices Breaking Out—Parents Fear for Their Children.

HAVANA, Cuba, Aug. 7.—With the recent sudden outbreak of cannibalistic practices by Voodoo worshippers, which has resulted in the deaths of at least three innocent children, and half a dozen of the Voodoos, the latter by the "expurgation" of "typhoid fever" for the first time in this country's history, fathers and mothers are living in constant fear that their little ones may be spirited away by the supernatural negroes to be offered up in sacrifice to "Change," the god of the "Broujo" as they are called in the Castilian language.

The Voodoos are divided in various sects, each with its separate god. The latter include "Bahaguey," god of sickness; "Ezecca," god of injury; "Olorun," god of misery; and "Chan-go," the terrible god, to whom sacrifices are made.

"Change," according to the Voodoo belief was the son of Olorun and Amurey. He was slain by Ezecca, the "god of injury," and ascended into Heaven from a Celba, or god-tree in the month of May. It is in the month of May therefore, that the "Broujo" observe their holy week when Change is expected to make a weekly visit to the earth, descending by the Celba. This sacred tree, always on Monday.

The followers of Ezecca do not directly offer human sacrifices, although their holders sacrifice the lives of some patients, by giving them poisonous concoctions, supposedly a mysterious cure for some ailment, in order to restore to health some other patient. Ezecca, being the "God of injury," his followers believe that good can come to one person only through injury to another.

Customs not practiced by the negroes alone. Many white persons also are said to secretly take part in their religious meeting and accusations have been heard in various quarters of the difficulties encountered by officers seeking to break up their temples because of the obstacles

HOW TO GAIN A MILLION VOTES

A five-year subscription to The Chronicle counts 70,000 votes. Eight such subscriptions will secure therefore, 560,000 votes regularly. This in addition to these regular votes, 150,000 EXTRA votes are based on each "club" of twenty-four dollars; as these same subscriptions would also be counted to 600,000 EXTRA CLUB votes.

Consequently, just eight five-year subscriptions would secure 660,000 plus 500,000 or a grand total of 1,060,000 votes.

It can readily be seen that a little work on these among their friends and relatives would thus secure any candidate in a position to win.

A prize worth nearly \$3000 awaits the winner. Time is limited. The big race closes forever at ten o'clock Saturday night.
