

**AUTHORITIES SEIZE STORES OF FOODSTUFF**

Sugar, Meals and Eggs Are Seized in Eastern Cities.

**OHIO GOVERNOR IS HOT AFTER PROFITEERS Cleveland Firms Halted in Their Work of Juggling Supplies and Prices.**

By the Associated Press.

WASHINGTON, Aug. 15.—Close cooperation between state authorities, who possess detailed information of food and price conditions, and the attorney general and his staff of assistants empowered to enforce the food control law, is being established as part of the government's fight to reduce the cost of living.

Instructions went out today from Attorney General Palmer to the two district attorneys in Ohio to proceed immediately to assist Governor Cox in the seizure of large quantities of meat, oil and eggs alleged to have been held in storage in that state for more than six to ten months, the legal limit. Criminal prosecutions will be instituted, it was said, if it can be shown that the foods were held from the market for the purpose of hoarding. It was further stated that it is expected to think that the long period of storage indicates some other reason than an effort to spread the abundant surplus of a producing season over the lean part of the year.

District Attorney in Chicago is reported to have taken action today from Governor Cox's act that a Cleveland concern in order to escape possible prosecution for hoarding was moving its meat products to warehouse in Chicago and destroying its records, the department of justice ordered the district attorney at Cleveland to look into the matter immediately. All attempts to effect transfer of goods in storage, officials said, would be summarily dealt with.

Statistics announced by the bureau of markets, showing a great increase in the amount of food held in storage, were said by Judge Ames, assistant to the attorney general in charge of enforcing the food control law, to be such as to justify his contention that a prime reason for enhanced prices was the holding of supplies from the market.

SEVEN HOARDED SUGAR. (CLEVELAND), O., Aug. 15.—J. C. Hickenstein, assistant United States district attorney for northern Ohio, late today announced that a libel had been filed under the Lever act, for seizure and condemnation of 200,000 pounds of sugar belonging to the C. I. Kenney company of Baltimore and held in storage by the Canton Storage and Transfer company, at Canton, Ohio.

Report Sheriff T. E. Walsh, of Cleveland, seized the sugar tonight. E. S. Wertz, United States district attorney, will ask Judge Western-aver in federal court, here, to adjudge the sugar hoarded and order it condemned. If such order is made the sugar will be sold for the government and the proceeds, less the cost of seizure, turned over to the owners.

**PERKSHING, THE DIGNIFIED SOLDIER**

General Pershing in very dignified and soldierly when dignity is in order as in the picture shows. With the Prince of Wales and Winston Churchill and Ambassador Davis, he is reviewing 2000 American troops in Hyde Park.

**STATES SEEK CONTROL OF THE PUBLIC DOMAIN**

SALT LAKE, Aug. 15.—At a conference here today of governors of public domain states, called by Governor O. A. Larsen of New Mexico, representatives of all the western states will consider measures for submission to congress that all public lands be turned over to state control.

The federal constitution, which may be said to be a specific grant of power and sovereignty which was surrendered for the common welfare and protection of all, is an individual sovereignty and should have the individual control of all the lands within its boundaries, except such as it may be permitted to surrender to the national government for public uses.

**SOLONS SEEK COMMON VIEW UPON TREATY**

Lodge Prepares List of Reservations for Consideration of Democrats. WILSON MEETING TO BE GIVEN PUBLIC Every Effort Being Made So That Details of Discussion Will Be Known on the Outside.

By the Associated Press. WASHINGTON, Aug. 15.—Negotiations between democratic and republican senators looking to ratification of the peace treaty with reservations. Reached a more definite stage today, while President Wilson and the foreign relations committee were getting together on unprecedented measures to give the public all the details of their discussion of the treaty next Tuesday at the White House.

Democratic leaders, feeling no sentiment on the republican side, were told that the treaty never could be ratified without qualification but that more than twenty republicans wanted to see it accepted in its entirety with reservations along the line of those agreed on by seven senators of that party some days ago.

Afterward Senator Hitchcock, the democratic leader, went to the White House and is understood to have held a confidential situation before the president. He made no formal announcement after the conference but indicated that the administration stand for unreserved ratification remained unchanged. Some of the seven reservation republicans, however, insist that they have had information assisting democratic consent to their program.

**TRACTION MEN IN NEW YORK PLAN STRIKE**

Walk-Out More Sweeping Than Recent Trouble in Brooklyn. WANT 50 PER CENT INCREASE IN PAY. East St. Louis Is Paralyzed by Suspension of Street Car Service by Workers.

NEW YORK, Aug. 15.—New York City faced today the possibility of a traction strike more far-reaching than the recent walk-out in Brooklyn. The threat of a strike because of a festive Sunday morning unless a wage increase of fifty per cent is granted, instead of the 10 per cent announced Wednesday, was made by the motormen employed on the subway and elevated lines of the Metropolitan Street Railway company who are members of the Employees' Brotherhood fostered by the company.

Announcement that the company had refused the demands was promptly met with a statement issued to the public by Mayor Hylan in which he charged the strike was being engineered by collusion of the company officials and as part of their program to force higher fares from the city.

SALT LAKE CITY, Utah, Aug. 15.—A. S. Shook, 70 years old, was the twentieth largest member of the original band of pioneers who arrived here in 1847, today revealed in a Highland plane, the trail through De-Parce mountains over which he tripped 72 years ago.

EAST ST. LOUIS REPARLIZED. EAST ST. LOUIS, Ill., Aug. 15.—Street car service in East St. Louis, Alton, Belleville and nearby cities, was paralyzed completely today as a result of the strike.

PIONEER OF '47 RIDES AIRPLANE. SALT LAKE CITY, Utah, Aug. 15.—A. S. Shook, 70 years old, was the twentieth largest member of the original band of pioneers who arrived here in 1847, today revealed in a Highland plane, the trail through De-Parce mountains over which he tripped 72 years ago.

JUGO-SLAVS ARE OPPOSING JOSEPH. PARIS, Aug. 15.—The Jugoslav delegation here has been a notable one in the peace conference. It has not only the recognition of the regime of Archduke Joseph—the new head of the Habsburg government.

WILL DEAL INDIVIDUALLY. PITTSBURGH, Aug. 15.—Receivers for the Pittsburgh Railway company in a settlement tonight told the 3,000 striking motormen and conductors who walked out last night that if they would not insist on the recent decision of the National War Labor board which awarded a five cent an hour wage increase, they would be compelled to accept the old system of dealing with all employees as individuals.

SEEK SALE OF \$35,000,000 IN TREASURY CERTIFICATES. By the Associated Press. WASHINGTON, Aug. 15.—An offer of \$35,000,000 in treasury certificates was made to the banks in the twelve reserve districts today, the district bank announced. It is the first offering of the \$500,000,000 allocated by the treasury to the districts of the country.

MOBILIZE STRIKE BREAKERS. LOS ANGELES, Aug. 15.—Officials of the Pacific Electric Railway company tonight started a hasty mobilization of emergency labor power to take the place of the regular crew who announced today through an employee committee they would walk out tomorrow morning at 2 o'clock.

**SELWAY FIRE STILL BURNING UNABATED**

Sweeps Along Locksaw Branch of Clearwater River for a Distance of Forty Miles. By the Associated Press. LEWISVILLE, Ind., Aug. 15.—Superintendent Charles Howell said tonight the fire situation in the Selway forest reserve was so serious he could keep no definite check on it, but that there had been no improvement since yesterday when crown fire developed and were sweeping along the Locksaw branch of the Clearwater river for a distance of 40 miles.

Supervisors Howell had no reports to confirm statements that, ten fire fighters had perished in that section of the fire zone.

TRACTION CAR HITS AUTO FIVE PERSONS ARE KILLED. LIMA, O., Aug. 15.—Five persons were instantly killed near here tonight when an automobile in which they were riding was struck by a Western Ohio traction car. The victims had been attending a Catholic pilgrimage at Cuyahoga.

BRITISH STEAMER IS DESTROYED BY FIRE. ACCRA, Upper Guinea, Aug. 15.—The British steamer Mamba is on fire at sea and has been abandoned. Her crew and the passengers are safe. The Mamba, a vessel of 3,800 tons, left New York June 20 for West African ports.

**EDITORS LABOR IN CITIES ON COAST**

Hold Session of N. E. A. in Seattle and Hear Plutoniumists Franks. SEATTLE, Wash., Aug. 15.—News paper men and women attending the 1919 convention of the National Editorial association today for the first time in a week, raised a day without running for boats and trains. The convention got down to work before noon and spent the entire day at labor. Tonight the delegates were engaged in a banquet given by the Seattle daily newspapers.

TWO ARE KILLED WHEN ABYH PLANE FALLS. PADDUACHI, Ky., Aug. 15.—Lieutenant James D. Stewart of Park field, Memphis, and B. Reed Campbell, reporter employed by the Commercial Appeal, were killed when the army biplane in which they were giving exhibition flights fell near the country club here tonight. The pilot was attempting to make a third jump when he lost control of the machine. Both bodies were horribly battered.

NEW GOVERNMENT IS SET UP IN ESTHONIA. By the Associated Press. COPENHAGEN, Aug. 15.—A government for northwestern Estonia, including Estonia, is being formed at Royal, according to dispatches received today.

COX WARS ON PROFITTEERS. COLUMBUS, O., Aug. 15.—Governor James M. Cox late today gave Assistant United States Attorney Gen-

# S. TRADE WITH GERMANY WILL SOON BE RESUMED

### mer Enemy Needs Vast Quantities of Raw Materials.

### READY SEEKING TO RE-ESTABLISH CREDIT

### otiating for Loans With American Bankers— Needs Cotton, Wool, Metals.

By RICHARD SPILLANE.

ated American Economist and assa Expert, Who in *Disclosing* y Phases of the American-German Problem in Special Articles Published Exclusively in Twin Falls Chronicle.

ere is a broad belief that we will be doing a great business Germany; that the Germans large stores of goods in this country, especially raw materials, lined with a view to use when war ended, and that, aside from prejudices and ill-feeling incident to the war, little stands in the way of free commerce with the Germans, and would be encouraging if true, it is not true. At one time the Germans had large stocks of many of the things purchased in this country and used in the waging of the war but they had to dispose of them. In the latter part of 1918 and in 1919 they accumulated some 1,000,000 bales of cotton, an immense amount of wool, rubber, and other raw products. They got much of the cotton and wool at prices that were generally low. They expected that the war would end in short time, and so of the material they managed to get into Germany by way of Sweden, Holland, Spain and the Scandinavian states, but the vast bulk of it remained here in warehouses until the change became hitherward. The possibility of America entering the war, in which order they would be confiscated, made it difficult to sell. The Germans disposed of their holdings at a handsome

profit, but now they must buy many things and the prices they must pay are appalling.

What Germany Most Imports. They require wool, cotton, belting, machine, phosphates, lime and bone products, soap, lubricants, clothing shoes, agricultural machinery, rubber goods, metal goods, railroad furnishings, needles, threads, textile of every kind, character, foodstuffs of every description, copper, spelter and a thousand other articles.

But real and artificial barriers make it very hard for them to buy from us or to get goods delivered after they buy. In the first place we have not re-established our consular agencies to Germany. The day after the German delegates signed the peace terms British consuls were ordered to their stations in Germany and British houses were looking for British trade. We have been a bit slow. Even if our consuls had been on the spot the material handicaps were almost prohibitive. Germany, it must be understood, has dilapidated on war not only her income but her capital. Today the mark has only one-third of its former value compared with our dollar. They, fore in the purchase of American goods the Germans not only must pay on the ocean basis but give three times as much of their money as would be necessary if the mark had its normal value.

Also, the more they purchase here without counterbalancing the account by sales or by establishing a credit, the more they will debase the mark. It is in the interest of America to help in re-establishing Germany to a certain extent. Germany cannot be rebuilt industrially or commercially without incurring injury to the remainder of the world. Germany cannot pay her debts to the allies unless she becomes what is termed a "going concern." But, in aiding Germany, it is incumbent upon Americans not to go so far as to assist her so she can re-establish the credit system. The German idea of the world trade has been about the same as what the Standard Oil attitude was in relation to the oil business.

Germany Trying to Borrow of U. S. Germany is negotiating a loan in this country. She will have to pay a stiff price for the accommodation, but there is little doubt of the flotation

# PEACH SEASON ON THE BEACHES, TOO

FASHION ART

Whoever imagined that beaches give more attention to its proper costume—with most successful results. The hideous bathing cap, and the unspeakable, full-skirted, elbow-plooved atrocity of our falsely "modest" days is giving place to really beautiful costume combining freedom of movement for the body with effective color, line and texture which constitute beauty.

Here are three costumes in the new mode. At the left is a well-designed costume of black, water-proof taffeta, with befrilled knickers. The bathing cap is of green and white rubber, and the hat is rubber-hyacinth with a gray creosote crown. The doroquette with the hench hair is fetchingly frocked in electric blue Jersey with beige colored embroidery and her bathing turban is a flaming mass of scarlet rubber flowers.

# WARFIELD-PLAN IS PUT UP TO HOUSE

Committee Hears Concluding Testimony in Favor of Government Profits Idea for Railroads.

WASHINGTON, Aug. 15.—Advocates of the Warfield plan for reorganization of the railroads on a basis that would pay holders of stock a flat minimum return of 6 per cent, closed their case today before the house Interstate commerce committee.

Forney Johnson, president of owners of the national association of engineers of railroad securities, sponsor of the plan, and Samuel H. Beach, president of the Savings Bank association of New York, discussed the provision at an all-day session of the committee. Both declared the plan could be made effective with the return of the roads to private management without disturbing business conditions. Mr. Johnson said a steady hand must be extended to the railroads after the period of government control, if a foundation for American property was to be built.

In denying the more or less popular belief that railroad securities were owned largely by wealthy people, Mr. Beach asserted that half the people of this country were concerned directly in the welfare of the roads, and denounced a law that would afford reasonable compensation on invested capital.

The committee has not yet reached the top of the bill in its big task of hearing proposals of all plans and of reporting out a bill. Beginning next week, representatives of the railway executive advisory committee will be heard, along with other witnesses who want to see the roads turned back at the end of the year, on the same basis as heretofore, except with added regulations as provided in the bill drafted by Chairman Beach.

WORKING IN ALASKA. The Salvation Army is maintaining work in Alaska. It is most active in winter as in summer the people are away trapping.

# Idaho Power Co.

being a success. Men will subscribe who hold Germany. In consent. They will lend aid because they know it is necessary to supply the "Yanks" through the money obtained in this manner the raw and finished materials Germany must have will be furnished. Through this loan the frightful adverse state of German-American exchange will be modified a little.

But Germany will not buy beyond her most imperative needs. Monthly she shipped more eggs to Germany than to any other part of the world. Our exports went into hundreds of millions of dozens. The hen has become a rare bird in Germany and the egg, a man needs to get a million dollars to afford an egg diet. Of the food staples wheat, pork, and stock products, eggs, butter, cotton seed oil will make the principal items. The German hunger for nothing as for eggs and fats. We may know an increase in the price to the consumer because of the heavy drafts made upon our stocks by the Germans.

—69—now conditions. The Germans will require cotton wool and rubber. The price he must pay for cotton will make him gasp. One slight advantage the German has today is that he uses a larger amount of low grade cotton per spindle than any other maker of textile products and we today have a far larger production of low grade stuff than of medium or good grade lint. It is likely the Germans will absorb the bulk of low grade cotton left from last season's American crop and also will take much East Indian cotton as a "mischance" here to speculate, but no matter how much they take they cannot be expected to compete with America or England in this field for some years, for everything the German mills can manufacture will be required in meeting Germany's domestic demands.

They Must Work If They Would Buy. We have been inclined to believe the Germans were going to rush in upon us at the moment power was declared and buy of us as a requirement of women do or are supposed to do at a bargain sale.

There is no bargain counter for any nation or nation to line up around today. The nation are a good deal like a lot of men in a bathing camp after an unavailing row and dipback. They are almost and fleeing, their clothes are ripped and torn. They have not worked for a long time and their nerves are in such a state and they are so weak bodily that they have no agent doctor for Sakhof especially as in their struggles they have thrown the whole camp into disorder and wrecked a lot of the machinery. There is no hope for them, unless they repair what they damaged and resume work. There is an old fellow named Uncle Sam who has the camp,

giving more attention to its proper costume—with most successful results. The hideous bathing cap, and the unspeakable, full-skirted, elbow-plooved atrocity of our falsely "modest" days is giving place to really beautiful costume combining freedom of movement for the body with effective color, line and texture which constitute beauty.

# WARNS OF EFFORT BOOST COAL PRICE

Industry Director Hines Intimates That Coal Producers Are Inclined to Engineering.

By the Associated Press. WASHINGTON, Aug. 15.—Replying to a senate resolution, Director General of Railroads Hines intimated the senate today that while there had been some coal shortages in the bituminous coal districts, he did not anticipate any shortages in transportation which will in any case exceptional or abnormal or which will justify oppressive prices for coal.

"The great danger that confronts the public in this matter," the director general asserted, "is that any shortage either in production by the mines or in transportation may be exaggerated so as to serve as a pretext for heavy increases in the coal prices which in my opinion are already high, generally speaking. It is worthy of especial consideration whether congressional action can be taken to protect the public under these circumstances from excessive coal prices."

The senate resolution, to which Mr. Hines replied, was introduced by Senator Patterson. One asked specifically for information as to the number of coal cuts available and whether the coal cut situation could be held responsible for any possible shortage of coal. "Others" has it no time been any shortage of cuts for anthracite coal loading," Mr. Hines said—in reply. "Since about July 15, 1919, coincident with a marked trend in production, there have been some shortages of cars for loading with bituminous coal in some production districts. There is no hope for them, unless they repair what they damaged and resume work. There is an old fellow named Uncle Sam who has the camp,

giving more attention to its proper costume—with most successful results. The hideous bathing cap, and the unspeakable, full-skirted, elbow-plooved atrocity of our falsely "modest" days is giving place to really beautiful costume combining freedom of movement for the body with effective color, line and texture which constitute beauty.

SPEND MUCH IN RUSSIA. By the Associated Press. LONDON, Aug. 14.—British expenditures for the naval and military operations in Russia from the date of the armistice until the end of July amounted to \$70,000,000 according to an official "white paper" issued here today.

ATTACK MEXICAN TOWN. By the Associated Press. NOGALLES, Ariz., Aug. 14.—Marauders numbering about 200 and said to be from the United States, Sunday attacked a suburb of Guaymas, one of the principal towns on the western coast of Mexico, and killed one child, according to travelers arriving today from Guaymas.

# FAMILY BANKING

This bank offers more than a banking service to the business man.

It is frequently referred to as "the family bank."

The head of the family can carry his checking account here, and can transact his other banking business.

His wife, and children also can have their individual accounts. While household valuables can be kept in our safety deposit vaults.

We welcome this "family" idea. It centralizes your family banking, and gives us an opportunity to render a complete banking service to all.

Popular Support Helps Street Ry

Cleveland Plan Successful Because of Good Will of Patrons of Traction Lines

By the Associated Press.

WASHINGTON, Aug. 15.—Etched against the dark background of the city's electric railway crisis, a first hand report on Cleveland's experience with its new famous street car plan stood vividly today before the federal electric railways commission.

For two hours Chairman Frederick J. MacLeod of the Massachusetts public service commission, had spoken of the causes leading to the abandonment of lines in that state, to a ten-cent flat rate car fare in Boston and elsewhere and to the calling of special session of the legislature to deal with the emergency.

Mr. MacLeod gave place to Fielder Saunders, city commissioner of Cleveland for street railways, and the picture he drew was striking by contrast. The Cleveland plan, he said, has worked out so successfully that recently fares went down 8 per cent almost simultaneously with a 25 per cent increase in wages to all employees of the company operating the cars.

While features of the plan itself need not be mentioned here, the chief reason for the glowing mood was popular support.

The Cleveland commissioner cited the recent strike as indicating the necessity of an amendment of the plan to give the city control of wages as well as the fares.

LORIMER WINS IN HANDICAP SHOOT

Whit Out by Victory in Shoot-off of Triple Tie—Wins a New Gun.

By the Associated Press.

CHICAGO, Aug. 15.—G. W. Lorimer of Troy, O., won the Grand American trapshooting handicap today after a triple tie in which Lorimer, W. E. Gordon of Mobile, Ala., and Ed Hellyer of Alexandria, Pa., each scored 58.

In the shoot-off for the trophy, Lorimer won with 18 breaks out of 20 targets. Gordon was second with 17 and Hellyer third with 16.

In addition to appearing in the classic event of trapshooting for his initial time, Lorimer used a new gun. He missed his eleventh and thirteenth targets. He shot from 19 yards while Gordon fired from 19 yards and Hellyer from 20 yards.

The total prize money amounted to \$145, of which \$37.40 was first, \$182.60 second, and \$429.90 third prize money.

MR. SPILLANE'S LETTERS

In this issue The Chronicle publishes the first of three articles from the pen of Richard Spillane, noted trade specialist, on the approaching commercial relations between United States and Germany.

The Spillane letters are illuminating. They approach their subject from an American viewpoint. They cover it with comprehensive analysis and massed facts.

These letters are published in no other Twin Falls newspaper, for The Chronicle has acquired exclusive right to their use in this territory.

PRIDE AND PRICES

Long ago an observing Englishman said that the hardest words for an American to say are: "I can't afford it."

Nobody can afford to pay twelve or fifteen dollars for a pair of shoes, because they are not worth it. But people pay those prices. Nobody can afford to pay 65 cents a pound for bacon, or any of the other ridiculously high prices which now are being charged for the necessities of life.

There are shoes at lower prices, there are cheaper cuts of meat. True, all may be sold at prices above what they are worth; but if the people who, in spite of profiteering prices, still buy the "best of everything," would take to buying the cheaper cuts of meat, the less expensive articles of wearing apparel; if they would just coolly buy middle-class wares at middle-class prices it might bring excessive prices for all grades of goods down on the run.

A man may have to put his pride in his pocket to do this, but he will put money in at the same time, and help to bring living to a normal standard for the man who is having a harder time than he is.

THE SMALE DEALER'S OFFENSE

The United States district attorney in Chicago is getting after the grocer, butcher and baker around the corner. He has asked housewives to furnish information as to any profiteering observable among the retailers they patronize.

That district attorney may be criticized for getting after such "small fry" when there are probably much bigger malefactors within reach. It would be wrong, however, to neglect the retailers in any comprehensive inquiry as to the cost of living. And it will probably be found, in Chicago or anywhere else, that as a matter of fact the little retailers have a great deal to do with exorbitant prices.

Their offense may be unconscious and involuntary. They are not getting rich out of it, as the big fellows are. They may not even be making a decent living. They make prices high because there are so many of them, and because people continue patronizing them from convenience or from force of habit or friendship. It is so easy to drop into a store on the next corner and buy a pound of this or that. Other and better and possibly cheaper stores are farther away.

So the little neighborhood store flourishes. And careful observers say that its multiplication has had precisely the opposite effect to what might have been expected. Multiplication of stores has not forced down prices through competition. It has raised prices. All these little people have

to make a living, and they naturally charge all the traffic will bear.

If there were one-half or one-quarter as many of them, there would be so many fewer people occupied in the business, and so much less overhead expense, and they could buy wholesale so much more favorably, that they could afford to lower their prices.

NEW CLOTHES FROM OLD

It is reported that 90 per cent of the army's cast-off clothing is put back into service through the work of the salvage depots here and abroad. In France the old army uniforms were cleaned, repaired, dyed green and sent forth to serve as apparel for some 47,000 German prisoners.

There seems to be nothing so worn or battered as to be absolutely beyond repair. Shoes that have reached the six-cents-a-pound stage go through the hands of the salvaging department and come out not only perfectly respectable and wearable, but very comfortable in the bargain. It costs between \$1.00 and \$1.40 to rescue such a pair of shoes. They sell for \$2.75 when they are ready for the market again.

The second-hand man will have to look alive if he is going to compete with Uncle Sam in the old clothes business.

If the government is to buy the railroads, why not the packing business? And if the packing business, why not the steel business? And then, why not the automobile business? And why not the agricultural business? It would only taken a couple of hundred billions to make a clean sweep of it.

The United States merchant marine is surely on the map at last. In July, 1916, 48 per cent of the vessels that passed through the Panama canal were British; 10 per cent were Japanese; 13 per cent only were American. In April, 1919, the percentage had shifted to 35 per cent British, 5 Japanese, and 40 American.

The crew of a French steamer bound for this country held up the ship for 21 hours while they conducted a strike for better wine and got it. There will be a rush for jobs on French ships when this news leaks out.

The chief of the Mexican aviation service says that Mexico has the best airman on the western hemisphere. If the Mexicans can fly as well as they can brag, very likely he's right.

Nearly everybody seems to be striking except Mr. Common People, alias Consuming Public. And if he goes on strike and stops paying, something is going to happen.

New Mexico claims a half-mile strip along her northern boundary, and is suing Colorado for it. In Europe, they'd go to war over that.

The first typewriter was made 200 years ago. Many a weary stenog, as she reads this will suspect that she inherited it.

Nothing discourages a Bolshevik so much as to have an old-fashioned citizen crack him over the head with his own club.

Already the national drive against the H. C. L. has begun to lower prices. The profiteers are losing their nerve.

Chile and Spain have just added their O.K. to the league of nations. There will be some members, anyway.

Don't be deceived by a lot of talk! Watch prices. If they come down, the investigations are getting somewhere.

Anybody who can lick old General High Prices now will be as big a man as Pöch.

OUTBURSTS OF EVRETT TRADE

BIGAMIST CONFESSES TO SEVEN WIVES

Former Y. M. C. A. Secretary and Evangelist Started Varied Matrimonial Career in 1900.

NEW YORK, Aug. 15.—Convicted of bigamy on his confession that he has seven living wives, one of whom he married twice, Charles Hugh Wilson, 39 years old, former Y. M. C. A. secretary, evangelist and traveling salesman, was sentenced today to three years and six months in Sing Sing prison here. He announced, "I will take up prison reform work. Justice Waldman told the prisoner he would give him five years, but minimum sentence, he deducted 18 months, the period spent by Wilson in a Wisconsin penitentiary for a larceny which another man confessed to having committed."

BODY OF MAN FOUND DEAD IN NEW-YORK GHEGON MAX

NEW YORK, Aug. 15.—The body of a man found dead in a room at the Hotel McAlpin in New York, and circumstances indicating that he might have been slain, was identified today as that of Cecil E. London of Portland, Ore., a former student at the University of Oregon, the authorities announced tonight.

LOST AVIATORS ARE STILL AMONG MISSING

By the Associated Press. SAN ANTONIO, Tex., Aug. 16.—Luisianis Paul Davis and H. G. Peterson, United States army aviators, who have been lost in Mexico since Sunday, have not been located. It was officially announced tonight at Fort Sam Houston.

CARGO SHIP LAUNCHED

PHILADELPHIA, Aug. 15.—The cargo ship Fred City, named in honor of Cheyenne county, Kansas, for its work in the Liberty loan drives, was launched today at Hog Island. Miss Bernice Kernitt, of Hog City, Kans., was sponsor.

JACK SHARKEY WINS

MILWAUKEE, Aug. 15.—Jack Sharkey, New York heavyweight boxer, was awarded the newspaper verdict of a shade over, Champion Peter Herard of New Orleans at the end of a 16-round no-decision boxing bout tonight.

By C. S. BOWEN, Deputy. Asher B. Wilson, Attorney for Plaintiff, Twin Falls, Idaho.

ACTORS TO LAUNCH OWN PRODUCTION

Will Utilize Old Lexington Avenue Theatre for Gals Performance—21 Stars Participate.

By the Associated Press.

NEW YORK, Aug. 15.—Twenty-one unnoted stage stars of the first magnitude will appear at the Lexington avenue open house next Monday night in a "gala performance," which marks the plunge of the Actors Equity association into the producing field as a rival of the Producing Managers' Protective association, according to an announcement issued at "Equity" headquarters tonight.

The announcement, copying hard on the heels of a report that the managers were planning a lock-out of the union, was declared to mean that if the managers won't furnish the public amusement, the actors will.

The Hebrew theatres on the east side also have been obtained by the striking actors. It was stated, and it is striking companies are being formed to present legitimate plays in these theatres here later to obtain Broadway houses for their own productions. It was said not falling in this will make an effort to move the Italian to the East side.

Among the stars announced for the Lexington avenue opening, which will be a vaudeville production were Frank Bacon, Ethel Barrymore, Lionel Barrymore, Sam Bernard, Barney Bernard, Ed Cantor, Marie Dressler, Raymond Hitchcock, Blanche Ingram, Joy Stanley, Ivy Sawyer, Frank Tinney, Pearl White, Van and Schenk, Ed Wynn and Frank Fay.

The plan, which has been closed since the beginning of the strike reopened tonight. This reduced the number of closed theatres to 11 and raised the number open to 12.

A mediation committee organized by R. H. Roberts, met a committee of the managers' association this afternoon and obtained from them a copy of a proposed contract which members of the association are willing to enter into with individual actors.

The managers conceded the demand which has been made by the actors' union for extra pay for performances in excess of eight a week and offered to submit to arbitration before a board composed of actors and managers all differences arising under individual contracts.

The managers reiterated, however, their refusal to recognize the Actors' Equity association.

The Actors Equity association announced tonight that Samuel Untermyer, although himself a half owner of the Shubert and Booth theatre properties which are leased by members of the managers' association had agreed to act as attorney for the actors in defending damage suits brought by the managers. Mr. Untermyer stipulated that he would accept no fee for his services.

In his letter to the actors, Mr. Untermyer declared that the managers "seem to me to be about a quarter of a century behind the times."

TWO MORE WOULD STRIKE

CHICAGO, Aug. 15.—The actors' strike nearly spread to the Woods theatre tonight in spite of pending injunction suits. The audience was permitted to wait nearly an hour while the manager argued with the actors in the alley, for they were about ready to heed a strike call issued by the secretary of the Chicago Federation of Labor, who has been asked to take charge of the strike temporarily.

The actors' attorney advised them they would be subject to arrest and they returned to their performance. A similar call was heaped to actors at the Palace Music hall, but it was not obeyed.

Arrangements have been made for a new company to appear soon at Cohen's grand opera house. That house and the Cort, the only two thus far closed, remained dark tonight.

AUTHORITIES SEIZE STORES OF FOODSTUFFS

(Continued From Page One.)

eral Frank Davis at Washington that the Sheriff Street Warehouse at average Co., Cleveland, to avoid federal penalty, is moving its meat products to Chicago warehouses and that records as to prevent storage in Cleveland are being destroyed.

While the governor's telegram did not give the names of the companies alleged to be shipping their products to Chicago, his telegram earlier in the day to Attorney General Palmer called for names of companies and Wilson Co. Company were owners of part of 2,600,000 pounds of meat alleged to be held in the Cleveland storage houses illegally, under Ohio laws. Dr. Brandt & Company, Cleveland, were alleged to own the remainder.

Governor Cox announced tonight that today's activities is only the beginning in the state's war on food profiteering. He said, many additional warrants will be issued, some probably tomorrow.

warrant issued today with violating the cold storage law.

TO PROSECUTE OPERATION. CHICAGO, Aug. 15.—Criminal prosecution of sugar operators, some of whom it is alleged have been taking three profits through wash sales, is likely to follow the work of federal investigators here in disclosing hoarders and others according to H. A. Milroy, assistant district attorney.

The work of the federal investigators branched out late today to suburban towns, where it is claimed Chicagoans are hiding some of their hoards in order to escape investigation.

Nine carloads of government foodstuffs now are enroute to Chicago for distribution in the nine states of the seventh zone. There will be in addition to the enclosed committee in storage in the quartermaster's warehouses here. The population of the seventh zone is about 13,500,000.

Mayor Thompson will have general supervision of the distribution in the city, and cities will also be divided into two department stores. A portion of the supplies for the city, as well as great quantities for the remainder of the seventh zone, will be distributed by parcel post, Illinois, Indiana, Iowa, Kentucky, Michigan, Minnesota, Ohio, West Virginia and Wisconsin comprise the zone.

SEIZE 10,000,000 EGGS. DETROIT, Mich., Aug. 15.—A liver was filed here today under the label for the seizure of nearly 10,000,000 eggs held in storage by the Rock Island Butter company, of Toledo, Ohio, and A. F. Thibodeau & Company, of Detroit, United States District Attorney Kinnane announced tonight.

Michigan has no statutes limited storage of foodstuffs but Mr. Kinnane declared an investigation will be made looking to proceedings against owners under the state usury laws. Permission will be sought from the department of justice to place eggs on the market immediately.

SEIZE MILLION EGGS. NASHVILLE, Tenn., Aug. 15.—Nearly a million eggs were seized by the federal authorities here from the cold storage plant of the Rock Island Butter company. The eggs which property of Alloway brothers produce dealers, were decided by the district attorney to confiscate and supply largely in excess of normal requirements of food.

THE INSPECTION BOARD. NEW YORK, Aug. 15.—The board of all cold storage and other houses by firemen for the purpose of uncovering hoarded food.

was ordered today by Mayor McAdams. The order, ostensibly for the inspection of the buildings, is to be started immediately, with it a suggestion by the firemen ascertain at the time the quantities of butter, meat, sugar and other stored and obtain sufficient information in regard to the necessities of life to the city and in preventing offenses.

The Fair Price committee held a two-hour secret meeting last night to take up an investigation of food stocks, and prices at which they should be sold.

PURCHASE MUCH FLOUR. NEW YORK, Aug. 15.—The State Grain corporation in its purchase on the result of the bidding had purchased 450,000 bushels of wheat flour, at a total cost of \$3,514,000.

BUTTER COMPANY INDICTED. TOLEDO, Aug. 15.—The Rock Island Butter company of this city, was indicted by the county grand jury here three days ago on the finding that the company with several others conspired to fix the price of a butter substitute at 23 1/2 cents a pound.

Separate indictments were returned against three members of the company. They were released on bail of \$500 each.

DRAFT MANS FOR FIGHT. PHOENIX, Ariz., Aug. 15.—Plans of campaign against food hoarders profiteers and others contributing illegally to increasing the cost of living were drafted at a conference of federal officers in the state of Arizona here today. The conferees included all special agents of the department of justice in Arizona and two assistant United States district attorneys, United States District Attorney Thomas A. Flynn presided.

TO SEIZE SAN DIEGO STUFF. SAN DIEGO, Cal., Aug. 15.—Robert O'Connor, United States district attorney for the southern district of California, announced tonight that he had filed for the seizure and condemnation of butter, eggs and other commodities in this county. The commodities, he said, were valued at about \$300,000. Warrants, he indicated, would be served tomorrow or Monday.

RENTS TO GO UP. DENVER, Aug. 15.—Rents in Denver will be increased from 10 to 15 per cent September 1, according to notice served on tenants here today. The increase affects apartments, as well as houses. Owners are increasing the cost of coal and higher wages to justify the increase.

FIND CLOTHING OF ALLEGED MURDERER

Grapples Secure Evidence Which They Believe Proves Youth Caused Girl's Drowning

By the Associated Press.

ITHACA, N. Y., Aug. 15.—Although scrapplers tonight had failed to recover from Cayuga lake the body of 18-year-old Hazel Crane, in connection with whose death Donald W. Father of Los Angeles, a Cornell student, is facing a charge of murder, they did pull to the surface part of Father's clothing which, according to the police, was twisted tightly together and apparently tied in a knot.

The grapping party reported that today they caught hold of a heavy object which they lifted some distance from the lake bottom before the load suddenly fell away. When the hooks reached the surface there was found attached to them the loop of cloth which Father later identified as part of his garment.

The authorities who are working on the theory that Father strangled the girl while canoeing with her on the night of July 19th tonight expressed belief that the piece of clothing had been used for that purpose. Father who claimed that he had attempted to save his companion from drowning after their canoe capsized, said tonight that while he was struggling in the water he had thrown off the clothing recovered today.

Father will be arraigned tomorrow on the charge of murder. He also faces another charge—that of having illegally purchased whiskey on the night of the Cayuga lake tragedy.

COLONIS SEEK COMMON

by the reservation republicans that they had not promised any republican votes for a motion to take the treaty out of the committee's hands.

Expected Early Action. After his White House conference Senator Hitchcock said the committee might report within ten days or two weeks. He made it clear that getting the treaty into the senate as soon as practicable was the present concern of the administration.

Chairman Lodge is understood to be in sympathy with the move for early action by the committee and it is thought examination of witnesses next week may be hastened and no more called. Some members of the committee want Colonel House and others summoned however, and another committee might be formed.

But Tentative Plan. Much interest was manifested in the set of reservations shown to senators by Mr. Lodge. It was said he did not aggressively advocate their adoption but merely asked the opinion of several senators regarding them. It is understood they differ in phraseology from those drafted by the seven senators under the lead of Senator McNary, republican, Oregon, but that some of the seven were most favorably impressed by them.

It was suggested an alternative possibility might eventually substitute the reservations framed by the republican leader for the McNary draft. Mr. Lodge has not publicly committed himself, however, in favor of a reservation program as against the adoption of textual amendments to the treaty.

Lodge Meets McNary. One of the many conferences of the day was held late this afternoon at Mr. Lodge's office and Senator McNary was present. It was said to be the first time the two had gone over at length the reservation question.

would be eliminated from various international commissions which to annihilate reconstruction urges in Europe.

SAGE AND SULPHUR DARKENS GRA

It's Grandmother's Recipe for Olor, Gloss and Attractiveness. Almost everyone knows Sage and Sulphur, properly used, brings back the natural lustre to the hair when faded or gray. Years ago this mixture was made to perfume, which is money and soon. Monday, by selling drug store for "Wyneth's Sage and Sulphur Compound," you will receive a bottle of this famous "old recipe" proved by the addition of

collets at a small cost. Don't starve your hair, you can't possibly tell that your hair, as it does it so and even, you dampen a soft brush with it and draw this through your hair, taking one small string at a time, by morning the gray hair disappears, and after another application or two, you will become beautifully dark, glossy and attractive. Wyneth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a beautiful appearance. It is not intended for the cure, mitigation of prevention of disease.

## RECEIVERS FOR NATIONAL'S LEADERS

Ivy WINGO

BILL RARIDEN

home by this bunch, then on September 8 the Reds will go home to stay until the winter starts. The National season, so far as the Reds are concerned will close on September 8.

The raspberry season is on. Baseball fans are doing the picking—on the Giants and Yankees.

John McGraw tried to raze the Cincinnati fans and someone razzed him for a goat and kind friends converted a taxicab into an ambulance for the nonce.

John knows what raze Julie is like now. Tim Douglas lost three games for his team. Art Neft lost another. Dave Robertson, retired Giant, knicked his old teammates for a swag of goats in Chicago.

And now look what Clincy did to Jawon on Jawon's own Polo grounds.

Looks like John has been casting his jewels to the swins. The returns are slow coming in.

In the meantime the Reds are skimming up the flange like a country apple-picker chubs the hardest first-stuff at a Fourth of July picnic.

A dollar's worth of high cost of living equals an old-fashioned quarter with a dollar's worth of this new Giant blood is worth about two fns.

Wonder John McGraw doesn't try to hire Jack Dempsey to do a little hitting for him before the curtain is rung down on the "Giant Falter of 1919."

Colonels Huston and Ruppert, on the left, and Dan (or-May) Johnson, on the right, are training for a finish match, crab-in-crab-cum.

While they were at it the Yanks ought to have asked for an injunction preventing opposing teams from getting more than five hits a game off Carl May.

"GOLFERS' TOE" IS NEW ILL. SAN FRANCISCO, Aug. 15.—"Golfers' toe," or an aggravated metatarsophalangeal joint is an affliction from which several ardent San Francisco golfers are suffering. It is said to be caused by the unusual position players assume in driving the ball.

## "POP" GEERS WINS TWO OUT OF FIVE

Good Field of Youngsters, Are Beaten By Veterans in the Future Events.

By the Associated Press. PHILADELPHIA, Aug. 15.—The Grand Circuit meeting, twice postponed by rain and a heavy track, was resumed at Belmont track today with a re-arranged program of five events.

The biggest surprise of the day came in the William Penn stake for 2-year-old trotters, purse \$2,000, in which the Brook farm entry, Mr. Dudley, driven by L. Demule, beat a good field of youngsters, including the favored Hill farm's Statistic, the Great. This was the latter's fifth race and she had never lost a heat until she was beaten in the second heat today in 2:13.

The veterans' trotter, "Pop" Geers, had an entry in all five events and won two heats and finished third, second and second. After Camille Hall had taken the first heat of the 2:13 trot and had finished second to Sam Foreman in the second, Geers brought Kerrigan through the stretch with a run, and stopped Sam Foreman by a nose at the wire in the third heat. He also won the extra heat for winners in 2:11 1-2.

Geers piloted his second winner in the \$2,000 Nawteek stock farm stake for 2-year-old trotters, winning in straight heats with Mollie Knight, which stepped the first heat in 2:07 3-4.

The Bellevue-Stratford stake, purse \$2,000 for 2:06 trotters furnished the fastest time of the meeting so far, the first heat being won by Ernie Loree in 2:05 1-2. Wilkes Brewer, was driven by Hyde and beat Royal Mac, driven by Murphy in a close finish, in the second heat. Royal Mac was awarded the third heat in a driving finish with Wilkes Brewer in 2:06 3-4 but in the extra heat for winners Wilkes Brewer took the lead at the half and won handily from Prince Loree.

Hollyrod Naomi won the 2:10 trot for the Bull's head harness stake of \$2,000.

M. S. HOOVER, Manager

This the Chronicle—Well, what's the Cincy-New York score. Clincy wins both of 'em. Wowie—ain't that the best ever.

Ring of 10 fans calling the Chronicle last evening spoke thud—all are boosting for the fast-going Reds—and wishing McGraw the worst sort of luck.

Taylor Cummings has become so enthused over the matter that he is going to arrange his itinerary for a trip east so that he can see the champions-to-be put it over on the Chicago or some other victim.

John Ault is another one who wants to see the Reds' work. He is going to the city and hopes to make Pittsburgh about the time that the Reds reach there.

The Giants are as popular as the high cost of living (which is no longer spelled with 'c') and both are losing points.

McGraw's bunch have 10,000 fans on foreign soil before they reach home again. They cross over into Brooklyn today for three days, then go to Boston and Philadelphia in turn. A game will be played in Pittsburgh on the 30th and then Pittsburgh will meet Clincy in the Ohio city on the last Sunday of this month. Seven more games will be played away from

# ARMOUR HAS FUN ON GIFT OF BUILDERS

## Declares Bids on Projects Make Them Pikers for Offering Only Pair of Shoes.

### ASKS FOR ENTIRE OUTFIT FOR YEAR

## Declares His Wants Modest—Note Outgrowth of Packet Repairing His Footwear.

By the Associated Press.  
CHICAGO, Aug. 18.—J. Ogden Armour today wrote a note of thanks to the builders and trades' exchange, whose members yesterday voted to send him a pair of shoes because he recently said his old shoes required repair.

Mr. Armour's note, addressed to a member of the exchange, was as follows:

"My dear Mr. Sullivan: I learned on reading the morning paper of the intention of the builders and trades' exchange to send me a pair of shoes. In an enclosing my opinion as to the value of the shoes goes along. Your touching acknowledgment of the principle of conservatism is much appreciated. It is fitting, however, that the builders and trades' show evidence of

J. OGDEN ARMOUR

their generosity. Selection of the world never have done it at small business to spend a few dollars for theatre tickets or some other entertainment for a prospect on whom they expect to work.

Marvel of Generosity.

"When I read the bids which have been submitted by the builders and trades on various building projects in which I am interested, and when I note how high those bids are, I marvel that your generosity stops at a mere pair of prospect in your bids indicate me to be deserving of a little more attention. It is as though you were asking me to the bushes when the 'business' was a pair of 'The Pushing Shoe'."

ordinarily I am content with two suits of clothes each year and you will not need to pay more than \$75 each for them, because I am not keen for fancy stuff. My other needs may be summed up like this: One new hat at \$1. Six shirts at \$1 each. Three neckties at \$1 each. Six pairs of underwear (I find pair

of suit) part collar, more comfortable than all wool. Two dozen pairs of socks. Two dozen pairs of silk socks for state occasions. "I am not fond of having such things as handkerchiefs or collars, because I am pretty well fixed in this respect. May be furnished. "I only mean a little handout in the making known my modest requirements in wearing apparel, but I feel sure, from the newspaper report of your meeting, that the builders and trades do not want to be regarded as 'pikers' and the price which you have offered in return for my shoes is ample and that they care a good deal to have you so generous in doing something for me as you are willing to do me for something. "I have conveyed my list regarding the exchange and have been so generous for them calling their attention to the mediocrity of their well intended gift. "Very truly yours, "J. O. ARMOUR."

# IDAHO APPLE CROP GAIN 300 PER CENT

## Increase in Production Over Country Results in High Prices in This State.

Indications that the apple crop will exceed anything before in the history of the state is evident from the crop report estimate which has just been received in Twin Falls. All parts of Idaho are apparently enjoying the same splendid prospects for a large crop obtained here. This year it is estimated that 4000 cars will be shipped from the state in comparison to 534 cars which were shipped last year. The marketing in Washington is estimated at 3,023,000 compared to 235,000 last year, an increase of more than 900 per cent.

Prices just issued for the entire United States indicate a total apper of 23,075,000 bushels as compared with 12,576,000 last year, a decrease. It is this increase in other parts of the United States that has resulted in the high prices offered for the Twin Falls crop, according to this who have been benefiting the situation.

# SOLDIERS MAY RENEW POLICIES

Soldiers who have let their insurance lapse by the war risk department may renew the same within 18 months after discharge, provided they are in good health. This information was conveyed in a letter just received in Twin Falls from the war risk department. A portion of the letter is as follows:

"In every case where reinstatement, in whole or in part, of lapsed or cancelled insurance is desired, the insured shall file with the bureau of war risk insurance a signed application therefor and make tender of the premium for one month (the grace period) on the amount of insurance to be reinstated, and also of the amount of at least one month's premium on the lapsed insurance. In cases where the insured's desire to 'surrender his lapse' term insurance, he will make tender of the premium for one month (the grace period) on the amount of term insurance to be reinstated and converted, and also of the first premium on the converted insurance."

# MAUBERGE FIGHTS WITH OBSCURITY DURING 1914

PARIS, Aug. 18.—That the fight around Mauberge were absolute and incapable of withstanding modern artillery fire was brought out by the court of investigation into the surrender of Mauberge to Germans in September, 1914, according to information obtained unofficially. The sessions of the court had been held in secret.

# PORTSMOUTH FIRMS ARE STARTED BY LIGHTNING

By the Associated Press.  
MUSKOGEE, Ore., Aug. 15.—As a result of an electrical storm on Sunday night forty-one forest fires are burning in the Muskogee district, according to reports today to forest officials.

# SCANDINAVIAN'S SEND NOTE UPON THE NATIONS LEAGUE

By the Associated Press.  
STOCKHOLM, Aug. 15.—Sweden, Norway and Denmark are sending a collective note to the nations relative to the League of Nations, according to the Frankfort Gazette.

# LOWASSY CABINET FOLLOWS OTHERS

## Hungarians Have New Batch of Ideas Headed by Herr Frederick As Premier.

By the Associated Press.  
LONDON, Aug. 15.—Dispatches received in London by way of Berlin say that the new Hungarian cabinet headed by Herr Lowassy has fallen. One dispatch, credited to the British correspondent of the Berlin Vossische Zeitung, declares that another cabinet, which is ultra-conservative has been formed.

The Vossische Zeitung's list of the latest cabinet omittes Herr Friedrich as premier and Herr Lowassy as foreign minister.

An incomplete dispatch coming from the correspondent of the Associated Press in Budapest says the failure of the Lowassy government was considered to be "a misadventure" by the socialists heading at the last moment that insufficient character of a democratic government had been given. This dispatch adds that the Archduke Joseph's regime was credited with having made a mistake in having, while proclaiming that it desired to cooperate with the socialists, with which a certain element of the socialists was in sympathy. Several thousand communists, the dispatch says, were arrested including the former minister president Garbai, which also angered the socialists, because Garbai was always considered to be a moderate.

# DISCUSS SOVIET MONEY

BERLIN, Aug. 15.—One of the first things taken up for discussion by the new Hungarian cabinet was the question of what should be done concerning the money issued while the communists were in power. The soviet money, dispatches from Budapest say, will either be declared false or will be given a temporary value so that

the Hungarians' who were forced to accept it from the Bela Kun regime will not lose everything.

The Berlin correspondent of the Vossische Zeitung calls the new Hungarian cabinet "a victory for reaction." It says that moderate and conservative circles have taken cold to the announcement of the new government.

# MORE MEN THAN PLACES FOR THEM

More men have applied for work at the farm bureau employment office during the last week than were applications for help, according to a report just made by E. C. Crabtree, bureau agent. Mr. Crabtree had 219 applications for work while 125 farmers wanted hands.

# MINERS STRIKE IN COEUR D'ALENES

By the Associated Press.  
Operators Decide Not to Attempt to Run Properties—1500 Men Walk Out.

By the Associated Press.  
WALLACE, Idaho, Aug. 15.—Mine operators of the Coeur d'Alene district decided today not to attempt to operate their properties, which practically were closed down this morning when the strike of miners began in the International Union of Mine, Mill and Smelter Workers' last effect, following a vote taken Wednesday night.

More than 1,500 miners are out as a result of the strike, which was called against the strike of international representatives of the union and in spite of the efforts of Robert M. Nevada, federal mediator. The men demand an eight-hour day "from principal to principal" increase in their wages from \$5.25 to \$5.75 and recognition of the union.

# TO MARK TIME ON MEXICAN PROBLEM

## Government Will Not Make Move Until Carranza Shows Unwillingness to Protect Americans.

By the Associated Press.  
WASHINGTON, Aug. 15.—No answer to the reply of the Mexican government to the state department's warning that failure to protect American might result in a radical change of policy, will be made. Officials complained today that the United States would wait until President Carranza displayed either unwillingness or inability to afford Americans the protection they had a right to expect, before taking further action.

One of the first possibilities of action, should the government be forced to it, would be to withdraw diplomatic representatives or even to withdraw recognition of the Carranza government. Active intervention is considered in most quarters a remote measure at this stage.

The Carranza government by special provision has been receiving arms and ammunition from the United States, but it was indicated today that the decision forbidding exportation of war munitions to Mexico would be applied to the government as well as to individuals until further proof had been given that foreigners would receive adequate protection.

# OIL PROBLEM BEFORE COURT

MEXICO CITY, Aug. 15.—It was announced authoritatively today that the supreme court on Friday decided to meet to consider five "amparos" brought by foreign oil interests against the national executive's petroleum decrees of July and August, 1913. Those "amparos" which were rejected by the lower courts, are said to have been matters of grave and urgent importance and placed at the head of the supreme court calendar for immediate consideration. Should the supreme court reverse

the decisions of the lower courts it is believed the petroleum question would be settled satisfactorily for all concerned until congress enacts pending legislation.

# G. W. WOODY KILLS HIMSELF AT BUHL

G. W. Woody, who recently completed a sentence in the county jail for intoxicating, killed himself at Buhl Wednesday night. Woody sent a bullet from a .32 calibre revolver through his head. The body of the dead man is at the DeWitt undertaking parlors pending funeral arrangements.

Woody was released from the county jail last Tuesday. He went to the house of a niece, a Mrs. Bireck in Buhl, where he had previously made his home. It is said that he was not received favorably and as a result became despondent.

# JUSTICE MALLOY IS ACTING POLICE JUDGE

While serving his term in the court house, Judge W. R. Malloy is acting police judge. When Judge W. A. Minick left Twin Falls on a vacation the fore part of the week he designated City Treasurer Frank Wheeler as police judge, but it has since been discovered that this is not in conformity to the law and as a result city cases will be tried before Justice Malloy in the future.

# GERMANS REJECT DEMAND OF ALLIES ON VON DER GOITZ

BERLIN, Aug. 15.—The German government has rejected the demand of the allies for the recall of General von der Goitz, commander in chief of German forces in the Baltic provinces.

**It's toasted**

THINK what that means—"it's toasted."

All the delicious flavor of Burley tobacco has been improved by toasting in Lucky Strike, the real Burley cigarette.

**LUCKY STRIKE** cigarette

Famous on account of the toasted flavor. An entirely new idea in cigarette making—toasted tobacco.

It's toasted for your pipe—same formula. Lucky Strike Tobacco.
