

U.S. SECOND NAVAL POWER; WEAR BRITAIN

Two English Speaking Nations Able to Combat the World.

GERMANY IS PASSED BY FRENCH AND JAPS

Three Years' Building Program Will Give America a Bold Position on the Seas.

By the Associated Press. WASHINGTON, Aug. 16.—The rapid rise of the United States as a naval power during the past two years is graphically demonstrated in figures showing the strength of the various world powers, compiled by the navy department's office of Naval Intelligence.

They show that the United States, close pressed by France in 1917 for its place as the largest power in the world, is now second only to Great Britain and is at present pushing to completion a building program that will make the American navy, for the first time in recent history, a formidable contender for first naval honors.

German Power Passes. A little more than two years ago the figures show, Germany, then second naval power, owned more than 130,000 tons of ships of all types in the United States, with a total tonnage exceeding that of the American navy by nearly 500,000 tons.

Today Germany, now in third place among naval powers, has a "paper" navy of 450 ships of all types, totaling 1,300,000 tons. These figures do not include German vessels surrendered to the allies, or Russian vessels in the hands of the Germans. Regarding the standpoint of fighting efficiency as distinguished from number of ships and tonnage, Germany is out-clasped by both France and Japan, her navy being composed almost entirely of old and obsolete vessels.

Japan, fifth naval power in 1917, has passed France and Germany both, and now ranks next to the United States in fighting strength. The actual standing of the powers of the world today from the standpoint of modern fighting strength, according to the navy department figures, is: Great Britain, United States, Japan, France, Germany, Russia and Italy.

The completion of all vessels now on order and projected will add 25,000 tons to the British navy, 11,316,885 tons to the United States, 14 ships and 1,171,200 tons for Japan, and 13 ships and 1,000,000 tons for Germany, according to the most authentic figures available at the navy department.

Will Press Britain. The present building program, a matter of about three years, will find the chief naval powers of the world with the following relative strength: Great Britain 955 ships aggregating 2,775,545 tons; United States 508 ships totaling 2,117,922 tons; Japan 170 ships, 715,225 tons; France 253 ships, 712,227 tons; and Germany 463 ships representing 953,437 tons.

Latest In Aviation Costumes

Bill King, for 10,000 feet in air, you'd say to look at the costume of these four millions. Well, maybe they didn't go high, but they did fly from Port Washington to Manhattan and return, with an airman all wrapped up in his aviation coat.

BLACK JACK PLANS VISIT TO FOLKS

General Pershing Will Spend Time With Relatives in Ohio, Missouri and Nebraska.

By the Associated Press. LINCOLN, Neb., Aug. 16.—Shortly after his return to America General John J. Pershing expects to visit relatives in Ohio, his birthplace at Lakota, Mo., and members of his family here according to a message received here today by the Lincoln Commercial club.

The message was sent from Chicago by Frank H. Wood, a former president of the club. Mr. Wood's message said General Pershing had invited Brigadier General Charles G. Dawes of Chicago to accompany him to this city, and that the general expected to arrive here about October 1. It is expected General Pershing will be accompanied by his son, Warren, who went to France to visit his father several months ago.

PERISHING GOES TO ROME. PARIS, Aug. 16.—General Pershing will leave Paris tonight for his visit to Rome and the Italian battlefields. He will arrive at Rome Sunday morning but will not attend a review of troops by King Emmanuel. Later General Pershing will present the Distinguished Service Order to a number of Italian officers.

King Emmanuel will entertain General Pershing at lunch at the Quirinal Monday noon. In the afternoon General Pershing will visit at a military camp and in the evening he will be given a dinner by the minister of war.

Tuesday morning General Pershing will go to Treviso.

The return to Paris will be begun by the American commander on Wednesday.

PERISHING IS INVITED. NEW YORK, Aug. 16.—General Pershing, who was master of ceremonies at the "interallied" athletic games in Pershing stadium, France, has been invited to act in the same capacity at the Olympic meet for soldiers, sailors and marines at Camp Dix, September 6th under the auspices of the Knights of Columbus. It was announced here tonight. President Wilson will be asked to attend.

SUSPENDED PASSENGER. SALT LAKE CITY, Utah, Aug. 16.—The Nevada Northern railroad running from Ely to Colton, announced today that no more passengers would be carried until the strike is settled.

There has been an embargo on freight for several weeks. The mechanics and other shippers are on strike for increase wages. Following the calling of the strike an embargo was placed on freight, but an attempt was made to carry passengers. The road is 185 miles in length, including a branch line to McGill, and does a large business.

SPECIAL COMMITTEE NAMED. MEXICO CITY, Aug. 16.—The senate today named a committee of three to confer at the frontier with the subcommittee named by the United States senate to investigate the Mexican question.

The members of the committee were Juan Sanchez Cossio, Rafael Zepeda, Joseph Hynzel, with Jesus Silva as secretary.

TINOCO IN FLIGHT REACHES KINGSTON

Deposed President of Costa Rica Displaced With Course of United States.

By the Associated Press. WASHINGTON, Jamaica, Aug. 16.—Federico Tinoco, who recently abandoned the presidency of Costa Rica and fled the country arrived here today on board the steamer Zenopoc en route to Europe. He said several attempts had been made to assassinate him and that his brother Jose, minister of war, was shot in the back of the head the night before the president left and died later.

The entire household of the former president accompanied him, and the wife of his brother was in the party. All were much depressed.

Senor Tinoco expressed chagrin at the failure of the United States to recognize Costa Rica. Frank Jimenez, Costa Rican minister to France, who was in the party, said that the Nicaraguan government was responsible for the assassination of the minister of war and for repeated attempts on the latter's life. He added that Nicaragua was likewise responsible for the successive revolutions to overthrow the Costa Rican government, which in the past has been successfully put down.

Costa Rica, according to Senor Jimenez, was in a state of great unrest, business was at a standstill, and American investments were unsettled.

Both Siles, Oldbrink. Both sides in the controversy held their ground today, declaring they were willing to make further concessions.

E. J. Sothern, who headed a committee which organized the managers last night in order of a new contract granting all of the unions demands except recognition of their organization, said tonight he had little hope of making further progress.

Frank Gilmore, executive secretary of the actors' association, issued a statement tonight that the association never would repudiate the American Federation of Labor no matter what might be the outcome of the strike.

The managers' sole reason for announcing the strike tonight, he declared, was the fact that the actors have affiliated themselves with the American Federation of Labor.

The actors announced tonight that a grand parade would be held Monday afternoon as a preliminary to their first independent stage offering when it is presented Monday night with twenty-one stars as attractions.

COURT THREATENS TRUDELIN. CHICAGO, Aug. 16.—An order issued by Judge Walker threatening to punish actors for contempt of court who strike in violation of the stipulation agreed to by both sides was necessary today to enable the managers of Woods and the Colonial theaters to give matters preference.

Walter Jones, of the "Up in Mabel's Room" company, playing at Woods' theater and other members of the Equity Association of Actors and Artists threatened to walk out just before the motion picture offering when it is to be presented Monday night with twenty-one stars as attractions.

Leaders of the actors' organization declared they were unable to control their members and expressed the opinion that they might walk out at any time despite the threats.

In the meantime Master in Chancery Ziesler, presiding the hearing of testimony in the injunction split brought in behalf of the theaters.

MORE STRIKE IN CHICAGO. CHICAGO, Aug. 16.—In the face of

STAGE HANDS JOIN STRIKE IN NEW YORK

Scene Shifters Walk Out in Sympathy With Stars of the Rialto.

FIDDLERS JOIN IN MOVE OF ACTORS

Sothern Is Unable to Secure Even Semblance of Solution to Tangle of Trouble.

By the Associated Press. NEW YORK, Aug. 16.—Stage hands and musicians tonight stalked forth from New York playhouses in sympathy with striking stars for whom they previously had set the stage and played the fiddle.

Disrupting Hitherto. Coming on Broadway's busiest night, when theater goers feebly effect the threatened subway and elevated strike were determined to make the most of their opportunity to visit the Rialto, the walkout of additional forces caused a flurry of confusion. It was the first occasion since the outbreak of the strike that the theater district was closed through such a measure. The news was received with cheers at Equity headquarters.

Two More Escorted. The first disturbance occurred at Kalkreuth's and Century theaters. It was followed almost immediately by another at the Colcan and Horrix playhouses.

Century roof garden stage hands and musicians were the next to join the strikers, their numbers bringing the number of hours closed to 15, three more than last night.

J. B. Maloney and Benjamin Squires, said to have been named by Secretary of Labor Wilson to act as conciliators, arrived today unaccompanied with Paul Turner, attorney for the actors.

Both Siles, Oldbrink. Both sides in the controversy held their ground today, declaring they were willing to make further concessions.

E. J. Sothern, who headed a committee which organized the managers last night in order of a new contract granting all of the unions demands except recognition of their organization, said tonight he had little hope of making further progress.

Frank Gilmore, executive secretary of the actors' association, issued a statement tonight that the association never would repudiate the American Federation of Labor no matter what might be the outcome of the strike.

The managers' sole reason for announcing the strike tonight, he declared, was the fact that the actors have affiliated themselves with the American Federation of Labor.

THREATEN NEGRO IN TIMES SQUARE

By the Associated Press. NEW YORK, Aug. 16.—Bill Green, a Negro, narrowly escaped being lynched by a throng of whites in Times square tonight, following an alleged attack by him on Joseph Jones, a white, who was on his way to a theater with a young woman.

A crowd of about 2,000 quickly gathered about the spot and advanced on Green with cries of "hang him" and "get a gun."

A policeman held the mob off with a revolver until a patrol wagon arrived to take the negro to the police station, where he was booked on a charge of assault. He declared he was the man who wielded the knife. It was said Jones' condition was critical.

FIRES IN CENTRAL IDAHO DANGEROUS

150 Head of Sheep Are Destroyed in New Perce Forest—370 New Blazes in August.

By the Associated Press. MISSOULA, Mont., Aug. 16.—Today's fire reports from the Selway and Nez Perce forests in Idaho and the Hitter Root forest in western Montana indicate to district headquarters officials that the fire situation is growing more dangerous. Crown fires which developed in the Selway forest are sweeping along the Lookaw branch of the Clearwater river for 40 miles.

Continuation of the loss of 150 head of sheep in the Gospel creek fire on the Nez Perce forest comes from Charles Dinkeld of Lovick, Idaho, owner of the herd. Both the Gospel creek and Mallard creek fires were started by the Nez Perce forest has 25 fires covering 17,000 acres.

Many new fires have sprung up in the Powell country, across the mountains from Lolo Hot Springs, while conditions in the Salmon mountains center are unusually serious. Other new fire are burning on Petty creek near Graces creek, the origin of which officials are unable to explain.

Supervisor Parker of the Missoula forest today was unable to explain the origin of the fire on the Selway which is spreading rapidly.

During the first ten days of August 375 fires were reported to district headquarters in the forest service. The total number of fires during the season has reached 1,472. There are 129 dangerous blazes burning in the various forests, mostly in Idaho.

A million dollars has been spent by the forest service in fighting forest fires this season, according to the latest calculation. In addition private timber owners protective associations and the states of Idaho and Montana have spent large sums for the same purpose.

TANKS ABANDONING ROYALTY'S CASTLES

Palace of Prince of Wied and Berthine Bertha Krups's Hunting Lodge Are Both Given Over.

By the Associated Press. COBLENZ, Prussia, Aug. 16.—The hunting lodge of Bertha Krupp, the palace of the Prince of Wied, and many castles of note will be vacated in the next few days by the first division of the American army, which today began entraining for Brest, Belgium, for the eastward march to the United States.

The territory on the east bank of the Rhine, held by the Americans since December is rich in history, having been occupied at various times by the Romans, French, Spaniards and again by the French and by the Americans. Half the American brigades here will once more be turned over to the French.

SEVEN HANDS BILLED. MEXICO CITY, Aug. 16.—Seven of the Mexican bandits who on July 6 assaulted a party of American sailors from the U. S. S. Cheyenne when they went up the Tamaca river, have been killed, according to press dispatches received from Tampico Friday.

The advice says that General Pablo Gonzalez, chief of military operations in the region west of Tampico, has reported that the deaths of the bandits resulted from a fight at a place known as San Jeronimo, with a band suspected of attacking paymasters of oil companies, and robbing oil company property.

Now, without representation in Mexico City, England probably will rely on France or the United States to represent her.

At the same time dispatches telling of Carranza's decision to inform the Mexican congress at its opening September 3rd, fully as to the state of the relations with the governments of the United States and England were received here and attracted considerable attention.

BIG ORDNANCE DEPOT TO BE PUT AT BLISS

Largest of Kind in United States to Be Installed at Mexican Border Fort.

BIG AND LITTLE TANKS APPEAR

Another Large Station—Also Being Considered—Carrazza Breaks With British.

By the Associated Press. EL PASO, Tex., Aug. 16.—It became known today that the largest ordnance depot in the United States is to be established at Fort Bliss within a short time. For the last two weeks large quantities of ordnance supplies have arrived and are coming in daily. Today's additions to the war stores included 16 heavy tanks of the kind used in the fighting in Europe and it was said ten more (complete equipment) of British type 1217 model British 75 millimeter guns for two regiments will be part of the ordnance at this point. Equipment for one regiment has already arrived and will be installed to the Fifty Second field artillery.

Another Large Station—Also Being Considered—Carrazza Breaks With British.

Motor trailers, for transporting artillery supplies each weighing 9,000 pounds have arrived as well as a number of artillery repair trucks.

Seven new motor storerooms, 240 by 500 feet are to be erected at Fort Bliss to supplement the six storerooms and also magazines already in use and a mobile ordnance repair shop is in process of the organization.

A second depot similar to that at Fort Bliss, is being established at Brownsville, Texas.

Army officers today declined to discuss the report that the concentration of fighting equipment on the Rio Grande was due to the tenseness of the Mexican situation.

WHIPPET TANKS TO HOLD. COLUMBUS, O., Aug. 16.—Forty-eight one-man armored tanks of the whippet type have been shipped from the army reserve depot at East Columbus to army posts near the Mexican border, during the last two days, officers in charge of the depot admitted today. Half of the shipment went to El Paso, the other half to San Antonio.

Officers at the depot refuse to see a connection between reequipping of the tanks and the recent announcement that the United States policy might be changed to permit the whippet tanks to be used. They are being transported on trucks.

FICTION WITH BRITAIN. WASHINGTON, Aug. 16.—More treaties have been signed between Mexico and Britain to complicate the Mexican situation.

Britain's last remaining diplomatic representative in the Mexican capital—William Cummings, in charge of the archives of the Legation there—has been ordered from the country by mandate of Carranza.

The action amounts to the British representative's practical deportation. Great Britain, never having recognized Carranza, has no ambassador in Mexico City since Sir Lionel Carr. The charge d'affaires, Thomas Holder, was withdrawn some time ago and Cummings was left in charge of archives, in charge of the Legation records and acting as a medium of communication for his government although without official authority.

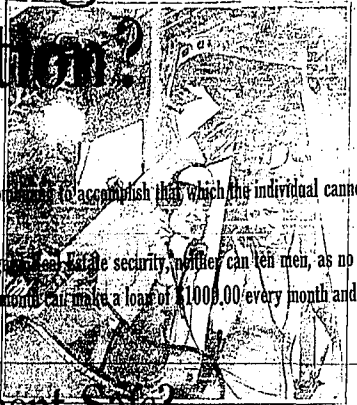

In a strict sense Cummings had no diplomatic standing although he has delivered messages to Carranza from the British government protesting against mistreatment of British subjects and interests.

Now, without representation in Mexico City, England probably will rely on France or the United States to represent her.

TWIN FALLS CHRONICLE

What Is a Building and Loan Association?

A building and loan association is the cooperation of a number of persons combined to accomplish that which the individual cannot accomplish alone. One man cannot loan \$100,000, but a group of men investing \$100 each can make a loan of \$100,000 every month and get the rate of interest as the financier.

Two men are shown in conversation. One is standing and gesturing, while the other sits at a desk. The scene is set in an office or library.

Is the Investment Safe?

This is a matter of vital importance to you and one of our many strong points. For every loan made a first mortgage on improved real estate is taken. We have the confidence and patronage of some of the best business and professional men in Twin Falls, among them banks and bank officials.

If Something Happens and I Cannot Meet My Monthly Payments, Do I Lose What I Have Put In?

No. If payments are not made for 6 months the Association reserves the right to declare your stock forfeited and after deducting fines at the rate of 5 cents per month per share you are paid the balance of the value of the stock. Your stock participates in the earnings of the Association during the time of non-payment, when fines are paid. We know of no Association so liberal in this matter.

Can I Withdraw My Money?

Yes. You can draw out the full amount of money paid in on your stock at any time by giving the Secretary short notice. This applies if you have paid in one month or five years. If you continue your payments for six months before withdrawing we pay you interest at the rate of 5 per cent per annum. If you continue your payments for one year before withdrawing we pay the full earnings of the stock. We charge no withdrawal fees of any kind.

What Returns Do I Get on Money Invested?

As this is a mutual Association the stockholders receive all of the net earnings. Each dollar invested shares equally in the earnings. No man or set of men receive any special dividends. All indications at this time point to a 5 per cent dividend on the stock for the last six months of this year.

LET'S BE SENSIBLE

Let us be sensible about our good roads plans. Let us deal with the highway board in a spirit of neighborly candor.

Let there be no pride of opinion in the discussions. Let criticism be constructive and helpful.

It is entirely too soon to determine whether or not a blunder has been made in the purchase of a huge crusher plant. Upon this point there is acute difference of opinion, but until a test is made to determine the cost at which crushed rock can be laid down on the roads of the district, there will be no positive conclusion in the premises.

For this reason, anger is idle and nagging criticism a public nuisance.

E. V. Berg, city engineer, is authority for the statement that Burley gravel can be laid down here at \$1.65 per cubic yard. Here, then, is the yardstick. Unless the crusher plant enables the district board to lay down crushed rock on our roadways at a price enough less than this to absorb the cost of the plant, then it were better to have bought the Burley gravel, even though the price does seem excessive.

If, on the contrary, the judgment of the board be vindicated, and the crushed rock can be laid down at a saving sufficient to absorb the cost of the crusher plant, then the delay will have been justified.

If it be found that the crusher can not be operated at a saving to the district, a hard question will arise. The manhood and the metal of the board will be tried. But, clearly, the taxpayers of the district will have right to expect that if it be proven that the use of Burley gravel is the cheaper, then pride of opinion must be buried, the crusher plant must be silenced, the blunder admitted and economy practiced.

Meantime, let's get rid of the engineers and other overhead expenses. The engineers are far enough ahead of construction. Let us cut off waste: Let's do it now, Messrs. Commissioners.

THE NEW HOUSES

More people than ever are now planning their own homes. Never was the country so under-housed. Never was there a time when so many people wanted their own homes, and, with a little assistance in the way of loans, would be able to build them.

Newspapers and magazines are full of house plants. A few of these are surprisingly good. Many are mediocre—many surprisingly bad.

There are plans for all tastes and all purses. The tiny bungalow for one or two business women may be as delightful and as comfortable as the many-roomed mansion. The home for the couple with the little, growing family is of myriad variations. Each to his taste, to his needs, to his pocketbook, may find satisfaction.

JAPAN'S SHANTUNG PLANS

The recent statement of the Japanese government, through Foreign Minister Uchida, regarding the Shantung peninsula was not so explicit as many Americans had hoped. Still, it goes pretty far to clear up an unpleasant situation.

According to his statement, "Japan is willing to restore to China the whole of the territory in question, and to enter into ne-

gotiations with the government at Peking regarding the necessary arrangement to give effect to the pledge at the soonest possible time after the Versailles treaty has been ratified by Japan."

The mikado's government formally disclaims, as it has done before, any intention of retaining political jurisdiction in the Shantung province; that is to say, of ruling over the Chinese there. The territorial sovereignty is to be restored to China. Japanese troops are to be withdrawn as soon as the necessary arrangements can be made. In compliance with assurances given by the Japanese delegation at the peace conference, Japan seeks only to keep the economic privileges granted by China to Germany. There will be a Chinese police force for the railroad, with Japanese officials approved by the Chinese government. The city of Tsingtau is to be made a "foreign city," dominated very likely by the Japanese, but not excluding any other nationality.

China, it appears, is not fully satisfied with this. She would rather have the Japanese ousted entirely, business men as well as soldiers and political officials. So would the Americans. It is clear, however, that if Japan fulfills these promises, China is at least in better plight than she would have been if Japan had left the Germans in possession.

Japan, therefore, appears in the light of having done China a favor, but not so great and disinterested a favor as the Chinese and Americans hoped she would.

TRAINING FOR SKILL

Foresighted employment service workers and factory managers are now seeking to speed up production by producing skilled workers. America has been paying too much attention to perfecting machinery, they tell us and has allowed human machinery or fingers to remain untrained.

A representative of the United States employment service gave these striking statistics recently: In a certain small New England district there are 9000 idle mechanics. In the same locality the railroads want 800 skilled locomotive repairmen. Out of that boiler-makers are wanted, but only one man in ten applying for such work is really skilled. They are "almost good enough, but just miss it."

In a city in the western part of New York where 15,000 men are idle, a high grade machine shop cannot find 30 satisfactory men for its work. A representative of one big industry says that factory workers in that line are not more than 60 per cent efficient.

Increased production is the crying need of the hour. For a while enlargement of factories and great expansion of machinery is not the thing to solve the problem. But skilled hands and trained minds directing them can increase production without expense and without lengthening hours of labor.

Today there are 300 training departments in American factories, and their number is steadily increasing. In these training schools workers are made really efficient. Their increased skill gives them greater satisfaction in their work. Acquired skill in one line, too, opens the way to acquire skill in others as well, and so enlarges the field of progress. Skill brings an increased wage to the worker, and increased product to the manufacturer and to the public, which needs it most of all.

The only thing wrong with that surplus army food supply the government is selling is that there isn't enough of it to make much impression on a ravenous civilian market.

These be the days when the sporting editor thinks himself the entire newspaper and the lad who knows the names of the Cincinnati players and the distance of the park from Vine street is more important than the private secretary to Carranza.

Anyhow, why is an engineer?

WINS THE MILE NATIONAL SWIMMING CHAMPIONSHIP. RIVINGTON, N. J., Aug. 16.—George T. Holden, a sailor of the Great Lakes naval training station, won the five mile national swimming championship in the Delaware river late today, setting a new record for the event. His time was 1 hour, 53 minutes and 13 seconds. He defeated 25 men, among them some of the best swimmers in America.

NOTICE OF ADMINISTRATOR'S SALE. Notice is hereby given that in pursuance of an order of the Probate Court of Twin Falls county, State of Idaho, made on the 19th day of April, A. D., 1919, in the matter of the estate of Elva C. McCollum Craven, deceased, the undervalued will sell at private sale to the highest bidder and subject to the confirmation of said Probate Court on or after the 5th day of July, A. D., 1919, all the right, title,

and interest of the said Elva C. McCollum Craven, deceased in and to the following property to-wit: Two-third interest in lot 6, block one hundred sixty-two (162) and also one-half interest in lot 158, all in the original townsite of Twin Falls, Twin Falls county, State of Idaho, according to final amended plat thereof.

Filed in writing for said property, or any part thereof, will be received by the undersigned at the office of Asher B. Wilson, room 2, First National Bank Building, in Twin Falls, Idaho. Terms of sale: Cash. Dated June 18th, 1919. E. W. TRAYVEN, Administrator of the Estate of Elva C. McCollum Craven, deceased.

NOTICE OF WRIT OF ATTACHMENT.

In the District Court of the Fourth Judicial District of the State of Idaho, in and for Twin Falls county.

Comes now Pipa Manufacturing company, a corporation, plaintiff, vs. Clyde C. Anderson and Ola L. Anderson, co-partners, doing business under the name and style of Anderson & Anderson, defendant.

Notice is hereby given that on June 16th, 1919, a writ of attachment was issued out of the above entitled court in the above entitled action, attaching the property of the above-named defendant for the sum of \$1163.22 with interest at 7 per cent per annum from March 11, 1918.

In witness whereof, I have hereunto set my hand and the seal of my office this 18th day of June, 1919. (Signed) C. C. SIGGINS, Clerk of the District Court. By C. L. BOWEN, Deputy.

Taylor Cummins, Attorney for plaintiff, Twin Falls, Idaho.

IN BANKRUPTCY NO. 1147.

In the District Court of the United States for the District of Idaho, Southern Division. In the matter of John Finke, Bankrupt.

Notice of application for discharge in bankruptcy.

Notice is hereby given that John Finke has filed in the United States District court for Idaho his application for discharge in bankruptcy, and that all creditors and other persons in interest are required to show cause, if any they have, why the prayer of said petitioner should not be granted, by entering their appearance in said proceedings on or before the 5th day of September, 1919, and within ten days thereafter filing the particular grounds of their opposition, in the office of the clerk of said court.

Given under the authority of the general orders of said court, and by a special order of the undersigned, this 7th day of July, A. D., 1919. W. O. ORR CHAPMAN, A. J. A-29

ALIAS SUMMONS.

In the District Court of the Fourth Judicial District of the State of Idaho, in and for Twin Falls county.

E. F. Slank, plaintiff, vs. Thomas A. Gibson and Mrs. Thomas A. Gibson, his wife, defendants.

The State of Idaho sends greetings to Thomas A. Gibson and Mrs. Thomas A. Gibson, his wife, the above named defendants.

You are hereby notified that a complaint has been filed against you in the District Court of the Fourth Judicial District of the State of Idaho, in and for Twin Falls County by the above named plaintiff, and you are hereby directed to appear and answer said complaint on or before the twenty day of the month of August next. If you served within said Judicial District, and within forty days if served elsewhere; and you are further notified that unless you so appear and answer said complaint within the time here, in specified, the court will take judgment against you as parties, in said complaint. And you are further notified that said action is brought to foreclose a material man's lien against Lot 28, Block 83, Townsite of Twin Falls, for the total sum of \$225.35. Witness my hand and seal of the said District Court, this 5th day of July, 1919. (Seal) C. C. SIGGINS, Clerk.

By: C. L. BOWEN, Deputy. James R. Hathwell and W. Orr Chapman, Attorneys for Plaintiff, Residing at Twin Falls, Aug. 1-81. 5.

NOTICE OF WRIT OF ATTACHMENT.

In the District Court of the Fourth Judicial District of the State of Idaho in and for Twin Falls County.

J. S. Parker, plaintiff, vs. E. J. Keenan and E. F. Hinnonette, defendant.

INJUNCTION IS USED TO STOP R. T. STRIKE

Tie-Up of Vast Transportation System of New York Temporarily Prevented.

SERVICE WOULD BE BUT "VERY SLIM"

Mayor Organizes to Provide Means of Transportation if Threatened Walk-Out Comes

NEW YORK, Aug. 16.—(Special Correspondent)—Justice Heland today granted a temporary injunction early this morning restraining officials of the Brotherhood of Interborough Rapid Transit company employees from interfering with operation of the Interborough lines.

WORLD'S LARGEST CITY

NEW YORK, Aug. 16.—A strike which union leaders declared would completely tie up the vast subway and elevated systems of the Interborough Rapid Transit company at Manhattan, the Bronx and parts of Brooklyn and Queens at four o'clock tomorrow morning, was called tonight by P. J. Conolly, acting president of the Brotherhood of Interborough Rapid Transit company employees.

Corporation Council here and assembly of the Interborough tonight were seeking a supreme court justice who would sign an order enjoining union officials from making the strike order effective, but even if such an order were obtained, it was said there was little hope of blocking the walkout.

Frank Hodel, general manager of the Interborough, said every effort would be made to give good service, but added that it was doubtful service would be "very slim" as fully 95 per cent of the company's employees are members of the union.

This would leave about 700 men loyal to the company, which number, Mr. Hodel said, would not be augmented by strike breakers.

Would Use Extra Police Force. Mayor Hylan has ordered Police Commissioner Earhart to furnish the company with full protection in its efforts to run trains. Commissioner Earhart, in a statement declared that the strike would be run "if it takes the entire police force in New York and the military and naval forces of the state to do it."

Employees of Manhattan surface cars which are under acceleration, have made no demands, according to Job. E. Heides, general receiver, and are expected to continue to work.

That portion of the Brooklyn Rapid Transit company which is electrically operated running into Manhattan, also uses Interborough power, and probably will be crippled, if not tied up as a result of the strike.

The injunction suit by which it is hoped to prevent the strike from being effective, will allege that the brotherhoods violated a contract calling for arbitration of all differences.

In addition to an automobile service being organized by Mayor Hylan, the public service commission announced it had obtained permits from the New York Central, Long Island and New York, New Haven and Hartford railroads, as well as several steamboat lines that extra service would be furnished.

NO SERVICE IN LOS ANGELES. LOS ANGELES, Cal., Aug. 16.—Service on the lines of the Los Angeles Railway and the Pacific Electric Railway which was crippled by a strike early today of platform men and sub-station operators for increased wages was suspended at 8 o'clock tonight until 8 a. m. tomorrow, "in the interests of public safety," officials of the companies announced.

SEEK RIGHT TO PUBLIC DOMAIN

By the Associated Press. SALT LAKE CITY, Utah, Aug. 16.—Five state governors, the first to arrive for the conference of state executives here, held an informal session today to discuss the project of having the unreserved public domain in the several states ceded to them by the federal government. Because of the small number of western governors present further discussion of the project was postponed until Monday when a larger number of representatives of states interested will be present.

Those present today were Governor Thomas E. Campbell of Arizona; Governor O. A. Larrazolo of New Mexico; Governor Robert D. Carey of Wyoming; Governor J. A. Burnett of Minnesota; Governor J. B. A. Robertson of Oklahoma; and Governor Simon Hamburger of Utah.

U. S. SECOND NAVAL POWER; NEAR BRITAIN

(Continued From Page One.) figures, and has about 20 under construction.

Emerges in Command. Great Britain emerged from the war with by far the most powerful battleship and battle cruiser force in the world, although the United States now has under construction a formidable aggregation of major ships, England's navy today includes 55 battleships and nine battle cruisers less than 20 years old, with four powerful battle cruisers now under construction.

The United States has 16 battleships capable of holding a place in a modern battle line and not including a number of old type battleships listed for sale of the scrap heap. Fifteen of the most modern battleships in the world are under construction for the United States and six battle cruisers are authorized and will be completed during the next three years.

Japan has 13 battleships and seven battle cruisers completed and four battle cruisers under construction or authorized. Germany retains 20 battleships and one battle cruiser, most of which are practically no naval value, and has two battleships and three battle cruisers laid down, on which construction has been stopped.

France has 13 battleships and no battle cruisers completed and five battleships and four battle cruisers under construction.

The completion of the present building programs will find the following fleet of major ships: Great Britain 55 battleships and 12 battle cruisers; United States 59 battleships and six battle cruisers; Japan 13 battleships and 11 battle cruisers; Germany 32 battleships and four battle cruisers, still subject to the final naval peace treaty; and France 23 battleships and four battle cruisers.

Great Britain leads the world in cruiser and light cruiser strength with a total of 118 vessels of these types compared with 37 for the United States, 28 for Japan, 20 for Germany and 12 for France.

Two naval powers formerly of considerable strength in addition to Germany have been almost completely eliminated as a result of the war. Russia and Austria-Hungary and the members of the company forces have been demoralized. The intensified Turkish naval power is mostly by the allies.

GERMAN TONNAGE SHIPS

LONDON, Portugal, Friday, Aug. 15.—It was announced today that 21 German ships now in Zanzibar port will be handed over to Portugal.

LU PRINCETON IN SEASON'S RECORD

Trout Fastest Mile of Year When He Covers the Distance in 2:01 1/2.

PHILADELPHIA, Aug. 16.—High class racing and fast time featured the closing day of the grand circuit meeting at Belmont park this afternoon. The champion steeplechase, Lu Princeton, 2:02, trotted the fastest mile of the season in his attempt to beat the track record of 2:01 1/2, made here last year by St. Prince and while the son of Han Francisco failed in his attempt the performance earned the crowd to a high pitch of enthusiasm. Dan Farrell, driven by Cox, stepped the first half in 59 1/2 seconds and the mile in 2:02 1/2.

Cox also won the feature event of the meeting, the \$5000 Wagona stock farm stake for 2:11, trotting with Mignola. Cox's mare was a strong favorite for the event and won the first heat handsily in 2:07 from Tommy Murphy's Francis. In the second heat Mignola made a standard break in the first quarter, but Cox made a furious drive and just managed to beat the distance flag. Mignola hit her stride again in the third heat and won in 2:06.

The veteran Ed Green registered another victory when he won the 2 1/2 mile straight heats with Gallop Todd. Goes drove the daughter of Todd Mac a great mile in the first heat, stepping the first half in 1:54 and the mile in 2:02 1/2. She had twenty in reserve and took the next two heats somewhat easier. Murphy being second in each heat with Saratoga. This is a new record for the winner.

Tommy Murphy won his only new of the season in the first event, the 2:08 pace, when he piloted Esther B. first in straight heats. The special race for trotting teams furnished one of the best features of the card and a standard break, a new race record for trotting teams of 2:14 1/2. Larline Diven and Lena Zerk, owned and driven by M. M. Sullivan, a local amateur driver, won both heats in 2:18 1/2 and 2:14 1/2. The track record was 2:12 1/2, made 16 years ago by Jacob Justice's Jackson and Offinger.

STAGE HANDS JOIN STRIKE IN NEW YORK

(Continued From Page One.)

A pending injunction suit, 15 members of the company joining in the Woods theater tonight joined the actors' strike. A telegram received from New York locked up by an order from E. N. Nockels, secretary of the Chicago Federation of Labor, caused the actors to leave the Woods. That is the third theater to be closed by the strike.

Nockels made an unsuccessful attempt to roll out the performers at the Woods and also at the Palace. More hall light.

Today when the matter was called to the attention of Justice Charles Walker ruled that to strike during the hearing of the injunction suits would make the actors liable to punishment for contempt of court.

Tonight Walter Jones, leading member of the company presenting "Up in Mabel's Room" at the Woods, received a telegram from the actors' headquarters in New York, directing him to place himself under Nockels' direction. Nockels ordered them to leave the Woods and the members of the company there were said to have voted unanimously to obey.

During the hearing of the injunction proceedings today, Attorney Levy Mayer, counsel for the theater, made a "Kangaroo" association, and remarks that attributed to Nockels to the effect German ships now in Zanzibar port will be handed over to Portugal.

LACK OF CREDIT IS BAN TO PURCHASES

Small Nations Can Not Buy Surplus American Goods Because of No Funds.

By the Associated Press. PARIS, Aug. 16.—Until the United States government effects arrangements for credits with the small or allied countries of Europe it seems unlikely that surplus war supplies in the United States can be sold in large quantities to the country needing them most. Switzerland, Spain, Belgium and the Scandinavian countries are already negotiating in Paris through C. W. Hare, director of sales for the United States war department, for some of the surplus, but negotiations with Japan, Siam, Czechoslovakia, Poland, and other countries badly needing the goods appear hopeless because of lack of credits.

There are roughly \$2,000,000 worth of surplus war supplies in United States, consisting of textiles, tools, drugs, chemicals and miscellaneous army stores. France will be given an opportunity to buy what she desires, but as yet has not formally closed the door for the American war supplies in France.

After ratification of the peace treaty the central powers, it is believed, will make offers for surplus American goods, but the United States will not accept anything possible to the allies.

ARMY FOODSTUFF PRICE LIST HERE

Order-Cutting Parcel Post Rates Will Bring Down Cost to Local Buyers.

Prices to govern the sale of army foodstuffs, the disposal of which will commence through the postoffice department Monday morning "were received yesterday by Postmaster M. A. Strunk. Accompanying the price list of assignments of the goods allotted to Twin Falls, Twin Falls will receive the same amount as Portland, Seattle and other first-class postoffices.

An Associated Press dispatch was received yesterday stating that the government had waived parcel post rates where postoffices were in the second or fourth zone from the distributing point and that goods sold to

them will be charged only the first zone rate. This decision will be observed by Postmaster Strunk in fixing the price list. Postmaster Strunk announced that there will be considerable inquiry concerning the matter. He has promised that this will be the cheapest commodity sold. The net cost of this in Twin Falls in 12-pound cans will be \$1.85—the parcel postage from San Francisco being 65 cents. Each can of beans will weigh 15 pounds, including the tag. The average price per pound will thus be slightly over 12 cents.

Other commodities which will be sold, includes corned beef, roast beef, canned light and dark, boiled hams, hamlets, liver hams, sweet corn, baking powder, pearl barley, dry beans, canned cherries, cinnamon, cloves, cocoa, white and yellow corn meal, corn starch, crackers, assorted Graham and adams, farina, dried cod fish, hominy and vanilla flavoring extracts, corn flour, corn starch, flour, Graham flour, rice, flour, rice flour, gelatin, ginger, hominy, both coarse and fine, and lye, macaroni, condensed, sweetened and evaporated milk, prepared mustard, ground nutmeat, rolled oats, black pepper, seed radishes, seedless raisins, rice, sardines, Vienna sausage, pork sausage, green peas, beef soup, chicken soup, cream chowder soup, mackerel soup, oatmeal soup, tomato soup, vegetable soup and capnet tomato.

SAGE AND SULPHUR DARKENS GRAY HAIR

Almost everyone knows that Sage Tea and Sulphur, properly compounded brings back the natural color and vitality to the hair when faded, streaked or gray. Yours is the only way to get this mixture was to make it at home, which is money and trouble.

Naturally, by asking any drug store for "Wyeth's Sage and Sulphur Compound" you will get a large lot of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell you that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time, by morning the gray application or two, you are beautifully dark, glossy and attractive. Wyeth's Sage and Sulphur Compound.

TO STUDY WAY TO JUDGE VEGETABLES

Meeting August 23 at Farm Bureau Office of Boys and Girls Incorporated in Project.

Arrangement was made yesterday that arrangements have been completed for the meeting at the farm bureau office of members of boys and girls' clubs on August 23, to study potato and corn judging. This meeting will be jointly under the direction of the county club leader and George E. Dennan of the Smith-Hughes vocational department. Only boys who attended this school will be allowed to compete for the trip to the state fair. Later this month a committee meeting will meet and potato judging will be held at Elmer and the winner will be selected to go to the State fair.

NOTICE TO CREDITORS. In the Probate Court of Twin Falls County, State of Idaho. In the Matter of the Estate of George B. Holmes, Deceased. Notice is hereby given by the undersigned, Thos. M. Robertson, administrator of the estate of George B. Holmes, deceased, to the creditors of, and all persons having claims against the said deceased, to exhibit them with the necessary vouchers, within ten months after the first publication of this notice, to the said administrator at the office of W. P. Guthrie and A. J. Myers in the City of Twin Falls, County of Twin Falls, State of Idaho, this being the place fixed, for the transaction of the business of said estate.

Dated, July 15, 1919. THOS. M. ROBERTSON, Administrator of the Estate of George B. Holmes, deceased. GUTHRIE & MYERS, Attorneys for Administrator.

WILSON WILL FIGHT CHANGE IN PACT TEXT

President Determined That Treaty Must Not Be Re-Negotiated.

LODGE URGES HIS AMENDMENT PLAN

Former Attorney General Appeals to Senate to Ratify Document Which All the World Wants

By the Associated Press. WASHINGTON, Aug. 16.—In a sequel to the White House conference yesterday between President Wilson and Senator Hitchcock, administration leader in the senate treaty fight, it became apparent today that the administration forces would center their present effort on bringing the treaty out of committee and defeating any textual amendments, leaving in the background any negotiations relative to final ratification with reservations.

Resistance is stiffened. Meantime republican senators declared one result of the negotiations of the last few days and of Senator Hitchcock's statements after he left the president has been to stiffen resistance to any attempt at unreserved ratification and to increase the determination of those who want the treaty amended outright. They asserted yesterday's poll had shown opposition to the Stimson provision growing stronger in the face of the explanatory statements from Tokio and from the White House.

Forecast Democratic Fight. The reported position of the president may by textual amendments would send the treaty back for re-negotiation with Germany without any military force to compel acceptance of the American demagm was taken as largely forecasting the trend of the amendment fight. It was understood that a feature would be emphasized by Senator Hitchcock in a speech he is expected to make next week in the senate. The fact that Senator Hitchcock did not quote the president as standing unreservedly against amendments for the same reason was pointed out as significant by some of the group of republicans who, under the lead of Senator McNary, republican Oregon, have agreed on a set of reservations. These are based on the famous "14th" reservation but on the claim of Wilson that they had information in the democratic assembly to their program.

May Rally to Lodge. Among the group there were some favorable comment during the day on the new set of reservations shown to republican senators by Republican Leader Lodge. In the same quarter it was pointed out that should he definitely give his support to a reservation program acceptable to a large number of senators, the logical outcome might be a draft of reservations by him which would become the rallying point of the republican reservation forces.

Studies Many Drafts. It is known that Mr. Lodge has been studying a number of drafts including those drawn by the McNary group and by Senator Lodge. It is understood that he is understood not to have stood sponsor for the draft he showed to the republican members, however, but to have merely submitted them for consideration.

Republicans assert that the only possible outcome, if reservations are to be adopted, in place of textual amendments, will be agreement on the draft drawn by Mr. Lodge or some other senator which must be accepted by the democrats. The only open question, they declare, is how many reservations are to be.

Make No Change. The democratic leaders, however, maintained there had been no change in their stand for unreserved ratification and in some quarters the outcome of the conference between the president and Senator Hitchcock was interpreted to mean that Mr. Wilson would fight unreservedly against both amendments and reservations. It was inferred by some senators in that connection that the president had refused to countenance the negotiations looking to reservations which have been conducted by some democrats.

The McNary group of republicans did not accept that view of the situation, however, pointing out that Senator Hitchcock had said after the conference that the administration would force the reservation bridge which it came to believe would be built.

Would Accept Challenge. Considerable interest was aroused by a statement of Mr. Hitchcock that the president had laughingly suggested sounding Senators Lodge and Knox to negotiate any future treaty with Ger-

many should the present one fall through being amended. Republican members of the foreign relations committee who are fighting for amendment said they welcomed the suggestion as a challenge.

The amendment proposal which the leaders on both sides expect to develop the greatest strength in the senate contemplates striking from the treaty the provision giving Japan control in the Chinese province of Shantung. Not only did yesterday's poll show an increase in the number who oppose the provision the republicans asserted, but several senators gave that as their only reason for not accepting the reservation program which covers only provisions in the league of nations covenant.

Advocate of the phantom amendment declare Senator Lodge will line up with them on the proposal. They believe he will support textual or textual amendments in the committee, but the reservation group are inclined to think he will not.

WICKERHAM FAVORS TREATY

WASHINGTON, Aug. 16.—Former Attorney General Wickerham, in a statement issued through the League to Enforce Peace today, called upon the senate to ratify the peace treaty with the league of nations covenant and then proposes to perfect the document by amendment through the assembly and council of the league, in the same manner as he pointed out the framers to the constitution provided for its amendment by the states.

Wickerham declared, opposed it because it did not contain "the spirit" protecting the liberties of the states and the peoples and the concurrence of some states—notably New York and Massachusetts—was secured only after amendments to remove the objections most strongly urged. The first congress, the former attorney general recalled, redeemed those promises by submitting the first amendments, which have been characterized as a bill of rights.

"The delegates to the peace conference in Paris," declared Mr. Wickerham, "followed the example of the framers of the constitution of the United States by incorporating into the covenant of the league of nations a provision for its amendment by vote of the members of the league whose representatives compose the council—now nine in number, and by a majority of the members whose representatives compose the assembly."

"Let the senate ratify the treaty and thus avert from America the reproach of depriving the world of the great hope, the radiant promise of a world allied for the preservation of peace. Then let those measures for improvement of the instrument and for the better safeguarding of the nation, be formulated, by the senate, the national traditions and institutions of or by both houses of congress and transmitted to the American representatives in the assembly and in the council of the league of nations with instructions to present and press them for adoption of amendments to the covenant."

Opposition to the covenant, except from those who reject it entirely, the former attorney general declared, had been reduced to a half dozen points which could be handled in the way suggested and he expressed the opinion that "the prestige and power of America are at stake that it scarcely can be doubted that any amendment thus recommended would find adoption, save for very convincing reasons."

YOUTH IS HELD ON CHARGE OF MURDER

POLICE CHARGE THAT FATHER USED Clothing to Strangle His Son

Old City.

Continued On Page Three.

ITHACA, N. Y., Aug. 16.—Donald W. "Father," Cornell sophomore and son of a wealthy oil promoter, was held today on a charge of first degree murder in connection with the disappearance of Miss Hazel Crane, 18-year-old Ithaca girl, on the night of July 19, when she was camping on Cayuga lake with the college student.

Father was arraigned before a justice of the peace in the crowded townhall of Jacksonville, located near the lake. The evidence on which Father is held consisted of part of his garments tied in a knot which grippers extracted the girl's body. The police charged that this piece of twisted cloth was used to strangle the girl.

Father claimed that after the case against him had sought to secure his companion and meanwhile had called for help. Witnesses called by District Attorney Adams testified they heard these calls but added they were "very faint."

Father, who displayed an unusual calm, since his arrest, today broke down at court. He had retained his usual poise, however, when he was returned to his cell tonight. He received word today that his mother was en route from California.

It is expected the student will be arraigned July about the middle of next month.

Continued efforts to recover the girl's body today today. Grainger will resume their work tomorrow.

WILL HAVE LARGE EXHIBIT AT BOISE

County Club Leader Urging Boys and Girls to Participate in Both State and County Affairs.

A. L. O'Reilly, county boys' and girls' club leader, in making preparation for a large exhibit of boys and girls work at both the state fair and at the county fair. Yesterday Mr. O'Reilly sent a letter to each member of the boys and girls' garden clubs stating that he will take as many desirable exhibits to Boise as he can and will have them back in time for the Twin Falls county fair. Mr. O'Reilly is certain the boys' and girls' clubs in this county can carry off the state championship in exhibits.

A similar letter was forwarded to the existing club members while a letter was sent to poultry club members telling of plans for exhibiting in this class.

The following prizes have been offered this year for the fair at Twin Falls county exhibits:

American class, \$2, \$1.50, \$1.00 and 50 cents; Mediterranean class, same; Asiatic class, same; ducks, same.

FARMERS PROTEST AGAINST WALKOUTS

Profiteering in "Goods and Wages" Would Make Living Higher Next Year.

WASHINGTON, Aug. 16.—Warning was given today by representatives of farmers' organizations testifying before the house and senate agriculture committees that unless present disturbed conditions resulting from profiteering "in goods and wages" and strikes were settled soon the country would face a far worse situation from the high cost of living next year than at present.

Farmers, they said, were preparing now for next year's crops and under present conditions they could not estimate what the probable market would be. Fear was expressed that production would be decreased both on this account and on account of President Wilson's statement in his message vetoing the request of the daylight saving law, placing industrial production ahead of farm output.

The house and senate committees

are considering amendments to the food control act designed to enable the department of justice to wage a more active campaign against profiteering and profligating and the joint session was held to hear the farmers' representatives. The committees hope to act finally on the amendments next week and rush the legislation through congress.

Release of foodstuffs held in cold storage was continued today by federal agents in several cities. Further seizures under libel warrants next week and special grand juries were summoned in several states to hear evidence in cases of alleged hoarding and profiteering.

Goods taken over today by the government included 16,500,000 eggs at \$1.10; 7,500,000 eggs and 308,000 pounds of butter at Detroit and large quantities of food at San Diego, Cal.

Announcement was made by the postoffice department that the postage rate on surplus gray food, sale of which through the parcel post system will begin Monday, would be the same to persons living beyond the first zone from the supply centers as those living in the first zone. This will equalize the postage to all purchasers and the difference will be made up by the mail department deducting the extra postage from the sale price and turning it over to the postoffice department.

Surplus army food sold to municipalities now totals 8,600,000 pounds, but large stocks still are on hand and these will be sold through postmasters.

Attorney General Palmer today accepted an invitation to meet with the Fair Price board of New York there Monday night.

AVIATOR IS KILLED

By the Associated Press. LAHETA, TEX., Aug. 16.—Lieutenant Fernando A. Robertson, of Clarksville, Va., was instantly killed and Norman Hodge, mechanic, an airplane in which they were flying crashed to earth. Engine trouble was ascribed as the cause of the accident.

DR. EVANS, the Optician at his office over "Palmer's Drug Store," will leave Tuesday, August 19, to be away for ten days. Now is the time to have your eyes attended. J. T. Evans. A-17-nd for teachers.

of Tyler and wife for \$743.59, alleged due-on-the-note, \$47.05 interest and \$250 attorney's fees.

An answer was filed in the district court yesterday by the Oregon Short Line to the suit brought by the Lancaster Produce company. The railroad company contends that it was not notified soon enough of a change of ownership in the produce alleged destroyed to have prevented the destruction.

COUNTY SCHOOLS TO OPEN IN TWO WEEKS

Indications That Attendance Will Be Larger Everywhere Than Last Year—Teachers Score.

Schools throughout the county will open two weeks from Monday. Plans for the commencement of the school year are rapidly being matured everywhere. A larger registration than last year is anticipated in every school district.

Teachers are a scarcely this year, according to the various clerks of the school boards and many of the schools have not yet definitely hired their entire force. Higher wages in other professions are assigned as the cause for this defection, although Twin Falls county schools have a reputation for paying an exceptionally high average.

A-17-nd for teachers.

ISSUE FIRST WARRANTS

CHICAGO, Aug. 16.—The first warrants in Chicago's campaign against food hoarders and profiteers were issued today under the Lever food control law. John F. Campbell, president and treasurer, and John E. Bunker, vice president and manager of the John F. Campbell company, wholesale sugar dealers, were charged with violation of the law and accused of having realized a profit of forty per cent on sugar sales.

TWO SUITS FILED ON OVERDUE NOTE

Two suits to recover on notes alleged not paid were filed in the district court yesterday. F. A. Triguero vs. Julius J. D. Aschmelt and Stella Aschmelt to recover \$200 and 10 per cent interest from November 14, 1917, and \$100 attorneys fees. In the other H. B. Sharp has filed suit against B.

Ford

THE UNIVERSAL CAR

Here is the Ford Runabout, a perfect whirlwind of utility. Fits into the daily wants of everybody, anywhere, everywhere, and all the time. For town and country it is all that its name implies—a Runabout. Low in purchase price, low in operation, low in cost of maintenance, with all the sturdy strength, dependability and reliability for which Ford cars are noted. The demand grows larger every day, so we solicit orders be placed without delay to assure reasonably prompt delivery. We are authorized Ford dealers and ask the patronage of owners of Ford cars for all repair work. We know how to properly take care of Ford cars and we guarantee genuine Ford Parts when making replacements. Don't take chances with outside concerns. Your Ford car is too valuable.

Western Auto Co.
