

RESERVATION REPUBLICANS REACH AGREEMENT WITH DEMOCRATS IN THE SENATE

Even Lodge May Yield to Pressure for Early Action on Treaty.

BORAH AND JOHNSON ARE ALONE OBSCURATE

Twenty Republicans Are Needed for Line-up With the Administration Supporters.

By the Associated Press. WASHINGTON, Aug. 13.—The trend toward agreement on reservations in the peace treaty reached the apex today when the group of republican senators advocating reservations received assurances which they accepted as guaranteeing democratic assent to their program.

Democrats Are Willing. Word reached members of the group, it was said, that as soon as they could pledge a score of republican votes for reservations to the league of nations covenant along the line recently agreed on by seven republican senators, the administration forces in the senate would be willing to line up on that basis for ratification of the treaty.

Even Hope for Lodge. There was an intimation also that the reservationists had reason to believe their ranks eventually would include the senator from New Jersey, chairman of the foreign relations committee and republican leader of the senate.

Twenty Are Needed. Twenty republicans, it was declared, would be enlisted by the administration democrats to make up the two thirds necessary for ratification. The program on which it is sought to unite these elements contemplates negotiations to further protect the Monroe doctrine, to insure domestic control over domestic questions, to amplify the right of withdrawal and to fortify the power of congress to decide questions of peace or war under article 17.

In Receptive Mood. It was declared the information that democrats were in a receptive mood toward such a proposal did not come from Senator Hitchcock of Nebraska, the administrative leader of the senate, considered entirely authoritative. The Nebraska senator himself denied that he had taken part in any such negotiations and said his advocacy of unreserved ratification was entirely unaltered. Mr. Lodge also denied that he had given assent to the proposed reservations.

Meanwhile, however, at a meeting of the foreign relations committee, Senator Hitchcock, in a speech which outlined the committee's position, said that unless the committee completed within unduo delay its consideration of the treaty, some independent action might be expected on the floor of the senate. In the suggestion of speedy action, chairman of the committee, Mr. Lodge returned, and the subject of a heated discussion was "an arrangement that the committee would begin tomorrow the consideration of proposed amendments."

Oppose Further Delay. Although Senator Hitchcock said no definite plan for independent senate action had been formulated, it is known that the possibility of taking the treaty away from the committee and bringing it to a vote has been discussed informally in many conferences among senators. Both the democrats and the reservation republicans have expressed a strong public sentiment demanding disposition of the treaty without delay.

Beginning of Day. Among many senators "the day's developments were interpreted as marking the beginning of the end of the long treaty fight. This prediction was by no means unanimous however. Some republican members of the committee believe they should have more information before they act, and two of them, Senators Johnson of California, and Borah of Idaho, wrote a letter to Chairman Lodge today asking that "General

WHEN GOOD FRIENDS GET TOGETHER

When Henry Ford visited his new tractor plant in Green Island, he combined business with pleasure and made a camping trip of it. Of course Tom Edison and John Burroughs were in the party. A Cadillac turned into an sleeping car and a kitchenette as adapted on a Ford chassis provided all the comforts of home. Left to right the entire party is: H. S. Pirestone, Thomas A. Edison, John Burroughs, Major James R. Watt, of Albany, Henry Ford, Chauncey D. Hicks and Samuel Olin.

BELA KUN MUST FACE OPEN TRIAL

By the Associated Press. COPENHAGEN, Aug. 13.—The Hungarian public prosecutor has issued an announcement that proceedings will be begun against all individuals charged with crimes during the Bela Kun dictatorship and that steps have already been taken for the arrest and extradition, according to advice from Budapest. Another announcement says that it is intended to prosecute Bela Kun and his associates for complicity in murder, robbery and forgery.

ARCHDUKE IS KNOWN AS 'THE ROYAL PRINCE' JOSIAH

By the Associated Press. BUDAPEST, Tues., Aug. 12.—The new Hungarian administrator who is called "The Royal Prince Joseph" by the official Hungarian news agency, had a conference with the political party leaders today and ordered them to work out a plan for restoring conditions to normal. The leaders immediately went into session and will report later to the administrator. The minister has ruled that the property of official institutions seized by the soviet government shall be immediately returned to the owners. The soviet ruling under which objects of art were made public property also has been annulled.

AMERICANS MUST GOVERN SELVES

By the Associated Press. NEW YORK, Aug. 13.—Turning from a vital word picture of the horrors and hopelessness of the Bolshevist tyranny in Russia, David H. Francis, American ambassador to that country, today launched a vigorous warning against the policies of violence against the republics in the United States. "It is not possible to establish peace in Europe with chaos in Russia," the ambassador continued. "It will be difficult to establish peace outside Europe without order in Russia."

BRITISHER-GUEST AT U.S. BANQUET, SLAMS SHIPPING

By the Associated Press. LONDON, Aug. 13.—"W. H. Appleton, chairman of the American tribute to British merchant seamen," inaugurated a campaign to raise among the Americans in England \$5,000,000 of the \$10,000,000 which it is expected will be gathered from Americans throughout the world, with a luncheon today at which Joseph Havelock Wilson and Sir Edward Nichol, presidents of the British merchants' and seamen's unions, were the principal guests.

TRIBUTE IS PAID TO THE MARINES IN FLORIDA

By the Associated Press. WASHINGTON, Aug. 13.—Tribute to the performance of the marines in Panama as "new and heroic deeds" in the face of the unconquering tenacity of the Panamanian coast-guard was paid by Secretary Baker today in a letter to Acting Secretary Roosevelt of the navy department. The letter was occasioned by the resignation of the marine brigade to the navy and their return to active service under General Pershing.

RUSSIAN PRINCE ACCEPTS THRONE

By the Associated Press. LONDON, Aug. 13.—A Bolshevik wireless message, received here asserts that, after a succinct of Russian monarchists in Siberia, the Russian throne was offered to the duke of Romanovsky, a member of the emperor's family branch of the Romanov dynasty, by former Tsar Nicholas. The dispatch adds that the duke accepted the offer. The duke of Romanovsky referred to probably is Prince Alexander Romanovsky, head of the house of Romanovs, and son of the late Duke Georges Maximilianovitch and Theresa, Duchess of Otenberg. He also bears the title of Duke of Leuchtenberg. The Romanovsky family is connected with the nobility of Italy, Bavaria and France. Prince Alexander is 39 years old.

CONFERENCES FAIL TO FIND SOLUTION

By the Associated Press. DES MOINES, Ia., Aug. 13.—Efforts by state and city officials and public citizens to end the strike of street-car motormen and conductors which went into effect at 2 o'clock, this morning, to enforce the men's demand for \$100,000 back pay alleged to be due them, failed today and tonight there was no indication of an early settlement of the difficulty.

GERMAN COLONIZATION STARTS IN ARGENTINA

By the Associated Press. BUENOS AIRES, Aug. 13.—Baron von Dornbusch-Haldenshausen, former German minister to Argentina, who "arrived" here last month, reportedly German colonization syndicate which is buying land to accommodate Germans who are coming to Argentina, the newspaper El Diazo says today. The newspaper asserts that the baron and his fellow agents have bought 25,410 acres and are actively exchanging cablegrams with Berlin.

CONVICTION SECURED IN H.C.L. CASE

Binghampton Attorney Reports Grocer Selling Sugar Too High Is Fined. PALMER WANTS STIFF FINE FOR HOARDERS

Publicity to Be Weapon Used by Attorney General in Fighting Present Situation, He Declares.

By the Associated Press. WASHINGTON, Aug. 13.—Important new developments in the government's fight to reduce the high cost of living came today. A Sweet Verdict.

One of the most interesting was the announcement by Attorney General Palmer that the first federal conviction for profiteering had been obtained. District Attorney Lucy Gallagher of Binghamton, N. Y., said that a retail grocer had been fined \$500 for selling sugar at 18 cents a pound. He details were given in the law under which the case was brought was not known here. "A few good cases of profiteering in each state will settle that trouble," Mr. Palmer remarked.

In order to bring to book persons guilty of raising prices exorbitantly or hoarding food, to advance prices, Mr. Palmer submitted to the agricultural committees of congress the draft of an amendment to the food control act authorizing "provision to punishing violators of the law with a fine of \$100 or two years imprisonment or both for violation of the law."

It is Mr. Palmer's idea that this amendment should be considered before taking up other amendments suggested by President Wilson to extend the effective life of the food control act beyond the war period.

Three cabinet officers asked special appropriations from congress for the campaign against inflated prices. Secretary Redford requested \$418,000 for the work of the bureau of standards in securing full weight and measure and of the bureau of fisheries in introducing new fish foods. Secretary Wilson asked for \$475,000 for the employment of special agents and other, and Mr. Palmer requested \$100,000.

CUBAN PEOPLE TO START ALL OVER IN ELECTIONS

By the Associated Press. HAVANA, Cuba, Aug. 12.—The Cuban senate today passed the electoral amnesty law which frees all persons found guilty or accused of fraud in former elections. This action starts Cuba with a clean slate for trial of the new electoral law framed with the assistance of Major General E. H. Crowder.

ROMANIAN ADVANCE PROTECTS HUNGARY

By the Associated Press. BUDAPEST, Tues., Aug. 12.—Dispatches from Budapest say it is becoming clearer that the Rumanian advance into west Hungary to the Austrian border was caused less by fear of soviet uprisings than to prevent Austria from seizing west Hungary and influencing the voting in this section.

Negotiations with regard to the creation of a new government have made certain progress, but no definite action has been concluded. The Szegedin anti-communist committee is now demanding cooperation with the workmen, but only with those who are christians and who are patriotic christians in politics. It has not been settled whether the socialists will agree, since they fear antisemitism. The basis of a thoroughly democratic government has already been established, in which the present government is invited to participate in the dispatches declare. Former members of the Hungarian parliament are conducting independent negotiations and it is planned that the two houses of parliament shall meet a confirmation of the new assembly, which will be asked to take over legal authority, so as to maintain the constitutional continuity of Hungary.

HOOPER STUDIES FOOD CONDITION IN POLAND

WARSAW, Tuesday, Aug. 12.—Herbert Hoover, head of the international relief organization, today conducted his first hand investigation of economic conditions in eastern Europe.

Mr. Hoover, accompanied by a staff of experts, arrived in Warsaw Monday night. He is to spend today in conference with the Polish ministers on food and cost prices and questions involved in the general economic situation. He also paid official calls on Minister General Joseph Pilsudski, chief of state, and President Paderewski, and in the forenoon was the premier's guest at a revival of the Polish troops.

GREY TO DEAL WITH PROBLEM OF CARRANZA

British Ambassador to United States Will Handle Delegation Problems.

LOANS AND CREDITS TO HAVE ATTENTION

Ancient Treaties to Be Drawn or Replaced to Meet Modern Relations.

By the Associated Press. WASHINGTON, Aug. 13.—Questions arising out of the peace settlement which Honor Law announced in the house of commons today would require the attention of Earl Grey, the new British ambassador to the United States, as understood here, to include readjustment of the complicated financial relations between Great Britain and the United States growing out of loans and credits advanced by America.

There also must be an almost immediate recasting of many existing treaties between the two countries, necessitated by the radical changes following the war. Many of these conventions date back for more than a century and were still intended here to have been applied to modern conditions only by the exercise of the greatest liberality of construction. The La Follette shipping law swept away completely one treaty relating to the carriage of goods by sea and port authorities and this never has been replaced.

Pre-War Claims Arise. In the early days of the war there was many issues between the state department and the British foreign office the former in connection with American commerce by British warships and British orders in council and the many claims for damages by American ship owners and merchants pending when the United States entered the war. These claims are open. Earl Grey was the British secretary for foreign affairs when these issues arose and conducted the negotiations for his government.

Mexican Problem, Too. There has been a suggestion, too, that conditions in Mexico were such as to demand consideration on an international basis in view of the large interests of foreign investors and especially British, in that country. For a number of years the British government has refrained from enforcing demands upon Mexico for reparation for the killing of British subjects and for heavy monetary losses incurred by British individuals, preferring to leave to the United States the adoption of measures to meet these conditions. It is believed now that one of the first duties of Viscount Grey will be to attend to the settlement of the British issues with the Mexican government, after reaching a satisfactory understanding with the American state department.

Grey to Be Welcomed. Announcement that Earl Grey was to come to Washington was received with great gratification by Secretary Lansing and other American officials who had had dealings with him either personally in Europe or through correspondence in this country. There was regret, however, that Viscount Grey's service in Washington was to be only temporary and it was felt that the successful treatment of the many important international subjects which will devolve upon the new ambassador could be best assured only through a reasonable permanent tenure in office of the negotiations.

MACEDONIAN URGES AGAINST COUNCIL'S DISMEMBERMENT. By the Associated Press. PARIS, Aug. 13.—The people of Macedonia societies in Switzerland have sent an appeal from Lausanne, which asks the council of the league of nations to grant permission for relief and not to permit the dismemberment of their country. Their desire is to have Macedonia "sculpted free" by the great powers, making possible a plebiscite and settlement of the Macedonian independent state under the protection of one of the disinterested great powers.

TOURISTS ENJOY USE OF GROUNDS

Seven Parties Spent Night on Place Recently Provided by the City Council.

Twin Falls tourist park has become more and more popular each day in the past few weeks. Overall, following a suggestion by E. M. Sweeney to The Chronicle that Twin Falls should not be hated by those in caring for auto tourists, it was not long before the place became well advertised among tourists going east and west through here.

Last evening seven parties camped on the grounds which were seeded to grass by the city council. All of the parties cooked their meals at the grounds.

G. H. Storm, wife and daughter Miss of Langmont, Colo., formed one party. They had recently passed through Yellowstone park by way of Montana. They are headed towards their home city, planning to make the trip through Utah and Glenwood Springs. Mr. Storm declared that the stretch of road between here and Twin Falls was as splendid as he has seen anywhere. He asserted that near here that he saw three campers favorably with any he has ever seen. Mr. Storm lives in a sugar beet section.

Rev. Walter M. Irwin and three daughters are going from Wichita, Kan., to Portland, Ore., where Mr. Irwin will be stationed as district superintendent for the New Era movement of the Presbyterian church. He stated that he will be back in Twin Falls in a short time for a visit in connection with his work. Mr. Irwin said he liked the country, but that he thought any many good things for the Idaho roads, and that part of them are the poorest or which he has traveled since leaving Wichita.

H. J. Moore and F. A. Monroe of Rapid City, S. D., stated that they would remain here several days looking for a location. They came from Colorado here, stopping in that state a month in an effort to find a location.

N. E. Foster and family of four were going to the west coast, then to Los Angeles before returning home over the southern route.

ARRBITRATION PLAN MAY BE ABANDONED

Packing House Employees Object to Loss of Seniority for Heated Strike

By the Associated Press. CHICAGO, Aug. 13.—Threats by representatives of employes to give up the arbitration plan of settling labor troubles in meat packing here were made during hearings today of wage increase demands before Federal Judge Alschuler. The threats followed reconfirmation by Judge Alschuler of his decision of yesterday that workers who struck last week should lose seniority if they return as new employes.

J. W. Johnson, secretary of the stockyards labor council, stated that he intended retaining his position and telling the organization to close its doors. "I won't take their money when I can't deliver the goods," he said. "The seniority decision makes the agreement impossible."

Changes that packers had used all months in their means to crush organized labor were made by John J. Costello, president of the Chicago federation of labor. He said packers had policemen detailed to the stockyards for this purpose, had attempted to bring about race riots in the yards during the recent trouble and had used unbridled methods generally to bring labor into disrepute.

Attorney James G. Conlan, representing the packers, denied the charges that the employes were in any way violating the agreement under which packing houses have been running during the war, but accused workers of violations when they reportedly went on strike. Judge Alschuler stated that the agreement was based on the proposition that the men should remain at work and that they should accept a settlement concerning a walkout as a violation if they so desired.

The question of the seniority rule came up today when complaint was made that 125 workers at the Independent Packing company who had gone on strike last week and returned to work Monday had been discharged without regard for the seniority rule. Patrick J. Hronnen, president of the company, stated that the men had not been discharged but had left because of lack of work for them. Since the men when they returned to work were not told that they were new employes, Judge Alschuler held that the seniority rule must hold in this case and workers last employed should be held off first.

In the case of Arnold & Company, and Morris & Company where returning employes were made to fill out requests for employment and treated as new men, they will be regarded as such, the judge ruled.

COPPER DEALS ARE INQUIRY SUBJECT

Government Made Purchases at 23 and 29 Cents—Sells After Conflict Ends

By the Associated Press. WASHINGTON, Aug. 13.—Government dealings in copper, as a purchaser before and during the war, and the subject of investigation today by the house sub-committee on ordnance department expenditures. Total purchases of the metal by the war department were shown to have amounted to \$15,144,479, nearly all secured from the United Metal Selling Company, which was organized at the instance of Bernard M. Baruch, with John D. Ryan as president.

Expert accountants employed by the Federal Trade commission testified that the copper bought cost the producers who formed the company and who are sold in the largest quantity in the United States, approximately \$102,038,156, leaving a profit on the purchasers of \$50,205,341. The selling company itself, according to C. W. Welsh and Tobias Wolfson, its executive officers, made nominal profits in commissions on the sales.

At the conclusion of the armistice, according to the testimony, the government surplus of copper amounted to 100,000,000 pounds, for which it had paid \$25 and 26 cents a pound. A contract was given to the United Metal Selling company to sell it back to the producers, which was done at prices ranging from 15.8 to 19 and 20 cents a pound.

M. C. Wooster, chief accountant for the trade commission, testified that the average cost of producing copper in 1917, as shown by the books of the larger producers, was 15.6 cents, and in 1918, 15.3 cents. Mr. Wooster said that the government's price had allowed to allow the companies with the highest costs to continue producing, and said that the system had given some of the lower cost corporations some very large profits.

TO SELL SURPLUS ARMY GOODS TO EUROPEANS
PARIS, Aug. 13.—C. W. Hare, director of sales for the United States war department, has opened offices

In Paris for the purpose of selling surplus war supplies now held in the United States to countries other than France.
A substantial portion of these supplies, according to Mr. Hare, already has been sold on the American market, but there remains, subject to prior sale in the United States, a large amount of new materials, textiles, machine tools, drugs, chemicals and miscellaneous army stores.

DECLARE BIG JUMP IN LIVING IN YEAR

Packers Adv. That Least Family of Five Can Live On \$1618 Compared to \$1518.

By the Associated Press. CHICAGO, Aug. 13.—Employees of Chicago packing houses, appearing before Federal Judge R. A. Abscher, federal mediator, with demands for increases in wages from 20 to 30 cents an hour on all scales today introduced a budget of household expenses purporting to show that \$1618 was the minimum amount upon which a family of five could live for one year. Prices last October made the total \$1518.

New wages demanded by workers range from 70 cents an hour for common labor to \$1.10 for steersmen and splitters, with a 44-hour week for all and uniform rates for like operations in all companies.
Present scales range from 42 1/2 to 83 1/2 cents an hour. Priced the opening of the hearing, Attorney James G. Condon, representing the packers, asked that the hearing be continued until demands from workers of cutting plants, who were in the process of making increases be received, and that all shall be settled together. Judge Abscher stated that he had received intimations that more demands would be made and allowed them from Fort Worth, Texas, was all highest costs to continue producing, and said that the system had given some of the lower cost corporations some very large profits.

LONDON, Aug. 13.—The Mirror claims to have good authority for stating that Viscount Grey of Fallodon has accepted the post of British ambassador at Washington.

'WHITE-PAPER' TO EXPLAIN PARLEYS

British Communication Shows Progress of Negotiations Through Pope in 1917.

By the Associated Press. LONDON, Aug. 13.—A "white paper" issued by the government to-night deals with the papal peace proposal to the belligerents in August, 1917. The paper, in its note said it should be substituted for the material force of arms, and points out that this would entail a general agreement for the simultaneous reciprocal introduction of armistices and the institution of the principle of arbitration.

The papist stipulated for complete evacuation of Belgian and French territory with the complete political military and economic independence of Belgium, restoration of the German colonies and complete freedom of the seas.

Foreign Minister Balfour, the "white paper" continues, in acknowledging the pope's note, intimated that while the central committee and allies stated officially how far they were willing to go in the matter of reparations and restoration and announced their war aims and offered effective guarantees against a repetition against the horrors of war the British government considered it most unlikely any progress toward peace could be made. The French government intimated its views corresponding with those expressed by Mr. Balfour.

Dr. George Michaelis, then German chancellor, in replying for Germany agreed to the idea of enforced arbitration, the limitation of armaments and freedom of the seas, but said nothing on the subject of evacuation of Belgium and France of Belgian independence. He merely expressed readiness for peace "on conditions compatible with justice and corresponding to the European situation."

"THE CRISIS."
The "Crisis," based by William N. Selig on Winston Churchill's power-movie of St. Louis of Civil war days, will be shown at the Grand theater the rest of the week.
Premiere is held forth in "The Crisis" of a startlingly human Lincoln, who plays a vital part in the story and who is not merely a bit of "historical coloring." Lincoln is an necessary in the working out of the plot in any of the creatures of Churchill's imagination, and in engaging his players for the various roles. Mr. Selig was careful to select a human Lincoln as he was a human Stephen Brice.

Historically, "The Crisis" is declared to be more accurate than any photoplay yet staged. The scenes were photographed in the exact localities described in the novel, from the steps of the old St. Louis court house where the slave auctions were held, to the cliffs around Vicksburg, where the most epic battle of the Civil war was fought.

ARCHEBISHOP FREDERICK WILL NOT TRY TO BECOME KING
By the Associated Press. BERLIN, Aug. 13.—Archbishop Joseph, head of the new Hungarian government has issued a proclamation in which he affirms that there will

be no return to the monarchical system, according to the "Recht" correspondent at Budapest.
The archbishop reminds the people that he was one of the first to swear fidelity to the young Hungarian republic, even if he was formerly an equally true member of the emperor's throne.

SUB CHASERS RACE BERMUDA-N. YORK

Attempt Will Be Made to Lower Price for Gasoline Vessels—Distances 20 Miles.

By the Associated Press. WASHINGTON, Aug. 13.—Six submarine chasers, veterans of the U-boat campaign in the North sea and the Adriatic, will leave Bermuda tomorrow and race to New York. The race will be under strict control and an effort will be made to lower the Bermuda to New York record for gasoline vessels of 88 hours. Naval officers expect the chasers to make this record in about 72 hours. The distance is about 700 miles. Officials of the New York Yacht club will act as judges.

The craft are the 125 and 254 both of which took part in the naval operations that resulted in the destruction of the German naval base at Durazzo, in 1918, the 129 credited with sinking a German submarine, and 90, 157, 217 and 251. The tug Ontario will accompany the chasers and will send wireless reports of the race.

The salary paid to a driver depends upon the length of the wagon route. The salaries range from sixty dollars per school month to one hundred dollars per school month. The Board of Education furnishes the wagon. The driver furnishes the team and cares for the wagon.
All applications should be mailed to the Superintendent of Schools or to any one of the following wagon committees: J. H. Clark, William W. Paris, and George W. Blue. If any one is interested in securing a wagon, he should attend to this matter at once.
HAL G. BLUE, Superintendent of Schools.

GLASS OF SALTS IF YOUR KIDNEYS HURT

Put Less Meat If You Feel Back-ache or Have Bladder Trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eating of meat must flush the kidneys occasionally. You must reduce the amount of meat you eat, removing all the veal, waste and poison, else you feed a mild misery in the kidney region, sturp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy; full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation; Jad Salts is inexpensive, harmless and makes a delightful effervescent little water drink which millions of men and women take now and then they are suffering serious kidney and bladder diseases.

MARKET OPENING IS CAUSE OF BATTLES

Vendors and Purchasers in Paris Clash in Many First Sight—Many Goods Sold.

PARIS, Aug. 13.—The opening of the central markets today was the occasion for a battle between vendors and the police vigilance committee and the shops and breaking windows. The shopkeepers closed their places hurriedly.

Eight arrests were made in connection with the disturbances in the central market.

Mrs. W. Walker and two daughters of Jerome spent Wednesday in Twin Falls on a shopping tour.

Is it Possible to Legislate Life and Brains?

Swift & Company is primarily an organization of men, not a collection of brick, mortar, and machinery.

Packing Plants, their equipment and usefulness are only outward symbols of the intelligence, life-long experience, and right purpose of the men who compose the organization and of those who direct it.

Will not Government direction of the packing industry, now contemplated by Congress, take over the empty husk of physical property and equipment and sacrifice the initiative, experience and devotion of these men, which is the life itself of the industry?

What legislation, what political adroitness could replace such life and brains, once driven out?

Let us send you a Swift "Dollar." It will interest you. Address Swift & Company, Union Stock Yards, Chicago, Ill.

TWO SETS OF PRODUCERS

A Chicago bank, presenting the farmers' view of the present economic situation, makes this incisive comment:

"Farmers and ruralites generally are seriously perplexed at being called upon to exert themselves to raise larger and larger crops in order to reduce the cost of living for dwellers in towns and cities, while the latter seek to organize and strive harder and harder to reduce working hours and advance wages, thus tending to increase the cost of wares which the farmer must buy."

It must be admitted that this is the present tendency.

More food is needed, of course. But it is certainly inconsistent to harp on the need of larger farm production unless there is a simultaneous demand for a larger production of manufactured goods. Fuel, furniture, paint, hardware and all sorts of other commodities are needed as well as food, and there can be neither lower prices nor equitable adjustment of the burdens of city folk and country folk until both classes co-operate in stimulating production.

There are many special causes of high prices in this or that field. There are also general causes applying to pretty nearly everything. Perhaps the chief of these general causes is the fact that for several years the production of useful manufactures has lagged while industrial effort was applied to war purposes. It is no time, therefore, for anybody, whatever his occupation, to seek greater ease than usual. That will do after the deficit has been made up.

The farms have been speeding up; now let the industries speed up.

THE RECORD IN UNANIMITY

Critics of the league of nations may question the wisdom of statesmen favoring it, here and abroad. It is readily admitted, however, that their numbers are great. It seems quite likely, as one writer remarks, that never before in human history have so many public men been united in behalf of any undertaking as in now united, the world over, in favor of an international league.

Many of them are not over-enthusiastic about it. But they favor it because they see no alternative, no substitute that gives promise of accomplishing what they think it is just possible that the league itself may accomplish. And they are moved, more than anything else perhaps, by the widespread popular sentiment for the league.

Of that sentiment there can hardly be much doubt any longer in the mind of a careful inquirer. The masses of people nearly everywhere seem to want a league of nations because they believe there is some hope in this venture, and little hope in anything else.

They are not very critical about it. They do not split hairs and weigh words. They are willing, it seems, to take the present draft—with reservations or without them—almost in blind faith, with the idea of giving it a trial and seeing whether it will not work—knowing that if it will not work they can discard it, but believing that with

the proper spirit of optimism and co-operation the governments of the nations can make it work.

ARE THE SCHOOLS READY?

Just before the close of the school year, in June, the public attention was riveted upon the schools and upon school matters. There was much discussion of increased salaries, Americanization work in the schools, better standards of education and the enlargement and better equipment of school buildings.

The fall term of school is but a few weeks away, yet how many parents have taken any pains to inform themselves as to whether these suggested improvements are being made? How many know definitely that sanitary conditions are being improved now, so that when their children return to school it will be with a maximum chance for health? How many know, whether the school equipment—of better books, better maps, etc., has been procured, whether increased space has been provided so that no child will be housed in a basement room, or sit facing the light?

What is the Americanization outline in their district, how many can tell? Or whether there are such regulations in force as will assure that every child who is of school age will report on the first day of school, or the reason for his non-reporting be given instead?

The schools this coming year will be just as much better as the public makes them. If there is public interest enough to insist that they are good, they will be good. If not, they will be mediocre or worse. Whose duty is it to find out?

FRIENDS OF FEDERALIZATION

An inquiry into the influences favoring federal ownership of the railways brings out some curious facts. It appears that the principal classes supporting the plan are the labor unions and their supposedly inveterate foes, the capitalists. Most of the holders of railroad stocks and bonds are said to be just about as eager for the Plumb program as are the railroad brotherhoods and allied unions.

The motive of the security holders is evident enough. Their investment has been so uncertain the last few years that they would welcome government ownership as a guarantee of interest and dividends. The risks might not be so large as is possible under private ownership, but they would be regular and sure.

Against these classes are ranged the business classes engaged in manufactures and commerce, a large proportion of the professional classes and most all the farmers. Altogether the opponents of federal ownership at present appear to be greatly in the majority.

PUBLIC MARKET PRICES

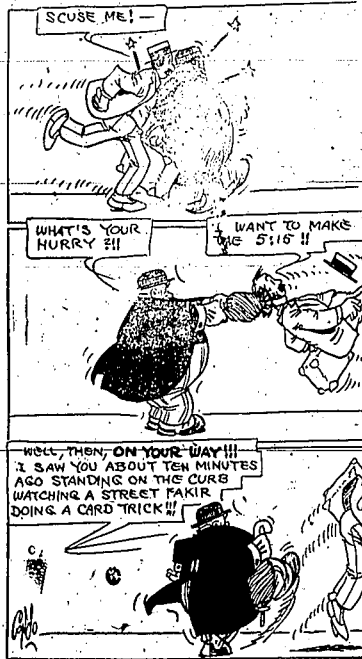

Many cities which maintain public markets to help cheapen food are finding that those markets are not serving their purpose, because the dealers persist in charging as much as retail grocery and meat stores outside.

This is, of course, unjust and even absurd. In some cases the market stalls are provided rent-free. Rents, in any event, are always placed far lower than ordinary store rent, for the special purpose of enabling the dealers to sell cheaply. The market dealers, moreover, have no delivery system to maintain, and no telephone and other services to pay for.

There is an implied understanding that the public will receive, in lower prices, the benefit of the market accommodation furnished the dealers by the city, with an additional saving earned by going to the market and carrying away their purchases.

Quite possibly, as the opponents of the league of nations maintain, the league will not end war at once and forever. But what alternative is there that offers any hope?

OUTBURSTS OF EVERETT TRUE

THREE ARE SHOT IN STRIKE RIOTS

News of Others Injured in Pitched Battle With Guns at Keystone Steel Plant.

By the Associated Press. SPRINGFIELD, Ill., Aug. 12.—Governor Frank Lunden tonight ordered the Tenth Illinois Infantry commanded by Colonel Q. P. Yeager, of Danville, to Peoria, for riot duty.

At 11 o'clock it was reported there had been no firing in the last 30 minutes. A crowd of a thousand men are still in the strike zone, but they were all orderly.

Strikers here alleged the firing on the company having the Keystone company was the work of the strikers. The Keystone company plant is in darkness and it is said the strikers are on the loose.

PEORIA, Ill., Aug. 12.—Three persons were shot and seriously wounded and a score of other persons received cuts and lacerations when several hundred strikers and sympathizers cleared the Keystone, Wire and Steel company's plant in South Peoria, five miles from this city tonight.

A handful of deputy sheriffs who have been guarding the plant where a strike of 800 workers has been in progress for several weeks, fought off the rioters, returning volley for volley. Late tonight it was believed this work of the night had ceased. The seriously wounded are Reuben Sommers and Alvin Sommers, who are connected with the firm, and a night watchman who was shot in the back by rioters. The Sommers were fired upon with shotguns. Sporadic outbreaks continued throughout the day and resulted in the shooting and slightly wounding of two strikers who had fired on the deputies.

The first outbreak came when a truckload of strike breakers were carried to the plant under protection of deputy sheriffs. The principal outbreak tonight followed the shooting of a woman by a truckload of strike breakers who were near the plant. She was only

slightly injured. Later a truckload of strikebreakers approached the plant and firing was renewed. Minor outbreaks started eight weeks ago when the company employees struck for higher wages and a closed shop. Wage increases were granted, but the company refused to recognize their union, and for a time men were closed down.

\$228,000 WORTH OF LIBERTY BONDS LOST

Messenger With "Record" of Previous Theft Is Gone With the \$45,000.

NEW YORK, Aug. 12.—Liberty bonds valued at \$228,000, were stolen yesterday from the brokerage firm in the financial district here today. The stolen bonds in such instance had been entrusted to messengers who have disappeared.

William Whitney and Company and Simmons & Blude were the firms at the police commissioner's office it was stated that the messenger who was entrusted with the \$45,000 Liberty bonds by Simmons & Blude, had in custody of a smaller theft of \$12,000 in Liberty bonds for which he was brought back from Los Angeles last April and given a suspended sentence.

INCREASE YOUR GRAIN YIELD

Reclaimed and Graded Grain will greatly increase your yield and add to your profits.

By INCLEANED and GRADED we do not mean the ordinary job of re-cleaning; we remove all LIGHT, SMALL, BROKEN and IMPERFECT KERNELS, leaving nothing but PERFECT KERNELS. These perfect kernels make STRONG, HEALTHY PLANTS which in turn produce PERFECT and LUSCIOUS GRAIN, and that's what GREATLY INCREASES YOUR YIELD. Sounds reasonable, doesn't it?

We have a SPECIAL PROCESS of doing the work—besides we have the KNOW HOW. See us and let us convince you. We remove ALL WILD OATS, BARLEY, ETC., ABSOLUTELY while we are doing the job.

Just now our machinery is not busy, and we can handle your grain—bring in your wheat now—in and we will run on our own stocks and will not have time to do custom work.

TWELFTH THEATRE CLOSED BY STRIKE

Curtain Lings Down When Heads of Actors Walk Out of New Amsterdam.

By the Associated Press.

NEW YORK, Aug. 13.—Striking actors tonight closed their twelfth theater here.

The New Amsterdam, where 200 actors were billed, was filled when announcement was made that five principles—Eddie Cantor, John Dooley, Gus Van, Joseph Schenck and Phil Dwyer—all members of the Actors' Equity association, had "walked out."

Their action followed revelations today by Supreme Court Justice Lyden of an injunction obtained by Florence Ziefeld, chairman of "unionists" from "interfering" with his production by stepping from the east.

Grumbling, despite restoration of their tickets made the audience filled out the main street.

In the Ziefeld case Justice Lyden held that no actor could be legally restrained from breaking his contract. At the same time he issued an injunction in the case of the Twelfth Street theater "restraining" the officers of the Actors' Equity association and the cast of the play "They Who Walk in Darkness" from participating in any way in "alleged combination and alleged conspiracy" to close the play at the Premier tomorrow night.

Overture for a conference between the striking actors and the Producing Managers' Protective association have been received by the attorney for the managers from the attorney for the actors.

The Actors' Equity association announced tonight that delegates from the 10,000 members' union, barbers' union and united mine workers pledged their support. The barbers' union said the announcement had notified members that any who attended a performance in a theater where actors were on strike would be fined \$5. The barbers' delegate told the meeting union barbers along Broadway were refusing to shave actors who could not produce union cards.

SHOW HOUSES CLOSED.

CHICAGO, Aug. 13.—The Cort and Coburn street theaters, the only houses affected last night, remained closed tonight. Both were shut down by the strike before the truce was agreed upon and were not included in the arrangement.

Before the truce was announced, a petition for an injunction to restrain the Actors' association from calling out members of the Winter Garden company, which is presenting "The Passing Show" at the Palace Music Hall, was filed in the circuit court. The proceedings were similar to the action filed on behalf of the Woods theater.

RESERVATION

(Continued From Page One.)

Bliss, Colonel House and other connected with the Versailles negotiations, he asked to appear before a committee.

Are Counting Noses.

The general expectation was, however, that the committee would not change its plan to proceed to a decision over the treaty and that outside the committee events might shape up even more rapidly. After they heard from the democrats today the reservation republicans began a poll to ascertain just how many of their party they could count on in their negotiations. An early adjournment of the senate library reported the move, but within a day or two they expect to have a more definite idea of their strength.

Gaining Strength.

It was reported there had been several additions to the group, but no senator has publicly announced his adherence to the plan since it was agreed on by the original seven senators, McCumber, North Dakota; McNary, Oregon; Kellogg, Minnesota; Colt, Rhode Island; Sumner, Iowa; Leonard, Wisconsin; and Spencer, Missouri.

The exact bids for their hope that Senator Lodge will join in the movement was not revealed by the reservation leaders. It was pointed out, however, that in his address to the senate yesterday he did not plead for rejection of the league entry, but outlined objections to the covenant provisions dealt with by the proposed reservations. In one instance, in spite of "changing" one of these provisions.

Saving His Face.

Friends of the "foreign" relations chairman have declared that he formed sources that American shoe would insist at least on reservations or amendments "any touch in them" and a suitable market for their goods in Germany. The reservationists who want to wear the league covenant entirely declared tonight they were confident Mr. Lodge would vote with them in that proposal.

The situation in the committee may be brought to light by the letter of Senators Johnson and Dornish asking that further witnesses be called. The question probably will come up tomorrow. Senators Fall, republican, New Mexico, and Moore, republican, New Hampshire, also are understood to have suggested the calling of witnesses.

TWO KOREAN SAGES LOSE THEIR RANK

Viscounts Kim and Yi Penalized for Part in Korea's Declaration

By the Associated Press.

SEOUL, Aug. 13.—The two Korean sages, Viscounts Kim and Yi, were penalized for their part in Korea's declaration of independence.

The Korean government has announced that the two sages, Kim Hong-do and Yi Seon-do, were to be stripped of their titles and positions for their role in the declaration of independence in 1948.

The government stated that the two sages had acted in a manner that was contrary to the interests of the Korean people and that their actions had caused the Korean people to suffer.

The government also announced that the two sages were to be stripped of their titles and positions for their role in the declaration of independence.

AMERICAN INDUSTRY CONQUERING EUROPE

Omaha Methods Results in Outdistancing Germans, French and English.

By the Associated Press.

GENEVA, Aug. 13.—American commercial activity in Europe which began immediately after the armistice, continues successfully to advance on a large scale. The secret of the success of the Americans in their prompt delivery of goods, ranging from locomotives to sewing machines, and the long credit given. The quickness of deliveries exceeds even that of the Germans, who had prepared carefully for the after-the-war rush in trade with English and French firms, with their methods, already have been outdistanced.

An example of the prevailing methods is that while England permits only forty pounds of cloth stuffs to be exported, merchants in the United States are sending their goods by ship loads. Also scores of commercial travelers from the United States are reaching the continent.

The Americans, after having obtained a virtual monopoly in the iron and steel of Europe, are seeking further fields for the investments of capital.

AMERICAN SHOEMAKERS SEEKING TRADE IN HUNGARY

By the Associated Press.

BERLIN, Tuesday, Aug. 13.—The Tagoblati says it learns from well-informed sources that American shoe dealers are making every effort to find a suitable market for their goods in Germany. The reservationists who want to wear the league covenant entirely declared tonight they were confident Mr. Lodge would vote with them in that proposal.

The Tagoblati however, warns the shoe makers because of the great rise in the low over the old price. It says that a Dutch firm already has bought 15,000 pairs of American shoes at 130 marks per pair from the German market. American shoe makers will therefore understand the shoe, which, however, does not further shoes.

IRONMASTER TO BE BURIED TODAY

Many Notables to Be Present at Services for Late Steel Magnate and Philanthropist.

By the Associated Press.

LENOX, Mass., Aug. 13.—Arrangements for the funeral tomorrow morning of Andrew Carnegie were completed today after the arrival of Dr. William Brewster Merrill of New York from his summer home at West Nyack, N. Y. Burial in the day the wishes of Mrs. Carnegie will be made known to her private secretary.

Dr. Merrill, who will conduct the service, visited the Carnegie home. He also conferred with Rev. Dr. W. W. Wyman, pastor of the Lenox Congregational church, who will assist him in the service.

Information was supplied him on the special service at once upon the death of the late steel magnate.

The state inquiry began a conference between the state and his investigators appointed by the Lenox board to conduct an inquiry—Martin D. Glynn, governor, and J. H. Finley, commissioner of education.

The opening of the investigation brought the batteries of the state and municipal authorities.

NEPHEW LITTLE INTERESTED

LEADVILLE, Colo., Aug. 13.—James Carnegie, who says he is a nephew of Andrew Carnegie, will not be among the mourners at the funeral of the celebrated steel magnate. The aged musician, who for years earned a livelihood by playing in dance halls in the west and Alaska in the early days, expressed the news of his uncle's death with little interest.

"When I came to this country," he said, "Andy gave me a job in the steel mills, but in the great strike at Home I preferred to stay with the men as a result took my job."

EMPLOYEES HOLD UP ANTI-TRUST

By the Associated Press.

PARIS, Aug. 13.—The government is investigating the origin of and the effect of excessive stocks of food held in storage have been received from at least six states, the attorney general said. He declined to be more specific, but it was indicated that New Jersey was one of the states.

Storage conditions are causing the attention of the state food administration, several of them of whom have asked if they were authorized to publish the facts when it appeared that more food was being held from the public than the reasonable requirements of a dealer demanded.

Will Use Publicity.

"I told them to go right ahead and to use the names," Mr. Palmer announced. "I am interested in getting as much information as I can subject to the ultimate consumer as I possibly can."

Reports to the department showed that organization affair price committees in counties was proceeding rapidly.

The effect of the government's campaign was indicated in the revision by the war department of prices to be charged for surplus army food. Reductions were made "to meet competition by retailers." Authority asked yesterday by Secretary.

GOVERNOR AFTER PROFITS

NEW YORK, Aug. 13.—Investigation by New York state into profiteering and food hoarding was continued here today with an assurance Governor Smith that if concrete information was supplied him on the spot he would act once upon the death of the late steel magnate.

LADIES! LOOK YOUNG

DARKEN GRAY HAIR

Use the Old-Time Sage Tea and Sulphur and Nobody Will Know.

Gray hair, however handsome, denotes advanced age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the eye. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhance its appearance a hundredfold.

Don't stay gray. Look young. Either prepare the recipe at home or get it in any drug store a bottle of "Wyntha Sage and Sulphur Compound" which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready to use preparation, because it darkens the hair beautifully, beautifies one, can, possibly, tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray has disappeared. After another application or two the natural color is restored and it becomes a thick, glossy and lustrous, and you appear years younger.

Wyntha's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of dandruff.

MINERS TO BECOME ALLIED

WITH R. L. BROTHERHOODS

By the Associated Press.

HAZELTON, Pa., Aug. 13.—Alliance of the forces of the United Mine Workers of America and the four brotherhoods of the railroads will be perfected at the international convention of the miners in Columbus, O., it was announced today by Thomas A. Kennedy, district president of district number 7, U. M. W. of A.

The movement, according to Mr. Kennedy, is modeled after the lines of the triple alliance of labor forces in England. It was announced today that the miners will submit new demands next spring.

Because of demands of soldiers and sailors for accommodation the new hotel of the Salvation Army in New York City has been opened in advance of completion.

Ruether beat Neftzi, the newly acquired left hander, in the first game, while Sallee won a tight pitchers' battle from Douglas in the second game. It was the first time Neftzi and Douglas had appeared on the Polo grounds in New York uniform.

New York got off to a two-run lead in the first on singles by Chase and Zimmerman, a wild throw by Neale and a single by Snyder. Neftzi went

BROOKLYN 3-5; CHICAGO 4-2. BROOKLYN, Aug. 13.—Brooklyn lost the first game to Chicago today, 4 to 3, but won the second game, 3 to 2, in 13 1/2 innings. Ward singled in the 13th, took second on Millers' out and scored on Mammox's double. Mack was hit on the hand by a pitched ball in the third inning of the first game and retired after scoring a run. Ward batted for Brooklyn in the third inning and fled to Robertson before it was noticed that only eight Cubs were in the field. Muggs went right and Ward batted again and was thrown out by Holtzner. ORDER JOHNSON TO APPEAR ON FRIDAY

Must Tell What He Knows About the Cleveland Situation—Dombkey Makes Affidavit on Question.

By the Associated Press. NEW YORK, Aug. 13.—The New York American League club announced tonight it had obtained from the Supreme Court Justice Lyman an order compelling Dan Johnson, president of the league, to appear before a referee next Friday and testify concerning his alleged interests in the Cleveland club, in connection with his suspension of Carl Mays.

The New York club owners advised they intended to question Johnson regarding "the extent and nature of the Cleveland club's indebtedness to him," and "the circumstances of his controversy with Mr. Frazee of the Boston club."

The Yankees' officials also announced an order had been served on Johnson forcing him to appear in the supreme court next Friday morning to show reason why the temporary injunction now permitting the New York club to use Mays, despite his suspension by Johnson, should not be made permanent. In connection with this order, Mr. Johnson is restrained from using any portion of the sinking fund of the American League of professional baseball clubs for or in defense of the injunction proceedings now pending.

One of the affidavits on which the order was granted was made by Charles Dombkey of the Chicago White Sox.

AMATEURS BREAKS 100 OUT OF 200

Trapshoot Continues to Break Records—Forty-Four Shooters Average #661.

By the Associated Press. CHICAGO, Aug. 13.—Frank S. Wright, champion of New York, won the American amateur trap shooting singles championship today in a shoot-off with R. D. Meguin of Washington, D. C., champion of the District of Columbia and John Williams Akard of Fair Play, Mo., after they had tied at 199 of a possible 200.

Nick Arle of Stenard, Tex., won the American amateur championship at double targets; George Andrew Miller, 15 years old of Brewton, Ala., the youngest contestant, won the junior championship, and Andrew Meyer of Madison, Wis., 71 years and 6 months old, won the three score and ten championship. Meyer also was the "youngest" competitor in his event.

In the amateur championship at double targets, the classic record of the program, the field of 44 shooters averaged 56.61 for the 8800 targets, and the "black" now three who tied averaged 59.91 for the 725 targets they shot at. The three tied at 199 each. On the shoot-off, two of the 25 targets, Akard missed the second, A. J. H. and were eliminated. Meguin selected in indeed his first on the second shoot-off, while Wright ran his second 25 straight making in all 249 out of a possible 250 targets.

The doubles scores were not a good one for every. In the last two years, the rate in which opens the morning seemed to keep the targets low. Arle won with 91; A. C. Skutt, Morton, N. Y., and S. S. Day, New Orleans, each had 87, and E. V. been offered K. P. U. Urbana, Ill., J. B. Troch, Portland, Ore., and C. H. Ratty, Salt Lake City, each scored 85 breaks.

were new and attracted much attention. Miller, the boy champion, was the smallest as well as the youngest contestant, and used a gun and load as heavy as the men. He outshot Harvey Woodward of Houston, Tex., first class champion of Texas.

Mayer led the veterans with 45 breaks. The competitors were J. F. Porter, aged 80, Chicago, 42; L. Thielman, St. Cloud, Minn., 72, 39, and E. F. Brilenstein, 74 Burlington, Ia., 28.

There are 671 entries in the classification event for tomorrow and 846 for the grand American handicap on Friday.

BOXING FEATURE OF FLEET SPORTS

Fredrick Burrows Best Lightweight "Crab" Master in World, Will Battle for Belt.

By the Associated Press. SAN FRANCISCO, Aug. 13.—Sailor Fredrick Burrows of the Highley New Mexico of the Pacific fleet and lightweight champion of the allied and United States grand fleets, is to appear here to contest for the navy belt offered by Rear Admiral W. R. Shoemaker as a feature of the fleet sports. Each of the seven pugilistic classes will be represented in final bouts among the Pacific fleet sailors here, and elimination bouts are being held on the ships.

In the heavyweight class the ultimate winner will be given the Rodman "victory trophy," a heavy gold buckle bearing Admiral Hugh Rodman's signature. The middleweight, featherweight and bantamweight bouts are being sponsored by Rear Admiral W. F. Fullam, Joseph L. Jayne, R. E. Coontz and H. A. Wiley, respectively. The city of San Francisco awarded the belts.

Lieutenant Harvey L. Miller, athletic officer for the twelfth naval district, will referee all of the bouts here.

CHICAGO, Aug. 13.—Notable fall in price of the volume of dealings from the principal feature of the corn market today and was generally ascribed to the uncertainty attending the labor situation and the movement to curtail the cost of living. Prices changes were narrower than usual. The close was unsettled, 3/4c net lower to 1/2c advance, with September \$1.91 1/4 to \$1.91 3/4 and December \$1.92 1/4 to \$1.92 3/4. Oats finished 1/4c to 1/2c up and provisions at decline of 20c to 42c. Most of the trade in corn was of a purely local character and in small lots. The public as a rule appeared to have withdrawn from the market and to be awaiting more definite developments in an industrial and economic character. Meanwhile the September delivery had a moderate upward slant in price the greater part of the time owing to the scantiness both of arrivals and of the available stock here. On the other hand the new crop months, December and May tended downward in value as a consequence of reports that there had been widespread soaking rains which were expected to improve the crop outlook. Shortage of supplies as compared with a year ago gave strength to calls. Provisions showed no evidence of any aggressive support.
