

BANDIT HUNT IS WITHOUT ANY RESULTS

Further Trace of Men Who Kidnaped Aviators Not Found by Military.

WILD RUMORS ARE ALL DISCREDITED

Dickman Appreciates Situation, Having Hunted Same Thieves in the Same Territory.

By the Associated Press. MARFA, Texas, Aug. 22.—Little progress was made today by the American expedition along the border of Mexico. It was reported by airplane that no bandits had been located, but the troops are expected to move to a new base south of the area since they left for border Tuesday morning and was expected to resume intensive operations tomorrow.

Wild rumors that Jesus Renteria's headquarters had been located that bombing planes had gone there to bomb the bandit rendezvous, and that eight more bandits had been killed by American troops were in circulation here but all were branded as ridiculous at headquarters. Lieutenant Colonel Ralph Hedges, commander of the aviation field, said the report that aviators were to bomb the bandits originated from the fact that he dropped a single bomb from a plane today to test out a new type of bombs, but that none have been carried by the airplanes flown across the border.

To Pay Rest of Hanson. That an effort will be made later to pay the remaining \$4,000 ransom to Jesus Renteria or his family was indicated late today by General Joseph T. Dickman, southern department commander.

General Dickman took the position at the time Captain Matlack rescued Lincoln Paul Davis from the payment of the total ransom that the United States government is too proud to go back on its word, even to bandits. He stated today that he feared Captain Matlack's action would result in treachery on the part of Mexicans at a later date. He said no other Americans are captured.

"Nothing will be done about the matter until later," General Dickman said, "but when the right time comes the government will undertake to carry out its agreement for the ransom of the aviators."

Dickman to San Antonio. General Dickman arranged to leave tonight for department headquarters at San Antonio. During the afternoon he visited the outposts of the Big Bend district to inspect himself with conditions. He was accompanied by Colonel George T. Langhorne, district commander.

"After inspecting part of the district I can appreciate the work that has been done under trying conditions by both men and horses," General Dickman said tonight before he left. "I am fully satisfied with the Big Bend for it was stationed at Fort Davis in 1885 as a lieutenant and know the names of all strategic points in the district, although I never had an opportunity to cross into Mexico. Knowing this I realize fully what the troops are up against and by their splendid showing reflect credit on Colonel Langhorne and his men. I was chased cattle thieves over their places in 1885 and I know it is no picnic."

Correspondent Steve Field. Beyond the Big Bend border in the land of Mexico a United States army airplane piloted by Lieutenant Colonel R. L. Dyer, with the Associated Press correspondent sitting on a scout flight over the Ojinaga district where the American punitive expedition is operating in pursuit of Mexican bandits.

Pack trains were plainly seen on the trails from the river settlements carrying supplies to the American troops in the field and motor truck trains were seen on the main highway leading to the river supply stations. A few Mexican troops were observed in the Ojinaga district, their movement being toward the south from Ojinaga.

WHICH?

DILIGENT SEARCH FAILS TO DISCOVER LOST WEISER MAN

By the Associated Press. SAN DIEGO, Aug. 22.—Anxiety over the fate of Lieutenant Fredrick B. Waterhouse and C. J. Connelly, army aviators from Rockwell field, who failed to return Wednesday from a patrol of the Mexican border between Tijuana and Yuma, increased tonight when it was reported that scouting parties, afoot and in the air had failed to find a trace of the two officers or their machine. A report from a cavalry patrol near Calexico that a military airplane was seen to cross the Mexican boundary line about 3:30 p. m. Wednesday was received today, but officers at Rockwell field held to their original theory that the missing aviators went south near Jacumba toward what was apparently better landing ground much further south and in Mexico.

The search is being made over a strip of land extending southward from the Mexican border and reaching approximately 100 miles across from the Pacific coast to the Gulf of California. A high mountain range bisects it north and south. All the country is wild, extremely rugged, sparsely inhabited and much of it is heavily timbered.

The airplanes from Rockwell field covered the Pacific side of the Mexican territory and other patrols worked out of Calexico on the eastern side of the mountain. The radio telephone and telegraph service were used in the search and were augmented by the use of carrier pigeons. Lieutenant Waterhouse of Weiser, Ida., lived here with his sister, and Lieutenant Connelly resided in San Diego with his mother.

MANY MEMBERS JOIN LEGION

As a result of the American Legion dance last evening the membership was greatly increased. The dance was well attended and was a complete success socially as well as financially. Several men entered the hall were urged to "sign up" and nearly all enlisted in the service-men's civilian organization.

ARCHDUKE JOSEPH ABOUT TO GIVE UP IN HUNGARY

By the Associated Press. VIENNA, Thursday, Aug. 21.—Advices received here today from Budapest indicate the approaching end of the administration of Archduke Joseph. The belief is expressed that the resignation of the administration is imminent after today's developments. Archduke Joseph and Premier Friedrich were called before the inter-allied committee to explain their declaration of a state of siege in certain parts of Hungary, and, according to well-informed sources, were told they had exceeded their authority.

HEHRMANN WILL NOT PLAY AT CINCINNATI SPEEDWAY

By the Associated Press. CINCINNATI, Aug. 22.—President Herrmann of the Cincinnati baseball club stated tonight that the club would not give any consideration to the proposition to play the world series games at the Cincinnati speedway. "The proposition to hold the games at the speedway is not feasible," said Herrmann. "We have not yet won the National league pennant, but if we do the games will be played at Redland field."

RAIL PROBLEM ONE OF RATES SAYS LOVETT

Either Government Must Pay Deficit or Increase the Present Rates.

CREDIT IS NECESSARY TO YIELD CAPITAL

Extensions, Repairs and Equipment Are Urgently Needed, Says Howard Elliott.

WASHINGTON, Aug. 22.—Private operation of railroads cannot be reorganized at existing rates, Robert S. Lovett, president of the Union Pacific railroad, today told the house interstate commerce committee during a discussion in which he contended the railroad problem "is solely a question of railroad credit."

Wants Policy Fixed. Howard Elliott, president of the Northern Pacific, urged early adoption of a national transportation policy, declaring delay only tended to make "all classes uncertain and unsettled." In adoption of the transportation policy he thought congress should observe four principles as follows: Lay Out Plans. Government regulatory machinery to encourage the present transportation system so that rates will pay all costs, including new capital needed for expansion of facilities; abandonment of present method of adjusting wages and working disputes, with substitution of "a sane method of deciding these questions," including abolition of strikes; modification of the Sherman law to permit consolidations and making of federal authority supreme in regulating rates, securities and accounts. Railroads should have the right to initiate rates, Mr. Elliott argued, adding that the interstate commerce commission should have the right of suspension and review.

Oppose Plum Plan. Both Judge Lovett and Mr. Elliott urged the adoption of the reorganization plan of the Association of Railway Executives, including provision Continued On Page Five.

TRANSPORT CREW GO ON A STRIKE

By the Associated Press. SAN FRANCISCO, Aug. 22.—Departure of the transport Dix with approximately 1,500 troops assigned to the Hawaiian and Philippine Islands and Siberia was postponed today a short time before the hour set for the vessel's steaming by a strike of the officers and crew.

According to Lieutenant McNeill, in charge of the army transport dock, the strike's abandoned increased wages to correspond to the pay of officers and men operating ships for the United States shipping board. He said he had referred the matter to the authorities at Washington.

FEAR RETALIATION BY OTHER NATIONS

Smoot Resolution On Oil, Leaving Bill Adopted by the Senate.

By the Associated Press. WASHINGTON, Aug. 22.—To obviate possible retaliation by foreign governments should oil land leasing legislation eliminating alien ownership of the senate late today without a record vote adopted the Smoot amendment modifying the leasing bill to permit aliens to obtain leases to go on land, minus under restrictions.

Virtually the entire day was devoted to consideration of the Smoot amendment, the senate's finally adjourning until tomorrow when final vote on the bill is expected.

Adoption of the Smoot amendment was urged by senators Smoot, Leavitt, Wisconsin; Fall of New Mexico, and others on the ground that it would eliminate objections raised to the original provision prohibiting aliens from securing leases because such legislation might result in retaliatory methods by foreign governments. They agreed, however, that steps to preserve the American oil supply to meet domestic needs should be taken by the government.

The amendment was opposed by Senator Phelan, demagogue, California, who urged retention of the committee provision, declaring there is no reason why "this government should grant privileges to foreigners and there is comparative reason why we should conserve our own resources." "I believe we should through the states," Senator Phelan said, "deny to foreign corporations the right of securing the natural resources of this country. Ultimately that will come, and when the states individually act they will not be moved by consideration, such as some senators are, of offending the sensibilities of other lands."

"Would you prevent aliens from acquiring any property in the United States?" asked Senator King.

"I would not," Senator Phelan replied, "as a general proposition except in certain specified cases where there is an extreme objection which has been expressed in the California alien land laws."

MAINS RAISE IN PRICE IS GROWERS' DICHISION

By the Associated Press. PIERRE, Cal., Aug. 22.—Increases of approximately 100 per cent in the prices of gala was made public today by the directors of the California Associated Raisin Company. Prices of individual grades of raisins to the producer were set at 10, 11 and 11.2 cents a pound, respectively for mission, sultana and Thompson. Last year they were 5 1-2, 6 1-2 and 6 3-4 cents.

GERMAN BARON DECLARES ALIENS WILL NEVER COLLECT

By the Associated Press. BUNDES ARBEIT, Aug. 22.—Baron von Dem Busch-Haendhausen, former German minister to Argentina, in an interview published today declared that the federal government in English, says that the indemnities provided for in the peace treaty will never be collected because they are so ridiculous and high that the league of nations will not be willing to reduce them. He stated that it is only a matter of time until Germany will regain "her old place of supremacy."

COHAN SEEKS TO FORM NEW ORGANIZATION

Will Spend \$100,000 of Fortune to Break the Actors' Strike.

INDEPENDENTS MEET PLAN ASSOCIATION

A. F. of L. Man Wants Samuel Compers to Take a Hand in Strike of These pianists.

By the Associated Press. NEW YORK, August 22.—George M. Cohan, theatrical Broadway's idol and a leading member of the Producing Managers' Protective Association, tonight was on the verge of retiring from play production forever, to devote his life and \$100,000 of his fortune to the upholding of a new "independent" actors organization in an effort to break the actors' strike and keep the stage free from the control of organized labor.

In a letter to Louis Mann, chairman of a meeting of nearly 900 actors and actresses and members of the Actors' Equity association, Mr. Cohan intimated that he would resign from the managers' association and give himself entirely to the interests of a new organization of actors which

GEORGE M. COHAN

would work "for the uplift of the spirit of the stage" as soon as a definite organization can be perfected and its aims outlined.

Many Actors Sign. More than 400 actors and actresses signed up for the new association, under Mr. Mann's guidance and immediately a committee was appointed to draft a constitution and by-laws and wait on Mr. Cohan.

The committee included Alan Dinehart, David Warfield, Frederick Carr, William Collier, Jane Beecher, Zella Sears, Lenore Ulrich, Margie Wood and Arthur Ashby.

Want Federal Inquiry. Other developments today included a statement by Charles C. Shaw, president of the International Alliance of Stage Hands and Motion Picture operators that "next week at the meeting of the Federation of Labor at Syracuse I shall introduce a resolution demanding that the federal industrial commission probe into this strike and hold public hearings." Hugh Frayne, state organizer of the American Federation of Labor declaring at a meeting tonight of 4,000 striking actors, held under the auspices of the Actors' Equity association, that "we shall be very glad to have Samuel Compers enter this matter and settle it along the lines on which you will be settled."

Raise Money for Poor Actors. A fund of \$25,000 was raised at this meeting to provide for "relief" who are temporarily impoverished because provided for in the peace treaty will never be collected because they are so ridiculous and high that the league of nations will not be willing to reduce them. He stated that it is only a matter of time until Germany will regain "her old place of supremacy."

GIBRALTAR OF PACIFIC OPEN FOR WARSHIPS

Great Pearl Harbor Drydock Is Dedicated by Secretary Daniels.

WORK OF TEN YEARS IS BROUGHT TO AN END

Mrs. Daniels Presses Button Which Floods Mammoth Structure With Water

HONOLULU, T. H., Aug. 21.—With Mrs. Josephine Daniels, wife of the secretary of the navy, pressing the button that flooded the structure, the great Pearl harbor drydock was dedicated by Secretary Daniels today.

IS GIGANTIC OF PACIFIC HONOLULU, T. H., Aug. 21.—Dedication of the Pearl Harbor naval drydock today in the presence of Secretary of the Navy Josephus Daniels, and distinguished military, naval and civilian officials, marked the completion of an important unit in a navy and army construction program designed to make this island of the Hawaiian group, Oahu, the Gibraltar of the Pacific.

The Pearl Harbor dock, work on which was begun ten years ago, represents an investment of more than \$5,000,000. It is one of the largest naval drydocks in the world and will not only accommodate any warship now floating the American flag. Secretary Daniels came to Hawaii with the battleship New York and the Destroyers Chancellery, Dent, Pills and Waters to participate in the dedicatory ceremonies. Others who assisted were Rear Admiral William B. Fletcher, commandant of the Pearl Harbor yard, and officers of the visiting warships.

Pearl Harbor, seven miles from Honolulu by railroad, has been declared by naval experts to be the finest natural naval base in the world. The entrance to the harbor from the open sea is a little more than four miles wide, the channel, or canal, having been dredged in the shallow coral. The harbor is divided into three natural basins, or locks, with anchorage sufficient for the entire American navy.

ROBINSONS

With the opening of school near at hand, we are better prepared than ever before for the things most needed for the boys and girls. Shirts and Blouses for the boys in white, light and dark colors. Dresses and middies for the girls in the kinds and styles most in use. Including "Jack Tar" make. Belts and ties for both boys and girls, including three corner ties for middies. Handkerchiefs are still reasonable here. Those for girls with colored edges at 2 for 5c. Good quality all white for the boys at 5c. "Billie Boss" dresses are just about the cleverest thing brought out for girls in a long time. Smart looking, durable, and priced reasonable. They must be seen to be appreciated.

Edward Robinson

By MADGE EVANS.

When mother decided to let me act in the movies she made, my managers promise they would never make me wear "stage clothes." Mother wants me to be a little girl—and to grow up like any other little girl and thinks it would be silly to be stuck up because I act in the movies. Besides, if I play little girl parts I must wear real little girl clothes to fit into the picture. So mother makes and designs most of my clothes herself—even my hats. Here are my new fall hats. Mother designed them all. At the top is my big black, silk velour sailor, with its band and long

made me this small black velour hat, made of black grosgrain ribbon. "That is my best, dress-up hat. I love my little, Scotch, cap of black velvet with its ribbon band and bow of dark plaid silk ribbon. It's so nice and comfortable to wear, to school.

My party hat is the one below, at the left—the pretty, pussy-like white beaver, with a white ribbon sash. I only wear it with my black velvet coat. When I'm very much dressed up. For regular school wear mother had this simply on my head and had

such a pretty dark green ribbon rosette and flat bow. All my hats are the good, substantial kind that stand hard wear all winter—and mother won't get me have one that's fuzzy. She says they are bad taste for little girls.

FIND NO FRIENDS FOR KENYON BILL

Long List of Witnesses Oppose Increasing Packers—Say Competition Is Keen.

By The Associated Press. WASHINGTON, Aug. 22.—Federal regulation of the packing industry, proposed in the Kenyon and Kendrick bills now on hearing before the senate agriculture committee, found further friends not advocates in the long list of witnesses who aired their views today. Though those testifying came from points all the way between Missouri and Georgia, and their occupations ran the gamut from farmer through feeders, stockers, retail butchers and dealers in produce, and while their opinions as to the reasons and responsibility of high cost of living were diverse and occasionally more forcefully put, the packers all insisted should be alone. Interference with them, the tenor of the statements ran, would be dangerous to the consumer and everybody else.

"We've had governmental control of railroads, and telephones and telegraphs, until we are plumb worn out and we don't want any more," W. P. Carpenter, stock feeder of Toledo, Mo., asserted the committee. "In favor of the men who can produce the cheapest going ahead as far as we can. That is the way to cut down the cost of living."

Thomas Dunn, a St. Louis meat dealer, aired an unusual view of the situation when he said, "people want to pay high prices, because they think they are getting better stuff."

"These hearings will help get the fool ideas out of their heads," he added, while the committee laughed. "That is the only good they will do. But I'm paying \$70 more a head carcass than I paid three or four years ago and I'd like to ask whose getting that \$70 now."

J. P. Lynn, another Tarkio stock feeder, told him.

"I'm getting it," he said. "But I'm not keeping it. Everything else costs twice as much."

In answer to Senator Capper of Kansas, Mr. Lynn, and a group of other feeders said they had lost some money on cattle this spring.

"But that is not the packers' fault," J. A. Christman, a third man from the same district said. "Any man can make a mistake and pay too much."

All of the feeders insisted that competition was keen in stock raising and they spoke from long experience in selling their cattle, and were inclined to scoff at assertions that the packers dominated the market. Proposals in the bills to take away the packers' refrigerator cars, Lynn added, "were as reasonable an proposal to take away packers' butcher knives."

business needs their national distribution."

W. V. Verree, who of Moultrie, re- quenced "cutwell." "I just want to say to the committee that I'd not put much faith to myself in the reports of the federal trade commission," he said. "They have prejudiced men making their investigations. Three of them were down at Moultrie last week, and in talking about prices to farmer I paid Swift & Company a compliment and the response I got showed they hadn't open minds."

H. H. Bergman for the Missouri Carol Egg and Poultry shippers, expressed objection to the license system proposed in the Kenyon bill. "We've experience with licensing, he said, has not made the produce dealers like it."

ONE STRIKE CALLED OFF BALTIMORE, Md., Aug. 21.—The strike of the 4,000 union workers in the Bethlehem shipbuilding corporation yards at Sparrows Point was called off tonight and the men will return to work tomorrow.

BONES IN LIMBED TELL LURID TALE

Investigators Examine More Evidence of Cusford Mystery About Rufus King Property.

By The Associated Press. MAPLE HILL, Kans., Aug. 22.—Numerous pieces of small bones imbedded in a thick layer of lime were found today by investigators on ground back of the livery stable, formerly conducted by Rufus King, who is being held on charges of murder in connection with the mysterious disappearance of three persons here several years ago.

Three skeletons, partly identified, the authorities assert as those of the missing persons have been found on the King premises.

About two dozen pieces of bone were found today, many of them badly eaten away and officials announced that it had not been possible to ascertain whether they were human bones.

Workmen who spent two hours plowing a vacant lot adjoining the livery stable found nothing, it was announced.

Search about the house formerly occupied by King was begun today.

KING IS HELD FOR THE MURDER OF GUTSHALL

By The Associated Press. ESKEWILLE, Kans., Aug. 21.—Declaring that the skeleton introduced at today's preliminary hearing might be proved that of Humber Gutshall King was the last man seen with Gutshall before the latter's disappearance, Justice A. K. Skeen, late today held Rufus King, charged with murder in connection with Gutshall's disappearance, over to the circuit court for trial that the evidence tended to show that the latter's disappearance, Bond was fixed at \$20,000.

The Knights of Pythias and Pythian Sisters will convene at the home of C. H. Eldred next Sunday, August 24. The event being the annual picnic of the orders. The committee want a full attendance and the Knights are expected to bring their wives, even if not a member of the order, also join all visiting members in the city are present. A special dinner is preparing and if you are not present you will be sorry.

Those attending will convene at City Hall Sunday morning at 10:30 a. m. MRS. A. PUTZIER, MRS. C. H. ELDRERD.

STRIKE PLATINUM AT VALDEZ

ANCHORAGE, Alaska, Aug. 22.—Valdez, an Alaska town which has flirted with prosperity for a score of years, thinks permanent wealth has been brought at last by the recently reported discovery of rich platinum deposits on Prince Williams Sound, at the city's very door. For years Valdez people have been walking over the new rich beds.

Mrs. W. L. Downing of Kimberly motored to Twin Falls yesterday for a short shopping trip. Mrs. Downing said she expected to return the first part of the week to visit with friends for a short time.

TO SAVE SYSTEMATICALLY IS HIGHLY IMPORTANT, BUT THE MAIN THING IS TO SAVE You can start a thrift account with us with one dollar in one minute. Idaho State Bank D. R. Pingree, President E. J. Merrill, Vice President L. F. Bracken, Cashier Ray McClellan, Assistant Cashier FOR SALE Fine eighty-acre bottom land improved farm with complete farming equipment, situated one-half mile from Pella and five and one-half miles from Burley. PRINCE ROYALLY WELCOMED BY HIS QUEEN SUBJECTS

By The Associated Press. QUEBEC, Aug. 21.—Welcomed by the strains of "God Save the King," and the roar of a royal salute from guns in the old citadel, the Prince of Wales landed here tonight. His Royal Highness was brought ashore from the battleship Renown on a fast steam yacht and landed on King's wharf.

MARTIAL LAW PROCLAIMED

By The Associated Press. CONNOR, Aug. 21.—Martial law was proclaimed throughout Hungary, says a Budapest dispatch dated Wednesday.

ANNIS TO FACE A CHARGE OF ROBBERY

Enters a Plea of Not Guilty—Will be Given Preliminary Hearing This Morning.

J. H. Annis, who Tuesday held up W. R. Starr, a farmer of the Kimberly section, was arraigned last night at 8 o'clock before Probate Judge O. P. Powell. A charge of robbery was filed against the young man at that time by Prosecuting Attorney Stephen Annis entered a plea of not guilty and will be given a preliminary hearing at 11 o'clock today.

Annis declared yesterday that Starr's story was entirely wrong, that he wanted a loan and that Starr gave him the money. He declared that he would fight the case.

Under the charge filed against the youth, conviction would mean a penitentiary sentence with the penalty ranging from five years in the institution to life imprisonment.

IS GRANTED DIVORCE.

Two divorce cases were heard by Judge W. A. Babcock yesterday. Anna B. Braunson was granted a divorce from Zebulon P. Braunson, while the case of Belva Bradshaw against James Bradshaw was taken under advisement. In both cases custody was granted, the plaintiff declaring that the defendant had made physical attacks upon them.

ALLEGES DESERTION.

Suit for divorce was filed in the district court yesterday by Lucinda J. Trichard against George Trichard. The plaintiff alleges desertion. Community property to the value of \$1000 is owned at Castleton. The plaintiff seeks divorce and the property in question.

WANTS IMMEDIATE ALIENRY.

Estelle Steele yesterday filed a request with Judge W. A. Babcock asking for immediate alienry so as to be able to prosecute her suit for divorce against James B. Steele. Mrs. Steele avers that she will need \$100 a month.

CONTRACT IN COURT.

In a suit filed in the district court yesterday, Glenn F. Fritcher as administrator for the estate of Carrie E. Fisher, who died intestate, seeks to

force the consummation of a contract entered into by Martha J. Akeley for the purchase of land belonging to the Akeley estate. Fritcher also seeks the quieting of title to the land against unknown heirs.

SUES CANAL COMPANY.

Suit was filed in the district court yesterday by C. P. Edwards and Harry Shelby against the Twin Falls Canal company seeking \$15,000 damages for loss of a crop this year.

DEMUERER IS FILED.

A demurrer was filed yesterday by Subst Div to the suit recently brought against him by John Aitola.

FINED FOR ASSAULT.

Fred Miller was yesterday fined \$10 and costs before Probate Judge Powell for assaulting St. John Skinner.

Local Briefs

D. D. Lewis from Rupert, who has been spending a few days in Twin Falls the guest of his daughter, Mrs. John Meade, is leaving for his home today.

The small daughter of F. D. Mangel was operated on for appendicitis last Wednesday. Her improving nicely.

Mrs. W. H. Kimbrough and Miss Laura Hansen returned yesterday from Rogerson where they spent two days in connection with school work. Mrs. Kimbrough and Miss Hansen will be teachers in the school this coming year. The school term at Rogerson will probably commence on September 2.

Attorney Frank Stephen and family will leave Sunday morning for the country north of Ketchum where they will spend a week camping, fishing and hunting.

M. H. Pape is a patient at the boys' hospital, suffering from an attack of pleurisy. Mr. Pape's condition is somewhat better today.

Y. Yasuda, a farmer from Curry, was in Twin Falls yesterday for a short time on business.

L. J. Johnson of Dulal, well known business man, was in Twin Falls yesterday for a short trip. He returned to Dulal last evening.

Mrs. Charles H. Robler was hostess yesterday at a 1:30 luncheon honoring Mrs. Lionel Johnson, who has been in Twin Falls for a short time the guest of her sister, Mrs. A. J. Peavey. The table was artistically decorated with beautiful cut flowers with place

"Gobs" as Strikebreakers

When coal mines in Wales were recently closed by a strike members of the I. M. navy acted as strikebreakers.

cards to match. Covers were laid for six. Those present were Mrs. Lancel Johnson, Mrs. A. J. Peavey, Mrs. Roy Reed, Mrs. H. A. Baker and Mrs. King. H. Hammond, Charley Robinson and J. O. Pence of these Crooks were in Twin Falls yesterday for a business trip. They will return to their home today.

D. G. Kimball, who recently returned from the service, has gone to Rogerson where he has accepted a position. He will be there, for several months.

Mr. and Mrs. Bery are chaperoning a crowd of young folks on a week-end trip to Shoshone Falls. Those in the party are Misses Joseph Bery and Miss Hanson, Dr. Phil Newberry, who is here from the coast visiting friends, and Roy Bery. They will return the first part of the week.

Miss A. L. Marks and sister, Miss Marjorie from Dulal, arrived home yesterday from an extended trip to the coast. While gone they stopped at Spokane, Seattle, Tacoma and Portland.

Mrs. Hardy was in Twin Falls yesterday from her country home on a brief shopping trip.

Mrs. E. C. Wright and children of Kimberly were in Twin Falls yesterday for a brief time on a shopping expedition.

Dr. and Mrs. J. P. Johnson are the proud parents of a baby girl born Thursday. Both mother and child are progressing fine.

Mr. and Mrs. David Brown sold their twenty-acre ranch yesterday to Frank Foreman for the sum of \$12,500. Mr. and Mrs. Foreman will be the possession of the ranch in two weeks.

Mrs. Glenn McClure, who has been in Twin Falls for the past few weeks the guest of her sister, Mrs. Young, is leaving tomorrow for her home at Tampa, Florida.

Lieutenant Sidney Graves, who has been on the Oklahoma and who was recently mustered out of service at Norfolk, Virginia, arrived in Twin Falls Thursday evening. Lieutenant Graves was aboard one of the ships in the convoy for the Great Britain which carried President Wilson from France on his last trip.

Mr. and Mrs. L. F. Johnson of Murrough are in Twin Falls for a short time prior to leaving for Salt Lake City where they will visit for several days. Mr. and Mrs. Johnson will leave Twin Falls on this afternoon's train.

Mr. and Mrs. Alfred Carlson and son, Carl, from Dulal, motored to Twin Falls yesterday for a brief trip. While in Twin Falls Mrs. Carlson shopped.

Fred Spence and family, who have been in the Wood River country for the past few days on a camping trip,

returned to Twin Falls last evening with the reports of a splendid time. Judge Hanson motored to Twin Falls yesterday from Hansen where he has been for the past few days on business.

Miss Mary Howe is the bride of HERGER RANCIER.

At the home of Mr. and Mrs. H. H. Howe, Miss Mary Howe became the bride of Merle Stansbury of Heeger performed at high noon. Rev. A. G. Kolbig performed the ceremony. The bride, beautifully gowned, entered with her maid of honor, Miss Edith Hubert, and met the groom and best man, Russ Weaver, in the center of the room, where the ceremony was performed. Only a few friends and the immediate family were present. Miss Charlotte Stewart rendered the wedding march as the couple entered the room. The house was artistically decorated with beautiful cut flowers. The bride and groom left immediately for Dulal where they will spend a few weeks before returning to Heeger where they will make their future home. Miss Howe is a well known member of the Younger set, while Mr. Stansbury is a leading rancher at Rogerson.

YOUTHS TO BATTLE FOR GOLF HONORS

Seventeen Year Old Had to Meet Boy But Few Years His Senior On Links.

By the Associated Press.

PITTSBURGH, Aug. 22.—(AP)—Jones, the 17-year-old phenomenon of Atlanta, or S. Davillion Herron of this city will be in the 1919 national amateur golf championship before him, down tomorrow. The pair, two survivors of the 136 starters in the 25th titular tournament of the United States Golf association, won their way to the final round by defeating W. J. Powers Jr., of Pittsburgh and J. Wood Platt, of Philadelphia respectively, here late this afternoon. Jones won from Powers five up and 3 to play, while Herron took Platt's golfing measure by a score of 2 and 1.

Not in the history of American golf has the championship ever been fought out in the final round by two such youthful exponents of the game. Jones, who is playing from the Atlanta Athletic club, is set to see his 18th birthday, while Herron is but a year or two past his majority.

Neither has ever flourished heretofore so prominently in struggle for a premier golf title of the country, although Jones won the southern championship in 1917 when but a few months over 15.

Herron, although older than his rival, has less general golfing experience than Jones and for that reason many experts are inclined to the opinion that Atlanta's youthful star stands the better chance of winning the championship, mainly lost by "Chick Evans on Wednesday.

Herron, however, has the almost unanimous backing of the Oklahoma club members tonight, who are by no means "money" on him, although it is admitted that he has never played golf over the club course except on Saturdays and Sundays until the first of August.

Then the firm by which he is employed, learning that he had entered the championship tournament told him to take the month off and see what he could do. This and his golf play while a student at Princeton comprises virtually all of his real serious work with good and fame.

It was generally expected that Herron played the best golf of the quartet, competing in the semi-final round today. His card for 30 holes played showed a total stroke score of 129 as against a par of 124 for the same distance. Jones, the other winner, took 142 against a par of 130 for his 32 holes while the youth's opponent, Powers, required 165 for 33 holes. Platt, who sprang into national prominence by his defeat of Hammel yesterday, fell off again and showed 110 strokes against a par of

124 for the 30 holes he carried Herron along before the latter could clinch the victory.

WANT TO KNOW AMOUNT OF LIQUORS ON HAND JUNE 30

By the Associated Press. SAN FRANCISCO, Aug. 22.—Official notices requesting immediate information from all liquor dealers in northern California and Nevada as to the quantity of distilled spirits, wines and liquors they held for sale at the close of business June 30 last and the quantity held by dealers on that date for personal consumption, were issued here today by Justice S. Wardell, internal revenue collector for the district.

Wardell said he had been advised by Daniel C. Hooper, commissioner of internal revenue, that the information is desired by the internal revenue officials in order that they may be prepared to furnish reliable data to congress.

W. H. McDonald of Hollister, was operated on yesterday for appendicitis at the Boyd hospital.

LESS MEAT IF BACK AND KIDNEYS HURT

Take a Glass of Suits to Flush Kidneys If Bladder Bothers You.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well known authority, because the uric acid in meat excites the kidneys, they become overworked, get sluggish, clog up and cause all sorts of ailments, particularly backache and aches in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The most rapid cure back hurts or kidney ailments, says you, get about four ounces of Jod Suits from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity, and to neutralize the acid in the urine so it no longer irritates, thus ending bladder disease.

Jod Suits cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

ROADS—AND MONEY

Let's do a little sum in arithmetic. Mr. Channel says in his statement that up to August 1, the highway district board had spent \$112,000 of the funds derived from the sale of good roads bonds.

It is estimated that the rock crusher, plus freight and installation charges, will cost the district taxpayers about \$200,000. Let us add this to the \$112,000 already spent and we have \$312,000, which will have been expended before a single contract has been let for road construction, or a bit of road building done.

This is one-third of the total sum voted for road improvements in the district.

How much longer must we tolerate the theorists and engineers in extravagant waste of the road funds?

And how much money is it planned to put into actual road building?

The taxpayers voted for good roads. They are necessary. The money was raised to build them—not to be wasted in vain theories.

Today there isn't a more vital subject than that of transportation, and the great bulk of food products and raw materials of industry are, at some stage of the distribution process, hauled over country roads.

Now that the motor truck is being utilized to speed up distribution; to link producer and consumer wherever possible—good roads are of paramount importance.

In older countries than ours, all roads are good roads. They have to be, to feed the population from crowded acres.

Bad roads have been accepted as a matter of course in unsettled communities, and good roads have been luxuries.

But the best possible highways are now sternly necessary, in every part of the United States.

So, let's have done with waste. Let's ask for bids and let contracts. Let's build roads with the little money which has not already been squandered.

REMAKING THE MAP

New Mexico and Colorado have been having a friendly dispute about some territory lying along their common border. There is a narrow strip, now claimed to be part of Colorado which New Mexico believes really belongs to her.

A quite different discussion is going on in the southeastern part of the country. The legislatures of Alabama and Florida have appointed commissions to co-operate in an investigation as to the feasibility of annexing part of Florida to Alabama. The section in question is that lying west of the Appalachicola river. It cuts into southern Alabama in the most approved picture-puzzle fashion. This annexation would give the entire southern border of Alabama a coast line on the Gulf of Mexico, it would make the state of Florida more compact. The western boundary of Florida would be straightened out and made continuous with the Georgia-Alabama boundary.

This move is said to be favored in other parts of Florida as well as in Alabama. It is a matter to be settled in an entirely friendly way according to the wish and best good of both states.

This proposed readjustment of state boundary lines is interesting. If very much were attempted in this line some states

would find themselves considerably shrunk while others would be greatly enlarged. As for Delaware and Rhode Island, nothing but strict adherence to the principle of "self-determination of peoples" would save them. And as for Idaho, the possibilities yield a wide realm for speculation.

SCHOOL-DAYS—ALWAYS

The lads and lassies, radiant and hopeful, will soon be again bearers of books to and from schools.

Their purpose and the purpose of their parents is that they may acquire knowledge. They con the books. Mayhap they acquire education. And then they learn that education is not knowledge—only the means to acquire knowledge.

We acquire knowledge as long as we live and observe.

Most of us are amazingly ignorant. We are like the classic example of the school children, conning their books, who couldn't tell what kind of wood their desks were made of.

Actually, we are afraid of seeming to know much outside of the trodden ways; we despise the "highbrow."

And at the same time, how contemptuous we are likely to be of some who seem to be more ignorant than ourselves!

The man who has stopped learning is living at a standstill. Make everyone you meet your teacher, if you would get the most from life. Be a student, even though your school days are in the remote past.

And, so long as you keep your mind open, you will always be humble. You never will despise "ignorance," but arrogance springing from a trivial wisdom, you will fervently avoid.

SUGAR AND FREIGHT

While discussing sugar and the high cost of living, let's take measure of the local situation.

Paul, Burley, Twin Falls—all have sugar factories. The finished product is here yielded by local-grown sugar beets.

The public is proud of these institutions and inclined to encourage and help them.

But why should sugar bring the same price here it brings in New York?

Manifestly, local consumers are entitled to the saving in the freight charge on sugar, and a system of distribution which deprives them of this saving is at once discriminatory and dishonest.

If the fair price committee of Twin Falls county wants a real job, in which it can do lasting good for the community, here it is.

TIME FOR WORK

Mr. Mann told the house the other day it ought to have a vacation and that there was nothing but "chicken feed" on the calendar at this time.

What of the Mondell bill incorporating Secretary Lane's plan for reclaiming land for soldiers? What of the legislation to broaden and assist the work of the soldiers' insurance company, the war risk bureau? What of the Sweet bill for insured soldiers? The soldiers who couldn't be demobilized speedily enough are now waiting on the republicans, who want to let committee hearings turn into Rip Van Winkles while the republican house takes a vacation to bolster up its non-regulation, non-functioning house machine.

The principal effect of all this anti-high prices campaign will be to throw the fear of God into the hearts of the profiteers. Guilty consciences may accomplish more than law. Something has been accomplished already along that line.

They're using airplanes in Alabama to locate moonshine stills. Pretty soon a poor moonshiner won't have even a sporting chance.

Anyhow, Henry Ford got enough out of his suit against the Chicago Tribune to buy him a quart of gasoline.

EBERT TAKES THE PRESIDENT'S OATH

Group Executive Decries N.Y. Constitution Assures Federal Aid Strength.

WELMART, Thursday, Aug. 21.—Friedrich Ebert took the oath as imperial president at the national theater today. A large crowd had gathered in the square before the theatre, where a guard of honor was drawn up with a band playing.

He arrived in an automobile at 10 o'clock in the afternoon and was received at the main entrance of the theatre by the vice president and secretary, who conducted him to where Konstantin Fehrenbach, president of the national assembly, was awaiting him. The organ played as Ebert entered the hall, where the president's throne is situated. The members of the imperial council and assembly rose to welcome Herr Ebert, but the places reserved for the German national and independent socialists were empty.

Herr Fehrenbach handed the president the document containing the oath.

Herr Fehrenbach then said to the president: "You came from the people and therefore you will ever be a faithful friend of the working people, to whom you have devoted your life work."

He then said: "You will also ever be a shield to the fatherland, which you have done your best to serve and for which you have made a terrible and most painful sacrifice, seeing that of four sons you sent to the colors two have not returned. It is a thorny office which in the hardest times the fatherland had upon your shoulders, but with an independent conscience you can claim to be free from all blame or responsibility in the country's wretched position."

"You sought to attain progress and freedom solely by peaceful development, but still defend the fatherland to order and to work and point the way to the rebirth of the beloved fatherland."

President Ebert, in reply, said: "This must remain to us if we desire to rebuild the fatherland—deep love for the homeland and the wish out of which each of us springs, and to this must be joined earnest labor for the whole and the placing of one's self in the empire's service. Every contradiction between the whole and the individual states vanishes thereby. The essence of our constitution."

IN BANKRUPTCY NO. 1147. In the District Court of the United States for the District of Idaho, Southern Division.

In the matter of John Finke, Bankrupt. Notice of application for discharge in bankruptcy.

Setting hereby given that John Finke has filed in the United States District Court for Idaho his application for discharge in bankruptcy, and that all creditors and other persons in interest are required to show cause, if any they have, why the same should not be granted, by entering their appearance in said proceedings on or before the 8th day of September, 1919, and within ten days thereafter filing the particular grounds of their opposition, in the office of the clerk of said court. Given under the authority of the general orders of said court, and by a special order of the undersigned, this 31st day of July, A. D. 1919. W. ORR CHAPMAN, Referee.

A-1-A-22 ALLAS SUMMONS. In the District Court of the Fourth Judicial District of the State of Idaho, in and for Twin Falls County.

E. P. Swank, plaintiff, vs. Thomas A. Gibson and Mrs. Thomas A. Gibson, wife, defendants. The State of Idaho sends greetings to Thomas A. Gibson and Mrs. Thomas A. Gibson, his wife, the above named defendants.

You are hereby notified that a complaint has been filed against you in the District Court of the Fourth Judicial District of the State of Idaho, in and for Twin Falls County by the above named plaintiff, and you are hereby directed to appear and answer said complaint within twenty days of the service of this summons if served within said Judicial District, and within forty days if served elsewhere; and you are further notified that unless you so appear and answer said complaint within the time hereinafter specified the plaintiff will file judgment against you on the prayer in said complaint. And you are further notified that said action is brought to foreclose a material man's lien against lot 23, Block 89, Townsite of Twin Falls, in the total of 124.25 acres. Witness my hand and seal of the said District Court, this 20th day of July, 1919. C. C. SIGGINS, Clerk.

By C. L. BOWEN, Deputy. James R. Hittwell and W. Orr Chapman, Attorneys for Plaintiff. Residing at Twin Falls. Aug. 1-21-19.

shall have all the freedom, but all freedom must have its law. This you have not established. We will jointly hold on to it. It is a give or take struggle to testify for the survival principle of the German nation—freedom and right."

President Ebert's address closed with applause. Herr Fehrenbach then addressed the assembly as follows: "Farewell, Welmar! Our principal task here was the constitution and inauguration of comprehensive legislation. The assembly's task was to build out of a heap of ruins a new edifice, the key to which is now in the people's hands—an edifice that offers to all parts of the nation modest but habitable quarters and over which flies the flag of freedom and social justice. It is now for the German people to maintain its will to live by the preservation of peace and order by unwearied labor, loyalty holding together in the newly created state. In the hands of the people lies our fate. We believe in the German people."

Load and repeated applause greeted Herr Fehrenbach's speech.

Herr Fehrenbach after being thanked for the manner in which he had directed the business of the assembly, cried: "Long live our German nation! Long live our beloved fatherland! Let us all look up and repeated his words with enthusiasm."

President Ebert, accompanied by Herr Fehrenbach, the vice president, ministers and deputies, went to the balcony of the theatre and addressed the crowd. "A people equal and with equal rights—that is what today shall testify before all Germany. I now renew before you my oath of fealty to the people and the people's rights. Let us stand together in our people's hard struggle for life, join me in a vow of this indissoluble unity so that from the interest of European peace, as here—from the scene of imperishable Europa has suffered so much under deeds—may ring throughout the German Empire the cry: Long live our beloved German people! Long live our beloved German people!"

MORMONS UNABLE TO SECURE HOMES

Forced to Accept Any Shelter While Mexicans Inhabit Their Well Built Homes.

By the Associated Press. DALLAS, Ariz., Aug. 22.—Some of the several hundred Mormons who were driven out of their colony at Colonia Mexico, 65 miles southeast of Douglas by Villa's army of invasion in 1916, are endeavoring to recover their homes from the Mexican squatters who have usurped them. About ten Mormon families still live in the colony but are not permitted to occupy their own brick houses. Mexican families are living in them and refuse to quit, proclaiming the doctrine "Mexico for Mexicans."

Many other Mormons, disheartened by their reversals have begun life anew in the United States. Appeals have been made to the Mexican government by the Mormons without success. Recently the American state department asked the Mexican government to drive out the usurpers and restore their property to them. The state hopes this effort will be successful.

ARCHDUKE IS TOLD HE MUST RELINQUISH HIS AUTHORITY

By the Associated Press. PARIS, Aug. 22.—The supreme council today sent instructions to the inter-allied mission at Budapest to inform Archduke Joseph that he must leave the Hungarian government in this indissoluble unity so that from the interest of European peace, as here—from the scene of imperishable Europa has suffered so much under deeds—may ring throughout the German Empire the cry: Long live our beloved German people! Long live our beloved German people!" Hungary member of it.

MAN IS BEATEN FOR INCITING NEGROES

Texas Judge Declared White Secretary Was Causing Trouble in Austin—Arkansians Attack.

By the Associated Press.

AUSTIN, Tex., Aug. 22.—J. R. Shillady, a white man, secretary of the National Association for the Advancement of Colored People, was severely beaten and placed on board an out-bound train for St. Louis today. Shillady had been "inciting negroes against the whites" and had previously been warned to leave Austin, according to County Judge Dave J. Pickle of Travis county. The attack on Shillady, Judge Pickle says, was made by himself, Constable Charles Hagarty and Ben Pierce, none of whom, he declared, would shrink responsibility in the matter. Judge Pickle emphasized the fact, however, that he and his companions were acting unoffensively. No proceedings will be preferred against any of Shillady's assailants.

Shillady was returning from a meeting with negroes, Judge Pickle declared in denouncing the attack. "I told him (Shillady)" the judge said later, "that his actions were inciting the negroes. He said he was preferred against any trouble, and I warned him to leave town. I told him our negroes would cause no trouble if left alone. I whipped him and ordered him to leave because I thought it was for the best interests of Austin and the state."

RAIL PROBLEM ONE OF RATES SAYS LOVETT

(Continued From Page One.)

for a federal transportation board, representing the public, to aid in the tentative committee constitution. Referring to the Plumb or organized labor plan for tripartite control of the railroad, Judge Lovett said:

"It is a rather bold move of the American Bolsheviks to take first for nationalization the one industry that affects all the people."

Railroad employees, he added, do not understand the Plumb plan, but when they do "they will repudiate and refuse to support it."

Rate Increase's Needful.

"If the railroads were turned back to their owners today under existing conditions," declared Judge Lovett, "it is not too much to say that half of the roads would go into bankruptcy and the dividend paying roads would have to reduce their dividend payments."

Usage increases without proportionate increase of rates would be disastrous, Judge Lovett asserted, adding, "It is utterly impossible to consider the private owners taking over the railroads and operating them at the present rates." He offered two solutions: one to raise the rates, the other, pay the loss from the federal treasury.

Under private operation, Judge Lovett said in reply to Representative Rayburn, "democrat, Texas, the railroads could not be operated "any more economically than the government has."

Submit His Resignation

In arguing that credit was the sole problem involved in the railroad question, Judge Lovett said the government did not propose to guarantee interest on dividends, but that it was the duty of congress to make rail investment so attractive as to attract private investments that will secure the necessary development needed by the public.

Pointing out the need for additional railroad facilities, the Union Pacific president said:

"If the government itself is not going to furnish the money, then we must look to private individuals for it; and not only regard for their constitutional rights, but good policy and common honesty demand that they should be encouraged and protected, instead of made the victims of every half-baked theory that unthinking and unlearned ignorance can suggest."

Government ownership was opposed by Mr. Elliott, but Judge Lovett said that the committee would not consider it as the solution of the rail problem.

BANDIT HUNT IS WITHOUT ANY RESULTS

(Continued From Page One.)

It is impossible to estimate their number.

Asstons arriving at dark tonight from the field in Mexico brought reports from the commander of the American troops that the troops were still in pursuit of the bandits, Colonel T. Lamphorne announced tonight. Nothing was said about locating the bandits or setting a new trail.

To Use Aerial Bombs.

One hundred aerial bombs were received from Fort Bliss today for bombing practice at Rayco flying field here. It is planned to use these bombs in bombing the bandit camp, if discovered.

A pack train arrived here today from Sierra Blanca for use in Mexico, and a motor truck was loaded on flat cars for Sierra Blanca from which

put there is a more direct route to the river base.

An aviator arrived today from Fort Bliss today to act as pilot for cavalry troops to the border.

General Pickens left tonight for San Antonio after spending two days in conference with Colonel George T. Lamphorne here.

CALLS LOSOS JOB

HONOLULU, Aug. 22.—(General P. H. Callis, acting secretary of Senora, has resigned his post in the cabinet of President Venustiano Carranza as minister of industry, commerce and labor, according to Excelsior, a Mexico City newspaper, which reached here today. The resignation, according to the newspaper, followed bitter press criticism of General Callis as unfitted for the position because of his lack of knowledge of the petroleum industry, control of which is the main department. Mexican City papers have been conducting a campaign against Callis for that reason for several weeks, asserting that the man holding the office of minister of industry, commerce and labor, would do all things, by an expert in all matters of the foreign complications arising chiefly from the application of laws to the activities of foreigners in the petroleum fields in Mexico.

President Carranza has accepted General Callis' resignation, the newspaper said, and will give him a military command in northern Mexico. It is surmised by the paper that this would mean in Sonora, as Callis held that post assuming the government of the state and is well acquainted with the conditions there.

Torres, the present military commander of Sonora, recently requested the war department to transfer him to the interior of the country, according to friends in Agua Prieta.

TROOPS NOT YET RECALLED

WASHINGTON, Aug. 22.—The war department up to a late hour today had taken no action towards halting the southward advance of the Eighth cavalry troops through the section below the Texas border. Those alerted while officers continued to maintain the silence regarding the scope of secondary purpose of the expedition, Secretary Baker declared that so far as he knew, orders recalling the force had not been sent.

The extreme reticence of army state and war department officials led today to the report that the situation was being handled directly from the White House and that reports dealing with both military and diplomatic features on the subject here are sent to President Wilson.

Only a dispatch giving fresh details of Captain Matlock's exploit in rescuing Lieutenants Peterson and Davis, the army aviators, after paying out ransom, came today from Major General Bickman, according to Secretary Fisher, and this telegram later was "killed" by the commander of the northern department, with the information that this story and a complete report on operations to date were being sent by mail to Washington.

GOVERNMENT WILL SELL ENTIRE TOWN

Nitro, West Virginia, Costing \$70,000,000 to Be Put on the Block On September 30.

By the Associated Press.

WASHINGTON, Aug. 22.—After selling war stocks ranging from hand-cuffs to aircraft, the war department now offers for sale an entire town, Nitro, West Virginia, site of the second largest smokeless powder plant in the world. Bid for the property will be opened September 30th in Philadelphia.

The community covers 1800 acres and is completely equipped with modern improvements. The industrial area is surrounded by 1500 houses for workmen, 70 executive residences, 200 21 room school, stores, theaters, fire and police stations, 400 bed hospital, bank, telephone and telegraph building, recreation centers and other structures that makes a modern town. The town is located in the foothills of the Kanawha river, has a complete water and sewerage system.

Operation of the plant began only ten days before hostilities ceased and after turning out 6,000,000 pounds of powder the plant was closed. Only bids for the entire property will be considered. Construction of the plant and town cost the government approximately \$70,000,000.

PLEISTINA THROWS JOIN FROBERG IN 63 MINUTES

By the Associated Press.

BOISE, Ida., Aug. 22.—Martin Pleistina defeated John Froberg here tonight in 63 minutes, 45 seconds with one fall. The fall was pretty accidental. Froberg picked Pleistina up bodily, and fell with the entire weight of the big Jugo-Slav "bear" on his chest. Froberg was knocked unconscious and Pleistina, a native American, closed out arm lock for the fall.

Froberg uttered a broken cry and was not allowed to continue.

Froberg and Pleistina wrestled each other to a standstill for one hour without a fall. Froberg had a slight edge for the first hour, until the fall.

DANIELS DRIVES AROUND ISLE OAHU

Secretary Sees All Phases of Hawaiian Life—Visits Villages of Grass Hills.

HONOLULU, T. H., Aug. 22.—Secretary of the Navy Joseph Daniels, who came to Hawaii for the dedication of the great Pearl Harbor, naval drydock, and officers of the battleship New York and destroyer Chanany, Dent, Philip and Waters, which brought him here from California, saw all phases of Hawaiian life and industry in an automobile ride "around the island" of Oahu, a 90 mile drive famous the world over.

In the modern age of progress, the Hawaiian people were whittled to tiny villages where natives still live in grass huts, used in Hawaii for 1500 years; they passed the royal manseum where his bones of many Hawaii's native rulers, they drove a through, tens of thousands of acres of growing sugar cane and through enormous pineapple plantations.

Leaving Honolulu, the motor car for six miles climbed up Nuuanu valley, which terminates abruptly at the "fall" in a narrow gash with towering cliffs on either side with a sheer drop of 1200 feet to the pineapple fields on the plains. A wonderful panorama of land and sea is disclosed without an instant's warning.

The greatest event in Hawaiian history occurred at the fall. When Kamehameha, the Great Invader, in 1795 his warriors engaged the army of the king of Oahu in Nuuanu valley. After a desperate encounter the Oahuans fled in a wild rout up the valley; the Hawaiians closely pursued. Rather than surrender, thousands of Oahuans plunged over the fall to meet instant death. A bronze tablet at the fall, tells the story of Kamehameha's victory, which resulted

in the unification of the islands of Hawaii and the foundation of the Kingdom of Hawaii, a succession of kings and queens ruling the group until Queen Liliuokalani was deposed in 1893, when a republic was established. Association to the United States followed in 1898.

The trip took the party to Lale, the Mormon settlement, where a magnificent new temple was recently completed. Here, some 500 native converts to the Church of Jesus Christ of Latter Day Saints walk a big sugar plantation and railroad, the property of the church. A visit was paid to Schofield barracks, the largest military reservation in Hawaii, where communications are available for 30,000 troops.

MURPHY DRIVES THREE WINNERS

FOURTH OF AUGUST, N. Y., AUG. 22.—Fine weather, a fast track, and good racing marked the third day of the grand circuit meeting here. Thomas W. Murphy repeated his performance of Wednesday in driving three winners, among them Director J. in the free for all pace; while Cox scored with Mignola in the 2:09 trot and Sulfate the Great took the two-year-old colt "latter" losing the first heat with a bad break at the finish. When Lynn Bruce took Mr. Dudley to a 2:11 victory in the first heat, he hung up the second fastest figure of the meet this year by a two-year-old trainer. Director J's victory was in straight heats over Ben All, the only other entrant. Murphy also won with Gable King in the 2:20 pace and Esther E. in the 2:08, both outstriking the field. Times: Two year old trot, 2:11; 2:20 class pacing, 2:07 1-2; 2:09 class trotting, 2:06 3-4; free for all pace, 2:04; 2:08 class pacing, 2:06.

MISSING OFFICIAL AND CASH

ILLINOIS K. OF P. HUNT MISSING OFFICIAL AND CASH CHICAGO, Aug. 22.—The police to-

day were asked to join police detectives in the search for Paul L. Blavie, missing grand keeper of records and seal of the Illinois grand lodge of Knights of Pythias, in whose office a shortage of more than \$100,000 has been found. Detectives announced they had identified his photograph as that of a man sentenced to prison at Carson City, Nev., February 14, 1909. The man was sentenced under the name of Julian Hamberger for passing worthless checks, according to the police.

POLICE DOGS TO INVADE AMERICA

PARIS, Aug. 22.—America will be overrun with German police dogs if the dog-catching at the ports in the United States where the returning troops land do not put an embargo on the German product.

All the soldiers and marines from the 11tho division bring police dogs to Paris. Officers, doughboys and girl workers with the army lead them through the Paris streets. The American troop trains passing through Belgium and Luxembourg on their way to French ports all carry a great assortment of the German canines.

Best Cross workers, Young Men's Christian association workers and members of the Young Men's Christian association have been won over

by the German police dogs and are taking them back to America. Most of the canines have pedigree showing that their grandfather was a wolf. They are all grey, about the size of shepherd dogs and the pointed nose and sharp erect ears of a wolf.

NOTICE TO CREDITORS

In the Probate Court of Twin Falls County, State of Idaho.

In the Matter of the Estate of George H. Holmes, Deceased.

Notice is hereby given by the undersigned, Elmer M. Robertson, administrator of the estate of George H. Holmes, deceased, to the creditors of, and all persons having claims against the said deceased, to exhibit them with the necessary vouchers, within ten months after the first publication of this notice, to the said administrator at the office of W. P. Guthrie and A. J. Myers in the City of Twin Falls, County of Twin Falls, State of Idaho, this being the place fixed for the transaction of the business of said estate.

Dated, July 15, 1919.

BASEBALL SPORTS BOXING

The Cincinnati Uprising Is Attracting Attention

SPORT JAZZ
BY RAZZ BERRY

Yep—the S. I. L. is still in extension.

It was way back 'tween years ago since Detroit copped last, wasn't it?

Let's see, Detroit has never won in the series, series at that. Back in the '00s when Detroit won the pennant—do you remember rightly—the old fogies were talking how much better the National League was than the American League. Since then it has been just the reverse. Cincinnati has played to a great American victory, as proof positive that the young circuit is the faster of the two.

Although the Seattle team is far down in the standing list of the Pacific Coast Baseball League, two city is ranking high in the attendance column. A Sunday double header with Portland recently drew a crowd estimated at 10,000. The "Standing Room Only" sign was hung up in the grandstand.

They pulled another one yesterday when New York almost won. Yet every game won by the Reds makes it that much harder for the Giants to crawl up on Moran's bunch.

They played another one yesterday when New York entertained Pittsburgh. The Reds had a fairly easy time with the team from the Sleepy town in the past and should be able to win the series. New York will find it harder going with Pittsburgh than it has been with St. Louis.

And in the meantime Chicago and Detroit in the American are winning game after game—and while Chicago's lead is a good one the Tigers have a chance to pull a "Coney" on the Sox on Labor day when Chicago goes to the Michigan city for a whirl. Three games will be played in two days.

A clean sweep by Detroit—and it is Block B.

MAYS AND SISKER THREATEN TO FIGHT

Philadelphia	28	77	.267

NEW YORK 3; ST. LOUIS 2
ST. LOUIS, Aug. 22.—In a bitterly fought contest in which a fast pitch was narrowly averted, New York triumphed over St. Louis today, 3 to 2. It was the odd game of the series and by losing the locals moved back to fifth place.

In the first inning when Sisker was at bat he complained that Mays was defacing the lumps. Empire Society, after conferring four balls, walked out to the box and examined Mays' glove and clothing. The pitcher then made a remark to Sisker, who hurried toward him, but trouble was prevented by the interference of Manager Durkin and players.

When the locals took the field the New York players continued to heckle Sisker, and when the umpire admonished them Shawkey beckoned him aside to settle the dispute. Shawkey was promptly lashed.

Score: R. H. E.
New York.....5 11 6
St. Louis.....3 8 2
Batteries: Mays and Hannah; Shoemaker, Davenport and Severid.

CHICAGO 3; WASHINGTON 0
CHICAGO, Aug. 22.—Big Bill James, recently obtained from the Boston Red Sox, crushed Shaw in a pitching duel today and Chicago made a clean sweep

of the series with Washington, by shutting out the visitors 3 to 0.

Washington.....0 7 1
Score: R. H. E.
Washington.....0 7 1
Chicago.....3 7 1
Batteries: Erickson, Shy and Melake; James and Schalk.

DETROIT 1; PHILADELPHIA 2
DETROIT, Aug. 22.—Kinney's wild throw over first in an attempt to catch Albinth gave Detroit the winning run and the game, 1 to 2. In the seventh inning, making a clean sweep of the series for the Tigers. Philadelphia hit Roland hard, but good support saved him on several occasions.

Score: R. H. E.
Philadelphia.....3 13 2
Detroit.....4 7 2
Batteries: Kinney and McAvoy; Roland and Albinth (11 innings).

CLEVELAND 10; BOSTON 7
CLEVELAND, Aug. 22.—Cleveland defeated Boston in a long drawn out game, 10 to 7, the contest being marred by lack of control and ineffectiveness by all the pitchers. Bath was not out of the game for arguing a third strike called by Umpire Owens. He threatened to hit Owens, but was stopped by players of both teams.

Score: R. H. E.
Boston.....10 17 2
Cleveland.....7 11 2
Batteries: Pennek, McGraw and Watters; Morton, Bagby and O'Neill.

Mr. and Mrs. Frank Foreman and sons, Howard and Richard, motorist to Twin Falls Thursday from a week's camping trip up in the Wood River country. He reported some wonderful fish catches, some too large for print.

SAGE AND SULPHUR DARKENS GRAY HAIR
It's Grandmother's Recipe to Restore Color, Gloss and Attractiveness.

Almost everyone knows that Sage and Sulphur, properly compounded brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago, the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by getting an authentic recipe for "Weyth's Sage and Sulphur Compound" you will get a magnificent of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time, by morning the gray disappears or two, you will become beautifully dark, glossy and attractive. Weyth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and youthful appearance. It is not intended for the cure, mitigation or prevention of dandruff, and after application of disease.

It's a fashion mainly on the east end of the circuit.

Funny ain't it—back in the big leagues the western teams have it all their own way. In this circuit the affair is just reversed.

If that were the second half pennant there will be some excitement when the race is run off—with Twin Falls has boasting for the little out-of-village of Paul.

They pulled another one yesterday when New York almost won. Yet every game won by the Reds makes it that much harder for the Giants to crawl up on Moran's bunch.

They played another one yesterday when New York entertained Pittsburgh. The Reds had a fairly easy time with the team from the Sleepy town in the past and should be able to win the series. New York will find it harder going with Pittsburgh than it has been with St. Louis.

And in the meantime Chicago and Detroit in the American are winning game after game—and while Chicago's lead is a good one the Tigers have a chance to pull a "Coney" on the Sox on Labor day when Chicago goes to the Michigan city for a whirl. Three games will be played in two days.

A clean sweep by Detroit—and it is Block B.

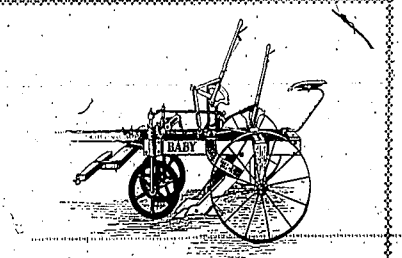

Two justices of the peace were appointed by county commissioners yesterday. R. E. Moorhouse will be justice at Hollister, while O. D. Wilson will serve in a similar capacity at Hamon.

INCREASE YOUR GRAIN YIELD

Re-cleaned and Graded Grain will greatly increase your yield and add to your profits.

By RE-CLEANED and GRADED we do not mean the ordinary job of re-cleaning; we remove all LIGHT, SMALL, BROKEN and IMPERFECT BERRIES, leaving nothing but PERFECT KERNELS. These perfect kernels make STRONG, HEALTHY PLANTS which in turn produce PERFECT and EVEN SIZED HEADS, and that's what GREATLY INCREASES YOUR YIELD. Sounds reasonable, doesn't it?

We have a SPECIAL PROCESS of doing the work—besides we have the KNOW HOW. See us and let us convince you.

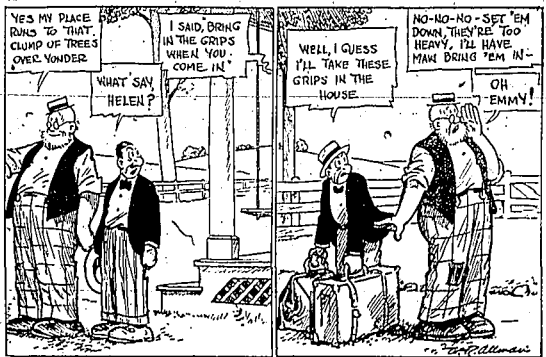

We remove all WILD OATS, DAHLEY, ETC., ABSOLUTELY while we are doing the job.

Just now our machinery is not busy, and we can handle your grain—being in your wheat now—later we will be running on our own stocks and will not have time to do custom work.

WILL REPORT TREATY OUT WITHIN WEEK

Committee to Go to Work on Proposed Amendments and Reservations Today.

WOULD MODIFY THE SHANTUNG PROVISION

Wilson's Compromise Resolution Will Have No Chance, Declare Pro-Treaty Republicans.

By the Associated Press.
WASHINGTON, Aug. 22.—In a determined effort to report the peace treaty before the end of next week, the Senate foreign relations committee suddenly interrupted its public hearings today and arranged to go to work tomorrow on proposed amendments and reservations.

Although one witness will be heard Monday, members thought that might be the last hearing before the treaty was reported. It was indicated that the "wailing" list of others who are to appear later would not be permitted to stand in the way of an early report.

Senator Hitchcock of Nebraska, the democratic leader, declared his belief that the report would be held before the Senate during the coming week and asserted that he had been assured the republicans would co-operate to that end. Some republican members agreed with his prediction, but Charles McNary declined to say when he thought the committee would act.

Later today plans to expedite the consideration of amendments were discussed at a conference of republican members of the committee, and they will go over the subject again tomorrow in a committee session.

The story of the negotiations resulting in the Shantung provision was told to the committee today by Professor E. T. Williams, who was technical adviser to the American peace delegation. He said he had "strongly objected" to the settlement reached and thought the American delegates should not have assented to it.

During the day there was more debate on the treaty in the Senate. Senator Thomas of Montana, introducing the provision for an international labor organization and Senator Fall, republican, New Mexico, in the exception to international review the committee by President Wilson regarding the renunciation of trade with Germany.

Thomas is doubtful. Although he is fringed from saying whether he would vote for the treaty, Senator Thomas expressed grave doubt as to the wisdom of the labor provision and said there were articles in the labor section which seemed to violate the reservation against the violation of legislative and judicial functions to international bodies.

Are Trading With Germans.
Senator Fall, introducing a statement by the president that so far as he knew the United States was not trading with Germany, declared there had been a suspension of the trading with the enemy act which could be effected only by presidential authority and that merchant vessels were sailing direct between American and German ports. The export trade to Germany in June, he said, amounted to \$2,000,000.

On Monday the committee will hear Joseph W. Folk, on behalf of the 150,000,000. The following days up to September are to be devoted to work on amendments in the hope of agreement on a report by Thursday night. On Friday the Crooks and other mid-Pacific members are to be heard, and on Saturday a session will be devoted to Irish bills.

Refrain Suggestions.
Two departments today pointed with increasing certainty to the complete collapse of the effort to pass a compromise resolution along the lines of President Wilson's reservation for reservations apart from the ratification itself. A republican leader declared presentation of the resolution only had cleared the air so far as they were concerned, and had revealed beyond doubt that the "wailing" of republican reservation advocates would insist on having the qualifications a part of the ratification.

that textual amendment of the treaty was out of the question. The Senate, as they indicated, however, they had no intention of bringing the resolution to a vote.

SOUTHERN PACIFIC MEN GIVE THEIR TERMS TO RAILROADS

By the Associated Press.
LOS ANGELES, Aug. 22.—Officials of the Southern Pacific railway here tonight sent a telegram to William Spruille, president of the American Union of Railway Employees, advising him that the striking yard and train men would return upon conditions stated by them being met.

These conditions were: Reimbursement by the Pacific coast division of all men now on strike, discharge of all strike breakers, employees of who moved stock trains in the yard today to permit the train to be cared for, and full pay for the time the strikers have been out.

BOLSHEVIK ACCUSED OF KILLING PERSIAN CONSUL

By the Associated Press.
LONDON, Aug. 22.—Details have reached here of the murder by Bolsheviki of Abdulbakh, the Persian consular agent at Armavir, Armenia, together with 310 Persian subjects, of whom 270 were Mohammedans and 40 were Christians. When the volunteer army evacuated Armavir, July 27, according to the reports, the Bolsheviki called Abdulbakh out, shot him down and mutilated his body with swords and bayonets.

REFORM SYSTEM IN JAPANESE SCHOOLS

Hawaiian School Problem Identifies Pressure for American Methods

Teach English Language.

HONOLULU, T. H., Aug. 22.—Reforms in the Japanese language school system of Hawaii have developed upon here at a conference of forty-five teachers. The Japanese educators plan to Americanize the schools and to stress the work of inculcating American ideals in their pupils while retaining the "artistry" of studying their language and culture.

The establishment of a normal school for Japanese teachers, which at least part of the staff to be taken up of American, is to be "vigorously" insisted upon. It was unanimously determined that more attention must be paid in the Japanese schools to the teaching of American history and customs and the English language.

The issue was clearly presented to the teachers by E. M. Marshall, Japanese consul general who declared that if the Japanese are to retain their privilege of teaching the Japanese language, they will have to do it in such a way as to satisfy Americans in Hawaii. He said the Japanese schools could be so maintained that there would be no fear of delinquency to the United States, and that the schools must be so conducted.

In the last territorial legislature two sessions were introduced for the regulation of foreign language schools in Hawaii. Both bills were killed. The Japanese claimed their enactment would force them to close their schools and promised, if given time, to work out a system that would meet all objections.

FIND NO RELIEF FROM FOREST FIRE

Buzzes Sweep Through Timbered Areas of North Idaho and Western Montana.

By the Associated Press.
MISSOULA, Mont., Aug. 22.—The forest fire situation in western Montana and northern and central Idaho was unimproved today, buzzes continuing their progress over an immense acreage of valuable timber and destroying many ranches. The situation is worst in the Clearwater, Selway and Nez Perce forests of central Idaho, where the flames are burning unimpeded and in many cases have destroyed bridges and razed stations and covered all communication with the outside, according to reports to the federal forest service headquarters.

The Clearwater forest has half a dozen great fires, one being 30,000 acres in extent, another 25,000 acres and a third 20,000 acres. In the Selway forest, 150,592 acres have been burned over by a dozen great fires, the largest being a burning beyond control, are spreading in all directions.

EXTEND SCOPE OF LAWS FOR FOOD CONTROL

House Enacts Amendments to Lever Act, to Embrace Clothing.

FARM NECESSITIES COME UNDER MEASURE

Profiteering Will Be Penalized by Fine of \$5000 or Two Years in Prison.

WASHINGTON, Aug. 22.—The House today voted to amend the Lever food control act to extend its provisions to include clothing, containers of food, feed or fertilizers, fuel oil and implements used in production of necessities, and to penalize profiteering by a \$5000 fine or two years' imprisonment.

Efforts were made by both republicans and democrats to have the amendment's provisions cover necessities other than those included in the amendment as reported by the agriculture committee.

After Oil People.
Inclusion of kerosene and gasoline was proposed by Representative Strong, republican, Kansas, who said the prices of these products had increased 200 per cent in the last two years, but his amendment was rejected by a close vote, while that of Representative Newton, republican, Minnesota, to include raw cotton, was eliminated on a point of order by Representative Blanton, democrat, Texas.

Attempts to bring farmers and farm organizations within the jurisdiction of the amendment also were blocked. Recommendations of Attorney General Palmer to include retailers doing a business of less than \$100,000 under the food control act, and the profiteering section so that the

department of justice might go after the "little ones" were included in the measure he passed.

Debate With Gained.
Debate today consisted largely in attacks and defense of the administration, republicans asserting that the demands "with materially inactivity" had avoided any discussion or remedies for the high cost of living and democratic members charging that "republicans had been busy playing politics and were unmindful of coming elections."

Representative Rodenberg, republican, Illinois, opening discussion on the measure, criticized President Wilson's "feeble efforts to establish some sort of connection between the present high cost of living and the league of nations" and said that "the president's mind for the last nine months had been completely absorbed by the idea of the league of nations."

Tonday's oil politics.
"If there was a famine in China," the Illinois member continued, "a drought in India, a flood in the Mississippi valley, an earthquake in Europe, a volcanic eruption in Central America or an epidemic of spinal meningitis in New York City, the president by a process of reasoning that satisfied himself at least, has convinced himself that the sole contributing cause was the failure of the league of nations."

Representative Hefta, democrat, Alabama, charged that republican opposition to the league of nations had become so pronounced that the chaplain of the house "was not permitted to pray for acceptance of the league of nations." He said the chaplain had offered such a prayer one morning, "and since then his lips have been sealed by a high member of the republican party."

President Takes Interest.
Indication of the close interest with which President Wilson is following every move in the fight on high prices was given today in a lengthy conference which he held with Attorney General Palmer and Director General Hines. The conference was arranged by Mr. Palmer, who declined to discuss what had been under consideration.

Mr. Palmer also was in conference today with the senate agriculture subcommittee considering amendments to the food control act. The committee members and representatives of the subcommittee and the port-

fine "reasonable prices and just profits" but no agreement was reached. It was considered likely that this phase of the congressional plan in which profiteering was put before President Wilson by the attorney general.

SUGAR IS SEIZED

CHICAGO, Aug. 22.—A carload of sugar was seized late today by government agents in the campaign against profiteering. It was the first actual seizure in the district attorney's drive against the high cost of living.

The seizure followed the arrest today of the fourth sugar jobber. All have been charged with profiteering under the Lever food control act.

The car of sugar was seized in a freight yard, after the district attorney received information it was to be moved during the night. It was consigned to the A. J. Pappas and company.

The fourth arrest in the federal district attorney's campaign against sugar speculators was made today. John Hyman, a sugar jobber, has been charged with profiteering by buying sugar at \$9.83 a hundred pounds and selling it to wholesalers at \$12.25. He furnished a cash bond of \$6,000 for his release. The sale of surplus army foodstuffs directly to the consumer was near an end today and Mayor Thompson was notified by local army supply officers that no more permits would be issued at this time.

The post office seizure of 25,000 cases of condensed milk yesterday and department stores stopped taking orders.

HART NAMES HIS SUNDAY LINE-UP

Manager George Hart of the local football nine set evening line-ups for Sunday's contest with the St. Paul team. Hart was named to return Frankford to do the work that had been previously strengthened by the addition of Ambrose and Dalton to the lineup. It is a well-matched and Ambrose play. Following is Hart's lineup: White, D. Noonan, H. Hart, G. Miller, S. Edwards, C. Carlson, H. Wilson, S. F. E. Frankford.

SQUAD OF PERSIA IS RECEIVED IN TURKEY

CONSTANTINOPLE, Turk., Aug. 19.—The Shah of Persia, who is on his way to western Europe, arrived here today from Jeddah on a British warship. He was met by the allied high commissioners and representatives of the Shah and the port-

FILER-RAM SALE COMPLETE SUCCESS

Large Number of Animals Sold—Good Stock on Hand—Second Day Is Best.

The second annual ram sale came to an end yesterday. The sale was pronounced as successful in every way. More sales were made on the second day than on the first one. Good substantial stock was sold at the sale, according to County Agent Huber. Many purchasers added just the needed animal to their present holding to round out the flock, especially the farmer with just a small flock.

Success of this year's sale has assured the holding of the affair again next year and while there were a large number of eastern and other outside animals among the 3000 on sale it is believed that the outside showing will be even better next year.

GLOOMY PICTURE PAINTED OF CONDITIONS IN SILESIA

By the Associated Press.

LOSTON, Aug. 22.—A gloomy picture of conditions as they appear in Silesia is given by Polish official circles in London. All the electrical works have stopped and the entire country is in darkness. The newspapers are unable to print. Ninety-five per cent of the workmen are striking, while all the factories and foundries are paralyzed owing to the lack of coal.

TROOPS DISPERSE MEN OUT ON STRIKE IN HAMMONT

HAMMONT, Ind., Aug. 22.—State troops dispersed a mob tonight which attempted to barfist part the plant of the Standard Steel Car company, whose employees are on strike. Officers estimated that there were 1,000 men in the crowd which formed in the parade following a mass meeting. The mob scattered when approached by the troops.

SERIAL MAIL CARRIERS GIVEN INCREASED PAY

NEWCASTLE, N. H., Aug. 22.—A ten per cent increase in all serial mail salaries effective September 1 was announced tonight by Second Assistant Postmaster General Proctor, who was here attending a celebration of the hundredth anniversary of the first regular mail service between here and Chicago.

Here is the Ford Runabout, a perfect whirlwind of utility. Fits into the daily wants of everybody, anywhere, everywhere, and all the time. For town and country it is all that its name implies—a Runabout. Low in purchase price, low in operation, low in cost of maintenance, with all the sturdy strength, dependability and reliability for which Ford cars are noted. The demand grows larger every day, so we solidly order to be placed without delay to assure reasonably prompt delivery. We are authorized Ford dealers and ask the patronage of owners of Ford cars for all repair work. We know how to properly take care of Ford cars and we guarantee genuine Ford parts when making replacements. Don't take chances with outside concerns. Your Ford car is too valuable.
